Mammoth Energy Services, Inc. was formed in June 2016, and has not and will not conduct any material business operations prior to the contribution described below other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Energy Partners LP, which we refer to as Mammoth Partners. On November 24, 2014, Mammoth Energy Holdings LLC, or Mammoth Holdings (an affiliate of Wexford Capital LP, or Wexford), Gulfport Energy Corporation, or Gulfport, and Rhino Resource Partners LP, or Rhino, contributed to Mammoth Partners their respective interests in the following entities: Bison Drilling and Field Services, LLC; Bison Trucking LLC; White Wing Tubular Services LLC; Barracuda Logistics LLC; Panther Drilling Systems LLC; Redback Energy Services, LLC; Redback Coil Tubing, LLC; Redback Pump Down Services LLC; Muskie Proppant LLC; Stingray Pressure Pumping LLC; Stingray Logistics LLC; and Great White Sand Tiger Lodging Ltd. Upon completion of these contributions, Mammoth Holdings, Gulfport and Rhino beneficially owned a 68.7%, 30.5% and 0.8% equity interest, respectively, in Mammoth Partners. Immediately prior to the effectiveness of the registration statement of which this prospectus is a part, Mammoth Partners will convert to a Delaware limited liability company named Mammoth Energy Partners LLC, or Mammoth Partners LLC, and Mammoth Holdings, Gulfport and Rhino will contribute their respective interests in Mammoth Partners LLC to Mammoth Energy Services, Inc., and Mammoth Partners LLC will become its wholly-owned subsidiary. Except as expressly noted otherwise, the historical financial information of Mammoth Energy Services, Inc. included in this prospectus is derived from the consolidated financial statements of Mammoth Partners. The historical consolidated financial information of Mammoth Partners included in this prospectus is not indicative of the results that may be expected in any future periods.

PROSPECTUS SUMMARY

This summary contains basic information about us and the offering. Because it is a summary, it does not contain all the information that you should consider before investing in our common stock. You should read and carefully consider this entire prospectus before making an investment decision, especially the information presented under the heading “Risk Factors,” “Cautionary Note Regarding Forward-Looking Statements,” “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our consolidated financial statements and the accompanying notes included elsewhere in this prospectus.

Except as otherwise indicated or required by the context, all references in this prospectus to “Mammoth Energy,” the “Company,” “we,” “us” or “our,” and its assets and operations, relate to Mammoth Energy Services, Inc. and its consolidated subsidiaries after giving effect to the contribution contemplated immediately prior to the completion of this offering. References in this prospectus to “selling stockholders” refer to those entities identified as selling stockholders in “Principal and Selling Stockholders.” We have provided definitions for some of the oil and natural gas industry terms used in this prospectus in the “Glossary of Oil and Natural Gas Terms” included in this prospectus as Appendix A.

Except as otherwise indicated, all information contained in this prospectus assumes the underwriters do not exercise their option to purchase additional shares and excludes common stock reserved for issuance under our equity incentive plan.

Mammoth Energy Services, Inc.

Overview

We are an integrated, growth-oriented oilfield service company serving companies engaged in the exploration and development of North American onshore unconventional oil and natural gas reserves. Our primary business objective is to grow our operations and create value for stockholders through organic opportunities and accretive acquisitions. Our suite of services include completion and production services, natural sand proppant services, contract land and directional drilling services and remote accommodation services. Our completion and production services division provides pressure pumping services, pressure control services, flowback services and equipment rentals. Our natural sand proppant services division sells, distributes and is capable of producing proppant for hydraulic fracturing. Our contract land and directional drilling services division provides drilling rigs and crews for operators as well as rental equipment, such as mud motors and operational tools, for both vertical and horizontal drilling. Our remote accommodation services division provides housing, kitchen and dining, and recreational service facilities for oilfield workers located in remote areas away from readily available lodging. We believe that these services play a critical role in increasing the ultimate recovery and present value of production streams from unconventional resources. Our complementary suite of drilling and completion and production related services provides us with the opportunity to cross-sell our services and expand our customer base and geographic positioning.

Our Services

Completion and Production Services

Our primary service offering is providing pressure pumping services, also known as hydraulic fracturing, to exploration and production companies. These services are intended to optimize hydrocarbon flow paths during the completion phase of horizontal shale wellbores. We began providing pressure pumping services in October 2012 with 14 high pressure fracturing units capable of delivering a total of 28,000 horsepower. As of August 1, 2016, we had grown our pressure pumping business to three fleets consisting of an aggregate 64 high pressure fracturing units capable of delivering a total of 128,000 horsepower. These units allow us to execute multi-stage

[Table of Contents](#)

hydraulic fracture stimulation on unconventional wells, which enhances production. Currently, we provide pressure pumping services in the Utica Shale of Eastern Ohio and in the Marcellus Shale in Pennsylvania. Two of our fleets, which are currently providing services in the Utica Shale, operate under a long-term contract expiring in September 2018.

Our pressure control services consist of coiled tubing, nitrogen and fluid pumping services. Our pressure control services equipment is designed to support drilling activities in unconventional resource plays with the ability to operate under high pressures without having to delay or cease production during completion operations. Ceasing or suppressing production during the completion phase of an unconventional well could result in formation damage impacting the overall recovery of reserves. Our pressure control services help operators minimize the risk of such damage during completion activities. As of August 1, 2016, our pressure control services were provided through our fleet of six coiled tubing units, four nitrogen pumping units, five fluid pumping units and various well control assets. We provide our pressure control services in the Eagle Ford Shale in South Texas and the Permian Basin in West Texas.

Our flowback services consist of production testing, solids control, hydrostatic testing and torque services. Flowback involves the process of allowing fluids to flow from the well following treatment, either in preparation for an impending phase of treatment or to return the well to production. Our flowback equipment consists of manifolds, accumulators, valves, flare stacks and other associated equipment that combine to form up to a total of five well-testing spreads. We provide flowback services in the Appalachian Basin, Haynesville Shale and mid-continent markets.

Our equipment rental services provide a wide range of oilfield related rental equipment used in flowback and hydraulic fracturing services. We provide equipment rental services in the Appalachian Basin and mid-continent markets.

Natural Sand Proppant Services

In our natural sand proppant business, we currently buy processed sand from suppliers on the spot market and resell that sand. We also have the ability to purchase raw sand under a fixed-price contract with one supplier, process it into premium monocrystalline sand (also known as frac sand), a specialized mineral that is used as a proppant, at our indoor sand processing plant located in Pierce County, Wisconsin and sell it to our customers for use in their hydraulic fracturing operations to enhance recovery rates from unconventional wells. Our sand processing plant is capable of producing a range of frac sand sizes for use in all major North American shale basins. Our supply of Jordan substrate exhibits the physical properties necessary to withstand the completion and production environments of the wells in these shale basins. Although our indoor processing plant is designed for year-round continuous wet and dry plant operation capable of producing a wide variety of frac sand products based on the needs of our customers, this plant is not currently producing sand as a result of the decline in commodity pricing and the resulting decrease in completion activity. Subject to market conditions and other factors, we currently anticipate returning this plant to operation, with minimal capital expenditures, as early as the fourth quarter of 2017. We also provide logistics solutions to facilitate delivery of our frac sand products to our customers. Almost all of our frac sand products are shipped by rail to our customers in the Utica Shale and Montney Shale in British Columbia and Alberta, Canada. Our access to origin and destination transloading facilities on multiple railways allow us to provide predictable and efficient loading, shipping and delivery of our frac sand products.

Contract Land and Directional Drilling Services

We provide vertical, horizontal and directional drilling services to our customers. We also provide related services such as rig moving and pipe inspection. As of August 1, 2016, we owned 13 land drilling rigs, ranging

Table of Contents

from 800 to 1,500 horsepower, nine of which are specifically designed for drilling horizontal wells. Horizontal wells are increasing as a percentage of total wells drilled in North America and are frequently utilized in unconventional resource plays. Our drilling rigs have rated maximum depth capabilities ranging from 12,500 feet to 20,000 feet. Currently, we perform our contract land drilling services in the Permian Basin of West Texas.

Our directional drilling services provide for the efficient drilling and production of oil and natural gas from unconventional resource plays. These services allow operators to drill in non-vertical directions, including horizontally. Our directional drilling equipment includes mud motors used to propel drill bits and kits for measurement while drilling, or MWD, and electromagnetic, or EM, technology, which uses electromagnetic waves to highlight oil and natural gas deposits. MWD kits are down-hole tools that provide real-time measurements of the location and orientation of the bottom-hole assembly, which is necessary to adjust the drilling process and guide the wellbore to a specific target. This technology, coupled with our complementary services, allows our customers to drill wellbores to specific objectives within narrow location parameters within target horizons.

Our personnel are involved in all aspects of a well from the initial planning of a customer's drilling program to the management and execution of the horizontal or directional drilling operation. As of August 1, 2016, we owned seven MWD kits and three EM kits used in vertical, horizontal and directional drilling applications, 52 mud motors, ten air motors and an inventory of related parts and equipment. Currently, we perform our directional drilling services in the Appalachian Basin, Anadarko Basin, Arkoma Basin and Permian Basin.

Remote Accommodation Services

Our remote accommodation business provides a turnkey solution for our customers' accommodation needs. These modular camps, when assembled together, form large dormitories with kitchen and dining facilities and recreation areas. Currently, we provide remote accommodation services in the Canadian oil sands in Alberta, Canada. As of August 1, 2016, we had a capacity of 1,008 rooms, 880 of which are at Sand Tiger Lodge, our camp in northern Alberta, Canada, and 128 of which are available to be leased as rental equipment to a third party.

Our Strengths

Our primary business objective is to grow our operations and create value for our stockholders through growth opportunities and accretive acquisitions. We believe that the following strengths position us well to capitalize on activity in unconventional resource plays and achieve our primary business objective:

- *Modern fleet of equipment designed for horizontal wells.* Our service fleet is predominantly comprised of equipment designed to optimize recovery from unconventional wells. As of August 1, 2016, approximately 72% of our high pressure fracturing units had been purpose built within the last three years. Our pressure control equipment has been designed by us and has an average age of approximately three years. Our accommodation units have an average age of approximately five years and are built on a customer-by-customer basis to meet their specific needs. We believe that our modern fleet of quality equipment will allow us to provide a high level of service to our customers and capitalize on future growth in the unconventional resource plays that we serve.
- *Strategic geographic positioning, including primary presence in the Utica Shale and the Permian Basin.* We currently operate facilities and service centers to support our operations in major unconventional resource plays in the United States, including the Utica Shale in Eastern Ohio, the Permian Basin in West Texas, the Marcellus Shale in Pennsylvania, the Granite Wash in Oklahoma

and Texas, the Cana Woodford Shale and the Cleveland Sand in Oklahoma, the Eagle Ford Shale in South Texas and the oil sands in Alberta, Canada. We believe our geographic positioning within active oil and natural gas liquids resource plays will benefit us strategically as activity increases in these unconventional resource plays.

- *Long-term contractual and other basin-level relationships with a stable customer base.* We are party to a long-term contract with Gulfport to provide pressure pumping services and natural sand proppant services through September 2018. In addition, our operational division heads and field managers have formed long-term relationships with our customer base. We believe these contractual and other relationships help provide us a more stable and growth-oriented client base in the unconventional shale markets that we currently serve. Our customers include large independent oil and natural gas exploration and production companies. Our top five customers for the year ended December 31, 2015, representing 71% of our revenue, were Gulfport, EQT Production Company, Japan Canada Oil Sands Limited, referred to as Oil Sands Limited, RSP Permian LLC and Bantrel Co. Our top five customers for the six months ended June 30, 2016, representing 80% of our revenue, were Gulfport, Rice Energy Inc., Oil Sands Limited, Hilcorp Energy Company and Taylor Frac LLC.
- *Experienced management and operating team.* Our operational division heads have an extensive track record in the oilfield services business with an average of over 34 years of oilfield services experience. In addition, our field managers have expertise in the geological basins in which they operate and understand the regional challenges that our customers face. We believe their knowledge of our industry and business lines enhances our ability to provide innovative, client-focused and basin-specific customer service, which we also believe strengthens our relationships with our customers.

Our Business Strategy

We intend to achieve our primary business objective by the successful execution of our business plan to strategically deploy our equipment and personnel to provide completion and production services, natural sand proppant, drilling and remote accommodation services in unconventional resource plays, including the Utica Shale in Ohio and the Permian Basin in West Texas. We believe these services optimize our customers' ultimate resources recovery and present value of hydrocarbon reserves. We seek to create cost efficiencies for our customers by providing a suite of complementary oilfield services designed to address a wide range of our customers' needs. Specifically, we intend to create value for our stockholders through the following strategies:

- *Capitalize on the recovery in activity in the unconventional resource plays.* Our equipment is designed to provide a broad range of services for unconventional wells, and our operations are strategically located in major unconventional resource plays. During the first six months of 2016, oil prices rose from a low of \$26.19 per barrel on February 11, 2016 to a high of \$51.23 per barrel on June 8, 2016. During August 2016, oil prices ranged from \$39.50 to \$48.48 per barrel. As commodity prices began to recover, we experienced an increase in activity. If near term commodity prices stabilize at current levels and recover further, we expect to experience further increase in demand for our services and products. We intend to capitalize on the anticipated increase in activity in these markets and diversify our operations across additional unconventional resource basins. Our core operations are currently focused in the Utica Shale in Ohio and the Permian Basin in West Texas. We intend to continue to strategically deploy assets to these and other unconventional resource basins and will look to capitalize on further growth in emerging unconventional resource plays as they develop.

- *Leverage our broad range of services for unconventional wells for cross-selling opportunities.* We offer a complementary suite of oilfield services and products. Our completion and production division provides pressure pumping services, pressure control services and flowback services for unconventional wells. Our natural sand proppant services division sells and produces proppant for hydraulic fracturing. Our drilling services division adds drilling capabilities to our other well-related services. We intend to leverage our existing customer relationships and operational track record to cross sell our services and increase our exposure and product offerings to our existing customers, broaden our customer base and expand opportunistically to other geographic regions in which our customers have operations, as well as to create operational efficiencies for our customers.
- *Expand through selected, accretive acquisitions.* To complement our organic growth, we intend to actively pursue selected, accretive acquisitions of businesses and assets, primarily related to our completion and production services and natural sand proppant services, that can meet our targeted returns on invested capital and enhance our portfolio of products and services, market positioning and/or geographic presence. We believe this strategy will facilitate the continued expansion of our customer base, geographic presence and service offerings. We also believe that our industry contacts and those of Wexford, our equity sponsor and largest stockholder, will facilitate the identification of acquisition opportunities. We expect to use our common stock as consideration for accretive acquisitions.
- *Maintain a conservative balance sheet.* We seek to maintain a conservative balance sheet, which allows us to better react to changes in commodity prices and related demand for our services, as well as overall market conditions. We expect to repay all outstanding borrowings under our revolving credit facility with a portion of the net proceeds from this offering and will have no outstanding debt immediately after this offering.
- *Expand our services to meet expanding customer demand.* The scope of services for horizontal wells is greater than that for conventional wells. Industry analysts have reported that the average horsepower, length of lateral and number of fracture stages has continued to increase since 2008. We consistently monitor market conditions and intend to expand the capacity and scope of our business lines as demand warrants in resource plays in which we currently operate, as well as in new resource plays. If we perceive unmet demand in our principal geographic locations for different service lines, we will seek to expand our current service offerings to meet that demand.
- *Leverage our experienced operational management team and basin-level expertise.* We seek to manage the services we provide as closely as possible to the needs of our customer base. Our operational division heads have long-term relationships with our largest customers. We intend to leverage these relationships and our operational management team's basin-level expertise to deliver innovative, client focused and basin-specific services to our customers.

Risk Factors

Investing in our common stock involves risks. You should read carefully the section of this prospectus entitled "Risk Factors" beginning on page 16 for an explanation of these risks before investing in our common stock. In particular, the following considerations may offset our competitive strengths or have a negative effect on our strategy or operating activities, which could cause a decrease in the price of our common stock and a loss of all or part of your investment.

Risks Related to Our Business

- The volatility of oil and natural gas prices due to factors beyond our control greatly affects our profitability.
- Intense competition within our lines of business may adversely affect our ability to market our services.

- A decrease in demand for our products or services may have a material adverse effect on our financial condition and results of operations.
- As part of our natural sand proppant business, we rely on a limited number of third parties for raw materials and transportation, and the termination of our relationship with one or more of these third parties could adversely affect our operations.
- We provide the majority of our hydraulic fracturing and natural sand proppant services to Gulfport pursuant to contracts that expire in September 2018. The loss of or reduction in this relationship could adversely affect our financial condition and results of operations.
- Our operations are subject to various governmental regulations which require compliance that can be burdensome and expensive.
- Any failure by us to comply with applicable environmental laws and regulations, including those relating to hydraulic fracturing, could result in governmental authorities taking actions, including curtailment or suspension of our services that could adversely affect our operations and financial condition.
- Our operations are subject to operational hazards for which we may not be adequately insured.
- Approximately 80.6% of our remote accommodation services during the first six months of 2016 were attributable to Oil Sands Limited. We expect that our current services for this customer will decrease by at least 70% in the fourth quarter of 2016 when it completes the construction phase of its project, which is expected to occur in October 2016. Our failure to replace the revenue received from this customer will have a material adverse effect on the financial results of our remote accommodation services division and could have a material adverse effect on our consolidated results of operations and financial condition.
- Our remote accommodation services are provided in Canada on tribal lands. Our failure to maintain favorable relationships with these tribes could adversely affect our operations and financial results.
- Our failure to successfully identify, complete and integrate future acquisitions of properties or businesses could reduce our revenue and slow our growth.
- Our major stockholders, Wexford and Gulfport, may have conflicts of interest with us, and they may favor their own interests to the detriment of us and our stockholders.
- Wexford and Gulfport may compete with us.

Our Equity Sponsor

Mammoth Partners was formed by Wexford, a Greenwich, Connecticut based Securities and Exchange Commission, or SEC, registered investment advisor with approximately \$2.7 billion under management as of June 30, 2016 and particular experience in the energy and natural resources sector.

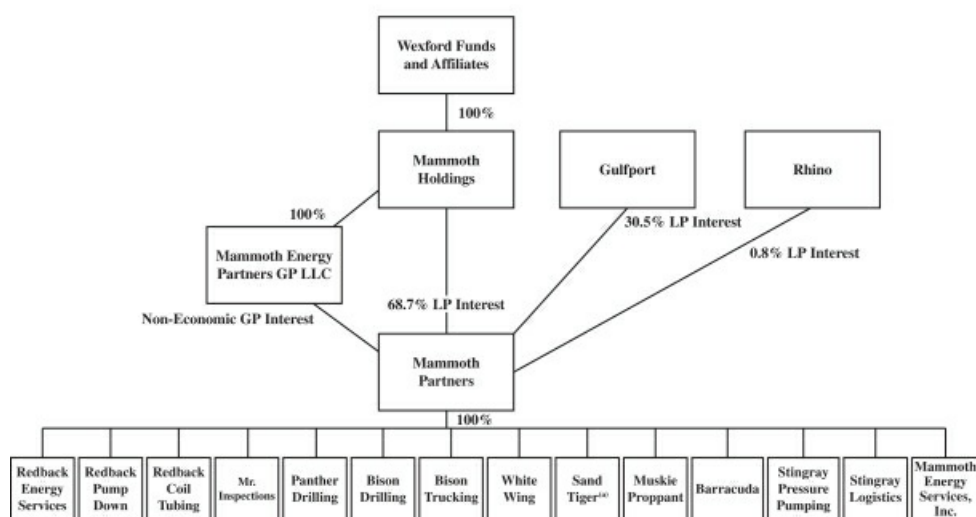

Prior to the closing of this offering, we will enter into an advisory services agreement with Wexford under which Wexford will provide us with financial and strategic advisory services related to our business. For further information regarding this agreement, an investor rights agreement with Gulfport and certain other agreements we are also party to with Wexford and its affiliates, please see “*Management*” and “*Certain Relationships and Related Party Transactions*.”

Our History and the Contribution

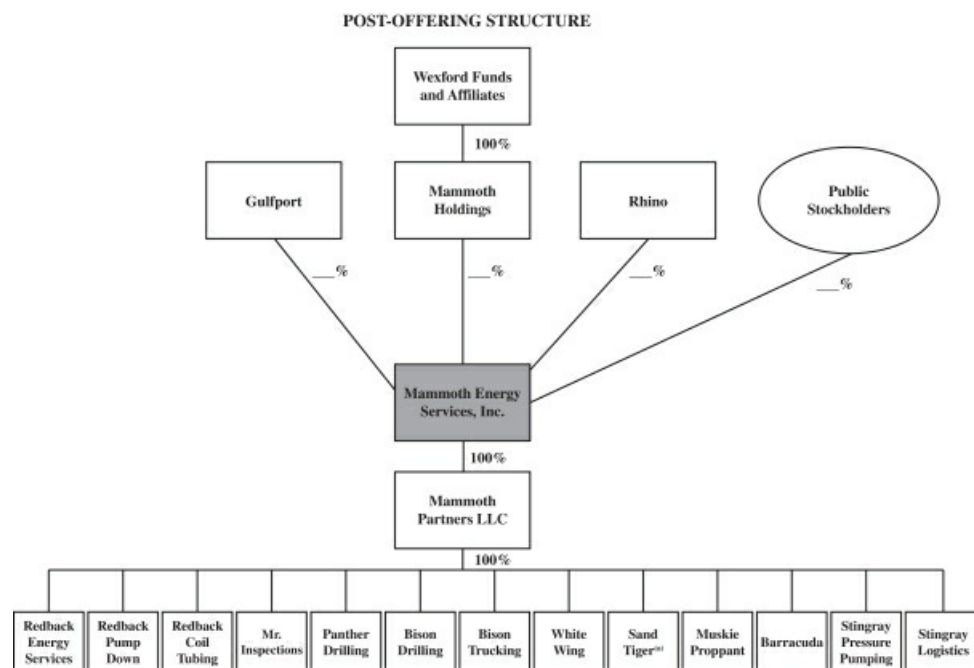

Mammoth Energy Services, Inc. was formed in June 2016 and has not and will not conduct any material business operations prior to the contribution described below other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Partners. On November 24, 2014, Mammoth Holdings, Gulfport and Rhino contributed to Mammoth Partners their respective interests in the following entities: Bison Drilling and Field Services, LLC, or Bison Drilling; Bison Trucking LLC, or Bison Trucking; White Wing Tubular Services LLC, or White Wing; Barracuda Logistics LLC, or Barracuda; Panther Drilling Systems LLC, or Panther Drilling; Redback Energy Services, LLC, or Redback Energy Services; Redback Coil Tubing, LLC, or Redback Coil Tubing; Redback Pump Down Services LLC, or Pump Down; Muskie Proppant LLC, or Muskie Proppant; Stingray Pressure Pumping LLC, or Pressure Pumping; Stingray Logistics LLC, or Logistics; and Great White Sand Tiger Lodging Ltd., or Sand Tiger. Upon completion of these contributions, Mammoth Holdings, Gulfport and Rhino beneficially owned a 68.7%, 30.5% and 0.8% equity interest, respectively, in Mammoth Partners. Immediately prior to the effectiveness of the registration statement of which this prospectus is a part, Mammoth Partners will convert to a Delaware limited liability company named Mammoth Energy Partners LLC, or Mammoth Partners LLC, and Mammoth Holdings, Gulfport and Rhino will contribute their respective interests in Mammoth Partners LLC to Mammoth Energy Services, Inc., and Mammoth Partners LLC will become its wholly-owned subsidiary. Except as expressly noted otherwise, the historical financial information of Mammoth Energy Services, Inc. included in this prospectus is derived from the consolidated financial statements of Mammoth Partners. The historical consolidated financial information of Mammoth Partners included in this prospectus is not indicative of the results that may be expected in any future periods. For more information, please see “—*Summary Consolidated Historical and Pro Forma Financial Data*” and related notes thereto included elsewhere in this prospectus.

Emerging Growth Company

We are an “emerging growth company” within the meaning of the federal securities laws. For as long as we are an emerging growth company, we will not be required to comply with certain requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act and the reduced disclosure obligations regarding executive compensation in our periodic reports. We intend to take advantage of these reporting exemptions until we are no longer an emerging growth company. For a description of the qualifications and other requirements applicable to emerging growth companies and certain elections that we have made due to our status as an emerging growth company, see “*Risk Factors—Risks Inherent to this Offering and Our Common Stock—For so long as we are an ‘emerging growth company’ we will not be required to comply with certain disclosure requirements that are applicable to other public companies and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our common stock less attractive to investors*” on page 38 of this prospectus.

Summary Consolidated Historical and Pro Forma Financial Data

The following table sets forth our summary consolidated historical and pro forma financial data as of and for each of the periods indicated. The summary consolidated historical financial data as of December 31, 2015 and 2014 and for the years ended December 31, 2015 and 2014 are derived from the historical audited consolidated financial statements of Mammoth Partners included elsewhere in this prospectus. The summary consolidated historical financial data for the six months ended June 30, 2016 and 2015 are derived from the historical unaudited consolidated financial statements of Mammoth Partners included elsewhere in this prospectus. The selected consolidated historical balance sheet data as of June 30, 2015 are derived from the unaudited consolidated balance sheet of Mammoth Partners and its consolidated subsidiaries as of such date, which is not included in this prospectus. The unaudited pro forma C Corporation financial data presented give effect to income taxes assuming we operated as a taxable corporation since January 1, 2014. Operating results for the years ended December 31, 2015 and 2014 and the six months ended June 30, 2016 and 2015 are not necessarily indicative of results that may be expected for any future periods. You should review this information together with “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” “Selected Historical Consolidated Financial Data” and the historical consolidated financial statements and related notes of Mammoth Partners included elsewhere in this prospectus.

(1) Mammoth Energy Services, Inc. was formed in June 2016, and has not and will not conduct any material business operations prior to the contribution described below other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Partners. Except as expressly noted otherwise, the historical financial information of Mammoth Energy Services, Inc. included in this prospectus is derived from the consolidated financial statements of Mammoth Partners. Mammoth Partners was treated as a partnership for federal income tax purposes during the periods presented. As a result, essentially all of the taxable earnings and losses of Mammoth Partners were passed through to its limited partners, and Mammoth Partners did not pay federal income taxes at the entity level. Immediately prior to the effectiveness of the registration statement of which this prospectus is a part, Mammoth Partners will convert to a Delaware limited liability company named Mammoth Energy Partners LLC, and Mammoth Holdings, Gulfport and Rhino will contribute their respective interests in Mammoth Partners LLC to Mammoth Energy Services, Inc., and Mammoth Partners LLC will become its wholly-owned subsidiary. In connection with the contribution, all of the subsidiaries of Mammoth Partners will become subsidiaries of Mammoth Energy Services, Inc. and, because we will be a subchapter C corporation under the Internal Revenue Code of 1986, as amended, or the Code, all of our subsidiaries' earning will become subject to federal income tax. For comparative purposes, we have included a pro forma financial data for the historical periods to give effect to income taxes assuming the earnings of these entities had been subject to federal income tax as a subchapter C corporation since inception. The unaudited pro forma data is presented for informational purposes only, and does not purport to project our results of operations for any future period or our financial position as of any future date.				

Table of Contents

- (2) Related party revenue, costs and expenses are those that we paid to or received from one or more affiliated parties.
- (3) Unaudited pro forma basic and diluted income (loss) per share will be presented for the latest fiscal year and interim period on the basis of the aggregate number of shares to be issued in connection with the contribution, upon determination of the number of those shares.
- (4) Adjusted Gross Profit and Adjusted EBITDA are supplemental non-GAAP financial measures that are used by management and external users of our financial statements, such as industry analysts, investors, lenders and rating agencies. We define Adjusted Gross Profit as net income (loss) before selling, general and administrative expenses, other non-operating income or expense, net, interest income, interest expense, depreciation and amortization, impairment of long-lived assets and income taxes. We define Adjusted EBITDA as earnings before interest expense, provision for income taxes, depreciation and amortization expense, impairment of long-lived assets, equity based compensation and other non-operating income or expense, net (which is comprised of the (gain) or loss on disposal of long-lived assets, as well as charges associated with Mammoth Partner's proposed public offering in 2014). We exclude the items listed above from net income in arriving at Adjusted EBITDA because these amounts can vary substantially from company to company within our industry depending upon accounting methods and book values of assets, capital structures and the method by which the assets were acquired. Adjusted Gross Profit and Adjusted EBITDA should not be considered as alternatives to, or more meaningful than, net income (loss) or cash flows from operating activities as determined in accordance with GAAP or as an indicator of our operating performance or liquidity. Certain items excluded from Adjusted Gross Profit and Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets, none of which are components of Adjusted Gross Profit and Adjusted EBITDA. Our computations of Adjusted Gross Profit and Adjusted EBITDA may not be comparable to other similarly titled measure of other companies. We believe that Adjusted Gross Profit and Adjusted EBITDA are widely followed measures of operating performance and may also be used by investors to measure our ability to meet debt service requirements.

The following tables present a reconciliation of the non-GAAP financial measure of Adjusted Gross Profit and Adjusted EBITDA to the GAAP financial measure of net income (loss).

RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the following risks and all of the other information contained in this prospectus before deciding to invest in our common stock. Our business, financial condition and results of operations could be materially and adversely affected by any of these risks. The risks described below are not the only ones facing us. Additional risks not presently known to us or which we currently consider immaterial also may adversely affect us.

Risks Related to Our Business and the Oil and Natural Gas Industry

Our business depends on the oil and natural gas industry and particularly on the level of exploration and production activity within the United States and Canada, and the ongoing decline in prices for oil and natural gas have had, and continue to have, an adverse effect on our revenue, cash flows, profitability and growth.

Demand for most of our products and services depends substantially on the level of expenditures by companies in the oil and natural gas industry. The significant decline in oil and natural gas prices during 2015 has continued during the first part of 2016. The low commodity price environment has caused a reduction in the drilling, completion and other production activities of most of our customers and their spending on our products and services. Although the prices for oil have recently improved, this overall trend with respect to our customers' activities and spending has continued in 2016. The reduction in demand from our customers has resulted in an oversupply of many of the services and products we provide, and such oversupply has substantially reduced the prices we can charge our customers for our services, particularly customers of our well site services segment. These conditions generally worsened throughout 2015 and, if oil and natural gas prices remain depressed or further decline, this further reduction in our customers' activity levels and spending, and reductions in the prices we charge, could continue and accelerate through the remainder of 2016 and beyond. In addition, a continuation or worsening of these conditions may result in a material adverse impact on certain of our customers' liquidity and financial position resulting in further spending reductions, delays in the collection of amounts owing to us and similar impacts. These conditions have had and may continue to have an adverse impact on our financial condition, results of operations and cash flows, and it is difficult to predict how long the current low commodity price environment will continue.

Many factors over which we have no control affect the supply of and demand for, and our customers' willingness to explore, develop and produce oil and natural gas, and therefore, influence prices for our products and services, including:

- the domestic and foreign supply of and demand for oil and natural gas;
- the level of prices, and expectations about future prices, of oil and natural gas;
- the level of global oil and natural gas exploration and production;
- the cost of exploring for, developing, producing and delivering oil and natural gas;
- the expected decline rates of current production;
- the price and quantity of foreign imports;
- political and economic conditions in oil producing countries, including the Middle East, Africa, South America and Russia;
- the ability of members of the Organization of Petroleum Exporting Countries to agree to and maintain oil price and production controls;
- speculative trading in crude oil and natural gas derivative contracts;

Table of Contents

- the level of consumer product demand;
- the discovery rates of new oil and natural gas reserves;
- contractions in the credit market;
- the strength or weakness of the U.S. dollar;
- available pipeline and other transportation capacity;
- the levels of oil and natural gas storage;
- weather conditions and other natural disasters;
- political instability in oil and natural gas producing countries;
- domestic and foreign tax policy;
- domestic and foreign governmental approvals and regulatory requirements and conditions;
- the continued threat of terrorism and the impact of military and other action, including military action in the Middle East;
- technical advances affecting energy consumption;
- the proximity and capacity of oil and natural gas pipelines and other transportation facilities;
- the price and availability of alternative fuels;
- the ability of oil and natural gas producers to raise equity capital and debt financing;
- merger and divestiture activity among oil and natural gas producers; and
- overall domestic and global economic conditions.

These factors and the volatility of the energy markets make it extremely difficult to predict future oil and natural gas price movements with any certainty. Any of the above factors could impact the level of oil and natural gas exploration and production activity and could ultimately have a material adverse effect on our business, financial condition, results of operations and cash flows. Further, should the low commodity price environment continue or worsen, we could encounter difficulties such as an inability to access needed capital on attractive terms or at all, the incurrence of asset impairment charges, an inability to meet financial ratios contained in our debt agreements, a need to reduce our capital spending and other similar impacts.

The cyclicity of the oil and natural gas industry may cause our operating results to fluctuate.

We derive our revenues from companies in the oil and natural gas exploration and production industry, a historically cyclical industry with levels of activity that are significantly affected by the levels and volatility of oil and natural gas prices. We have, and may in the future, experience significant fluctuations in operating results as a result of the reactions of our customers to changes in oil and natural gas prices. For example, prolonged low commodity prices experienced by the oil and natural gas industry during 2015 and 2016, combined with adverse changes in the capital and credit markets, caused many exploration and production companies to reduce their capital budgets and drilling activity. This resulted in a significant decline in demand for oilfield services and adversely impacted the prices oilfield services companies could charge for their services. In addition, a majority of the service revenue we earn is based upon a charge for a relatively short period of time (e.g., an hour, a day, a week) for the actual period of time the service is provided to our customers. By contracting services on a short-term basis, we are exposed to the risks of a rapid reduction in market prices and utilization, with resulting volatility in our revenues.

Table of Contents

If oil prices or natural gas prices remain low or decline further, the demand for our services could be adversely affected.

The demand for our services is primarily determined by current and anticipated oil and natural gas prices and the related general production spending and level of drilling activity in the areas in which we have operations. Volatility or weakness in oil prices or natural gas prices (or the perception that oil prices or natural gas prices will decrease) affects the spending patterns of our customers and may result in the drilling of fewer new wells or lower production spending on existing wells. This, in turn, could result in lower demand for our services and may cause lower rates and lower utilization of our well service equipment. If oil prices decline or natural gas prices continue to remain low or decline further, or if there is a reduction in drilling activities, the demand for our services and our results of operations could be materially and adversely affected.

Prices for oil and natural gas historically have been extremely volatile and are expected to continue to be volatile. During the past six years, the posted price for West Texas intermediate light sweet crude oil, which we refer to as West Texas Intermediate, or WTI, has ranged from a low of \$26.19 per barrel, or Bbl, in February 2016 to a high of \$113.39 per Bbl in April 2011. The Henry Hub spot market price of natural gas has ranged from a low of \$1.49 per MMBtu in March 2016 to a high of \$7.51 per MMBtu in January 2010. During 2015, WTI prices ranged from \$36.48 to \$65.69 per Bbl and the Henry Hub spot market price of natural gas ranged from \$1.80 to \$3.65 per MMBtu. On February 11, 2016, the WTI posted price for crude oil was \$26.19 per Bbl and the Henry Hub spot market price of natural gas was \$2.15 per MMBtu, representing decreases of 60% and 41%, respectively, from the high of \$65.69 per Bbl of oil and \$3.65 per MMBtu for natural gas during 2015. If the prices of oil and natural gas continue at current levels or decline further, our operations, financial condition and level of expenditures may be materially and adversely affected.

Our business is difficult to evaluate because we have a limited operating history.

Mammoth Energy Services, Inc. was formed in June 2016, and has not and will not conduct any material business operations prior to the contribution other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Partners, which was originally formed in February 2014. Except as expressly noted otherwise, the historical financial information of Mammoth Energy Services, Inc. and operational data described in this prospectus is that of Mammoth Partners and its consolidated subsidiaries. These subsidiaries were formed or acquired between 2007 and 2015. As a result, there is only limited historical financial and operating information available upon which to base your evaluation of our performance.

Our customer base is concentrated and the loss of one or more of our significant customers, or their failure to pay the amounts they owe us, could cause our revenue to decline substantially.

Our top five customers accounted for approximately 80% and 71% of our revenue for the six months ended June 30, 2016 and the year ended December 31, 2015, respectively. Gulfport was our largest customer accounting for approximately 49% and 47% of our revenue for such periods. During the six months ended June 30, 2016, Rice Energy accounted for 12% of our revenue and Oil Sands Limited accounted for 11% of our revenue. For the year ended December 31, 2015, EQT Production Company accounted for 12% of our revenue. It is likely that we will continue to derive a significant portion of our revenue from a relatively small number of customers in the future. If a major customer decided not to continue to use our services, our revenue would decline and our operating results and financial condition could be harmed. For example, effective January 1, 2016, we entered into an amendment to our master services agreement with Gulfport in which Gulfport suspended its use of our hydraulic fracturing services during the first quarter of 2016. As a result, there were no revenues attributable to these services from Gulfport during the first quarter of 2016 as compared to \$25.8 million for the fourth quarter of 2015 and approximately \$124.4 million during the year ended December 31, 2015. Under the amendment, the services that were suspended during the first quarter, and the related fees, are to be performed and paid for during the second and third quarters of 2016. We recognized revenues of \$38.2 million

Table of Contents

from Gulfport for these services during the second quarter of 2016. In addition, we are subject to credit risk due to the concentration of our customer base. Any nonperformance by our counterparties, including their failure to pay the amounts they owe us, either as a result of changes in financial and economic conditions or otherwise, could have an adverse impact on our operating results and could adversely affect our liquidity.

We provide the majority of our hydraulic fracturing completion services to Gulfport, and the termination of this relationships could adversely affect our operations.

We provide completion services, which services include hydraulic fracturing. The majority of our revenue from this business is derived from Gulfport pursuant to a contract that expires in September 2018. We cannot assure you that we will be able to extend or renew our contracts with Gulfport on favorable terms and conditions or at all. Likewise, we cannot assure you that we would be able to obtain replacement long-term contracts with other customers sufficient to continue providing the level of services as we currently do with Gulfport. The termination of our relationships or nonrenewal of our agreement with Gulfport could have a material adverse effect on our business, financial condition, results of operations and cash flows.

We provide natural sand proppant to a limited number of customers, and the termination of one or more of these relationships could adversely affect our operations.

We provide natural sand proppant used for hydraulic fracturing. The majority of our revenue from this business is derived from Gulfport pursuant to a contract that expires in September 2018. The termination of our relationship or nonrenewal of our agreement with Gulfport, or one or more of our other customers, could have a material adverse effect on our business, financial condition, results of operations and cash flows.

We provide our remote accommodations services to a limited number of customers, and the termination of one or more of these or other relationships could adversely affect our operations.

We provide turnkey remote accommodations services for oilfield related labor located in remote areas, which services include site identification, permitting and development, facility design, construction, installation and full site maintenance. Approximately 80.6% of remote accommodation services during the first six months of 2016 were attributable to Oil Sands Limited. We anticipate that Oil Sands Limited's occupancy of our accommodations will decrease by at least 70% in the fourth quarter of 2016 following the completion of the construction phase of its project in the service area, which is currently estimated to occur in October 2016. During the second quarter of 2016, our revenue from this customer was \$5.7 million, or 86.4% of our remote accommodation revenues during that period. Our failure to replace the revenue received from this customer will have a material adverse effect on the financial results of our remote accommodation services division and could have a material adverse effect on our consolidated results of operations and financial condition. The termination of our relationship with any other of our remote accommodation customers could also have a material adverse effect on this part of our business. Further, our remote accommodation services are provided in Canada on tribal lands. Our failure to maintain favorable relationships with these tribes could adversely affect our operations and financial results.

The current low commodity price environment has negatively impacted oil and natural gas exploration and production companies and, in some cases, impaired their ability to timely pay for products or services provided or resulted in their insolvency or bankruptcy, any of which exposes us to credit risk of our oil and natural gas exploration and production customers.

In weak economic and commodity price environments, we may experience increased difficulties, delays or failures in collecting outstanding receivables from our customers, due to, among other reasons, a reduction in their cash flow from operations, their inability to access the credit markets and, in certain cases, their insolvencies. Such increases in collection issues could have a material adverse effect on our business, results of operations, cash flows and financial condition. We cannot assure you that the reserves we have established for

Table of Contents

potential credit losses will be sufficient to meet write-offs of uncollectible receivables or that our losses from such receivables will be consistent with our expectations.

To the extent one or more of our key customers commences bankruptcy proceedings, our contracts with these customers may be subject to rejection under applicable provisions of the United States Bankruptcy Code, or may be renegotiated. Further, during any such bankruptcy proceeding, prior to assumption, rejection or renegotiation of such contracts, the bankruptcy court may temporarily authorize the payment of value for our services less than contractually required, which could also have a material adverse effect on our business, results of operations, cash flows and financial condition.

Competition within the oilfield services industry may adversely affect our ability to market our services.

The oilfield services industry is highly competitive and fragmented and includes numerous small companies capable of competing effectively in our markets on a local basis, as well as several large companies that possess substantially greater financial and other resources than we do. Our larger competitors' greater resources could allow those competitors to compete more effectively than we can. The amount of equipment available may exceed demand, which could result in active price competition. Many contracts are awarded on a bid basis, which may further increase competition based primarily on price. In addition, adverse market conditions lower demand for well servicing equipment, which results in excess equipment and lower utilization rates. If market conditions in our oil-oriented operating areas were to deteriorate or if adverse market conditions in our natural gas-oriented operating areas persist, utilization rates may decline.

Shortages, delays in delivery and interruptions in supply of drill pipe, replacement parts, other equipment, supplies and materials may adversely affect our contract land and directional drilling business.

During periods of increased demand for drilling services, the industry has experienced shortages of drill pipe, replacement parts, other equipment, supplies and materials, including, in the case of our pressure pumping operations, proppants, acid, gel and water. These shortages can cause the price of these items to increase significantly and require that orders for the items be placed well in advance of expected use. In addition, any interruption in supply could result in significant delays in delivery of equipment and materials or prevent operations. Interruptions may be caused by, among other reasons:

- weather issues, whether short-term such as a hurricane, or long-term such as a drought, and
- shortage in the number of vendors able or willing to provide the necessary equipment, supplies and materials, including as a result of commitments of vendors to other customers or third parties.

These price increases, delays in delivery and interruptions in supply may require us to increase capital and repair expenditures and incur higher operating costs. Severe shortages, delays in delivery and interruptions in supply could limit our ability to construct and operate our drilling rigs and could have a material adverse effect on our business, financial condition, cash flows and results of operations.

Rig upgrade, refurbishment and new rig construction projects, as well as the reactivation of rigs that have been idle for six months or longer, are subject to risks which could cause delays or cost overruns and adversely affect our cash flows, results of operations and financial position.

New drilling rigs or rigs being upgraded, converted or re-activated following a period of stack may experience start-up complications and may encounter other operational problems that could result in significant delays, uncompensated downtime, reduced dayrates or the cancellation, termination or non-renewal of drilling contracts. Rig construction and upgrade projects are subject to risks of delay or significant cost overruns inherent in any large construction project from numerous factors, including the following:

- shortages of equipment, materials or skilled labor;

Table of Contents

- unscheduled delays in the delivery of ordered materials and equipment or shipyard construction;
- failure of equipment to meet quality and/or performance standards;
- financial or operating difficulties of equipment vendors;
- unanticipated actual or purported change orders;
- inability by us or our customer to obtain required permits or approvals, or to meet applicable regulatory standards in our areas of operations;
- unanticipated cost increases between order and delivery;
- adverse weather conditions and other events of force majeure;
- design or engineering changes; and
- work stoppages and other labor disputes.

The occurrence of any of these events could have a material adverse effect on our cash flows, results of operations and financial position.

Advancements in drilling and well service technologies could have a material adverse effect on our business, financial condition, results of operations and cash flows.

The oilfield services industry is characterized by rapid and significant technological advancements and introductions of new products and services using new technologies. As new horizontal and directional drilling, pressure pumping, pressure control and other well service technologies develop, we may be placed at a competitive disadvantage, and competitive pressure may force us to implement new technologies at a substantial cost. We may not be able to successfully acquire or use new technologies.

Further, our customers are increasingly demanding the services of newer, higher specification drilling rigs.

There can be no assurance that we will:

- have sufficient capital resources to build new, technologically advanced drilling rigs;
- successfully integrate additional drilling rigs;
- effectively manage the growth and increased size of our organization and drilling fleet;
- successfully deploy idle, stacked or additional drilling rigs;
- maintain crews necessary to operate additional drilling rigs; or
- successfully improve our financial condition, results of operations, business or prospects as a result of building new drilling rigs.

If we are not successful in building new rigs and equipment or upgrading our existing rigs and equipment in a timely and cost-effective manner, we could lose market share. New technologies, services or standards could render some of our services, drilling rigs or equipment obsolete, which could have a material adverse impact on our business, financial condition and results of operation.

Table of Contents

Our business depends upon our ability to obtain specialized equipment and parts from third-party suppliers, and we may be vulnerable to delayed deliveries and future price increases.

We purchase specialized equipment and parts from third party suppliers and affiliates, including companies controlled by Wexford. At times during the business cycle, there is a high demand for hydraulic fracturing, coiled tubing and other oil field services and extended lead times to obtain equipment needed to provide these services. Further, there are a limited number of suppliers that manufacture the equipment we use. Should our current suppliers be unable or unwilling to provide the necessary equipment and parts or otherwise fail to deliver the products timely and in the quantities required, any resulting delays in the provision of our services could have a material adverse effect on our business, financial condition, results of operations and cash flows. In addition, future price increases for this type of equipment and parts could negatively impact our ability to purchase new equipment to update or expand our existing fleet or to timely repair equipment in our existing fleet.

As part of our proppant sales and distribution business, we rely on third parties for raw materials and transportation, and the termination of our relationship with one or more of these third parties could adversely affect our operations.

As part of our proppant sales and distribution business, we buy processed sand from suppliers on the spot market and resell that sand. Although we are not doing so at this time, we also have the ability to buy raw sand, process it into premium monocrystalline sand, a specialized mineral that is used as a proppant (also known as frac sand), at our indoor sand processing plant located in Pierce County, Wisconsin and sell it to our customers for use in their hydraulic fracturing operations to enhance the recovery rates of hydrocarbons from oil and natural gas wells. We also provide logistics solutions to deliver our frac sand products to our customers. Because our customers generally find it impractical to store frac sand in large quantities near their job sites, they seek to arrange for product to be delivered where and as needed, which requires predictable and efficient loading and shipping of product. To facilitate our logistics capabilities, we contract with third party providers to transport our frac sand products to railroad facilities for delivery to our customers. We also lease a railcar fleet from various third parties to deliver our frac sand products to our customers and lease or otherwise utilize origin and destination transloading facilities. The termination or nonrenewal of our relationship with any one or more of these third parties involved in the sourcing, transportation and delivery of our frac sand products could result in material operational delays, increase our operating costs, limit our ability to service our customers' wells or otherwise materially and adversely affect our business and operating results.

Future performance of our proppant sales and distribution business will depend on our ability to succeed in competitive markets, and on our ability to appropriately react to potential fluctuations in the demand for and supply of frac sand.

In our proppant sales and distribution business, we operate in a highly competitive market that is characterized by a small number of large, national producers and a larger number of small, regional or local producers. Competition in the industry is based on price, consistency and quality of product, site location, distribution and logistics capabilities, customer service, reliability of supply and breadth of product offering. The large, national producers with whom we compete include Badger Mining Corporation, Fairmount Santrol Holdings, Inc., Hi-Crush Partners LP, Preferred Proppants LLC, Unimin Corporation and U.S. Silica Holdings Inc. Our larger competitors may have greater financial and other resources than we do, may develop technology superior to ours, may have production facilities that are located closer to sand mines from which raw sand is mined or to their key customers than our processing facility or have a more cost effective access to raw sand and transportation facilities that we do. Should the demand for hydraulic fracturing services decrease, prices in the frac sand market could materially decrease as producers may seek to preserve market share or exit the market and sell frac sand at below market prices. In addition, oil and natural gas exploration and production companies and other providers of hydraulic fracturing services could acquire their own frac sand reserves, develop or expand frac sand production capacity or otherwise fulfill their own proppant requirements and existing or new frac sand producers could add to or expand their frac sand production capacity, which may negatively impact pricing and

Table of Contents

demand for our frac sand. We may not be able to compete successfully against either our larger or smaller competitors in the future, and competition could have a material adverse effect on our business, financial condition, results of operations and cash flows.

An increase in the supply of raw frac sand having similar characteristics as the raw frac sand we sell or have the ability to produce could make it more difficult for us to market our sand on favorable terms or at all.

We have entered into a take-or-pay contract with our principal frac sand supplier. If significant new reserves of raw frac sand continue to be discovered and developed, and those frac sands have similar characteristics to the frac sand we produce, the market price for our frac sand may decline. If the market price for our frac sand falls below an amount equal to the contracted purchase price in our take-or-pay contract plus our processing and related transportation costs, this could have an adverse effect on our results of operations and cash flows over the remaining term of this contract.

Diminished access to water and inability to secure or maintain necessary permits may adversely affect operations of our frac sand processing plant when such operations are restarted.

The processing of raw sand and production of natural sand proppant require significant amounts of water. As a result, securing water rights and water access is necessary to operate our processing facilities. If the area where our facilities are located experiences water shortages, restrictions or any other constraints due to drought, contamination or otherwise, there may be additional costs associated with securing water access. Although we have obtained water rights to service our activities when we are ready to restart operations at our processing plant, the amount of water that we are entitled to use pursuant to our water rights must be determined by the appropriate regulatory authorities. Such regulatory authorities may amend the regulations regarding such water rights, increase the cost of maintaining such water rights or eliminate our current water rights, and we may be unable to retain all or a portion of such water rights. If implemented, these new regulations could also affect local municipalities and other industrial operations and could have a material adverse effect on costs involved in operating our processing plant. Such changes in laws, regulations or government policy and related interpretations pertaining to water rights may alter the environment in which we do business, which may have an adverse effect on our financial condition and results of operations. Additionally, a water discharge permit may be required to properly dispose of water at our processing site when in operation. Certain of our facilities are also required to obtain storm water permits. The water discharge, storm water or any other permits we may be required to have in order to conduct our frac sand processing operations (when they are restarted) is subject to regulatory discretion, and any inability to obtain or maintain the necessary permits could have an adverse effect on our ability to run such operations.

Demand for our frac sand products could be reduced by changes in well stimulation processes and technologies, as well as changes in governmental regulations and other applicable law.

As part of our proppant sales and production business, we sell custom frac sand products to our customers for use in their hydraulic fracturing operations to enhance the recovery rates of hydrocarbons from oil and natural gas wells. A significant shift in demand from frac sand to other proppants, or the development of new processes to replace hydraulic fracturing altogether, could cause a decline in the demand for the frac sand we produce and result in a material adverse effect on our financial condition and results of operations. Further, federal and state governments and agencies have adopted various laws and regulations or are evaluating proposed legislation and regulations that are focused on the extraction of shale gas or oil using hydraulic fracturing, a process which utilizes proppants such as those that we produce. Future hydraulic fracturing-related legislation or regulations could restrict the ability of our customers to utilize, or increase the cost associated with, hydraulic fracturing, which could reduce demand for our proppants and adversely affect our financial condition, results of operations and cash flows. For additional information regarding the regulation of hydraulic fracturing, see “—Risks Related to Our Business and the Oil and Natural Gas Industry—Federal and state legislative and regulatory initiatives relating to hydraulic fracturing could result in increased costs and additional operating restrictions or delays.”

The customized nature, and remote location, of the modular camps that we provide and service present unique challenges that could adversely affect our ability to successfully operate our remote accommodations business.

We rely on a third-party subcontractor to manufacture and install the customized modular units used in our remote accommodations business. These customized units often take a considerable amount of time to manufacture and, once manufactured, often need to be delivered to remote areas that are frequently difficult to access by traditional means of transportation. In the event we are unable to provide these modular units in a timely fashion, we may not be entitled to full, or any, payment therefor under the terms of our contracts with customers. In addition, the remote location of the modular camps often makes it difficult to install and maintain the units, and our failure, on a timely basis, to have such units installed and provide maintenance services could result in our breach of, and non-payment by our customers under, the terms of our customer contracts. Any of these factors could have a material adverse effect on our remote accommodation business and our overall financial condition and results of operations.

Health and food safety issues and food-borne illness concerns could adversely affect our remote accommodations business.

We provide food services to our customers as part of our remote accommodations business and, as a result, face health and food safety issues that are common in the food and hospitality industries. Food-borne illnesses, such as E. coli, hepatitis A, trichinosis or salmonella, and food safety issues have occurred in the food industry in the past and could occur in the future. Our reliance on third-party food suppliers and distributors increases the risk that food-borne illness incidents could be caused by factors outside of our control. New illnesses resistant to any precautions may develop in the future, or diseases with long incubation periods could arise. Further, the remote nature of our accommodation facilities and related food services may increase the risk of contamination of our food supply and create additional health and hygiene concerns due to the limited access to modern amenities and conveniences that may not be faced by other food service providers or hospitality businesses operating in urban environment. If our customers become ill from food-borne illness, we could be forced to close some or all of our remote accommodation facilities on a temporary basis or otherwise. Any such incidents and/or any report of publicity linking us to incidents of food-borne illness or other food safety issues, including food tampering or contamination, could adversely affect our remote accommodations business as well as our overall financial condition and results of operations.

Development of permanent infrastructure in the Canadian oil sands region or other locations where we locate our remote accommodations could negatively impact our remote accommodations business.

Our remote accommodations business specializes in providing modular housing and related services for work forces in remote areas which lack the infrastructure typically available in towns and cities. If permanent towns, cities and municipal infrastructure develop in the oil sands region of northern Alberta, Canada or other regions where we locate our modular camps, then demand for our accommodations could decrease as customer employees move to the region and choose to utilize permanent housing and food services.

Revenue generated and expenses incurred by our remote accommodation business are denominated in the Canadian dollar and could be negatively impacted by currency fluctuations.

Our remote accommodation business generates revenue and incurs expenses that are denominated in the Canadian dollar. These transactions could be materially affected by currency fluctuations. Changes in currency exchange rates could adversely affect our combined results of operations or financial position. We also maintain cash balances denominated in the Canadian dollar. At December 31, 2015, we had \$1.9 million of cash in Canadian accounts. A 10% increase in the strength of the Canadian dollar versus the U.S. dollar would have resulted in an increase in pre-tax income of approximately \$1.1 million as of December 31, 2015. Conversely, a corresponding decrease in the strength of the Canadian dollar would have resulted in a comparable decrease in pre-tax income. We have not hedged our exposure to changes in foreign currency exchange rates and, as a result, could incur unanticipated translation gains and losses.

[Table of Contents](#)

Certain of our completion and production services, particularly our hydraulic fracturing, are substantially dependent on the availability of water. Restrictions on our ability to obtain water may have an adverse effect on our financial condition, results of operations and cash flows.

Water is an essential component of deep shale oil and natural gas production during both the drilling and hydraulic fracturing processes. Over the past several years, certain of the areas have experienced extreme drought conditions and competition for water in such shales is growing. As a result of this severe drought, some local water districts have begun restricting the use of water subject to their jurisdiction for hydraulic fracturing to protect local water supply. Our inability to obtain water to use in our operations from local sources or to effectively utilize flowback water could have an adverse effect on our financial condition, results of operations and cash flows.

We rely on a few key employees whose absence or loss could adversely affect our business.

Many key responsibilities within our business have been assigned to a small number of employees. The loss of their services could adversely affect our business. In particular, the loss of the services of one or more members of our executive team, including our Chairman, Chief Executive Officer and Chief Financial Officer, could disrupt our operations. We do not have any written employment agreement with our executives at this time. Further, we do not maintain “key person” life insurance policies on any of our employees. As a result, we are not insured against any losses resulting from the death of our key employees.

If we are unable to employ a sufficient number of skilled and qualified workers, our capacity and profitability could be diminished and our growth potential could be impaired.

The delivery of our products and services requires skilled and qualified workers with specialized skills and experience who can perform physically demanding work. As a result of the volatility of the oilfield services industry and the demanding nature of the work, workers may choose to pursue employment in fields that offer a more desirable work environment at wage rates that are competitive. Our ability to be productive and profitable will depend upon our ability to employ and retain skilled workers. In addition, our ability to expand our operations depends in part on our ability to increase the size of our skilled labor force. The demand for skilled workers is high, and the supply is limited. As a result, competition for experienced oilfield service personnel is intense, and we face significant challenges in competing for crews and management with large and well-established competitors. A significant increase in the wages paid by competing employers could result in a reduction of our skilled labor force, increases in the wage rates that we must pay, or both. If either of these events were to occur, our capacity and profitability could be diminished and our growth potential could be impaired.

Unionization efforts could increase our costs or limit our flexibility.

Presently, none of our employees work under collective bargaining agreements. Unionization efforts have been made from time to time within our industry, to varying degrees of success. Any such unionization could increase our costs or limit our flexibility.

Our operations may be limited or disrupted in certain parts of the continental U.S. and Canada during severe weather conditions, which could have a material adverse effect on our financial condition and results of operations.

We provide contract land and directional drilling services and completion and production services in the Utica, Permian Basin, Marcellus, Granite Wash, Cana Woodford and Eagle Ford resource plays located in the continental U.S. We also provide remote accommodation services in the oil sands in Alberta, Canada. We serve these markets through our facilities and service centers located in Ohio, Oklahoma, Texas, Wisconsin, Minnesota and Alberta, Canada. For the six months ended June 30, 2016 and the year ended December 31, 2015, we

Table of Contents

generated approximately 85% and 72%, respectively, of our revenue from our operations in Ohio, Wisconsin, Minnesota, Pennsylvania, West Virginia and Canada where weather conditions may be severe, particularly during winter and spring months. Repercussions of severe weather conditions may include:

- curtailment of services;
- weather-related damage to equipment resulting in suspension of operations;
- weather-related damage to our facilities;
- inability to deliver equipment and materials to jobsites in accordance with contract schedules; and
- loss of productivity.

Many municipalities, including those in Ohio and Wisconsin, impose bans or other restrictions on the use of roads and highways, which include weight restrictions on the paved roads that lead to our jobsites due to the muddy conditions caused by spring thaws. This can limit our access to these jobsites and our ability to service wells in these areas. These constraints and the resulting shortages or high costs could delay our operations and materially increase our operating and capital costs in those regions. Weather conditions may also affect the price of crude oil and natural gas, and related demand for our services. Any of these factors could have a material adverse effect on our financial condition and results of operations.

Concerns over general economic, business or industry conditions may have a material adverse effect on our results of operations, liquidity and financial condition.

Concerns over global economic conditions, energy costs, geopolitical issues, inflation, the availability and cost of credit and the European, Asian and the United States financial markets have contributed to increased economic uncertainty and diminished expectations for the global economy. These factors, combined with volatility in commodity prices, business and consumer confidence and unemployment rates, have precipitated an economic slowdown. Concerns about global economic growth have had a significant adverse impact on global financial markets and commodity prices. If the economic climate in the United States or abroad deteriorates, worldwide demand for petroleum products could diminish further, which could impact the price at which oil, natural gas and natural gas liquids can be sold, which could affect the ability of our customers to continue operations and ultimately adversely impact our results of operations, liquidity and financial condition.

A terrorist attack or armed conflict could harm our business

The occurrence or threat of terrorist attacks in the United States or other countries, anti-terrorist efforts and other armed conflicts involving the United States or other countries, including continued hostilities in the Middle East, may adversely affect the United States and global economies and could prevent us from meeting our financial and other obligations. If any of these events occur, the resulting political instability and societal disruption could reduce overall demand for oil and natural gas, potentially putting downward pressure on demand for our services and causing a reduction in our revenues. Oil and natural gas related facilities could be direct targets of terrorist attacks, and our operations could be adversely impacted if infrastructure integral to our customers' operations is destroyed or damaged. Costs for insurance and other security may increase as a result of these threats, and some insurance coverage may become more difficult to obtain, if available at all.

Our operations require substantial capital and we may be unable to obtain needed capital or financing on satisfactory terms or at all, which could limit our ability to grow.

The oilfield services industry is capital intensive. In conducting our business and operations, we have made, and expect to continue to make, substantial capital expenditures. Our total capital expenditures were approximately

Table of Contents

\$26.3 million and \$111.7 million for the year ended December 31, 2015 and the year ended December 31, 2014, respectively. Our capital expenditures budget for 2016 is approximately \$3.7 million. Since November 2014, we have financed capital expenditures primarily with funding from cash on hand, cash generated by operations and borrowings under our revolving credit facility. Following the completion of this offering and the application of the net proceeds to repay our outstanding indebtedness under our revolving credit facility, we intend to finance our capital expenditures primarily with cash on hand, cash flow from operations and borrowings under our revolving credit facility. We may be unable to generate sufficient cash from operations and other capital resources to maintain planned or future levels of capital expenditures which, among other things, may prevent us from acquiring new equipment or properly maintaining our existing equipment. Further, any disruptions or continuing volatility in the global financial markets may lead to an increase in interest rates or a contraction in credit availability impacting our ability to finance our operations. This could put us at a competitive disadvantage or interfere with our growth plans. Further, our actual capital expenditures for 2016 or future years could exceed our capital expenditure budget. In the event our capital expenditure requirements at any time are greater than the amount we have available, we could be required to seek additional sources of capital, which may include debt financing, joint venture partnerships, sales of assets, offerings of debt or equity securities or other means. We may not be able to obtain any such alternative source of capital. We may be required to curtail or eliminate contemplated activities. If we can obtain alternative sources of capital, the terms of such alternative may not be favorable to us. In particular, the terms of any debt financing may include covenants that significantly restrict our operations. Our inability to grow as planned may reduce our chances of maintaining and improving profitability.

The growth of our business through acquisitions may expose us to various risks, including those relating to difficulties in identifying suitable, accretive acquisition opportunities and integrating businesses, assets and personnel, as well as difficulties in obtaining financing for targeted acquisitions and the potential for increased leverage or debt service requirements.

As a component of our business strategy, we have pursued and intend to continue to pursue selected, accretive acquisitions of complementary assets, businesses and technologies. Acquisitions involve numerous risks, including:

- unanticipated costs and assumption of liabilities and exposure to unforeseen liabilities of acquired businesses, including but not limited to environmental liabilities;
- difficulties in integrating the operations and assets of the acquired business and the acquired personnel;
- limitations on our ability to properly assess and maintain an effective internal control environment over an acquired business, in order to comply with public reporting requirements;
- potential losses of key employees and customers of the acquired businesses;
- inability to commercially develop acquired technologies;
- risks of entering markets in which we have limited prior experience; and
- increases in our expenses and working capital requirements.

The process of integrating an acquired business may involve unforeseen costs and delays or other operational, technical and financial difficulties and may require a disproportionate amount of management attention and financial and other resources. Our failure to achieve consolidation savings, to incorporate the acquired businesses and assets into our existing operations successfully or to minimize any unforeseen operational difficulties could have a material adverse effect on our financial condition and results of operations. Furthermore, there is intense competition for acquisition opportunities in our industry. Competition for acquisitions may increase the cost of, or cause us to refrain from, completing acquisitions.

Table of Contents

In addition, we may not have sufficient capital resources to complete additional acquisitions. Historically, we have financed capital expenditures primarily with funding from our equity investors, cash generated by operations and borrowings under our revolving credit facility. We may incur substantial indebtedness to finance future acquisitions and also may issue equity, debt or convertible securities in connection with such acquisitions. Debt service requirements could represent a significant burden on our results of operations and financial condition and the issuance of additional equity or convertible securities could be dilutive to our existing stockholders. Furthermore, we may not be able to obtain additional financing on satisfactory terms. Even if we have access to the necessary capital, we may be unable to continue to identify additional suitable acquisition opportunities, negotiate acceptable terms or successfully acquire identified targets.

Our ability to grow through acquisitions and manage growth will require us to continue to invest in operational, financial and management information systems and to attract, retain, motivate and effectively manage our employees. The inability to effectively manage the integration of acquisitions could reduce our focus on subsequent acquisitions and current operations, which, in turn, could negatively impact our earnings and growth. Our financial position and results of operations may fluctuate significantly from period to period, based on whether or not significant acquisitions are completed in particular periods.

We may have difficulty managing growth in our business, which could adversely affect our financial condition and results of operations.

As a recently formed company, growth in accordance with our business plan, if achieved, could place a significant strain on our financial, technical, operational and management resources. As we expand the scope of our activities and our geographic coverage through both organic growth and acquisitions, there will be additional demands on our financial, technical, operational and management resources. The failure to continue to upgrade our technical, administrative, operating and financial control systems or the occurrences of unexpected expansion difficulties, including the failure to recruit and retain experienced managers, engineers and other professionals in the oilfield services industry, could have a material adverse effect on our business, financial condition, results of operations and our ability to successfully or timely execute our business plan.

If our intended expansion of our business is not successful, our financial condition, profitability and results of operations could be adversely affected, and we may not achieve increases in revenue and profitability that we hope to realize.

A key element of our business strategy involves the expansion of our services, geographic presence and customer base. These aspects of our strategy are subject to numerous risks and uncertainties, including:

- an inability to retain or hire experienced crews and other personnel;
- a lack of customer demand for the services we intend to provide;
- an inability to secure necessary equipment, raw materials (particularly sand and other proppants) or technology to successfully execute our expansion plans;
- shortages of water used in our hydraulic fracturing operations;
- unanticipated delays that could limit or defer the provision of services by us and jeopardize our relationships with existing customers and adversely affect our ability to obtain new customers for such services; and
- competition from new and existing services providers.

Table of Contents

Encountering any of these or any unforeseen problems in implementing our planned expansion could have a material adverse impact on our business, financial condition, results of operations and cash flows, and could prevent us from achieving the increases in revenues and profitability that we hope to realize.

Our indebtedness and liquidity needs could restrict our operations and make us more vulnerable to adverse economic conditions.

Our existing and future indebtedness, whether incurred in connection with acquisitions, operations or otherwise, may adversely affect our operations and limit our growth, and we may have difficulty making debt service payments on such indebtedness as payments become due. Our level of indebtedness may affect our operations in several ways, including the following:

- increasing our vulnerability to general adverse economic and industry conditions;
- the covenants that are contained in the agreements governing our indebtedness could limit our ability to borrow funds, dispose of assets, pay dividends and make certain investments;
- our debt covenants could also affect our flexibility in planning for, and reacting to, changes in the economy and in our industry;
- any failure to comply with the financial or other covenants of our debt, including covenants that impose requirements to maintain certain financial ratios, could result in an event of default, which could result in some or all of our indebtedness becoming immediately due and payable;
- our level of debt could impair our ability to obtain additional financing in the future for working capital, capital expenditures, acquisitions or other general corporate purposes; and
- our business may not generate sufficient cash flow from operations to enable us to meet our obligations under our indebtedness.

Our revolving credit facility imposes, and any of our future credit facilities may impose, restrictions on us that may affect our ability to successfully operate our business.

Our revolving credit facility limits, and any of our future credit facilities may limit, our ability to take various actions, such as:

- incurring additional indebtedness;
- paying dividends;
- creating certain additional liens on our assets;
- entering into sale and leaseback transactions;
- making investments;
- entering into transactions with affiliates;
- making material changes to the type of business we conduct or our business structure;
- making guarantees;

Table of Contents

- entering into hedges;
- disposing of assets in excess of certain permitted amounts;
- merging or consolidating with other entities; and
- selling all or substantially all of our assets.

In addition, our revolving credit facility requires, and any future debt may require, us to maintain certain financial ratios and to satisfy certain financial conditions, which may require us to reduce our debt or take some other action in order to comply with each of them. These restrictions could also limit our ability to obtain future financings, make needed capital expenditures, withstand a downturn in our business or the economy in general, or otherwise conduct necessary corporate activities. We also may be prevented from taking advantage of business opportunities that arise because of the limitations imposed on us by the restrictive covenants under our revolving credit facility and any future debt agreements. If we fail to comply with the covenants in our existing revolving credit facility or any future debt agreements and such failure is not waived by the lender, a default may be declared by the lenders, which could have a material adverse effect on us.

Our revolving credit facility provides, and any future credit facilities may provide, for variable interest rates, which may increase or decrease our interest expense.

We had an aggregate of \$82.3 million outstanding under our revolving credit facility at June 30, 2016, with a weighted average interest rate of 3.3%. A 1% increase or decrease in the interest rates would increase or decrease interest expense, respectively, by approximately \$0.8 million per year. We do not currently hedge our interest rate exposure.

We may not be able to provide services that meet the specific needs of oil and natural gas exploration and production companies at competitive prices.

The markets in which we operate are generally highly competitive and have relatively few barriers to entry. The principal competitive factors in our markets are price, product and service quality and availability, responsiveness, experience, technology, equipment quality and reputation for safety. We compete with large national and multi-national companies that have longer operating histories, greater financial, technical and other resources and greater name recognition than we do. Several of our competitors provide a broader array of services and have a stronger presence in more geographic markets. In addition, we compete with several smaller companies capable of competing effectively on a regional or local basis. Our competitors may be able to respond more quickly to new or emerging technologies and services and changes in customer requirements. Some contracts are awarded on a bid basis, which further increases competition based on price. Pricing is often the primary factor in determining which qualified contractor is awarded a job. The competitive environment may be further intensified by mergers and acquisitions among oil and natural gas companies or other events that have the effect of reducing the number of available customers. As a result of competition, we may lose market share or be unable to maintain or increase prices for our present services or to acquire additional business opportunities, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

In addition, some exploration and production companies have begun performing hydraulic fracturing and directional drilling on their wells using their own equipment and personnel. Any increase in the development and utilization of in-house fracturing and directional drilling capabilities by our customers could decrease the demand for our services and have a material adverse impact on our business.

Table of Contents

Our operations are subject to hazards inherent in the oil and natural gas industry, which could expose us to substantial liability and cause us to lose customers and substantial revenue.

Risks inherent to our industry, such as equipment defects, vehicle accidents, fires, explosions, blowouts, surface cratering, uncontrollable flows of gas or well fluids, pipe or pipeline failures, abnormally pressured formations and various environmental hazards such as oil spills and releases of, and exposure to, hazardous substances. For example, our operations are subject to risks associated with hydraulic fracturing, including any mishandling, surface spillage or potential underground migration of fracturing fluids, including chemical additives. The occurrence of any of these events could result in substantial losses to us due to injury or loss of life, severe damage to or destruction of property, natural resources and equipment, pollution or other environmental damage, clean-up responsibilities, regulatory investigations and penalties, suspension of operations and repairs required to resume operations. The cost of managing such risks may be significant. The frequency and severity of such incidents will affect operating costs, insurability and relationships with customers, employees and regulators. In particular, our customers may elect not to purchase our services if they view our environmental or safety record as unacceptable, which could cause us to lose customers and substantial revenues. In addition, these risks may be greater for us than some of our competitors because we sometimes acquire companies that may not have allocated significant resources and management focus to safety and environmental matters and may have a poor environmental and safety record and associated possible exposure.

Our insurance may not be adequate to cover all losses or liabilities we may suffer. Also, insurance may no longer be available to us or, if it is, its availability may be at premium levels that do not justify its purchase. The occurrence of a significant uninsured claim, a claim in excess of the insurance coverage limits maintained by us or a claim at a time when we are not able to obtain liability insurance could have a material adverse effect on our ability to conduct normal business operations and on our financial condition, results of operations and cash flows. In addition, we may not be able to secure additional insurance or bonding that might be required by new governmental regulations. This may cause us to restrict our operations, which might severely impact our financial position.

Since hydraulic fracturing activities are part of our operations, they are covered by our insurance against claims made for bodily injury, property damage and clean-up costs stemming from a sudden and accidental pollution event. However, we may not have coverage if we are unaware of the pollution event and unable to report the “occurrence” to our insurance company within the time frame required under our insurance policy. We have no coverage for gradual, long-term pollution events. In addition, these policies do not provide coverage for all liabilities, and the insurance coverage may not be adequate to cover claims that may arise, or we may not be able to maintain adequate insurance at rates we consider reasonable. A loss not fully covered by insurance could have a material adverse effect on our financial position, results of operations and cash flows.

We are subject to extensive environmental, health and safety laws and regulations that may subject us to substantial liability or require us to take actions that will adversely affect our results of operations.

Our business is significantly affected by stringent and complex federal, state and local laws and regulations governing the discharge of substances into the environment or otherwise relating to environmental protection and health and safety matters. As part of our business, we handle, transport and dispose of a variety of fluids and substances, including hydraulic fracturing fluids which can contain hydrochloric acid and certain petrochemicals. This activity poses some risks of environmental liability, including leakage of hazardous substances from the wells to surface and subsurface soils, surface water or groundwater. We also handle, transport and store these substances. The handling, transportation, storage and disposal of these fluids are regulated by a number of laws, including: the Resource Conservation and Recovery Act; the Comprehensive Environmental Response, Compensation, and Liability Act; the Clean Water Act; the Safe Drinking Water Act; and other federal and state laws and regulations promulgated thereunder. The cost of compliance with these laws can be significant. Failure to properly handle, transport or dispose of these materials or otherwise conduct our operations in accordance with these and other environmental laws could expose us to substantial liability for administrative, civil and criminal

Table of Contents

penalties, cleanup and site restoration costs and liability associated with releases of such materials, damages to natural resources and other damages, as well as potentially impair our ability to conduct our operations. We could be exposed to liability for cleanup costs, natural resource damages and other damages under these and other environmental laws. Such liability is commonly on a strict, joint and several liability basis, without regard to fault. Liability may be imposed as a result of our conduct that was lawful at the time it occurred or the conduct of, or conditions caused by, prior operators or other third parties. Environmental laws and regulations have changed in the past, and they are likely to change in the future and become more stringent. If existing environmental requirements or enforcement policies change, we may be required to make significant unanticipated capital and operating expenditures.

The adoption of climate change legislation or regulations restricting emissions of greenhouse gases could result in increased operating costs and reduced demand for oil and natural gas.

In recent years, federal, state and local governments have taken steps to reduce emissions of greenhouse gases. The EPA has finalized a series of greenhouse gas monitoring, reporting and emissions control rules for the oil and natural gas industry, and the U.S. Congress has, from time to time, considered adopting legislation to reduce emissions. Almost one-half of the states have already taken measures to reduce emissions of greenhouse gases primarily through the development of greenhouse gas emission inventories and/or regional greenhouse gas cap-and-trade programs. In December 2015, the United States joined the international community at the 21st Conference of the Parties of the United Nations Framework Convention on Climate Change in Paris, France. The resulting Paris Agreement calls for the parties to undertake “ambitious efforts” to limit the average global temperature, and to conserve and enhance sinks and reservoirs of greenhouse gases. The Agreement, if ratified, establishes a framework for the parties to cooperate and report actions to reduce greenhouse gas emissions.

Restrictions on emissions of methane or carbon dioxide that may be imposed could adversely affect the oil and natural gas industry by reducing demand for hydrocarbons and by making it more expensive to develop and produce hydrocarbons, either of which could have a material adverse effect on future demand for our services. At this time, it is not possible to accurately estimate how potential future laws or regulations addressing greenhouse gas emissions would impact our business.

In addition, claims have been made against certain energy companies alleging that greenhouse gas emissions from oil and natural gas operations constitute a public nuisance under federal and/or state common law. As a result, private individuals may seek to enforce environmental laws and regulations against certain energy companies and could allege personal injury or property damages. While our business is not a party to any such litigation, we could be named in actions making similar allegations. An unfavorable ruling in any such case could significantly impact our operations and could have an adverse impact on our financial condition.

Moreover, climate change may cause more extreme weather conditions such as more intense hurricanes, thunderstorms, tornadoes and snow or ice storms, as well as rising sea levels and increased volatility in seasonal temperatures. Extreme weather conditions can interfere with our services and increase our costs, and damage resulting from extreme weather may not be fully insured. However, at this time, we are unable to determine the extent to which climate change may lead to increased storm or weather hazards affecting our operations.

Federal and state legislative and regulatory initiatives relating to hydraulic fracturing could result in increased costs and additional operating restrictions or delays.

Our business is dependent on our ability to conduct hydraulic fracturing and horizontal drilling activities. Hydraulic fracturing is an important common practice that is used to stimulate production of hydrocarbons, particularly natural gas, from tight formations, including shales. The process, which involves the injection of water, sand and chemicals (also called “proppants”) under pressure into formations to fracture the surrounding rock and stimulate production, is typically regulated by state oil and natural gas commissions. However, federal agencies have asserted regulatory authority over certain aspects of the process. For example, on May 9, 2014, the

[Table of Contents](#)

EPA issued an Advanced Notice of Proposed Rulemaking seeking comment on the development of regulations under the Toxic Substances Control Act to require companies to disclose information regarding the chemicals used in hydraulic fracturing. The EPA plans to develop a Notice of Proposed Rulemaking by December 2016, which would describe a proposed mechanism—regulatory, voluntary or a combination of both—to collect data on hydraulic fracturing chemical substances and mixtures. On June 28, 2016, EPA published a final rule prohibiting the discharge of wastewater from onshore unconventional oil and natural gas extraction facilities to publicly owned wastewater treatment plants. The EPA is also conducting a study of private wastewater treatment facilities (also known as centralized waste treatment, or CWT, facilities) accepting oil and natural gas extraction wastewater. The EPA is collecting data and information related to the extent to which CWT facilities accept such wastewater, available treatment technologies (and their associated costs), discharge characteristics, financial characteristics of CWT facilities and the environmental impacts of discharges from CWT facilities. Furthermore, legislation to amend the State Drinking Water Act, to repeal the exemption for hydraulic fracturing (except when diesel fuels are used) from the definition of “underground injection” and require federal permitting and regulatory control of hydraulic fracturing, as well as legislative proposals to require disclosure of the chemical constituents of the fluids used in the fracturing process, were proposed in recent sessions of Congress.

On August 16, 2012, the EPA published final regulations under the federal Clean Air Act that establish new air emission controls for oil and natural gas production and natural gas processing operations. Specifically, the EPA’s rule package includes New Source Performance Standards to address emissions of sulfur dioxide and volatile organic compounds, or VOCs, and a separate set of emission standards to address hazardous air pollutants frequently associated with oil and natural gas production and processing activities. The final rule seeks to achieve a 95% reduction in VOCs emitted by requiring the use of reduced emission completions or “green completions” on all hydraulically-fractured wells constructed or refractured after January 1, 2015. The rules also establish specific new requirements regarding emissions from compressors, controllers, dehydrators, storage tanks and other production equipment. These rules required a number of modifications to our operations, including the installation of new equipment to control emissions. The EPA received numerous requests for reconsideration of these rules from both industry and the environmental community, and court challenges to the rules were also filed. In response, the EPA has issued, and will likely continue to issue, revised rules responsive to some of the requests for reconsideration. Recently, on May 12, 2016, the EPA adopted additional regulations governing performance standards, including standards for the capture of air emissions released during oil and natural gas hydraulic fracturing, leak detection, and permitting. At this point, we cannot predict the final regulatory requirements or the cost to comply with such requirements with any certainty.

There are certain governmental reviews either underway or being proposed that focus on the environmental aspects of hydraulic fracturing practices. These ongoing or proposed studies, depending on their degree of pursuit and whether any meaningful results are obtained, could spur initiatives to further regulate hydraulic fracturing under the Safe Drinking Water Act, or the SDWA, or other regulatory authorities. The EPA continues to evaluate the potential impacts of hydraulic fracturing on drinking water resources and the induced seismic activity from disposal wells and has recommended strategies for managing and minimizing the potential for significant injection-induced seismic events. Other governmental agencies, including the U.S. Department of Energy, the U.S. Geological Survey and the U.S. Government Accountability Office, have evaluated or are evaluating various other aspects of hydraulic fracturing. These ongoing or proposed studies could spur initiatives to further regulate hydraulic fracturing, and could ultimately make it more difficult or costly to perform fracturing and increase the costs of compliance and doing business for our customers.

Several states, including Texas and Ohio, have adopted or are considering adopting regulations that could restrict or prohibit hydraulic fracturing in certain circumstances, impose more stringent operating standards and/or require the disclosure of the composition of hydraulic fracturing fluids. Any increased regulation of hydraulic fracturing could reduce the demand for our services and materially and adversely affect our revenues and results of operations.

Table of Contents

There has been increasing public controversy regarding hydraulic fracturing with regard to the use of fracturing fluids, induced seismic activity, impacts on drinking water supplies, use of water and the potential for impacts to surface water, groundwater and the environment generally. A number of lawsuits and enforcement actions have been initiated across the country implicating hydraulic fracturing practices. If new laws or regulations are adopted that significantly restrict hydraulic fracturing, such laws could make it more difficult or costly for us to perform fracturing to stimulate production from tight formations as well as make it easier for third parties opposing the hydraulic fracturing process to initiate legal proceedings based on allegations that specific chemicals used in the fracturing process could adversely affect groundwater. In addition, if hydraulic fracturing is further regulated at the federal, state or local level, our customers' fracturing activities could become subject to additional permitting and financial assurance requirements, more stringent construction specifications, increased monitoring, reporting and recordkeeping obligations, plugging and abandonment requirements and also to attendant permitting delays and potential increases in costs. Such legislative or regulatory changes could cause us or our customers to incur substantial compliance costs, and compliance or the consequences of any failure to comply by us could have a material adverse effect on our financial condition and results of operations. At this time, it is not possible to estimate the impact on our business of newly enacted or potential federal, state or local laws governing hydraulic fracturing.

Penalties, fines or sanctions that may be imposed by the U.S. Mine Safety and Health Administration could have a material adverse effect on our proppant production and sales business and our overall financial condition, results of operations and cash flows.

The U.S. Mine Safety and Health Administration, or MSHA, has primary regulatory jurisdiction over commercial silica operations, including quarries, surface mines, underground mines, and industrial mineral process facilities. While we do not directly conduct any mining operations, we are dependent on several regulated mines for the supply of natural sand used in our proppant production. In addition, MSHA representatives perform at least two annual inspections of our production facilities to ensure employee and general site safety. As a result of these and future inspections and alleged violations and potential violations, we and our suppliers could be subject to material fines, penalties or sanctions. Any of our production facilities or our suppliers' mines could be subject to a temporary or extended shut down as a result of an alleged MSHA violation. Any such penalties, fines or sanctions could have a material adverse effect on our proppant production and sales business and our overall financial condition, results of operations and cash flows.

Increasing trucking regulations may increase our costs and negatively impact our results of operations.

In connection with our business operations, including the transportation and relocation of our oilfield service equipment and shipment of frac sand, we operate trucks and other heavy equipment. As such, we operate as a motor carrier in providing certain of our services and therefore are subject to regulation by the United States Department of Transportation and by various state agencies. These regulatory authorities exercise broad powers, governing activities such as the authorization to engage in motor carrier operations, driver licensing, insurance requirements, financial reporting and review of certain mergers, consolidations and acquisitions, and transportation of hazardous materials (HAZMAT). Our trucking operations are subject to possible regulatory and legislative changes that may increase our costs. Some of these possible changes include increasingly stringent environmental regulations, changes in the hours of service regulations which govern the amount of time a driver may drive or work in any specific period, onboard black box recorder device requirements or limits on vehicle weight and size.

Interstate motor carrier operations are subject to safety requirements prescribed by the United States Department of Transportation. To a large degree, intrastate motor carrier operations are subject to state safety regulations that mirror federal regulations. Matters such as the weight and dimensions of equipment are also subject to federal and state regulations. From time to time, various legislative proposals are introduced, including proposals to increase federal, state, or local taxes, including taxes on motor fuels, which may increase our costs or adversely impact the recruitment of drivers. We cannot predict whether, or in what form, any increase in such taxes applicable to us will be enacted.

Table of Contents

Certain motor vehicle operators require registration with the Department of Transportation. This registration requires an acceptable operating record. The Department of Transportation periodically conducts compliance reviews and may revoke registration privileges based on certain safety performance criteria that could result in a suspension of operations.

Restrictions on drilling activities intended to protect certain species of wildlife may adversely affect our ability to conduct drilling activities in some of the areas where we operate.

Oil and natural gas operations in our operating areas can be adversely affected by seasonal or permanent restrictions on drilling activities designed to protect various wildlife, which may limit our ability to operate in protected areas. Permanent restrictions imposed to protect endangered species could prohibit drilling in certain areas or require the implementation of expensive mitigation measures. Additionally, the designation of previously unprotected species as threatened or endangered in areas where we operate could result in increased costs arising from species protection measures. Restrictions on oil and natural gas operations to protect wildlife could reduce demand for our services.

Conservation measures and technological advances could reduce demand for oil and natural gas and our services.

Fuel conservation measures, alternative fuel requirements, increasing consumer demand for alternatives to oil and natural gas, technological advances in fuel economy and energy generation devices could reduce demand for oil and natural gas, resulting in reduced demand for oilfield services. The impact of the changing demand for oil and natural gas services and products may have a material adverse effect on our business, financial condition, results of operations and cash flows.

Losses and liabilities from uninsured or underinsured drilling and operating activities could have a material adverse effect on our financial condition and operations.

The operational insurance coverage we maintain for our business may not fully insure us against all risks, either because insurance is not available or because of the high premium costs relative to perceived risk. Further, any insurance obtained by us may not be adequate to cover any losses or liabilities and this insurance may not continue to be available at all or on terms which are acceptable to us. Insurance rates have in the past been subject to wide fluctuation and changes in coverage could result in less coverage, increases in cost or higher deductibles and retentions. See “*Business—Operating Risks and Insurance*” for additional information on our insurance policies. Liabilities for which we are not insured, or which exceed the policy limits of our applicable insurance, could have a material adverse effect on our business activities, financial condition and results of operations.

We may be subject to claims for personal injury and property damage, which could materially adversely affect our financial condition and results of operations.

We operate with most of our customers under master service agreements, or MSAs. We endeavor to allocate potential liabilities and risks between the parties in the MSAs. Generally, under our MSAs, including those relating to our hydraulic fracturing services, we assume responsibility for, including control and removal of, pollution or contamination which originates above surface and originates from our equipment or services. Our customer assumes responsibility for, including control and removal of, all other pollution or contamination which may occur during operations, including that which may result from seepage or any other uncontrolled flow of drilling fluids. We may have liability in such cases if we are negligent or commit willful acts. Generally, our customers also agree to indemnify us against claims arising from their employees’ personal injury or death to the extent that, in the case of our hydraulic fracturing operations, their employees are injured or their properties are damaged by such operations, unless resulting from our gross negligence or willful misconduct. Similarly, we generally agree to indemnify our customers for liabilities arising from personal injury to or death of any of our

Table of Contents

employees, unless resulting from gross negligence or willful misconduct of the customer. In addition, our customers generally agree to indemnify us for loss or destruction of customer-owned property or equipment and in turn, we agree to indemnify our customers for loss or destruction of property or equipment we own. Losses due to catastrophic events, such as blowouts, are generally the responsibility of the customer. However, despite this general allocation of risk, we might not succeed in enforcing such contractual allocation, might incur an unforeseen liability falling outside the scope of such allocation or may be required to enter into an MSA with terms that vary from the above allocations of risk. As a result, we may incur substantial losses which could materially and adversely affect our financial condition and results of operation.

Loss of our information and computer systems could adversely affect our business.

We are heavily dependent on our information systems and computer based programs, including our well operations information and accounting data. If any of such programs or systems were to fail or create erroneous information in our hardware or software network infrastructure, whether due to cyber attack or otherwise, possible consequences include our loss of communication links and inability to automatically process commercial transactions or engage in similar automated or computerized business activities. Any such consequence could have a material adverse effect on our business.

We are subject to cyber security risks. A cyber incident could occur and result in information theft, data corruption, operational disruption and/or financial loss.

The oil and natural gas industry has become increasingly dependent on digital technologies to conduct certain processing activities. For example, we depend on digital technologies to perform many of our services and process and record financial and operating data. At the same time, cyber incidents, including deliberate attacks or unintentional events, have increased. The U.S. government has issued public warnings that indicate that energy assets might be specific targets of cyber security threats. Our technologies, systems and networks, and those of its vendors, suppliers and other business partners, may become the target of cyberattacks or information security breaches that could result in the unauthorized release, gathering, monitoring, misuse, loss or destruction of proprietary and other information, or other disruption of its business operations. In addition, certain cyber incidents, such as surveillance, may remain undetected for an extended period. Our systems and insurance coverage for protecting against cyber security risks may not be sufficient. As cyber incidents continue to evolve, we may be required to expend additional resources to continue to modify or enhance our protective measures or to investigate and remediate any vulnerability to cyber incidents. Our insurance coverage for cyberattacks may not be sufficient to cover all the losses we may experience as a result of such cyberattacks.

Risks Inherent to this Offering and Our Common Stock

Our two largest stockholders control a significant percentage of our common stock, and their interests may conflict with those of our other stockholders.

Immediately prior to the completion of this offering, Wexford and Gulfport will beneficially own 68.7% and 30.5%, respectively, of the Company's equity interests. Upon completion of this offering, Wexford, through its affiliate Mammoth Holdings, and Gulfport will beneficially own approximately % and %, respectively, of our common stock, or % and %, respectively, if the underwriters exercise their option to purchase additional shares in full. See "Principal and Selling Stockholders" beginning on page 112 of this prospectus. As a result, Wexford and Gulfport together, will be able to control, and Wexford alone, will continue to be able to exercise significant influence, over matters requiring stockholder approval, including the election of directors, changes to our organizational documents and significant corporate transactions. Further, we anticipate that several individuals who will serve as our directors upon completion of this offering will be affiliates of Wexford and Gulfport. This concentration of ownership and relationships with Wexford and Gulfport make it unlikely that any other holder or group of holders of our common stock will be able to affect the way we are managed or the direction of our business. In addition, we have engaged, and expect to continue to engage, in related party

Table of Contents

transactions involving Wexford and Gulfport, and certain companies they control. See “*Certain Relationships and Related Party Transactions*.” The interests of Wexford and Gulfport with respect to matters potentially or actually involving or affecting us, such as services provided, future acquisitions, financings and other corporate opportunities, and attempts to acquire us, may conflict with the interests of our other stockholders. This continued concentrated ownership will make it impossible for another company to acquire us and for you to receive any related takeover premium for your shares unless these stockholders approve the acquisition.

A significant reduction by Wexford or Gulfport of their ownership interests in us could adversely affect us.

We believe that Wexford’s and Gulfport’s substantial ownership interests in us provides them with an economic incentive to assist us to be successful. Upon the expiration or earlier waiver of the lock-up restrictions on transfers or sales of our securities following the completion of this offering, neither Wexford nor Gulfport will be subject to any obligation to maintain its ownership interest in us and may elect at any time thereafter to sell all or a substantial portion of or otherwise reduce its ownership interest in us. If Wexford or Gulfport sells all or a substantial portion of its ownership interest in us, it may have less incentive to assist in our success and its affiliate(s) that are expected to serve as members of our board of directors may resign. Such actions could adversely affect our ability to successfully implement our business strategies which could adversely affect our cash flows or results of operations.

We will incur increased costs as a result of being a public company, which may significantly affect our financial condition.

As a public company, we will incur significant legal, accounting and other expenses that we did not incur as a private company. We will incur costs associated with our public company reporting requirements. We also anticipate that we will incur costs associated with corporate governance requirements, including requirements under the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Act of 2010, as well as rules implemented by the SEC, The NASDAQ Global Select Market and the Financial Industry Regulatory Authority. We expect these rules and regulations to increase our legal and financial compliance costs and to make some activities more time-consuming and costly, particularly after we are no longer an “emerging growth company.” For example, as a result of becoming a publicly traded company, we are required to have at least three independent directors and adopt policies regarding internal controls and disclosure controls and procedures, including the preparation of reports on internal control over financial reporting. We also expect these rules and regulations may make it more difficult and more expensive for us to obtain director and officer liability insurance and we may be required to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. As a result, it may be more difficult for us to attract and retain qualified individuals to serve on our board of directors or as executive officers. We are currently evaluating these rules, and we cannot predict or estimate the amount of additional costs we may incur or the timing of such costs.

However, for as long as we remain an “emerging growth company” as defined in the Jumpstart Our Business Startups Act enacted by the U.S. Congress in April 2012, or the JOBS Act, we intend to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. We intend to take advantage of these reporting exemptions until we are no longer an “emerging growth company.”

We could be an “emerging growth company” for up to five years following the completion of our initial public offering, although, if we have more than \$1.0 billion in annual revenue, if the market value of our common stock that is held by non-affiliates exceeds \$700 million as of June 30 of any year, or we issue more than \$1.0 billion of non-convertible debt over a three-year period before the end of that five-year period, we would cease to be an “emerging growth company” as of the following December 31st.

Table of Contents

We estimate that we will incur approximately \$2.6 million of incremental costs per year associated with being a publicly traded company; however, it is possible that our actual incremental costs of being a publicly traded company will be higher than we currently estimate. After we are no longer an “emerging growth company,” we expect to incur significant additional expenses and devote substantial management effort toward ensuring compliance with those requirements applicable to companies that are not “emerging growth companies,” including Section 404 of the Sarbanes-Oxley Act. See “—Risks Related to Our Business and the Oil and Natural Gas Industry—We will be subject to certain requirements of Section 404 of the Sarbanes-Oxley Act. If we are unable to timely comply with Section 404 or if the costs related to compliance are significant, our profitability, stock price, results of operations and financial condition could be materially adversely affected.”

For so long as we are an “emerging growth company” we will not be required to comply with certain disclosure requirements that are applicable to other public companies and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our common stock less attractive to investors.

We are an “emerging growth company,” as defined in the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. We cannot predict if investors will find our common stock less attractive because we will rely on these exemptions. If some investors find our common stock less attractive as a result, there may be a less active trading market for our common stock and our common stock price may be more volatile.

Under the JOBS Act, “emerging growth companies” can delay adopting new or revised accounting standards until such time as those standards apply to private companies. Prior to the completion of this offering, we intend to irrevocably elect not to avail ourselves to this exemption from new or revised accounting standards and, therefore, we will be subject to the same new or revised accounting standards as other public companies that are not “emerging growth companies.”

We will be subject to certain requirements of Section 404 of the Sarbanes-Oxley Act. If we are unable to timely comply with Section 404 or if the costs related to compliance are significant, our profitability, stock price, results of operations and financial condition could be materially adversely affected.

We will be required to comply with certain provisions of Section 404 of the Sarbanes-Oxley Act of 2002. Section 404 requires that we document and test our internal control over financial reporting and issue management’s assessment of our internal control over financial reporting. This section also requires that our independent registered public accounting firm opine on those internal controls upon becoming an accelerated filer, as defined in the SEC rules, or otherwise ceasing to qualify for an exemption from the requirement to provide auditors’ attestation on internal controls afforded to emerging growth companies under the JOBS Act. We are currently evaluating our existing controls against the standards adopted by the Committee of Sponsoring Organizations of the Treadway Commission. During the course of our ongoing evaluation and integration of the internal control over financial reporting, we may identify areas requiring improvement, and we may have to design enhanced processes and controls to address issues identified through this review. For example, we anticipate the need to hire additional administrative and accounting personnel to conduct our financial reporting.

We believe that the out-of-pocket costs, the diversion of management’s attention from running the day-to-day operations and operational changes caused by the need to comply with the requirements of Section 404 of the Sarbanes-Oxley Act could be significant. If the time and costs associated with such compliance exceed our current expectations and our results of operations could be adversely affected.

Table of Contents

We cannot be certain at this time that we will be able to successfully complete the procedures, certification and attestation requirements of Section 404 or that we or our auditors will not identify material weaknesses in internal control over financial reporting. If we fail to comply with the requirements of Section 404 or if we or our auditors identify and report such material weaknesses, the accuracy and timeliness of the filing of our annual and quarterly reports may be materially adversely affected and could cause investors to lose confidence in our reported financial information, which could have a negative effect on the trading price of our common stock. In addition, a material weakness in the effectiveness of our internal control over financial reporting could result in an increased chance of fraud and the loss of customers, reduce our ability to obtain financing and require additional expenditures to comply with these requirements, each of which could have a material adverse effect on our business, results of operations and financial condition.

Since we are a “controlled company” for purposes of The NASDAQ Global Select Market’s corporate governance requirements, our stockholders will not have, and may never have, the protections that these corporate governance requirements are intended to provide.

Since we are a “controlled company” for purposes of The NASDAQ Global Select Market’s corporate governance requirements, we are not required to comply with the provisions requiring that a majority of our directors be independent, the compensation of our executives be determined by independent directors or nominees for election to our board of directors be selected by independent directors. If we choose to take advantage of any or all of these exemptions, our stockholders may not have the protections that these rules are intended to provide.

The corporate opportunity provisions in our certificate of incorporation could enable Wexford, Gulfport or other affiliates of ours to benefit from corporate opportunities that might otherwise be available to us.

Subject to the limitations of applicable law, our certificate of incorporation, among other things:

- permits us to enter into transactions with entities in which one or more of our officers or directors are financially or otherwise interested;
- permits any of our stockholders, officers or directors to conduct business that competes with us and to make investments in any kind of property in which we may make investments; and
- provides that if any director or officer of one of our affiliates who is also one of our officers or directors becomes aware of a potential business opportunity, transaction or other matter (other than one expressly offered to that director or officer in writing solely in his or her capacity as our director or officer), that director or officer will have no duty to communicate or offer that opportunity to us, and will be permitted to communicate or offer that opportunity to such affiliates and that director or officer will not be deemed to have (i) acted in a manner inconsistent with his or her fiduciary or other duties to us regarding the opportunity or (ii) acted in bad faith or in a manner inconsistent with our best interests.

These provisions create the possibility that a corporate opportunity that would otherwise be available to us may be used for the benefit of one of our affiliates.

We have engaged in transactions with our affiliates and expect to do so in the future. The terms of such transactions and the resolution of any conflicts that may arise may not always be in our or our common stockholders’ best interests.

We have engaged in transactions and expect to continue to engage in transactions with affiliated companies. As described in ‘*Certain Relationships and Related Party Transactions*’ these include, among others, agreements to provide our services and frac sand products to our affiliates and agreements pursuant to

Table of Contents

which our affiliates provide or will provide us with certain services, including administrative and advisory services and office space. Each of these entities is either controlled by or affiliated with Wexford or Gulfport, as the case may be, and the resolution of any conflicts that may arise in connection with such related party transactions, including pricing, duration or other terms of service, may not always be in our or our stockholders' best interests because Wexford and/or Gulfport may have the ability to influence the outcome of these conflicts. For a discussion of potential conflicts, see *"—Risks Inherent to this Offering and Our Common Stock—Our two largest stockholders control a significant percentage of our common stock, and their interests may conflict with those of our other stockholders."*

There has been no public market for our common stock and if the price of our common stock fluctuates significantly, your investment could lose value.

Prior to this offering, there has been no public market for our common stock. Although we intend to apply for a listing of our common stock on The NASDAQ Global Market, an active public market may not develop for our common stock or that our common stock will trade in the public market subsequent to this offering at or above the initial public offering price. If an active public market for our common stock does not develop, the trading price and liquidity of our common stock will be materially and adversely affected. If there is a thin trading market or "float" for our common stock, the market price for our common stock may fluctuate significantly more than the stock market as a whole. Without a large float, our common stock is less liquid than the securities of companies with broader public ownership and, as a result, the trading prices of our common stock may be more volatile. In addition, in the absence of an active public trading market, investors may be unable to liquidate their investment in us. The initial offering price, which will be negotiated between us and the underwriters, may not be indicative of the trading price for our common stock after this offering. In addition, the stock market is subject to significant price and volume fluctuations, and the price of our common stock could fluctuate widely in response to several factors, including:

- our quarterly or annual operating results;
- changes in our earnings estimates;
- investment recommendations by securities analysts following our business or our industry;
- additions or departures of key personnel;
- changes in the business, earnings estimates or market perceptions of our competitors;
- our failure to achieve operating results consistent with securities analysts' projections;
- changes in industry, general market or economic conditions; and
- announcements of legislative or regulatory change.

The stock market has experienced extreme price and volume fluctuations in recent years that have significantly affected the quoted prices of the securities of many companies, including companies in our industry. The changes often appear to occur without regard to specific operating performance. The price of our common stock could fluctuate based upon factors that have little or nothing to do with our company and these fluctuations could materially reduce the price for our common stock.

Upon completion of this offering, Wexford and Gulfport will beneficially own a substantial number of our common stock and may sell such common stock in the public or private markets. Future sales of these shares of common stock or substantial amounts of our common stock, or the perception that such sales may occur, could adversely affect the prevailing market price of our common stock.

Upon completion of this offering, Wexford and Gulfport will beneficially own _____ and _____ shares of our common stock, respectively, or _____ and _____ shares of our common stock, respectively, if the

Table of Contents

underwriters' over-allotment option is exercised in full. Future sales of these shares of common stock or substantial amounts of our common stock, or the perception that such sales may occur, could adversely affect the prevailing market price of our common stock. In addition, the sale of these shares could impair our ability to raise capital through the sale of additional common or preferred stock. After this offering, we will have _____ shares of common stock outstanding, excluding any equity awards granted under our equity incentive plan. All of the shares common of stock sold in this offering, except for any our common stock purchased by our affiliates, will be freely tradable.

Mammoth Holdings, Gulfport and Rhino, as the selling stockholders in this offering, and our directors and executive officers will be subject to agreements that limit their ability to sell our common stock held by them. These holders cannot sell or otherwise dispose of any shares of our common stock for a period of at least _____ days after the date of this prospectus, which period may be extended under limited circumstances, without the prior written approval of the representative of the underwriters. However, these lock-up agreements are subject to certain specific exceptions. In the event that one or more of our stockholders sells a substantial amount of our common stock in the public market, or the market perceives that such sales may occur, the price of our stock could decline.

If securities or industry analysts do not publish research or reports about our business, if they adversely change their recommendations regarding our stock or if our operating results do not meet their expectations, the price of our stock could decline.

The trading market for our common stock will be influenced by the research and reports that industry or securities analysts publish about us or our business. If one or more of these analysts cease coverage of our company or fail to publish reports on us regularly, we could lose visibility in the financial markets, which in turn could cause our stock price or trading volume to decline. Moreover, if one or more of the analysts who cover our company downgrades our stock or if our operating results do not meet their expectations, our stock price could decline.

Purchasers in this offering will experience immediate dilution and will experience further dilution with the future vesting or exercise of equity awards granted under our equity incentive plan.

The initial public offering price is substantially higher than the pro forma net tangible book value per share of common stock of our outstanding common stock. As a result, you will experience immediate and substantial dilution of approximately \$ _____ per share of common stock, representing the difference between our net tangible book value per share of common stock as of June 30, 2016 after giving effect to this offering and an assumed initial public offering price of \$ _____ (which is the midpoint of the range set forth on the cover of the prospectus). A \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share of common stock (which is the midpoint of the range set forth on the cover page of this prospectus) would increase (decrease) our net tangible book value per share of common stock after giving effect to this offering by \$ _____, and increase (decrease) the dilution to new investors by \$ _____, assuming the number of share of common stock offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated offered expenses payable by us. See "Dilution" for a description of dilution.

We may issue preferred stock whose terms could adversely affect the voting power or value of our common stock.

Our certificate of incorporation authorizes us to issue, without the approval of our stockholders, one or more classes or series of preferred stock having such designations, preferences, limitations and relative rights, including preferences over our common stock respecting dividends and distributions, as our board of directors may determine. The terms of one or more classes or series of preferred stock could adversely impact the voting power or value of our common stock. For example, we might grant holders of preferred stock the right to elect

[Table of Contents](#)

some number of our directors in all events or on the happening of specified events or the right to veto specified transactions. Similarly, the repurchase or redemption rights or liquidation preferences we might assign to holders of preferred stock could affect the residual value of the common stock.

Provisions in our certificate of incorporation and bylaws and Delaware law make it more difficult to effect a change in control of the company, which could adversely affect the price of our common stock.

The existence of some provisions in our certificate of incorporation and bylaws and Delaware corporate law could delay or prevent a change in control of our company, even if that change would be beneficial to our stockholders. Our certificate of incorporation and bylaws contain provisions that may make acquiring control of our company difficult, including:

- provisions regulating the ability of our stockholders to nominate directors for election or to bring matters for action at annual meetings of our stockholders;
- limitations on the ability of our stockholders to call a special meeting and act by written consent;
- the ability of our board of directors to adopt, amend or repeal bylaws, and the requirement that the affirmative vote of holders representing at least 66 2/3% of the voting power of all outstanding shares of capital stock be obtained for stockholders to amend our bylaws;
- the requirement that the affirmative vote of holders representing at least 66 2/3% of the voting power of all outstanding shares of capital stock be obtained to remove directors;
- the requirement that the affirmative vote of holders representing at least 66 2/3% of the voting power of all outstanding shares of capital stock be obtained to amend our certificate of incorporation; and
- the authorization given to our board of directors to issue and set the terms of preferred stock without the approval of our stockholders.

These provisions also could discourage proxy contests and make it more difficult for you and other stockholders to elect directors and take other corporate actions. As a result, these provisions could make it more difficult for a third party to acquire us, even if doing so would benefit our stockholders, which may limit the price that investors are willing to pay in the future for shares of our common stock.

Our certificate of incorporation designates courts in the State of Delaware as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or other employees.

Our certificate of incorporation provides that, subject to limited exceptions, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for:

- Any derivative action or proceeding brought on our behalf;
- Any action asserting a claim of breach of fiduciary duty owed by any of our directors, officers or other employees to us or our stockholders;
- Any action asserting a claim against us arising pursuant to any provision of the Delaware General Corporation Law; or
- Any other action asserting a claim against us that is governed by the internal affairs doctrine.

Table of Contents

In addition, our certificate of incorporation provides that if any action specified above (each is referred to herein as a covered proceeding), is filed in a court other than the specified Delaware courts without the approval of our board of directors (each is referred to herein as a foreign action), the claiming party will be deemed to have consented to (i) the personal jurisdiction of the specified Delaware courts in connection with any action brought in any such courts to enforce the exclusive forum provision described above and (ii) having service of process made upon such claiming party in any such enforcement action by service upon such claiming party's counsel in the foreign action as agent for such claiming party.

These provisions may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our directors, officers or other employees, which may discourage such lawsuits against us and our directors, officers and employees. Alternatively, if a court were to find these provisions of our certificate of incorporation inapplicable to, or unenforceable in respect of, one or more of the covered proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could adversely affect our business and financial condition.

We do not intend to pay cash dividends on our common stock in the foreseeable future, and therefore only appreciation of the price of our common stock will provide a return to our stockholders.

We currently anticipate that we will retain all future earnings, if any, to finance the growth and development of our business. We do not intend to pay cash dividends in the foreseeable future. Any future determination as to the declaration and payment of cash dividends will be at the discretion of our board of directors and will depend upon our financial condition, results of operations, contractual restrictions, capital requirements, business prospects and other factors deemed relevant by our board of directors. In addition, the terms of our revolving credit facility prohibit us from paying dividends and making other distributions. As a result, only appreciation of the price of our common stock, which may not occur, will provide a return to our stockholders.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements. These forward-looking statements are subject to a number of risks and uncertainties, many of which are beyond our control, which may include statements about our:

- business strategy;
- planned acquisitions and future capital expenditures;
- ability to obtain permits and governmental approvals;
- technology;
- financial strategy;
- future operating results; and
- plans, objectives, expectations and intentions.

All of these types of statements, other than statements of historical fact included in this prospectus, are forward-looking statements. These forward-looking statements may be found in the “*Prospectus Summary*,” “*Risk Factors*,” “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*,” “*Business*” and other sections of this prospectus. In some cases, you can identify forward-looking statements by terminology such as “may,” “could,” “should,” “expect,” “plan,” “project,” “budget,” “intend,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “pursue,” “target,” “seek,” “objective” or “continue,” the negative of such terms or other comparable terminology.

The forward-looking statements contained in this prospectus are largely based on our expectations, which reflect estimates and assumptions made by our management. These estimates and assumptions reflect our best judgment based on currently known market conditions and other factors. Although we believe such estimates and assumptions to be reasonable, they are inherently uncertain and involve a number of risks and uncertainties that are beyond our control. In addition, our management’s assumptions about future events may prove to be inaccurate. Our management cautions all readers that the forward-looking statements contained in this prospectus are not guarantees of future performance, and we cannot assure any reader that such statements will be realized or the forward-looking events and circumstances will occur. Actual results may differ materially from those anticipated or implied in the forward-looking statements due to the many factors including those described in the “*Risk Factors*” section and elsewhere in this prospectus. All forward-looking statements speak only as of the date of this prospectus. We do not intend to publicly update or revise any forward-looking statements as a result of new information, future events or otherwise. These cautionary statements qualify all forward-looking statements attributable to us or persons acting on our behalf.

USE OF PROCEEDS

Our net proceeds from the sale of _____ shares of common stock in this offering, assuming a public offering price of \$ _____ per share (which is the midpoint of the range set forth on the cover of this prospectus), are estimated to be \$ _____ million, after deducting underwriting discounts and commissions and estimated offering expenses. The net proceeds we receive are estimated to be \$ _____ million if the underwriters' option to purchase additional shares is exercised in full. We intend to use the net proceeds from this offering to repay our outstanding borrowings under our revolving credit facility. Any remaining net proceeds will be used for other general corporate purposes, which may include the acquisition of additional equipment and complementary businesses.

As of June 30, 2016, we had \$82.3 million in borrowings outstanding under our revolving credit facility, with a weighted average interest rate of 3.3%. As of August 1, 2016, our outstanding borrowings under our revolving credit facility were \$80.0 million. Our revolving credit facility matures on November 25, 2019.

An increase or decrease in the initial public offering price of \$1.00 per share would cause the net proceeds that we will receive in this offering to increase or decrease by approximately \$ _____ million.

We will not receive any proceeds from the sale of shares by the selling stockholders, including any sale the selling stockholders may make upon exercise of the underwriters' option to purchase additional shares.

DIVIDEND POLICY

Mammoth Energy Services, Inc. has never declared or paid any cash dividends on its capital stock. We currently intend to retain all available funds and any future earnings for use in the operation and expansion of our business and do not anticipate declaring or paying any cash dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our board of directors and will depend on then-existing conditions, including our financial condition, results of operations, contractual restrictions, capital requirements, business prospects and other factors that our board of directors considers relevant. In addition, the terms of our existing outstanding borrowings restrict the payment of dividends to the holders of our common stock and any other equity holders.

CAPITALIZATION

The following table sets forth our cash and cash equivalents and capitalization as of June 30, 2016:

- on an actual basis;
- pro forma as adjusted to give effect to (i) the issuance of _____ shares of common stock to Mammoth Holdings, Gulfport and Rhino in the contribution, and (ii) the sale of _____ shares of our common stock in this offering at an assumed initial public offering price of \$ _____ per share of common stock (which is the midpoint of the range set forth on the cover of this prospectus), our receipt of an estimated \$ _____ million of net proceeds from this offering after deducting underwriting discounts and commissions and estimated offering expenses and the use of a portion of those proceeds to repay outstanding borrowings under our revolving credit facility. See “*Use of Proceeds*.”

This table does not reflect the issuance of up to _____ shares of our common stock that may be sold to the underwriters upon exercise of their option to purchase additional shares from us, or the use of the resulting proceeds. You should read the following table in conjunction with “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and our consolidated financial statements and related notes appearing elsewhere in this prospectus.

- (1) Mammoth Energy Services, Inc. was formed in June 2016 and has not and will not conduct any material business operations prior to the contribution other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Partners. Immediately prior to the effectiveness of the registration statement of which this prospectus is a part, Mammoth Partners will convert to a Delaware limited liability company named Mammoth Energy Partners LLC, and Mammoth Holdings, Gulfport and Rhino will contribute their respective interests in Mammoth Partners LLC to Mammoth Energy Services, Inc., and Mammoth Partners LLC will become its wholly-owned subsidiary. The data in the “Actual” column of this table has been derived from the historical consolidated financial statements and other financial information of Mammoth Partners and its consolidated subsidiaries included in this prospectus.

Table of Contents

- (2) A \$1.00 increase (decrease) in the assumed initial public offering price of \$ per share (which is the midpoint of the range set forth on the cover of this prospectus) would increase (decrease) each of cash and cash equivalents, additional paid-in-capital and total capitalization by \$ million, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us.
- (3) Represents borrowings outstanding under our revolving credit agreements, which borrowings will be repaid in full with a portion of the net proceeds from this offering.
- (4) Upon completion of this offering, we will recognize deferred tax liabilities and assets for temporary differences between the historical cost basis and tax basis of our assets and liabilities. Based on estimates of those temporary differences as of June 30, 2016, a net deferred tax liability of approximately \$58.4 million will be recognized with a corresponding charge to earnings.

DILUTION

Dilution is the amount by which the offering price paid by the purchasers of our common stock sold in this offering will exceed the pro forma net tangible book value per share after the offering. Our reported net tangible book value as of June 30, 2016 was \$ million. Net tangible book value per share before the offering is determined by dividing the net tangible book value (total tangible assets less total liabilities) by the number of shares of common stock (shares) to be issued to Mammoth Holdings, Gulfport and Rhino in connection with the contribution. Assuming the sale by us of shares of common stock offered in this offering at an estimated initial public offering price of \$ per share (which is the midpoint of the range set forth on the cover of this prospectus) and after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, our net tangible book value as of June 30, 2016 would have been approximately \$ million, or \$ per share, after giving pro forma effect to the contribution. This represents an immediate increase in net tangible book value of \$ per share to our existing stockholders and an immediate dilution of \$ per share to new investors purchasing shares at the initial public offering price.

The following table illustrates the per share dilution:

Assumed initial public offering price per share	\$
Net tangible book value per share as of June 30, 2016	\$
Increase per share attributable to new investors	\$
As adjusted net tangible book value per share after the offering	\$
Dilution per share to new investors	\$

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ per share (which is the midpoint of the range set forth in the cover of this prospectus) would increase (decrease) our net tangible book value after the offering by \$, and increase (decrease) the dilution to new investors by \$, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated offering expenses payable by us.

The following table sets forth, as of June 30, 2016, after giving pro forma effect to the contribution, the number of shares to be issued by us in the contribution, the holders of which will be our existing equity holders immediately prior to the closing of this offering, and by the new investors at the assumed initial public offering price of \$ per share, together with the total consideration paid and average price per share paid by each of these groups, before deducting underwriting discounts and commissions and estimated offering expenses.

	Common Shares Purchased		Total Consideration		Average Price
	Number	Percent	Amount	Percent	Per Share
Existing stockholders		%	\$	%	\$
New investors		%		%	
Total		100.0%	\$	100.0%	\$

If the underwriters' option to purchase additional shares is exercised in full, the number of shares held by new investors will be increased to , or approximately % of the total number of shares of common stock.

The date in the table excludes shares of common stock reserved for issuance under our equity incentive plan.

SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA

The following table sets forth our selected historical consolidated financial data as of and for each of the periods indicated. The selected historical consolidated financial data as of December 31, 2015 and 2014 and for the years ended December 31, 2015 and 2014 are derived from the historical audited consolidated financial statements of Mammoth Partners and its consolidated subsidiaries included elsewhere in this prospectus. The selected consolidated historical financial data as of June 30, 2016 and for the six months ended June 30, 2016 and 2015 are derived from the historical unaudited consolidated financial statements of Mammoth Partners and its consolidated subsidiaries included elsewhere in this prospectus. The selected consolidated historical balance sheet data as of June 30, 2015 are derived from the unaudited consolidated balance sheet of Mammoth Partners and its consolidated subsidiaries as of such date, which is not included in this prospectus. The unaudited pro forma C Corporation financial data presented give effect to income taxes assuming we operated as a taxable corporation since January 1, 2014. Operating results for the years ended December 31, 2015 and 2014 and the six months ended June 30, 2016 and 2015 are not necessarily indicative of results that may be expected for any future periods. You should review this information together with “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and the historical consolidated financial statements and related notes of Mammoth Partners and its consolidated subsidiaries included elsewhere in this prospectus.

- (1) Mammoth Energy Services, Inc. was formed in June 2016, and has not and will not conduct any material business operations prior to the contribution described below other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Partners. Except as expressly noted otherwise, the historical financial information of Mammoth Energy Services, Inc. included in this prospectus is derived from the consolidated financial statements of Mammoth Partners and its consolidated subsidiaries. Mammoth Partners was treated as a partnership for federal income tax purposes. As a result, essentially all of the taxable earnings and losses of Mammoth Partners were passed through to its limited partners, and Mammoth Partners did not pay federal income taxes at the entity level. Immediately prior to the effectiveness of the registration statement of which this prospectus is a part, Mammoth Partners will convert to a Delaware limited liability company named Mammoth Energy Partners LLC, and Mammoth Holdings, Gulfport and Rhino will contribute their respective interests in Mammoth Partners LLC to Mammoth Energy Services, Inc., and Mammoth Partners LLC will become its wholly-owned subsidiary. In connection with the contribution, all of the subsidiaries of Mammoth Partners will become subsidiaries of Mammoth Energy Services, Inc. and, because we will be a subchapter C corporation under the Code, all of our subsidiaries' earning will become subject to federal income tax. For comparative purposes, we have included a pro forma financial data for the historical periods to give effect to income taxes assuming the earnings of these entities had been subject to federal income tax as a subchapter C corporation since inception. The unaudited pro forma data is presented for informational purposes only, and does not purport to project our results of operations for any future period or our financial position as of any future date.
- (2) Related party revenue, costs and expenses are those that we paid to or received from one or more affiliated parties.

Table of Contents

- (3) Unaudited pro forma basic and diluted income (loss) per share will be presented for the latest fiscal year and interim period on the basis of the aggregate number of shares to be issued in connection with the contribution, upon determination of the number of those shares.
- (4) Adjusted Gross Profit and Adjusted EBITDA are supplemental non-GAAP financial measures that are used by management and external users of our financial statements, such as industry analysts, investors, lenders and rating agencies. We define Adjusted Gross Profit as net income (loss) before selling, general and administrative expenses, other non-operating (income) expense, net, interest income, interest expense, depreciation and amortization, impairment of long-lived assets and income taxes. We define Adjusted EBITDA as net loss before interest expense, interest income, provision (benefit) for income taxes, depreciation and amortization expense, impairment of long-lived assets, equity based compensation and other non-operating income or expense, net (which is comprised of the (gain) or loss on disposal of long-lived assets, as well as charges associated with Mammoth Partner's proposed public offering in 2014). We exclude the items listed above from net loss in arriving at Adjusted EBITDA because these amounts can vary substantially from company to company within our industry depending upon accounting methods and book values of assets, capital structures and the method by which the assets were acquired. Adjusted Gross Profit and Adjusted EBITDA should not be considered as alternatives to, or more meaningful than, net income (loss) or cash flows from operating activities as determined in accordance with GAAP or as an indicator of our operating performance or liquidity. Certain items excluded from Adjusted Gross Profit and Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets, none of which are components of Adjusted Gross Profit and Adjusted EBITDA. Our computations of Adjusted Gross Profit and Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. We believe that Adjusted Gross Profit and Adjusted EBITDA are widely followed measures of operating performance and may also be used by investors to measure our ability to meet debt service requirements.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the "Prospectus Summary—Summary Consolidated Historical and Pro Forma Financial Data," "Selected Historical Consolidated Financial Data," and the historical consolidated financial statements and related notes included elsewhere in this prospectus. This discussion contains forward-looking statements reflecting our current expectations and estimates and assumptions concerning events and financial trends that may affect our future operating results or financial position. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" appearing elsewhere in this prospectus.

Company Overview

We are an integrated, growth-oriented oilfield service company providing completion and production, natural sand proppant services, contract land and directional drilling and remote accommodation services primarily to companies engaged in the exploration and development of North American onshore unconventional oil and natural gas reserves.

Mammoth Energy Services, Inc. was formed in June 2016, and has not and will not conduct any material business operations prior to the contribution described below other than certain activities related to the preparation of the registration statement for this offering. Mammoth Energy Services, Inc. is a wholly-owned subsidiary of Mammoth Partners. On November 24, 2014, Mammoth Holdings, Gulfport and Rhino contributed to Mammoth Partners their respective interests in the following entities: Bison Drilling; Bison Trucking; White Wing; Barracuda; Panther Drilling; Redback Energy Services; Redback Coil Tubing; Pump Down; Muskie Proppant; Pressure Pumping; Logistics; and Sand Tiger. Upon completion of these contributions, Mammoth Holdings, Gulfport and Rhino beneficially owned a 68.7%, 30.5% and 0.8% equity interest, respectively, in Mammoth Partners. Immediately prior to the effectiveness of the registration statement of which this prospectus is a part, Mammoth Partners will convert to a Delaware limited liability company named Mammoth Energy Partners LLC, and Mammoth Holdings, Gulfport and Rhino will contribute their respective interests in Mammoth Partners LLC to Mammoth Energy Services, Inc., and Mammoth Partners LLC will become its wholly-owned subsidiary. Except as expressly noted otherwise, the historical financial information of Mammoth Energy Services, Inc. included in this prospectus is derived from the consolidated financial statements of Mammoth Partners and its consolidated subsidiaries. The historical consolidated financial information of Mammoth Partners included in this prospectus is not indicative of the results that may be expected in any future periods. For more information, please see "Prospectus Summary—Summary Consolidated Historical and Pro Forma Financial Data" and related notes thereto included elsewhere in this prospectus.

Since the dates presented below, we have conducted our operations through the following entities, which comprise our four operating divisions: completion and production services, natural sand proppant services, contract land and directional drilling services, and remote accommodation services. These entities commenced operations on the dates indicated below.

- Completion and Production Services Division
 - Redback Energy Services—October 2011
 - Pressure Pumping—March 2012
 - Redback Coil Tubing—May 2012

Our completion and production division provides pressure pumping services, flowback services and equipment rental. Our natural sand proppant division sells, distributes, and is capable of producing proppant for hydraulic fracturing. Our contract land and directional drilling services division provides drilling rigs and crews for operators as well as rental equipment, such as mud motors and operational tools, for both vertical and horizontal drilling. Our remote accommodations division provides housing, kitchen and dining, and recreational service facilities for oilfield workers located in remote areas away from readily available lodging.

Our customers are predominantly independent oil and natural gas exploration and production companies, and oilfield service companies that use natural sand proppant for hydraulic fracturing. We have facilities and service centers that are strategically located to primarily serve resource plays in the United States, including the Utica Shale in Eastern Ohio, the Permian Basin in West Texas, the Marcellus Shale in Pennsylvania, the Granite Wash in Oklahoma and Texas, the Cana Woodford Shale and the Cleveland Sand in Oklahoma, the Eagle Ford shale in South Texas and the oil sands in Alberta, Canada.

Our primary business objective is to grow our operations and create value for our stockholders through growth opportunities and accretive acquisitions. To achieve this objective, we plan to:

- capitalize on the activity in the unconventional resource plays primarily in the Permian Basin and Utica Shale, using our equipment which is designed to provide services for unconventional wells;
- grow our existing customer relationships by cross selling our services and expanding to other geographic regions in which our customers operate;
- monitor demand and expand our service offerings as warranted by investing in new equipment and facilities, initially focusing on our hydraulic fracturing and natural sand proppant businesses, to add services and extend our presence in areas that we currently serve and other geographic locations; and

- grow our business, relationships and service offerings by acquiring select companies and assets that are accretive and enhance our existing service offerings, broaden our service offerings or expand our customer relationships.

Industry Overview

The oil and natural gas industry has traditionally been volatile and is influenced by a combination of long-term, short-term and cyclical trends, including the domestic and international supply and demand for oil and natural gas, current and expected future prices for oil and natural gas and the perceived stability and sustainability of those prices, production depletion rates and the resultant levels of cash flows generated and allocated by exploration and production companies to their drilling, completion and related services and products budget. The oil and natural gas industry is also impacted by general domestic and international economic conditions, political instability in oil producing countries, government regulations (both in the United States and elsewhere), levels of customer demand, the availability of pipeline capacity and other conditions and factors that are beyond our control.

Demand for most of our products and services depends substantially on the level of expenditures by companies in the oil and natural gas industry. The significant decline in oil and natural gas prices that began in the third quarter of 2014 continued into February 2016, when the closing price of oil reached a 12-year low of \$26.19 per barrel on February 11, 2016. The low commodity price environment caused a reduction in the drilling, completion and other production activities of most of our customers and their spending on our products and services.

The reduction in demand, and the resulting oversupply of many of the services and products we provide, has substantially reduced the prices we can charge our customers for our products and services, and has had a negative impact on the utilization of our services. This overall trend with respect to our customers' activities and spending has continued in 2016. However, oil prices have increased since the 12-year low recorded on February 26, 2016, reaching \$51.23 per barrel in June 2016, and have ranged from \$39.50 to \$48.48 per barrel during August 2016. As commodity prices have begun to recover, we have experienced an increase in activity. If near term commodity prices stabilize at current levels and recover further, we expect to experience further increase in demand for our services and products, particularly in our completion and production, natural sand proppant and contract land and directional drilling businesses. We expect our remote accommodation revenues to remain stable through the third quarter of 2016. However, we currently project that our remote accommodation revenues will decrease in the fourth quarter of 2016 if we are unable to replace one customer that represented approximately 80.6% of our remote accommodation services during the first half of 2016 when it completes the construction phase of its project, which is currently estimated to occur in October 2016.

- (1) Adjusted Gross Profit is a supplemental non-GAAP financial measure that is used by management and external users of our financial statements, such as industry analysts, investors, lenders and rating agencies. We define Adjusted Gross Profit as net income (loss) before selling, general and administrative expenses, other non-operating (income) expense, net, interest expense, interest income, depreciation and amortization, impairment of long-lived assets and income taxes. For a reconciliation of Adjusted Gross Profit to net income (loss), the most comparable GAAP measure, see page 54 of “Selected Historical Consolidated Financial Data” appearing in this prospectus.

Six Months Ended June 30, 2016 Compared to Six Months Ended June 30, 2015

Revenue. Revenue for the six months ended June 30, 2016 decreased \$116.5 million, or 53.0%, to \$103.4 million from \$219.9 million for the six months ended June 30, 2015. The decrease in revenue by operating division was as follows:

Completion and Production Services. Completion and production services division revenue decreased \$60.2 million, or 49.5%, to \$61.3 million for the six months ended June 30, 2016 from \$121.5 million for the six months ended June 30, 2015. The decrease was primarily attributable to reduction in demand for our pressure pumping services, which accounted for \$45.9 million, or 76.2%, of the operating

division decrease. The decrease in our pressure pumping services revenue was driven by a decline in fleet utilization from 87% for the six months ended June 30, 2015 to 50% for the six months ended June 30, 2016, primarily attributable to the suspension of pressure pumping services by Gulfport during the first quarter of 2016. The services and fees so suspended have been reallocated and are being paid the second and third quarters of 2016. Our flowback services accounted for \$8.8 million, or 14.6%, of our operating division decrease, as a result of discontinuing our flowback operations in the Appalachian Basin in December 2015 combined with a decline in both pricing and utilization of such services in our other basins. Our coil tubing services accounted for \$3.2 million, or 5.3%, of our operating division decrease, as a result of a decline in average day rates from approximately \$29,800 for the six months ended June 30, 2015 to approximately \$18,500 for the six months ended June 30, 2016. Our pump down services accounted for \$2.3 million, or 3.8%, of our operating division decrease, as a result of our suspension of pump down services in the Woodford Shale during the fourth quarter of 2015.

Contract Land and Directional Drilling Services. Contract land and directional drilling services division revenue decreased \$33.0 million, or 74.0%, from \$44.6 million for the six months ended June 30, 2015 to \$11.6 million for the six months ended June 30, 2016. The decrease was primarily attributable to a decline in demand for our land drilling services, which accounted for \$27.8 million, or 84.2%, of the operating division decrease. The decrease in our land drilling services was driven by a decline in average active rigs from ten for the six months ended June 30, 2015 to three for the six months ended June 30, 2016 as well as a decline in average day rates from approximately \$20,000 to approximately \$13,000 during those same periods. Our directional drilling services accounted for \$3.7 million, or 11.2%, of the operating division decrease as a result of utilization declining from 36% for the six months ended June 30, 2015 to 14% for the six months ended June 30, 2016. Our rig moving services accounted for \$1.3 million, or 3.9%, of the operating division decrease primarily driven by the decline in our land drilling services. Our drill pipe inspection services accounted for \$0.2 million, or 0.7%, of the operating division decrease as a result of the decline in our land drilling services.

Natural Sand Proppant Services. Natural sand proppant services division revenue decreased \$19.2 million, or 54.9%, to \$15.8 million for the six months ended June 30, 2016, from \$35.0 million for the six months ended June 30, 2015. The decrease was primarily attributable to the decline in our pressure pumping services, which resulted in a decline in tons of sand sold from approximately 343,000 in the six months ended June 30, 2015 to approximately 241,000 in the six months ended June 30, 2016 and a 45.1% decrease in the average price per ton of sand sold.

Remote Accommodation Services. Remote accommodation services division revenue decreased \$4.2 million, or 22.2%, to \$14.7 million for the six months ended June 30, 2016 from \$18.9 million for the six months ended June 30, 2015. The decrease was a result of a decrease of \$5.00 in average revenue per room night from \$184 for the six months ended June 30, 2015 to \$179 for the six months ended June 30, 2016 and a 9.0% decrease in total room nights from 126,345 for the six months ended June 30, 2015 to 114,942 for the six months ended June 30, 2016.

Adjusted Gross Profit. Adjusted gross profit for the six months ended June 30, 2016 was \$19.2 million, or 18.6% of total revenue, compared to adjusted gross profit of \$54.1 million, or 24.6% of total revenue, for the six months ended June 30, 2015. Adjusted gross profit by operating division was as follows:

Completion and Production Services. Completion and production services division adjusted gross profit was \$9.9 million, or 16.2% of revenue, for the six months ended June 30, 2016, compared to \$27.7 million, or 22.8% of revenue, for the six months ended June 30, 2015. The decrease in adjusted gross profit was primarily attributable to a decline in demand for our pressure pumping services, which experienced a 37% decline in utilization period-over-period. Our pressure pumping services adjusted gross profit decreased \$12.7 million, or 71.3% of the operating division change, from the six months ended June 30, 2015 to the six months ended June 30, 2016. Our flowback services adjusted gross profit decreased

Table of Contents

\$3.7 million, or 20.8% of the operating division change, primarily due to reduced completions activity by our customers during the six months ended June 30, 2016 compared to the six months ended June 30, 2015. Coil tubing services adjusted gross profit decreased \$0.6 million, or 3.4% of the completion and production services division change, from the six months ended June 30, 2015 compared to the six months ended June 30, 2016. Our remaining service lines experienced a decline of \$0.8 million in adjusted gross profit, or 4.5%, during the six months ended June 30, 2016 compared to the six months ended June 30, 2015 primarily due to reduced activity levels of our customers and lower pricing.

Contract Land and Directional Drilling Services. Contract land and directional drilling services adjusted gross profit was \$(1.3) million, or (11.2)% of revenue, in the six months ended June 30, 2016 compared to \$11.3 million, or 25.3% of revenue, during the six months ended June 30, 2015. The decrease in adjusted gross profit was primarily attributable to a decline in the average active number of rigs from ten during the six months ended June 30, 2015 to three for the six months ended June 30, 2016. The decrease in adjusted gross profit as a percentage of revenue was primarily attributable to both the decline in average active number of rigs as well as a decline in average day rates, each as quantified above. Our contract land drilling services division accounted for \$12.2 million, or 96.8%, of the operating division change in adjusted gross profit from the six months ended June 30, 2015 compared to the six months ended June 30, 2016. Our remaining service lines, drillpipe inspection and rig moving, experienced a decline of \$0.4 million, or 3.2%, of the operating division change in adjusted gross profit due to reduced activity levels of our customers.

Natural Sand Proppant Services. Natural sand proppant services adjusted gross profit was \$2.4 million, or 15.2% of revenue, for the six months ended June 30, 2016, compared to \$4.2 million, or 12.0% of revenue, for the six months ended June 30, 2015. The decrease in adjusted gross profit was primarily attributable to the decline in our pressure pumping services. The decrease in adjusted gross profit as a percentage of revenue was primarily attributable to the decline in demand for our pressure pumping services along with pricing pressure on proppant as a result of reduced completion activity industry-wide.

Remote Accommodation Services. Remote accommodation services division adjusted gross profit was \$8.2 million, or 55.8% of revenue, for the six months ended June 30, 2016, compared to \$10.9 million, or 57.7% of revenue, for the six months ended June 30, 2015. The decrease in adjusted gross profit was primarily attributable to an average \$5.00 decrease in revenue per room night and a 9.0% decrease in total room nights. The decrease in adjusted gross profit as a percentage of revenue was primarily attributable to reduced contribution margin as a result of the decrease in revenue per room night and total room nights.

Selling, General and Administrative Expenses. Selling, general and administrative expenses represent the costs associated with managing and supporting our operations. These expenses decreased \$1.8 million, or 18.2%, to \$8.1 million for the six months ended June 30, 2016, from \$9.9 million for the six months ended June 30, 2015. The decrease in expenses was primarily attributable to a \$1.6 million reduction in compensation and benefits for the six months ended June 30, 2016 compared to the six months ended June 30, 2015. In addition to the decrease in compensation and benefits, professional fees decreased by \$0.2 million for the six months ended June 30, 2016 compared to the six months ended June 30, 2015. The remaining decrease period-over period was primarily driven by decreases in both office and computer support expense.

Depreciation and Amortization. Depreciation and amortization was \$35.7 million for the six months ended June 30, 2016 compared to \$35.7 million for the six months ended June 30, 2015.

Impairment of Long-Lived Assets. We recorded an impairment of long-lived assets of \$1.9 million for the six months ended June 30, 2016, compared to \$4.5 million for the six months ended June 30, 2015. For the six months ended June 30, 2016, the impairment was attributable to various fixed assets. The impairment during the six months ended June 30, 2015, was attributable to \$2.6 million in various fixed assets and \$1.9 million on a terminated long-term contract.

Table of Contents

Other (Expense) Income, Net. Other income, net was \$0.7 million for the six months ended June 30, 2016, consisting primarily of the gain on disposal of long-lived assets, compared to other expense, net of \$2.0 million for the six months ended June 30, 2015, consisting primarily of the loss on disposal of long-lived assets.

Interest Expense. Interest expense decreased \$0.7 million, or 25.0%, to \$2.1 million during the six months ended June 30, 2016, compared to \$2.8 million in the six months ended June 30, 2015. The decrease in interest expense was attributable to a decrease in average borrowings during the six months ended June 30, 2016.

Income Taxes. We are treated as a pass-through entity for federal income tax and most state income tax purposes. The income tax expense recognized was primarily attributable to Sand Tiger, which provides our remote accommodation services. For the six months ended June 30, 2016, we recognized income tax expense of \$1.7 million compared to an income tax expense of \$1.6 million for the six months ended June 30, 2015. The change was primarily attributable to the six months ended June 30, 2015 including, at the level of Sand Tiger's immediate parent, a federal income tax credit of \$0.6 million associated with foreign income taxes incurred by Sand Tiger. Prior to 2015 year-end, however, and entity election was filed with the IRS to make this holding entity for Sand Tiger a disregarded entity, thus negating the ability to accrue and utilize foreign tax credits at the partnership level.

Net Loss. Net loss for the six months ended June 30, 2016 was \$29.5 million, compared to a net loss of \$2.4 million for the six months ended June 30, 2015. Net loss by operating division was as follows:

Completion and Production Services. Completion and production services division net loss was \$16.1 million for the six months ended June 30, 2016, compared to net income of \$2.1 million for the six months ended June 30, 2015. The decrease in net income was primarily attributable to our pressure pumping services, which experienced a 37% decline in utilization period-over-period.

Contract Land and Directional Drilling Services. Contract land and directional drilling services net loss was \$16.7 million for the six months ended June 30, 2016, compared to net loss of \$9.7 million for the six months ended June 30, 2015. The increase in net loss was primarily attributable to a decline in the average active number of rigs from ten during the six months ended June 30, 2015 to three for the six months ended June 30, 2016. Additionally, increases in impairments period over period contributed to the increase in net loss.

Natural Sand Proppant Services. Natural sand proppant services net loss was \$1.0 million for the six months ended June 30, 2016, compared to net loss of \$1.4 million for the six months ended June 30, 2015. The change in net loss period-over-period was primarily due to the decline in adjusted gross profit partially offset by decreases in impairments.

Remote Accommodation Services. Remote accommodation services division net income was \$4.3 million for the six months ended June 30, 2016, compared to \$6.7 million for the six months ended June 30, 2015. The decrease in net income was primarily attributable to an average \$5.00 decrease in revenue per room night and a 9.0% decrease in total room nights, partially offset by a decrease in provision for income taxes of \$0.5 million.

Year Ended December 31, 2015 Compared to Year Ended December 31, 2014

Revenue. Revenue for the year ended December 31, 2015 increased \$100.4 million, or 38.7%, to \$359.9 million from \$259.5 million for the year ended December 31, 2014. The net increase in revenue by operating division was as follows:

Completion and Production Services. Completion and production services division revenue increased \$128.6 million, or 183.2%, to \$198.8 million for the year ended December 31, 2015 from \$70.2 million for the year ended December 31, 2014. The increase was primarily attributable to our pressure

Table of Contents

pumping services, which were acquired in connection with our acquisition of Stingray Pressure Pumping LLC in November 2014 and accounted for \$149.2 million, or 116.0% of the division increase in revenue. The increase in revenue in our pressure pumping services was partially offset by decreases in revenue from both our coil tubing and flowback services, which decreased \$9.7 million and \$6.8 million, respectively. The decreases in revenue generated by our coil tubing and flowback services were 7.5% and 5.3%, respectively, of the net increase in revenues. Revenue generated by our remaining services in the completion and production services division declined by \$4.1 million, or 3.2% of the net increase in division revenue. This decrease was primarily driven by a decline in utilization in our pump down services, which saw a drop in utilization from 51% for the year ended December 31, 2014 to 21% for the year ended December 31, 2015.

Contract Land and Directional Drilling Services. Contract land and directional drilling services division revenue decreased \$49.0 million, or 40.2%, to \$73.0 million for the year ended December 31, 2015, from \$122.0 million for the year ended December 31, 2014. The decrease was primarily attributable to a decrease in revenue of \$41.2 million, or 84.1% of the net division decrease in revenue. The decrease in revenue was primarily attributable to a decline in average active rigs from 12 in 2014 to eight in 2015 as well as a decline in average day rates from \$18,900 to \$17,900 during those same periods. For the year ended December 31, 2015, our directional drilling services division saw a reduction of \$8.1 million, or 16.5%, of the net division decrease in revenue. Our rig moving and drill pipe inspection service lines saw a combined increase in revenue of \$0.3 million, or 0.8%, of the net decrease in revenue primarily driven by a full year of revenue from our drill pipe inspection service line, which began operations in September 2014.

Natural Sand Proppant Services. Natural sand proppant services division revenue increased \$6.5 million, or 14.0%, to \$52.8 million for the year ended December 31, 2015, from \$46.3 million for the year ended December 31, 2014. The increase was primarily attributable to an increase in our pressure pumping services.

Remote Accommodation Services. Remote accommodation services division revenue increased \$14.3 million, or 68.1%, to \$35.3 million for the year ended December 31, 2015 from \$21.0 million for the year ended December 31, 2014. The increase was a result of increased occupancy resulting from the expansion of camp capacity from 498 to 884 rooms in the fourth quarter of 2014 as well as an increase in room nights from 115,258 in 2014 to 251,233 in 2015. While the room nights increased, average revenue per room night declined from \$206 in 2014 to \$180 in 2015.

Adjusted Gross Profit. Adjusted gross profit for 2015 was \$83.6 million, or 23.2% of total revenue, compared to an adjusted gross profit of \$68.4 million, or 26.4% of total revenue, for 2014. Adjusted gross profit by operating division was as follows:

Completion and Production Services. Completion and production services division adjusted gross profit was \$39.0 million, or 19.6% of revenue, for 2015, compared to \$21.0 million, or 30.0% of revenue, for 2014. The increase in adjusted gross profit was primarily attributable to increased demand for our pressure pumping services, which accounted for \$34.6 million, or 192.2%, of the net division increase. The increased adjusted gross profit for our pressure pumping services year-over-year was partially offset by negative adjusted gross profit for our coil tubing, flowback and pumpdown services. Our coil tubing, flowback and pumpdown services accounted for adjusted gross profits of \$(8.5) million, \$(4.5) million and \$(2.3) million, respectively, which represented (42.3%), (22.4%) and (11.4%) of the net division increase. Our remaining service lines in the completion and production services division recorded an adjusted gross profit of \$(1.3) million, or (6.5%) of the net division increase. The decrease in adjusted gross profit as a percentage of revenue was primarily attributable to the negative adjusted gross profit margins for our completion and production services other than our pressure pumping services.

Contract Land and Directional Drilling Services. Contract land and directional drilling services adjusted gross profit was \$15.5 million, or 21.2% of revenue, in 2015, compared to \$28.6 million, or 23.4%

of revenue, in 2014. The decrease in adjusted gross profit was primarily attributable to the decline in the average number of active rigs and average day rates year-over-year. The decrease in adjusted gross profit as a percentage of revenue was primarily attributable to a lower coverage of fixed costs as a result of the decline in the average number of active rigs.

Natural Sand Proppant Services. Natural sand proppant services adjusted gross profit was \$8.9 million, or 16.9% of revenue, in 2015, compared to \$7.5 million, or 16.2% of revenue, in 2014. The increase in adjusted gross profit was primarily attributable to an increase in our pressure pumping services.

Remote Accommodation Services. Remote accommodation services division adjusted gross profit was \$20.2 million, or 57.2% of revenue, in 2015, compared to \$11.3 million, or 53.8% of revenue, in 2014. The increase in adjusted gross profit was primarily attributable to the increase in room nights year-over-year. The increase in adjusted gross profit as a percentage of revenue was primarily attributable to the year-over-year increase in revenue.

Selling, General and Administrative Expenses. Selling, general and administrative expenses represent the costs associated with managing and supporting our operations. These expenses increased \$3.5 million, or 20.6%, to \$20.5 million for 2015, from \$17.0 million for 2014. The increase in expenses was primarily attributable to a \$3.1 million increase in bad debt expense.

Depreciation and Amortization. Depreciation and amortization increased \$36.8 million, or 103.4%, to \$72.4 million for 2015 from \$35.6 million for 2014. The increase was primarily attributable to the \$101.5 million in property, plant and equipment and \$40.7 million in amortizable intangible assets that were acquired in connection with our acquisition of Stingray Pressure Pumping LLC and Stingray Logistics LLC on November 24, 2014. The remainder of the year-over-year increase was attributable to the \$111.7 million in property, plant and equipment purchased in 2014 and \$26.3 million in property, plant and equipment purchased in 2015.

Impairment of Long-lived Assets. We recorded an impairment of long-lived assets in 2015 of \$12.1 million, of which \$10.2 million was attributable to various fixed assets and \$1.9 million was attributable to the termination of a long-term contract. No impairment of long-lived assets was recorded by us in 2014.

Other (Expense) Income, Net. Other expense, net was \$2.2 million in 2015 consisting primarily of the loss on disposal of long-lived assets, compared to \$5.7 million in 2014, consisting primarily of charges associated with a proposed public offering in 2014.

Interest Expense. Interest expense increased \$0.6 million, or 13.0%, to \$5.2 million in 2015, compared to \$4.6 million in 2014. The increase in interest expense was attributable to increased average borrowings during 2015 due primarily to \$49.8 million in debt that was assumed in our acquisition of Stingray Pressure Pumping LLC and Stingray Logistics LLC on November 24, 2014. The increase in borrowings was offset by the repayment of \$70.4 million in debt during 2015.

Income Taxes. We are treated as a pass-through entity for federal income tax and most state income tax purposes. The income tax expense recognized was primarily attributable to Sand Tiger. For 2015, we recognized an income tax benefit of \$1.6 million compared to an income tax expense of \$7.5 million for 2014. The change was primarily attributable to deferred taxes recorded on income from Sand Tiger in the U.S. for 2014 related to an entity election that required us to disregard previously recorded deferred tax liability. We made an election on entity status in 2015 that allowed the reversal of the deferred taxes in 2015.

Net Loss. Net loss for the year ended December 31, 2015 was \$27.2 million, compared to a net loss of \$2.0 million for the year ended December 31, 2014. Net loss by operating division was as follows:

Completion and Production Services. Completion and production services division net loss was \$14.0 million for the year ended December 31, 2015, compared to net income of \$4.7 million for the year

Table of Contents

ended December 31, 2014. The decrease in net income was primarily attributable to additional depreciation of long-lived assets and amortization of intangibles in connection with our acquisition of Pressure Pumping in November 2014.

Contract Land and Directional Drilling Services. Contract land and directional drilling services net loss was \$30.4 million for the year ended December 31, 2015, compared to net loss of \$7.3 million for the year ended December 31, 2014. The increase in net loss was primarily attributable to a decline in the average active number of rigs from 12 during the year ended December 31, 2014 to eight for the year ended December 31, 2015. Additionally, during the year ended December 31, 2015, this operating division had impairments of \$8.9 million, while no impairment was recorded in the prior year.

Natural Sand Proppant Services. Natural sand proppant services net income was \$0.5 million for the year ended December 31, 2015, compared to net income of \$0.3 million for year ended December 31, 2014. The increase in net income was primarily attributable to an increase in our pressure pumping services due to our acquisition of Pressure Pumping in November 2014.

Remote Accommodation Services. Remote accommodation services division net income was \$16.7 million for the year ended December 31, 2015, compared to \$0.3 million for the year ended December 31, 2014. The increase in net income was primarily attributable to an increase in room nights from 115,258 for year ended December 31, 2014 to 251,233 for year ended December 31, 2015.

Liquidity and Capital Resources

We require capital to fund ongoing operations, including maintenance expenditures on our existing fleet and equipment, organic growth initiatives, investments and acquisitions. Since November 2014, our primary sources of liquidity have been cash on hand, borrowings under our revolving credit facility and cash flows from operations. Our primary use of capital has been for investing in property and equipment used to provide our services. Following the completion of this offering, our primary uses of cash will be for investing in property and equipment used to provide our services. We regularly monitor potential capital sources, including equity and debt financings, in an effort to meet our planned capital expenditures and liquidity requirements. Our future success will be highly dependent on our ability to access outside sources of capital.

As of June 30, 2016, we had an aggregate of \$82.3 million in borrowings outstanding under our revolving credit facility, leaving an aggregate of \$55.4 million of available borrowing capacity under this facility.

Liquidity and cash flow

The following table sets forth our cash flows for the periods indicated:

	Six Months Ended June 30,		Year Ended December 31,	
	2016	2015	2015	2014
Net cash provided by operating activities	\$ 11,842,981	\$ 43,911,916	\$ 68,392,616	\$ 8,247,714
Net cash provided by (used in) investing activities	616,558	(20,253,774)	(24,834,909)	(101,564,915)
Net cash (used in) provided by financing activities	(14,602,516)	(28,648,742)	(55,931,472)	103,125,751

Operating Activities

Net cash provided by operating activities was \$11.8 million for the six months ended June 30, 2016, compared to \$43.9 million for the six months ended June 30, 2015. The decrease in operating cash flows was primarily attributable to reduced utilization of our services and products and the fees we charged for such services and products, resulting in the decrease in adjusted gross profit.

Net cash provided by operating activities was \$68.4 million for the year ended December 31, 2015, compared to \$8.2 million for the year ended December 31, 2014. The increase in operating cash flows was primarily attributable to positive gross margin generated by our pressure pumping services as well as cash generated by working capital changes. The cash generated from working capital changes was primarily attributable to the collection of receivables.

Our operating cash flow is sensitive to many variables, the most significant of which are the timing of billing and customer collections and the purchase of sand inventories.

Investing Activities

Net cash provided by investing activities was \$0.6 million for the six months ended June 30, 2016, compared to net cash used in investing activities of \$20.3 million for the six months ended June 30, 2015. Substantially all cash used in investing activities was used to purchase property and equipment that is utilized to provide our services.

Net cash used in investing activities was \$24.8 million for the year ended December 31, 2015, compared to \$101.6 million for 2014. Substantially all cash used in investing activities was used to purchase property and equipment that is utilized to provide our services. The following table summarizes our capital expenditures by operating division for the periods indicated:

	Six Months Ended June 30,		Year Ended December 31,	
	2016	2015	2015	2014
Completion and production	\$ (1,175,371)	\$ (8,139,584)	\$ (10,937,821)	\$ (11,621,751)
Contract and directional drilling services	(423,095)	(10,470,054)	(12,650,831)	(85,801,345)
Natural sand proppant production	(106,252)	(125,578)	(171,202)	(4,587,464)
Remote accommodations	(844,240)	(1,838,831)	(2,491,821)	(9,679,496)
	<u>\$ (2,548,958)</u>	<u>\$ (20,574,047)</u>	<u>\$ (26,251,675)</u>	<u>\$ (111,690,056)</u>

Financing Activities

Net cash used in financing activities was \$14.6 million for the six months ended June 30, 2016, compared to \$28.6 million for the six months ended June 30, 2015. Substantially all cash used in financing activities was used to pay down net borrowings under our credit facilities. Net cash used in financing activities was \$55.9 million for the year ended December 31, 2015, compared to net cash provided by financing activities of \$103.1 million for 2014. In 2015, net cash used in financing activities was primarily attributable to net borrowings under our revolving credit facility. In 2014, net cash provided by financing activities was primarily attributable to net borrowings of \$53.7 million and capital contributions of \$51.8 million.

Working Capital

Our working capital totaled \$21.1 million, \$25.4 million and \$43.1 million at June 30, 2016, December 31, 2015 and December 31, 2014, respectively. Our cash balances totaled \$0.9 million, \$3.1 million and \$15.7 million at June 30, 2016, December 31, 2015 and December 31, 2014, respectively.

Our Revolving Credit Facility

On November 25, 2014, we entered into a \$170.0 million revolving credit and security agreement with PNC Capital Markets LLC, as lead arranger, PNC Bank, National Association, as the administrative and collateral agent, and the lenders from time-to-time party thereto. Our revolving credit facility matures on November 25, 2019. Borrowings under our revolving credit facility are secured by our and our subsidiaries' assets. The maximum availability for future borrowings under our revolving credit facility is subject to a borrowing base calculation prepared monthly. Concurrent with our entry into our revolving credit facility, we repaid all of our then existing subordinate debt with the initial advance under our revolving credit facility. Interest is payable monthly at a base rate set by the institution's commercial lending group plus applicable margin. Additionally, at our request, outstanding balances, are permitted to be converted to LIBOR rate plus applicable margin tranches at set increments of \$500,000. The LIBOR rate option allows us to select a more advantageous interest figure from one, two, and three or six month LIBOR futures spot rates, at our selection and based upon management's opinion of prospective lending rates. The applicable margin for either the base rate or the LIBOR rate option can vary from 1.5% to 3.0%, based upon a calculation of the excess availability of the line as a percentage of the maximum credit limit.

At June 30, 2016, \$80.0 million of the total outstanding balance of \$82.3 million under the facility was in a one month LIBOR rate option tranche with an interest rate of 3.19%. As of June 30, 2016, we had availability of \$55.4 million under our revolving credit facility.

Our revolving credit facility contains various customary affirmative and restrictive covenants. Among the covenants are various financial covenants, including a minimum interest coverage ratio (3.0 to 1.0), maximum leverage ratio (4.0 to 1.0) and minimum availability (\$10.0 million). As of June 30, 2016 and December 31, 2015, we were in compliance with all covenants.

Capital Requirements and Sources of Liquidity

As a result of the decline in drilling and completion activity, we reduced our capital expenditures in 2015 and have further reduced our capital expenditures in 2016. During the year ended December 31, 2015, our capital expenditures, excluding acquisitions, were approximately \$10.9 million, \$12.7 million, \$0.2 million and \$2.5 million in our completion and production services division, contract land and directional drilling services division, natural sand proppant production services division and remote accommodation services division, respectively, for aggregate capital expenditures of approximately \$26.3 million. During the six months ended June 30, 2016, our capital expenditures, excluding acquisitions, were approximately \$1.2 million, \$0.4 million, \$0.1 million and \$0.8 million in our completion and production services division, contract land and directional drilling services division, natural sand proppant production services division and remote accommodation services division, respectively, for aggregate capital expenditures of approximately \$2.5 million. During 2016, we currently estimate that our aggregate capital expenditures will be approximately \$3.7 million, of which approximately \$1.6 million has been allocated to our contract land and directional drilling division primarily for upgrades to our rig fleet, approximately \$0.5 million has been allocated to our remote accommodations service division primarily for an intersection upgrade, approximately \$0.1 million has been allocated to our natural sand proppant services division for a conveyor, and approximately \$1.5 million has been allocated to our completion and production services division primarily for upgrades on a coil tubing unit and for pressure pumping equipment. As of June 30, 2016, we have capital purchase commitments outstanding of \$1.4 million.

We believe that our operating cash flow and available borrowings under our revolving credit facilities will be sufficient to fund our operations for at least the next twelve months. However, future cash flows are subject to a number of variables, and significant additional capital expenditures will be required to conduct our operations. There can be no assurance that operations and other capital resources will provide cash in sufficient amounts to maintain planned or future levels of capital expenditures. Further, we do not have a specific acquisition budget for 2016 since the timing and size of acquisitions cannot be accurately forecasted. In the event we make one or

Table of Contents

more acquisitions and the amount of capital required is greater than the amount we have available for acquisitions at that time, we could be required to reduce the expected level of capital expenditures and/or seek additional capital. If we seek additional capital for that or other reasons, we may do so through borrowings under our revolving credit facility, joint venture partnerships, asset sales, offerings of debt and equity securities or other means. We cannot assure you that this additional capital will be available on acceptable terms or at all. If we are unable to obtain funds we need, we may not be able to complete acquisitions that may be favorable to us or finance the capital expenditures necessary to conduct our operations.

Contractual and Commercial Commitments

The following table summarizes our contractual obligations and commercial commitments as of December 31, 2015 (in thousands):

	Total	Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Contractual obligations:					
Long-term debt, including current portion(1)	\$ 95,000	\$ -	\$ -	\$ 95,000	\$ -
Interest on long-term debt	12,368	3,173	6,346	2,849	-
Operating lease obligations(2)	17,043	3,958	4,727	2,924	5,434
Purchase commitment to sand supplier(3)	2,800	2,800	-	-	-
	<u>\$ 127,211</u>	<u>\$ 9,931</u>	<u>\$ 11,073</u>	<u>\$ 100,773</u>	<u>\$ 5,434</u>

(1) The long-term debt excludes interest payments on each obligation.

(2) Operating lease obligations relate to real estate, rail cars and other equipment.

(3) The purchase commitment to a sand supplier represents our annual obligation to purchase a minimum amount of sand. If the minimum purchase requirement is not met, the shortfall is settled at the end of the year in cash.

Critical Accounting Policies and Estimates

The discussion and analysis of our financial condition and results of operations are based upon our combined financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. Below, we have provided expanded discussion of our more significant accounting policies, estimates and judgments. We believe these accounting policies reflect our more significant estimates and assumptions used in preparation of our financial statements. See Note 2 of our combined financial statements appearing elsewhere in this prospectus for a discussion of additional accounting policies and estimates made by management.

Use of Estimates. In preparing the financial statements, our management makes informed judgments and estimates that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include but are not limited to the allowance for doubtful accounts, reserves for self-insurance, depreciation and amortization of property and equipment, amortization of intangible assets, and future cash flows and fair values used to assess recoverability and impairment of long-lived assets, including goodwill.

Revenue Recognition. We generate revenue from multiple sources within our four operating divisions. In all cases, revenue is recognized when services are performed, collection of the receivables is probable, persuasive evidence of an arrangement exists and the price is fixed and determinable. Services are sold without warranty or the right to return. Taxes assessed on revenue transactions are presented on a net basis and are not included in revenue. The specific revenue sources are outlined as follows:

Completion and Production Services Revenue. Completion and production services are typically provided based upon a purchase order, contract or on a spot market basis. Services are provided on a day

Table of Contents

rate, contracted or hourly basis, and revenue is recognized as the work progresses. Jobs for these services are typically short-term in nature and range from a few hours to multiple days. Revenue is recognized upon the completion of each day's work based upon a completed field ticket, which includes the charges for the services performed, mobilization of the equipment to the location and the personnel involved in such services or mobilization. Additional revenue is generated through labor charges and the sale of consumable supplies that are incidental to the service being performed. The labor charges and the use of consumable supplies are reflected on completed field tickets.

Contract Land and Directional Drilling Services Revenue. Contract drilling services are provided under daywork or footage contracts, and revenue is recognized as the work progresses based on the days completed or the feet drilled, as applicable. Mobilization revenue and costs for daywork and footage contracts are recognized over the days of actual drilling. Directional drilling services are provided on a day rate or hourly basis, and revenue is recognized as work progresses. Proceeds from customers for the cost of oilfield downhole rental equipment that is involuntarily damaged or lost in-hole are reflected as revenues.

Remote Accommodation Services. Revenue from remote accommodation services is recognized when rooms are occupied and services have been rendered. Advanced deposits on rooms and special events are deferred until services are provided to the customer.

Natural Sand Proppant Services Revenue. Revenue from the sale of natural sand proppant is recognized according to the terms of title transfer on the sand. For proppant sold free on board plant, revenue is recognized when the sand is shipped. For proppant sold free on board destination, revenue is recognized when the sand reaches the customer specified transload facility or when the sand is loaded into a truck for last mile delivery depending on the specific terms of each sale.

Revenues arising from claims for amounts billed in excess of the contract price or for amounts not included in the original contract are recognized when billed less any allowance for uncollectibility. Revenue from such claims is only recognized if it is probable that the claim will result in additional revenue, the costs for the additional services have been incurred, management believes there is a legal basis for the claim and the amount can be reliably estimated. Revenues from such claims are recorded only to the extent that contract costs relating to the claims have been incurred. Historically, we have not billed any customer for amounts not included in the original contract.

The timing of revenue recognition may differ from contract billing or payment schedules, resulting in revenues that have been earned but not billed ("unbilled revenue") or amounts that have been billed, but not earned ("deferred revenue").

Allowance for Doubtful Accounts. We regularly review receivables and provide for estimated losses through an allowance for doubtful accounts. In evaluating the level of established reserves, we make judgments regarding our customers' ability to make required payments, economic events and other factors. As the financial condition of customers change, circumstances develop or additional information becomes available, adjustments to the allowance for doubtful accounts may be required. In the event we were to determine that a customer may not be able to make required payments, we would increase the allowance through a charge to income in the period in which that determination is made. Uncollectable accounts receivable are periodically charged against the allowance for doubtful accounts once final determination is made of their uncollectibility.

Depreciation and Amortization. In order to depreciate and amortize our property and equipment, we estimate useful lives, attrition factors and salvage values of these items. Our estimates may be affected by such factors as changing market conditions, technological advances in industry or changes in regulations governing the industry.

Impairment of Long-Lived Assets. Long-lived assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of such

Table of Contents

assets is evaluated by measuring the carrying amount of the assets against the estimated undiscounted future cash flows associated with the assets. If such evaluations indicate that the future undiscounted cash flow from the assets is not sufficient to recover the carrying value of such assets, the assets are adjusted to their estimated fair values.

Goodwill. Goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. The impairment test is a two-step process. First, the fair value of each reporting unit is compared to its carrying value to determine whether an indication of impairment exists. If impairment is indicated, then the implied value of the reporting unit's goodwill is determined by allocating the unit's fair value to its assets and liabilities as if the reporting unit had been acquired in a business combination. The fair value of the reporting unit is determined using the discounted cash flow approach, excluding interest. The impairment for goodwill is measure as the excess of its carrying value over its implied value.

Income Taxes. Mammoth Partners and each of its subsidiaries, except Sand Tiger, is treated as a pass-through entity for federal income tax and most state income tax purposes. Accordingly, income taxes on net earnings are payable by the stockholders, members or partners and are not reflected in the historical financial statements. Sand Tiger is subject to corporate income taxes and they are provided in the financial statements based upon Financial Accounting Standards Board, Accounting Standard Codification 740 Income Taxes. As such, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using statutory tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of deferred tax assets and liabilities as a result of a change in tax rate is recognized in the period that includes the statutory enactment date. A valuation allowance for deferred tax assets is recognized when it is more likely than not that the benefit of deferred tax assets will not be realized.

Emerging Growth Company

The Jumpstart Our Business Startups Act of 2012 permits an "emerging growth company" like us to take advantage of an extended transition period to comply with new or revised accounting standards applicable to public companies. We are choosing to "opt out" of this provision and, as a result, we will comply with new or revised accounting standards as required when they are adopted. This decision to opt out of the extended transition period is irrevocable.

Internal Controls and Procedures

We are not currently required to comply with the SEC's rules implementing Section 404 of the Sarbanes Oxley Act of 2002, and are therefore not required to make a formal assessment of the effectiveness of our internal control over financial reporting for that purpose. Upon becoming a public company, we will be required to comply with the SEC's rules implementing Section 302 of the Sarbanes-Oxley Act of 2002, which will require our management to certify financial and other information in our quarterly and annual reports and provide an annual management report on the effectiveness of our internal control over financial reporting. We will not be required to make our first assessment of our internal control over financial reporting under Section 404 until the year following our first annual report required to be filed with the SEC. To comply with the requirements of being a public company, we will need to implement additional financial and management controls, reporting systems and procedures and hire additional accounting, finance and legal staff.

Further, our independent registered public accounting firm is not yet required to formally attest to the effectiveness of our internal controls over financial reporting, and will not be required to do so for as long as we are an "emerging growth company" pursuant to the provisions of the Jumpstart Our Business Startups Act of 2012 or as long as we are a non-accelerated filer. See "*Prospectus Summary—Emerging Growth Company*."

Please also see “*Risk Factors—Risks Inherent to this Offering and Our Common Stock—For so long as we are an ‘emerging growth company’ we will not be required to comply with certain disclosure requirements that are applicable to other public companies and we cannot be certain if the reduced disclosure requirements applicable to emerging growth companies will make our common stock less attractive to investors.*”

Inflation

Inflation in the United States has been relatively low in recent years and did not have a material impact on our results of operations for the years ended 2015 and 2014 or the six-month period ended June 30, 2016. Although the impact of inflation has been insignificant in recent years, it is still a factor in the United States economy and we tend to experience inflationary pressure on the cost of oilfield services and equipment as increasing oil and gas prices increase drilling activity in our areas of operations.

Quantitative and Qualitative Disclosure about Market Risks

The demand, pricing and terms for oil and gas services provided by us are largely dependent upon the level of activity for the U.S. oil and natural gas industry. Industry conditions are influenced by numerous factors over which we have no control, including, but not limited to: the supply of and demand for oil and natural gas; the level of prices, and expectations about future prices of oil and natural gas; the cost of exploring for, developing, producing and delivering oil and natural gas; the expected rates of declining current production; the discovery rates of new oil and natural gas reserves; available pipeline and other transportation capacity; weather conditions; domestic and worldwide economic conditions; political instability in oil-producing countries; environmental regulations; technical advances affecting energy consumption; the price and availability of alternative fuels; the ability of oil and natural gas producers to raise equity capital and debt financing; and merger and divestiture activity among oil and natural gas producers.

The level of activity in the U.S. oil and natural gas exploration and production industry is volatile. Expected trends in oil and natural gas production activities may not continue and demand for our services may not reflect the level of activity in the industry. Any prolonged substantial reduction in oil and natural gas prices would likely affect oil and natural gas production levels and therefore affect demand for our services. A material decline in oil and natural gas prices or U.S. activity levels could have a material adverse effect on our business, financial condition, results of operations and cash flows. Recently, demand for our services has been strong and we are continuing our past practice of committing our equipment on a short-term or day-to-day basis.

Interest Rate Risk

We had a cash and cash equivalents balance of \$0.9 million at June 30, 2016. We do not enter into investments for trading or speculative purposes. We do not believe that we have any material exposure to changes in the fair value of these investments as a result of changes in interest rates. Declines in interest rates, however, will reduce future income.

We had \$82.3 million outstanding under our revolving credit facility at June 30, 2016, with a weighted average interest rate of 3.3%. A 1% increase or decrease in the interest rate would increase or decrease interest expense by approximately \$0.8 million per year. We do not currently hedge our interest rate exposure.

Foreign Currency Risk

Our remote accommodation businesses generate revenue and incur expenses that are denominated in the Canadian dollar. These transactions could be materially affected by currency fluctuations. Changes in currency exchange rates could adversely affect our consolidated results of operations or financial position. We also maintain cash balances denominated in the Canadian dollar. At June 30, 2016, we had \$0.5 million of cash in Canadian accounts. A 10% increase in the strength of the Canadian dollar versus the U.S. dollar would have

[Table of Contents](#)

resulted in an increase in pre-tax income of approximately \$0.6 million as of June 30, 2016. Conversely, a corresponding decrease in the strength of the Canadian dollar would have resulted in a comparable decrease in pre-tax income. We have not hedged our exposure to changes in foreign currency exchange rates and, as a result, could incur unanticipated translation gains and losses.

Seasonality

We provide completion and production services primarily in the Utica, Permian Basin, Eagle Ford, Marcellus, Granite Wash, Cana Woodford and Cleveland sand resource plays located in the continental U.S. We also provide remote accommodation services in the oil sands in Alberta, Canada. We serve these markets through our facilities and service centers that are strategically located to serve resource plays in Ohio, Oklahoma, Wisconsin, Minnesota and Alberta, Canada. For the year ended December 31, 2015 and the six months ended June 30, 2016, we generated approximately 85% and 72%, respectively, of our revenue from our operations in Ohio, Wisconsin, Minnesota, Pennsylvania, West Virginia and Canada where weather conditions may be severe. As a result, our operations may be limited or disrupted, particularly during winter and spring months, in these geographic regions, which would have a material adverse effect on our financial condition and results of operations. Our operations in Oklahoma and Texas are generally not affected by seasonal weather conditions.

BUSINESS

General

Overview

We are an integrated, growth-oriented oilfield services company providing completion and production services, contract and directional drilling services and remote accommodation services primarily to companies engaged in the exploration and development of North American onshore unconventional sands and shale oil and natural gas reserves, commonly referred to as “unconventional resources.”

“Unconventional resources” references the different manner by which they are exploited as compared to the extraction of conventional resources. In unconventional drilling, the wellbore is generally drilled to specific objectives within narrow parameters, often across long, lateral intervals within narrow horizontal formations offering greater contact area with the producing formation. Typically, the well is then hydraulically fractured at multiple stages to optimize production. Our completion and production services division provides pressure pumping services, pressure control services, flowback services and equipment rental. Our natural sand proppant services division sells, distributes and is capable of producing proppant for hydraulic fracturing. Our contract land and directional drilling services division provides drilling rigs and crews for operators as well as rental equipment, such as mud motors and operational tools, for both vertical and horizontal drilling. Our remote accommodation division provides housing, kitchen and dining, and recreational service facilities for oilfield workers located in remote areas away from readily available lodging. We believe that these services play a critical role in increasing the ultimate recovery and present value of production streams from unconventional resources. Our complementary suite of drilling and completion and production related services provides us with the opportunity to cross-sell our services and expand our customer base and geographic positioning.

Our facilities and service centers are strategically located in Ohio, Oklahoma, Wisconsin, Minnesota, West Virginia, Texas and Alberta, Canada primarily to serve the following resource plays:

- The Utica Shale in Eastern Ohio;
- The Permian Basin in West Texas;
- The Appalachian Basin in the Northeast;
- The Arkoma Basin in Arkansas and Oklahoma;
- The Anadarko Basin in Oklahoma;
- The Marcellus Shale in West Virginia and Pennsylvania;
- The Granite Wash and Mississippi Shale in Oklahoma and Texas;
- The Cana Woodford and Woodford Shales and the Cleveland Sand in Oklahoma;
- The Eagle Ford Shale in Texas; and
- The oil sands in Alberta, Canada.

Our operational division heads have an average of over 34 years of oilfield service experience and bring valuable basin-level expertise and long-term customer relationships to our business. We provide our completion and production and contract and directional drilling services to a diversified range of both public and private independent producers. Our top five customers for the year ended December 31, 2015, representing 71% of our revenue, were Gulfport, EQT Production Company, Oil Sands Limited, RSP Permian LLC and Bantrel Co. Our top five customers for the six months ended June 30, 2016, representing 80% of our revenue, were Gulfport, Rice Energy Inc., Oil Sands Limited, Hilcorp Energy Company and Taylor Frac LLC.

Our Services

We manage our business through four operating divisions: completion and production services, natural sand proppant services, contract and directional drilling services and remote accommodation services.

Completion and Production Services

Our completion and production business provides pressure pumping, pressure control services, flowback services and equipment rental.

Pressure Pumping. Our primary service offering is providing pressure pumping services, also known as hydraulic fracturing, to exploration and production companies. These services are intended to optimize hydrocarbon flow paths during the completion phase of horizontal shale wellbores. Currently, we provide pressure pumping services in the Utica Shale of Eastern Ohio. Two of our fleets, which are currently providing services in the Utica Shale, operate under a long-term contract expiring in September 2018. Our pressure pumping services include the following:

- **Hydraulic Fracturing.** We provide high-pressure hydraulic fracturing services. Fracturing services are performed to enhance the production of oil and natural gas from formations having low permeability such that the flow of hydrocarbons is restricted. We have significant expertise in multi-stage fracturing of horizontal oil- and natural gas-producing wells in shale and other unconventional geological formations.

The fracturing process consists of pumping a fracturing fluid into a well at sufficient pressure to fracture the formation. Materials known as proppants, in our case primarily sand or ceramic beads, are suspended in the fracturing fluid and are pumped into the fracture to prop it open. The fracturing fluid is designed to “break,” or loosen viscosity, and be forced out of the formation by its pressure, leaving the proppants suspended in the fractures created, thereby increasing the mobility of the hydrocarbons. As a result of the fracturing process, production rates are usually enhanced substantially, thus increasing the rate of return for the operator.

We own and operate fleets of mobile hydraulic fracturing units and other auxiliary heavy equipment to perform fracturing services. Our hydraulic fracturing units consist primarily of a high pressure hydraulic pump, a diesel engine, a transmission and various hoses, valves, tanks and other supporting equipment that are typically mounted to a flat-bed trailer. As of August 1, 2016, we had grown our pressure pumping business to three fleets consisting of an aggregate 64 high-pressure fracturing units capable of delivering a total of 128,000 horsepower. We refer to the group of fracturing units, other equipment and vehicles necessary to perform a typical fracturing job as a “fleet” and the personnel assigned to each fleet as a “crew.” In areas in which we operate on a 24-hour-per-day basis, we typically staff three crews per fleet. All of our fracturing units and high pressure pumps are manufactured to our specifications to enhance the performance and durability of our equipment and meet our customers’ needs.

Each hydraulic fracturing fleet includes a mobile, on-site control center that monitors pressures, rates and volumes, as applicable. From there, our field-level managers supervise the job-site by radio. Each control center is equipped with high bandwidth satellite hardware that provides continuous upload and download of job telemetry data. The data is delivered on a real-time basis to on-site job personnel, the operator and an assigned coordinator at our headquarters for display in both digital and graphical form.

An important element of fracturing services is determining the proper fracturing fluid, proppants and injection program to maximize results. In virtually all of our hydraulic fracturing jobs, our customers specify the composition of the fracturing fluid to be used. The fracturing fluid may contain hazardous substances, such as hydrochloric acid and certain petrochemicals. Our customers are responsible for the disposal of the fracturing fluid that flows back out of the well as waste water. The customers remove the water from the well using a controlled flow-back process, and we are not involved in that process or in the disposal of the fluid.

Pressure Control. Our pressure control services consist of coiled tubing, nitrogen and fluid pumping services. Our pressure control services equipment is designed to support drilling activities in unconventional resource plays with the ability to operate under high pressures without having to delay or cease production during completion operations. Ceasing or suppressing production during the completion phase of an unconventional well could result in formation damage impacting the overall recovery of reserves. Our pressure control services help operators minimize the risk of such damage during completion activities. Currently, we provide pressure control services in the Eagle Ford Shale in South Texas and the Permian Basin in West Texas. Our pressure control services include the following:

- **Coiled Tubing Services.** Coiled tubing services involve injecting coiled tubing into wells to perform various well-servicing and workover operations. Coiled tubing is a flexible steel pipe with a diameter of typically less than three inches and manufactured in continuous lengths of thousands of feet. It is wound or coiled on a truck-mounted reel for onshore applications. Due to its small diameter, coiled tubing can be inserted into existing production tubing and used to perform a variety of services to enhance the flow of oil or natural gas without using a larger, more costly workover rig. The principal advantages of using coiled tubing in a workover include the ability to (i) continue production from the well without interruption, thus reducing the risk of formation damage, (ii) move continuous coiled tubing in and out of a well significantly faster than conventional pipe in the case of a workover rig, which must be jointed and unjointed, (iii) direct fluids into a wellbore with more precision, allowing for improved stimulation fluid placement, (iv) provide a source of energy to power a downhole mud motor or manipulate down-hole tools and (v) enhance access to remote fields due to the smaller size and mobility of a coiled tubing unit. As of August 1, 2016, we had three coiled tubing units capable of running over 22,000 feet of two inch coil rated at 15,000 pounds per square inch, or psi, and three coiled tubing units capable of running over 20,000 feet of two and three eighths inch coil rated at 15 pounds per square inch, or psi, in service. We believe these units are well suited for the performance requirements of the unconventional resource markets we serve. The average age of these units was less than three years at August 1, 2016.
- **Nitrogen Services.** Nitrogen services involve the use of nitrogen, an inert gas, in various pressure pumping operations. When provided as a stand-alone service, nitrogen is used in displacing fluids in various oilfield applications. As of August 1, 2016, we had a total of four nitrogen pumping units capable of pumping at a rate of up to 3,000 standard cubic feet per minute with pressures up to 10,000 psi. Pumping at these rates and pressures is typically required for the unconventional oil and natural gas resource plays we serve. The average age of these units was less than four years at August 1, 2016.
- **Fluid Pumping Services.** Fluid pumping services consist of maintaining well pressure, pumping down wireline tools, assisting coiled tubing units and the removal of fluids and solids from the wellbore for clean-out operations. As of August 1, 2016, we had five fluid pumping units with an average age of less than three years. Of these, all five were coiled tubing double pump units capable of output of up to eight barrels per minute, and are rated to a maximum of 15,000 psi service.

Flowback. Our flowback services consist of production testing, solids control, hydrostatic testing and torque services. Flowback involves the process of allowing fluids to flow from the well following a treatment, either in preparation for an impending phase of treatment or to return the well to production. Our flowback equipment consists of manifolds, accumulators, valves, flare stacks and other associated equipment that combine to form up to a total of five well-testing spreads. We provide flowback services in the Appalachian Basin, the Haynesville Shale and mid-continent markets.

- **Production Testing.** Production testing focuses on testing production potential. Key measurements are recorded to determine activity both above and below ground. Production testing and the knowledge it provides help our customers determine where they can more efficiently deploy capital. As of August 1, 2016, we had five production testing packages.

Table of Contents

- *Solids Control.* Solids control services provide prepared drilling fluids for drilling rigs with equipment such as sand separators and plug catchers. These services reduce costs throughout the entire drilling process. As of August 1, 2016, we had ten solids control packages.
- *Hydrostatic Testing.* Hydrostatic testing is a procedure in which pressure vessels, such as pipelines, are tested for damage or leaks. This method of testing helps maintain safety standards and increases the durability of the pipeline. We employ hydrostatic testing at industry standards and to a customer's desired specifications and configuration. As of August 1, 2016, we had two hydrostatic testing packages.
- *Torque Services.* Torque refers to the force applied to a rotary device to make it rotate. We offer a comprehensive range of torque services, offering a customer the dual benefit of reducing costs on the rig as well as reducing hazards for both personnel and equipment. We had five torque service packages as of August 1, 2016.

Equipment Rentals. Our equipment rental services provide a wide range of oilfield related equipment used in flowback and hydraulic fracturing services. Our equipment rentals consist of light plants and other oilfield related equipment. We provide equipment rental services in the Appalachian Basin and mid-continent markets.

Master Services Agreements. We contract with most of our completion and production customers under MSAs. Generally, under our MSAs, including those relating to our hydraulic fracturing services, we assume responsibility for, including control and removal of, pollution or contamination which originates above surface and originates from our equipment or services. However, our customer assumes responsibility for, including control and removal of, all other pollution or contamination which may occur during operations, including that which may result from seepage or any other uncontrolled flow of drilling fluids. We may have liability in such cases if we are negligent or commit willful acts which cause such events. Generally, our customers also agree to indemnify us against claims arising from their employees' personal injury or death to the extent that, in the case of our hydraulic fracturing operations, their employees are injured or their properties are damaged by such operations, unless resulting from our gross negligence or willful misconduct. Similarly, we generally agree to indemnify our customers for liabilities arising from personal injury to or death of any of our employees, unless resulting from gross negligence or willful misconduct of the customer. In addition, our customers generally agree to indemnify us for loss or destruction of customer-owned property or equipment and in turn, we agree to indemnify our customers for loss or destruction of property or equipment we own. Losses due to catastrophic events, such as blowouts, are generally the responsibility of the customer. However, despite this general allocation of risk, we might not succeed in enforcing such contractual allocation of risk, might incur an unforeseen liability falling outside the scope of such allocation or may be required to enter into an MSA with terms that vary from the above allocations of risk. As a result, we may incur substantial losses which could materially and adversely affect our financial condition and results of operation.

Natural Sand Proppant Services

In our natural sand proppant business, we currently buy processed sand from suppliers on the spot market and resell that sand. Natural sand proppant, also known as frac sand, is the most widely used type of proppant due to its broad applicability in unconventional oil and natural gas wells and its cost advantage relative to other proppants. Natural frac sand may be used as proppant in all but the highest pressure and temperature drilling environments and is being employed in nearly all major U.S. unconventional oil and natural gas producing basins, including those in which we operate.

We also have the ability to purchase raw sand under a fixed-price contract with one supplier, process it into premium monocrystalline sand (also known as frac sand), a specialized mineral that is used as a proppant at our indoor sand processing plant located in Pierce County, Wisconsin and sell it to our customers for use in their hydraulic fracturing operations to enhance recovery rates from unconventional wells. Our sand processing plant

Table of Contents

is capable of producing a range of frac sand sizes for use in all major North American shale basins, including a majority of the standard proppant sizes as defined by the ISO/API 13503-2 specifications. These grain sizes can be customized to meet the demands of our customers with respect to a specific well. Our supply of Jordan substrate exhibits the physical properties necessary to withstand the completion and production environments of the wells in these shale basins. Although our indoor processing plant is designed for year-round continuous wet and dry plant operation capable of producing a wide variety of frac sand products based on the needs of our customers, this plant is not currently producing sand as a result of the decline in commodity pricing and the resulting decrease in completion activity. Subject to market conditions and other factors, we currently anticipate returning this plant to operation, with minimal capital expenditures, as early as the fourth quarter of 2017.

We also provide logistics solutions to facilitate delivery of our frac sand products to our customers. Almost all of our frac sand products are shipped by rail to our customers in the Utica Shale and the Montney Shale in British Columbia and Alberta, Canada. Our logistics capabilities in this regard are important to our customers, who focus on both the reliability and flexibility of product delivery. Because our customers generally find it impractical to store frac sand in large quantities near their job sites, they typically prefer product to be delivered where and as needed, which requires predictable and efficient loading and shipping capabilities. We contract with third party providers to transport our frac sand products to railroad facilities for delivery to our customers. We currently lease or have access to origin transloading facilities on the Canadian National Railway Company (CN), Union Pacific (UP), Burlington Northern Santa Fe (BNSF) and the Canadian Pacific (CP) rail systems and use an in-house railcar fleet that we lease from various third parties to deliver our frac sand products to our customers. Origin transloading facilities on multiple railways allow us to provide predictable and efficient loading and shipping of our frac sand products. We also utilize a destination transloading facility in Yorkville, Ohio, which is operated by one of our affiliates, to serve the Utica Shale, and utilize destination transloading facilities located in other North American resource plays, including the Montney Shale, to meet our customers' delivery needs.

Contract and Directional Drilling Services

Our contract and directional drilling business provides contract drilling and directional drilling services.

Contract Drilling. As part of our contract drilling services, we provide both vertical and horizontal drilling services to our customers. Currently, we perform our contract drilling services in the Permian Basin of West Texas. Our top five customers for our contract drilling services for the year ended December 31, 2015 were RSP Permian, J Cleo Thompson, RKI Exploration and Production, and Itasca Energy. For the six months ended June 30, 2016, the top five customers for our contract drilling services were Surge Energy America, RP Operating, RSP Permian, PT Petroleum and El Toro Resources.

A majority of the wells we drill for our customers are drilled in unconventional basins or resource plays. These plays are generally characterized by complex geologic formations that often require higher horsepower, premium rigs and experienced crews to reach targeted depths. As of August 1, 2016, we owned 13 land drilling rigs, ranging from 800 to 1,500 horsepower, nine of which are specifically designed for drilling horizontal and directional wells, which continue to increase as a percentage of total wells drilled in North America and are frequently utilized in unconventional resource plays. As of August 1, 2016, four of our 13 drilling rigs were operating under term contracts with a term of more than one well or a stated period of time. To facilitate the provision of our contract drilling services, as of August 1, 2016, we also owned 32 trucks specifically tailored to move rigs and two cranes to assist us in moving rigs in the Permian Basin.

A land drilling rig generally consists of engines, a hoisting system, a rotating system, a drawworks, a mast, pumps and related equipment to circulate the drilling fluid under various pressures, blowout preventers, drill string and related equipment. The engines power the different pieces of equipment, including a rotary table or top drive that turns the drill pipe, or drill string, causing the drill bit to bore through the subsurface rock layers. Drilling rigs use long strings of drill pipe and drill collars to drill wells. Drilling rigs are also used to set heavy strings of large-diameter pipe, or casing, inside the borehole. Because the total weight of the drill string and the

Table of Contents

casing can exceed 500,000 pounds, drilling rigs require significant hoisting and braking capacities. Generally, a drilling rig's hoisting system is made up of a mast, or derrick, a drilling line, a traveling block and hook assembly and ancillary equipment that attaches to the rotating system, a mechanism known as the drawworks. The drawworks mechanism consists of a revolving drum, around which the drilling line is wound, and a series of shafts, clutches and chain and gear drives for generating speed changes and reverse motion. The drawworks also houses the main brake, which has the capacity to stop and sustain the weights used in the drilling process. When heavy loads are being lowered, a hydromatic or electric auxiliary brake assists the main brake to absorb the great amount of energy developed by the mass of the traveling block, hook assembly, drill pipe, drill collars and drill bit or casing being lowered into the well.

The rotating equipment from top to bottom consists of a swivel, the kelly bushing, the kelly, the rotary table, drill pipe, drill collars and the drill bit. We refer to the equipment between the swivel and the drill bit as the drill stem. The swivel assembly sustains the weight of the drill stem, permits its rotation and affords a rotating pressure seal and passageway for circulating drilling fluid into the top of the drill string. The swivel also has a large handle that fits inside the hook assembly at the bottom of the traveling block. Drilling fluid enters the drill stem through a hose, called the rotary hose, attached to the side of the swivel. The kelly is a triangular, square or hexagonal piece of pipe, usually 40 feet long, that transmits torque from the rotary table to the drill stem and permits its vertical movement as it is lowered into the hole. The bottom end of the kelly fits inside a corresponding triangular, square or hexagonal opening in a device called the kelly bushing. The kelly bushing, in turn, fits into a part of the rotary table called the master bushing. As the master bushing rotates, the kelly bushing also rotates, turning the kelly, which rotates the drill pipe and thus the drill bit. Drilling fluid is pumped through the kelly on its way to the bottom. The rotary table, equipped with its master bushing and kelly bushing, supplies the necessary torque to turn the drill stem. The drill pipe and drill collars are both steel tubes through which drilling fluid can be pumped. Drill pipe comes in 30-foot sections, or joints, with threaded sections on each end. Drill collars are heavier than drill pipe and are also threaded on the ends. Collars are used on the bottom of the drill stem to apply weight to the drill bit. At the end of the drill stem is the bit, which chews up the formation rock and dislodges it so that drilling fluid can circulate the fragmented material back up to the surface where the circulating system filters it out of the fluid.

Drilling fluid, often called drilling mud, is a mixture of clays, chemicals and water or oil, which is carefully formulated for the particular well being drilled. Bulk storage of drilling fluid materials, the pumps and the mud-mixing equipment are placed at the start of the circulating system. Working mud pits and reserve storage are at the other end of the system. Between these two points the circulating system includes auxiliary equipment for drilling fluid maintenance and equipment for well pressure control. Within the system, the drilling mud is typically routed from the mud pits to the mud pump and from the mud pump through a standpipe and the rotary hose to the drill stem. The drilling mud travels down the drill stem to the bit, up the annular space between the drill stem and the borehole and through the blowout preventer stack to the return flow line. It then travels to a shale shaker for removal of rock cuttings, and then back to the mud pits, which are usually steel tanks. The reserve pits, usually one or two fairly shallow excavations, are used for waste material and excess water around the location.

There are numerous factors that differentiate drilling rigs, including their power generation systems, horsepower, maximum drilling depth and horizontal drilling capabilities. The actual drilling depth capability of a rig may be less than or more than its rated depth capability due to numerous factors, including the size, weight and amount of the drill pipe on the rig. The intended well depth and the drill site conditions determine the amount of drill pipe and other equipment needed to drill a well.

Our drilling rigs have rated maximum depth capabilities ranging from 12,500 feet to 20,000 feet. Of these drilling rigs, seven are electric rigs and six are mechanical rigs. An electric rig differs from a mechanical rig in that the electric rig converts the power from its generators (which in the case of mechanical rigs, power the rig directly) into electricity to power the rig. Depth and complexity of the well and drill site conditions are the principal factors in determining the specifications of the rig selected for a particular job. Power requirements for drilling jobs may vary considerably, but most of our mechanical drilling rigs employ six engines to generate

Table of Contents

between 800 and 1,500 horsepower, depending on well depth and rig design. Most drilling rigs capable of drilling in deep formations drill to measured depths greater than 10,000 to 18,000 feet. Generally, land rigs operate with four crews of five people and two tool pushers, or rig managers, rotating on a weekly or bi-weekly schedule.

We believe that our drilling rigs and other related equipment are in good operating condition. Our employees perform periodic maintenance and minor repair work on our drilling rigs.

We obtain our contracts for drilling oil and natural gas wells either through competitive bidding or through direct negotiations with customers. We typically enter into drilling contracts that provide for compensation on a daywork basis. Occasionally, we enter into drilling contracts that provide for compensation on a footage basis, however, a majority of such footage drilling contracts also provide for daywork rates for work outside core drilling activities contemplated by such footage contracts and under certain other circumstances. We have not historically entered into turnkey contracts; however, we may decide to enter into such contracts in the future. It is also possible that we may acquire such contracts in connection with future acquisitions of drilling assets. Contract terms we offer generally depend on the complexity and risk of operations, the on-site drilling conditions, the type of equipment used, the anticipated duration of the work to be performed and market conditions. As of July 1, 2016, four of our 13 drilling rigs were operating under term contracts that provide for a take-or-pay model where customers cannot terminate contracts without paying the full amount remaining and three were operating under contracts that allow the customer to terminate on 30 days' notice, upon payment of an agreed upon fee.

Daywork Contracts. Under daywork drilling contracts, we provide equipment and labor and perform services under the direction, supervision and control of our customers. We are paid a specified operating daywork rate from the time the drilling unit is rigged up at the drilling location and is ready to commence operations. Additionally, the daywork drilling contracts typically provide for fees and/or a daywork rates for mobilization, demobilization, moving, standby time and for any continuous period that normal operations are suspended or cannot be carried on because of force majeure conditions. The daywork drilling contracts also generally provide that the customer has the right to designate the points at which casing will be set and the manner of setting, cementing and testing. Such specifications include hole size, casing size, weight, grade and approximate setting depth. Furthermore, the daywork drilling contracts specify the equipment, materials and services to be separately furnished by us and our customer. Under these contracts, liability is typically allocated so that our customer is solely responsible for the following: (i) damage to our surface equipment as a result of certain corrosive elements; (ii) damage to customer's equipment; (iii) damage to our in-hole equipment; (iv) damage or loss to the hole; (v) damage to the underground; and (vi) costs and damages associated with a wild well. We remain responsible for any damage to our surface equipment (except for damage resulting from the presence of certain corrosive elements) and for pollution or contamination from spills of materials that originate above the surface, are wholly in our control and are directly associated with our equipment. Daywork drilling contracts generally allow the customer to terminate the contract prior to drilling to a specified depth. This right, however, is generally subject to early termination compensation, the amount of which depends on when the termination occurs.

Footage Contracts. Under footage contracts, the contractor is typically paid a fixed amount for each foot drilled, regardless of the time required or the problems encountered in drilling the well. A majority of these types of drilling contracts, however, contain both footage and daywork basis provisions, the applicability of which typically depends on the depth of drilling and/or the type of services being performed. For instance, when drilling occurs below a specified drilling depth or when work is considered outside the scope of the footage basis, which we refer to as core drilling, then daywork contract terms apply similar to those described above. Otherwise, the footage contract terms apply. These include a footage rate price that is a specific dollar amount per linear foot of hole drilled within the contract footage depth. Also, under the footage contract terms, we assume more responsibility for base drilling activities compared to daywork drilling. For instance, in addition to assuming responsibility for damage to our surface equipment and damage caused by certain pollution and contamination,

Table of Contents

we are responsible for the following: (i) damage to our in-hole equipment; (ii) damage to the hole that is attributable to our performance; and (iii) any costs or expenditures associated with drilling a new hole after such damage. Our customers remain responsible for any loss to their equipment, for any damage to a hole caused by them and for any underground damage. As with contracts for daywork drilling, footage drilling contracts generally allow the customer to terminate the contract before drilling to a specified depth. This right, however, is generally subject to early termination compensation, the amount of which depends on when the termination occurs.

Because we assume higher risk in a footage drilling contract, we typically pay more of the out-of-pocket costs associated with such contracts as compared to daywork contracts. We endeavor to manage these additional risks through the use of our engineering expertise and bid the footage contracts accordingly. We typically maintain insurance coverage against some, but not all, drilling hazards. However, the occurrence of uninsured or under-insured losses or operating cost overruns on our footage jobs could have a negative impact on our profitability. While we have historically entered into few footage contracts, we may enter into more such arrangements in the future to the extent warranted by market conditions.

Turnkey Contracts. Turnkey contracts typically provide for a drilling company to drill a well for a customer to a specified depth and under specified conditions for a fixed price, regardless of the time required or the problems encountered in drilling the well. The drilling company would provide technical expertise and engineering services, as well as most of the equipment and drilling supplies required to drill the well. The drilling company may subcontract for related services, such as the provision of casing crews, cementing and well logging. Under typical turnkey drilling arrangements, a drilling company would not receive progress payments and would be paid by its customer only after it had performed the terms of the drilling contract in full.

The risks to the drilling company under a turnkey contract are substantially greater than those under a daywork basis. This is primarily because under a turnkey contract, the drilling company assumes most of the risks associated with drilling operations generally assumed by the operator in a daywork contract, including the risk of blowout, loss of hole, stuck drill pipe, machinery breakdowns, abnormal drilling conditions and risks associated with subcontractors' services, supplies, cost escalations and personnel.

Directional Drilling. Our directional drilling services provide for the efficient drilling and production of oil and natural gas from unconventional resource plays. Our directional drilling equipment includes mud motors used to propel drill bits and kits for MWD and EM technology. MWD kits are down-hole tools that provide real-time measurements of the location and orientation of the bottom-hole assembly, which is necessary to adjust the drilling process and guide the wellbore to a specific target. This technology, coupled with our complementary services, allows our customers to drill wellbores to specific objectives within narrow location parameters within target horizons. The evolution of unconventional resource reserve recovery has increased the need for the precise placement of a wellbore. Wellbores often travel across long-lateral intervals within narrow formations as thin as ten feet. Our personnel are involved in all aspects of a well from the initial planning of a customer's drilling program to the management and execution of the horizontal or directional drilling operation. Currently, we perform our directional drilling services in the Appalachian Basin, Anadarko Basin, Arkoma Basin, and Permian Basin. For the year ended December 31, 2015, our top five customers for our directional drilling services were Gulfport, Le Norman Operating LLC, Jay Bee Oil & Gas, Crown Energy Company and Energen Resources. For the six months ended June 30, 2016, our top five customers for our directional drilling services were Gulfport, Le Norman Operating LLC, El Toro Resources LLC, Halliburton Energy Services and Panther Energy.

As of August 1, 2016, we owned seven MWD kits and three EM kits used in vertical, horizontal and directional drilling applications, 52 mud motors, ten air motors and an inventory of related parts and equipment. As of August 1, 2016, we employed seven directional drillers with significant industry experience to implement our services.

Remote Accommodation Services

Our remote accommodations business provide housing, kitchen and dining, and recreational service facilities for oilfield workers located in remote areas away from readily available lodging. We provide a turnkey solution for our customers' accommodation needs. These modular camps, when assembled together, form large dormitories, with kitchen/dining facilities and recreation areas. These camps are operated as "all inclusive," where meals are prepared and provided for the guests. The primary revenue source for these camps is lodging fees. In 2013, we expanded our remote accommodation services business after being awarded a long-term contract by an unrelated third party. We also have an agreement with an affiliate pursuant to which we provide remote accommodation services on an on-going basis. See "*Certain Relationships and Related Party Transactions*." As of August 1, 2016, we had a capacity of 1,008 remote accommodation rooms, 880 of which are located at Sand Tiger Lodge, our camp in northern Alberta, Canada, and 128 of which are available to be leased as rental equipment to a third party.

Our Industry

The oil and natural gas industry has traditionally been volatile and is influenced by a combination of long-term, short-term and cyclical trends, including the domestic and international supply and demand for oil and natural gas, current and expected future prices for oil and natural gas and the perceived stability and sustainability of those prices, production depletion rates and the resultant levels of cash flows generated and allocated by exploration and production companies to their drilling, completion and related services and products budget. The oil and natural gas industry is also impacted by general domestic and international economic conditions, political instability in oil producing countries, government regulations (both in the United States and elsewhere), levels of customer demand, the availability of pipeline capacity and other conditions and factors that are beyond our control.

Demand for most of our products and services depends substantially on the level of expenditures by companies in the oil and natural gas industry. The significant decline in oil and natural gas prices that began in the third quarter of 2014 continued into February 2016, when the closing price of oil reached a 12-year low of \$26.19 per barrel on February 11, 2016. The low commodity price environment caused a reduction in the drilling, completion and other production activities of most of our customers and their spending on our products and services.

The reduction in demand, and the resulting oversupply of many of the services and products we provide, has substantially reduced the prices we can charge our customers for our products and services, and has had a negative impact on the utilization of our services. This overall trend with respect to our customers' activities and spending has continued in 2016. However, oil prices have increased since the 12-year low recorded on February 26, 2016, reaching \$51.23 per barrel in June 2016, and have ranged from \$39.50 to \$48.48 per barrel during August 2016. As commodity prices have begun to recover, we have experienced an increase in activity. If near term commodity prices stabilize at current levels and recover further, we expect to experience further increase in demand for our services and products, particularly in our completion and production, natural sand proppant and contract land and directional drilling businesses.

Table of Contents

Although the ongoing volatility and depressed levels of activity are expected to persist until supply and demand for oil and natural gas come into balance, we believe that the following trends in our industry should benefit our operations and our ability to achieve our primary business objective as commodity prices recover:

- *Increased U.S. Petroleum field Production.* According to the EIA, U.S. average petroleum field production was approximately 12.1 million barrels per day during June 2016, only 4.7% below the record high average daily petroleum field production set in 2015. U.S. average petroleum field production has grown at a compound annual growth rate of 9.8% over the period from 2009 through 2015 due to production gains from unconventional reservoirs. We expect that this continued growth will result in increased demand for our services as commodity prices continue to stabilize and increase.

- *Increased use of horizontal drilling to develop unconventional resource plays.* According to Baker Hughes, the horizontal rig count on August 5, 2016 was 362, or approximately 78% of the total U.S. onshore rig count. Although the overall onshore rig count declined significantly from September 2014 to May 2016, the horizontal rig count as a percentage of the overall onshore rig count has increased every year since 2007 when horizontal rigs represented only approximately 25% of the total U.S. onshore rig count at year-end. As a result of improvements in drilling and production-enhancement technologies, oil and natural gas companies are increasingly developing unconventional resources such as tight sands and shales. Successful and economic production of these unconventional resource plays frequently requires horizontal drilling, fracturing and stimulation services. Drilling related activity for unconventional resources is typically done on tighter acre-spacing and thus requires that more wells be drilled relative to conventional resources. We believe that all of these characteristics will drive the demand for our services in an improved commodity price environment.

Percentages at year end unless otherwise indicated.

- Tight oil production growth is expected to continue to be the primary driver of U.S. oil production growth.* According to the EIA, U.S. tight oil production grew from 380,000 barrels per day in 2007 to almost 4.9 million barrels per day in 2015, representing 52% of total U.S. crude oil production in 2015. A majority of this increase came from the Eagle Ford play in South Texas, the Bakken Shale in the Williston Basin of North Dakota and Montana, and the Permian Basin in West Texas. We believe the Utica Shale and the Permian Basin, our primary business locations, will be key drivers of U.S. tight oil and natural gas production as those plays are developed further in the coming years due to the favorable well economics in those basins.

- Horizontal wells are heavily dependent on oil field services.* According to Baker Hughes, as of August 5, 2016, horizontal rigs accounted for approximately 78% of all rigs drilling in the United States, up from 25% at year-end 2007. The scope of services for a horizontal well are greater than for

a conventional well. Industry analysts report that the average horsepower, length of the lateral and number of fracture stages has continued to increase since 2008. We believe our commitment to provide services in unconventional plays, such as the Utica Shale and the Permian Basin, provide us the opportunity to compete in those regional markets where the majority of total footage is drilled each year in the United States.

- *New and emerging unconventional resource plays.* In addition to the development of existing unconventional resource plays such as the Permian, Utica, Bakken, Eagle Ford, Barnett, Fayetteville, Cotton Valley, Haynesville, Marcellus and Woodford Shales, exploration and production companies continue to find new unconventional resources. These include oil and liquids-based shales in the Cana Woodford, Granite Wash, Niobrara, Woodford and Scoop and Stack resource plays. In certain cases, exploration and production companies have acquired vast acreage positions in these plays that require them to drill and produce hydrocarbons to hold the leased acreage. We believe these unconventional resource plays will increasingly drive demand for our services as commodity prices continue to recover as they typically require the use of extended reach horizontal drilling, multiple stage fracture stimulation and high pressure completion capabilities. We also believe we are well-positioned to expand our services in two major unconventional plays, the Utica Shale in Ohio and the Permian Basin in West Texas.
- *Need for additional drilling activity to maintain production levels.* With the increased maturity of the onshore conventional and, in many cases, unconventional resource plays, oil and natural gas production may be characterized as having steeper initial decline curves. Given average decline rates and the substantial reduction in activity over the past year, we believe that the number of wells drilled is likely to increase in coming years as commodity prices continue to recover. Once a well has been drilled, it requires recurring production and completion services, which we believe will also drive demand for our services.

Our Strengths

Our primary business objective is to grow our operations and create value for our stockholders through growth opportunities and accretive acquisitions. We believe that the following strengths position us well to capitalize on activity in unconventional resource plays and achieve our primary business objective:

- *Modern fleet of equipment designed for horizontal wells.* Our service fleet is predominantly comprised of equipment designed to optimize recovery from unconventional wells. As of August 1, 2016, approximately 72% of our high pressure fracturing units had been purpose built within the last three years. Our pressure control equipment has been designed by us and has an average age of approximately three years. Our accommodation units have an average age of approximately five years and are built on a customer-by-customer basis to meet their specific needs. We believe that our modern fleet of quality equipment will allow us to provide a high level of service to our customers and capitalize on future growth in the unconventional resource plays that we serve.
- *Strategic geographic positioning, including primary presence in the Utica Shale and the Permian Basin.* We currently operate facilities and service centers to support our operations in major unconventional resource plays in the United States, including the Utica Shale in Eastern Ohio, the Permian Basin in West Texas, the Marcellus Shale in Pennsylvania, the Granite Wash in Oklahoma and Texas, the Cana Woodford Shale and the Cleveland Sand in Oklahoma, the Eagle Ford Shale in South Texas and the oil sands in Alberta, Canada. We believe our geographic positioning within active oil and natural gas liquids resource plays will benefit us strategically as activity increases in these unconventional resource plays.
- *Long-term contractual and other basin-level relationships with a stable customer base.* We are party to a long-term contract with Gulfport to provide pressure pumping services and natural sand proppant

services through September 2018. In addition, our operational division heads and field managers have formed long-term relationships with our customer base. We believe these contractual and other relationships help provide us a more stable and growth-oriented client base in the unconventional shale markets that we currently serve. Our customers include large independent oil and natural gas exploration and production companies. Our top five customers for the year ended December 31, 2015, representing 71% of our revenue, were Gulfport, EQT Production Company, Oil Sands Limited, RSP Permian LLC and Bantrel Co. Our top five customers for the six months ended June 30, 2016, representing 80% of our revenue, were Gulfport, Rice Energy Inc., Oil Sands Limited, Hilcorp Energy Company and Taylor Frac LLC.

- *Experienced management and operating team.* Our operational division heads have an extensive track record in the oilfield services business with an average of over 34 years of oilfield services experience. In addition, our field managers have expertise in the geological basins in which they operate and understand the regional challenges that our customers face. We believe their knowledge of our industry and business lines enhances our ability to provide innovative, client-focused and basin-specific customer service, which we also believe strengthens our relationships with our customers.

Our Business Strategy

We intend to achieve our primary business objective by the successful execution of our business plan to strategically deploy our equipment and personnel to provide completion and production services, natural sand proppant, drilling and remote accommodation services in unconventional resource plays, including the Utica Shale in Ohio and the Permian Basin in West Texas. We believe these services optimize our customers' ultimate resources recovery and present value of hydrocarbon reserves. We seek to create cost efficiencies for our customers by providing a suite of complementary oilfield services designed to address a wide range of our customers' needs. Specifically, we intend to create value for our stockholders through the following strategies:

- *Capitalize on the recovery in activity in the unconventional resource plays.* Our equipment is designed to provide a broad range of services for unconventional wells, and our operations are strategically located in major unconventional resource plays. During the first six months of 2016, oil prices rose from a low of \$26.19 per barrel on February 11, 2016 to a high of \$51.23 per barrel on June 8, 2016. During August 2016, oil prices ranged from \$39.50 to \$48.48 per barrel. As commodity prices began to recover, we experienced an increase in activity. If near term commodity prices stabilize at current levels and recover further, we expect to experience further increase in demand for our services and products. We intend to capitalize on the anticipated increase in activity in these markets and diversify our operations across additional unconventional resource basins. Our core operations are currently focused in the Utica Shale in Ohio and the Permian Basin in West Texas. We intend to continue to strategically deploy assets to these and other unconventional resource basins and will look to capitalize on further growth in emerging unconventional resource plays as they develop.
- *Leverage our broad range of services for unconventional wells for cross-selling opportunities.* We offer a complementary suite of oilfield services and products. Our completion and production division provides pressure pumping services, pressure control services and flowback services for unconventional wells. Our natural sand proppant services division sells and produces proppant for hydraulic fracturing. Our drilling services division adds drilling capabilities to our other well-related services. We intend to leverage our existing customer relationships and operational track record to cross sell our services and increase our exposure and product offerings to our existing customers, broaden our customer base and expand opportunistically to other geographic regions in which our customers have operations, as well as to create operational efficiencies for our customers.

Table of Contents

- *Expand through selected, accretive acquisitions.* To complement our organic growth, we intend to actively pursue selected, accretive acquisitions of businesses and assets, primarily related to our completion and production services and natural sand proppant services, that can meet our targeted returns on invested capital and enhance our portfolio of products and services, market positioning and/or geographic presence. We believe this strategy will facilitate the continued expansion of our customer base, geographic presence and service offerings. We also believe that our industry contacts and those of Wexford, our equity sponsor and largest stockholder, will facilitate the identification of acquisition opportunities. We expect to use our common stock as consideration for accretive acquisitions.
- *Maintain a conservative balance sheet.* We seek to maintain a conservative balance sheet, which allows us to better react to changes in commodity prices and related demand for our services, as well as overall market conditions. We expect to repay all outstanding borrowings under our revolving credit facility with a portion of the net proceeds from this offering and will have no outstanding debt immediately after this offering.
- *Expand our services to meet expanding customer demand.* The scope of services for horizontal wells is greater than that for conventional wells. Industry analysts have reported that the average horsepower, length of lateral and number of fracture stages has continued to increase since 2008. We consistently monitor market conditions and intend to expand the capacity and scope of our business lines as demand warrants in resource plays in which we currently operate, as well as in new resource plays. If we perceive unmet demand in our principal geographic locations for different service lines, we will seek to expand our current service offerings to meet that demand.
- *Leverage our experienced operational management team and basin-level expertise.* We seek to manage the services we provide as closely as possible to the needs of our customer base. Our operational division heads have long-term relationships with our largest customers. We intend to leverage these relationships and our operational management team's basin-level expertise to deliver innovative, client focused and basin-specific services to our customers.

Properties

Our corporate headquarters are located at 4727 Gaillardia Parkway, Suite 200, Oklahoma City, Oklahoma 73142. We currently own eight properties, three located in Ohio, two located in Wisconsin, one located in Texas and two located in Canada, which are used for field offices, yards, production plants or housing. In addition to our headquarters, we also lease fourteen properties that are used for field offices, yards or transloading facilities for frac sand. We lease eleven of these properties from third parties and three of these properties from related parties.

We believe that our facilities are adequate for our current operations.

Marketing and Customers

Our customers consist primarily of independent oil and natural gas producers and land-based drilling contractors in North America. For the six months ended June 30, 2016 and the year ended December 31, 2015, we had approximately 104 and 116 customers, respectively, including Gulfport, EQT Production Company, Oil Sands Limited, RSP Permian and Rice Energy. Our top five customers accounted for approximately 80% and 71% of our revenue, for the six months ended June 30, 2016 and the year ended December 31, 2015, respectively. During the six months ended June 30, 2016, Gulfport accounted for 49%, Rice Energy accounted for 12% and Oil Sands Limited accounted for 11% of our revenue. For the year ended December 31, 2015, Gulfport accounted for 47% and EQT Production Company accounted for 12% of our revenue. Although we believe we have a broad customer base and wide geographic coverage of operations, it is likely that we will continue to derive a significant portion of our revenue from a relatively small number of customers in the future. If a major customer decided not to continue to use our services, revenue could decline and our operating results and financial condition could be harmed.

Operating Risks and Insurance

Our operations are subject to hazards inherent in the oilfield services industry, such as accidents, blowouts, explosions, fires and spills and releases that can cause:

- personal injury or loss of life;
- damage or destruction of property, equipment, natural resources and the environment; and
- suspension of operations.

In addition, claims for loss of oil and natural gas production and damage to formations can occur in the oilfield services industry. If a serious accident were to occur at a location where our equipment and services are being used, it could result in us being named as a defendant in lawsuits asserting large claims.

Because our business involves the transportation of heavy equipment and materials, we may also experience traffic accidents which may result in spills, property damage and personal injury.

Despite our efforts to maintain safety standards, we from time to time have suffered accidents in the past and anticipate that we could experience accidents in the future. In addition to the property damage, personal injury and other losses from these accidents, the frequency and severity of these incidents affect our operating costs and insurability and our relationships with customers, employees, regulatory agencies and other parties. Any significant increase in the frequency or severity of these incidents, or the general level of compensation awards, could adversely affect the cost of, or our ability to obtain, workers' compensation and other forms of insurance, and could have other material adverse effects on our financial condition and results of operations.

We maintain commercial general liability, workers' compensation, business auto, commercial property, motor truck cargo, umbrella liability, in certain instances, excess liability, and directors and officers insurance policies providing coverages of risks and amounts that we believe to be customary in our industry. Further, we have pollution legal liability coverage for our business entities, which would cover, among other things, third party liability and costs of clean-up relating to environmental contamination on our premises while our equipment and chemicals are in transit and while on our customers' job site. With respect to our hydraulic fracturing operations, coverage would be available under our pollution legal liability policy for any surface or subsurface environmental clean-up and liability to third parties arising from any surface or subsurface contamination. We also have certain specific coverages for some of our businesses, including our remote accommodation services, pressure pumping services and contract and directional drilling services.

Although we maintain insurance coverage of types and amounts that we believe to be customary in the industry, we are not fully insured against all risks, either because insurance is not available or because of the high premium costs relative to perceived risk. Further, insurance rates have in the past been subject to wide fluctuation and changes in coverage could result in less coverage, increases in cost or higher deductibles and retentions. Liabilities for which we are not insured, or which exceed the policy limits of our applicable insurance, could have a material adverse effect on us. See "*Risk Factors*" on page 16 of this prospectus for a description of certain risks associated with our insurance policies.

Safety and Remediation Program

In the oilfield services industry, an important competitive factor in establishing and maintaining long-term customer relationships is having an experienced and skilled workforce. Recently, many of our large customers have placed an emphasis not only on pricing, but also on safety records and quality management systems of contractors. We believe these factors will gain further importance in the future. We have committed resources toward employee safety and quality management training programs. Our field employees are required to

Table of Contents

complete both technical and safety training programs. Further, as part of our safety program and remediation procedures, we check fluid lines for any defects on a periodic basis to avoid line failure during hydraulic fracturing operations, marking such fluid lines to reflect the most recent testing date. We also regularly monitor pressure levels in the fluid lines used for fracturing and the surface casing to verify that the pressure and flow rates are consistent with the job specific model in an effort to avoid failure. As part of our safety procedures, we also have the capability to shut down our pressure pumping and fracturing operations both at the lines and in our data van. In addition, we maintain spill kits on location for containment of pollutants that may be spilled in the process of providing our hydraulic fracturing services. The spill kits are generally comprised of pads and booms for absorption and containment of spills, as well as soda ash for neutralizing acid. Fire extinguishers are also in place on job sites at each pump.

Historically, we have used a third-party contractor to provide remediation and spill response services when necessary to address spills that were beyond our containment capabilities. None of these prior spills were significant, and we have not experienced any incidents, citations or legal proceeding relating to our hydraulic fracturing services for environmental concerns. To the extent our hydraulic fracturing or other oilfield services operations result in a future spill, leak or other environmental impact that is beyond our ability to contain, we intend to engage the services of such remediation company or an alternative company to assist us with clean-up and remediation.

Competition

The markets in which we operate are highly competitive. To be successful, a company must provide services and products that meet the specific needs of oil and natural gas exploration and production companies and drilling services contractors at competitive prices.

We provide our services and products across the United States and in Alberta, Canada and we compete against different companies in each service and product line we offer. Our competition includes many large and small oilfield service companies, including the largest integrated oilfield services companies.

Our major competitors for our pressure control services include Schlumberger Limited, Halliburton Company, Baker Hughes Incorporated, Weatherford International Ltd., Key Energy Services Inc., Nabors Industries Ltd., Complete Energy Services, Inc. and RPC Incorporated and a significant number of locally oriented businesses. Our major competitors in pressure pumping services include Halliburton Company, U.S. Well Services, LLC, Schlumberger Limited, Weatherford International Ltd, C&J Energy Services Ltd., RPC Incorporated, Complete Energy Services, Inc. and FracTech Services, Inc. In our contract and directional drilling services segment, our primary competitors include Helmerich & Payne, Inc., Precision Drilling Corporation, Patterson-UTI Energy, Inc., Cactus Drilling, Sidewinder Drilling, Inc., Baker Hughes Incorporated, Weatherford International Ltd. and various regional and local service providers. Our major competitors in our proppant production and sales business are Badger Mining Corporation, Fairmount Minerals, Ltd., Hi-Crush Partners LP, Preferred Proppants LLC, Unimin Corporation and U.S. Silica Holdings Inc. Our major competitors for our remote accommodation business include Oil States International, Inc., Black Diamond Limited and a significant number of local businesses.

We believe that the principal competitive factors in the market areas that we serve are quality of service and products, reputation for safety and technical proficiency, availability and price. While we must be competitive in our pricing, we believe our customers select our services and products based on the local leadership and basin-expertise that our field management and operating personnel use to deliver quality services and products.

Regulation

We operate under the jurisdiction of a number of regulatory bodies that regulate worker safety standards, the handling of hazardous materials, the transportation of explosives, the protection of human health and the

Table of Contents

environment and driving standards of operation. Regulations concerning equipment certification create an ongoing need for regular maintenance which is incorporated into our daily operating procedures. The oil and natural gas industry is subject to environmental regulation pursuant to local, state and federal legislation.

Transportation Matters

In connection with our transportation and relocation of our oilfield service equipment and shipment of frac sand, we operate trucks and other heavy equipment. As such, we operate as a motor carrier in providing certain of our services and therefore are subject to regulation by the United States Department of Transportation and by various state agencies. These regulatory authorities exercise broad powers, governing activities such as the authorization to engage in motor carrier operations, driver licensing and insurance requirements, financial reporting and review of certain mergers, consolidations and acquisitions, and transportation of hazardous materials (HAZMAT). Our trucking operations are subject to possible regulatory and legislative changes that may increase our costs. Some of these possible changes include increasingly stringent environmental regulations, changes in the hours of service regulations which govern the amount of time a driver may drive or work in any specific period, onboard black box recorder device requirements or limits on vehicle weight and size.

Interstate motor carrier operations are subject to safety requirements prescribed by the Federal Motor Carrier Safety Administration, or FMCSA, a unit within the United States Department of Transportation. To a large degree, intrastate motor carrier operations are subject to state safety regulations that mirror federal regulations. Matters such as the weight and dimensions of equipment are also subject to federal and state regulations. From time to time, various legislative proposals are introduced, including proposals to increase federal, state or local taxes, including taxes on motor fuels, which may increase our costs or adversely impact the recruitment of drivers. We cannot predict whether, or in what form, any increase in such taxes applicable to us will be enacted.

Certain motor vehicle operators require registration with the Department of Transportation. This registration requires an acceptable operating record. The Department of Transportation periodically conducts compliance reviews and may revoke registration privileges based on certain safety performance criteria which could result in a suspension of operations. The rating scale consists of "satisfactory," "conditional" and "unsatisfactory" ratings. As of May 1, 2016, all of our trucking operations have "satisfactory" ratings with the Department of Transportation. We have undertaken comprehensive efforts that we believe are adequate to comply with the regulations. Further information regarding our safety performance is available at the FMCSA website at www.fmcsa.dot.gov.

In December 2010, the FMCSA launched a program called Compliance, Safety, Accountability, or CSA, in an effort to improve commercial truck and bus safety. A component of CSA is the Safety Measurement System, or SMS, which analyzes all safety violations recorded by federal and state law enforcement personnel to determine a carrier's safety performance. The SMS is intended to allow FMCSA to identify carriers with safety issues and intervene to address those problems. However, the agency has announced a future intention to revise its safety rating system by making greater use of SMS data in lieu of on-site compliance audits of carriers. At this time, we cannot predict the effect such a revision may have on our safety rating.

Environmental Matters and Regulation

Our operations are subject to stringent laws and regulations governing the discharge of materials into the environment or otherwise relating to environmental protection. Numerous federal, state and local governmental agencies, such as the U.S. Environmental Protection Agency, or the EPA, issue regulations that often require difficult and costly compliance measures that carry substantial administrative, civil and criminal penalties and may result in injunctive obligations for non-compliance. These laws and regulations may require the acquisition of a permit before drilling commences, restrict the types, quantities and concentrations of various substances that can be released into the environment in connection with drilling activities, limit or prohibit construction or

Table of Contents

drilling activities on certain lands lying within wilderness, wetlands, ecologically or seismically sensitive areas and other protected areas, require action to prevent or remediate pollution from current or former operations, such as plugging abandoned wells or closing pits, result in the suspension or revocation of necessary permits, licenses and authorizations, require that additional pollution controls be installed and impose substantial liabilities for pollution resulting from our operations or relate to our owned or operated facilities. Liability under such laws and regulations is strict (i.e., no showing of “fault” is required) and can be joint and several. Moreover, it is not uncommon for neighboring landowners and other third parties to file claims for personal injury and property damage allegedly caused by the release of hazardous substances, hydrocarbons or other waste products into the environment. Changes in environmental laws and regulations occur frequently, and any changes that result in more stringent and costly pollution control or waste handling, storage, transport, disposal or cleanup requirements could materially adversely affect our operations and financial position, as well as the oil and natural gas industry in general. We have not experienced any material adverse effect from compliance with these environmental requirements. This trend, however, may not continue in the future.

Waste Handling. We handle, transport, store and dispose of wastes that are subject to the federal Resource Conservation and Recovery Act, as amended, or RCRA, and comparable state statutes and regulations promulgated thereunder, which affect our activities by imposing requirements regarding the generation, transportation, treatment, storage, disposal and cleanup of hazardous and non-hazardous wastes. With federal approval, the individual states administer some or all of the provisions of RCRA, sometimes in conjunction with their own, more stringent requirements. Although certain petroleum production wastes are exempt from regulation as hazardous wastes under RCRA, such wastes may constitute “solid wastes” that are subject to the less stringent requirements of non-hazardous waste provisions.

Administrative, civil and criminal penalties can be imposed for failure to comply with waste handling requirements. Moreover, the EPA or state or local governments may adopt more stringent requirements for the handling of non-hazardous wastes or categorize some non-hazardous wastes as hazardous for future regulation. Indeed, legislation has been proposed from time to time in Congress to re-categorize certain oil and natural gas exploration, development and production wastes as “hazardous wastes.” Several environmental organizations have also petitioned the EPA to modify existing regulations to recategorize certain oil and natural gas exploration, development and production wastes as “hazardous.” Any such changes in the laws and regulations could have a material adverse effect on our capital expenditures and operating expenses. Although we do not believe the current costs of managing our wastes, as presently classified, to be significant, any legislative or regulatory reclassification of oil and natural gas exploration and production wastes could increase our costs to manage and dispose of such wastes.

Remediation of Hazardous Substances. The Comprehensive Environmental Response, Compensation and Liability Act, as amended, which we refer to as CERCLA, or the “Superfund” law, and analogous state laws, generally imposes liability, without regard to fault or legality of the original conduct, on classes of persons who are considered to be responsible for the release of a “hazardous substance” into the environment. These persons include the current owner or operator of a contaminated facility, a former owner or operator of the facility at the time of contamination and those persons that disposed or arranged for the disposal of the hazardous substance at the facility. Under CERCLA and comparable state statutes, persons deemed “responsible parties” are subject to strict liability, that, in some circumstances, may be joint and several for the costs of removing or remediating previously disposed wastes (including wastes disposed of or released by prior owners or operators) or property contamination (including groundwater contamination), for damages to natural resources and for the costs of certain health studies. In addition, it is not uncommon for neighboring landowners and other third parties to file claims for personal injury and property damage allegedly caused by the hazardous substances released into the environment. In the course of our operations, we use materials that, if released, would be subject to CERCLA and comparable state statutes. Therefore, governmental agencies or third parties may seek to hold us responsible under CERCLA and comparable state statutes for all or part of the costs to clean up sites at which such “hazardous substances” have been released.

Table of Contents

NORM. In the course of our operations, some of our equipment may be exposed to naturally occurring radioactive materials associated with oil and gas deposits and, accordingly may result in the generation of wastes and other materials containing naturally occurring radioactive materials, or NORM. NORM exhibiting levels of naturally occurring radiation in excess of established state standards are subject to special handling and disposal requirements, and any storage vessels, piping and work area affected by NORM may be subject to remediation or restoration requirements. Because certain of the properties presently or previously owned, operated or occupied by us may have been used for oil and gas production operations, it is possible that we may incur costs or liabilities associated with NORM.

Water Discharges. The Federal Water Pollution Control Act of 1972, as amended, also known as the “Clean Water Act,” the Safe Drinking Water Act, the Oil Pollution Act and analogous state laws and regulations promulgated thereunder impose restrictions and strict controls regarding the unauthorized discharge of pollutants, including produced waters and other gas and oil wastes, into navigable waters of the United States, as well as state waters. The discharge of pollutants into regulated waters is prohibited, except in accordance with the terms of a permit issued by the EPA or the state. The Clean Water Act and regulations implemented thereunder also prohibit the discharge of dredge and fill material into regulated waters, including jurisdictional wetlands, unless authorized by an appropriately issued permit. These laws and regulations also prohibit certain other activity in wetlands unless authorized by a permit issued by the Corps. In September 2015, a new EPA and U.S. Army Corps of Engineers, which we refer to as the Corps, rule defining the scope of the jurisdiction of the EPA and the Corps over wetlands and other waters became effective. To the extent the rule expands the range of properties subject to the Clean Water Act’s jurisdiction, certain energy companies could face increased costs and delays with respect to obtaining permits for dredge and fill activities in wetland areas. The rule has been challenged in court on the grounds that it unlawfully expands the reach of Clean Water Act programs, and implementation of the rule has been stayed pending resolution of the court challenge. The process for obtaining permits has the potential to delay the development of natural gas and oil projects. Also, spill prevention, control and countermeasure plan requirements under federal law require appropriate containment berms and similar structures to help prevent the contamination of navigable waters. Noncompliance with these requirements may result in substantial administrative, civil and criminal penalties, as well as injunctive obligations.

Air Emissions. The federal Clean Air Act, as amended, and comparable state laws and regulations, regulate emissions of various air pollutants through the issuance of permits and the imposition of other requirements. The EPA has developed, and continues to develop, stringent regulations governing emissions of air pollutants at specified sources. New facilities may be required to obtain permits before work can begin, and existing facilities may be required to obtain additional permits and incur capital costs in order to remain in compliance. For example, our sand proppant production operations are subject to air permits issued by the Wisconsin Department of Natural Resources regulating our emission of fugitive dust and other constituents. These and other laws and regulations may increase the costs of compliance for some facilities where we operate, and federal and state regulatory agencies can impose administrative, civil and criminal penalties for non-compliance with air permits or other requirements of the federal Clean Air Act and associated state laws and regulations. Obtaining or renewing permits has the potential to delay the development of oil and natural gas projects.

Climate Change. In December 2009, the EPA issued an Endangerment Finding that determined that emissions of carbon dioxide, methane and other greenhouse gases, or collectively referred to as GHGs, present an endangerment to public health and the environment because, according to the EPA, emissions of such gases contribute to warming of the earth’s atmosphere and other climatic changes. These findings by the EPA allowed the agency to proceed with the adoption and implementation of regulations that would restrict emissions of GHGs under existing provisions of the federal Clean Air Act. Subsequently, the EPA adopted two sets of related rules, one of which purports to regulate emissions of GHGs from motor vehicles and the other of which regulates emissions of GHGs from certain large stationary sources of emissions such as power plants or industrial facilities. The motor vehicle rule, which became effective in July 2010, purports to limit emissions of GHGs from motor vehicles. The EPA adopted the stationary source rule, which we refer to as the tailoring rule, in May 2010, and it became effective January 2011. The tailoring rule established new GHG emissions thresholds that

Table of Contents

determine when stationary sources must obtain permits under the PSD and Title V programs of the Clean Air Act. On June 23, 2014, in *Utility Air Regulatory Group v. EPA*, the Supreme Court held that stationary sources could not become subject to PSD or Title V permitting solely by reason of their GHG emissions. The Court ruled, however, that the EPA may require installation of best available control technology for GHG emissions at sources otherwise subject to the PSD and Title V programs. On December 19, 2014, the EPA issued two memoranda providing initial guidance on GHG permitting requirements in response to the Court's decision in *Utility Air Regulatory Group v. EPA*. In its preliminary guidance, the EPA indicates it will undertake a rulemaking action to rescind any PSD permits issued under the portions of the tailoring rule that were vacated by the Court. In the interim, the EPA issued a narrowly crafted "no action assurance" indicating it will exercise its enforcement discretion not to pursue enforcement of the terms and conditions relating to GHGs in an EPA-issued PSD permit, and for related terms and conditions in a Title V permit. On April 30, 2015, the EPA issued a final rule allowing permitting authorities to rescind PSD permits issued under the invalid regulations.

Additionally, in September 2009, the EPA issued a final rule requiring the reporting of GHG emissions from specified large GHG emission sources in the U.S., including natural gas liquids fractionators and local natural gas distribution companies, beginning in 2011 for emissions occurring in 2010. In November 2010, the EPA expanded the GHG reporting rule to include onshore and offshore oil and natural gas production and onshore processing, transmission, storage and distribution facilities, which may include certain of our customers' facilities, beginning in 2012 for emissions occurring in 2011. In October 2015, the EPA amended the GHG reporting rule to add the reporting of GHG emissions from gathering and boosting systems, completions and workovers of oil wells using hydraulic fracturing, and blowdowns of natural gas transmission pipelines.

The EPA has continued to adopt GHG regulations applicable to other industries, such as its August 2015 adoption of three separate, but related, actions to address carbon dioxide pollution from power plants, including final Carbon Pollution Standards for new, modified and reconstructed power plants, a final Clean Power Plan to cut carbon dioxide pollution from existing power plants, and a proposed federal plan to implement the Clean Power Plan emission guidelines. Upon publication of the Clean Power Plan on October 23, 2015, more than two dozen states as well as industry and labor groups challenged the Clean Power Plan in the D.C. Circuit Court of Appeals. As a result of this continued regulatory focus, future GHG regulations of the oil and gas industry remain a possibility, which could increase the cost of our operation and reduce the demand for our products and services.

In addition, the U.S. Congress has from time to time considered adopting legislation to reduce emissions of GHGs and almost one-half of the states have already taken legal measures to reduce emissions of GHGs primarily through the planned development of GHG emission inventories and/or regional GHG cap and trade programs. Although the U.S. Congress has not adopted such legislation at this time, it may do so in the future and many states continue to pursue regulations to reduce GHG emissions. Most of these cap and trade programs work by requiring major sources of emissions, such as electric power plants or major producers of fuels, such as refineries and gas processing plants, to acquire and surrender emission allowances corresponding with their annual emissions of GHGs. The number of allowances available for purchase is reduced each year until the overall GHG emission reduction goal is achieved. As the number of GHG emission allowances declines each year, the cost or value of such allowances is expected to escalate significantly.

In December 2015, the United States joined the international community at the 21st Conference of the Parties of the United Nations Framework Convention on Climate Change in Paris, France. The resulting Paris Agreement calls for the parties to undertake "ambitious efforts" to limit the average global temperature, and to conserve and enhance sinks and reservoirs of greenhouse gases. The Paris Agreement, if ratified, establishes a framework for the parties to cooperate and report actions to reduce greenhouse gas emissions.

Restrictions on emissions of methane or carbon dioxide that may be imposed in various states could adversely affect the oil and natural gas industry by reducing demand for hydrocarbons and by making it more expensive to develop and produce hydrocarbons, either of which could have a material adverse effect on future demand for our services. At this time, it is not possible to accurately estimate how potential future laws or regulations addressing GHG emissions would impact our business.

Table of Contents

In addition, claims have been made against certain energy companies alleging that greenhouse gas emissions from oil and natural gas operations constitute a public nuisance under federal and/or state common law. As a result, private individuals may seek to enforce environmental laws and regulations against certain energy companies and could allege personal injury or property damages. While our business is not a party to any such litigation, we could be named in actions making similar allegations. An unfavorable ruling in any such case could significantly impact our operations and could have an adverse impact on our financial condition.

Moreover, climate change may cause more extreme weather conditions such as more intense hurricanes, thunderstorms, tornadoes and snow or ice storms, as well as rising sea levels and increased volatility in seasonal temperatures. Extreme weather conditions can interfere with our production and increase our costs and damage resulting from extreme weather may not be fully insured. However, at this time, we are unable to determine the extent to which climate change may lead to increased storm or weather hazards affecting our operations.

Endangered Species Act

Environmental laws such as the Endangered Species Act, as amended, or the ESA, may impact exploration, development and production activities on public or private lands. The ESA provides broad protection for species of fish, wildlife and plants that are listed as threatened or endangered in the U.S., and prohibits taking of endangered species. Similar protections are offered to migratory birds under the Migratory Bird Treaty Act. Federal agencies are required to insure that any action authorized, funded or carried out by them is not likely to jeopardize the continued existence of listed species or modify their critical habitat. While some of our facilities may be located in areas that are designated as habitat for endangered or threatened species, we believe that we are in substantial compliance with the ESA. The U.S. Fish and Wildlife Service may identify, however, previously unidentified endangered or threatened species or may designate critical habitat and suitable habitat areas that it believes are necessary for survival of a threatened or endangered species, which could cause us to incur additional costs or become subject to operating restrictions or bans in the affected areas.

Regulation of Hydraulic Fracturing

Our business is dependent on our ability to conduct hydraulic fracturing and horizontal drilling activities. Hydraulic fracturing is an important common practice that is used to stimulate production of hydrocarbons, particularly natural gas, from tight formations, including shales. The process, which involves the injection of water, sand and chemicals (also called “proppants”) under pressure into formations to fracture the surrounding rock and stimulate production, is typically regulated by state oil and natural gas commissions. However, federal agencies have asserted regulatory authority over certain aspects of the process. For example, on May 9, 2014, the EPA issued an Advanced Notice of Proposed Rulemaking seeking comment on the development of regulations under the Toxic Substances Control Act to require companies to disclose information regarding the chemicals used in hydraulic fracturing. The EPA plans to develop a Notice of Proposed Rulemaking by December 2016, which would describe a proposed mechanism—regulatory, voluntary or a combination of both—to collect data on hydraulic fracturing chemical substances and mixtures. On June 28, 2016, EPA published a final rule prohibiting the discharge of wastewater from onshore unconventional oil and natural gas extraction facilities to publicly owned wastewater treatment plans. The EPA is also conducting a study of private wastewater treatment facilities (also known as centralized waste treatment, or CWT, facilities) accepting oil and natural gas extraction wastewater. The EPA is collecting data and information related to the extent to which CWT facilities accept such wastewater, available treatment technologies (and their associated costs), discharge characteristics, financial characteristics of CWT facilities and the environmental impacts of discharges from CWT facilities. Furthermore, legislation to amend the State Drinking Water Act, to repeal the exemption for hydraulic fracturing (except when diesel fuels are used) from the definition of “underground injection” and require federal permitting and regulatory control of hydraulic fracturing, as well as legislative proposals to require disclosure of the chemical constituents of the fluids used in the fracturing process, were proposed in recent sessions of Congress.

On August 16, 2012, the EPA published final regulations under the federal Clean Air Act that establish new air emission controls for oil and natural gas production and natural gas processing operations. Specifically,

[Table of Contents](#)

the EPA's rule package includes New Source Performance standards, which we refer to as NSP standards, to address emissions of sulfur dioxide and volatile organic compounds and a separate set of emission standards to address hazardous air pollutants frequently associated with oil and natural gas production and processing activities. The final rule seeks to achieve a 95% reduction in volatile organic compounds emitted by requiring the use of reduced emission completions or "green completions" on all hydraulically-fractured wells constructed or refractured after January 1, 2015. The rules also establish specific new requirements regarding emissions from compressors, controllers, dehydrators, storage tanks and other production equipment. The EPA received numerous requests for reconsideration of these rules from both industry and the environmental community, and court challenges to the rules were also filed. In response, the EPA has issued, and will likely continue to issue, revised rules responsive to some of the requests for reconsideration. For example, in September 2013 and December 2014, the EPA amended its rules to extend compliance deadlines and to clarify the NSP standards. Further, on July 31, 2015, the EPA finalized two updates to the NSP standards to address the definition of low-pressure wells and references to tanks that are connected to one another (referred to as connected in parallel). In addition, on May 12, 2016, the EPA amended the NSP standards to impose new standards for methane and VOC emissions for certain new, modified and reconstructed equipment, processes and activities across the oil and natural gas sector. On the same day, the EPA finalized a plan to implement its minor new source review program in Indian country for oil and natural gas production, and it issued for public comment an information request that will require companies to provide extensive information instrumental for the development of regulations to reduce methane emissions from existing oil and gas sources. We cannot predict the final regulatory requirements or the cost to comply with such requirements with any certainty.

In addition, on March 26, 2015, the Bureau of Land Management, or BLM, published a final rule governing hydraulic fracturing on federal and Indian lands. The rule requires public disclosure of chemicals used in hydraulic fracturing, implementation of a casing and cementing program, management of recovered fluids, and submission to the BLM of detailed information about the proposed operation, including wellbore geology, the location of faults and fractures, and the depths of all usable water. On June 21, 2016, the United States District Court for Wyoming set aside the rule, holding that the BLM lacked Congressional authority to promulgate the rule. The BLM has appealed the decision to the Tenth Circuit Court of Appeals. Also, on January 22, 2016, the BLM announced a proposed rule to reduce the flaring, venting and leaking of methane from oil and gas operations on federal and Indian lands. The proposed rule would require operators to use currently available technologies and equipment to reduce flaring, periodically inspect their operations for leaks, and replace outdated equipment that vents large quantities of gas into the air. The rule would also clarify when operators owe the government royalties for flared gas.

There are certain governmental reviews either underway or being proposed that focus on the environmental aspects of hydraulic fracturing practices. These ongoing or proposed studies, depending on their degree of pursuit and whether any meaningful results are obtained, could spur initiatives to further regulate hydraulic fracturing under the SDWA or other regulatory authorities. The EPA is currently evaluating the potential impacts of hydraulic fracturing on drinking water resources. On February 6, 2015, the EPA released a report with findings and recommendations related to public concern about induced seismic activity from disposal wells. The report recommends strategies for managing and minimizing the potential for significant injection-induced seismic events. Other governmental agencies, including the U.S. Department of Energy, the U.S. Geological Survey, and the U.S. Government Accountability Office, have evaluated or are evaluating various other aspects of hydraulic fracturing. These ongoing or proposed studies could spur initiatives to further regulate hydraulic fracturing, and could ultimately make it more difficult or costly for us to perform fracturing and increase our costs of compliance and doing business.

Several states and local jurisdictions in which we or our customers operate have adopted or are considering adopting regulations that could restrict or prohibit hydraulic fracturing in certain circumstances, impose more stringent operating standards and/or require the disclosure of the composition of hydraulic fracturing fluids. Any increased regulation of hydraulic fracturing could reduce the demand for our services and materially and adversely effect our reserves and results of operations.

Table of Contents

There has been increasing public controversy regarding hydraulic fracturing with regard to the use of fracturing fluids, induced seismic activity, impacts on drinking water supplies, use of water and the potential for impacts to surface water, groundwater and the environment generally. A number of lawsuits and enforcement actions have been initiated across the country implicating hydraulic fracturing practices. If new laws or regulations that significantly restrict hydraulic fracturing are adopted, such laws could make it more difficult or costly for us to perform fracturing to stimulate production from tight formations as well as make it easier for third parties opposing the hydraulic fracturing process to initiate legal proceedings based on allegations that specific chemicals used in the fracturing process could adversely affect groundwater. In addition, if hydraulic fracturing is further regulated at the federal, state or local level, our customers' fracturing activities could become subject to additional permitting and financial assurance requirements, more stringent construction specifications, increased monitoring, reporting and recordkeeping obligations, plugging and abandonment requirements and also to attendant permitting delays and potential increases in costs. Such legislative or regulatory changes could cause us or our customers to incur substantial compliance costs, and compliance or the consequences of any failure to comply by us could have a material adverse effect on our financial condition and results of operations. At this time, it is not possible to estimate the impact on our business of newly enacted or potential federal, state or local laws governing hydraulic fracturing.

Regulation of Sand Proppant Production

The MSHA has primary regulatory jurisdiction over commercial silica operations, including quarries, surface mines, underground mines and industrial mineral processing facilities. While we do not directly conduct any mining operations, we are dependent on several regulated mines for the supply of natural sand used in our proppant production. In addition, MSHA representatives perform at least two annual inspections of our production facilities to ensure employee and general site safety. To date, these inspections have not resulted in any citations for material violations of MSHA standards, and we believe we are in material compliance with MSHA requirements.

Other Regulation of the Oil and Natural Gas Industry

The oil and natural gas industry is extensively regulated by numerous federal, state and local authorities. Legislation affecting the oil and natural gas industry is under constant review for amendment or expansion, frequently increasing the regulatory burden. Also, numerous departments and agencies, both federal and state, are authorized by statute to issue rules and regulations that are binding on the oil and natural gas industry and its individual members, some of which carry substantial penalties for failure to comply. Although changes to the regulatory burden on the oil and natural gas industry could affect the demand for our services, we would not expect to be affected any differently or to any greater or lesser extent than other companies in the industry with similar operations.

Drilling. Our operations are subject to various types of regulation at the federal, state and local level. These types of regulation include requiring permits for the drilling of wells, drilling bonds and reports concerning operations. The states, and some counties and municipalities, in which we operate also regulate one or more of the following:

- the location of wells;
- the method of drilling and casing wells;
- the timing of construction or drilling activities, including seasonal wildlife closures;
- the surface use and restoration of properties upon which wells are drilled;
- the plugging and abandoning of wells; and
- notice to, and consultation with, surface owners and other third parties.

Table of Contents

Federal, state and local regulations provide detailed requirements for the abandonment of wells, closure or decommissioning of production facilities and pipelines and for site restoration in areas where we operate. The Corps and many other state and local authorities also have regulations for plugging and abandonment, decommissioning and site restoration. Although the Corps does not require bonds or other financial assurances, some state agencies and municipalities do have such requirements.

State Regulation. The states in which we or our customers operate regulate the drilling for, and the production and gathering of, oil and natural gas, including through requirements relating to the method of developing new fields, the spacing and operation of wells and the prevention of waste of oil and natural gas resources. States may also regulate rates of production and may establish maximum daily production allowables from oil and natural gas wells based on market demand or resource conservation, or both. States do not regulate wellhead prices or engage in other similar direct economic regulation, but they may do so in the future. The effect of these regulations may be to limit the amount of oil and natural gas that may be produced from wells and to limit the number of wells or locations our customers can drill.

In July 2015, the Ohio Department of Natural Resources, or the ODNR, enacted a comprehensive set of rules to regulate the construction of well pads. Under these new rules, operators must submit detailed horizontal well pad site plans certified by a professional engineer for review by the ODNR Division of Oil and Gas Resources Management prior to the construction of a well pad. These rules will result in increased construction costs for operators. It is expected that the ODNR will pursue further initiatives in 2016, including additional emergency response rules.

The petroleum industry is also subject to compliance with various other federal, state and local regulations and laws. Some of those laws relate to resource conservation and equal employment opportunity. We do not believe that compliance with these laws will have a material adverse effect on us.

OSHA Matters

We are also subject to the requirements of the federal Occupational Safety and Health Act, or OSHA, and comparable state statutes that regulate the protection of the health and safety of workers. In addition, the OSHA hazard communication standard requires that information be maintained about hazardous materials used or produced in operations and that this information be provided to employees, state and local government authorities and the public. Compliance with these laws and regulations has not had a material adverse effect on our operations or financial position.

Employees

As of August 1, 2016, we had approximately 500 full time employees, including 146 salaried administrative or supervisory employees. None of our employees are represented by labor unions or covered by any collective bargaining agreements. We also hire independent contractors and consultants involved in land, technical, regulatory and other disciplines to assist our full time employees.

Legal Proceedings

We are routinely involved in state and local tax audits. During year ended December 31, 2015 the State of Ohio assessed taxes on the purchase of equipment we believe is exempt under state law. We have appealed the assessment and have a hearing scheduled for November 30, 2016. While we are not able to predict the outcome of the appeal, however, we believe that this matter is not expected to have a material adverse effect on our financial position or results of operations.

On December 16, 2015, a lawsuit alleging wrongful death was filed titled *Cecilia R.G. Uballe, and Sabrina Barber, beneficiarys of Esecial D. Uballe, Deceased v. Bison Trucking LLC* in the U.S. District Court of

[Table of Contents](#)

Midland, Texas. We are evaluating the background facts of these actions and at this time are not able to predict the outcome of this lawsuit or whether it will have a material impact on our financial position, results of operations or cash flows.

Due to the nature of our business, we are, from time to time, involved in other routine litigation or subject to disputes or claims related to our business activities, including workers' compensation claims and employment related disputes. In the opinion of our management, none of the pending litigation, disputes or claims against us, if decided adversely, will have a material adverse effect on our financial condition, cash flows or results of operations.

MANAGEMENT

Executive Officers and Directors

Set forth below is the name, age, position and a brief account of the business experience of each of our executive officers, directors and director nominees as of August 1, 2016.

Name	Age	Position
Marc McCarthy	45	Chairman and Director
Arty Straehla	62	Chief Executive Officer
Mark Layton	41	Chief Financial Officer

Marc McCarthy has served as Chairman of the Board of Directors since our formation on June 20, 2016 and as Chairman of the Board of Directors of the general partner of Mammoth Partners since September 17, 2014. Mr. McCarthy is currently a Senior Managing Director at Wexford, having joined Wexford in June 2008. Mr. McCarthy served as a director of Coronado Midstream LLC, a private gas gathering and processing operation in Midland, TX. From September 2009 until June 2013, Mr. McCarthy served as Chairman of the Board and a director of EPL Oil & Gas, Inc., an independent oil and natural gas exploration and production company. He also served on the Nominating and Governance Committee of EPL Oil & Gas, Inc. Before joining Wexford, Mr. McCarthy was a Senior Managing Director at Bear Stearns & Co., Inc. within its Global Equity Research Department having been responsible for coverage of the international oil and gas sector. Mr. McCarthy joined Bear Stearns & Co. in 1997 and held various positions of increasing responsibility until his departure in June 2008. Prior to 1997, he worked in equity research at Prudential Securities, also following the oil and gas sector. Mr. McCarthy is a Chartered Financial Analyst and received a B.A. in Economics from Tufts University. We believe Mr. McCarthy's experience as a director of both publicly-traded and private oil and gas companies, as well as his experience in evaluating financial, strategic and operational aspects of companies in our industry at Wexford, qualifies him for service as a member of our board of directors.

Arty Straehla has served as our Chief Executive Officer since February 1, 2016. Prior to joining our company, Mr. Straehla was employed as Chief Executive Officer by Serva Group LLC, an oilfield equipment manufacturer, from July 2010 to February 2016. Mr. Straehla was employed by Diamondback Energy Services, Inc. from January 2006 to November 2008, where his last position was Chief Executive Officer. In December 2005, Mr. Straehla completed a 26-year career with the Goodyear Tire and Rubber Co. where his last position was the director of consumer tire manufacturing for the North American consumer tire operations. In this capacity, Mr. Straehla oversaw eight tire plants with 12,000 employees, a \$2.5 billion operating budget, a \$115.0 million capital expenditures budget and a production capacity of 100 million tires per year. Mr. Straehla holds a Bachelor of Science degree in Secondary Education and a Master of Arts degree in History from Oklahoma State University. Mr. Straehla also has a Master of Business Administration degree from Oklahoma City University.

Mark Layton became our Chief Financial Officer in August 2014. Mr. Layton served as Chief Financial Officer of Stingray Pressure Pumping LLC from January 2014 to August 2014. Mr. Layton was employed from August 2011 through January 2014 by Archer Well Company Inc. where his last position was Director of Finance for North America. From September 2009 through August 2011, Mr. Layton was employed by Great White Energy Services, Inc. where his last position was Corporate Controller and Director of Financial Reporting. Mr. Layton served as Vice President of Finance of Crossroads Wireless, Inc., a wireless telecommunications service company, from May 2007 through September 2009. In February 2009, an involuntary petition under Chapter 7 of the United States Bankruptcy Code was filed against Crossroads Wireless, Inc. in the Western District of Oklahoma. From April 2004 through May 2007, Mr. Layton served as the Director of Financial Reporting for Chickasaw Holding Company, a telecommunications service company. He began his career in public accounting with Finley & Cook PLLC. Mr. Layton has a Bachelor of Science degree in Accounting from the University of Central Oklahoma. Mr. Layton is a Certified Public Accountant.

Our Board of Directors and Committees

Upon completion of this offering, our board of directors will consist of _____ directors, at least three of whom will satisfy the independence requirements of current SEC rules and The NASDAQ Global Market listing standards. Our certificate of incorporation provides that the terms of office of the directors are one year from the time of their election until the next annual meeting of stockholders or until their successors are duly elected and qualified.

Our certificate of incorporation provides that the authorized number of directors will generally be not less than five nor more than thirteen, and the exact number of directors will be fixed from time to time exclusively by the board of directors pursuant to a resolution adopted by a majority of the whole board. In addition, our certificate of incorporation and our bylaws provide that, in general, vacancies on the board may be filled by a majority of directors in office, although less than a quorum.

Prior to the closing of this offering, we will enter into an investor rights agreement with Gulfport in which Gulfport, among other things, will be granted the right to nominate one of our directors for so long as Gulfport owns 10% or more of our outstanding common stock.

Our board of directors will establish an audit committee in connection with this offering whose functions include the following:

- assist the board of directors in its oversight responsibilities regarding the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent accountant's qualifications and independence and our accounting and financial reporting processes of and the audits of our financial statements;
- prepare the report required by the SEC for inclusion in our annual proxy or information statement;
- appoint, retain, compensate, evaluate and terminate our independent accountants;
- approve audit and non-audit services to be performed by the independent accountants;
- review and approve related party transactions; and
- perform such other functions as the board of directors may from time to time assign to the audit committee.

The specific functions and responsibilities of the audit committee will be set forth in the audit committee charter. Upon completion of this offering, our audit committee will include at least one director who satisfies the independence requirements of current SEC rules and The NASDAQ Global Market listing standards. Within one year after completion of the offering, we expect that our audit committee will be composed of three members that will satisfy the independence requirements of current SEC rules and The NASDAQ Global Market listing standards. We also expect that one of the members of the audit committee will qualify as an audit committee financial expert as defined under these rules and listing standards, and the other members of our audit committee will satisfy the financial literacy standards for audit committee members under these rules and listing standards.

Pursuant to our bylaws, our board of directors may, from time to time, establish other committees to facilitate the management of our business and operations. Because we are considered to be controlled by Wexford under The NASDAQ Global Market rules, we are eligible for exemptions from provisions of these rules requiring a majority of independent directors, nominating and corporate governance and compensation committees composed entirely of independent directors and written charters addressing specified matters. We may elect to take advantage of these exemptions. In the event that we cease to be a controlled company within the meaning of these rules, we will be required to comply with these provisions after the specified transition periods.

[Table of Contents](#)

Although we will be eligible for an exemption from the compensation committee requirements under The NASDAQ Global Market rules, we intend to establish a compensation committee composed of at least two independent directors in connection with this offering.

Director Compensation

To date, none of our directors has received compensation for services rendered as a board member. Members of our board of directors who are also officers or employees of our company will not receive compensation for their services as directors. It is anticipated that after the completion of this offering, we will pay our non-employee directors a monthly retainer of \$ and a per meeting attendance fee of \$ and reimburse all ordinary and necessary expenses incurred in the conduct of our business.

In connection with this offering, we intend to implement an equity incentive plan. Under the plan, certain non-employee directors will be granted restricted stock units, which will vest in three equal annual installments beginning on the date of grant.

Compensation Committee Interlocks and Insider Participation

We do not currently have a compensation committee. None of our executive officers serves, or has served during the past year, as a member of the board of directors or compensation committee of any other company that has one or more executive officers serving as a member of our board of directors or compensation committee.

Executive Compensation

Summary of Compensation for Our Named Executive Officers

The following table shows the compensation of all individuals serving as our principal executive officer during 2015 and of our two other most highly compensated executive officers serving as of December 31, 2015, whose total compensation exceeded \$100,000 for the fiscal year ended December 31, 2015.

	<u>Year</u>	<u>Salary</u>	<u>Bonus(1)</u>	<u>All Other Compensation(2)</u>	<u>Total</u>
Marc McCarthy, Chairman(3)	2015	\$ 366,346	\$ -	\$ 23,360	\$ 389,706
Arty Straehla, Chief Executive Officer(4)	2015	\$ -	\$ -	\$ -	\$ -
Mark Layton, Chief Financial Officer	2015	\$ 226,731	\$ 222,500	\$ 22,960	\$ 472,191

(1) Consists of a discretionary bonus.

(2) Consists of \$8,913 attributable to our matching contributions to Mr. McCarthy's 401(k) account and \$14,447 attributable to medical premiums paid by us on behalf of Mr. McCarthy. Consists of \$7,456 attributable to our matching contributions to Mr. Layton's 401(k) account, \$14,447 attributable to medical premiums paid by us on behalf of Mr. Layton and \$1,057 in premiums paid by us on behalf of Mr. Layton for life insurance and disability insurance premiums.

(3) During 2015, Mr. McCarthy acted as the principal executive officer and served as a director of the general partner of Mammoth Partners. During 2015, he did not receive any additional compensation for his role as a director.

(4) Mr. Straehla joined us as our Chief Executive Officer in February of 2016 and did not receive any compensation from us in 2015.

Employment Agreements

In February 2016, we entered into an oral employment agreement with Arty Straehla, our Chief Executive Officer. Mr. Straehla's annual base salary is \$400,000, which can be increased from time to time by the board of directors or the compensation committee. Subject to Mr. Straehla's achievement of certain performance goals to be

Table of Contents

determined by the board of directors or the compensation committee, Mr. Strachla will be eligible to receive bonuses. Mr. Strachla is entitled to participate in any life and medical insurance plans and other similar plans that we establish from time to time for our executive employees. Mr. Strachla's employment with us is terminable by either party.

In September 2014, we entered into an oral employment agreement with Mark Layton, our Chief Financial Officer. Mr. Layton's initial annual base salary was \$225,000. As a result of industry conditions, Mr. Layton's annual base salary was reduced to \$202,500 in September 2015. Subject to Mr. Layton's achievement of certain performance goals to be determined by the board of directors or the compensation committee, Mr. Layton will be eligible to receive a target annual bonus of 75% of his annual base salary. Upon the completion of this offering, Mr. Layton will receive a one-time cash bonus of \$300,000 and will be entitled to receive annual equity incentive awards equal to 100% of his annual base salary at the time of the agreement, which will vest in substantially equal installments over a four-year period. Based on his salary at the time of the agreement, the aggregate fair value of Mr. Layton's cash bonus and initial equity award to which Mr. Layton would be entitled upon completion of this offering would be \$525,000. Mr. Layton is entitled to participate in any life and medical insurance plans and other similar plans that we establish from time to time for our executive employees. Mr. Layton's employment with us is terminable by either party.

2016 Equity Incentive Plan

Prior to the completion of this offering, we did not have any option or other equity incentive plan and there are no options, restricted units or other equity awards outstanding for any of our named executive officers. Prior to this offering, we intend to implement our equity incentive plan as described below. The equity incentive plan is intended to provide an additional incentive to our management and directors following the completion of this offering to continue to grow our business and enhance the value for our stockholders.

Eligible award recipients are employees, consultants and directors of our company and its affiliates. Incentive stock options may be granted only to our employees. Awards other than incentive stock options may be granted to employees, consultants and directors. The shares that may be issued pursuant to awards consist of our authorized but unissued common stock, and the maximum aggregate amount of such common stock which may be issued upon exercise of all awards under the plan, including incentive stock options, may not exceed shares, subject to adjustment to reflect certain corporate transactions or changes in our capital structure. At any time after the Company is subject to the deduction limitations under Section 162(m) of the Code, the maximum number of shares of common stock issuable under our equity incentive plan to any one participant during a calendar year shall not exceed shares.

We anticipate granting options and restricted stock units to employees and certain non-employee directors under the plan upon completion of this offering in the amount to be determined by the compensation committee.

Share Reserve. The aggregate number of shares of common stock initially authorized for issuance under the plan is shares. However, (i) shares covered by an award that expires or otherwise terminates without having been exercised in full and (ii) shares that are forfeited to, or repurchased by, us pursuant to a forfeiture or repurchase provision under the plan may return to the plan and be available for issuance in connection with a future award.

Administration. Our board of directors (or our compensation committee or any other committee of the board of directors as may be appointed by our board of directors from time to time) administers the plan. Among other responsibilities, the plan administrator selects participants from among the eligible individuals, determines the number of shares that will be subject to each award and determines the terms and conditions of each award, including methods of payment, vesting schedules and limitations and restrictions on awards. The plan administrator may amend, suspend, or terminate the plan at any time. Amendments will not be effective without stockholder approval if stockholder approval is required by applicable law or stock exchange requirements. Unless terminated earlier, our equity incentive plan will terminate in August 2026.

Table of Contents

Stock Options. Incentive and nonstatutory stock options are granted pursuant to incentive and nonstatutory stock option agreements. Employees, directors and consultants may be granted nonstatutory stock options, but only employees may be granted incentive stock options. The plan administrator determines the exercise price of a stock option, provided that the exercise price of a stock option generally cannot be less than 100% (and in the case of an incentive stock option granted to a more than 10% stockholder, 110%) of the fair market value of our common stock on the date of grant, except when assuming or substituting options in limited situations such as an acquisition. Generally, options granted under the plan vest ratably over a five-year period and have a term of ten years (five years in the case of an incentive stock option granted to a more than 10% stockholder), unless specified otherwise by the plan administrator in the option agreement.

Acceptable consideration for the purchase of common stock issued upon the exercise of a stock option will be determined by the plan administrator and may include (i) cash or check, (ii) a broker-assisted cashless exercise, (iii) the tender of common stock previously owned by the optionee, (iv) stock withholding and (v) other legal consideration approved by the plan administrator, such as exercise with a full recourse promissory note (not applicable for directors and executive officers).

Unless the plan administrator provides otherwise (solely with respect to inter vivos transfers to certain family members and estate planning vehicles), nonstatutory options generally are not transferable except by will or the laws of descent and distribution. An optionee may designate a beneficiary, however, who may exercise the option following the optionee's death. Incentive stock options are not transferable except by will or the laws of descent and distribution.

Restricted Awards. Restricted awards are awards of either actual shares of common stock (e.g., restricted stock awards), or of hypothetical share units (e.g., restricted stock units) having a value equal to the fair market value of an identical number of shares of common stock, that will be settled in the form of shares of common stock upon vesting or other specified payment date, and which may provide that such restricted awards may not be sold, transferred, or otherwise disposed of for such period as the plan administrator determines. The purchase price and vesting schedule, if applicable, of restricted awards are determined by the plan administrator. A restricted stock unit is similar to a restricted stock award except that participants holding restricted stock units do not have any stockholder rights until the stock unit is settled with shares. Stock units represent an unfunded and unsecured obligation for us and a holder of a stock unit has no rights other than those of a general creditor.

Performance Awards. Performance awards entitle the recipient to vest in or acquire shares of common stock, or hypothetical share units having a value equal to the fair market value of an identical number of shares of common stock that will be settled in the form of shares of common stock upon the attainment of specified performance goals. Performance awards may be granted independent of or in connection with the granting of any other award under the plan. Performance goals will be established by the plan administrator based on one or more business criteria that apply to the plan participant, a business unit, or our company and our affiliates. Performance goals will be objective and will be intended to meet the requirements of Section 162(m) of the Code. Performance goals must be determined prior to the time 25% of the service period has elapsed but not later than 90 days after the beginning of the service period. No payout will be made on a performance award granted to a named executive officer unless all applicable performance goals and service requirements are achieved. Performance awards may not be sold, assigned, transferred, pledged or otherwise encumbered and terminate upon the termination of the participant's service to us or our affiliates.

Stock Appreciation Rights. Stock appreciation rights may be granted independent of or in tandem with the granting of any option under the plan. Stock appreciation rights are granted pursuant to stock appreciation rights agreements. The exercise price of a stock appreciation right granted independent of an option is determined by the plan administrator, but as a general rule will be no less than 100% of the fair market value of our common stock on the date of grant. The exercise price of a stock appreciation right granted in tandem with an option is the same as the exercise price of the related option. Upon the exercise of a stock appreciation right, we will pay the

Table of Contents

participant an amount equal to the product of (i) the excess of the per share fair market value of our common stock on the date of exercise over the strike price, multiplied by (ii) the number of shares of common stock with respect to which the stock appreciation right is exercised. Payment will be made in cash, delivery of stock, or a combination of cash and stock as deemed appropriate by the plan administrator.

Adjustments in capitalization. In the event that there is a specified type of change in our common stock without the receipt of consideration by us, such as pursuant to a merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction, appropriate adjustments will be made to the various limits under, and the share terms of, the plan including (i) the number and class of shares reserved under the plan, (ii) the maximum number of stock options and stock appreciation rights that can be granted to any one person in a calendar year and (iii) the number and class of shares and exercise price, strike price, or purchase price, if applicable, of all outstanding stock awards.

Corporate Transactions. In the event of a change in control transaction (other than a transaction resulting in Wexford, Gulfport or an entity controlled by, or under common control with Wexford or Gulfport maintaining direct or indirect control over the Company), or a corporate transaction such as a dissolution or liquidation of our company, or any corporate separation or division, including, but not limited to, a split-up, a split-off or a spin-off, or a sale in one or a series of related transactions, of all or substantially all of the assets of our company or a merger, consolidation, or reverse merger in which we are not the surviving entity, then all outstanding stock awards under the plan may be assumed, continued or substituted for by any surviving or acquiring entity (or its parent company), or may be cancelled either with or without consideration for the vested portion of the awards, all as determined by the plan administrator. In the event an award would be cancelled without consideration paid to the extent vested, the award recipient may exercise the award in full or in part for a period of ten days.

401(k) Plan

Each of our executives participates in a company-sponsored 401(k) Plan. Under these plans, our employees may elect to defer a portion of their compensation up to the statutorily prescribed limit, and each pay period our entities make matching contributions to participating employees' deferrals, with various matching percentages and vesting.

Limitations on Liability and Indemnification of Officers and Directors

Certificate of Incorporation and Bylaws

Our certificate of incorporation provides that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the Delaware General Corporation Law, or DGCL. The effect of this provision of our certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders' derivative suits on our behalf) to recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by the DGCL:

- for any breach of the director's duty of loyalty to the company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- in respect of certain unlawful dividend payments or stock redemptions or repurchases; and
- for any transaction from which the director derives an improper personal benefit.

Table of Contents

This provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director's duty of care.

Our certificate of incorporation also provides that we will, to the fullest extent permitted by Delaware law, indemnify our directors and officers against losses that they may incur in investigations and legal proceedings resulting from their service.

Our bylaws include provisions relating to advancement of expenses and indemnification rights consistent with those provided in our certificate of incorporation. In addition, our bylaws provide:

- for a right of indemnitee to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time; and
- permit us to purchase and maintain insurance, at our expense, to protect us and any of our directors, officers and employees against any loss, whether or not we would have the power to indemnify that person against that loss under Delaware law.

Indemnification Agreements

We will enter into indemnification agreements with each of our current directors and executive officers effective upon the closing of this offering. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Liability Insurance

We intend to provide liability insurance for our directors and officers, including coverage for public securities matters. There is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification from us is sought. We are not aware of any threatened litigation that may result in claims for indemnification from us.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review and Approval of Related Party Transactions

We do not currently have a written policy regarding the review and approval of related party transactions, but intend to implement such a policy in connection with, and prior to the completion of, this offering. In connection with this offering, we will establish an audit committee consisting solely of independent directors whose functions will be set forth in the audit committee charter. We anticipate that one of the audit committee's functions will be to review and approve all relationships and transactions in which we and our directors, director nominees and executive officers and their immediate family members, as well as holders of more than 5% of any class of our voting securities and their immediate family members, have a direct or indirect material interest. We anticipate that such policy will be a written policy included as part the audit committee charter that will be implemented by the audit committee and in the Code of Business Conduct and Ethics that our board of directors will adopt prior to the completion of this offering.

Historically, the review and approval of related party transactions have been the responsibility of our management. The terms of the transactions and agreements disclosed in this section were determined by and among affiliated entities and, consequently, are not the result of arm's length negotiations. Although our management believes that the terms of the related party transactions described below are reasonable, it is possible that we could have negotiated more favorable terms for such transactions with unrelated third parties.

Our management will continue to review and approve related party transactions until the adoption of the policy regarding the review and approval of such transactions by the audit committee, which we intend to adopt in connection with, and prior to the completion of, this offering.

Registration Rights and Investor Rights Agreements

Prior to the closing of this offering, we will enter into a registration rights agreement with Mammoth Holdings, pursuant to which Mammoth Holdings and its affiliates will have certain demand and "piggyback" registration rights. Further, prior to the closing of this offering, we will enter into an investor rights agreement with Gulfport in which Gulfport will be granted (i) certain demand and "piggyback" registration rights, (ii) the right to nominate one of our directors for so long as Gulfport owns 10% or more of our outstanding common stock and (iii) certain information rights. Our registration rights agreement with Rhino will provide for "piggyback" registration rights. For more information regarding these rights, see "*Management*" and "*Shares Eligible for Future Sale—Registration Rights*."

Advisory Services Agreement

Prior to the closing of this offering, we will enter into an advisory services agreement with Wexford under which Wexford will provide us with general financial and strategic advisory services related to our business in return for an annual fee of \$500,000, plus reasonable out-of-pocket expenses. This agreement has a term of two years commencing on the completion of this offering. The agreement will continue for additional one-year periods unless terminated in writing by either party at least ten days prior to the expiration of the then current term. The agreement may be terminated at any time by either party upon 30 days' prior written notice. In the event we terminate the agreement, we are obligated to pay all amounts due through the remaining term of the agreement. In addition, in this agreement we have agreed to pay Wexford to-be-negotiated market-based fees approved by our independent directors for such services as may be provided by Wexford at our request in connection with future acquisitions and divestitures, financings or other transactions in which we may be involved. The services provided by Wexford under the advisory services agreement will not extend to our day-to-day business or operations. In this agreement, we have agreed to indemnify Wexford and its affiliates from any and all losses arising out of or in connection with the agreement except for losses resulting from Wexford's or its

[Table of Contents](#)

affiliates' gross negligence or willful misconduct. In the event we are dissatisfied with the services provided by Wexford, our only remedy against Wexford will be to terminate the agreement.

Other Agreements with Affiliates

Services and Products We Provide to Affiliates

In September 2014, effective October 1, 2014, Gulfport entered into an amended and restated master services agreement with our wholly-owned subsidiary, Pressure Pumping, for pressure pumping services. Pursuant to this agreement, Pressure Pumping has agreed to provide pressure pumping, stimulation and related completion and rework services to Gulfport, dedicating two spreads and related equipment for the performance of these services. Gulfport has agreed to pay Pressure Pumping a monthly service fee plus the associated costs of the services provided. Gulfport and Pressure Pumping have each agreed to maintain insurance at certain minimum thresholds. This agreement has a term of four years ending on September 30, 2018 and includes, among others, confidentiality and non-solicitation provisions. This agreement may be terminated in the event of a covenant breach by either party on 45 days' written notice and a failure to cure. Pressure Pumping may also terminate in the event of payment default by Gulfport. Additionally, Gulfport can, without liability, countermand any work order given to us at any time before we begin such work. If the work had already begun, Gulfport could then still cancel the service at any time, being liable only for the value of the work performed prior to the cancellation. We can terminate the master service agreement by giving Gulfport written notice prior to receiving a notification from Gulfport to perform a specific service. During the first quarter of 2016, due to the weakness in natural gas commodity pricing and other factors, Gulfport suspended our pressure pumping services under this agreement and entered into an amendment to this agreement with us that adjusted the amount of service fees that would be otherwise payable to us during this period. Under the amendment, the services that were suspended during the first quarter of 2016, and the related fees, are to be performed and paid for during the second and third quarters of 2016. For the six months ended June 30, 2016, we recognized \$38.2 million in revenue from Gulfport under this agreement. As of June 30, 2016, Gulfport owed us \$24.0 million. For the years ended December 31, 2015 and 2014, we recognized revenue from Gulfport of approximately \$124.4 million and \$12.7 million, respectively, and, as of December 31, 2015 and December 31, 2014, Gulfport owed us approximately \$16.3 million and \$25.6 million, respectively, for such services.

In September 2014, effective October 1, 2014, Gulfport entered into a sand supply agreement, as amended on November 3, 2015, with our wholly-owned subsidiary, Muskie Proppant. Pursuant to this agreement, Muskie Proppant has agreed to sell and deliver, and Gulfport has agreed to purchase, specified annual and monthly amounts of proppant sand, subject to certain exceptions specified in the agreement, and pay certain costs and expenses. Failure by either Muskie Proppant or Gulfport to deliver or accept the minimum monthly amount results in damages calculated per ton based on the difference between the monthly obligation amount and the amount actually delivered or accepted, as applicable. In addition, failure to pick up the sand on a timely basis from the designated facility will lead to demurrage charges payable by Gulfport. If Gulfport fails to make payments when due, or Muskie Proppant fails to deliver the required amounts of sand over three consecutive months, the other party can terminate the sand supply agreement. The sand supply agreement has a term ending on September 30, 2018 and includes, among others, confidentiality and non-solicitation provisions. We recognized revenue from Gulfport under this agreement of approximately \$11.2 million and \$21.5 million for the six months ended June 30, 2016 and June 30, 2015, respectively. As of June 30, 2016, Gulfport owed us approximately \$7.3 million. For the years ended December 31, 2015 and 2014, we recognized revenue from Gulfport of approximately \$38.2 million and \$3.1 million, respectively, and, as of December 31, 2015 and December 31, 2014, Gulfport owed us additional amounts of approximately \$6.8 million and \$3.1 million, respectively, for such services.

We provide remote accommodation and food services to Grizzly Oil Sands ULC, or Grizzly, an entity owned approximately 75% by affiliates of Wexford and approximately 25% by Gulfport. Since June 25, 2012, these services have been provided to Grizzly pursuant to a written agreement with an initial term of one year. The agreement automatically renews for successive one-year terms unless terminated by either party by giving

Table of Contents

written notice of such termination to the other party at least 30 days prior to the expiration of the then-current term. We recognized revenue from Grizzly of approximately \$1,000 for the six months ended June 30, 2016. For the years ended December 31, 2015 and 2014, we recognized revenue from Grizzly of approximately \$0.9 million and \$3.8 million, respectively, and, as of December 31, 2015 and December 31, 2014, Grizzly owed us additional amounts of approximately \$1,000 and \$0.9 million, respectively, for such services.

Our wholly-owned subsidiary, Panther Drilling, performs drilling services for Gulfport pursuant to a master service agreement dated February 22, 2013. The master service agreement may be terminated by Panther Drilling at any time prior to the receipt of notification by Gulfport to perform work pursuant to the agreement. Gulfport may terminate the master service agreement at any time by giving written notice to Panther Drilling. The master service agreement does not obligate Gulfport to call upon Panther Drilling to perform any work under the master service agreement, and Panther Drilling is not obligated to accept any work requests from Gulfport. The designation of any work to be performed by Panther Drilling and the cessation of such work is at the sole discretion of Gulfport. For the six months ended June 30, 2016, Panther Drilling recognized revenue of approximately \$1.2 million for services performed for Gulfport and, as of June 30, 2016, Gulfport owed Panther Drilling \$0.7 million. For the years ended December 31, 2015 and 2014, Panther Drilling recognized revenue of approximately \$3.7 million and \$8.3 million, respectively, for services performed for Gulfport and, as of December 31, 2015 and 2014, Gulfport owed Panther Drilling \$1.0 million and \$2.4 million, respectively, for work performed under the master service contract.

Our wholly-owned subsidiary, Redback Energy Services, performs completion and production services for Gulfport pursuant to a master service agreement dated June 11, 2012. The master service agreement may be terminated by Redback Energy Services at any time prior to the receipt of notification by Gulfport to perform work pursuant to the agreement. Gulfport may terminate the master service agreement at any time by giving written notice to Redback Energy Services. The master service agreement does not obligate Gulfport to call upon Redback Energy Services to perform any work under the master service agreement, and Redback Energy Services is not obligated to accept any work requests from Gulfport. As of June 30, 2016, Gulfport owed us approximately \$4,000. For the years ended December 31, 2015 and 2014, we recognized revenue from Gulfport of approximately \$2.6 million and \$1.5 million, respectively, and, as of December 31, 2015 and December 31, 2014, Gulfport owed us additional amounts of approximately \$0.5 million and \$0.5 million, respectively, for such services.

Effective January 1, 2013, our wholly-owned subsidiary, Bison Drilling, entered into a master field services agreement with Diamondback E&P pursuant to which Bison Drilling may, from time to time, provide services or sell or lease specified goods to Diamondback E&P in connection with its business activities. This agreement, which may be terminated at the option of either party upon 30 days' notice, does not obligate Diamondback E&P to issue any order or accept any offers from Bison Drilling for its services. On February 21, 2013, this master field services agreement was amended to provide a revised rate schedule for services. Additionally, effective January 1, 2013, Bison Drilling entered into a master drilling agreement with Diamondback E&P pursuant to which Bison Drilling may provide rigs to Diamondback E&P to be used in connection with Diamondback E&P's exploration and development of its oil and natural gas properties. The master drilling agreement may be terminated at the option of either party on 30 days' notice. If Diamondback E&P requires rigs for vertical wells within the Permian Basin, then Diamondback E&P must order such services from Bison Drilling and Bison Drilling must provide such services. However, the master drilling agreement does not obligate Diamondback E&P to issue any order to Bison Drilling for vertical well drilling services and it does not obligate Bison Drilling to accept an order from Diamondback E&P for a vertical rig if two of its rigs are then obligated to perform other drilling services and such drilling services have not been completed. Bison Drilling recognized revenue of approximately \$3.2 million for services for the year ended December 31, 2014 and, as of December 31, 2014, there were no receivables outstanding under this agreement. Diamondback E&P is a wholly-owned subsidiary of Diamondback Energy, Inc., or Diamondback. A Wexford partner is the Chairman of the Board of Diamondback. Bison Drilling has not provided any services to Diamondback E&P since 2014.

Table of Contents

Prior to our acquisition of Pressure Pumping in November 2014, Muskie Proppant sold natural sand proppant to Pressure Pumping. Prior to the acquisition, Muskie Proppant recognized revenue of approximately \$6.2 million from Pressure Pumping for services during the year ended December 31, 2014.

Effective September 9, 2013, Panther Drilling entered into a master service agreement with Diamondback E&P pursuant to which Panther Drilling provides drilling and other services to Diamondback E&P. This master service agreement is terminable by either party on 30 days' prior written notice, although neither party will be relieved of its respective obligations arising from work performed prior to the termination of the master service agreement. The master service agreement does not obligate Diamondback E&P to issue any order or accept any offers from Panther Drilling for its directional drilling or other services. In the third quarter 2013, Diamondback E&P began using Panther Drilling's directional drilling services. For the year ended December 31, 2014, Panther Drilling recognized revenue of approximately \$0.2 million and, as of December 31, 2014, Diamondback E&P owed Panther Drilling approximately \$1,000 for work performed for services performed. Panther Drilling has not provided any services to Diamondback E&P since 2014.

Taylor Frac LLC, or Taylor, an entity owned 75% by affiliates of Wexford and 25% by Gulfport, has purchased natural sand proppant from Muskie Proppant. Natural sand proppant is sold to Taylor at a market-based per ton arrangement on an as-needed basis. We recognized revenue from Taylor of approximately \$2.5 million for the six months ended June 30, 2016. As of June 30, 2016, there were no receivables outstanding. For the years ended December 31, 2015 and 2014, we recognized revenue from Taylor of approximately \$0.3 million and \$0.1 million, respectively, and, as of December 31, 2015 and December 31, 2014, Taylor owed us approximately \$0.1 million and \$0.1 million, respectively, for such purchases.

We perform contract land and directional drilling services for El Toro pursuant to a master service agreement dated February 22, 2013. For the six months ended June 30, 2016, we recognized revenue of approximately \$0.7 million for such services and, as of June 30, 2016, there were no receivables outstanding. For the years ended December 31, 2015 and 2014, we recognized revenue of \$0.9 million and \$1.0 million, respectively, and, as of December 31, 2015 and December 31, 2014, there were no receivables outstanding under this agreement. El Toro is an entity controlled by Wexford.

Redback Coil Tubing provides services to El Toro pursuant to a master service agreement. For the six months ended June 30, 2016, we recognized revenue of approximately \$0.3 million for these services and as of June 30, 2016, were owed \$0.1 million.

Redback Energy Services provides services to El Toro pursuant to a master service agreement. For the six months ended June 30, 2016, we recognized revenue of approximately \$0.3 million for these services and as of June 30, 2016, were owed \$0.2 million. For the year ended December 31, 2015, we recognized revenue of \$0.2 million, and, as of December 31, 2015, there were no receivables outstanding under this agreement.

On October 17, 2013, our wholly-owned subsidiary Bison Trucking, entered into a master service contract with Diamondback E&P pursuant to which Bison Trucking may, from time to time, provide services or sell or lease goods, equipment or facilities to Diamondback E&P in connection with its business activities. This agreement, which may be terminated at the option of either party on 30 days' notice, does not obligate Diamondback E&P to issue any order or accept any offers from Bison Trucking for its services. For the year ended December 31, 2014, we recognized revenue of \$0.2 million and, as of December 31, 2014, were owed \$10,000 for services performed under this agreement. Bison Trucking has not provided any services to Diamondback E&P since 2014.

Mammoth Partners and Pressure Pumping provide certain management, administrative and treasury functions to Stingray Cementing, LLC, an affiliate of both Wexford and Gulfport. As of June 30, 2016 and December 31, 2015 and 2014, we were owed \$0.3 million, \$0.2 million and \$0.9 million, respectively, under these arrangements. Additionally, we provided iron inspections to Stingray Cementing, LLC. For the year ended

Table of Contents

December 31, 2015, we recognized revenue from Stingray Cementing, LLC of approximately \$9,000 for such services.

Mammoth Partners and Pressure Pumping provide certain management, administrative and treasury functions to Stingray Energy Services, LLC, or Energy Services, an affiliate of both Wexford and Gulfport. As of June 30, 2016 and December 31, 2015 and 2014, we were owed \$0.6 million, \$0.3 million and \$1.3 million, respectively, under these arrangements.

Mammoth Partners provides certain management, administrative and treasury functions to Taylor. As of June 30, 2016 and December 31, 2015 and 2014, we were owed \$0.7 million, \$0.4 million and \$0.2 million, respectively, under these arrangements.

Services and Products Our Affiliates Provide to Us

Everest Operations Management LLC, or Everest, an affiliate of Wexford, has historically provided office space and certain technical, administrative and payroll services to us, and we have reimbursed Everest in amounts determined by it based on estimates of the amount of office space provided and the amount of employees' time spent performing services for us. The reimbursement amounts were determined based upon underlying salary costs of employees performing company-related functions, payroll, revenue or headcount relative to other companies managed by Everest, or specifically identified invoices processed, depending on the nature of the cost. Additionally, from time to time, we pay for goods and services on behalf of Everest, and pay for goods and services on our behalf. For the six months ended June 30, 2016, we incurred \$0.1 million in expenses and, as of June 30, 2016, owed approximately \$30,000, under these arrangements. For the years ended December 31, 2015 and 2014, we incurred total costs under these arrangements of \$0.5 million and \$4.4 million, respectively, and, as of December 31, 2015 and 2014, owed approximately \$29,000 and \$0.2 million, respectively.

Bison Trucking leases office space from Diamondback in Midland, Texas. The office space is leased through early 2017. Under the lease, Bison Trucking pays for the monthly rental cost, insurance and property taxes amounting to a total of approximately \$14,000 per month. The rental portion of this monthly rental cost is escalated by 2% per annum effective April 1 of each year. For the six months ended June 30, 2016, we incurred approximately \$0.1 million in expenses under the terms of the lease agreement and, as of June 30, 2016, had no payables outstanding. For the years ended December 31, 2015 and 2014, we recognized expense of \$0.2 million and \$0.1 million, respectively, as of December 31, 2015 and 2014, we owed Diamondback \$12,000 and \$10,000, respectively, under this agreement.

Taylor has historically sold natural sand proppant to Muskie Proppant and Pressure Pumping. Natural sand proppant is sold to Muskie Proppant at a market-based per ton arrangement on an as-needed basis to supplement sand provided by our facility (when in operation) if any orders placed by our customers are not able to be readily fulfilled, either because of volume or specific grades of sand requested. For the six months ended June 30, 2016, we incurred \$13.9 million in expenses and, as of June 30, 2016, owed \$11.2 million under these arrangements. For the years ended December 31, 2015 and 2014, we incurred total costs under these arrangements of \$23.6 million and \$1.9 million, respectively, and, as of December 31, 2015 and 2014, owed \$6.7 million and \$3.7 million, respectively.

Wexford provides certain administrative and analytical services to us and, from time to time, we pay for goods and services on behalf of Wexford. For the six months ended June 30, 2016, we incurred approximately \$0.1 million in expenses and, as of June 30, 2016, owed approximately \$16,000 under these arrangements. For the years ended December 31, 2015 and 2014, we incurred total costs under these arrangements of \$0.4 million and \$0.1 million, respectively, and, as of December 31, 2015 and 2014, owed approximately \$9,000 and \$2,000, respectively. To the extent these services will continue after the completion of this offering, we intend to enter into written services agreements on substantially the same terms as those described above.

Table of Contents

Pressure Pumping rents equipment from Energy Services, an affiliate of both Wexford and Gulfport. The activity prior to the acquisition of Pressure Pumping is not included in the consolidated financial statements. For the years ended December 31, 2015 and 2014, we incurred total costs under these arrangements of \$0.9 million and approximately \$42,000, respectively, and, as of December 31, 2015 and 2014, owed approximately \$12,000 and \$1,000, respectively.

Panther Drilling rents rotary steerable equipment in connection with its directional drilling services from Double Barrel Downhole Technologies, or DBDHT, an affiliate of Wexford. For the six months ended June 30, 2016, we incurred \$0.1 million in expenses and, as of June 30, 2016, had no payables outstanding under these arrangements. For the years ended December 31, 2015 and 2014, we incurred total costs under these arrangements of \$0.1 million and \$0.3 million, respectively, and, as of December 31, 2014, Panther Drilling was owed \$0.1 million under these arrangements. We also provide certain management, administrative and treasury functions to DBDHT. As of December 31, 2015, we were owed \$4,000 under these arrangements.

Energy Services leases property from Elk City Yard, LLC. During the six months ended June 30, 2016, Energy Services incurred costs of \$0.1 million. During the year ended December 31, 2015, Energy Services incurred costs of \$0.1 million. There were no amounts owed under this agreement as of either June 30, 2016 or December 31, 2015. The lease extends until 2022 at a rental rate of approximately \$0.1 million per year. Elk City Yard LLC is an entity under common control.

On May 7, 2013, Muskie Proppant entered into a transloading agreement with Hopedale Mining LLC, or Hopedale, pursuant to which Hopedale agreed to operate and maintain our Nelms No. 1 rail transloading facility located in Cadiz, Ohio and transload sand on a requirement basis. The agreement provides for a term of two years, subject to the option to terminate as described below. Under the agreement, Muskie Proppant is obligated to pay Hopedale a transloading fee in the amount of \$4.00 per ton of sand. If Muskie Proppant fails to transload at least 7,500 tons of sand per month on average for a three-month period or pay an average of \$30,000 for each month during such period (or such lesser amount as may be due in accordance with the agreement), Hopedale has the right to terminate the agreement. For the year ended December 31, 2014, Muskie Proppant incurred \$0.5 million in costs to Hopedale and, as of December 31, 2014, owed Hopedale \$0.1 million, under this agreement. Hopedale is a wholly-owned subsidiary of Rhino, which prior to March 17, 2016 was an affiliate of Wexford.

Dunvegan North Oilfield Services ULC, or Dunvegan, an affiliate of Wexford, provides technical and administrative services and pays for goods and services on our behalf. As of June 30, 2016, we incurred approximately \$3,000 in expenses and, as of June 30, 2016, Dunvegan was owed \$0.2 million under these arrangements. For the years ended December 31, 2015 and 2014, we incurred total costs under these arrangements of \$0.1 million and \$0.1 million, respectively, and, as of December 31, 2015 and 2014, owed \$0.3 million and \$0.4 million, respectively, under these arrangements. We also provide certain management, administrative and treasury functions to Dunvegan. As of December 31, 2015, we were owed approximately \$19,000 under these arrangements.

We paid fees to Taylor to transload sand at a rail transloading facility. For the year ended December 31, 2014, we incurred costs of \$0.4 million and, as of December 31, 2014, owed \$0.1 million for transloading services. We did not incur any costs with this counterparty during the six months ended June 30, 2016 or the year ended December 31, 2015.

SG Holdings I, LLC, or SG Holdings, an affiliate of Wexford through May 9, 2014, has historically provided office space and certain technical, administrative and payroll services to us, and we have reimbursed SG Holdings in amounts determined by it based on estimates of the amount of office space provided and the amount of employees' time spent performing services for us. The reimbursement amounts were determined based upon underlying salary costs of employees performing company-related functions, payroll, revenue or headcount relative to other companies managed by SG Holdings, or specifically identified invoices processed depending on the nature of the cost. As of December 31, 2014, we owed \$0.1 million under these arrangements. SG Holdings I no longer provides services to us.

Mammoth leases property from Orange Leaf. During the six months ended June 30, 2016, Mammoth incurred costs of \$0.1 million. During the year ended December 31, 2015, Mammoth incurred costs of \$0.1 million. There were no amounts owed under this agreement as of either June 30, 2016 or December 31, 2015.

Stingray Energy provides technical and administrative services to and pays for goods and services from Barracuda. As of June 30, 2016, we incurred approximately \$4,000 in expenses and, as of June 30, 2016, Barracuda was owed \$2,000 under these arrangements. For the years ended December 31, 2015 and 2014, we did not incur costs under these arrangements.

Loans

In July 2013, Muskie Proppant received loans in the aggregate principal amount of approximately \$3.5 million from its members, which consisted of Gulfport and entities controlled by Wexford. Muskie Proppant made monthly interest payments on these loans at the prime rate plus 2.5% (5.75% at December 31, 2013). The loans, which were scheduled to mature on July 31, 2015, were repaid in full with borrowings under our revolving credit facility with PNC Bank in November 2014, together with an approximately \$0.2 million in interest incurred from January 1, 2014 until such repayment date.

PRINCIPAL AND SELLING STOCKHOLDERS

The following table sets forth certain information with respect to the beneficial ownership of our common stock by:

- the selling stockholders;
- each stockholder known by us to be the beneficial owner of more than five percent of the outstanding shares of our common stock;
- each of our directors;
- each of our named executive officers; and
- all of our directors and executive officers as a group.

Except as otherwise indicated, we believe that each of the stockholders named in this table has sole voting and investment power with respect to the shares indicated as beneficially owned.

Name of Beneficial Owner	Common Stock Beneficially Owned Prior to Offering (1)		Common Stock Beneficially Owned After Offering (1)		Common Stock Beneficially Owned After Offering if the Underwriters' Over- allotment Option Is Exercised in Full (1)

- (1) Percentage of beneficial ownership is based upon shares of common stock outstanding as of , 2016, and shares of common stock outstanding after the offering. For purposes of this table, a person or group of persons is deemed to have "beneficial ownership" of any shares of common stock which such person has the right to acquire within 60 days. For purposes of computing the percentage of outstanding shares of common stock held by each person or group of persons named above, any security that such person or group of persons has the right to acquire within 60 days is deemed to be outstanding for the purpose of computing the percentage ownership for such person or persons, but is not deemed to be outstanding for the purpose of computing the percentage ownership of any other person.

- (2) Wexford is the manager of Mammoth Holdings, which is one of the selling stockholders in this offering. The number of shares of common stock to be sold in the offering by Mammoth Holdings includes up to shares of common stock that will be sold if the underwriters exercise their option to purchase additional shares in full. As manager of Mammoth Holdings, Wexford has the exclusive authority to, among other things, purchase, hold and dispose of its assets, including the common stock that will be owned by Mammoth Holdings. Wexford may, by reason of its status as the manager of Mammoth Holdings, be deemed to beneficially own the interest in the shares of common stock owned by Mammoth Holdings. Each of Charles E. Davidson and Joseph M. Jacobs may, by reason of his status as a controlling person of Wexford, be deemed to beneficially own the interests in the shares of common stock owned by Mammoth Holdings. Each of Charles E. Davidson, Joseph M. Jacobs and Wexford share the power to vote and to dispose of shares of common stock owned by Mammoth Holdings. Each of Messrs. Davidson and Jacobs disclaims beneficial ownership of the shares of common stock owned by Mammoth Holdings and Wexford. Wexford's address is Wexford Plaza, 411 West Putnam Avenue, Greenwich, Connecticut 06830.

Each of the selling stockholders in this offering is deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act of 1933, as amended, or the Securities Act.

DESCRIPTION OF OUR COMMON STOCK

We will amend and restate our certificate of incorporation and bylaws in connection with this offering. The following description of our common stock, certificate of incorporation and our bylaws are summaries thereof and are qualified by reference to our certificate of incorporation and our bylaws as so amended and restated, copies of which will be filed with the SEC as exhibits to the registration statement of which this prospectus is a part.

Our authorized capital stock consists of 200,000,000 shares of common stock, par value \$0.01 per share, and shares of preferred stock, par value \$0.01 per share. We intend to apply for listing of our shares of common stock on The NASDAQ Global Market under the symbol “TUSK.”

Common Stock

Holders of shares of common stock are entitled to one vote per share on all matters submitted to a vote of stockholders. Shares of common stock do not have cumulative voting rights, which means that the holders of more than 50% of the shares voting for the election of the board of directors can elect all the directors to be elected at that time, and, in such event, the holders of the remaining shares will be unable to elect any directors to be elected at that time. Our certificate of incorporation denies stockholders any preemptive rights to acquire or subscribe for any stock, obligation, warrant or other securities of ours. Holders of shares of our common stock have no redemption or conversion rights nor are they entitled to the benefits of any sinking fund provisions.

In the event of our liquidation, dissolution or winding up, holders of shares of common stock shall be entitled to receive, pro rata, all the remaining assets of our company available for distribution to our stockholders after payment of our debts and after there shall have been paid to or set aside for the holders of capital stock ranking senior to common stock in respect of rights upon liquidation, dissolution or winding up the full preferential amounts to which they are respectively entitled.

Holders of record of shares of common stock are entitled to receive dividends when and if declared by the board of directors out of any assets legally available for such dividends, subject to both the rights of all outstanding shares of capital stock ranking senior to the common stock in respect of dividends and to any dividend restrictions contained in debt agreements. All outstanding shares of common stock and any shares sold and issued in this offering will be fully paid and nonassessable by us.

Preferred Stock

Our board of directors is authorized to issue up to _____ shares of preferred stock in one or more series:

- the distinctive serial designation and number of shares of the series;
- the voting powers and the right, if any, to elect a director or directors;
- the terms of office of any directors the holders of preferred shares are entitled to elect;
- the dividend rights, if any;
- the terms of redemption, and the amount of and provisions regarding any sinking fund for the purchase or redemption thereof;
- the liquidation preferences and the amounts payable on dissolution or liquidation;
- the terms and conditions under which shares of the series may or shall be converted into any other series or class of stock or debt of the corporation; and
- any other terms or provisions which the board of directors is legally authorized to fix or alter.

Table of Contents

We do not need stockholder approval to issue or fix the terms of the preferred stock. The actual effect of the authorization of the preferred stock upon your rights as holders of common stock is unknown until our board of directors determines the specific rights of owners of any series of preferred stock. Depending upon the rights granted to any series of preferred stock, your voting power, liquidation preference or other rights could be adversely affected. Preferred stock may be issued in acquisitions or for other corporate purposes. Issuance in connection with a stockholder rights plan or other takeover defense could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, control of our company. We have no present plans to issue any shares of preferred stock.

Related Party Transactions and Corporate Opportunities

Subject to the limitations of applicable law, our certificate of incorporation, among other things:

- permits us to enter into transactions with entities in which one or more of our officers or directors are financially or otherwise interested so long as it has been approved by our board of directors;
- permits any of our stockholders, officers or directors to conduct business that competes with us and to make investments in any kind of property in which we may make investments; and
- provides that if any director or officer of one of our affiliates who is also one of our officers or directors becomes aware of a potential business opportunity, transaction or other matter (other than one expressly offered to that director or officer in writing solely in his or her capacity as our director or officer), that director or officer will have no duty to communicate or offer that opportunity to us, and will be permitted to communicate or offer that opportunity to such affiliates and that director or officer will not be deemed to have (i) acted in a manner inconsistent with his or her fiduciary or other duties to us regarding the opportunity or (ii) acted in bad faith or in a manner inconsistent with our best interests.

Anti-takeover Effects of Provisions of Our Certificate of Incorporation and Our Bylaws

Some provisions of our certificate of incorporation and our bylaws contain provisions that could make it more difficult to acquire us by means of a merger, tender offer, proxy contest or otherwise, or to remove our incumbent officers and directors. These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection of our potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging such proposals because negotiation of such proposals could result in an improvement of their terms.

Undesignated preferred stock. The ability to authorize and issue undesignated preferred stock may enable our board of directors to render more difficult or discourage an attempt to change control of us by means of a merger, tender offer, proxy contest or otherwise. For example, if in the due exercise of its fiduciary obligations, the board of directors were to determine that a takeover proposal is not in our best interest, the board of directors could cause shares of preferred stock to be issued without stockholder approval in one or more private offerings or other transactions that might dilute the voting or other rights of the proposed acquirer or insurgent stockholder or stockholder group.

Stockholder meetings. Our certificate of incorporation and bylaws provide that a special meeting of stockholders may be called only by the Chairman of the Board, the Chief Executive Officer or by a resolution adopted by a majority of our board of directors.

Table of Contents

Requirements for advance notification of stockholder nominations and proposals Our bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the board of directors.

Stockholder action by written consent. Our bylaws provide that, except as may otherwise be provided with respect to the rights of the holders of preferred stock, no action that is required or permitted to be taken by our stockholders at any annual or special meeting may be effected by written consent of stockholders in lieu of a meeting of stockholders, unless the action to be effected by written consent of stockholders and the taking of such action by such written consent have expressly been approved in advance by our board. This provision, which may not be amended except by the affirmative vote of at least 66 2/3% of the voting power of all then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class, makes it difficult for stockholders to initiate or effect an action by written consent that is opposed by our board.

Amendment of the bylaws. Under Delaware law, the power to adopt, amend or repeal bylaws is conferred upon the stockholders. A corporation may, however, in its certificate of incorporation also confer upon the board of directors the power to adopt, amend or repeal its bylaws. Our certificate of incorporation and bylaws grant our board the power to adopt, amend and repeal our bylaws at any regular or special meeting of the board on the affirmative vote of a majority of the directors then in office. Our stockholders may adopt, amend or repeal our bylaws but only at any regular or special meeting of stockholders by an affirmative vote of holders of at least 66 2/3% of the voting power of all then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Removal of Director. Our certificate of incorporation and bylaws provide that members of our board of directors may only be removed by the affirmative vote of holders of at least 66 2/3% of the voting power of all then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

Amendment of the Certificate of Incorporation. Our certificate of incorporation provides that, in addition to any other vote that may be required by law or any preferred stock designation, the affirmative vote of the holders of at least 66 2/3% of the voting power of all then outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class, is required to amend, alter or repeal, or adopt any provision as part of our certificate of incorporation inconsistent with the provisions of our certificate of incorporation dealing with distributions on our common stock, related party transactions, our board of directors, our bylaws, meetings of our stockholders or amendment of our certificate of incorporation.

The provisions of our certificate of incorporation and bylaws could have the effect of discouraging others from attempting hostile takeovers and, as a consequence, they may also inhibit temporary fluctuations in the market price of our common stock that often result from actual or rumored hostile takeover attempts. These provisions may also have the effect of preventing changes in our management. It is possible that these provisions could make it more difficult to accomplish transactions which stockholders may otherwise deem to be in their best interests.

Exclusive Forum

Our certificate of incorporation requires, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers and other employees for breach of a fiduciary duty and other similar actions may be brought only in specified courts in the State of Delaware. Although we believe this provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors, officers and other employees. See “*Risk Factors—Our certificate of incorporation designates courts in the State of Delaware as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by our stockholders, which could limit our stockholders’ ability to obtain a favorable judicial forum for disputes with us or our directors, officers or other employees.*”

will be the transfer agent and registrar for our common stock.

Listing

We intend to apply for listing of shares of our common stock on The NASDAQ Global Market under the symbol “TUSK.”

SHARES ELIGIBLE FOR FUTURE SALE

Prior to this offering, there has been no public market for our common stock. Future sales of substantial amounts of our common stock in the public market, or the perception that such sales may occur, could adversely affect the prevailing market price of our common stock. We cannot predict the effect, if any, that future sales of shares, or the availability of shares for future sales, will have on the market price of our common stock prevailing from time to time.

Sale of Restricted Shares

Upon completion of this offering, we will have _____ shares of common stock outstanding. Of these shares of common stock, the _____ shares of common stock being sold in this offering, plus any shares sold upon exercise of the underwriters' option to purchase additional shares, will be freely tradable without restriction under the Securities Act, except for any such shares held or acquired by an "affiliate" of ours, as that term is defined in Rule 144 promulgated under the Securities Act, which shares will be subject to the volume limitations and other restrictions of Rule 144 described below. The remaining _____ shares of common stock held by our existing stockholders upon completion of this offering, or _____ shares if the underwriters exercise their option to purchase additional shares in full, will be "restricted securities," as that phrase is defined in Rule 144, and may be resold only after registration under the Securities Act or pursuant to an exemption from such registration, including, among others, the exemptions provided by Rule 144 and 701 under the Securities Act, which rules are summarized below. These remaining shares of common stock held by our existing stockholders upon completion of this offering will be available for sale in the public market after the expiration of the lock-up agreements described in "*Underwriting*," taking into account the provisions of Rules 144 and 701 under the Securities Act.

Rule 144

In general, under Rule 144 as currently in effect, persons who became the beneficial owner of shares of our common stock prior to the completion of this offering may sell their shares upon the earlier of (1) the expiration of a six-month holding period, if we have been subject to the reporting requirements of the Securities Exchange Act of 1934, as amended, or the Exchange Act, for at least 90 days prior to the date of the sale and have filed all reports required thereunder, or (2) the expiration of a one-year holding period.

At the expiration of the six-month holding period, assuming we have been subject to the Exchange Act reporting requirements for at least 90 days and have filed all reports required thereunder, a person who was not one of our affiliates at any time during the three months preceding a sale would be entitled to sell an unlimited number of shares of our common stock, and a person who was one of our affiliates at any time during the three months preceding a sale would be entitled to sell, within any three-month period, a number of shares of common stock that does not exceed the greater of either of the following:

- 1% of the number of shares of our common stock then outstanding, which will equal approximately _____ shares immediately after this offering; or
- the average weekly trading volume of our common stock on The NASDAQ Global Market during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

At the expiration of the one-year holding period, a person who was not one of our affiliates at any time during the three months preceding a sale would be entitled to sell an unlimited number of shares of our common stock without restriction. A person who was one of our affiliates at any time during the three months preceding a sale would remain subject to the volume restrictions described above.

Sales under Rule 144 by our affiliates are also subject to manner of sale provisions and notice requirements and to the availability of current public information about us.

[Table of Contents](#)

Rule 701

In general, under Rule 701, any of our employees, directors, officers, consultants or advisors who purchased shares from us in connection with a compensatory stock or option plan or other written agreement before the effective date of this offering, or who purchased shares from us after that date upon the exercise of options granted before that date, are eligible to resell such shares in reliance upon Rule 144 beginning 90 days after the date of this prospectus. If such person is not an affiliate, the sale may be made subject only to the manner-of-sale restrictions of Rule 144. If such a person is an affiliate, the sale may be made under Rule 144 without compliance with its one-year minimum holding period, but subject to the other Rule 144 restrictions.

Registration Rights

We will enter into a registration right agreement with Mammoth Holdings prior to the closing of this offering, under which Mammoth Holdings and its affiliates (including Wexford) will have the right to cause us to register under the Securities Act and applicable state securities laws the offer and sale of any of our common stock that they hold, subject to the 180-day lock up agreement they have entered into in connection with this offering and certain other exceptions. In addition, under the investor rights agreement that we will enter into prior to the closing of this offering, Gulfport will have similar registration rights with respect to the common stock that it holds. Our registration rights agreement with Rhino will provide for piggyback registration rights.

Subject to the terms and conditions of the applicable agreements, these registration rights allow the beneficiaries or their assignees holding any shares of our common stock to require registration of any of these shares and/or to include any of these shares in a registration by us of other shares of common stock, including shares of common stock offered by us or by any stockholder. In connection with any registration of this kind, we will indemnify each stockholder participating in the registration and its officers, directors, and controlling persons from and against any liabilities under the Securities Act or any applicable state securities laws arising from the registration statement or prospectus. We will bear all costs and expenses incidental to any registration, excluding any underwriting discount. Except as otherwise described herein and under the heading “—Lock-up Agreements,” Mammoth Holdings and its affiliates (including Wexford), Gulfport and Rhino may sell their shares of common stock in private transactions at any time, subject to compliance with applicable laws.

Stock Plans

We intend to file one or more registration statements on Form S-8 under the Securities Act to register shares of our common stock issued or reserved for issuance under our equity incentive plan. The first such registration statement is expected to be filed soon after the date of this prospectus and will automatically become effective upon filing with the SEC. Accordingly, shares registered under such registration statement will be available for sale in the open market following the effective date, unless such shares are subject to vesting restrictions with us, Rule 144 restrictions applicable to our affiliates or the lock-up restrictions described below.

Lock-Up Agreements

We, each of our directors and executive officers, Mammoth Holdings, Gulfport and Rhino have agreed that, without the prior written consent of the representative of the several underwriters in this offering, we and they will not, directly or indirectly, for a period of 180 days after the date of the offering, offer, pledge, sell, contract to sell or otherwise transfer or dispose of any shares of our common stock (other than the shares of our common stock subject to this offering) or any other securities convertible into or exercisable or exchangeable for our common stock (subject to certain exceptions). For additional information, see “*Underwriting*.”

**MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES
FOR NON-U.S. HOLDERS**

The following is a general discussion of material U.S. federal income and estate tax consequences of the ownership and disposition of our common stock by a non-U.S. holder. This discussion deals only with common stock purchased in this offering that is held as a capital asset by a non-U.S. holder. Except as modified for estate tax purposes, the term “non-U.S. holder” means a beneficial owner of our common stock that is not, for U.S. federal income and estate tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (including any entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate whose income is subject to U.S. federal income taxation regardless of its source; or
- a trust, if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined under the Code) have authority to control all substantial decisions of the trust, or if it has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a United States person.

An individual may generally be treated as a resident of the United States in any calendar year for U.S. federal income tax purposes, by, among other ways, being present in the United States for at least 31 days in that calendar year and for an aggregate of at least 183 days during a three-year period ending in the current calendar year. For purposes of the 183-day calculation, all of the days present in the current year, one-third of the days present in the immediately preceding year and one-sixth of the days present in the second preceding year are counted. Residents are taxed for U.S. federal income tax purposes as if they were U.S. citizens.

This discussion is based upon provisions of the Code, the U.S. Treasury Regulations promulgated thereunder, administrative rulings and judicial decisions, all as of the date hereof. Those authorities may be changed, even retroactively, so as to result in U.S. federal income and estate tax consequences different from those discussed herein. This discussion does not address all aspects of U.S. federal income and estate taxation and does not deal with other U.S. federal tax laws (such as gift tax laws) or foreign, state, local or other tax considerations that may be relevant to non-U.S. holders in light of their personal circumstances. In addition, this discussion does not address tax considerations applicable to investors that may be subject to special treatment under the U.S. federal income tax laws, such as (without limitation):

- certain former U.S. citizens or residents;
- stockholders that hold our common stock as part of a straddle, constructive sale transaction, synthetic security, hedge, conversion transaction or other integrated investment or risk reduction transaction;
- stockholders that acquired our common stock through the exercise of employee stock options or otherwise as compensation or through a tax-qualified retirement plan;
- stockholders that are partnerships or entities treated as partnerships for U.S. federal income tax purposes or other pass-through entities or owners thereof;
- “Controlled Foreign Corporations;”
- “Passive Foreign Investment Companies;”

Table of Contents

- financial institutions;
- insurance companies;
- tax-exempt entities;
- dealers in securities or foreign currencies; and
- traders in securities that use a mark-to-market method of accounting for U.S. federal income tax purposes.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds our common stock, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holding our common stock, you should consult your tax advisor.

Investors considering the purchase of our common stock should consult their own tax advisors regarding the application of the U.S. federal income and estate and gift tax laws to their particular situation as well as the applicability and effect of any state, local or foreign tax laws or tax treaties.

Distributions on Common Stock

We do not expect to pay any cash distributions on our common stock in the foreseeable future. However, in the event we do make such cash distributions, these distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. If any such distribution exceeds our current and accumulated earnings and profits, the excess will be treated as a non-taxable return of capital to the extent of the non-U.S. holder's tax basis in our common stock and thereafter as capital gain from the sale or exchange of such common stock. See "*Gain on Disposition of Common Stock*." Dividends paid to a non-U.S. holder of our common stock that are not effectively connected with the non-U.S. holder's conduct of a trade or business within the United States will be subject to U.S. withholding tax at a 30% rate, or if an income tax treaty applies, a lower rate specified by the treaty. In order to receive a reduced treaty rate, a non-U.S. holder must provide to the withholding agent Internal Revenue Service, or IRS, Form W-8BEN or W-8BEN-E, as applicable (or applicable substitute or successor form), properly certifying eligibility for the reduced rate.

Dividends that are effectively connected with a non-U.S. holder's conduct of a trade or business in the United States and, if an income tax treaty so requires, are attributable to a permanent establishment maintained by the non-U.S. holder in the United States, are taxed on a net income basis at the regular graduated rates and in the manner applicable to United States persons (as defined under the Code). In that case, we will not have to withhold U.S. federal withholding tax if the non-U.S. holder complies with applicable certification and disclosure requirements (which may generally be met by providing an IRS Form W-8ECI). In addition, a "branch profits tax" may be imposed at a 30% rate (or a lower rate specified under an applicable income tax treaty) on dividends received by a foreign corporation that are effectively connected with its conduct of a trade or business in the United States.

Gain on Disposition of Common Stock

A non-U.S. holder generally will not be subject to U.S. federal income tax on gain recognized on a disposition of our common stock unless:

- the gain is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States and, if an income tax treaty applies and so requires, is attributable to a permanent establishment maintained by the non-U.S. holder in the United States, in which case, the gain will be

Table of Contents

taxed on a net income basis at the rates and in the manner applicable to United States persons (as defined under the Code), and if the non-U.S. holder is a foreign corporation, the branch profits tax described above may also apply;

- the non-U.S. holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and meets other requirements, in which case, the non-U.S. holder will be subject to a flat 30% tax on the gain derived from the disposition, which may be offset by U.S. source capital losses; or
- we are or have been a “United States real property holding corporation,” or USRPHC, for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the non-U.S. holder held our common stock.

Generally, a corporation is a USRPHC if the fair market value of its United States real property interests equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business. We have not determined whether we are currently a USRPHC for United States federal income tax purposes, but we do not believe we are a USRPHC and we do not anticipate becoming one in the future. If we are or become a USRPHC, a non-U.S. holder nonetheless will not be subject to U.S. federal income tax or withholding in respect of any gain realized on a sale or other disposition of our common stock so long as (i) our common stock is “regularly traded on an established securities market” for U.S. federal income tax purposes and (ii) such non-U.S. holder does not actually or constructively own, at any time during the applicable period described in the third bullet point, above, more than 5% of our outstanding common stock.

Information Reporting and Backup Withholding Tax

Dividends paid to you will generally be subject to information reporting and may be subject to U.S. backup withholding. You will be exempt from backup withholding if you properly provide an IRS Form W-8BEN or W-8BEN-E or W-8ECI certifying under penalties of perjury that you are a non-U.S. holder or otherwise meet documentary evidence requirements for establishing that you are a non-U.S. holder, or you otherwise establish an exemption. Copies of the information returns reporting such dividends and the tax withheld with respect to such dividends also may be made available to the tax authorities in the country in which you reside.

The gross proceeds from the disposition of our common stock may be subject to information reporting and backup withholding. If you receive payments of the proceeds of a disposition of our common stock to or through a U.S. office of a broker, the payment will be subject to both U.S. backup withholding and information reporting unless you properly provide an IRS Form W-8BEN or W-8BEN-E or W-8ECI certifying under penalties of perjury that you are a non-U.S. person (and the payor does not have actual knowledge or reason to know that you are a United States person, as defined under the Code) or you otherwise establish an exemption. If you sell your common stock outside the United States through a non-U.S. office of a non-U.S. broker and the sales proceeds are paid to you outside the United States, then the U.S. backup withholding and information reporting requirements generally will not apply to that payment. However, U.S. information reporting, but not backup withholding, will generally apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell your common stock through a non-U.S. office of a broker that has certain relationships with the United States unless the broker has documentary evidence in its files that you are a non-U.S. person and certain other conditions are met, or you otherwise establish an exemption.

Backup withholding is not an additional tax. You may obtain a refund or credit of any amounts withheld under the backup withholding rules that exceed your U.S. federal income tax liability, if any, provided the required information is timely furnished to the IRS.

Table of Contents

Federal Estate Tax

Our common stock that is owned (or treated as owned) by an individual who is not a citizen or resident of the United States (as specially defined for United States federal estate tax purposes) at the time of death will be included in such individual's gross estate for United States federal estate tax purposes, unless an applicable tax treaty provides otherwise, and, therefore, may be subject to United States federal estate tax.

Foreign Account Tax Compliance Act

Under the Foreign Account Tax Compliance Act, or FATCA, a 30% withholding tax will generally apply to dividends on, or gross proceeds from the sale or other disposition of, common stock paid to a foreign financial institution unless the foreign financial institution (i) enters into an agreement with the U.S. Treasury to, among other things, undertake to identify accounts held by certain U.S. persons or U.S.-owned foreign entities, annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these reporting and other requirements, (ii) is resident in a country that has entered into an intergovernmental agreement with the United States in relation to such withholding and information reporting and the financial entity complies with related information reporting requirements of such country, or (iii) qualifies for an exemption from these rules. A foreign financial institution generally is a foreign entity that (i) accepts deposits in the ordinary course of a banking or similar business, (ii) as a substantial portion of its business, holds financial assets for the benefit of one or more other persons, or (iii) is an investment entity that, in general, primarily conducts as a business on behalf of customers trading in certain financial instruments, individual or collective portfolio management or otherwise investing, administering, or managing funds, money or certain financial assets on behalf of other persons. In addition, FATCA generally imposes a 30% withholding tax on the same types of payments to a non-financial foreign entity unless the entity certifies that it does not have any substantial U.S. owners, furnishes identifying information regarding each substantial U.S. owner, or otherwise qualifies for an exemption from these rules. In either case, such payments would include U.S.-source dividends and the gross proceeds from the sale or other disposition of stock that can produce U.S.-source dividends. FATCA's withholding obligations generally will apply to payments of dividends on our common stock, and to payments of gross proceeds from the sale or other disposition of our common stock made on or after January 1, 2019.

The final Treasury regulations and subsequent guidance provide detailed guidance regarding the reporting, withholding and other obligations under FATCA. Investors should consult their tax advisors regarding the possible impact of the FATCA rules on their investment in our common stock, including, without limitation, the process and deadlines for meeting the applicable requirements to prevent the imposition of the 30% withholding tax under FATCA.

THE SUMMARY OF MATERIAL U.S. FEDERAL INCOME AND ESTATE TAX CONSIDERATIONS ABOVE IS INCLUDED FOR GENERAL INFORMATION PURPOSES ONLY. POTENTIAL PURCHASERS OF OUR COMMON STOCK ARE URGED TO CONSULT THEIR OWN TAX ADVISORS TO DETERMINE THE U.S. FEDERAL, STATE, LOCAL AND NON-U.S. TAX CONSIDERATIONS OF PURCHASING, OWNING AND DISPOSING OF OUR COMMON STOCK.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement with respect to the common stock being offered, we and the selling stockholders have agreed to sell to the underwriters named below, for whom is acting as representative, the following respective numbers of common stock:

Underwriter	Number of Shares of Common Stock
Total	

The underwriting agreement provides that the underwriters are obligated to purchase all of the shares of common stock in the offering if any are purchased, other than those shares of common stock covered by the option to purchase additional shares described below. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated. Each of the selling stockholders in this offering is deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act.

We and the selling stockholders have granted to the underwriters a 30-day option to purchase up to an aggregate of additional shares of common stock at the initial public offering price less the underwriting discounts and commissions. To the extent that the underwriters exercise their option to purchase additional shares, each underwriter will purchase such additional shares of common stock from us and the selling stockholders in approximately the same proportion as they purchased the shares of common stock shown in the table above.

The underwriters propose to offer the common stock initially at the public offering price on the cover page of this prospectus and to selling group members at that price less a selling concession of \$ per share of common stock. The underwriters and selling group members may allow a discount of \$ per share of common stock on sales to other broker/dealers. After the initial public offering the representatives may change the public offering price and concession and discount to broker/dealers. The offering of the common stock by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The following table summarizes the compensation and estimated expenses we will pay:

	Per Share		Total	
	Without Over-allotment	With Over-allotment	Without Over-allotment	With Over-allotment
Public offering price for common stock sold by us	\$	\$	\$	\$
Underwriting Discounts and Commissions paid by us	\$	\$	\$	\$
Estimated expenses payable by us	\$	\$	\$	\$
Public offering price for common stock sold by the selling stockholders	\$	\$	\$	\$
Underwriting Discounts and Commissions paid by the selling stockholders	\$	\$	\$	\$
Estimated expenses payable by the selling stockholders	\$	\$	\$	\$

We estimate that our out-of-pocket expenses for this offering, excluding underwriting discounts and commissions, will be approximately \$ million. We have also agreed to reimburse the underwriters for certain of their expenses in an amount up to \$. The selling stockholders will not bear any portion of these expenses.

The representative has informed us that it does not expect sales to accounts over which the underwriters have discretionary authority to exceed 5% of the common stock being offered.

We have agreed that, subject to certain exceptions, we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act relating to any of our common stock or securities convertible into or exchangeable or exercisable for any of our common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior written consent of the representative of the underwriters for a period of 180 days after the date of this prospectus.

Mammoth Holdings, Gulfport and Rhino, which are the selling stockholders in this offering, as well as our executive officers and directors, have each agreed that, subject to certain exceptions, they will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of our common stock, whether any of these transactions are to be settled by delivery of our common stock or other securities, in cash or otherwise, or publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement, without, in each case, the prior written consent of the representative of the underwriters in this offering for a period of 180 days after the date of this prospectus. The representative of the underwriters in this offering, in its sole discretion, may release the common stock and other securities subject to the lock-up agreements described above in whole or in part at any time. When determining whether or not to release the common stock and other securities from lock-up agreements, the representative will consider, among other factors, the holder's reasons for requesting the release and the number of shares of common stock or other securities for which the release is being requested.

The underwriters have reserved for sale at the initial public offering price up to % of the common stock being offered by this prospectus for sale to our employees, executive officers, directors, business associates and related persons who have expressed an interest in purchasing shares of common stock in the offering. The number of shares of common stock available for sale to the general public in the offering will be reduced to the extent these persons purchase the reserved common stock. Any reserved shares of common stock not so purchased will be offered by the underwriters to the general public on the same terms as the other shares of common stock. Any shares of common stock sold in the directed stock program to directors and executive officers will be subject to the 180-day lock-up agreements described above.

We have agreed to indemnify the underwriters against liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in that respect.

We intend to apply to list our common stock on The NASDAQ Global Market under the symbol "TUSK."

In connection with the listing of our common stock on The NASDAQ Global Market, the underwriters will undertake to sell round lots of 100 shares of common stock or more to a minimum of 400 beneficial owners.

Prior to this offering, there has been no public market for our common stock. The initial public offering price for our common stock will be determined by negotiation between us and the underwriters. The principal factors to be considered in determining the initial public offering price include the following:

- the general condition of the securities markets;
- market conditions for initial public offerings;
- the market for securities of companies in businesses similar to ours;
- the history and prospects for the industry in which we compete;
- our past and present operations and earnings and our current financial position;

Table of Contents

- the history and prospects for our business;
- an assessment of our management; and
- other information included in this prospectus and otherwise available to the underwriters.

We cannot assure you that the initial public offering price will correspond to the price at which our common stock will trade in the public market subsequent to this offering or that an active trading market will develop and continue after this offering.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have from time to time performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us and for our affiliates in the ordinary course of business for which they have received and would receive customary compensation.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investments and securities activities may involve securities and/or instruments of the issuer. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

In connection with the offering the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Over-allotment involves sales by the underwriters of common stock in excess of the number of shares of our common stock the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of shares over-allotted by the underwriters is not greater than the number of shares that they may purchase in the over-allotment option. In a naked short position, the number of shares of common stock involved is greater than the number of shares in the over-allotment option. The underwriters may close out any covered short position by either exercising their over-allotment option and/or purchasing common stock in the open market.
- Syndicate covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of common stock to close out the short position, the underwriters will consider, among other things, the price of common stock available for purchase in the open market as compared to the price at which they may purchase common stock through the over-allotment option. If the underwriters sell more common stock than could be covered by the over-allotment option, a naked short position, the position can only be closed out by buying common stock in the open market. A naked short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering.

Table of Contents

- Penalty bids permit the representative to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on The NASDAQ Global Market or otherwise and, if commenced, may be discontinued at any time.

A prospectus in electronic format may be made available on the web sites maintained by one or more of the underwriters, or selling group members, if any, participating in this offering and one or more of the underwriters participating in this offering may distribute prospectuses electronically. The representative may agree to allocate a number of shares of common stock to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters and selling group members that will make internet distributions on the same basis as other allocations.

FINRA Conduct Rules

Because FINRA is expected to view the common stock offered hereby as interests in a direct participation program, this offering is being made in compliance with Rule 2310 of the FINRA Conduct Rules. Investor suitability with respect to common stock should be judged similarly to the suitability with respect to other securities that are listed for trading on a national securities exchange.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each such state being referred to herein as a Relevant Member State), each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (each such date being referred to herein as a Relevant Implementation Date) it has not made and will not make an offer of common stock to the public in that Relevant Member State prior to the publication of a prospectus in relation to the common stock which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of common stock to the public in that Relevant Member State at any time:

(a) to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;

(b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year, (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;

(c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the representatives for any such offer; or

(d) in any other circumstances that do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of common stock to the public” in relation to any common stock in any Relevant Member State means the communication in any form and by any means of

Table of Contents

sufficient information on the terms of the offer and the common stock to be offered so as to enable an investor to decide to purchase or subscribe the common stock, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each underwriter has represented and agreed that:

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000, or the FSMA) received by it in connection with the issue or sale of the common stock in circumstances in which Section 21(1) of the FSMA does not apply to us; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the common stock in, from or otherwise involving the United Kingdom.

Hong Kong

The common stock may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder or (iii) in other circumstances that do not result in the document being a “prospectus” within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the common stock may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to common stock which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder.

Singapore

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the common stock may not be circulated or distributed, nor may the common stock be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore, or the SFA, (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the common stock are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries’ rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the common stock under Section 275 except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

Japan

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan, or the Financial Instruments and Exchange Law, and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

LEGAL MATTERS

The validity of the common stock that are offered hereby by us and the selling stockholders will be passed upon by Akin Gump Strauss Hauer & Feld LLP. Certain legal matters will be passed upon for the underwriters by Latham & Watkins LLP, Houston, Texas.

GLOSSARY OF OIL AND NATURAL GAS TERMS

Blowout. An uncontrolled flow of reservoir fluids into the wellbore, and sometimes catastrophically to the surface. A blowout may consist of salt water, oil, natural gas or a mixture of these. Blowouts can occur in all types of exploration and production operations, not just during drilling operations. If reservoir fluids flow into another formation and do not flow to the surface, the result is called an underground blowout. If the well experiencing a blowout has significant open-hole intervals, it is possible that the well will bridge over (or seal itself with rock fragments from collapsing formations) down-hole and intervention efforts will be averted.

Bottomhole assembly. The lower portion of the drillstring, consisting of (from the bottom up in a vertical well) the bit, bit sub, a mud motor (in certain cases), stabilizers, drill collar, heavy-weight drillpipe, jarring devices (“jars”) and crossovers for various threadforms. The bottomhole assembly must provide force for the bit to break the rock (weight on bit), survive a hostile mechanical environment and provide the driller with directional control of the well. Oftentimes the assembly includes a mud motor, directional drilling and measuring equipment, measurements-while-drilling tools, logging-while-drilling tools and other specialized devices.

Cementing. To prepare and pump cement into place in a wellbore.

Coiled tubing. A long, continuous length of pipe wound on a spool. The pipe is straightened prior to pushing into a wellbore and rewound to coil the pipe back onto the transport and storage spool. Depending on the pipe diameter (1 in. to 4 1/2 in.) and the spool size, coiled tubing can range from 2,000 ft. to 15,000 ft. (610 m to 4,570 m) or greater length.

Completion. A generic term used to describe the assembly of down-hole tubulars and equipment required to enable safe and efficient production from an oil or gas well. The point at which the completion process begins may depend on the type and design of the well.

Directional drilling. The intentional deviation of a wellbore from the path it would naturally take. This is accomplished through the use of whipstocks, bottomhole assembly (BHA) configurations, instruments to measure the path of the wellbore in three-dimensional space, data links to communicate measurements taken down-hole to the surface, mud motors and special BHA components and drill bits, including rotary steerable systems, and drill bits. The directional driller also exploits drilling parameters such as weight on bit and rotary speed to deflect the bit away from the axis of the existing wellbore. In some cases, such as drilling steeply dipping formations or unpredictable deviation in conventional drilling operations, directional-drilling techniques may be employed to ensure that the hole is drilled vertically. While many techniques can accomplish this, the general concept is simple: point the bit in the direction that one wants to drill. The most common way is through the use of a bend near the bit in a down-hole steerable mud motor. The bend points the bit in a direction different from the axis of the wellbore when the entire drillstring is not rotating. By pumping mud through the mud motor, the bit turns while the drillstring does not rotate, allowing the bit to drill in the direction it points. When a particular wellbore direction is achieved, that direction may be maintained by rotating the entire drillstring (including the bent section) so that the bit does not drill in a single direction off the wellbore axis, but instead sweeps around and its net direction coincides with the existing wellbore. Rotary steerable tools allow steering while rotating, usually with higher rates of penetration and ultimately smoother boreholes.

Down-hole. Pertaining to or in the wellbore (as opposed to being on the surface).

Down-hole motor. A drilling motor located in the drill string above the drilling bit powered by the flow of drilling mud. Down-hole motors are used to increase the speed and efficiency of the drill bit or can be used to steer the bit in directional drilling operations. Drilling motors have become very popular because of horizontal and directional drilling applications and the increase of day rates for drilling rigs.

Drilling rig. The machine used to drill a wellbore.

[Table of Contents](#)

Drillpipe or Drill pipe. Tubular steel conduit fitted with special threaded ends called tool joints. The drillpipe connects the rig surface equipment with the bottomhole assembly and the bit, both to pump drilling fluid to the bit and to be able to raise, lower and rotate the bottomhole assembly and bit.

Drillstring or Drill string. The combination of the drillpipe, the bottomhole assembly and any other tools used to make the drill bit turn at the bottom of the wellbore.

Horizontal drilling. A subset of the more general term “directional drilling,” used where the departure of the wellbore from vertical exceeds about 80 degrees. Note that some horizontal wells are designed such that after reaching true 90-degree horizontal, the wellbore may actually start drilling upward. In such cases, the angle past 90 degrees is continued, as in 95 degrees, rather than reporting it as deviation from vertical, which would then be 85 degrees. Because a horizontal well typically penetrates a greater length of the reservoir, it can offer significant production improvement over a vertical well.

Hydraulic fracturing. A stimulation treatment routinely performed on oil and gas wells in low-permeability reservoirs. Specially engineered fluids are pumped at high pressure and rate into the reservoir interval to be treated, causing a vertical fracture to open. The wings of the fracture extend away from the wellbore in opposing directions according to the natural stresses within the formation. Proppant, such as grains of sand of a particular size, is mixed with the treatment fluid to keep the fracture open when the treatment is complete. Hydraulic fracturing creates high-conductivity communication with a large area of formation and bypasses any damage that may exist in the near-wellbore area.

Hydrocarbon. A naturally occurring organic compound comprising hydrogen and carbon. Hydrocarbons can be as simple as methane, but many are highly complex molecules, and can occur as gases, liquids or solids. Petroleum is a complex mixture of hydrocarbons. The most common hydrocarbons are natural gas, oil and coal.

Mud motors. A positive displacement drilling motor that uses hydraulic horsepower of the drilling fluid to drive the drill bit. Mud motors are used extensively in directional drilling operations.

Natural gas liquids. Components of natural gas that are liquid at surface in field facilities or in gas-processing plants. Natural gas liquids can be classified according to their vapor pressures as low (condensate), intermediate (natural gasoline) and high (liquefied petroleum gas) vapor pressure.

Nitrogen pumping unit. A high-pressure pump or compressor unit capable of delivering high-purity nitrogen gas for use in oil or gas wells. Two basic types of unit are commonly available: a nitrogen converter unit that pumps liquid nitrogen at high pressure through a heat exchanger or converter to deliver high-pressure gas at ambient temperature, and a nitrogen generator unit that compresses and separates air to provide a supply of high-pressure nitrogen gas.

Plugging. The process of permanently closing oil and gas wells no longer capable of producing in economic quantities. Plugging work can be performed with a well servicing rig along with wireline and cementing equipment; however, this service is typically provided by companies that specialize in plugging work.

Plug. A down-hole packer assembly used in a well to seal off or isolate a particular formation for testing, acidizing, cementing, etc.; also a type of plug used to seal off a well temporarily while the wellhead is removed.

Pressure pumping. Services that include the pumping of liquids under pressure.

Producing formation. An underground rock formation from which oil, natural gas or water is produced. Any porous rock will contain fluids of some sort, and all rocks at considerable distance below the Earth’s surface will initially be under pressure, often related to the hydrostatic column of ground waters above the reservoir. To produce, rocks must also have permeability, or the capacity to permit fluids to flow through them.

Proppant. Sized particles mixed with fracturing fluid to hold fractures open after a hydraulic fracturing treatment. In addition to naturally occurring sand grains, man-made or specially engineered proppants, such as

[Table of Contents](#)

resin-coated sand or high-strength ceramic materials like sintered bauxite, may also be used. Proppant materials are carefully sorted for size and sphericity to provide an efficient conduit for production of fluid from the reservoir to the wellbore.

Resource play. Accumulation of hydrocarbons known to exist over a large area.

Shale. A fine-grained, fissile, sedimentary rock formed by consolidation of clay- and silt-sized particles into thin, relatively impermeable layers.

Tight oil. Conventional oil that is found within reservoirs with very low permeability. The oil contained within these reservoir rocks typically will not flow to the wellbore at economic rates without assistance from technologically advanced drilling and completion processes. Commonly, horizontal drilling coupled with multi-stage fracturing is used to access these difficult to produce reservoirs.

Tight sands. A type of unconventional tight reservoir. Tight reservoirs are those which have low permeability, often quantified as less than 0.1 millidarcies.

Tubulars. A generic term pertaining to any type of oilfield pipe, such as drillpipe, drill collars, pup joints, casing, production tubing and pipeline.

Unconventional resource. An umbrella term for oil and natural gas that is produced by means that do not meet the criteria for conventional production. What has qualified as “unconventional” at any particular time is a complex function of resource characteristics, the available exploration and production technologies, the economic environment, and the scale, frequency and duration of production from the resource. Perceptions of these factors inevitably change over time and often differ among users of the term. At present, the term is used in reference to oil and gas resources whose porosity, permeability, fluid trapping mechanism, or other characteristics differ from conventional sandstone and carbonate reservoirs. Coalbed methane, gas hydrates, shale gas, fractured reservoirs and tight gas sands are considered unconventional resources.

Wellbore. The physical conduit from surface into the hydrocarbon reservoir.

Well stimulation. A treatment performed to restore or enhance the productivity of a well. Stimulation treatments fall into two main groups, hydraulic fracturing treatments and matrix treatments. Fracturing treatments are performed above the fracture pressure of the reservoir formation and create a highly conductive flow path between the reservoir and the wellbore. Matrix treatments are performed below the reservoir fracture pressure and generally are designed to restore the natural permeability of the reservoir following damage to the near-wellbore area. Stimulation in shale gas reservoirs typically takes the form of hydraulic fracturing treatments.

Wireline. A general term used to describe well-intervention operations conducted using single-strand or multi-strand wire or cable for intervention in oil or gas wells. Although applied inconsistently, the term commonly is used in association with electric logging and cables incorporating electrical conductors.

Workover. The process of performing major maintenance or remedial treatments on an oil or gas well. In many cases, workover implies the removal and replacement of the production tubing string after the well has been killed and a workover rig has been placed on location. Through-tubing workover operations, using coiled tubing, snubbing or slickline equipment, are routinely conducted to complete treatments or well service activities that avoid a full workover where the tubing is removed. This operation saves considerable time and expense.

Report of Independent Registered Public Accounting Firm

Board of Directors and Unitholders
Mammoth Energy Partners LP

We have audited the accompanying consolidated balance sheets of Mammoth Energy Partners LP (a Delaware limited partnership) and subsidiaries (the “Partnership”) as of December 31, 2015 and 2014, and the related consolidated statements of comprehensive loss, partners’ interest, and cash flows for the years then ended. These financial statements are the responsibility of the Partnership’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Partnership’s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mammoth Energy Partners LP and subsidiaries as of December 31, 2015 and 2014, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Basis of Presentation

Mammoth Energy Partners LP (“Mammoth” or “the Partnership”) is a limited partnership under the laws of the State of Delaware. Mammoth was originally formed by Wexford Capital LP (“Wexford”) in February 2014 as a holding company under the name Redback Energy Services Inc. and was converted to a Delaware limited partnership in August 2014. On November 24, 2014, Wexford (through Mammoth Energy Holdings, LLC a 100% owned subsidiary), Gulfport Energy Corporation (“Gulfport”) and Rhino Resource Partners LP (“Rhino”) (collectively known as “Predecessor Interest”) contributed their interest in the entities presented below to Mammoth in exchange for approximately 20 million limited partner units. Mammoth Energy Partners GP, LLC (the “General Partner”) maintains a non-economic general partner interest.

The following companies (“Operating Entities”) are included in these consolidated financial statements: Bison Drilling and Field Services, LLC (“Bison Drilling”), formed November 15, 2010; Bison Trucking LLC (“Bison Trucking”), formed August 9, 2013; White Wing Tubular Services LLC (“White Wing”), formed July 29, 2014; Barracuda Logistics LLC (“Barracuda”), formed October 24, 2014; Mr. Inspections LLC (“MRI”), formed January 25, 2015; Panther Drilling Systems LLC (“Panther”), formed December 11, 2012; Redback Energy Services, LLC (“Energy Services”), formed October 6, 2011; Redback Coil Tubing, LLC (“Coil Tubing”), formed May 15, 2012; Redback Pump Down Services LLC (“Pump Down”), formed January 16, 2015; Muskie Proppant LLC (“Muskie”), formed September 14, 2011; Stingray Pressure Pumping LLC (“Pressure Pumping”), formed March 20, 2012; Stingray Logistics LLC (“Logistics”), formed November 19, 2012; and Great White Sand Tiger Lodging Ltd. (“Lodging”), formed October 1, 2007. Prior to the contribution, Mammoth did not conduct any material business operations other than certain activities related to the preparation of the registration statement for a proposed initial public offering (“IPO”).

The contribution of all Operating Entities, except Pressure Pumping and Logistics, was treated as a combination of entities under common control. On November 24, 2014 Mammoth acquired Pressure Pumping and Logistics in exchange for approximately 10 million limited partner units. Mammoth acquired Pressure Pumping and Logistics (collectively, the “Stingray Entities”) in exchange for limited partner units representing limited partner interest. Details of the transaction are contained in this report under Note 11: Acquisition of Stingray Entities.

The accompanying consolidated financial statements and related notes of the Partnership include the assets and liabilities of the Operating Entities at their historical carrying values and the results of their operations and cash flows as if they were consolidated for all periods presented, or for the periods from their inception if formed after December 31, 2013.

At December 31, 2015 and December 31, 2014, Wexford, Gulfport and Rhino own 68.72%, 30.5% and 0.78%, respectively, of the limited partner interest in the Partnership.

Operations

The Partnership provides contract land and directional drilling services and completion and production services for oil and natural gas exploration and production. The Partnership’s contract land and directional drilling services provides drilling rigs and directional tools for both vertical and horizontal drilling of oil and natural gas wells. The Partnership’s completion and production services includes coil tubing units used to enhance the flow of oil or natural gas, equipment and personnel used in connection with the completion and early production of oil and natural gas wells, and the production of natural sand proppant that is used primarily for hydraulic fracturing in the oil and gas industry. The Partnership also provides remote accommodation and related services for people working in the oil sands located in Northern Alberta, Canada.

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The acquisition of the Stingray Entities adds to our completion and production portfolio. Specifically, by adding hydraulic fracturing and proppant hauling logistics services, the Partnership has developed a diverse offering of operations that can participate in nearly all phases of the oilfield services industry.

All of the Partnership's operations are in North America. The Partnership operates in the Permian Basin, the Utica Shale, the Eagle Ford Shale, the Marcellus Shale, the Granite Wash, the Cana Woodford Shale, the Cleveland Sand and the oil sands located in Northern Alberta, Canada. The Partnership's business depends in large part on the conditions in the oil and natural gas industry and, specifically, on the amount of capital spending by its customers. Any prolonged increase or decrease in oil and natural gas prices affects the levels of exploration, development and production activity, as well as the entire health of the oil and natural gas industry. Changes in the commodity prices for oil and natural gas could have a material effect on the Partnership's results of operations and financial condition.

2. Summary of Significant Accounting Policies

(a) Principles of Consolidation

The consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). All material intercompany accounts and transactions between the entities within the Partnership have been eliminated.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include but are not limited to the allowance for doubtful accounts, reserves for self-insurance, depreciation and amortization of property and equipment, amortization of intangible assets, and future cash flows and fair values used to assess recoverability and impairment of long-lived assets, including goodwill.

(c) Cash and Cash Equivalents

All highly liquid investments with an original maturity of three months or less are considered cash equivalents. The Partnership maintains its cash accounts in financial institutions that are insured by the Federal Deposit Insurance Corporation, with the exception of cash held by Sand Tiger in a Canadian financial institution. Cash balances from time to time may exceed the insured amounts; however the Partnership has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risks on such accounts. The Partnership had \$0 and \$757,865 of restricted cash included in other current assets in the accompanying Consolidated Balance Sheets at December 31, 2015 and December 31, 2014, respectively. The restricted cash as of December 31, 2014 represented monies held in trust for letters of credit issued to rail car lessors for future lease payments.

(d) Accounts Receivable

Accounts receivable include amounts due from customers for services performed and are recorded as the work progresses. The Partnership grants credit to customers in the ordinary course of business and generally does not require collateral. Most areas in which the Partnership operates provide for a mechanic's lien

Mammoth Energy Partners LP

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

against the property on which the service is performed if the lien is filed within the statutorily specified time frame. Customer balances are generally considered delinquent if unpaid by the 30th day following the invoice date and credit privileges may be revoked if balances remain unpaid.

The Partnership regularly reviews receivables and provides for estimated losses through an allowance for doubtful accounts. In evaluating the level of established reserves, the Partnership makes judgments regarding its customers' ability to make required payments, economic events, and other factors. As the financial conditions of customers change, circumstances develop, or additional information becomes available, adjustments to the allowance for doubtful accounts may be required. In the event the Partnership was to determine that a customer may not be able to make required payments, the Partnership would increase the allowance through a charge to income in the period in which that determination is made. Uncollectible accounts receivable are periodically charged against the allowance for doubtful accounts once final determination is made of their uncollectability.

Following is a roll forward of the allowance for doubtful accounts for the years December 31, 2015 and 2014:

Balance, January 1, 2014	\$ 1,621,147
Additions charged to expense	603,289
Deductions for uncollectible receivables written off	(1,634,934)
Balance, December 31, 2014	589,502
Additions charged to expense	3,682,218
Deductions for uncollectible receivables written off	(324,288)
Balance, December 31, 2015	<u>\$ 3,947,432</u>

As discussed in the Footnote 1, prolonged decline in pricing can impact the overall health of the oil and natural gas industry. Year ended December 31, 2015 contained such pricing conditions which may lead to enhanced risk of uncollectibility on certain receivables. As such, the Partnership has made specific reserves consistent with Partnership policy which resulted in significant additions to allowance for doubtful accounts. The Partnership will continue to pursue collection until such time as final determination is made consistent with Partnership policy.

(e) Inventory

Inventory consists of raw sand and processed sand available for sale, chemicals and other products sold as a bi-product of completion and production operations, and supplies used in performing services. Inventory is stated at the lower of cost or market (net realizable value) on a first-in, first-out basis. The Partnership assess the valuation of its inventories based upon specific usage and future utility.

Inventory also consists of coil tubing strings of various widths, diameters, and lengths that are used in providing specialized services to customers who are primarily operators of oil or gas wells. The strings are used at various rates based on factors such as well conditions (i.e. pressure and friction), vertical and horizontal length of the well, running speed of the string in the well, and total running feet accumulated to the string. The Partnership obtains usage information from data acquisition software and other established assessment methods and attempts to amortize the strings over their estimated useful life. In no event will a

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

string be amortized over a period longer than 12 months. Amortization of coil strings is included in services cost of revenue in the Consolidated Statements of Comprehensive Loss and totaled \$2,075,787 and \$1,508,761 for the years ended December 31, 2015 and 2014, respectively.

(f) Prepaid Expenses

Prepaid expenses primarily consist of insurance costs and as of December 31, 2014, payments made to a sand supplier. Insurance costs are expensed over the periods that these costs benefit.

(g) Property and Equipment

Property and equipment, including renewals and betterments, are capitalized and stated at cost, while maintenance and repairs that do not increase the capacity, improve the efficiency or safety, or improve or extend the useful life, are charged to operations as incurred. Disposals are removed at cost, less accumulated depreciation, and any resulting gain or loss is recorded in operations. Depreciation is calculated using the straight-line method over the shorter of the estimated useful life, or the remaining lease term, as applicable. Depreciation does not begin until property and equipment is placed in service. Once placed in service, depreciation on property and equipment continues while being repaired, refurbished, or between periods of deployment.

(h) Long-Lived Assets

The Partnership reviews long-lived assets for recoverability in accordance with the provisions of FASB Accounting Standard Codification (“ASC”) Topic 360, *Impairment or Disposal of Long-Lived Assets*, which requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Recoverability of assets is measured by comparing the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. These evaluations for impairment are significantly impacted by estimates of revenues, costs and expenses, and other factors. If long-lived assets are considered to be impaired, the impairment to be recognized is measured by the amount in which the carrying amount of the assets exceeds the fair value of the assets. In 2015, the Partnership recognized an impairment loss of \$9,874,458 on various fixed assets included in Property, plant and equipment, net in the Consolidated Balance Sheets. Additionally, in 2015 the Partnership recognized an impairment loss of \$1,904,982 on a terminated long term contractual agreement. No impairments existed in the year ended December 31, 2014.

(i) Goodwill

Goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. The impairment test is a two-step process. First, the fair value of each reporting unit is compared to its carrying value to determine whether an indication of impairment exists. If impairment is indicated, then the implied value of the reporting unit’s goodwill is determined by allocating the unit’s fair value to its assets and liabilities as if the reporting unit had been acquired in a business combination. The fair value of the reporting unit is determined using the discounted cash flow approach, excluding interest. The impairment for goodwill is measured as the excess of its carrying value over its implied value. Goodwill was tested for impairment as of December 31, 2015. During year ended December 31, 2015 the Partnership had impairments of \$88,247. There was no impairment during year ended December 31, 2014.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(j) Amortizable Intangible Assets

Intangible assets subject to amortization include customer relationships and trade names. Customer relationships are amortized based on an estimated attrition factor and trade names are amortized over their estimated useful lives. Amortization expense was \$9,101,375 and \$938,400 for the years ended December 31, 2015 and 2014. For intangibles acquired in the Stingray acquisition see Note 11: Acquisition of Stingray Entities. During year ended December 31, 2015 the Partnership terminated one customer relationship and impaired the remaining unamortized value of the intangible. The impairment loss recognized was \$256,666.

(k) Fair Value of Financial Instruments

The Partnership's financial instruments consist of cash and cash equivalents, trade receivables, trade payables, amounts receivable or payable to related parties, and long-term debt. The carrying amount of cash and cash equivalents, trade receivables, and trade payables approximates fair value because of the short-term nature of the instruments. The fair value of long-term debt approximates its carrying value based on the borrowing rates currently available to the Partnership for bank loans with similar terms and maturities.

(l) Revenue Recognition

The Partnership generates revenue from multiple sources within its operating segments. In all cases, revenue is recognized when services are performed, collection of the receivable is probable, persuasive evidence of an arrangement exists, and the price is fixed and determinable. Services are sold without warranty or right of return. Taxes assessed on revenue transactions are presented on a net basis and are not included in revenue.

Contract drilling services are provided under daywork or footage contracts, and revenue is recognized as the work progresses based on the days completed or the feet drilled, as applicable. Mobilization revenue and costs for daywork and footage contracts are recognized over the days of actual drilling.

Directional drilling services are provided on a day rate or hourly basis, and revenue is recognized as work progresses. Proceeds from customers for the cost of oilfield downhole rental equipment that is involuntarily damaged or lost in-hole are reflected as revenues.

Completion and production services are typically provided based upon a purchase order, contract or on a spot market basis. Services are provided on a day rate, contracted, or hourly basis, and revenue is recognized as the work progresses. Jobs for these services are typically short-term in nature and range from a few hours to multiple days. Revenue is recognized upon the completion of each day's work based upon a completed field ticket, which includes the charges for the services performed, mobilization of the equipment to the location and personnel. Additional revenue is generated through labor charges and the sale of consumable supplies that are incidental to the service being performed. The labor charges and the use of consumable supplies are reflected on the completed field tickets.

Revenue from remote accommodation services is recognized when rooms are occupied and services have been rendered. Advanced deposits on rooms and special events are deferred until services are provided to the customer.

The timing of revenue recognition may differ from contract billing or payment schedules, resulting in revenues that have been earned but not billed ("unbilled revenue") or amounts that have been billed, but not earned ("deferred revenue"). The Partnership had \$3,414,853 and \$8,243,057 of unbilled revenue included in accounts receivable, net in the Consolidated Balance Sheets at December 31, 2015 and December 31, 2014, respectively. The Partnership had \$7,459,988 and \$11,310,945 of unbilled revenue included in

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

receivables from related parties in the Consolidated Balance Sheets at December 31, 2015 and December 31, 2014, respectively. There was \$0 and \$133,310 of deferred revenue included in accrued expenses and other current liabilities in the Consolidated Balance Sheets at December 31, 2015 and 2014, respectively.

(m) Earnings per Unit

Earnings per unit applicable to limited partners is computed by dividing limited partners' interest in net loss by the weighted average number of outstanding common units. See Note 9.

(n) Equity-based Compensation

The Partnership records equity-based payments at fair value on the date of grant, and expenses the value of these equity-based payments in compensation expense over the applicable vesting periods. See Note 10.

(o) Income Taxes

Except for Lodging, no provision for federal income tax is included in the accompanying financial statements as federal income taxes, if any, are payable by the members. Limited liability companies are subject to taxation in Texas where the Partnership does business; therefore, the Partnership may provide for income taxes attributable to that state on a current basis.

Lodging is subject to corporate income taxes, and such taxes are provided in the financial statements pursuant to Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") 740, *Income Taxes*. Under FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using statutory tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of deferred tax assets and liabilities as a result of a change in tax rate is recognized in the period that includes the statutory enactment date. A valuation allowance for deferred tax assets is recognized when it is more likely than not that the benefit of deferred tax assets will not be realized.

The Partnership evaluates tax positions taken or expected to be taken in preparation of its tax returns and disallows the recognition of tax positions that do not meet a "more likely than not" threshold of being sustained upon examination by the taxing authorities. During the years ended December 31, 2015 and 2014, no uncertain tax positions existed. Penalties and interest, if any, are recognized in general and administrative expense. The Partnership's 2015, 2014, 2013 and 2012 income tax returns remain open to examination by the applicable taxing authorities.

(p) Foreign Currency Translation

For foreign operations, assets and liabilities are translated at the period-end exchange rate, and income statement items are translated at the average exchange rate for the period. Resulting translation adjustments are recorded within accumulated other comprehensive loss. Assets and liabilities denominated in foreign currencies, if any, are re-measured at the balance sheet date. Resulting transaction gains or losses are included as a component of current period earnings.

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(q) Comprehensive (Loss) Income

Comprehensive (loss) income consists of net (loss) income and other comprehensive (loss) income. Other comprehensive (loss) income included certain changes in equity that are excluded from net (loss) income. Specifically, cumulative foreign currency translation adjustments are included in accumulated other comprehensive (loss) income.

(r) Concentrations of Credit Risk and Significant Customers

Financial instruments that potentially subject the Partnership to concentrations of credit risk consist of cash and cash equivalents in excess of federally insured limits and trade receivables. The Partnership's accounts receivable have a concentration in the oil and gas industry and the customer base consists primarily of independent oil and natural gas producers. At December 31, 2015 one related party customer from the Completion and Production segment accounted for 56% of the Partnership's trade accounts receivable and receivables from related parties balance combined. At December 31, 2014 one related party customer from the Completion and Production segment accounted for 42% of the Partnership's trade accounts receivable and receivables from related parties balance combined. During year ended December 31, 2015 one related party customer from the Completion and Production segment accounted for 47% of the Partnership's total revenue. No customers accounted for greater than 10% of the Partnership's total revenue for the year ended December 31, 2014.

(s) Reclassifications

Certain reclassifications have been made to prior period financial statement to conform to current period presentation. These reclassifications have no effect on net income.

(t) Pro Forma Financial Information (unaudited)

The unaudited pro forma financial data presents the estimated impact of the Partnership's C corporation conversion ("Conversion") results of operations and financial position attributable to the conversion. The unaudited pro forma financial data have been prepared as if the Conversion occurred as a beginning balance adjustment of the respective period. The unaudited pro forma financial data have been prepared based on the assumption that the Partnership will be treated as a C Corporation for U.S. federal and state income tax purposes.

The pro forma adjustments are based upon currently available information and certain assumptions and estimates; therefore, the actual effects of these transactions will differ from the pro forma adjustments. However, the Partnership's management considers the applied estimates and assumptions to provide a reasonable basis for the presentation of the significant effects of certain transactions that are expected to have a continuing impact on the Partnership. In addition, the Partnership's management considers the pro forma adjustments to be factually supportable and to appropriately represent the expected impact of items that are directly attributable to conversion from a Partnership to a C Corporation.

(u) Earnings per Share

As part of the unaudited pro forma financial data, one effect of the Conversion is that Earnings per unit will be replaced by Earnings per Share. The aggregate quantity of equity instruments will be the same from units to shares. Earnings per share applicable to shareholder is computed by dividing shareholders' interest in net loss by the weighted average number of outstanding common shares.

(v) New Accounting Pronouncements

In November 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-17, “Income Taxes,” which simplifies the presentation of deferred income taxes by requiring deferred tax liabilities and assets be classified as noncurrent in the balance sheet. ASU 2015-17 is effective for annual and interim reporting periods beginning after December 15, 2016, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on our consolidated financial statements.

In July 2015, the FASB issued ASU No. 2015-11, “Inventory (Topic 330): Simplifying the Measurement of Inventory,” which changes inventory measured using any method other than LIFO or the retail inventory method (for example, inventory measured using first-in, first-out (FIFO) or average cost) at the lower of cost and net realizable value. ASU 2015-11 is effective for annual and interim reporting periods beginning after December 15, 2016, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on our consolidated financial statements.

In May 2014, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) 2014-09, “Revenue from Contracts with Customers.” ASU 2014-09 supersedes existing revenue recognition requirements in GAAP and requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. Additionally, it requires expanded disclosures regarding the nature, amount, timing, and certainty of revenue and cash flows from contracts with customers. The ASU was effective for annual and interim reporting periods beginning after December 15, 2016, using either a full or a modified retrospective application approach; however, in July 2015 the FASB decided to defer the effective date by one year (until 2018) by issuing ASU No. 2015-14, “Revenue From Contracts with Customers: Deferral of the Effective Date.” The Partnership is in the process of evaluating the impact on its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-2 “Leases” amending the current accounting for leases. Under the new provisions, all lessees will report a right-of-use asset and a liability for the obligation to make payments for all leases with the exception of those leases with a term of 12 months or less. All other leases will fall into one of two categories: (i) a financing lease or (ii) an operating lease. Lessor accounting remains substantially unchanged with the exception that no leases entered into after the effective date will be classified as leveraged leases. For sale leaseback transactions, a sale will only be recognized if the criteria in the new revenue recognition standard are met. ASU 2016-2 is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. Early adoption is permitted. The Partnership is currently evaluating the effect the new guidance will have on our consolidated financial statements and results of operations.

Property, plant and equipment, net		\$ 273,026,665	\$ 334,150,453

Depreciation expense was \$63,292,507 and \$34,688,765 for the years ended December 31, 2015 and 2014, respectively.

Deposits on equipment and equipment in process of assembly represents deposits placed with vendors for equipment that is in the process of assembly and purchased equipment that is being outfitted for its intended use. The equipment is not yet placed in service.

5. Goodwill and Intangible Assets

As of December 31, the Partnership had the following definite lived intangible assets recorded:

	2015	2014
Customer relationships	\$ 33,605,000	\$ 33,885,000
Trade names	7,110,000	7,110,000
Less: accumulated amortization - customer relationships	9,295,228	928,029
Less: accumulated amortization - trade names	781,943	71,100
Intangible assets, net	\$ 30,637,829	\$ 39,995,871

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Amortization expense for intangible assets was \$9,101,375 and \$938,400 for the years ended December 31, 2015 and 2014, respectively. The original life of customer relationships range from 4 to 10 years with a remaining average useful life of 4.35 years. Trade names are amortized over a 10 year useful life and as of December 31, 2015 the remaining useful life was 8.92 years.

The majority of the intangible balance at year end 2015 and 2014 is primarily attributable to the Stingray acquisition. The details of which can be found in Note 11: Acquisition of Stingray Entities. Aggregated expected amortization expense for the future periods is expected to be as follows:

Year ended December 31:	Amount
2016	\$ 9,071,000
2017	9,071,000
2018	8,239,652
2019	738,500
2020	738,500
Thereafter	2,779,177
	<u>\$ 30,637,829</u>

Goodwill was \$86,043,148 and \$86,131,395 at December 31, 2015 and 2014, respectively. The change is due to an impairment of goodwill during year ended December 31, 2015.

6. Accrued Expenses and Other Current Liabilities

Accrued expense and other current liabilities included the following:

	December 31,	
	2015	2014
Accrued compensation, benefits and related taxes	\$ 1,349,493	\$ 3,704,560
Financed insurance premiums	3,194,564	5,538,112
Other	3,174,899	7,112,925
Total	<u>\$ 7,718,956</u>	<u>\$ 16,355,597</u>

Financed insurance premiums are due in monthly installments, bear interest at rates ranging from 1.79% to 5.00%, are unsecured, and mature within the twelve month period following the close of the year.

7. Debt

Mammoth Credit Facility

On November 26, 2014 Mammoth entered into a revolving credit and security agreement with a bank for \$170 million. The facility matures on November 25, 2019. Borrowings under this facility are secured by the assets of Mammoth, inclusive of the subsidiary companies. The maximum availability of the facility is subject to a borrowing base calculation prepared monthly. Concurrent with the execution of the facility, the initial advance relieved all subordinate debt of the Partnership. Interest is payable monthly at a base rate set by the institution's commercial lending group plus applicable margin. Additionally, at the Partnership's request, outstanding balances, are permitted to be converted to LIBOR rate plus applicable margin tranches at set increments of \$500,000. The LIBOR rate option allows the Partnership to select a more advantageous interest figure from one, two, and three or six month LIBOR futures spot rates, at the Partnership's selection

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

and based upon management's opinion of prospective lending rates. The applicable margin for either the base rate or the LIBOR rate option can vary from 1.5% to 3.0%, based upon a calculation of the excess availability of the line as a percentage of the maximum credit limit.

At December 31, 2015, \$95 million of the outstanding balance of the facility was in a one month LIBOR rate option tranche with an interest rate of 3.04%. As of December 31, 2015 Mammoth had availability of \$44,619,551.

At December 31, 2014, \$137 million of the outstanding balance of the facility was in a one month LIBOR rate option tranche with an interest rate of 3.16%. Additionally, at December 31, 2014, \$8.5 million of the outstanding balance of the facility was in a one month LIBOR rate option tranche with an interest rate of 3.17%. The remaining balance of the facility as of December 31, 2014 accrued interest at a base rate plus margin of 5.25%. The total outstanding balance of the Mammoth facility as of December 31, 2014 was \$146,041,013 with availability of \$23,619,860.

The Mammoth facility also contains various customary affirmative and restrictive covenants. Among the various covenants are specifically identified financial covenants placing requirements of a minimum interest coverage ratio (3.0 to 1.0), maximum leverage ratio (4.0 to 1.0), and minimum availability (\$10MM). As of December 31, 2015, the Partnership was in compliance with all covenants.

Legacy Lines of Credit

Prior to the execution of the Mammoth facility, certain of the Partnership's Operating Entities had entered into lines of credit and long-term debt agreements with various banks. All debt was collateralized by substantially all assets of the respective Operating Entities. The debt also contained various customary affirmative and restrictive covenants. These lines of credit and long-term debt agreements were extinguished in conjunction with the November 26, 2014 credit facility.

The debt material presented below is provided to detail historical information of Mammoth's subsidiary entities. All of the following lines of credit and long term debt agreements were relieved with the execution of the Mammoth credit facility on November 25, 2014.

In May 2013, Bison entered into a \$5.0 million credit facility with a bank. Borrowings under the revolving credit facility were subject to a borrowing limitation based on 80% of eligible accounts receivable balances which were further limited to a concentration of 40% of total accounts receivable for a related party and 20% of total accounts receivable for all other customers. Bison made monthly interest payments on amounts borrowed under the facility at the greater of prime rate plus 0.75% or 4.25%. In May 2014 Bison amended its facility to increase its size to \$7.0 million and extend the maturity date. The revolving credit facility was set to mature on June 1, 2015.

In September 2014, Panther entered into a \$4.0 million credit facility with a bank. Borrowings under the facility were secured by certain trade receivables and other assets. Interest was payable monthly at 6.55%, with the first three months interest only and the following 35 months as principal and interest payments. The loan was set to mature on December 8, 2017.

In April 2013, Energy Services amended its revolving credit facility with a bank and increased its size from \$1.5 million to \$2.0 million. In September 2014 the facility was again amended to increase the size to \$3.0 million. The revolving credit facility was set to mature on April 1, 2015. Borrowings under the revolving credit facility were subject to a borrowing base equal to 75% of the outstanding trade receivables of Energy Services. Interest was payable monthly at the greater of the prime rate plus 1.00% or 6.00%.

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In June 2013, Energy Services formed a new division known as Redback Pump Downs ("Pump Downs") and entered into a \$1.5 million revolving credit facility with a bank. Borrowings under the revolving credit facility were secured by 75% of the outstanding eligible trade receivables of Pump Downs. Interest was payable monthly at the greater of the prime rate plus 1.00% or 5.25%. The revolving credit facility was set to mature on June 21, 2015.

In October 2013, Energy Services entered into an \$8.5 million revolving credit facility with a bank. Borrowings under the revolving credit facility were subject to a borrowing base equal to 60% and 80% of the amount of certain eligible equipment of Energy Services and Pump Downs, respectively. Interest was payable monthly at the greater of prime rate plus 1.00% or 5.25%. In September 2014, \$4,630,150 of the outstanding balance of this note was converted to three separate amortizing term loans, described in Long-Term Debt below. The term loans reduced the available amount of the revolving credit facility by the amount outstanding of each loan. The revolving credit facility was set to mature on April 1, 2015.

In October 2013, Coil Tubing entered into a secured loan agreement with a bank which contained a revolving credit facility in the amount of \$3.0 million maturing on October 6, 2014. In September 2014, in conjunction with an amendment of corresponding long term debt (referenced below) the facility was extended to mature on September 25, 2015. Borrowings under the revolving credit facility were subject to a borrowing base equal to 80% of Coil Tubing's' eligible accounts receivable. Interest was payable monthly at the greater of prime rate or 4.45%.

On January 31, 2013, Muskie entered into a line of credit with a bank in the amount of \$3,000,000, which was to mature on February 1, 2014. In January 2014, this line of credit was renewed through February 1, 2015. This credit facility was secured by a real estate mortgage. The Partnership made monthly interest payment on the amounts borrowed under the facility at the prime rate plus 2.0%.

Legacy Long-term Debt

In May 2013, Bison entered into a \$30.0 million term loan agreement with a bank. The term loan bore interest at the greater of prime plus 0.75% or 4.5%. Bison was required to make principal payments of \$175,000, plus interest, beginning July 1, 2013 and on the first day of each month thereafter through the last day of September 2013. Beginning on October 1, 2013 and on the first day of each month thereafter, Bison was required to make monthly payments pursuant to a 42 month amortization of the remaining principal balance. Effective January 31, 2014, the term loan was amended to increase the face to \$51.9 million to facilitate the purchase of additional drilling rigs. In August 2014, the loan was amended to increase the face back to \$51.9 million for the purchase of an additional rig. The term loan was set to mature on August 31, 2017.

As referenced in the Line of Credit section above, Energy Services converted \$4,630,150 into term loans from their \$8.5 million revolving credit facility in September 2014. The loans had the same interest rate and covenants as the preceding credit facility. The three loans that made up this balance were as follows: a \$1,750,050 loan amortizing over 36 months, maturing on August 20, 2017; a \$1,610,050 loan with three months interest only then amortizing over 36 months, maturing on November 20, 2017; a \$1,270,050 loan with six months interest only then amortizing over 36 months, maturing on February 20, 2018.

In October 2013, Coil Tubing entered into a secured loan agreement with a bank to make available up to \$8.0 million to purchase specific equipment. In September 2014 this agreement was amended as a guidance line of credit, which provides for advances through the end of the September 25, 2015 maturity date. These advances represented term loans that were interest only for 12 months from advance date and then converted to a 36 month amortized note. As part of the amended agreement the available amount was also raised to

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

\$10.5 million. The facility bore interest at a floating rate of the greater of prime plus a margin that ranged from 0.00% to 1.00% based on the ratio of funded debt to EBITDA, or 4.45%. Additionally, in conjunction with the amended agreement \$5,871,459 of the capacity previously drawn was converted into a term note maturing on September 14, 2017. The terms of the note mirrored the overarching facility. Per the agreement the available amount of the line of credit was reduced by the outstanding balance of this corresponding term note.

In July 2014, Redback Energy Services, as borrower, entered into a promissory note with a bank as a lender, for \$2.0 million which we sometimes refer to as the July 2014 Redback Facility. The loan accrued interest at a rate of 3.25% per annum and was amortized in 60 monthly installments, with a final maturity date of July 22, 2019. The loan was secured by a security interest in a double fluid pumper trailer and contained certain customary covenants.

In July 2014, Redback Energy Services, as borrower, entered into a mortgage agreement with a bank as a lender for \$630,422 to purchase real property in Ohio. The loan held a fixed interest rate of 5.5% was amortized over 180 months, maturing on July 7, 2029.

8. Income Taxes

The components of income tax (benefit) expense attributable to the Partnership for the years ended December 31, are as follows:

Net deferred tax liabilities	\$ (1,460,959)	\$ (7,476,580)

In recording deferred income tax assets, the Partnership considers whether it is more likely than not that some portion or all of the deferred income tax assets will be realized. The ultimate realization of deferred income tax assets is dependent upon the Partnership's ability to generate future taxable income during the periods in which those deferred income tax assets would be deductible. The Partnership considers the scheduled reversal of deferred income tax liabilities and projected future taxable income for this determination. The Partnership determined that no valuation allowance was required at December 31, 2015 and 2014. Foreign tax credits may be applied for up to five years. Tax credits as of December 31, 2015 must be utilized by December 31, 2020.

The reconciliation of the income tax provision computed at the Partnership's effective tax rate is as follows:

	December 31,	
	2015	2014
(Loss) income before income taxes	\$ (28,820,500)	\$ 5,503,646
Statutory income tax rate	35%	35%

9. Earnings Per Unit

The limited partner units were issued November 24, 2014. However, the net income per common unit on the Consolidated Statements of Comprehensive Loss is based on the net income of the Partnership for the full years presented, since the entities were under common control as described in Note 1.

The Partnership's net loss is allocated wholly to the limited partner units as the General Partner does not have an economic interest.

Basic net loss per common unit is calculated by dividing net loss by the weighted-average number of common units outstanding during the period. Although units were not issued until November 24, 2014, units issued for common control entities have been calculated in the weight average units outstanding amount as if they were outstanding from the beginning of the periods presented, in conjunction with the treatment of common control entities.

	2015	2014
Net loss	\$ (27,231,414)	\$ (2,010,548)
Net loss per limited partner unit	(0.91)	(0.10)
Weighted-average common units outstanding	30,000,000	21,056,073

10. Equity Based Compensation

Upon formation of certain Operating Entities (including the acquired Stingray entities), specified members of management ("Specified Members") were granted the right to receive distributions from their respective Operating Entity, after the contribution member's unreturned capital balance was recovered (referred to as "Payout" provision). Additionally, non-employee members were included in the award class ("Non-Employee Members").

The Company valued the post Payout distribution rights using the option pricing method as of the grant dates that coincide with the formation of the respective Operating Entities. The exercise price was based on the contributing members' contribution at the formation date. No dividend yield was included because the Company did not plan to pay dividends. For Coil Tubing, valuation assumptions included a risk free interest rate of 0.59%, and expected life of four years, and an expected volatility of 53.26%. For Energy Services, valuation assumptions included a risk free interest rate of 0.83%, an expected life of four years, and an expected volatility of 70.72%. For Panther, valuation assumptions included a risk free interest rate of 0.47%, and expected life of four years, and an expected volatility of 37.27%.

On November 24, 2014 the awards were modified in conjunction with the contribution of the Operating Entities to Mammoth. Awards are not granted in limited or general partner units. Agreements are for interest in the distributable earnings of Mammoth's majority limited partner unit holder, Wexford.

Modified and new awards granted were valued as of grant date of November 24, 2014. Incremental value between the old awards and modified awards as of the modification date was examined pursuant to applicable accounting guidance. The Partnership has valued the distributions rights using the option pricing method that utilizes Black-Scholes inputs, which requires the Partnership to make several assumptions. Expected volatility was determined using the historical volatility for a peer group of companies. The

Mammoth Energy Partners LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

volatility calculations include an average of historical and implied volatility which is then adjusted for differences in leverage for each respective Operating Entity and peer group. Volatility percentages ranged between 25% and 42.5%. The expected term of options was determined based on most likely time to “exit,” as generally defined by sale or initial public offering. The expected term used was 1.6 years at modification date and 1.5 years at December 31, 2014. The risk free rate used was the U.S. Treasury Strip Yield curve rate as of the valuation date. The risk free rate used was 0.4168% for the modification date and 0.4971% for December 31, 2014.

Payout is expected to occur upon an initial public offering or sale of an entity, which is considered not probable under applicable accounting guidance. Therefore, for the awards that contained the Pay-out provision, no compensation cost was recognized as the distribution rights do not vest until Pay-out is reached. For the Specified Member awards, the unrecognized amount, which represents the fair value of the award as of the modification date or grant date, was \$2,404,570. For the Non-Employees Member awards, the unrecognized cost, which represents the fair value of the awards as of December 31, 2015 was \$16,420,941.

Two Specified Members were issued restricted share units (RSUs) in 2012, with vesting occurring in four equal annual installments beginning January 1, 2013. At the modification date, the RSU's were cancelled and converted to distribution rights with the vesting provisions removed. As a result, the Partnership recognized \$1,361,302 of compensation expense in selling, general, and administrative expense in 2014 in the accompanying Consolidated Statements of Comprehensive Loss.

One Specified Member was granted distribution rights in 2011, with vesting occurring in 50 equal monthly installments beginning November 30, 2011. At the modification date, the vesting provisions of these awards were removed. As a result, the Partnership recognized \$53,807 of compensation expense in selling, general, and administrative expense in 2014 in the accompanying Consolidated Statements of Comprehensive Loss.

Three Non-Employee Members were granted distribution rights with Payout provisions in 2012. No expense was recognized in 2013 as Pay-out was deemed to be not probable. Upon modification, the Payout provision was removed. As a result, the Partnership recognized \$2,423,733 of compensation expense in selling, general, and administrative expense in 2014 in the accompanying Consolidated Statements of Comprehensive Loss.

11. Acquisition of Stingray Entities

Description of the Transaction

On November 24, 2014 Mammoth acquired all ownership interests in Stingray Pressure Pumping LLC (“Pressure Pumping”) and Stingray Logistics LLC (“Logistics”). Pressure Pumping was formed March 20, 2012 and Logistics was formed November 19, 2012, as Delaware limited liability companies. Both were formed by Wexford and Gulfport. Mammoth acquired Pressure Pumping and Logistics in exchange for limited partner interests. The acquisition of the Stingray Entities adds to the Partnership’s completion and production segment. The hydraulic fracturing and hauling services provided by these entities compliments our already diverse portfolio of operations, and positions us to provide a wide variety of the service jobs included in the energy services sector.

At the date of acquisition, the total ownership interest in Pressure Pumping and Logistics were converted to 31.96% (9.6MM units) and 1.21% (0.4MM units), respectively, of Mammoth limited partnership interest. The fair value of the Stingray entities provided as consideration was determined with the assistance of external valuation experts as of acquisition date.

12. Acquisition of Lantern Rigs

On January 29, 2014, Bison acquired five drilling rigs ("Rigs") directly from the financial institutions that leased the Rigs to the previous owner, Lantern Drilling Company ("Lantern"). The Partnership has treated the acquisition of these assets as a business combination because the assets included a workforce and contract arrangements. The acquisition of these Rigs enhances our contract land and directional drilling segment and represents the Partnership's commitment to expanding our existing revenue streams when advantageous capital expenditure opportunities arise. At the date of acquisition, the five rigs were valued at \$47,225,000. The assets are classified in Property, Plant and Equipment, net in the Consolidated Balance Sheets. After tax the total cash consideration paid for the assets was \$50,557,053. The outflow of cash is presented in purchases of property and equipment in the Consolidated Statements of Cash Flows.

From acquisition date to December 31, 2014 these assets have generated \$34,698,597 of revenue and \$6,873,499 of net income included in the Consolidated Statements of Comprehensive Loss. During 2015 these assets generated \$24,262,672 of revenue and \$8,352,727 of net income included in the Consolidated Statements of Comprehensive Loss.

During year ended December 31, 2015 the State of Ohio assessed taxes on the purchase of equipment the Company believes is exempt under state law. The Company has appealed the assessment and have a hearing scheduled for November 30, 2016. While we are not able to predict the outcome of the appeal, this matter is not expected to have a material adverse effect on the financial position or results of operations of the Partnership.

On June 3, 2015, a class and collective action lawsuit alleging that we failed to pay a class of workers overtime in compliance with the Fair Labor Standards Act and Ohio law was filed titled William Crigler, et al v. Stingray Pressure Pumping, LLC in the U.S. District Court Southern District of Ohio Eastern Division. We are evaluating the background facts and at this time are not able to predict the outcome of this lawsuit or whether it will have a material impact on our financial position, results of operations or cash flows.

On October 12, 2015, a class and collective action lawsuit alleging that we failed to pay a class of workers overtime in compliance with the Fair Labor Standards Act and Oklahoma law was filed titled William Reynolds, individually and on behalf of all others similarly situated v. Redback Energy Services LLC in the U.S. District Court for the Western District of Oklahoma. We are evaluating the background facts and at this time are not able to predict the outcome of this lawsuit or whether it will have a material impact on our financial position, results of operations or cash flows.

On December 2, 2015, a class and collective action lawsuit alleging that we failed to pay a class of workers overtime in compliance with the Fair Labor Standards Act and Texas law was filed titled John Talamentez, individually and on behalf of all others similarly situated v. Bison Drilling and Field Services, LLC in the U.S. District Court Western District of Texas Midland/Odessa Division. We are evaluating the background facts and at this time are not able to predict the outcome of this lawsuit or whether it will have a material impact on our financial position, results of operations or cash flows.

The Partnership is involved in various other legal proceedings in the ordinary course of business. Although we cannot predict the outcome of these proceedings, legal matters are subject to inherent uncertainties and there exists the possibility that the ultimate resolution of these matters could have a material adverse effect on our business, financial condition, result of operations or cash flows.

15. Operating Segments

The Partnership is organized into four reportable segments based on the nature of services provided and the basis in which management makes business and operating decisions. The Partnership principally provides oilfield services in connection with on-shore drilling of oil and natural gas wells for small to large domestic independent oil and nature gas producers. The Partnership's four segments consist of contract land and directional drilling services, completion and production-services, completion and production-natural sand proppant production and remote accommodation services.

The contract land and directional drilling services segment provides vertical, horizontal and directional drilling services. The completion and production – services segment provides hydraulic fracturing, pressure control flowback and equipment rental services. The completion and production – natural sand proppant production segment produces and sells sand for use in hydraulic fracturing. The remote accommodation services segment provides housing, kitchen and dining, and recreational service facilities for oilfield workers that are located in remote areas away from readily available lodging.

The contract land and directional drilling services segment primarily services the Permian Basin in West Texas and the Appalachian Basin in Ohio, West Virginia and Pennsylvania. The completion and production – services segment primarily services the Appalachian Basin, the Permian Basin, the Anadarko

16. Subsequent Events

On February 5, 2016, a lawsuit alleging that we failed to pay a class of workers overtime in compliance with the Fair Labor Standards Act and Ohio law was filed titled Brian Croniser, Travis Roberts and Eric Kemp v. Redback Energy Services LLC in the U.S. District Court Southern District of Ohio Eastern Division. We are evaluating the background facts and at this time are not able to predict the outcome of this lawsuit or whether it will have a material impact on our financial position, results of operations or cash flows.

The Partnership has evaluated the period after December 31, 2015 through March 31, 2016, the date the financial statements were available to be issued, noting no subsequent events or transactions that required recognition or disclosure in the financial statements other than those discussed above.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

1. Organization and Basis of Presentation

The accompanying unaudited condensed consolidated interim financial statements, were prepared in accordance with the rules and regulations of the Securities and Exchange Commission, and reflect all adjustments, which in the opinion of management are necessary for the fair presentation of the results for the interim periods, on a basis consistent with the annual audited consolidated financial statements. These condensed consolidated interim financial statements should be read in conjunction with the consolidated financial statements and the summary of significant accounting policies and notes thereto included in the 2015 annual consolidated financial statements of Mammoth Energy Partners LP (the “Company”, “Mammoth” or “Partnership”).

Mammoth is a limited partnership formed under the laws of the State of Delaware. Mammoth was originally formed by Wexford Capital LP (“Wexford”) in February 2014 as a holding company under the name Redback Energy Services Inc. and was converted to a Delaware limited partnership in August 2014. On November 24, 2014, Mammoth Energy Holdings, LLC (“Mammoth Holdings,” an entity controlled by Wexford), Gulfport Energy Corporation (“Gulfport”) and Rhino Resource Partners LP (“Rhino”) (collectively known as “Predecessor Interest”) contributed their interest in certain of the entities presented below to Mammoth in exchange for approximately 20 million limited partner units. Mammoth Energy Partners GP, LLC (the “General Partner”) maintains a non-economic general partner interest.

The following companies (“Operating Entities”) are included in these consolidated financial statements: Bison Drilling and Field Services, LLC (“Bison Drilling”), formed November 15, 2010; Bison Trucking LLC (“Bison Trucking”), formed August 9, 2013; White Wing Tubular Services LLC (“White Wing”), formed July 29, 2014; Barracuda Logistics LLC (“Barracuda”), formed October 24, 2014; Mr. Inspections LLC (“MRI”), formed January 25, 2015; Panther Drilling Systems LLC (“Panther”), formed December 11, 2012; Redback Energy Services, LLC (“Energy Services”), formed October 6, 2011; Redback Coil Tubing, LLC (“Coil Tubing”), formed May 15, 2012; Redback Pump Down Services LLC (“Pump Down”), formed January 16, 2015; Muskie Proppant LLC (“Muskie”), formed September 14, 2011; Stingray Pressure Pumping LLC (“Pressure Pumping”), formed March 20, 2012; Stingray Logistics LLC (“Logistics”), formed November 19, 2012; and Great White Sand Tiger Lodging Ltd. (“Lodging”), formed October 1, 2007, Silverback Energy Services LLC (“Silverback”), formed June 8, 2016; Mammoth Energy Services Inc, (“Mammoth Inc.”), formed June 3, 2016. Prior to the contribution, Mammoth did not conduct any material business operations other than certain activities related to the preparation of the registration statement for a proposed initial public offering (“IPO”).

The contribution on November 24, 2014 of all Operating Entities, except Pressure Pumping, Logistics and entities created after contribution, was treated as a combination of entities under common control. On November 24, 2014, Mammoth also acquired Pressure Pumping and Logistics (collectively, the “Stingray Entities”) in exchange for approximately 10 million limited partner units.

The accompanying condensed consolidated financial statements and related notes of the Partnership include the assets and liabilities of the Operating Entities at their historical carrying values and the results of their operations and cash flows as if they were consolidated for all periods presented, or for the periods from their inception if formed after December 31, 2013.

At June 30, 2016 and December 31, 2015, Mammoth Holdings, Gulfport and Rhino own 68.72%, 30.5% and 0.78%, respectively, of the limited partner interest in the Partnership.

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Operations

The Partnership provides contract land and directional drilling services and completion and production services for oil and natural gas exploration and production. The Partnership's contract land and directional drilling services provides drilling rigs and directional tools for both vertical and horizontal drilling of oil and natural gas wells. The Partnership's completion and production services includes coil tubing units used to enhance the flow of oil or natural gas, equipment and personnel used in connection with the completion and early production of oil and natural gas wells, and the sale, distribution and production of natural sand proppant that is used primarily for hydraulic fracturing in the oil and gas industry. The Partnership also provides remote accommodation and related services for people working in the oil sands located in Northern Alberta, Canada.

The acquisition of the Stingray Entities added to the Partnership's completion and production portfolio. Specifically, by adding hydraulic fracturing and proppant hauling logistics services, the Partnership has developed a diverse offering of operations that can participate in nearly all phases of the oilfield services industry.

All of the Partnership's operations are in North America. The Partnership operates in the Permian Basin, the Utica Shale, the Eagle Ford Shale, the Marcellus Shale, the Granite Wash, the Cana-Woodford Shale, the Cleveland Sand and the oil sands located in Northern Alberta, Canada. The Partnership's business depends in large part on the conditions in the oil and natural gas industry and, specifically, on the amount of capital spending by its customers. Any prolonged increase or decrease in oil and natural gas prices affects the levels of exploration, development and production activity, as well as the entire health of the oil and natural gas industry. Changes in the commodity prices for oil and natural gas could have a material effect on the Partnership's results of operations and financial condition.

2. Summary of Significant Accounting Policies

(a) Principles of Consolidation

The condensed consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). All material intercompany accounts and transactions between the entities within the Partnership have been eliminated.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include but are not limited to the allowance for doubtful accounts, reserves for self-insurance, depreciation and amortization of property and equipment, amortization of intangible assets, and future cash flows and fair values used to assess recoverability and impairment of long-lived assets, including goodwill.

(c) Cash and Cash Equivalents

All highly liquid investments with an original maturity of three months or less are considered cash equivalents. The Partnership maintains its cash accounts in financial institutions that are insured by the

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Federal Deposit Insurance Corporation, with the exception of cash held by Sand Tiger in a Canadian financial institution. Cash balances from time to time may exceed the insured amounts; however the Partnership has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risks on such accounts.

(d) Accounts Receivable

Accounts receivable include amounts due from customers for services performed and are recorded as the work progresses. The Partnership grants credit to customers in the ordinary course of business and generally does not require collateral. Most areas in which the Partnership operates provide for a mechanic's lien against the property on which the service is performed if the lien is filed within the statutorily specified time frame. Customer balances are generally considered delinquent if unpaid by the 30th day following the invoice date and credit privileges may be revoked if balances remain unpaid.

The Partnership regularly reviews receivables and provides for estimated losses through an allowance for doubtful accounts. In evaluating the level of established reserves, the Partnership makes judgments regarding its customers' ability to make required payments, economic events, and other factors. As the financial conditions of customers change, circumstances develop, or additional information becomes available, adjustments to the allowance for doubtful accounts may be required. In the event the Partnership was to determine that a customer may not be able to make required payments, the Partnership would increase the allowance through a charge to income in the period in which that determination is made. Uncollectible accounts receivable are periodically charged against the allowance for doubtful accounts once final determination is made of their uncollectability.

Following is a roll forward of the allowance for doubtful accounts for the six months ended June 30, 2016 and year December 31, 2015:

Balance, January 1, 2015	\$ 589,502
Additions charged to expense	3,682,218
Deductions for uncollectible receivables written off	(324,288)
Balance, December 31, 2015	3,947,432
Additions charged to expense	1,764,218
Deductions for uncollectible receivables written off	(92,158)
Balance, June 30, 2016	\$ 5,619,492

As discussed in the Note 1, prolonged decline in pricing can impact the overall health of the oil and natural gas industry. The six months ended June 30, 2016 contained such pricing conditions which may lead to enhanced risk of uncollectibility on certain receivables. As such, the Partnership has made specific reserves consistent with Partnership policy which resulted in additions to allowance for doubtful accounts. The Partnership will continue to pursue collection until such time as final determination is made consistent with Partnership policy.

(e) Inventory

Inventory consists of raw sand and processed sand available for sale, chemicals and other products sold as a bi-product of completion and production operations, and supplies used in performing services. Inventory is stated at the lower of cost or market (net realizable value) on a first-in, first-out basis. The Partnership assesses the valuation of its inventories based upon specific usage and future utility.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Inventory also consists of coil tubing strings of various widths, diameters, and lengths that are used in providing specialized services to customers who are primarily operators of oil or gas wells. The strings are used at various rates based on factors such as well conditions (i.e. pressure and friction), vertical and horizontal length of the well, running speed of the string in the well, and total running feet accumulated to the string. The Partnership obtains usage information from data acquisition software and other established assessment methods and attempts to amortize the strings over their estimated useful life. In no event will a string be amortized over a period longer than 12 months. Amortization of coil strings is included in services cost of revenue in the Condensed Consolidated Statements of Comprehensive (Loss) Income and totaled \$962,302 and \$788,882 for the six months ended June 30, 2016 and 2015, respectively.

(f) Prepaid Expenses

Prepaid expenses primarily consist of insurance costs. Insurance costs are expensed over the periods that these costs benefit.

(g) Property and Equipment

Property and equipment, including renewals and betterments, are capitalized and stated at cost, while maintenance and repairs that do not increase the capacity, improve the efficiency or safety, or improve or extend the useful life are charged to operations as incurred. Disposals are removed at cost, less accumulated depreciation, and any resulting gain or loss is recorded in operations. Depreciation is calculated using the straight-line method over the shorter of the estimated useful life, or the remaining lease term, as applicable. Depreciation does not begin until property and equipment is placed in service. Once placed in service, depreciation on property and equipment continues while being repaired, refurbished, or between periods of deployment.

(h) Long-Lived Assets

The Partnership reviews long-lived assets for recoverability in accordance with the provisions of FASB Accounting Standard Codification (“ASC”) Topic 360, *Impairment or Disposal of Long-Lived Assets*, which requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. Recoverability of assets is measured by comparing the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. These evaluations for impairment are significantly impacted by estimates of revenues, costs and expenses, and other factors. If long-lived assets are considered to be impaired, the impairment to be recognized is measured by the amount in which the carrying amount of the assets exceeds the fair value of the assets. For the six months ended June 30, 2016 and 2015, the Partnership recognized an impairment loss of \$1,870,885 and \$2,565,800, respectively, on various fixed assets included in Property, plant and equipment, net in the Condensed Consolidated Balance Sheets. Additionally, during the six months ended June 30, 2015, the Partnership recognized an impairment loss of \$1,904,982 on a terminated long term contractual agreement.

(i) Goodwill

Goodwill is tested for impairment annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. The impairment test is a two-step process. First, the fair value of each reporting unit is compared to its carrying value to determine whether an indication of impairment exists. If impairment is indicated, then the implied value of the reporting unit’s goodwill is determined by

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

allocating the unit's fair value to its assets and liabilities as if the reporting unit had been acquired in a business combination. The fair value of the reporting unit is determined using the discounted cash flow approach, excluding interest. The impairment for goodwill is measured as the excess of its carrying value over its implied value. Goodwill was tested for impairment as of December 31, 2015. For the six months ended June 30, 2016 and 2015, no impairment losses were recognized. During year ended December 31, 2015, the Partnership recognized impairments of \$88,247.

(j) Amortizable Intangible Assets

Intangible assets subject to amortization include customer relationships and trade names. Customer relationships are amortized based on an estimated attrition factor and trade names are amortized over their estimated useful lives.

(k) Fair Value of Financial Instruments

The Partnership's financial instruments consist of cash and cash equivalents, trade receivables, trade payables, amounts receivable or payable to related parties, and long-term debt. The carrying amount of cash and cash equivalents, trade receivables, and trade payables approximates fair value because of the short-term nature of the instruments. The fair value of long-term debt approximates its carrying value because the cost of borrowing fluctuates based upon market conditions.

(l) Revenue Recognition

The Partnership generates revenue from multiple sources within its operating segments. In all cases, revenue is recognized when services are performed, collection of the receivable is probable, persuasive evidence of an arrangement exists, and the price is fixed and determinable. Services are sold without warranty or right of return. Taxes assessed on revenue transactions are presented on a net basis and are not included in revenue.

Contract drilling services are provided under daywork or footage contracts, and revenue is recognized as the work progresses based on the days completed or the feet drilled, as applicable. Mobilization revenue and costs for daywork and footage contracts are recognized over the days of actual drilling.

Directional drilling services are provided on a day rate or hourly basis, and revenue is recognized as work progresses. Proceeds from customers for the cost of oilfield downhole rental equipment that is involuntarily damaged or lost in-hole are reflected as revenues.

Completion and production services are typically provided based upon a purchase order, contract, or on a spot market basis. Services are provided on a day rate, contracted, or hourly basis, and revenue is recognized as the work progresses. Jobs for these services are typically short-term in nature and range from a few hours to multiple days. Revenue is recognized upon the completion of each day's work based upon a completed field ticket, which includes the charges for the services performed, mobilization of the equipment to the location, and personnel. Additional revenue is generated through labor charges and the sale of consumable supplies that are incidental to the service being performed. The labor charges and the use of consumable supplies are reflected on the completed field tickets.

Revenue from remote accommodation services is recognized when rooms are occupied and services have been rendered. Advanced deposits on rooms and special events are deferred until services are provided to the customer.

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

The timing of revenue recognition may differ from contract billing or payment schedules, resulting in revenues that have been earned but not billed (“unbilled revenue”) or amounts that have been billed, but not earned (“deferred revenue”). The Partnership had \$3,996,507 and \$3,414,853 of unbilled revenue included in accounts receivable, net in the Condensed Consolidated Balance Sheets at June 30, 2016 and December 31, 2015, respectively. The Partnership had \$12,386,981 and \$7,459,988 of unbilled revenue included in receivables from related parties in the Condensed Consolidated Balance Sheets at June 30, 2016 and December 31, 2015, respectively. There was \$5,410,800 and \$0 of deferred revenue included in accrued expenses and other current liabilities for deposits received in the Condensed Consolidated Balance Sheets at June 30, 2016 and December 31, 2015, respectively.

(m) Earnings per Unit

Earnings per unit applicable to limited partners is computed by dividing limited partners’ interest in net loss by the weighted average number of outstanding common units. See Note 9.

(n) Equity-based Compensation

The Partnership records equity-based payments at fair value on the date of grant, and expenses the value of these equity-based payments in compensation expense over the applicable vesting periods. See Note 10.

(o) Income Taxes

Mammoth and each of the Operating Entities other than Lodging are treated as a partnership for federal income tax purposes. As a result, essentially all taxable earnings and losses were passed through to its members, and Mammoth did not pay any federal income taxes at the entity level. Mammoth is composed of several single member limited liability companies. These LLCs are subject to taxation in Texas where the Partnership does business; therefore, the Partnership may provide for income taxes attributable to that state on a current basis.

Lodging is subject to corporate income taxes, and such taxes are provided in the financial statements pursuant to Financial Accounting Standards Board (“FASB”) Accounting Standard Codification (“ASC”) 740, *Income Taxes*. Under FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using statutory tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of deferred tax assets and liabilities as a result of a change in tax rate is recognized in the period that includes the statutory enactment date. A valuation allowance for deferred tax assets is recognized when it is more likely than not that the benefit of deferred tax assets will not be realized.

The Partnership evaluates tax positions taken or expected to be taken in preparation of its tax returns and disallows the recognition of tax positions that do not meet a “more likely than not” threshold of being sustained upon examination by the taxing authorities. During the six months ended June 30, 2016 and 2015, no uncertain tax positions existed. Penalties and interest, if any, are recognized in general and administrative expense. The Partnership’s 2015, 2014, 2013 and 2012 income tax returns remain open to examination by the applicable taxing authorities.

Immediately prior to the proposed initial public offering of Mammoth Inc., the Partnership will convert to a limited liability company named Mammoth Energy Partners LLC (“Mammoth LLC”) and all equity

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

interests in Mammoth LLC will be contributed to Mammoth Inc. and Mammoth LLC will become a wholly owned subsidiary of Mammoth Inc. Mammoth Inc. is a C corporation under the Internal Revenue Code and is subject to income tax. Accordingly, for comparative purposes, the Partnership has included a pro forma provision (benefit) for income taxes assuming it had been taxed as a C corporation in all periods prior to the conversion and contribution. The unaudited pro forma data are presented for informational purposes only, and do not purport to project our results of operations for any future period or its financial position as of any future date.

(p) Foreign Currency Translation

For foreign operations, assets and liabilities are translated at the period-end exchange rate, and income statement items are translated at the average exchange rate for the period. Resulting translation adjustments are recorded within accumulated other comprehensive (loss) income. Assets and liabilities denominated in foreign currencies, if any, are re-measured at the balance sheet date. Resulting transaction gains or losses are included as a component of current period earnings.

(q) Comprehensive (Loss) Income

Comprehensive (loss) income consists of net (loss) income and other comprehensive (loss) income. Other comprehensive (loss) income included certain changes in equity that are excluded from net (loss) income. Specifically, cumulative foreign currency translation adjustments are included in accumulated other comprehensive (loss) income.

(r) Concentrations of Credit Risk and Significant Customers

Financial instruments that potentially subject the Partnership to concentrations of credit risk consist of cash and cash equivalents in excess of federally insured limits and trade receivables. The Partnership's accounts receivable have a concentration in the oil and gas industry and the customer base consists primarily of independent oil and natural gas producers. At June 30, 2016, one third-party customer accounted for 16% of the Partnership's trade accounts receivable and receivables from related parties balance combined. At June 30, 2016, related party customers accounted for 64% of the Partnership's trade accounts receivable and receivables from related parties balance combined. At December 31, 2015, one related party customer accounted for 56% of the Partnership's trade accounts receivable and receivables from related parties balance combined. During the six months ended June 30, 2016, one related party customer accounted for 49% of the Partnership's total revenue. Two third-party customers accounted for greater than 10% of the Partnership's total revenue for six months ended June 30, 2016 at 12% and 11%, respectively.

(s) Pro Forma Financial Information

The unaudited pro forma financial data presents the impact of the conversion of the Partnership to a limited liability company and the contribution of that entity to Mammoth Inc. in connection with the proposed initial public offering of Mammoth Inc. as described in paragraph (o) of this Note 1. The unaudited pro forma condensed consolidated financial data have been prepared as if the conversion and contribution occurred as a beginning balance adjustment of the respective period under review. The unaudited pro forma data have been prepared based on the assumption that the Partnership will be treated as a C Corporation for U.S. federal and state income tax purposes. The unaudited pro forma data have also been prepared based on certain pro forma adjustments to the income tax provision.

The pro forma adjustments are based upon currently available information and certain assumptions and estimates; therefore, the actual effects of the conversion and contribution will differ from the pro forma

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

adjustments. However, the Partnership's management considers the applied estimates and assumptions to provide a reasonable basis for the presentation of the significant effects of certain transactions that are expected to have a continuing impact on the Partnership. In addition, the Partnership's management considers the pro forma adjustments to be factually supportable and to appropriately represent the expected impact of items that are directly attributable to the treatment of the Partnership as a C Corporation.

(t) Earnings per Share

As part of the unaudited pro forma financial data, one effect of the Conversion is that Earnings per Unit will be replaced by Earnings per Share. The aggregate quantity of equity instruments will be the same from units to shares. Earnings per share applicable to shareholders is computed by dividing shareholders' interest in net loss by the weighted average number of outstanding common shares.

(u) New Accounting Pronouncements

In November 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-17, *Income Taxes*, which simplifies the presentation of deferred income taxes by requiring deferred tax liabilities and assets be classified as noncurrent in the balance sheet. ASU 2015-17 is effective for annual and interim reporting periods beginning after December 15, 2016, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on the Partnership's condensed consolidated financial statements.

In July 2015, the FASB issued ASU No. 2015-11, *Inventory (Topic 330): Simplifying the Measurement of Inventory*, which changes inventory measured using any method other than LIFO or the retail inventory method (for example, inventory measured using first-in, first-out (FIFO) or average cost) at the lower of cost and net realizable value. ASU 2015-11 is effective for annual and interim reporting periods beginning after December 15, 2016, with early adoption permitted. We do not expect the adoption of this guidance to have a material effect on the Partnership's condensed consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*. ASU 2014-09 supersedes existing revenue recognition requirements in GAAP and requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. Additionally, it requires expanded disclosures regarding the nature, amount, timing, and certainty of revenue and cash flows from contracts with customers. The ASU was effective for annual and interim reporting periods beginning after December 15, 2016, using either a full or a modified retrospective application approach; however, in July 2015 the FASB decided to defer the effective date by one year (until 2018) by issuing ASU No. 2015-14, *Revenue From Contracts with Customers: Deferral of the Effective Date*. The Partnership is in the process of evaluating the impact on the Partnership's condensed consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-2 *Leases* amending the current accounting for leases. Under the new provisions, all lessees will report a right-of-use asset and a liability for the obligation to make payments for all leases with the exception of those leases with a term of 12 months or less. All other leases will fall into one of two categories: (i) a financing lease or (ii) an operating lease. Lessor accounting remains substantially unchanged with the exception that no leases entered into after the effective date will be classified as leveraged leases. For sale leaseback transactions, a sale will only be recognized if the criteria in the new revenue recognition standard are met. ASU 2016-2 is effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. Early adoption is permitted. The Partnership is currently evaluating the effect the new guidance will have on the Partnership's condensed consolidated financial statements and results of operations.

Less: accumulated amortization - trade names	1,137,443	781,943
Intangible assets, net	\$ 26,102,329	\$ 30,637,829

Amortization expense for intangible assets was \$4,535,500 and \$4,558,875 for the six months ended June 30, 2016 and 2015, respectively. The original life of customer relationships range from 4 to 10 years with a remaining average useful life of 3.85 years. Trade names are amortized over a 10 year useful life and as of June 30, 2016 the remaining useful life was 8.40 years.

Aggregated expected amortization expense for the future periods is expected to be as follows:

Year ended December 31:	Amount
Remainder of 2016	\$ 4,535,503
2017	9,071,004
2018	8,224,005
2019	738,504
2020	738,504
Thereafter	2,794,809
	<u>\$ 26,102,329</u>

Goodwill was \$86,043,148 at June 30, 2016 and December 31, 2015.

6. Accrued Expenses and Other Current Liabilities

Accrued expense and other current liabilities included the following:

	June 30, 2016	December 31, 2015
Deferred revenue	\$ 5,410,800	\$ -
Accrued compensation, benefits and related taxes	1,717,357	1,349,493

7. Debt***Mammoth Credit Facility***

On November 25, 2014, Mammoth entered into a revolving credit and security agreement with a bank that provides for maximum borrowings of \$170.0 million. The facility matures on November 25, 2019. Borrowings under this facility are secured by the assets of Mammoth, inclusive of the subsidiary companies. The maximum availability of the facility is subject to a borrowing base calculation prepared monthly. Concurrent with the execution of the facility, the initial advance was used to repay all the debt of the Partnership then outstanding. Interest is payable monthly at a base rate set by the institution's commercial lending group plus applicable margin. Additionally, at the Partnership's request, outstanding balances are permitted to be converted to LIBOR rate plus applicable margin tranches at set increments of \$500,000. The LIBOR rate option allows the Partnership to select a more advantageous interest figure from one, two, three or six month LIBOR futures spot rates, at the Partnership's selection and based upon management's opinion of prospective lending rates. The applicable margin for either the base rate or the LIBOR rate option can vary from 1.5% to 3.0%, based upon a calculation of the excess availability of the line as a percentage of the maximum credit limit.

At June 30, 2016, \$82.3 million was outstanding under the facility, of which \$80.0 million of the outstanding balance of the facility was in a one month LIBOR rate option tranche with an interest rate of 3.19% and \$2.3 million of the outstanding balance of the facility accrued interest at a base rate plus margin of 5.25%. As of June 30, 2016 Mammoth had availability of \$55.4 million.

At December 31 2015, \$95.0 million of the outstanding balance of the facility was in a one month LIBOR rate option tranche with an interest rate of 3.04%. As of December 31, 2015 Mammoth had availability of \$44.6 million.

The Mammoth facility also contains various customary affirmative and restrictive covenants. Among the various covenants are specifically identified financial covenants placing requirements of a minimum interest coverage ratio (3.0 to 1.0), maximum leverage ratio (4.0 to 1.0), and minimum availability (\$10 million). As of December 31, 2015 and June 30, 2016, the Partnership was in compliance with its covenants under the facility.

8. Income Taxes

The components of income tax expense attributable to the Partnership for the six months ended June 30, are as follows:

	Six Months Ended June 30, 2016	
	2016	2015
U.S. current income tax (benefit) expense	\$ (12,880)	\$ (1,219,883)
U.S. deferred income tax expense	9,786	617,214
Foreign current income tax expense	1,654,184	2,159,320
Foreign deferred income tax expense	32,645	16,485
Total	\$ 1,683,735	\$ 1,573,136

Mammoth Energy Partners LP**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)**

In recording deferred income tax assets, the Partnership considers whether it is more likely than not that some portion or all of the deferred income tax assets will be realized. The ultimate realization of deferred income tax assets is dependent upon the Partnership's ability to generate future taxable income during the periods in which those deferred income tax assets would be deductible. The Partnership considers the scheduled reversal of deferred income tax liabilities and projected future taxable income for this determination. The Partnership determined that no valuation allowance was required at June 30, 2016 and 2015. Foreign tax credits may be applied for up to five years. Tax credits as of June 30, 2016 must be utilized by June 30, 2021.

The Partnership is classified as a partnership for income tax purposes. Accordingly, income taxes on net earnings were payable by members and are not reflected in historical financial statements except for taxes associated with a taxable subsidiary. Pro forma adjustments are reflected to provide for income taxes in accordance with ASC 740. For unaudited pro forma income tax calculations, a statutory Federal tax rate of 35% and actual state "as if" rates were used for the pro forma enacted tax rate. The pro forma tax effects are based upon currently available information and assume the Company had been a taxable entity in the periods presented. Management believes that these assumptions provide a reasonable basis for presenting the pro forma effects. Based on estimates of the temporary differences as of June 30, 2016, upon conversion to a taxable entity, net deferred income tax liabilities of approximately \$59,500,000 will be recognized with a corresponding charge to earnings. This charge has not been reflected in the pro forma adjustments.

9. Earnings Per Unit

The limited partner units were issued November 24, 2014. However, the net income per common unit on the Condensed Consolidated Statements of Comprehensive (Loss) Income is based on the net income of the Partnership for the full years presented, since the entities were under common control as described in Note 1.

The Partnership's net loss is allocated wholly to the limited partner units as the General Partner does not have an economic interest.

	Six Months Ended June 30, 2016	
	2016	2015
Net Loss	\$ (29,514,120)	\$ (2,359,477)
Net Loss per limited partner unit	\$ (0.98)	\$ (0.08)
Weighted-average common units outstanding	30,000,000	30,000,000

Basic net loss per common unit is calculated by dividing net loss by the weighted-average number of common units outstanding during the period. Although units were not issued until November 24, 2014, units issued for common control entities have been calculated in the weight average units outstanding amount as if they were outstanding from the beginning of the periods presented, in conjunction with the treatment of common control entities.

Pro forma basic and diluted income (loss) per share has been computed by dividing net income (loss) attributable to the Partnership by the number of shares of common stock determined as if the shares of common stock issued were outstanding for all periods presented. Management believes that these assumptions provide a reasonable basis for presenting the pro forma effects.

Mammoth Energy Partners LP

10. Equity Based Compensation

Upon formation of certain Operating Entities (including the acquired Stingray Entities), specified members of management (“Specified Members”) were granted the right to receive distributions from their respective Operating Entity, after the contribution member’s unreturned capital balance was recovered (referred to as “Payout” provision). Additionally, non-employee members were included in the award class (“Non-Employee Members”).

On November 24, 2014, the awards were modified in conjunction with the contribution of the Operating Entities to Mammoth. Awards are not granted in limited or general partner units. Agreements are for interest in the distributable earnings of Mammoth’s majority limited partner unit holder.

Payout is expected to occur upon an initial public offering or sale of an entity, which is considered not probable until the event occurs. Therefore, for the awards that contained the Payout provision, no compensation cost was recognized as the distribution rights do not vest until Payout is reached. For the Specified Member awards, the unrecognized amount, which represents the fair value of the award as of the modification dates or grant date, was \$3,095,413. For the Non-Employees Member awards, the unrecognized cost, which represents the fair value of the awards as of June 30, 2016 was \$15,229,104.

11. Related Party Transactions

Transactions between the subsidiaries of the Partnership and the following companies are included in Related Party Transactions: Gulfport; Grizzly Oil Sands ULC (“Grizzly”); Taylor Frac LLC (“Taylor”); El Toro (“El Toro”); Stingray Cementing, LLC (“Cementing”); Diamondback E&P, LLC (“Diamondback”); Stingray Energy Services, LLC (“SR Energy”); Everest Operations Management, LLC (“Everest”); Elk City Yard, LLC (“Elk City Yard”); Double Barrel Downhole Technologies, LLC (“DBDHT”); Orange Leaf Holdings LLC (“Orange Leaf”); Caliber Investment Group, LLC (“Caliber”); and Dunvegan North Oilfield Services ULC (“Dunvegan”).

12. Commitments and Contingencies

The Partnership leases real estate, rail cars and other equipment under long-term operating leases with varying terms and expiration dates through 2025. Aggregate future minimum lease payments under these non-cancelable operating leases in effect at June 30, 2016 are as follows:

Year ended December 31:	Amount
Remainder of 2016	\$ 1,923,789
2017	2,789,127
2018	2,085,284
2019	1,664,689
2020	1,259,363
Thereafter	4,164,953
	<u>\$ 13,887,205</u>

For the six months ended June 30, 2016 and 2015, the Partnership recognized rent expense of \$2,001,334 and \$2,132,600, respectively.

The Partnership entered into a purchase agreement in 2014 with a sand supplier to begin January 1, 2015 and end December 31, 2016. The Partnership is subject to an annual commitment of 200,000 tons of sand. During June, 2016, the Partnership paid a deposit of \$600,000 to the sand supplier to be netted against future purchases of sand under this contract. As of June 30, 2016, the future commitment for 2016 under this agreement is \$2,200,000.

An Operating Entity has entered into oral agreements in which certain employees of the Operating Entity would receive bonuses in the event of a sale or initial public offering. The maximum aggregate amount that would be paid by the Operating Entity under these agreements as of June 30, 2016 is \$1,800,000 upon a direct or indirect sale of the Operating Entity or \$900,000 upon an initial public offering. The Partnership has entered into an agreement in which a certain executive would receive a one-time cash bonus of \$300,000 in the event of an initial public offering, and would be entitled to receive annual equity incentive awards equal to a value of 100% of the executives base salary at the time of the agreement, vesting over a four-year period. Based on this executive's base salary at June 30, 2016, the aggregate fair value of the cash bonus and the initial equity award to which this executive would be entitled in connection with an initial public offering would be \$525,000.

Mammoth Energy Partners LP

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

The Partnership has various letters of credit totaling \$1,930,560 to secure rail car lease payments. These letters of credit were issued under the Partnerships' revolving credit agreement and are collateralized by substantially all of the assets of the Partnership.

The Partnership partially insures some workers' compensation and auto claims, which includes medical expenses, lost time and temporary or permanent disability benefits. As of June 30, 2016 and December 31, 2015, the policy requires a \$100,000 deductible per occurrence. The Partnership establishes liabilities for the unpaid deductible portion of claims incurred relating to workers' compensation and auto liability based on estimates. As of June 30, 2016 and December 31, 2015, the policies contained an aggregate stop loss of \$1,900,000. As of June 30, 2016 and December 31, 2015, accrued claims were \$755,681 and \$739,775, respectively. These estimates may change in the near term as actual claims continue to develop. In connection with the insurance programs, letters of credit of \$1,176,000 as of June 30, 2016 and December 31, 2015, have been issued supporting the retained risk exposure. As of both June 30, 2016 and December 31, 2015, these letters of credit were collateralized by substantially all of the assets of the Partnership.

The Partnership is routinely involved in state and local tax audits. During the year ended December 31, 2015, the State of Ohio assessed taxes on the purchase of equipment the Partnership believes is exempt under state law. The Partnership has appealed the assessment and has a hearing scheduled for November 30, 2016. While we are not able to predict the outcome of the appeal, this matter is not expected to have a material adverse effect on the financial position or results of operations of the Partnership.

On June 3, 2015, a punitive class and collective action lawsuit alleging that Pressure Pumping failed to pay a class of workers overtime in compliance with the Fair Labor Standards Act and Ohio law was filed titled William Crigler, et al v. Stingray Pressure Pumping, LLC in the U.S. District Court Southern District of Ohio Eastern Division. We are evaluating the background facts and at this time is not able to predict the outcome of this lawsuit or whether it will have a material impact on the Partnership's financial position, results of operations or cash flows.

On October 12, 2015, a putative class and collective action lawsuit alleging that Energy Services failed to pay a class of workers overtime in compliance with the Fair Labor Standards Act and Oklahoma law was filed titled William Reynolds, individually and on behalf of all others similarly situated v. Redback Energy Services LLC in the U.S. District Court for the Western District of Oklahoma. The Partnership is evaluating the background facts and at this time is not able to predict the outcome of this lawsuit or whether it will have a material impact on the Partnership's financial position, results of operations or cash flows.

LLC in the U.S. District Court Southern District of Ohio. The Partnership is evaluating the background facts at this time and are not able to predict the outcome of this lawsuit or whether it will have a material impact on our financial position, results of operations or cash flows.

The Partnership is involved in various other legal proceedings in the ordinary course of business. Although we cannot predict the outcome of these proceedings, legal matters are subject to inherent uncertainties and there exists the possibility that the ultimate resolution of these matters could have a material adverse effect on our business, financial condition, results of operations or cash flows.

13. Operating Segments

The Partnership is organized into four reportable segments based on the nature of services provided and the basis in which management makes business and operating decisions. The Partnership principally provides oilfield services in connection with on-shore drilling of oil and natural gas wells for small to large domestic independent oil and natural gas producers. The Partnership's four segments consist of contract land and directional drilling services, completion and production services, completion and production—natural sand proppant and remote accommodation services.

The following table sets forth certain financial information with respect to the Partnership's reportable segments:

The contract land and directional drilling services segment provides vertical, horizontal and directional drilling services. The completion and production services segment provides hydraulic fracturing, pressure control flowback and equipment rental services. The completion and production – natural sand proppant segment sells, distributes and is capable of producing sand for use in hydraulic fracturing. The remote accommodation services segment provides housing, kitchen and dining, and recreational service facilities for oilfield workers that are located in remote areas away from readily available lodging.

The contract land and directional drilling services segment primarily services the Permian Basin in West Texas. The completion and production – services segment primarily services in the Utica Shale of Eastern Ohio and Marcellus Shale in Pennsylvania. The completion and production – natural sand proppant segment primarily services the Utica Shale and Montney Shale in British Columbia and Alberta, Canada. The remote accommodation services segment primarily services Canada.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Members

Stingray Pressure Pumping LLC and Affiliate

We have audited the accompanying combined financial statements of Stingray Pressure Pumping LLC and Affiliate (Stingray Logistics LLC) (both Delaware limited liability companies), which comprise the combined balance sheets as of December 31, 2013 and 2012, and the related combined statements of operations, members' equity, and cash flows for the year ended December 31, 2013 and the period from March 20, 2012 (inception) to December 31, 2012, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Stingray Pressure Pumping LLC and Affiliate as of December 31, 2013 and 2012, and the results of their operations and their cash flows for the year ended December 31, 2013 and the period from March 20, 2012 (inception) to December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

NOTES TO COMBINED FINANCIAL STATEMENTS

Note A – Nature of Operations and Summary of Significant Accounting Policies

Stingray Pressure Pumping LLC (“Pressure Pumping”) was formed March 20, 2012 (“Inception”) as a Delaware limited liability company and is based in Oklahoma. Stingray Logistics LLC (“Logistics”) was formed November 19, 2012 as a Delaware limited liability company and is based in Oklahoma. Both of the entities were formed by Wexford Capital LP (“Wexford”) and Gulfport Energy Corporation (“Gulfport”), are under common control and are referred to collectively as “Stingray” or the “Company”.

Operations

Stingray provides production and completion services and oilfield rentals for oil and natural gas exploration companies. Production and completion services include the hauling of proppant and other goods, cementing in the casing pipe, and hydraulic fracturing and other pressure pumping services. The Company operates primarily within the Utica Shale in Ohio and surrounding areas.

Certain management, administrative and treasury functions were provided by the Company to Stingray Cementing LLC and Stingray Energy Services LLC, both of which are under the common control of Wexford and Gulfport. For purposes of presenting the combined financial statements, allocations were required to determine the cost of general and administrative activities performed by the Company. The allocations were made based upon underlying salary costs of employees performing related functions or specifically identified invoices processed, depending on the nature of the cost. Management believes that the allocation methodology was reasonable; however, the reimbursements of expenses incurred by the Company are not necessarily indicative of the expenses that would have been incurred on a stand-alone basis nor are they indicative of costs that may be incurred in the future.

A summary of significant accounting policies are as follows:

1. Principles of Combination

The combined financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). All material accounts and transactions between the entities within the Company have been eliminated in the combined financial statements.

2. Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when acquired are considered cash equivalents. The Company maintains its cash in accounts which may, at times, exceed federally insured limits. At December 31, 2013, the Company had approximately \$16,731,000 of its cash and cash equivalents with two financial institutions. The Company had no restricted cash included in its cash or current asset balances at December 31, 2013. The Company has not experienced any losses in these accounts and believes it is not exposed to any significant credit risk.

3. Accounts Receivable

Accounts receivable include amounts due from customers for services performed and are recorded as the work progresses. The Company grants credit to customers in the ordinary course of business and generally does not require collateral. Most areas in which the Company operates provide for a mechanic’s lien against the property on which the service is performed if the lien is filed within the statutorily specified time frame. Customer balances are generally considered delinquent if unpaid by

Stingray Pressure Pumping LLC and Affiliate
NOTES TO COMBINED FINANCIAL STATEMENTS

the 30th day following the invoice date and credit privileges may be revoked if balances remain unpaid. At December 31, 2013 and 2012, all of the Company's accounts receivable are due from a related party (See Note M- Related Party Transactions).

The Company regularly reviews receivables and provides for estimated losses through an allowance for doubtful accounts. In evaluating the level of established reserves, the Company makes judgments regarding its customers' ability to make required payments, economic events, and other factors. As the financial condition of customers change, circumstances develop, or additional information becomes available, adjustments to the allowance for doubtful accounts may be required. In the event the Company was to determine that a customer may not be able to make required payments, the Company would increase the allowance through a charge to income in the period in which that determination is made. Uncollectible accounts receivable are periodically charged against the allowance for doubtful accounts once final determination is made of their uncollectability.

The Company did not recognize any allowance for doubtful accounts as of December 31, 2013 and December 31, 2012.

4. Inventories

Inventories are stated at the lower of cost or market, determined on a weighted average cost basis. Inventories consist of consumable supplies. The Company assesses the valuation of its inventories based upon specific usage and future utility. A charge to results of operations is taken when factors that would result in a need for a reduction in the valuation, such as excess or obsolete inventory, are determined. As of December 31, 2013 and 2012 the reserves were \$50,000 and \$0, respectively.

5. Property and Equipment

Property and equipment are recorded at cost. Expenditures for major additions and improvements are capitalized while minor replacements, maintenance and repairs, which do not increase the capacity, improve the efficiency or safety, or extend the useful life of such assets, are charged to operations as incurred. Disposals are removed at cost, less accumulated depreciation, and any resulting gain or loss is reflected in operations.

Depreciation is calculated using the straight-line method over the shorter of the estimated useful life, or the remaining lease term, as applicable. The useful lives of the major classes of property and equipment are as follows:

Buildings	39 years
Office equipment, furniture and fixtures	3-5 years
Machinery and equipment	3-5 years
Vehicles and trailers	5 years

6. Long-Lived Assets

Long-lived assets, primarily property and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of such assets is evaluated by measuring the carrying amount of the assets against the estimated undiscounted future cash flows associated with the assets. If such evaluations indicate that the future undiscounted cash flows from the assets are not sufficient to recover the carrying amount of such assets, the assets are adjusted to their estimated values. There was no impairment recorded for the year ended December 31, 2013 or the period from Inception to December 31, 2012.

NOTES TO COMBINED FINANCIAL STATEMENTS

7. Debt Issuance Costs

The Company capitalizes certain costs in connection with obtaining its borrowings, such as lender's fees and related attorney's fees. These costs are charged to interest expense over the contractual term of the debt using the effective interest method.

8. Revenue Recognition

The Company recognizes revenue when services are performed, collection of the receivable is probable, persuasive evidence of an arrangement exists, and the price is fixed and determinable. Services are sold without warranty or right of return. Taxes assessed on revenue transactions are presented on a net basis and are not included in revenue.

Pressure Pumping services are typically provided pursuant to a per stage pricing agreement, hourly or spot market basis. Each stage is short-term in nature and is typically completed over the course of or within a few hours of starting the stage. Revenue is recognized upon the completion of each day's work based upon a completed field ticket. The field ticket includes charges for the mobilization of equipment to location, the services performed, the personnel on the job and any additional equipment used on the job. Additional revenue is generated through the sale of consumable supplies that are incidental to the service being performed. Revenue from consumable supplies is recognized as the consumables are used in the delivery of the overall services. The use of consumable supplies is reflected on completed field tickets.

Logistics generates revenues on a day rate, hourly rate or contracted basis, and revenue is recognized when the services are completed and collectability is reasonably assured.

9. Cost of Services

The primary components of cost of services are those salaries, consumable supplies, repairs and maintenance and general operational costs that are directly associated with the services performed for the customers. Cost of services – related parties reflects expenses from related parties.

10. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include but are not limited to the allowance for doubtful accounts, depreciation and amortization of property and equipment and the future cash flows and fair values used to assess recoverability and impairment of long-lived assets.

11. Equity-Based Compensation

The Company records equity-classified, equity-based payments at fair value on the date of the grant, and expenses the value of the equity-based payments in compensation expenses over the applicable vesting periods.

Stingray Pressure Pumping LLC and Affiliate
NOTES TO COMBINED FINANCIAL STATEMENTS

12. Income Taxes

Each of the operating entities comprising the Company are limited liability companies and as such are treated as pass-through entities for income tax purposes. As a pass-through entity, income taxes on net earnings are payable by the members and are not reflected in the financial statements.

As required by Financial Accounting Standards Board (“FASB”) Accounting Standard Codification (“ASC”) 740, *Income Taxes*, the Company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50 percent likelihood of being realized upon ultimate settlement with the relevant tax authority. During the year ended December 31, 2013 and from Inception to December 31, 2012, there were no financial statement benefits or obligations recognized related to uncertain tax positions.

The Company’s accounting policy relating to income tax penalties and interest assessments is to accrue for these costs and record a charge to selling, general and administrative expense for tax penalties and a charge to interest expense for interest assessments during the period the Company has unrecognized tax benefits.

13. Financial Instruments

The Company’s financial instruments consist primarily of cash and cash equivalents, trade receivables, related party receivables, trade accounts payable, related party payables and long-term debt. The carrying value of cash and cash equivalents, trade receivables, related party receivables, trade payables and related party payables are considered representative of their fair value due to the short term nature of these instruments. The fair value of long-term debt is deemed representative of fair value based on bearing interest rates and having terms comparable to market conditions.

14. Concentrations of Credit Risk and Significant Customers

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents occasionally in excess of federally insured limits and trade receivables. The Company’s accounts receivable have a concentration in the oil and natural gas industry and the customer bases consists primarily of independent oil and natural gas producers.

Sales to one related party customer accounted for 100% of net sales and 75% of accounts receivable at December 31, 2013 and 94% of accounts receivable at December 31, 2012.

15. Concentration of Key Raw Material Suppliers

Pressure Pumping relies on a limited number of suppliers for sand and chemicals. These key materials are critical for certain of the Company’s operations. The loss of one or more of these suppliers or the limited availability of these materials may negatively impact the Company’s revenues or increase the operating costs.

16. Environmental Matters

Estimated remediation costs are accrued using currently available facts, existing environmental permits, technology and enacted laws and regulations. For sites where we are primarily responsible for remediation, our cost estimates are developed based on internal evaluations and are not discounted. Accruals are recorded when it is probable that we will be obligated to pay for environmental sit evaluation, remediation or related activities, and such costs can be reasonably estimated. As additional information becomes available, accruals are adjusted to reflect current cost estimates. Ongoing environmental compliance costs, such as obtaining environmental permits, installation of pollution control equipment and waste disposal are expensed as incurred.

Note J – Members’ Equity

Each of Pressure Pumping and Logistics operates under a limited liability company agreement (the “Agreement”) and will continue perpetually until terminated pursuant to statute or any provision of the Agreements. No member shall be liable for the expenses, liabilities or obligations of the Company.

Stingray Pressure Pumping LLC and Affiliate
NOTES TO COMBINED FINANCIAL STATEMENTS

Each Agreement provides for specific voting rights of the members. For matters that require vote, members shall have one vote for each whole percentage interest held by the member at the time of vote.

Distributions and profit and loss allocations are based on the pro rata share of each member's ownership percentages.

Each Agreement places limits on the transfer of members' interests. Encumbrances are prohibited unless they are a Permitted Encumbrance, as defined in the Agreement.

Note K – Commitments and Contingencies

The Company is, from time to time, involved in routine litigation or subject to disputes or claims related to business activities, including workers' compensation claims and employment related disputes. In the opinion of management, none of the pending litigation, disputes or claims against the Company, if decided adversely, is expected to have a material effect on the Company's financial condition, results of operations, or cash flows.

The Company has entered into contracts with a certain key employee that in the event of either an initial public offering ("IPO") or sale of substantially all of the assets of the Company to a third party buyer this employee would receive a cash payment in the amount of 1% of the difference between the net proceeds from a sale of the Company and the total investment in the Company of its owners or a stock grant in the event of an IPO. The amount of any grant of stock would be determined by the Company's approved stock plan.

The Company has firm purchase commitments for equipment of approximately \$2,218,338 as of December 31, 2013.

Note L – Equity-Based Compensation

Upon formation of each Stingray entity, specified members of management were granted the right to receive capital distributions under the various Agreements, after each contributing member's unreturned capital balance is reduced to zero – referred to as "Pay-out". The specified member's right to receive a post Pay-out distribution is generally subject to continued employment. The Company has valued the post Pay-out distribution rights using the option pricing method as of the grant dates that coincide with the formation of the respective entities. The exercise price was based on the contributing members' contributions at the formation date. No dividend yield was included because the Company does not plan to pay dividends. For Pressure Pumping, valuation assumptions included a risk free interest rate of 0.95%, expected life of four years, and an expected volatility of 49.39%. For Logistics, valuation assumptions included a risk free interest rate of 0.47%, an expected life of four years, and an expected volatility of 45.91%. No compensation cost has been recognized during the year ended December 31, 2013 and from Inception through December 31, 2012, because Pay-out was not deemed probable, and the post Pay-out right does not vest until Pay-out is reached. At December 31, 2013, the Company had \$1,579,051 in unrecognized compensation costs associated with these post Pay-out distribution rights.

Note M – Related Party Transactions

The Company provides certain services to Gulfport Energy Corporation, a member of the Company ("Gulfport"). Note N – 401(k) Plans

The Company provides a 401(k) retirement plan that enables workers to defer up to specific percentages of their annual compensation and contribute such amount to the plan. The Company provides a contribution of 3% for each employee and could also contribute additional amounts at their sole discretion. For the year ended December 31, 2013 and the period from Inception to December 31, 2012, the contributions were \$252,633 and \$92,629, respectively.

Note O – Subsequent Events

The Company has evaluated events and transactions that occurred subsequent to December 31, 2013 through September 23, 2014, the date these financials were available to be issued, noting no subsequent events or transactions that required recognition or disclosure in the financial statements, other than noted below.

On January 16, 2014, the Company paid down all outstanding principal and interest of \$489,217 on the term loan dated July 17, 2013 using a portion of the proceeds from the term loan dated December 4, 2013.

NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS
(Unaudited)

1. Organization and Basis of Presentation

Stingray Pressure Pumping LLC (“Pressure Pumping”) was formed March 20, 2012 (“Inception”) as a Delaware limited liability company and is based in Oklahoma. Stingray Logistics LLC (“Logistics”) was formed November 19, 2012 as a Delaware limited liability company and is based in Oklahoma. Both of the entities were formed by Wexford Capital LP (“Wexford”) and Gulfport Energy Corporation (“Gulfport”), are under common control and are referred to collectively as “Stingray” or the “Company”.

Operations

Stingray provides production and completion services for oil and natural gas exploration companies. Production and completion services include the hauling of proppant and other goods and hydraulic fracturing and other pressure pumping services. The Company operates primarily within the Utica Shale in Ohio and surrounding areas. Certain management, administrative, and treasury functions were provided by the Company to Stingray Cementing LLC and Stingray Energy Services LLC, both of which are under the common control of Wexford Capital LP and Gulfport Energy Corporation.

For purposes of presenting the condensed combined financial statements, allocations were required to determine the cost of general and administrative activities performed by the Company. The allocations were made based upon underlying salary costs of employees performing related functions or specifically identified invoices processed, depending on the nature of the cost. Management believes that the allocation methodology was reasonable; however, the reimbursements of expenses incurred by the Company are not necessarily indicative of the expenses that would have been incurred on a stand-alone basis nor are they indicative of costs that may be incurred in the future.

A summary of significant accounting policies are as follows:

2. Principles of Combination

The accompanying condensed combined financial statements include the accounts of Stingray Pressure Pumping LLC and Stingray Logistics LLC. All significant intercompany transactions and balances have been eliminated.

These unaudited condensed combined financial statements should be read in conjunction with the audited combined financial statements for the year ended December 31, 2013. In the opinion of management, the statements reflect all adjustments necessary for a fair presentation of the results of interim periods. Certain information and note disclosures normally included in financial statements prepared in accordance with accounting principles general accepted in the United State of America, which are not required for interim purposes, have been condensed or omitted. These financial statements reflect all adjustments, consisting only of normal, recurring adjustments that, in the opinion of the Company’s management, are necessary for a fair presentation of the financial position, results of operations and cash flows for the periods presented. Operating results for the nine month period ended September 30, 2014 are not necessarily indicative of the results that may be expected for any subsequent quarter or for the year ending December 31, 2014

a. Cash and Cash Equivalents

All highly liquid investments with an original maturity of three months or less are considered cash equivalents. The Company maintains its cash in accounts which may, at times, exceed federally insured

Stingray Pressure Pumping LLC and Affiliate

NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS
(Unaudited)

limits. At September 30, 2014 and December 31, 2013, the Company had approximately \$28,268,439 and \$16,731,000, respectively, of its cash and cash equivalents with two financial institutions. The Company had \$17,000,000 restricted cash included in its cash or current asset balances at September 30, 2014. The Company has not experienced any losses in these accounts and believes it is not exposed to any significant credit risk.

b. Accounts Receivable

Accounts receivable include amounts due from customers for services performed and are recorded as the work progresses. The Company grants credit to customers in the ordinary course of business and generally does not require collateral. Most areas in which the Company operates provide for a mechanic's lien against the property on which the service is performed if the lien is filed within the statutorily specified time frame. Customer balances are generally considered delinquent if unpaid by the 30th day following the invoice date and credit privileges may be revoked if balances remain unpaid. At December 31, 2013, substantially all of the Company's accounts receivable are due from a related party (See Note 9—Related Party Transactions).

The Company regularly reviews receivables and provides for estimated losses through an allowance for doubtful accounts. In evaluating the level of established reserves, the Company makes judgments regarding its customers' ability to make required payments, economic events, and other factors. As the financial condition of customers change, circumstances develop, or additional information becomes available, adjustments to the allowance for doubtful accounts may be required. In the event the Company was to determine that a customer may not be able to make required payments, the Company would increase the allowance through a charge to income in the period in which that determination is made. Uncollectible accounts receivable are periodically charged against the allowance for doubtful accounts once final determination is made of their uncollectability.

The Company did not recognize any allowance for doubtful accounts as of September 30, 2014 and December 31, 2013.

c. Inventories

Inventories are stated at the lower of cost or market, determined on a weighted average cost basis. Inventories consist of consumable supplies. The Company assesses the valuation of its inventories based upon specific usage and future utility. A charge to results of operations is taken when factors that would result in a need for a reduction in the valuation, such as excess or obsolete inventory, are determined. As of September 30, 2014 and December 31, 2013, the reserve was \$50,000.

d. Property and Equipment

Property and equipment are recorded at cost. Expenditures for major additions and improvements are capitalized while minor replacements, maintenance and repairs, which do not increase the capacity, improve the efficiency or safety, or extend the useful life of such assets, are charged to operations as incurred. Disposals are removed at cost, less accumulated depreciation, and any resulting gain or loss is reflected in operations.

Depreciation is calculated using the straight-line method over the shorter of the estimated useful life, or the remaining lease term, as applicable.

Stingray Pressure Pumping LLC and Affiliate
NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS
(Unaudited)

The useful lives of the major classes of property and equipment are as follows:

Buildings	39 years
Office equipment, furniture and fixtures	3-5 years
Machinery and equipment	3-5 years
Vehicles and trailers	5 years

e. Long-Lived Assets

Long-lived assets, primarily property and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of such assets is evaluated by measuring the carrying amount of the assets against the estimated undiscounted future cash flows associated with the assets. If such evaluations indicate that the future undiscounted cash flows from the assets are not sufficient to recover the carrying amount of such assets, the assets are adjusted to their estimated values. There was no impairment recorded for the periods ended September 30, 2014 or September 30, 2013.

f. Debt Issuance Costs

The Company capitalizes certain costs in connection with obtaining its borrowings, such as lender's fees and related attorney's fees. These costs are charged to interest expense over the contractual term of the debt using the effective interest method.

g. Revenue Recognition

The Company recognizes revenue when services are performed, collection of the receivable is probable, persuasive evidence of an arrangement exists, and the price is fixed and determinable. Services are sold without warranty or right of return. Taxes assessed on revenue transactions are presented on a net basis and are not included in revenue.

Pressure Pumping services are typically provided pursuant to a per stage pricing agreement, hourly or spot market basis. Each stage is short-term in nature and is typically completed over the course of or within a few hours of starting the stage. Revenue is recognized upon the completion of each day's work based upon a completed field ticket. The field ticket includes charges for the mobilization of equipment to location, the services performed, the personnel on the job and any additional equipment used on the job. Additional revenue is generated through the sale of consumable supplies that are incidental to the service being performed. Revenue from consumable supplies is recognized as the consumables are used in the delivery of the overall services. The use of consumable supplies is reflected on completed field tickets. Consumable supplies are also sold directly to the customer. These sales are not necessarily tied to the pressure pumping services being performed. Revenue related to these sales is recognized upon delivery of the consumables.

Logistics generates revenues on a day rate, hourly rate or contracted basis, and revenue is recognized when the services are completed and collectability is reasonably assured.

h. Cost of Services

The primary components of cost of services are those salaries, consumable supplies, repairs and maintenance and general operational costs that are directly associated with the services performed for the customers. Cost of services—related parties reflects expenses from related parties.

Stingray Pressure Pumping LLC and Affiliate
NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS
(Unaudited)

i. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates include but are not limited to the allowance for doubtful accounts, inventory valuation allowance, depreciation and amortization of property and equipment and the future cash flows and fair values used to assess recoverability and impairment of long-lived assets.

j. Equity-Based Compensation

The Company records equity-classified, equity-based payments at fair value on the date of the grant, and expenses the value of the equity-based payments in compensation expenses over the applicable vesting periods.

k. Income Taxes

Each of the operating entities comprising the Company are limited liability companies and as such are treated as pass-through entities for income tax purposes. As a pass-through entity, income taxes on net earnings are payable by the members and are not reflected in the financial statements.

As required by Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") 740, *Income Taxes*, the Company recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would more likely than not sustain the position following an audit. For tax positions meeting the more-likely-than-not threshold, the amount recognized in the financial statements is the largest benefit that has a greater than 50 percent likelihood of being realized upon ultimate settlement with the relevant tax authority. During the periods ended September 30, 2014 and September 30, 2013, there were no financial statement benefits or obligations recognized related to uncertain tax positions.

The Company's accounting policy relating to income tax penalties and interest assessments is to accrue for these costs and record a charge to selling, general and administrative expense for tax penalties and a charge to interest expense for interest assessments during the period the Company has unrecognized tax benefits. The pass-through entities are not subject to tax examinations by tax authorities for years before 2012.

l. Financial Instruments

The Company's financial instruments consist primarily of cash and cash equivalents, trade receivables, related party receivables, trade accounts payable, related party payables and long-term debt. The carrying value of cash and cash equivalents, trade receivables, related party receivables, trade accounts payable and related party payables are considered representative of their fair value due to the short term nature of these instruments. The fair value of long-term debt is deemed representative of fair value based on bearing interest rates and having terms comparable to market conditions.

m. Concentrations of Credit Risk and Significant Customers

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and cash equivalents occasionally in excess of federally insured limits and trade receivables. The

Stingray Pressure Pumping LLC and Affiliate
NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS

Company's accounts receivable have a concentration in the oil and natural gas industry and the customer bases consists primarily of independent oil and natural gas producers.

Sales to one related party customer accounted for 80% and 100% of net sales for the periods ended September 30, 2014 and September 30, 2013, respectively, and approximately 55% and 100% of accounts receivable at September 30, 2014 and December 31, 2013, respectively.

n. Concentration of Key Material Suppliers

Pressure Pumping relies on a limited number of suppliers for sand and chemicals. These key materials are critical for certain of the Company's operations. The loss of one or more of these suppliers or the limited availability of these materials may negatively impact the Company's revenues or increase the operating costs.

3. Inventory

Inventory consists of the following as of:

	September 30, 2014	December 31, 2013
Proppant	\$ 539,769	\$ 55,900
Chemicals, net of reserve of \$50,000 and \$50,000, respectively	872,359	459,261
Supplies	244,716	-
	<u>\$ 1,656,844</u>	<u>\$ 515,161</u>

4. Property and Equipment

Net property and equipment consists of the following as:

	September 30, 2014	December 31, 2013
Buildings	\$ 1,094,583	\$ 1,094,583
Office equipment, furniture and fixtures	463,551	302,309
Machinery and equipment	87,133,159	59,887,982

Capitalized interest totaled \$226,608 and \$0 for the nine months ended September 30, 2014 and 2013, respectively.

5. Long-Term Debt

Long-term debt consists of the following:

	September 30, 2014	December 31, 2013
Term loans	\$ 50,000,000	\$ 43,424,096
Vehicle loans	1,154,126	1,486,092
Total long-term debt	51,154,126	44,910,188
Less: current maturities of long-term debt	(15,067,432)	(16,702,602)
Long-term debt less current maturities	<u>\$ 36,086,694</u>	<u>\$ 28,207,586</u>

On July 3, 2013, the Company entered into a \$50,000,000 term loan with a third party lender. The loan subjects the Company to certain financial reporting requirements and financial covenants. The loan requires maintenance of a minimum tangible net worth of \$30,000,000. The loan also requires that debt to tangible net worth not to exceed 1.75 to 1.00. The loan is secured by certain specified equipment. The loan matures over 36 months and requires a monthly payments of principal and interest. As of September 30, 2014, the monthly payments were \$1,488,000.

On September 30, 2014, the Company entered into the first modification to the loan agreement. The modification resulted in the borrowing of an additional \$18,699,519, increasing outstanding balance of the term loan to \$50,000,000. The modification also extended the maturity date to November 1, 2017. The loans bears interest at the rate of New York Prime Rate plus 0.75% and is subject to a floor of 4.50%. The outstanding balance at September 30, 2014 and December 31, 2013 was \$50,000,000 and \$43,424,096, respectively. The interest rate at September 30, 2014 was 4.50%. The Company was in compliance with the financial covenants at September 30, 2014.

On various dates between November 26, 2012 and September 25, 2013, the Company entered into borrowing agreements to finance the purchase of certain vehicles and trailers. The agreements are secured by certain specified vehicles. The cost of the vehicles and trailers serving as collateral for the borrowing agreements was \$3,224,465 at September 30, 2014. The loan agreements are for 48 months and require monthly payments of principal and interest. As of September 30, 2014, the monthly payments were \$43,312. The outstanding balance at September 30, 2014 and December 31, 2013 was \$1,154,126 and \$1,486,092, respectively. The interest rates on the loans are fixed and range from 5.25% to 5.99%.

6. Members' Equity

Both Pressure Pumping and Logistics operate under a limited liability company agreement (the "Agreement") and will continue perpetually until terminated pursuant to statute or any provision of the Agreements. No member shall be liable for the expenses, liabilities or obligations of the Company.

Each Agreement provides for specific voting rights of the members. For matters that require vote, members shall have one vote for each whole percentage interest held by the member at the time of vote. Distributions and profit and loss allocations are based on the pro rata share of each member's ownership percentages.

Stingray Pressure Pumping LLC and Affiliate
NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS
(Unaudited)

Each Agreement places limits on the transfer of members' interests. Encumbrances are prohibited unless they are a Permitted Encumbrance, as defined in the Agreement.

7. Commitments and Contingencies

The Company is, from time to time, involved in routine litigation or subject to disputes or claims related to business activities, including workers' compensation claims and employment related disputes. In the opinion of management, none of the pending litigation, disputes or claims against the Company, if decided adversely, is expected to have a material effect on the Company's financial condition, results of operations, or cash flows.

The Company has entered into contracts with a certain key employee that in the event of either an initial public offering ("IPO") or sale of substantially all of the assets of the Company to a third party buyer this employee would receive a cash payment in the amount of 1% of the difference between the net proceeds from a sale of the Company and the total investment in the Company of its owners or a stock grant in the event of an IPO. The amount of any grant of stock would be determined by the Company's approved stock plan.

The Company has no firm purchase commitments for equipment as of September 30, 2014 or December 31, 2013.

8. Equity-Based Compensation

Upon formation of each Stingray entity, specified members of management were granted the right to receive capital distributions under the various Agreements, after each contributing member's unreturned capital balance is reduced to zero—referred to as "Pay-out". The specified member's right to receive a post Pay-out distribution is generally subject to continued employment. The Company has valued the post Pay-out distribution rights using the option pricing method as of the grant dates that coincide with the formation of the respective entities. The exercise price was based on the contributing members' contributions at the formation date. No dividend yield was included because the Company does not plan to pay dividends. For Pressure Pumping, valuation assumptions included a risk free interest rate of 0.95%, expected life of four years, and an expected volatility of 49.39%. For Logistics, valuation assumptions included a risk free interest rate of 0.47%, an expected life of four years, and an expected volatility of 45.91%. No compensation cost has been recognized for the six months ended September 30, 2014 or 2013, because Pay-out was not deemed probable, and the post Pay-out right does not vest until Pay-out is reached. At September 30, 2014, the Company had \$1,579,051 in unrecognized compensation costs associated with these post Pay-out distribution rights.

9. Related Party Transactions

The Company provides certain services to Gulfport Energy Corporation, a principal member of the Company ("Gulfport"). For the nine months ended September 30, 2014 and 2013, \$85,574,015 and \$55,788,653, respectively, of the Company's revenues were generated through transactions with Gulfport. Accounts receivable from Gulfport as of September 30, 2014 and December 31, 2013 were \$8,746,915 and \$8,237,652 respectively.

Gulfport provided certain administrative and payroll services to the Company under a shared services agreement. These amounts totaled \$94,924 and \$346,356 for the nine months ended September 30, 2014 and 2013, respectively. During the nine months ended September 30, 2014 and 2013, the entire amount was for

selling, general and administrative activities. As of September 30, 2014 and December 31, 2013, the Company had an outstanding accounts payable balance of \$36,145 and \$0, respectively, with Gulfport.

The Company purchases sand used in its hydraulic fracturing operations from an affiliate. During the nine months ended September 30, 2014 and September 30, 2013, the Company purchased \$6,196,956 and \$7,237,786, respectively, in sand. For the nine months ended September 30, 2014, \$5,657,187 was included in cost of services revenue activities and \$539,769 was included in inventory. For the nine months ended September 30, 2013, the entire amount is included in cost of services revenue activities. As of September 30, 2014 and December 31, 2013, related party accounts payable included \$4,671,662 and \$1,576,199, respectively.

The Company purchases sand used in its Gulfport and hydraulic fracturing operations from an affiliate, which was purchased by Wexford in September 2014. Sand purchases subsequent to the acquisition through September 30, 2014 totaled \$470,748 and the entire amount is included in cost of services revenue activities. As of September 30, 2014, related party accounts payable included \$2,056,840 due to the affiliate.

The Company paid certain costs on behalf of the affiliate which are passed through. At September 30, 2014 accounts receivable included \$130,600 from this affiliate.

The Company rented certain equipment used in its hydraulic fracturing operations from an affiliate. REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Members

Bison Drilling and Field Services, LLC

We have audited the accompanying Statements of Revenues and Direct Operating Expenses of Certain Drilling Rigs (the “Statements”) of Lantern Drilling Company (“Lantern Rigs”) acquired by Bison Drilling and Field Services, LLC (“Bison”) for the years ended December 31, 2013 and 2012, and the related notes to the statements.

Management’s responsibility for the financial statements

Bison management is responsible for the preparation and fair presentation of these statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statements referred to above present fairly, in all material respects, the revenues and direct operating expenses of the Lantern Rigs as described in Note A for the years ended December 31, 2013 and 2012, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note A, the accompanying statements are prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and are not intended to be a complete financial presentation of the Lantern Rigs’ revenues and expenses. Our opinion is not modified with respect to this matter.

**CERTAIN DRILLING RIGS OF
LANTERN DRILLING COMPANY**
NOTES TO STATEMENTS OF REVENUES AND DIRECT OPERATING EXPENSES
FOR THE YEARS ENDED DECEMBER 31, 2013 AND 2012

NOTE A—BASIS OF PRESENTATION

The accompanying statements present the revenues and direct operating expenses for five drilling rigs (the “Rigs”) that were operated by Lantern Drilling Company (“Lantern”) in Texas and Louisiana during the years ended December 31, 2013 and 2012. Lantern is a wholly-owned subsidiary of Forest Oil Permian Corporation (“Forest Permian”) and provides contract land drilling services for oil and natural gas exploration and production. Forest Permian is a wholly-owned subsidiary of Forest Oil Corporation (“Forest Oil”). As discussed in Note E, the Rigs were acquired by Bison Drilling and Field Services, LLC (“Bison”) on January 29, 2014.

The accompanying statements of revenues and direct operating expenses are presented on the accrual basis of accounting and were derived from the historical accounting records of Lantern. The historical statements presented are not indicative of the financial condition or results of operations of the Lantern Rigs due to the omission of certain operating expenses, and such amounts may not be indicative of future operations. The statements do not include depreciation because the Rigs were owned by third party financial institutions that leased the Rigs to Forest Oil under operating leases and Forest Oil sub-leased the Rigs to Lantern. The statements also do not include corporate overhead, interest expense or income taxes because those costs are not directly related to revenue producing activities of the Rigs and are not separately identifiable by rig.

Historical financial statements reflecting the financial position, results of operations and cash flows required by accounting principles generally accepted in the United States of America are not presented because Lantern did not own the Rigs and such information was not available to prepare the full financial statements required by Securities and Exchange Commission Regulation S-X, Rule 3-05. Accordingly, the historical statements of revenues and direct operating expenses of the Rigs are presented in lieu of financial statements required under Rule 3-05.

NOTE B—SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of the accompanying statements in conformity with generally accepted accounting principles requires making estimates and assumptions that affect the reported amounts of revenues and direct operating expenses during the reporting period. The estimates include revenue and expense accruals and estimates for allocations of certain operating expenses to individual rigs. Actual results could materially differ from these estimates.

Revenue recognition

Lantern earns contract drilling revenue, mobilization revenue and equipment rental revenue, primarily under day work contracts. Revenues on day work contracts are recognized based on the days completed at the day rate each contract specifies.

NOTE C—RELATED PARTY TRANSACTIONS

Lantern provided drilling services to Forest Oil. For the years ended December 31, 2013 and 2012, contract drilling services revenue included \$25,057,254 and \$29,543,396, respectively, from Forest Oil.

Certain employees of Forest Oil provided direct management services to Lantern. General and administrative expenses in the accompanying Statements of Direct Revenues and Operating Expenses represents the management fee charged by Forest Oil to Lantern for such services. The management fee was based on payroll, benefits and overhead for the direct management employees.

**CERTAIN DRILLING RIGS OF
LANTERN DRILLING COMPANY**
NOTES TO STATEMENTS OF REVENUES AND DIRECT OPERATING EXPENSES
FOR THE YEARS ENDED DECEMBER 31, 2013 AND 2012—(Continued)

NOTE D—COMMITMENTS

In August 2007, Forest Oil sold one of the five rigs to a financial institution, and between June and December 2010 Forest Oil sold the other four rigs to various financial institutions. In all cases, Forest Oil leased the rigs back from the financial institutions under long-term non-cancellable operating leases having varying terms and expiration dates through July 2017. Lantern sub-leased the rigs from Forest Oil. For the years ended December 31, 2013 and 2012, Lantern recognized \$13,602,448 and \$13,434,164, respectively, of operating lease rental expense. The operating leases were paid in full and terminated in January 2014.

NOTE E—SUBSEQUENT EVENTS

Lantern has evaluated the period after December 31, 2013 through May 14, 2014, the date the statements of revenues and direct operating expenses were available to be issued, noting no subsequent events other than what is identified below.

On January 29, 2014, Bison, a third party, acquired the Rigs directly from the financial institutions that leased the Rigs to Lantern. The amounts paid by Bison to acquire the Rigs along with approximately \$3.1 million paid by Forest Oil, were used to pay off the operating leases in their entirety and terminate the lease agreements.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholder
Mammoth Energy Services Inc.

We have audited the accompanying balance sheet of Mammoth Energy Services Inc. (a Delaware corporation) (the “Company”) as of June 30, 2016. This financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. We were not engaged to perform an audit of the Company’s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Mammoth Energy Services Inc. as of June 30, 2016 in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENT

1. Organization and Basis of Presentation

Mammoth Energy Services Inc. (“Mammoth”) is a corporation formed under the laws of the State of Delaware on June 3, 2016. Mammoth intends to offer common stock pursuant to an initial public offering. Immediately prior to the effectiveness of the registration statement, Mammoth Energy Partners LP will convert to a Delaware limited liability company named Mammoth Energy Partners LLC (“Mammoth Partners LLC”) and Mammoth Holdings LLC, Gulfport Energy Corporation and Rhino Resource Partners LP will contribute their respective interests in Mammoth Partners LLC to Mammoth and Mammoth Partners LLC will become a wholly owned subsidiary.

This balance sheet has been prepared in accordance with accounting principles generally accepted in the United States.

Through June 30, 2016, Mammoth had not earned any revenue and had not incurred any expenses; therefore, the statements of income, stockholders’ equity and cash flows have been omitted. There have been no other transactions involving Mammoth as of June 30, 2016.

2. Summary of Significant Accounting Policies

(a) Cash and Cash Equivalents

All highly liquid investments with an original maturity of three months or less are considered cash equivalents. The Partnership maintains its cash accounts in financial institutions that are insured by the Federal Deposit Insurance Corporation. Cash balances from time to time may exceed the insured amounts; however the Partnership has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risks on such accounts.

3. Subsequent Events

Mammoth has evaluated the period after June 30, 2016 through July 15, 2016, the date the financial statement was available to be issued, noting no subsequent events or transactions that required recognition or disclosure in the financial statement.

Dealer Prospectus Delivery Obligation

Until _____, 2016 (25 days after commencement of this offering), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealer's obligation to deliver a prospectus when acting as an underwriter and with respect to unsold allotments or subscriptions.

Item 14. Indemnification of Directors and Officers.***Limitation of Liability***

Section 102(b)(7) of the DGCL permits a corporation, in its certificate of incorporation, to limit or eliminate, subject to certain statutory limitations, the liability of directors to the corporation or its stockholders for monetary damages for breaches of fiduciary duty, except for liability:

- for any breach of the director's duty of loyalty to the company or its stockholders;
- for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- in respect of certain unlawful dividend payments or stock redemptions or repurchases; and
- for any transaction from which the director derives an improper personal benefit.

In accordance with Section 102(b)(7) of the DGCL, Section 9.1 of our certificate of incorporation provides that that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the DGCL. The effect of this provision of our certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders' derivative suits on our behalf) to recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by Section 102(b)(7) of the DGCL. However, this provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director's duty of care.

If the DGCL is amended to authorize corporate action further eliminating or limiting the liability of directors, then, in accordance with our certificate of incorporation, the liability of our directors to us or our

Table of Contents

stockholders will be eliminated or limited to the fullest extent authorized by the DGCL, as so amended. Any repeal or amendment of provisions of our certificate of incorporation limiting or eliminating the liability of directors, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to further limit or eliminate the liability of directors on a retroactive basis.

Indemnification

Section 145 of the DGCL permits a corporation, under specified circumstances, to indemnify its directors, officers, employees or agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties by reason of the fact that they were or are directors, officers, employees or agents of the corporation, if such directors, officers, employees or agents acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reason to believe their conduct was unlawful. In a derivative action, i.e., one by or in the right of the corporation, indemnification may be made only for expenses actually and reasonably incurred by directors, officers, employees or agents in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they shall have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made if such person shall have been adjudged liable to the corporation, unless and only to the extent that the court in which the action or suit was brought shall determine upon application that the defendant directors, officers, employees or agents are fairly and reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Our certificate of incorporation provides that we will, to the fullest extent authorized or permitted by applicable law, indemnify our current and former directors and officers, as well as those persons who, while directors or officers of our corporation, are or were serving as directors, officers, employees or agents of another entity, trust or other enterprise, including service with respect to an employee benefit plan, in connection with any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, against all expense, liability and loss (including, without limitation, attorney's fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred or suffered by any such person in connection with any such proceeding. Notwithstanding the foregoing, a person eligible for indemnification pursuant to our certificate of incorporation will be indemnified by us in connection with a proceeding initiated by such person only if such proceeding was authorized by our board of directors, except for proceedings to enforce rights to indemnification.

The right to indemnification conferred by our certificate of incorporation is a contract right that includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding referenced above in advance of its final disposition, provided, however, that if the DGCL requires, an advancement of expenses incurred by our officer or director (solely in the capacity as an officer or director of our corporation) will be made only upon delivery to us of an undertaking, by or on behalf of such officer or director, to repay all amounts so advanced if it is ultimately determined that such person is not entitled to be indemnified for such expenses under our certificate of incorporation or otherwise.

The rights to indemnification and advancement of expenses will not be deemed exclusive of any other rights which any person covered by our certificate of incorporation may have or hereafter acquire under law, our certificate of incorporation, our bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

Any repeal or amendment of provisions of our certificate of incorporation affecting indemnification rights, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish

Table of Contents

or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision. Our certificate of incorporation also permits us, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than those specifically covered by our certificate of incorporation.

Our bylaws include the provisions relating to advancement of expenses and indemnification rights consistent with those set forth in our certificate of incorporation. In addition, our bylaws provide for a right of indemnitee to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time. Our bylaws also permit us to purchase and maintain insurance, at our expense, to protect us and/or any director, officer, employee or agent of our corporation or another entity, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Any repeal or amendment of provisions of our bylaws affecting indemnification rights, whether by our board of directors, stockholders or by changes in applicable law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing thereunder with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

We will enter into indemnification agreements with each of our current directors and executive officers. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Under the Underwriting Agreement, the underwriters are obligated, under certain circumstances, to indemnify directors and officers of the registrant against certain liabilities, including liabilities under the Securities Act. Reference is made to the form of Underwriting Agreement to be filed as Exhibit 1.1 to this Registration Statement.

Item 15. Recent Sales of Unregistered Securities.

In connection with the contribution described in this registration statement, we intend to issue shares of our common stock to Mammoth Holdings, shares of our common stock to Gulfport and shares of our common stock to Rhino, in each case prior to the effective date of this registration statement. The shares of our common stock described in this Item 15 will be issued in reliance upon the exemption from the registration requirements of the Securities Act provided by Section 4(2) of the Securities Act as sales by an issuer not involving any public offering.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification by the Registrant for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer, or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered hereunder, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The Registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in Oklahoma City, Oklahoma, on September 2, 2016.

MASTER SERVICE CONTRACT

THIS MASTER SERVICE CONTRACT (hereinafter referred to as "Contract"), effective this 16 day of May, 2013 is by and between Muskie Proppant LLC (hereinafter referred to as "Contractor") and DIAMONDBACK E&P LLC (hereinafter referred to as "Company").

WITNESSETH:

WHEREAS, Company is employed in numerous business activities, including, but not limited to, the exploration, development, production, treatment, storage, and marketing of oil, gas, coal bed methane and other minerals for itself and for the account of others; and

WHEREAS, Company desires to, from time to time, (i) employ the services of Contractor or (ii) purchase or lease goods, equipment or facilities from Contractor in connection with Company's business activities; and

WHEREAS, Contractor represents that it has (i) fully trained personnel capable of efficiently performing services as required by Company and/or (ii) goods, equipment and facilities that are free from defects and capable of satisfying the requirements of Company as set out herein,

NOW, THEREFORE, in consideration of the mutual promises and agreements herein contained, the Parties hereto mutually agree as follows:

1. *Employment of Contractor - Purchase of Services and/or Goods.*

(a) This Contract shall control and govern any and all (i) performance of services by Contractor for Company (the "Services"), and (ii) purchase or lease of goods, materials, supplies, tools, manufactured articles, equipment, or facilities by Company from Contractor (the "Goods"). The Services performed and the Goods delivered (hereinafter collectively referred to as the "Work") will be as requested by Company and directed by Contractor and will be defined by separate work orders or purchase orders (either verbal or written) (collectively, "Orders"). This Contract shall be deemed to be incorporated in full in every Order. Company shall endeavor to provide written confirmation of any oral Orders within ten (10) working days after same are given, but the failure to do so shall not invalidate the Order or the obligations of the Parties.

(b) Time is expressly declared to be of the essence under this Contract. If Contractor fails to timely perform any Work under this Contract, Company has the option to terminate such Work.

(c) If Contractor is performing drilling operations, Exhibit E (Drilling Operations) is incorporated and made a part hereof; otherwise it shall be deemed stricken.

2. *Term.* This Contract may be terminated at the option of either Party by giving the other Party thirty (30) calendar day's written notice to that effect, but neither Party hereto shall, by the termination of this Contract, be relieved of its respective liability arising from or incident to Work performed hereunder prior to the time this Contract is terminated or its obligations under Sections 7, 14, 19 and 26.

3. **Acceptance of Work.** Upon Company notifying Contractor of Work desired, and Contractor's acceptance thereof, Contractor will commence the Work at the agreed upon time and place, and continue such Work diligently and without delay, in a good and workmanlike manner, and in strict conformity with the specifications and requirements contained herein and in any related Order.

4. **No Obligation to Request/Accept Work.** This Contract does not obligate Company to issue any Order to Contractor or accept Contractor's offers in response to a request to perform Work, nor does it obligate Contractor to accept an Order from Company.

5. **Contractor Authorized Agent.** Any person employed by Contractor and in charge of either the personnel or equipment of Contractor shall be the authorized agent of Contractor for the purpose of accepting any Order.

6. **Company Designated Representative.** Company shall appoint and provide Contractor written or oral notice of its designated representative for each Work project. No representative shall have authority to change or modify the terms of this Contract unless expressly so authorized in writing by Company.

7. **Confidentiality.** Information, including geological and geophysical information, obtained by Contractor while performing Work, including but not limited to information concerning depth, formations penetrated, proprietary completion or treatment techniques and protocols, and the results of coring, testing and surveying, is proprietary to Company and confidential and shall not be divulged by Contractor or Contractor's employees, agents, representatives or subcontractors to any person or entity other than persons designated by Company in writing. Contractor shall be responsible for the safekeeping and protection of all such information in its (or its employees', representatives', agents' or subcontractors') control and/or custody and Company shall have the general right of inspection to determine whether such information is secure.

8. **Delivery Tickets/Time Sheets and Maintenance of Records.**

(a) Delivery tickets covering any Goods furnished hereunder or in connection with any Services and time sheets covering any Work shall be in a form acceptable to Company and shall be delivered to Company each day at the office of Company or the Work site, as designated by Company. Each delivery ticket and time sheet shall be properly certified by Contractor. Upon receipt of such delivery tickets and time sheets, a representative of Company shall review and approve same (if satisfactory) in writing.

(b) Contractor agrees to retain all books and records (i.e., payroll records, accounting records, payment records, invoices, time reports and travel/entertainment expense reports) relating to Work performed hereunder for a twenty-four (24) month period commencing at the end of the calendar year in which the applicable Work was completed, and for any additional period as may be necessary to permit Company to complete any audit commenced within such period. These records should, at minimum, include rate schedules prevailing during the Contract term, payroll records of individuals performing Work under the Contract, invoices for purchases for Company's account and

any expense reports including reports for travel and entertainment of Company's employees or representatives. Representatives and auditors of Company shall have access at any time during normal working hours to the books and records maintained by Contractor relating to this Contract and any of the Work performed hereunder, and shall have the right to copy and audit such books and records.

9. Terms of Payment.

(a) Company will pay Contractor for Work satisfactorily rendered hereunder (i) in accordance with Contractor's published schedule of rates and/or prices, as such rates and/or prices are in effect on the date of the Order after application of published or agreed discounts and credits or (ii) at such other rates and/or prices as are agreed to by Contractor and Company in the applicable Order.

(b) Prior to acceptance of any Order, Contractor shall deliver to Company a copy of any revisions to the rate and price schedule in effect on the date of this Contract. No such revisions shall be effective until approved by Company and in no event sooner than ten (10) days after such notice is received by Company unless otherwise agreed to by Contractor and Company.

(c) The rates to be paid to Contractor by Company for the actual performance of the Work shall be in lieu of any other charges for materials or supplies furnished by Contractor for use in the Work or any separate charges for transportation of tools, equipment and labor or time required to transport tools, equipment and labor to and from the location of such Work, unless otherwise specified in the scheduled rates.

(d) No stand-by rate or other rates shall apply for personnel or equipment when such personnel or equipment is not at Company's disposal.

(e) The Parties expressly agree that, except as expressly provided herein to the contrary, the rates agreed to be paid to Contractor by Company shall be inclusive of (i) insurance premiums paid by Contractor in acquiring and maintaining the insurance required by this Contract, and (ii) taxes, fees, licenses and permits required pursuant to Section 12 hereof. Contractor represents to Company that all rate schedules of Contractor provided to Company include the foregoing matters.

10. Time of Payment.

(a) Contractor shall provide Company an invoice in a form acceptable to Company at Company's address set forth herein, in accordance with instructions provided at the time of the issuance of the applicable Order, or if no such instructions were given, at the end of each month during the course of the Work. Payment shall be made by Company within forty-five (45) days of receipt of Contractor's invoice for Work performed to Company's satisfaction.

(b) If Company disputes any item billed, Company shall, within forty-five (45) days of receipt of Contractor's invoice, notify Contractor of the item disputed and specify Company's complaint. Payment of such item shall be withheld until settlement of

the dispute; however, any undisputed portion shall be paid within the time period specified. Invoices received in a form unacceptable to Company or not in accordance with this Contract shall be returned by Company to Contractor unpaid within forty-five (45) days of receipt by Company.

11. *Standard of Performance.*

(a) Contractor warrants (i) that all Work shall be performed in compliance with all applicable laws, rules and regulations (including all safety codes, statutes, regulations, precautions, and procedures) and utilizing all necessary or desirable personal protective equipment and devices, whether suggested or required by safety associations, government agencies, municipalities or otherwise; (ii) that all Work shall be done with the utmost skill, care and diligence, in a good and workmanlike manner, in accordance with the terms hereof and good industry standards of performance and in a timely manner and shall conform to all terms and specifications set forth in the applicable Order and/or this Contract and any other written instructions applicable to the Work; (iii) that all Goods and Contractor's tools, machinery and equipment shall be the best quality for their purposes, maintained to be free from defect, meet all engineering standards and specifications provided by Company, have been prepared, tested and shipped in accordance with the provisions hereof and in all applicable Orders and shall be free and clear of any liens, encumbrances or security interests; and (iv) that Contractor, its subcontractors and their employees are sufficiently experienced and suitably trained to perform the Work.

(b) Contractor shall obtain, and assign to Company, to the maximum extent reasonably possible, manufacturer, vendor and supplier warranties with respect to Goods, materials, supplies, tools, machinery and equipment obtained or used by Contractor in the performance of the Work.

(c) Any portion of the Work found defective or unsuitable shall be promptly removed, replaced or corrected by Contractor without additional charge to Company.

(d) Contractor shall comply with the terms and conditions regarding drugs and alcohol set forth in Exhibit A hereto.

(e) If Company shall have reason to be dissatisfied with the conduct of Contractor's employees or representatives employed on Company's premises, Contractor shall, on receiving particulars of the complaint, promptly investigate and, if necessary, make a change in the appointment or practices required to provide the Work contracted for. Contractor shall not employ in connection with any Work any employee whose employment violates applicable labor laws.

(f) Unless otherwise specified in the Order, Contractor shall deliver (or cause to be delivered) all Goods F.O.B. the location specified in the Order.

(g) Re-Performance of the Work or alterations, repairs or replacements necessary to meet the standard of care and warranties in this Section 11 shall not constitute Company's exclusive remedy with respect to the applicable Order or this

Contract. Company's failure to make an inspection or test or to discover defective workmanship, Services or Goods shall not relieve Contractor from any responsibility under the applicable Order, and payment of any funds by Company shall not constitute a waiver of such defects.

12. Compliance with Laws.

(a) Contractor shall obtain all permits and licenses required for it to perform the Work and shall otherwise comply with all laws, rules, regulations, ordinances, judgments, orders and other official acts of all federal, state, municipal, foreign and other agencies or regulatory bodies ("Governmental Authorities") that are now or may, in the future, become applicable to Contractor and Contractor's business, equipment and personnel engaged in the performance of the Work or this Contract, or arising out of or incident to such performance. Specifically, Contractor shall comply, where required by law, with the Environmental Laws set forth in Exhibit B hereto and the Federal Contract Provisions set forth in Exhibit C hereto.

(b) Contractor further agrees to pay all taxes, charges and fees levied or assessed on Contractor by any Governmental Authority in connection with or incident to the performance of the Work or this Contract, including but not limited to unemployment insurance, withholding taxes, social security taxes, old age benefits and other social security benefits and taxes upon wages of Contractor, its agents, employees and representatives. Contractor agrees to reimburse Company on demand for all such taxes, fees, licenses and charges that Company may be required or deem it necessary to pay on account of the agents, employees and representative of Contractor or its subcontractors.

13. Force Majeure. Under the terms of this Contract, "Force Majeure" shall mean acts of God, strikes, lockouts, other industrial disturbances, acts of the public enemy, laws and regulations, wars or war-like action, arrests or other restraints of governments (civil or military), blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, hurricanes, fires, storms, floods, washouts, civil disturbances, confiscation or seizure by any government or public authority, and any other similar causes, that are not reasonably within the control of the Party claiming a Force Majeure and that by the exercise of due diligence such Party shall not have been able to avoid or overcome. Except as specifically provided otherwise in this Contract, if either Party is rendered unable, wholly or in material part, by reason of Force Majeure to carry out any of its obligations hereunder, then on such Party's giving notice and reasonably full particulars of such Force Majeure in writing to the other Party within five (5) days after the occurrence of the cause relied on, such obligation of the Party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuation of any inability so caused and such cause shall, as far as practicable, be remedied with all reasonable dispatch by such party; provided, this Section shall not be construed to require a Party to settle or overcome labor disputes or strikes, except on terms satisfactory to the affected Party in its sole discretion.

14. **Indemnity Obligations.**

(a) *Definitions.* The following terms shall have the designated definitions.

“Company Group” shall mean, individually or in any combination, Company, the Company’s parent, affiliates, subsidiaries, joint venturers, joint interest owners, partners, co-owners, co-lessees, contractors (other than Contractor) and subcontractors and each of their respective directors, officers, agents, representatives, employees and invitees.

“Contractor Group” shall mean, individually or in any combination, Contractor, the Contractor’s parent, affiliates, subsidiaries and subcontractors, and each of their respective directors, officers, agents, representatives, employees and invitees.

“Defend” shall mean the obligation of the indemnitor at the indemnitees’ election (i) to defend the indemnitees at its sole expense or (ii) to reimburse the indemnitees’ reasonable expenses incurred in defending themselves. Notwithstanding the indemnitee’s election of option (i) above, the indemnitee shall be entitled to participate in its defense.

“Claims” shall mean all claims, demands, causes of action, liabilities, damages, judgments, fines, penalties, awards, losses, costs, expenses (including, without limitation, attorneys’ fees and costs of litigation) of any kind or character arising out of, or related to, the performance of or subject matter of this Contract or any work, including, without limitation, property loss, destruction or damage, personal or bodily injury, sickness, disease or death, loss of services and/or wages, or loss of consortium or society.

(b) GENERAL INDEMNITY. CONTRACTOR SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS COMPANY GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF ANY PERSON OR ENTITY, INCLUDING, BUT NOT LIMITED TO, CONTRACTOR’S SUBCONTRACTORS, REPRESENTATIVES~ EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF COMPANY GROUP. COMPANY SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS CONTRACTOR GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF COMPANY’S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF CONTRACTOR GROUP.

(c) *INDIRECT OR CONSEQUENTIAL DAMAGES* IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY’S GROUP (AS DEFINED ABOVE) FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATED TO OR IN CONNECTION WITH THIS CONTRACT, THE SERVICES OR ANY EQUIPMENT, INCLUDING BUT NOT LIMITED TO ANY

CLAIMS IN CONNECTION WITH INJURY, LOSS OR DAMAGE TO ANY PROPERTY, ANY LOSS OF PROFITS OR BUSINESS OPPORTUNITY, AND ANY LOSS OF USE OF THE EQUIPMENT, IRRESPECTIVE OF THE REASON OR CAUSE OF SUCH DAMAGES, WHETHER ANY OF SUCH DAMAGES OCCUR DURING OR AFTER THE PERIOD OF THIS CONTRACT, OR THAT THE CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHER THEORY OF ANY NATURE WHATSOEVER.

(d) *INTELLECTUAL PROPERTY INDEMNITY.* CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM ANY AND ALL LOSSES FOR INFRINGEMENT OF A PATENT OR PATENTS, COPYRIGHTS, TRADEMARKS OR ANY OTHER INTELLECTUAL PROPERTY RIGHT OR TRADE SECRETS MISAPPROPRIATION GROWING OUT OF OR INCIDENT TO THE WORK OR THE EQUIPMENT OR MATERIALS FURNISHED BY CONTRACTOR IN ITS PERFORMANCE OF THE WORK.

(e) *Anti-Indemnity Statutes.* In the event this Contract is subject to the indemnity limitations of any state anti-indemnity statute (including, but not by way of limitation; Chapter 127 of the Texas Civil Practices and Remedies Code or any successor statute), and so long as such limitations are in force, each Party covenants and agrees to support the mutual indemnity obligations contained in this Section 14 by carrying insurance (or qualified self-insurance) of the types and in the amounts not less than those specified in Exhibit D to this Contract, for the benefit of the other Party. In the event this Contract is subject to the indemnity limitations of Wyoming (including, but not by way of limitation, Wyo. Stat. §§ 30-1-131, et seq. or any successor statute), this Section 14 shall be interpreted to give the fullest effect to its terms not inconsistent with the provisions of those limitations.

(f) *Enforcement of this Contract.* Nothing in this Section 14 shall be construed to prevent either Party from enforcing their rights under the terms of this Contract.

15. Insurance.

(a) *Contractor's Insurance.* Contractor shall carry insurance (with insurance companies with a minimum Bests Rating of A-, X or its equivalent from other professional rating companies satisfactory to Company) in the amounts set forth in Exhibit D effective prior to the commencement of any Work under this Contract, and such insurance shall be maintained in full force and effect at all times Work is performed and/or this Contract is in effect. In each such policy, except Worker Compensation and Employers Liability, to the extent of the liabilities agreed to be assumed by Contractor, Contractor shall cause (i) the insurer to waive all rights of subrogation against Company Group, (ii) Company Group to be listed as additional insureds and (iii) such policy to be primary as to any other policy of Company Group or otherwise. Before engaging in any Work hereunder, Contractor shall furnish Company an executed Certificate of Insurance (in form satisfactory to Company) evidencing the foregoing insurance. Contractor shall

cause each insurer to agree to give Company at least thirty (30) day's written notice of cancellation or expiration of any such policies or of any other changes that would materially reduce the limits or coverage (or increase the costs to Company) of such policies. Notwithstanding any provision herein to the contrary, failure to secure the insurance coverage, the failure to comply fully with any of the insurance provisions of this Contract, or the failure to secure such endorsements on the policies as may be necessary to carry out the terms and provisions of this Contract, (x) shall in no way act to relieve Contractor from the obligations of this Contract, and (y) shall constitute grounds for the immediate termination of this Contract by Company (in addition to any other rights or remedies available to Company).

(b) *Waiver of Subrogation.* Company and Contractor each hereby waives any and all rights of recovery against the other Group, as defined above, for loss of or damage to such waiving Party or its property or the property of others under its control, where such loss or damage is insured under any insurance policy in force at the time of such loss or damage. Company and Contractor shall, upon obtaining the policies of insurance required hereunder, give notice to the insurance carrier or carriers that the foregoing mutual waiver of subrogation is contained in this Contract.

16. ***Incident Reports.*** Contractor shall immediately notify Company in the event of any incident resulting in injury to any person or property damage in excess of \$500.00 and arising out of the Work. Contractor shall prepare and furnish Company a copy of an incident report within ten (10) calendar days thereof, and when requested, shall furnish Company with a copy of all reports made by Contractor to Contractor's insurers with respect thereto.

17. ***Independent Contractor.*** Contractor shall be an independent contractor with respect to the performance of all Work, and neither Contractor nor anyone employed by Contractor shall be deemed for any purpose to be the employee, agent, servant, borrowed servant or representative of Company in the performance of any Work. Company shall have no direction or control of Contractor or its employees, agents, representatives or subcontractors, except in the results to be obtained. However, the foregoing shall in no way affect or preclude the right of the Company Group to assert any statutory employer defense or other defense which may exist. The Work contemplated herein shall meet the approval of Company and be subject to the general right of inspection of Company to secure the satisfactory completion thereof. The actual performance and supervision of all Work shall be by Contractor, but Company or its representatives shall have full and complete access to the Work site to determine whether the Work is being performed by Contractor in accordance with all provisions of this Contract and applicable Orders and for reasons otherwise stated in this Contract. No provisions herein shall be construed as creating a partnership, joint venture or other association whereby the Company and Contractor would be jointly liable or liable as partners or co-venturers.

18. ***Protection from Liens.*** Contractor shall timely pay and discharge all claims to third party vendors or service providers for Goods and Services furnished to Company hereunder and to allow no lien or charge to become fixed upon any property of Company or any property under the management or control of Company, including any property for which Company is providing goods or services. Contractor shall defend, indemnify and hold harmless Company against any and all such claims or liens. In the event of any such claim or lien, Company shall have the right

to withhold payment from Contractor of an amount sufficient to satisfy any such claim or lien together with all expenses, costs or legal fees related thereto. All requests for payment by Contractor shall be accompanied by proof satisfactory to Company that there are no unsatisfied claims for such third party Goods or Services. Contractor hereby waives, and releases Company and all its successors and assigns from, all claims, demands, liens, security interests and other rights of every kind and character, whether constitutional, statutory, contractual, tortious or equitable, that Contractor now holds or may acquire in, on or against the property of the Company, now owned or hereafter acquired or any property now or in the future under the management or control of Company; provided however that nothing herein shall be interpreted to prevent Contractor from claiming, filing or enforcing any liens when the rights thereto arise directly from Company's failure to pay Contractor in breach of this Contract.

19. **Restoration of Work Site.** Upon completion of any Work performed hereunder, Contractor shall remove its surplus material and equipment from the Work site, shall clean up the Work site in a diligent, good and workmanlike manner and dispose of its own waste and trash in a lawful manner.

20. **Conflicts of Interest.** Except as otherwise expressly provided herein, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall give to or receive from any director, employee, or agent of Company any gift, entertainment or other favor of significant value, or any commission, fee or rebate. Likewise, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall, without prior written notification thereof to Company, enter into any business relationship with any director, employee, or agent of Company or any affiliate, unless such person is acting for and on behalf of Company. Contractor shall promptly notify Company of any violation of this Section and any consideration received as a result of such violation shall be paid over or credited to Company. In the event of any violation of this Section, including any violation occurring prior to the date of this Contract, resulting directly or indirectly in Company's issuance of Orders to Contractor, Company may at Company's sole option terminate this Contract and notwithstanding any other provision of this Contract, pay Contractor only that amount earned prior to the date of termination. Any designated representative for Company may audit any and all records of Contractor Group for the purpose of confirming compliance with this Section.

21. **Precedence of Agreements and Conflict of Provisions** In the event there should be any conflict or ambiguity created between the provision of this Contract and any Order, Contractor's work ticket, invoice, statement, published rate schedule or any other type of memoranda, whether written or oral, between Company and Contractor, or subsequent agreements between the Parties dealing with the subject matter as this Contract, the provisions of this Contract shall control unless modified pursuant to the strict application of Section 23 below.

22. **Assignment of Contract/Subcontracts.** Contractor agrees not to subcontract or assign this Contract or any Work to be furnished hereunder without the prior written consent of Company, and the assignment of this Contract or the subcontracting of any Work to be performed hereunder, if so permitted by Company, shall not relieve Contractor of its duties or obligations hereunder. If Contractor attempts to subcontract or assign this Contract or any Work to be furnished hereunder without such consent, such attempted assignment and subcontracting shall be void and this Contract may be immediately terminated at the option of the Company notwithstanding Section 2 above. All subcontractors shall have the minimum insurance prescribed herein and otherwise comply with the terms of this Contract.

23. **Modification of Contract.** No change; modification, extension, renewal, ratification, revision, discharge, abandonment or waiver of this Contract or any of the provisions hereof or any representation, promise or condition relating to this Contract shall be binding upon Parties unless made in writing, executed by both Parties, and specifically referencing this Section 23 of this Contract, provided that such reference shall be initialed by the representative of each Party, and provided further that such representatives must be at a management or officer position within the respective party equal to or greater than the representative executing this Contract.

24. **Termination.** Company, in its sole discretion, may terminate for any reason and at any time the Work being performed by Contractor hereunder whether such Work commenced under oral or written Orders. The termination of any such Work shall not cancel this Contract and Contractor shall receive its normal compensation pursuant to Section 9 of this Contract prorated to the actual hour of termination for Services completed and Goods delivered.

25. **Attorney's Fees.** In the event that either Party institutes suit to enforce any right or obligation against the other Party arising from or incidental to this Contract, then the prevailing Party shall be entitled to recover reasonable attorney's fees and court costs.

26. **Notices.** All notices to be given with respect to this Contract shall be considered as given to Company and to the Contractor, respectively, if given in writing and delivered personally or sent by registered or certified mail, return receipt requested, courier service with evidence of receipt or by confirmed facsimile, telex or other form of telecommunication. General correspondence pertaining to this Contract and applicable Work or Orders may be sent by regular mail. Such notices shall be effective when delivered if delivered personally or when placed in the mail if mailed in the manner provided above to the addresses shown below.

The address of notice for Company shall be:

14301 Caliber Drive, Suite 300
Oklahoma City, OK 73134
Fax Number: (405) 286-5920
Attn: Chief Financial Officer

The address of notice for Contractor shall be:

Muskie Proppant LLC
1125 N. Broadway St., Suite 2
Menomonie, WI 54751

The addresses given herein may be changed by either Party advising the other in writing of its new address.

27. **Severability.** If any term or provision of this Contract is held by a court or agency of competent jurisdiction to be inconsistent with or contrary to any applicable federal, state or local law, rule or regulation, said term or provision shall be deemed to be modified to the extent required to comply with said law, rule or regulation, and as so modified said provision and this Contract shall continue in full force and effect.

28. **Integration.** This Contract supersedes any and all other agreements, either oral or in writing, between the Parties with respect to the subject matter hereof and contains all of the covenants and agreements between the Parties with respect to the subject matter.

29. **Waiver.** The failure of either Party to exercise any of its rights or remedies hereunder shall not act as a waiver of such rights or remedies nor shall such failure excuse the other Party from any of its obligations hereunder.

30. **Third Party Beneficiaries.** Except as provided in Section 14 with regard to Contractor Group and Company Group, nothing herein shall be construed to confer any benefit on any third party not a party to this Contract nor to provide any rights to such third parties to enforce the provisions hereof.

31. **Choice of Law.** The Parties expressly agree that, since this Contract may include performance at various locations, the obligations and liabilities assumed by the Parties hereunder should not be subject to variation in interpretation by reasons of the geographical locale of Work site. The Parties therefore agree that this Contract, and the enforcement, interpretation and construction thereof shall, to the maximum extent allowed, be governed solely by the laws of the State of Texas, without regard to any conflicts of law principles of said jurisdiction that might require the application of the laws of another jurisdiction.

32. **Survival.** The representations and warranties by Contractor, and the indemnities in this Contract shall survive the completion of any Work performed hereunder by Contractor and the termination of this Contract.

33. **Headings for Convenience.** Sections of this Contract have been labeled for the convenience of the Parties and such headings are not to be utilized for the purpose of construing the meaning of any provision of this Contract.

34. **Multiple Counterparts.** This contract may be executed in multiple counterparts, each of which shall be deemed an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract effective as of the date first written above.

EXHIBIT A

DRUG AND ALCOHOL POLICY

Prohibition of Drugs and Alcohol Contractor agrees to be responsible for ascertaining, maintaining, and monitoring the alcohol and drug free status of its and its subcontractors' employees who are employed on Company's property and, to that end, agrees to the following minimum requirements:

(a) Company reserves the right to ban from its property any of Contractor's or its subcontractors' employees who cannot establish that they are drug and alcohol free to Company's satisfaction.

(b) Contractor's and its subcontractors' employees shall not be permitted to perform Work on Company's property without first consenting to undergo periodic drug or alcohol screening tests.

(c) If the performance of any of Contractor's and its subcontractors' employees on Company's property appears erratic or impaired or after any accident or safety violation where, in Company's sole opinion, such employee's actions indicate that the accident or violation could reasonably have been caused by alcohol or drug use, Company may direct Contractor to remove such employee from Company's property at Contractor's sole cost. No employee so removed shall be permitted to return to Company's property without first undergoing a medical examination that establishes to Company's satisfaction that the condition was not drug or alcohol related.

(d) Company reserves the right to undertake a search of Contractor's and its subcontractors' employees personal effects that are located on Company's property at any time during the performance of the Work to ascertain whether such employees have in their possession drugs, alcohol or any other controlled dangerous substance and the unexcused possession of such will constitute cause for Company to immediately seek replacement of such employees.

(e) Notwithstanding any compliance by Contractor with the requirements set forth herein, and notwithstanding Company's satisfaction with Contractor's means of demonstrating compliance herewith, Contractor shall be and remain fully responsible for any and all failures, and the consequences thereof, to ensure that its and its subcontractors' employees are drug and alcohol free in transit while working on Company's property.

EXHIBIT B

ENVIRONMENTAL LAWS

1. ***Compliance with Environmental Laws.*** Contractor shall give all notices and otherwise fully comply with all laws, statutes, regulations, ordinances, rules, standards, orders or determinations of any local, state or federal governmental authority (including related determinations, interpretations, orders or opinions by any judicial or administrative authority) that has jurisdiction over the Contractor, the Work or the Work site pertaining to protection or conservation of the air, land, water, human health, industrial hygiene or other aspects of the environment, including, without limitation, the following statutes, as supplemented and amended from time to time: the Clean Air Act, the Comprehensive Environmental Response, Compensation and Liability Act, the Federal Water Pollution Control Act, the Solid Waste Disposal Act, the Resource Conservation and Recovery Act, the Safe Drinking Water Act, the Toxic Substances Control Act, the Hazardous Materials Transportation Act, the Federal Oil Pollution Act of 1990 and comparable state and local statutes and implementing rules or regulations ("Environmental Laws").

2. ***Hazardous Materials.*** Contractor represents and warrants to Company that upon delivery or performance of the Work, the Work will not contain or otherwise have incorporated into it any chemical, material or other substance defined as or included in the definition of "hazardous substance," "hazardous material," "hazardous chemical," "hazardous chemical substance," "hazardous waste," or "toxic substance" or words of similar meaning and regulatory effect, as such terms are defined under any Environmental Laws, any broader definition of such terms that is used by a state or locality that has jurisdiction over the Work, or the site or any interpretation by administrative or judicial authorities, or any other chemical, material or substance, exposure to which is prohibited, limited or regulated by any governmental authority or which may or could pose a hazard to human health and safety including, without limitation, asbestos in any form and polychlorinated biphenyls.

3. ***Notice of Spills.*** Contractor shall notify Company as soon as possible after discovery or containment (and in no event later than 1 hour) following any accident or spill involving the release of any chemical, material or other substance described in 2 above.

EXHIBIT C

FEDERAL CONTRACT PROVISIONS

Contractor shall fully comply with the following statutes and executive orders as well as the regulations, orders and rules promulgated thereunder, where required by law, and such statutes and executive orders are hereby incorporated in this Contract by reference as if fully set out: (1) Equal Opportunity Clause (Applicable to all Short Forms for amounts in excess of \$10,000, 41 CFR 60-1.4); (2) Affirmative Action Compliance Programs (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.40); (3) Equal Employment Opportunity Reporting Requirements (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.7); (4) Employment of the Handicapped (Applicable to Short Forms for amounts of \$2,500 or more, 41 CFR 60-741); (5) Employment of Disabled Veterans and Veterans of the Vietnam Era (Applicable to Short Forms for amounts of \$10,000 or more, 41 CFR 60-250); (6) Utilization of Small Business Concerns and Small Disadvantaged Business Concerns (Applicable to Short Forms for amounts of \$10,000 or more, 48 CFR 52.219-8); (7) Utilization of Women-Owned Business concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-8); (8) Utilization of Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-1 to 52-219-21); (9) Small Business and Small Disadvantaged Business Concerns and Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$500,000 or more, 48 CFR 52.219-9); (10) Clean Air and Water (Applicable to Short Forms for amounts of \$100,000 or more, 48 CFR (ch. 1) 23.104; 48 CFR (Ch. 1) 52.223-2); and (11) Hazardous Material Indemnification and Material Safety Data (Applicable when it is contemplated that the Short Form will require delivery of hazardous materials as defined in 29 USC 651, et seq.; 29 CFR 1901, et seq.).

Contractor certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. It certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments and that it will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The Contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause. As used in this certification, the term "segregated facilities" means but is not limited to any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom or otherwise. It further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause; that it will retain such certification in its files; and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certificates for specific time periods):

"NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES.

A Certification of Nonsegregated Facilities must be submitted prior to the award of any subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity Clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually or annually).” Note that the penalty for making false statements is prescribed in 18 U.S.C. 1001.

EXHIBIT D

REQUIRED INSURANCE

A. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY** insurance covering employees engaged in operations hereunder in compliance with all applicable state and federal laws. Coverage to include:

- (i) Workers' Compensation statutory benefits for those states where operations are conducted. A rejection of the Workers' Compensation Act in Wyoming will not be considered valid compliance with this provision. (Owners, who are sole proprietors, may provide valid proof of Health/Medical Insurance coverage to comply with the requirements of the Worker's Compensation Act.)
- (ii) Employer's Liability limits of \$1,000,000 each employee, \$1,000,000 each employee/disease, and \$1,000,000 policy limit.
- (iii) Endorsements providing coverage under Voluntary Compensation, and for Alternate Employers, where applicable.
- (iv) Policy to be endorsed to provide that a claim brought "in rem" shall be treated as a claim brought against the insured.

B. **COMMERCIAL GENERAL LIABILITY** insurance with a limit of \$1,000,000 per occurrence, subject to a \$1,000,000 General Aggregate and including the following:

- (i) Separate Aggregate limit of at least \$1,000,000 for claims under the Products and Completed Operations hazard.
- (ii) Contractual liability coverage covering all operations without regard to any limitations set forth in this Contract.
- (iii) Sudden and Accidental Pollution Liability coverage of at least \$1,000,000.

C. **BUSINESS AUTOMOBILE** insurance covering all Owned, Hired and Non-Owned vehicles with a combined single limit for bodily injury and property damage liability of \$1,000,000 per accident or occurrence.

For all coverages shown above, the territorial limits of the policies shall extend to any area of the world in which the Work is to be conducted.

The Certificate of Insurance required under Paragraph 15 Insurance of the Master Service Contract shall list Diamondback E&P LLC as certificate holder.

EXHIBIT E

DRILLING OPERATIONS

CONTRACTOR RESPONSIBILITY AND EQUIPMENT REQUIREMENT

1) Responsibility for loss or damage:

1. **Contractor's Surface Equipment:** Contractor shall assume liability at all times, regardless of whether the Work is being performed on a footage basis or daywork basis, for damage to or destruction of Contractor's surface equipment, regardless of when or how such damage or destruction occurs, except for such loss or damage as provided in Paragraph 4. below, and Contractor shall release Company of any liability for such loss.
2. **Contractor's In-Hole Equipment - Footage Basis:** Contractor shall assume liability at all times while Work is being performed on a footage basis for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool joints, and Contractor shall release Company of any liability for any such loss, except as provided for in Paragraph 4. below.
3. **Contractor's In-Hole Equipment- Daywork Basis:** In the event the hole should be lost or damaged while Contractor is performing Work on a Daywork Basis, Company shall assume liability for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool joints, and Company shall reimburse Contractor for the value of any such loss or damage; the value to be determined by agreement between Contractor and Company as current repair cost of such equipment delivered to the wellsite, but in any event not to exceed 100% of depreciated value of equipment lost.
4. **Company's Equipment - Environmental Loss or Damage** Notwithstanding the provision of Paragraph 1. above, Company shall assume liability at all times for damage to or destruction of Contractor's equipment caused by exposure to highly corrosive or otherwise destructive elements, including those introduced into the drilling fluid.
5. **Downtime due to Inclement Weather:** Company shall not pay standby for equipment not working due to bad weather or site conditions which do not allow access to Work site.

2) Equipment Required to Drill and Complete:

1. Contractor shall supply drilling rig of sufficient rating to safely handle drill string and casing weights.
2. Contractor shall supply a mud pump adequately sized to effectively circulate the drill hole with sufficient volume and pressure rating with relationship to given hole size, depth, drill string, and drilling fluid type.
3. Contractor shall supply an air compressor and air foam injector pump with minimum acceptable rating of 250-psi discharge pressure with 750 cubic feet per minute volume.
4. Contractor shall supply a water truck with vacuum pump or pressure pump capable of handling a minimum of 60 barrels (42 gallons per barrel) of water. Truck must be capable of and equipped for off-road travel in adverse weather conditions.

-
5. Contractor shall furnish a Washington diverter, or Company approved equivalent, with 6" valve and 6" diameter vent line of sufficient length to meet BLM and/or WOGCC requirements.
 6. Contractor shall provide API drill pipe and drill collars in well-maintained condition.
 7. Contractor may furnish an underreamer sized to be run through 7" OD 20# casing into 6-1/4" pilot hole to provide 12" diameter hole with cutter arms extended.
 8. Contractor may furnish backhoe at the site. Company will furnish earth pits at each drill site for drill fluids and cuttings.

GULFPORT ENERGY CORPORATION

MASTER SERVICE AGREEMENT

NOTE: THIS AGREEMENT CONTAINS INDEMNITY AND RELEASE PROVISIONS

This MASTER SERVICE AGREEMENT ("Agreement") is made and entered into this 22nd day of February, 2013, by and between:

Gulfport Energy Corporation
14313 N. May Ave., Suite 100
Oklahoma City, Oklahoma 73134

("Company")

and

Panther Drilling Systems LLC
5417 SW 29th Street
Oklahoma City, Oklahoma 73179

("Contractor")

Company and Contractor may sometimes herein be referred to individually as a "Party" or collectively as the "Parties".

In consideration of the covenants and promises made by each with the other, Contractor and Company covenant and agree as follows:

1. TERM

This Agreement is effective as of the above-referenced date, and continues for a term of one (1) year; and from year-to-year thereafter until terminated as provided in Section 20 hereof.

2. SCOPE

This Agreement is applicable to any and all services, goods, and/or equipment provided by Contractor to Company in connection with the construction and/or operation of properties and/or facilities for the exploration for, development of, and/or production of oil, gas, and/or other minerals anywhere Company conducts such oil and/or gas exploration and development operations.

3. WORK

This Agreement shall control and govern any and all goods, facilities, and/or services performed by Contractor to Company under oral or written job orders at any time during the term of this Agreement. Unless the Parties specifically agree otherwise, in a written document which specifically refers to this Agreement, any goods, facilities, and/or services requested by Company and agreed to be performed and/or provided by Contractor shall be performed and/or provided pursuant to the terms of this Agreement in the event that any conflict exists between the provisions of this Agreement and the terms and conditions set forth in any job order, statement, purchase order, published rate schedule, delivery ticket or any other type of memoranda, whether written or oral, between Company and Contractor pertaining to the subject matter hereof, the provisions of this Agreement shall control. [MSA controls over POS or other job specific items – handwritten note]

4. INDEPENDENT CONTRACTOR RELATIONSHIP

- a) Contractor shall be an independent contractor with respect to performance of all Work hereunder. Except as specifically provided in sub-paragraph (c) hereto, neither Contractor nor anyone employed by Contractor shall be deemed for any purpose to be the employee, agent, servant, or representative of Company in the performance of any Work or any part thereof pursuant to this Agreement. Company shall have no direction or control of the details of the Work, Contractor, or Contractor's employees, agents, and for subcontractors- Company being interested only in the results obtained.

- b) Notwithstanding the above, the Work contemplated herein must meet the approval of Company and shall be subject to Company's general right of inspection, including unlimited access to the Work premises, to the extent necessary to determine that the Work is being performed and/or completed in accordance with the job order. Any portion of the Work found defective or unsuitable shall be removed, replaced, or corrected without additional costs or risks to Company.
- c) Despite the provisions of this Section 4, in all cases where employees of Contractor Group (which includes the direct, borrowed, special or statutory employees of Contractor Group as defined in Section 10) are covered by the Louisiana Worker's Compensation Act, La. R.S. 23:1021 et seq., Company and Contractor agree that all Work and operations performed by Contractor Group and its employees pursuant to this Agreement are an integral part of and are essential to the ability of Company to generate Company's goods, products and/or services for purposes of La. R.S. 23:1061 (A)(1). Furthermore, Company and Contractor agree that Company is the principal or statutory employer of Contractor Group's employees for the purposes of La. R.S. 23:1061(A)(3). Irrespective of Company's status as the principal or statutory employer (as defined in La. R.S. 23:1031(c)) of Contractor Group's employees, Contractor shall remain primarily responsible for the payment of Louisiana Worker's Compensation benefits to Contractor's and Contractor Group's employees, and shall not be entitled to seek contribution for any such payments from Company.

5. CONTRACTOR'S WORKERS AND EQUIPMENT

- a) All workers furnished by Contractor or Contractor's subcontractor(s) shall be experienced and qualified for their respective task(s). Contractor, at its own cost and expense, shall provide: 1) the labor and/or services necessary and appropriate to the performance of the Work in good, safe, and workmanlike manner in accordance with good oilfield servicing practices; and/or 2) the equipment, consumable materials, supplies, tools, and appliances necessary and appropriate to the performance of the Work free from defect. Contractor shall be solely responsible for any loss and/or damage to such equipment, materials, supplies or tools. [Conflicts w/lost in hole – handwritten note]
- b) In the event that Contractor employs subcontractor(s) in either the performance of the Work or provision of equipment, Contractor is obligated to inform Company of such use. Company further reserves the right to approve all such subcontractor(s). If Company consents to such subcontracting, Contractor agrees to require all such subcontractor(s) to comply with all provisions of this Agreement. Contractor further agrees to not charge Company for any materials and/or equipment not owned by Contractor, such as that rented from third parties, used in the Work without Company's prior written consent.

6. PERFORMANCE OF WORK

- a) Nothing contained herein shall obligate Company to call upon Contractor for the performance of any Work whatsoever. Similarly, Contractor shall not be obligated to accept any Company Work request(s). Further, the designation of any Work to be performed, and the cessation of such Work, shall be at the sole discretion of Company.
- b) Contractor shall provide continuous adequate protection of the Work and Company property as well as take all necessary precautions to insure the safety of all persons and/or employees on the Work site, including Company Group, as defined in Section 10.
- c) Contractor is responsible for initiating, maintaining and supervising all necessary Safety and Drug Testing Policies and Procedures (copies of which are to be provided to Company upon request) in connection with the performance of the Work and comply and cause Contractor's employees, agents, subcontractors, and others entering on Company's premises in the performance of the Work, or in connection therewith, to comply with all applicable laws, rules, ordinances, and/or regulations, whether federal, state, municipal or foreign, which are now or may, in the future become applicable to the Work.
- d) Contractor shall examine all items furnished by Company which are to be employed in connection with the Work and immediately notify Company of any and all defects sufficient to make the use of any such items unsuitable or unsafe. If Contractor fails to make such examination or fails to report such defect, Contractor shall be deemed to have assumed all risk and liability for any mishap which may occur by failure of, or defects in, such items.

7. PRICES

- a) The price(s) charged by Contractor for goods, facilities, and/or services provided to Company shall be the lowest of (i) the prices stated on Contractor's published schedule of rates and prices, as such rates and prices are in effect on the date on which the services are rendered or the goods or equipment are ordered, (ii) any prices negotiated between Company and Contractor at the time the Work is provided, or (iii) any prices submitted by Contractor in a bid. Prior to the Parties agreeing on a particular price, Company shall have the right at any time to request and negotiate for prices lower than Contractor's published prices and/or to request bids from Contractor and others.
- b) When Contractor's rate is calculated on a daily basis, twelve (12) hours shall constitute one (1) "day" unless the Parties agree otherwise in writing. When less than a full twelve (12) hour "day" is worked, Contractor shall be paid only that proportionate part of the rate per "day" which the number of hours worked, computed to the nearest one-half hour, bears to the full twelve (12) hour "day."
- c) Charges for transportation of goods and/or services to and from the Work location shall be calculated from the nearest competitive point to the Work location unless otherwise agreed upon in writing.

8. TERMS OF PAYMENT AND BILLING INSTRUCTIONS

- a) All Contractor invoices shall identify (i) the items related to the charges and provide appropriate documentation supporting such charges (including, but not limited to, receipts, time sheets, dates, hours, rate, labor classifications, and material charges; all with appropriate approvals of Company personnel), (ii) whether prices are the published, negotiated, or bid prices, (iii) charges by, as applicable, block name and number, lease number and name, or platform name and number, and well number. If Company separately agrees to pay for travel time, Contractor shall identify such time on its invoices separately from other time billed.
- b) All invoices shall be directed to the following address unless otherwise specified by Company:

Gulfport Energy Corporation
14313 N. May Ave., Suite 100
Oklahoma City, Oklahoma 73134
Attention: Hien Nguyen
- c) Contractor shall submit invoices only after the invoiced Work is completed unless Company approves other invoicing arrangements at the time it requests the Work. Separate invoices should be submitted for each project whether drilling, production, or otherwise. Single invoices for multi-wells or multi-projects are not acceptable. Company normally will not make partial payments on invoices. Therefore, if part of an invoice is in error, including any omission of, or error in information required to be in the invoice (as described above), or is disputed by Company, said invoice will be returned for correction.
- d) Unless-Company disputes an item in an invoice or requires any information provided for herein, or the invoice is submitted in improper form, Company shall pay Contractor the full amount of an invoice within sixty (60) days after its receipt, less any cash discount. Any payment shall be made by Company's check or draft payable to the order of Contractor, and shall be delivered or mailed to Contractor at Contractor's address for the delivery of notices as provided herein. Payment by Company of Contractor's invoices shall be without prejudice to Company's rights to subsequently challenge the correctness thereof. [net 60 of receipt – handwritten note]
- e) Notwithstanding the approval for payment of any invoices submitted, Company shall have the right to withhold any payments thereon until Contractor shall have furnished (i) verification satisfactory to Company of Work performed, (ii) verification of satisfactory performance of all goods, equipment, and facilities to which such payment relates, (iii) proof that all claims against Contractor by its suppliers and subcontractors for labor, goods, equipment, and facilities of any kind furnished in connection with Contractor's obligations under this Agreement have been fully paid and satisfied, and (iv) proof that all liens, claims and privileges of Contractor's suppliers and subcontractors, and claims for injuries to persons or property not covered by insurance, arising out of Work performed or goods, equipment, or facilities furnished in connection with Contractor's obligations under this Agreement have been fully released or satisfied.

9. INSURANCE

- a) Company and Contractor agree that the indemnity and insurance obligations contained in this Agreement are separate and apart from each other, such that failure to fulfill the indemnity obligations does not alter or eliminate the insurance obligations or vice versa. Company and Contractor further agree that the insurance obligations shall support but shall not in any way limit the defense and indemnity obligations or liabilities set forth herein. At all times during the term of this Agreement and at its own cost and expense (including all premiums and deductibles), Contractor shall carry with an insurance company or companies, satisfactory to Company and authorized to do business in all areas of transportation and operation of this Agreement, insurance coverage of the types and in the minimum amounts provided in Exhibit "A", attached hereto.
- b) All of Contractor's insurance policies (whether above specified or not) shall be endorsed to provide that the underwriters waive subrogation (whether by loan receipt, equitable assignment, or otherwise) against members of Company Group, as defined in Section 10, who shall also be named as additional insured(s) under such policies [except those described as Worker's Compensation Insurance and Employer's Liability Insurance in Exhibit "A" attached hereto) to the full extent of the release, defense and indemnity obligations assumed by Contractor in this Agreement.
- c) Prior to performing Work or services and prior to providing goods, equipment, and/or facilities hereunder, Contractor shall furnish Company with Certificates of Insurance satisfactory to Company, which shall evidence that the coverages specified in Exhibit "A" attached hereto are in full force and effect and provide that such insurance policies shall not be cancelled, reduced, or materially changed without thirty (30) days prior written notice to Company. Current Certificates of Insurance shall be provided by Contractor to Company on an ongoing basis without the necessity of Company requesting same. Failure of Company to object to Contractor's delay or failure to furnish such Certificates of Insurance or to object to any defect therein shall not be deemed a waiver of Contractor's obligation to furnish the Certificates of Insurance or the insurance coverage described in Exhibit "A" attached hereto. However, such failure by Contractor shall allow Company to cancel any Work order or to terminate this Agreement per Section 20 of this Agreement. [Panther policy does not have 30 day terms – handwritten note]
- d) Contractor shall require all of its subcontractors to provide such of the coverage provided for in Exhibit "A", as well as any other coverage, that Contractor considers necessary. However, the fact that any subcontractor provides any of the coverage provided for in Exhibit "A" or any other coverage that Contractor considers necessary shall not itself relieve Contractor of its obligations to provide such coverage.

10. INDEMNITY

- a) Company and Contractor recognize that in connection with the operations contemplated by this Agreement, accidents and events may occur in which property is lost, damaged or destroyed and/or in which persons may be killed or injured or become ill. Company and Contractor further recognize that certain of such risks may be covered by insurance as provided in this Agreement. However, Company and Contractor agree that the indemnity and insurance obligations contained in this Agreement are separate and apart from each other, such that failure to fulfill the indemnity obligations does not alter or eliminate the insurance obligations or vice versa. The insurance obligations under Section 9 hereof shall not in any way limit the defense and indemnity obligations of Company and Contractor, as allocated in this Agreement.
- b) For purposes of this Agreement, the "Company Group" shall mean any and all of Company, its owners, affiliates, partners, joint venturers, and contractors and subcontractors of any tier (except Contractor Group) and each of their officers, directors, employees, representatives, and invitees.

CONTRACTOR AGREES TO RELEASE, DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, CAUSES OF ACTION, SUITS, LOSSES, DAMAGES, AND LIABILITIES OF EVERY KIND AND CHARACTER ARISING DIRECTLY OR INDIRECTLY IN CONNECTION HEREWITH FOR INJURY TO, OR ILLNESS OF, DEATH OF CONTRACTOR'S EMPLOYEES

(INCLUDING, BUT NOT LIMITED TO, EMPLOYEES OF CONTRACTOR WHO ARE DEEMED TO BE COMPANY'S STATUTORY EMPLOYEES OR BORROWED EMPLOYEES UNDER ANY LAW OR JURISPRUDENCE OR UNDER THE WORKER'S COMPENSATION STATUTES OF ANY JURISDICTION) OR DAMAGE TO PROPERTY OF CONTRACTOR.

- c) For the purposes of this Agreement "Contractor Group" shall mean any and all of Contractor and its subcontractors of any tier, and each of their officers, directors, employees, representatives, and invitees.

COMPANY AGREES TO RELEASE, DEFEND, INDEMNIFY AND HOLD HARMLESS CONTRACTOR GROUP FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, CAUSES OF ACTION, SUITS, LOSSES, DAMAGES, AND LIABILITIES OF EVERY KIND AND CHARACTER ARISING DIRECTLY OR INDIRECTLY IN CONNECTION HERewith FOR INJURY TO, OR ILLNESS OF, OR DEATH OF COMPANY'S EMPLOYEES (WHICH DOES NOT INCLUDE EMPLOYEES OF CONTRACTOR WHO ARE DEEMED TO BE COMPANY'S STATUTORY EMPLOYEES OR BORROWED EMPLOYEES UNDER ANY LAW OR JURISPRUDENCE OR UNDER THE WORKER'S COMPENSATION STATUTES OF ANY JURISDICTION) OR DAMAGE TO PROPERTY OF COMPANY.
- d) CONTRACTOR SHALL ASSUME FULL RESPONSIBILITY FOR AND SHALL DEFEND AND INDEMNIFY COMPANY GROUP FROM AND AGAINST ANY LOSS, DAMAGE, EXPENSE, CLAIM, FINE OR PENALTY, DEMAND, OR LIABILITY, FOR POLLUTION OR CONTAMINATION, INCLUDING CONTROL AND REMOVAL THEREOF (COLLECTIVELY, "POLLUTION CLAIMS"), ORIGINATING FROM SPILLS, LEAKS, OR DISCHARGES OF FUELS, LUBRICANTS, MOTOR OILS, PIPE DOPE, PAINTS, SOLVENTS, BALLAST, BILGE, SLUDGE, GARBAGE, OR ANY OTHER LIQUID OR SOLID WHATSOEVER IN POSSESSION OR CONTROL OF CONTRACTOR GROUP WITHOUT REGARD TO ANY NEGLIGENCE OR FAULT OF ANY PARTY OR PARTIES. FOR POLLUTION FROM ANY OTHER SOURCES, CONTRACTOR SHALL BE RESPONSIBLE "AT LAW" TO THE EXTENT OF CONTRACTOR'S NEGLIGENCE UP TO \$1,000,000 PER OCCURRENCE, AND COMPANY SHALL PROTECT, DEFEND, INDEMNIFY, SAVE, AND HOLD HARMLESS CONTRACTOR FROM AND AGAINST ANY POLLUTION CLAIMS OVER \$1,000,000 PER OCCURRENCE. INITIATION OF CLEANUP OPERATIONS BY EITHER PARTY SHALL NOT BE AN ADMISSION OR ASSUMPTION OF LIABILITY BY SUCH PARTY.
- e) If it is judicially determined that the monetary limits of insurance required hereunder or of the indemnities voluntarily and mutually assumed under this Section 10 (which shall be supported either by equal amounts of available liability insurance, under which the insurer has no right of subrogation against the indemnities, or voluntarily self-insured in part or whole) exceed the maximum limits permitted under applicable law, the insurance requirements and indemnities shall automatically be amended to conform to the maximum monetary limits permitted under the law.
- f) NOTWITHSTANDING ANY OTHER PROVISION IN THIS CONTRACT, (I) ANY PUNITIVE DAMAGE AWARD SHALL BE THE SOLE AND EXCLUSIVE OBLIGATION OF THE PARTY AGAINST WHOM THE AWARD IS ISSUED AND, (II) GROSS NEGLIGENCE OR WILLFUL MISCONDUCT SHALL BE THE SOLE AND EXCLUSIVE RESPONSIBILITY OF THE ACTOR. NOTWITHSTANDING SUCH FACT, AN ALLEGATION OF PUNITIVE DAMAGES OWING BY, OR GROSS NEGLIGENCE OR WILLFUL MISCONDUCT ON THE PART OF AN INDEMNIFIED PARTY, SHALL NOT DIMINISH THE INDEMNITY OR DEFENSE OBLIGATIONS OF THE INDEMNIFYING PARTY; PROVIDED HOWEVER, THAT ANY DAMAGE AWARDS, TO THE EXTENT CONSISTING OF PUNITIVE DAMAGES AGAINST, OR ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY, SHALL BE THE RESPONSIBILITY OF THE INDEMNIFIED PARTY AND EXCLUDED FROM THE INDEMNITOR'S INDEMNITY OBLIGATIONS HEREUNDER.
- g) IN THE EVENT THAT AN OTHERWISE INDEMNIFIABLE CLAIM UNDER THIS AGREEMENT IS FOUND BY A COURT OF COMPETENT JURISDICTION TO BE SUBJECT TO THE INDEMNITY LIMITATIONS IN THE LOUISIANA OILFIELD ANTI-INDEMNITY ACT, LA. REV. STAT. ANN. SECTION 9:2780, AS AMENDED, AND FOR SO LONG AS THAT ACT IS IN FORCE, THEN IT IS AGREED THAT THE ABOVE

11. INDEMNITY OBLIGATION WITHOUT LIMITATION

EXCEPT AS OTHERWISE EXPRESSLY STATED, IT IS THE INTENT OF THE PARTIES HERETO THAT ALL RELEASE, DEFENSE AND INDEMNITY OBLIGATIONS ASSUMED BY THE PARTIES UNDER THE TERMS OF THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, SECTIONS 10 AND 11 HEREOF, IN THEIR ENTIRETY, BE WITHOUT MONETARY LIMIT AND WITHOUT REGARD TO THE CAUSE OR CAUSES THEREOF (INCLUDING PRE-EXISTING CONDITIONS OR DEFECTS). THE UNSEAWORTHINESS OF ANY VESSEL OR VESSELS, THE NEGLIGENCE OF ANY PARTY OR PARTIES (WHETHER THE NEGLIGENCE BE SOLE, JOINT, OR CONCURRENT, ACTIVE, OR PASSIVE), THE BREACH BY ANY PARTY OR PARTIES OF ANY CONTRACT, OR ANY STATUTE, RULE, OR THEORY OF LAW (INCLUDING, BUT NOT LIMITED TO, STRICT LIABILITY). THIS AGREEMENT SHALL CREATE NO RIGHT OF ACTION IN ANY PERSON NOT A PARTY HEREUNDER OR NOT SPECIFICALLY IDENTIFIED AS AN INDEMNITEE HERETO. THE PARTY ASSUMING LIABILITY UNDER THIS AGREEMENT AGREES AT ITS SOLE EXPENSE TO INVESTIGATE AND DEFEND (AND/OR SETTLE) ANY CLAIM OR SUIT FOR WHICH IT IS OBLIGATED TO PROVIDE INDEMNIFICATION HEREUNDER, TO BEAR ALL COSTS AND EXPENSES RELATED THERETO (INCLUDING, BUT NOT LIMITED TO, COURT COSTS AND ATTORNEY'S FEES), TO REIMBURSE THE INDEMNIFIED PARTY FOR ITS COSTS AND EXPENSES AS THEY ARE INCURRED, AND TO SATISFY ANY JUDGMENTS OR DECREES WHICH MAY BE ENTERED THEREIN.

CONTRACTOR'S DEFENSE AND INDEMNITY OBLIGATIONS TO COMPANY GROUP SHALL NOT INCLUDE COMPANY GROUP'S CONTRACTUAL DEFENSE AND INDEMNITY OBLIGATIONS TO OTHERS. COMPANY'S DEFENSE AND INDEMNITY OBLIGATIONS TO CONTRACTOR GROUP SHALL NOT INCLUDE CONTRACTOR GROUP'S CONTRACTUAL DEFENSE AND INDEMNITY OBLIGATIONS TO OTHERS. HOWEVER, IF BOTH CONTRACTOR AND COMPANY OWE DEFENSE AND INDEMNITY TO THE SAME ENTITY OR PERSON, CONTRACTOR WILL SATISFY AND PERFORM CONTRACTOR'S SAID OBLIGATIONS WITHOUT CONTRACTOR OR CONTRACTOR'S INSURERS SEEKING SHARING RECOUPMENT OR RECOVERY FROM COMPANY WITH RESPECT TO SAID OBLIGATIONS.

12. TAXES AND CLAIMS

- a) Contractor shall pay all taxes, licenses, and fees levied or assessed on Contractor in connection with or incident to the performance of this Agreement by any governmental agency for unemployment compensation insurance, old age benefits, Social Security, or any other taxes upon the wages or salaries paid by Contractor, its agents, employees, and representatives. Contractor agrees to require the same agreements, and to be liable for any breach thereof, by any of its subcontractors.
- b) Contractor shall reimburse Company on demand for all taxes or governmental charges, state or federal, which Company may be required, or deem necessary, to pay on account of Contractor Group. Contractor agrees to furnish Company with the information required to enable it to make the necessary reports and to pay the taxes or charges. At its election, Company is authorized to deduct all sums so paid for taxes and governmental charges from any money due Contractor hereunder.
- c) Contractor shall pay all claims for labor, materials, services, and supplies furnished by Contractor hereunder and agrees to allow no lien or charge to be fixed upon the lease, well, land, equipment, or other property of Company Group. Contractor shall defend and indemnify Company Group from and against all such claims and liens. If Contractor shall fail or refuse to pay any claim or indebtedness incurred by Contractor under this Agreement, Company, in addition to any other remedies it may have, shall have the right to pay the claim or indebtedness out of any money due to Contractor hereunder. No assignment or transfer by Contractor of rights to monies due Contractor hereunder shall have any force or effect on Company's rights hereunder until all the claims and indebtedness by Contractor shall have been completely liquidated and discharged.

13. PATENTS, COPYRIGHTS, AND TRADE SECRETS

Contractor shall defend and indemnify Company Group from and against any and all liabilities, claims, suits, judgments, injury, cost, expense, including attorney's fees, damages, and losses arising directly or indirectly from any infringement or violation, or alleged infringement or violation, of any patent, patent rights, trade secrets, trademarks, copyrights, or other proprietary rights covering any equipment, machine, tool, appliance, article, substance, device, software, or design used or supplied by Contractor, or any process, operation, or method of operation or design, furnished, used or practiced by Contractor, in the performance of this Agreement

14. REPORTS TO BE FURNISHED BY CONTRACTOR

- a) Contractor shall keep and furnish to Company a daily report showing data as required by Company. The daily report shall include, without limitation, (i) delivery tickets covering any material or supplies furnished by Contractor or chargeable to Company, which delivery tickets shall be confirmed by Contractor's representative as to quantity, description, and condition, and (ii) daily time sheets indicating starting and stopping times for people engaged in the Work contracted for hereunder, which time sheets must be signed by authorized Company personnel.
- b) In the event Contractor Group is involved in an accident or occurrence resulting in injury or damage on Company's premises, or if such accident or occurrence involves Company Group's or Contractor Group's property, equipment, or personnel, or if such accident or occurrence involves any third party in any manner whatsoever while Contractor Group is performing any duties within the scope of this Agreement, Contractor shall Immediately report such accident or occurrence to Company and Contractor's insurer. The reporting of any accident or occurrence will not imply any admission of liability on the part of Company Group or Contractor Group. Contractor shall cooperate with Company in any investigation Company shall make of such accident or occurrence. Contractor shall promptly furnish Company with a copy of all reports of any such accidents and occurrences made by Contractor to its insurer, a government agency, or others.
- c) Contractor shall turn in with the daily report delivery tickets, as received, covering any materials or supplies delivered to the Work location by Company or furnished by vendors for which Company is obligated to reimburse Contractor. The quantity, description, and condition of materials and supplies so furnished shall be verified and checked by Contractor, and the delivery shall be properly certified as to receipt by Contractor's representative.
- d) Contractor shall in a timely manner make all reports required by law relating to its performance under this Agreement, and copies shall be delivered to Company as soon as practical.

15. AUDIT

An authorized representative of Company may at any time during Contractor's usual business hours audit any and all records of Contractor relating to the Work performed hereunder. Contractor shall retain for a minimum period of two (2) years complete and accurate records of all of Contractor's costs and documentation of items that are chargeable to Company under this Agreement, which records shall include (without limitation): (i) payroll records, including social security numbers and labor classifications, accounting for total time distribution of Contractor's employees working full or part time on the Work, as well as cancelled payroll checks or signed receipts for payroll payments in cash, (ii) invoices for purchases, receiving and issuing documents, and all other unit inventory records for Contractor's stocks or capital items, and (iii) paid invoices and cancelled checks for materials purchased and for any and all subcontractor and other third party charges.

16. CONFIDENTIALITY

All information obtained by Contractor in the performance of Work under this Agreement, other than information which is common knowledge or within the public domain, shall be considered confidential and shall not be divulged by Contractor except to duly authorized representatives of Company or as otherwise duly authorized by Company in writing, or used by Contractor for any purpose other than the provision of goods, facilities or services to Company pursuant to this Agreement. These provisions shall remain binding obligations on Contractor after the completion, expiration or termination of this Agreement until Company

reasonably determines that the confidential information referred to herein has become part of the public domain other than by the divulgence prohibited herein, or until the date five (5) years after completion of the Work, whichever occurs first.

17. WARRANTIES

- a) Contractor shall perform all services with due diligence, in a good and workmanlike manner, and in accordance with this Agreement, the Work order, and any design specifications. Contractor warrants that all goods and materials provided or incorporated in the Work shall be new, unless otherwise approved by Company, and shall be of good quality. Services may be reviewed and tested by Company's representative and are subject to its approval and acceptance. Contractor shall have adequate equipment in good working order and fully trained personnel capable of efficiently operating such equipment and performing services hereunder in a safe, proper, and workmanlike manner.
- b) Contractor warrants that the goods delivered under this Agreement will conform to the specifications given by Company and that the goods will be merchantable, of good workmanship and material, and free from defect. Contractor agrees that all guarantees or warranties of items furnished to Contractor and its subcontractors by a manufacturer shall be for the benefit and Company. The warranties provided by Contractor shall survive this Agreement and any inspection, test, or acceptance.

18. ASSIGNMENTS

Contractor may not assign this Agreement in whole or in part without the prior written consent of Company, and no assignment shall relieve Contractor of its obligations under this Agreement.

19. CESSATION OF WORK

Company may, without any liability to Contractor countermand any Work order given to Contractor at any time before that Work is commenced by Contractor. Company may order the cessation of the Work at any time, being liable to Contractor for only the value of the Work performed prior to the cessation order.

20. TERMINATION

This Agreement may be terminated by Contractor by giving written notice to Company at any time prior to the receipt by Contractor of notification by Company to perform Work hereunder. Upon receipt and acceptance by Contractor of such notice of Work, however, Contractor shall be bound by all of the terms and provisions hereof with respect to the Work specified in the notice. This Agreement may be terminated by Company at any time by giving written notice to Contractor.

21. REMEDIES

Except as otherwise provided in Sections 10 and 11 on indemnity, in the event of default under this Agreement by either Party, the other Party shall have all rights and remedies available under the law.

22. FORCE MAJEURE

Neither Company nor Contractor shall be liable to the other for any delay, damage, or failure to act due to, or occasioned or caused by laws, orders, rules, or regulations or by strikes, unusually severe actions of the elements, fires, explosions, or other unusually restrictive causes beyond the reasonable control and not reasonably within the contemplation of the Parties. Any delay due to any of the above causes shall not be deemed to be a breach of or failure to perform under this Agreement; provided, however, that the Party rendered unable, in whole or part to carry out its obligations under this Agreement shall promptly give notice and full particulars of the cause of such delay, damage, or failure to act in writing to the other Party after such occurrence. Unless otherwise agreed by the Parties, Contractor shall not be entitled to payment for services suspended during periods of Force Majeure, and after seven days of Force Majeure conditions Company shall have the right to cancel the pertinent oral or written Work order without consequences.

23. NOTICES

All notices under this Agreement, other than billing, shall be in writing and shall be hand delivered or deposited in the U.S. mail, postage prepaid, addressed as follows:

To Contractor:	Panther Drilling Systems LLC 5417 SW 29th Street Oklahoma City, OK 73179 Attn: Danny Ward
To Company:	Gulfport Energy Corporation 14313 N. May Ave., Suite 100 Oklahoma City, Oklahoma 73134 Attn: Legal Department

24. MISCELLANEOUS

- a) The Parties agree that time is of the essence under this Agreement.
- b) The section and paragraph headings in this Agreement are for convenience only, and they shall not be employed to construe or interpret the provisions of this Agreement.
- c) The rights herein given to either Party hereto may be exercised from time to time, singularly or in combination, and the waiver of one or more of such rights shall not be deemed to be a waiver of such right in the future, or of any one or more of the other rights which the exercising Party may have. No waiver of any breach of a term, provision or condition of this Agreement by one Party shall be deemed to have been made by the other Party hereto, unless such waiver is expressed in writing and signed by an authorized representative of such Party. The failure of either Party to insist upon the strict performance of any term, provision or condition of this Agreement, or to exercise any option herein given, shall not be construed as a waiver or relinquishment in the future of the same or any other term, provision, condition or option.
- d) If Company consents to any subcontracting of the Work or services to be performed, Contractor agrees to have the subcontractors comply with all provisions of this Agreement. Notwithstanding anything in this Agreement to the contrary, Contractor's subcontractors shall be bound by and subject to the terms and provisions of this Agreement (including, but not limited to, the insurance obligations and release, defense and indemnity provisions), and Contractor shall be liable to Company for any breach thereof by any of its subcontractors or their employees or agents as if such breach had been committed by Contractor.
- e) If any one or more of the provisions of this Agreement shall for any reason be held by a court of competent jurisdiction to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect the remaining provisions of this Agreement, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been a part hereof.
- f) If any litigation is commenced between the Parties concerning this Agreement, the Party prevailing in such litigation shall be entitled to the reasonable attorneys' fees and expenses of counsel, courts costs and other litigation expenses incurred by reason of such litigation.
- g) This Agreement will enure to the benefit of and be binding upon the Parties hereto and their respective successors and permitted assigns.

25. GOVERNING LAW AND VENUE

THIS AGREEMENT SHALL BE CONSTRUED AND THE RELATIONS BETWEEN THE PARTIES DETERMINED IN ACCORDANCE WITH, TO THE EXTENT APPLICABLE, THE GENERAL MARITIME LAW OF THE UNITED STATES OF AMERICA, AND TO THE EXTENT SUCH GENERAL MARITIME LAW IS NOT APPLICABLE, THE LAWS OF THE STATE OF OKLAHOMA, NOT INCLUDING, HOWEVER, IN EITHER SITUATION ANY CONFLICTS OF LAW RULES OR PROVISIONS WHICH WOULD DIRECT OR REFER TO THE LAWS OF ANOTHER JURISDICTION.

26. ENTIRE AGREEMENT

The foregoing provisions contain the entire agreement between Contractor and Company and supersede all previous communications, representations, or agreements, either oral or written, with respect to the subject matter, and no agreement or understanding varying or extending the terms hereof will be binding on either Party unless written and duly executed by an authorized representative of each Party; provided, however, that if the Work hereunder includes the supply of anything for which Company issues a purchase order, the terms of the purchase order shall be effective solely to the

extent that they are not inconsistent with and do not conflict with the terms of this Agreement. The execution by any Company employee of any receipt or similar document prepared by Contractor and containing any contrary or additional terms shall not modify or add to the terms of this Agreement or create a new agreement. [MSA controlling document over POS – handwritten note]

IN WITNESS WHEREOF, this Agreement, which may be executed in multiple counterparts, is hereby executed by duly authorized representatives of each Party as of the date first above written.

EXHIBIT A

TO MASTER SERVICE AGREEMENT

INSURANCE COVERAGE

Worker's Compensation Insurance

Worker's Compensation Insurance in accordance with all applicable state and federal laws and regulations, including occupational disease coverage. If the performance of this Agreement requires the use of watercraft or is performed over water, Contractor shall provide insurance coverage, with territorial limits extended to include areas of transportation and operation under this Agreement, for liability under the U.S. Longshoreman and Harbor Worker's Compensation-Act, the Outer Continental Shelf Lands Act, Death on the High Seas Act, and liability for admiralty benefits and damages under the Jones Act and general maritime law, with Marine and Voluntary Compensation Endorsement for transportation, maintenance, wage, and cure, and with limits of not less than \$500,000 per person and \$1,000,000 per occurrence. Such coverage shall further provide that a claim "in rem" shall be treated as a claim "in personam," and shall include an alternate employer and/or borrowed servant endorsement in favor of Company Group, as defined in Section 10.

Employer's Liability Insurance

Employer's Liability Insurance with minimum limits of \$1,000,000 per occurrence, covering injury or death to any employee which may be outside the scope of Worker's Compensation statute of the state in which the Work is performed or outside the scope of similar federal statutes if the Work is performed outside state jurisdiction, and Maritime Employer's Liability Insurance with limits of \$1,000,000 per person and \$1,000,000 per occurrence, both with alternate employer and/or borrowed servant endorsements in favor of Company Group, as defined in Section 10.

Maritime operations policies shall be endorsed specifically to include the following coverages: U.S. Longshore and Harbor Workers' Compensation Act, including the Outer Continental Shelf Lands Act, full maritime endorsement, including Jones Act, Unseaworthiness, Death on the High Seas Act, and the General Maritime Law for all employees. Including coverage for transportation, wages, maintenance, and cure.

General Liability Insurance

General Liability Insurance, including contractual liability insuring the indemnity agreement as set out in this Agreement and Contractor's Protective Liability covering Work sublet, with minimum limits of \$1,000,000 applicable to bodily injury, sickness or death in any one occurrence and \$1,000,000 for loss or damage to property in any one occurrence. Such insurance shall also include (1) coverage for property damage due to blasting and explosion, structural property damage, underground property damage, and surface from blowout and cratering, (2) Completed Operations and/or Products Liability coverage, and (3) an endorsement to the policies stating that a claim "in rem" shall be treated as a claim "in personam."

Comprehensive Automobile Liability Insurance

Comprehensive Automobile Liability Insurance covering owned, non-owned and hired vehicles used by Contractor with minimum limits of (1) \$250,000 applicable to bodily injury, sickness, or death of any one person, (2) \$500,000 for more than one person in any one occurrence, and (3) \$250,000 for damage to property in any one occurrence.

Offshore Projects

If the performance of this Agreement requires the use of watercraft, Contractor shall carry or require the owners of the watercraft to carry: (1) Hull and Machinery insurance (including Collision Liability) in an amount not less than the market value of the watercraft or (combined single limit) per occurrence of \$1,000,000, whichever is greater on the American Institute Hull clauses (June 2, 1977) Form or equivalent, and (2) Protection and Indemnity Insurance in an amount not less than the market value of the watercraft or \$1,000,000, whichever is greater. Both of such insurance coverages shall provide adequate navigation limits to cover the Work to be performed hereunder and shall have the Charterer's and/or Owner's Limitation Clause deleted.

Such policy shall be endorsed to provide as follows: Chartered Vessel; Members of the Crew; Marine Contractual Liability; Tower's Liability; In Rem Liability; Collision Liability; Waiver of Subrogation in favor of Company; Removal of "other than Owner" limitation clauses as respects Company; Removal of the "as Owner of the vessel named herein" clauses as respects Company.

CONTRACTOR SHALL ALSO MAINTAIN EXCESS AND/OR UMBRELLA COVERAGES OVER THE ABOVE DESCRIBED COVERAGES SUCH THAT THERE IS IN PLACE A MINIMUM LIMIT OF \$10,000,000 INSURANCE COVERAGE ON EACH OCCURRENCE.

IN THE EVENT CONTRACTOR IS A SELF-INSURER AND COMPANY HAS CONSENTED TO CONTRACTOR BEING A SELF-INSURER AS TO ANY ONE OF THE RISKS TO WHICH COVERAGE IS HEREIN REQUIRED, EVIDENCE OF SUCH CONSENT MUST BE IN WRITING AND APPROVED BY A REPRESENTATIVE OF COMPANY AUTHORIZED TO ENTER INTO SUCH CONSENT AGREEMENT.

AMENDMENT TO MASTER SERVICE AGREEMENT

This Amendment to Master Service Agreement (this "**Amendment**") is made this 23rd day of May, 2016 by and among Gulfport Energy Corporation; Gulfport Buckeye LLC; and *Panther Drilling Systems LLC* ("**Contractor**"). The parties to this Amendment are sometimes individually referred to as a "**Party**", or collectively as the "**Parties**".

WHEREAS, Gulfport Energy Corporation and Contractor entered into that certain Master Service Agreement, dated *February 22, 2013* (the "**MSA**"), to govern the contractual obligations related to services, goods, facilities and/or equipment provided by Contractor to Gulfport Energy Corporation.

WHEREAS, Gulfport Energy Corporation acquired Paloma Partners III, LLC on or about August 31, 2015 (the "**Effective Date**").

WHEREAS, on September 28, 2015, Gulfport Energy Corporation filed a Certificate of Amendment with the State of Delaware Secretary of State changing the name of Paloma Partners III, LLC to Gulfport Buckeye LLC.

WHEREAS, the Parties desire to amend the MSA to add Gulfport Buckeye LLC as a party to the MSA as set forth below.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and intending to be legally bound, the Parties agree as follows:

1. **Defined Terms**. Capitalized terms used but not defined herein shall have the same meanings given to such terms in the MSA.
2. **Recitals**. The foregoing recitals are incorporated into and made a part of this Amendment.
3. **Company**. The Parties agree that the term "Company" shall be amended in the MSA to include both Gulfport Energy Corporation and Gulfport Buckeye, LLC.
4. **Applicability of Amendment**. The MSA, as amended, shall apply to any services, goods, facilities and/or equipment provided by Contractor to Gulfport Buckeye, LLC on or after the Effective Date.
5. **Counterparts**. This Amendment may be executed in a number of identical counterparts, including, without limitation, facsimile or email execution copies. If so executed, each counterpart is to be deemed an original for all purposes, and all such counterparts shall, collectively constitute one agreement.
6. **Binding Effect**. This Amendment shall be binding upon and shall inure to the benefit of the Parties hereto and their respective legal representatives and successors.

7. Authority. The execution, delivery, and performance of this Amendment have been duly and validly authorized by all requisite action, corporate or otherwise, on the part of each Party.

8. Entire Agreement. This Amendment and the MSA, together with their respective exhibits, constitute the entire understanding between the Parties with respect to the subject matter hereof, superseding all related negotiations, prior discussions and prior agreements and understandings. No amendment hereto shall be binding unless mutually agreed to in a written instrument specifically made subject to the MSA, as modified by this Amendment.

MASTER SERVICE CONTRACT

THIS MASTER SERVICE CONTRACT (hereinafter referred to as "Contract"), effective this 9th day of September, 2013, is by and between Panther Drilling Systems LLC (hereinafter referred to as ("Contractor")) and DIAMONDBACK E&P LLC (hereinafter referred to as "Company").

WITNESSETH:

WHEREAS, Company is employed in numerous business activities, including but not limited to, the exploration, development, production, treatment, storage, and marketing of oil, gas, coal bed methane and other minerals for itself and for the account of others; and

WHEREAS, Company desires to, from time to time, (i) employ the services of Contractor or (ii) purchase or lease goods, equipment or facilities from Contractor in connection with Company's business activities; and

WHEREAS, Contractor represents that it has (i) fully trained personnel capable of efficiently performing services as required by Company and/or (ii) goods, equipment and facilities that are free from defects and capable of satisfying the requirements of Company as set out herein.

NOW, THEREFORE, in consideration of the mutual promises and agreements herein contained, the Parties hereto mutually agree as follows:

1. *Employment of Contractor – Purchase of Services and/or Goods.*

(a) This Contract shall control and govern any and all (i) performance of services by Contractor for Company (the "Services"), and (ii) purchase or lease of goods, materials, supplies, tools, manufactured articles, equipment, or facilities by Company from Contractor (the "Goods"). The Services performed and the Goods delivered (hereinafter collectively referred to as the "Work") will be as requested by Company and directed by Contractor and will be defined by separate work orders or purchase orders (either verbal or written) (collectively, "Orders"). This Contract shall be deemed to be incorporated in full in every Order. Company shall endeavor to provide written confirmation of any oral Orders within ten (10) working days after same are given, but the failure to do so shall not invalidate the Order or the obligations of the Parties. ·

(b) Time is expressly declared to be of the essence under this Contract. If Contractor fails to timely perform any Work under this Contract, Company has the option to terminate such Work. ·

(c) If Contractor is performing drilling operations, Exhibit E (Drilling Operations) is incorporated and made a part hereof; otherwise it shall be deemed stricken.

2. *Term.* This Contract may be terminated at the option of either Party by giving the other Party thirty (30) calendar days written notice to that effect, but neither Party hereto shall, by the termination of this Contract, be relieved of its respective liability arising from or incident to Work performed hereunder prior to the time this Contract is terminated or its obligations under Sections 7, 14, 19 and 26.

Revision Date: 7/26/13

3. **Acceptance of Work.** Upon Company notifying Contractor of Work desired, and Contractor's acceptance thereof, Contractor will commence the Work at the agreed upon time and place, and continue such Work diligently and without delay, in a good and workmanlike manner, and in strict conformity with the specifications and requirements contained herein and in any related Order.

4. **No Obligation to Request/Accept Work.** This Contract does not obligate Company to issue any Order to Contractor or accept Contractor's offers in response to a request to perform Work, nor does it obligate Contractor to accept an Order from Company.

5. **Contractor Authorized Agent.** Contractor shall appoint and provide Company written or oral notice of its designated representative for each Work project. No representative shall have authority to change or modify the terms of this Contract unless expressly so authorized in writing by Contractor.

6. **Company Designated Representative.** Company shall appoint and provide Contractor written or oral notice of its designated representative for each Work project. No representative shall have authority to change or modify the terms of this Contract unless expressly so authorized in writing by Company.

7. **Confidentiality.** Information, including geological and geophysical information, obtained by Contractor while performing Work, including but not limited to information concerning depth, formations penetrated, proprietary completion or treatment techniques and protocols, and the results of coring, testing and surveying, is proprietary to Company and confidential and shall not be divulged by Contractor or Contractor's employees, agents, representatives or subcontractors to any person or entity other than persons designated by Company in writing. Contractor shall be responsible for the safekeeping and protection of all such information in its (or its employees', representatives', agents' or subcontractors') control and/or custody and Company shall have the general right of inspection to determine whether such information is secure.

8. **Delivery Tickets/Time Sheets and Maintenance of Records.**

(a) Delivery tickets covering any Goods furnished hereunder or in connection with any Services and time sheets covering any Work shall be in a form acceptable to Company and shall be delivered to Company each day at the office of Company or the Work site, as designated by Company. Each delivery ticket and time sheet shall be properly certified by Contractor. Upon receipt of such delivery tickets and time sheets, a representative of Company shall review and approve same (if satisfactory) in writing.

(b) Contractor agrees to retain all books and records (i.e., payroll records, accounting records, payment records, invoices, time reports and travel/entertainment expense reports) relating to Work performed hereunder for a twenty-four (24) month period commencing at the end of the calendar year in which the applicable Work was completed, and for any additional period as may be necessary to permit Company to complete any audit commenced within such period. These records should, at minimum, include rate schedules prevailing during the Contract term, payroll records of individuals

Revision Date: 7/26/13

performing Work under the Contract, invoices for purchases for Company's account and any expense reports including reports for travel and entertainment of Company's employees or representatives, Representatives and auditors of Company shall have access at any time during normal working hours to the books and records maintained by Contractor relating to this Contract and any of the Work performed hereunder, and shall have the right to copy and audit such books and records.

9. *Terms of Payment.*

(a) Company will pay Contractor for Work satisfactorily rendered hereunder (i) in accordance with Contractor's published schedule of rates and/or prices, as such rates and/or prices are in effect on the date of the Order after application of published or agreed discounts and credits or (ii) at such other rates and/or prices as are agreed to by Contractor and Company in the applicable Order.

(b) Prior to acceptance of any Order, Contractor shall deliver to Company a copy of any revisions to the rate and price schedule in effect on the date of this Contract. No such revisions shall be effective until approved by Company and in no event sooner than ten (10) days after such notice is received by Company unless otherwise agreed to by Contractor and Company.

(c) The rates to be paid to Contractor by Company for the actual performance of the Work shall be in lieu of any other charges for materials or supplies furnished by Contractor for use in the Work or any separate charges for transportation of tools, equipment and labor or time required to transport tools, equipment and labor to and from the location of such Work, unless otherwise specified in the scheduled rates.

(d) No stand-by rate or other rates shall apply for personnel or equipment when such personnel or equipment is not at Company's disposal.

(e) The Parties expressly agree that, except as expressly provided herein to the contrary, the rates agreed to be paid to Contractor by Company shall be inclusive of (i) insurance premiums paid by Contractor in acquiring and maintaining the insurance required by this Contract, and (ii) taxes (not including applicable sales tax), fees, licenses and permits required pursuant to Section 12 hereof. Contractor represents to Company that all rate schedules of Contractor provided to Company include the foregoing matters.

10. *Time of Payment.*

(a) Contractor shall provide Company an invoice in a form acceptable to Company at Company's address set forth herein, in accordance with instructions provided at the time of the issuance of the applicable Order, or if no such instructions were given, at the end of each month during the course of the Work. Payment shall be made by Company within sixty (60) days of receipt of Contractor's invoice for Work performed to Company's satisfaction.

(b) If Company disputes any item billed; Company shall, within sixty (60) days of receipt of Contractor's invoice, notify Contractor of the item disputed and specify

Revision Date: 7/26/13

Company's complaint. Payment of such item shall be withheld until settlement of the dispute; however, any undisputed portion shall be paid within the time period specified. Invoices received in a form unacceptable to Company or not in accordance with this Contract shall be returned by Company to Contractor unpaid within sixty (60) days of receipt by Company.

11. *Standard of Performance.*

(a) Contractor warrants (i) that all Work shall be performed in compliance with all applicable laws, rules and regulations (including all safety codes, statutes, regulations, precautions, and procedures) and utilizing all necessary or desirable personal protective equipment and devices whether suggested or required by safety associations, government agencies, municipalities or otherwise; (ii) that all Work shall be done with commercially reasonable skill, care and diligence, in a good and workmanlike manner, in accordance with the terms hereof and good industry standards of performance and in a timely manner and shall conform to all terms and specifications set forth in the applicable Order and/or this Contract and any other written instructions applicable to the Work; (iii) that all Goods and Contractor's tools, machinery and equipment shall be of normal workmanlike quality for their purposes, maintained to be free from defect, meet all commercially reasonable engineering standards and specifications provided by Company, have been prepared, tested and shipped in accordance with the provisions hereof and in all applicable Orders and shall be free and clear of any liens, encumbrances or security interests; and (iv) that Contractor, its subcontractors and their employees are sufficiently experienced and suitably trained to perform the Work.

(b) Contractor shall obtain, and assign to Company, to the maximum extent reasonably possible, manufacturer, vendor and supplier warranties with respect to Goods, materials, supplies, tools, machinery and equipment obtained or used by Contractor in the performance of the Work.

(c) Any portion of the Work found defective or unsuitable shall be promptly removed, replaced or corrected by Contractor with the payment of such defective or unsuitable Work to be paid as mutually agreed upon by the Company and the Contractor based upon contributory negligence of all parties.

(d) Contractor shall comply with the terms and conditions regarding drugs and alcohol set forth in Exhibit A hereto.

(e) If Company shall have reason to be dissatisfied with the conduct of Contractor's employees or representatives employed on Company's premises, Contractor shall, on receiving particulars of the complaint, promptly investigate and, if necessary, make a change in the appointment or practices required to provide the Work contracted for. Contractor shall not employ in connection with any Work any employee whose employment violates applicable labor laws.

(f) Unless otherwise specified in the Order, Contractor shall deliver (or cause to be delivered) all Goods F.O.B. the location specified in the Order.

(g) Re-Performance of the Work or alterations, repairs or replacements necessary to meet the standard of care and warranties in this Section 11 shall not constitute Company's exclusive remedy with respect to the applicable Order or this Contract. Company's failure to make an inspection or test or to discover defective workmanship, Services or Goods shall not relieve Contractor from any responsibility under the applicable Order, and payment of any funds by Company shall not constitute a waiver of such defects.

Revision Date: 7/26/13

12. **Compliance with Laws.**

(a) Contractor shall obtain all permits and licenses required for it to perform the Work and shall otherwise comply with all laws, rules, regulations, ordinances, judgments, orders and other official acts of all federal, state, municipal, foreign and other agencies or regulatory bodies ("Governmental Authorities") that are now or may, in the future, become applicable to Contractor and Contractor's business, equipment and personnel engaged in the performance of the Work or this Contract, or arising out of or incident to such performance. Specifically, Contractor shall comply, where required by law, with the Environmental Laws set forth in Exhibit B hereto and the Federal Contract Provisions set forth in Exhibit C hereto.

(b) Contractor further agrees to pay all taxes, charges and fees levied or assessed on Contractor by any Governmental Authority in connection with or incident to the performance of the Work or this Contract, including but not limited to unemployment insurance, withholding taxes, social security taxes, old age benefits and other social security benefits and taxes upon wages of Contractor, its agents, employees and representatives. Contractor agrees to reimburse Company on demand for all such taxes, fees, licenses and charges that Company may be required or deem it necessary to pay on account of the agents, employees and representative of Contractor or its subcontractors. Notwithstanding anything in this Section 12(b), Company shall pay all applicable sales tax to Contractor, and Contractor shall remit the same to the correct authority.

13. **Force Majeure.** Under the terms of this Contract, "Force Majeure" shall mean acts of God, strikes, lockouts, other industrial disturbances, acts of the public enemy, laws and regulations, wars or war-like action, arrests or other restraints of governments (civil or military), blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, hurricanes, fires, storms, floods, washouts, civil disturbances, confiscation or seizure by any governmental public authority, and any other similar causes, that are not reasonably within the control of the Party claiming a Force Majeure and that by the exercise of due diligence such Party shall not have been able to avoid or overcome. Except as specifically provided otherwise in this Contract, if either Party is rendered unable, wholly or in material part, by reason of Force Majeure to carry out any of its obligations hereunder, then on such Party's giving notice and reasonably full particulars of such Force Majeure in writing to the other Party within five (5) days after the occurrence of the cause relied on, such obligation of the Party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuation of any inability so caused and such cause shall, as far as practicable, be remedied with all reasonable dispatch by such party; provided, this Section shall not be construed to require a Party to settle or overcome labor disputes or strikes, except on terms satisfactory to the affected Party in its sole discretion.

Revision Date: 7/26/13

14. **Indemnity Obligations.**

(a) *Definitions.* The following terms shall have the designated definitions.

“Company Group” shall mean, individually or in any combination, Company, the Company’s parent, affiliates, subsidiaries, joint venturers, joint interest owners, partners, co-owners, co-lessees, contractors (other than Contractor) and subcontractors and each of their respective directors, officers, agents, representatives, employees and invitees.

“Contractor Group” shall mean, individually or in any combination, Contractor, the Contractor’s parent, affiliates, subsidiaries and subcontractors, and each of their respective directors, officers, agents, representatives, employees and invitees.

“Defend” shall mean the obligation of the indemnitor at the indemnitees’ election (i) to defend the indemnitees at its sole expense or (ii) to reimburse the indemnitees’ reasonable expenses incurred in defending themselves. Notwithstanding the indemnitee’s election of option (i) above, the indemnitee shall be entitled to participate in its defense.

“Claims” shall mean all claims, demands, causes of action, liabilities, damages, judgments, fines, penalties, awards, losses, costs, expenses (including, without limitation, attorneys’ fees and costs of litigation) of any kind or character arising out of, or related to, the performance of or subject matter of this Contract or any work, including, without limitation, property loss, destruction or damage, personal or bodily injury, sickness, disease or death, loss of services and/or wages, or loss of consortium of society.

(b) *GENERAL INDEMNITY.* CONTRACTOR SHALL RELEASE, DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF CONTRACTOR, AND CONTRACTOR’S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF COMPANY GROUP, COMPANY SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS CONTRACTOR GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF COMPANY, AND COMPANY’S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF CONTRACTOR GROUP.

Revision Date: 7/26/13

(c) *INDIRECT OR CONSEQUENTIAL DAMAGES*. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY'S GROUP (AS DEFINED ABOVE) FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATED TO OR IN CONNECTION WITH THIS CONTRACT, THE SERVICES OR ANY EQUIPMENT, INCLUDING BUT NOT LIMITED TO ANY CLAIMS IN CONNECTION WITH INJURY, LOSS OR DAMAGE TO ANY PROPERTY, ANY LOSS OF PROFITS OR BUSINESS OPPORTUNITY, AND ANY LOSS OF USE OF THE EQUIPMENT, IRRESPECTIVE OF THE REASON OR CAUSE OF SUCH DAMAGES, WHETHER ANY OF SUCH DAMAGES OCCUR DURING OR AFTER THE PERIOD OF THIS CONTRACT, OR THAT THE CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHER THEORY OF ANY NATURE WHATSOEVER.

(d) *INTELLECTUAL PROPERTY INDEMNITY*. CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM ANY AND ALL LOSSES FOR INFRINGEMENT OF A PATENT OR PATENTS, COPYRIGHTS, TRADEMARKS OR ANY OTHER INTELLECTUAL PROPERTY RIGHT OR TRADE SECRETS MISAPPROPRIATION GROWING OUT OF OR INCIDENT TO THE WORK OR THE EQUIPMENT OR MATERIALS FURNISHED BY CONTRACTOR IN ITS PERFORMANCE OF THE WORK.

(e) Notwithstanding anything herein this Contract, Company shall, at its own risk and expense, attempt to recover any Contractor Group equipment, tools, or instruments which are lost in hole. Company shall be responsible for the replacement cost of any equipment, tools, or instruments which are not recoverable. If Contractor Group equipment, tools, or instruments are damaged in the well, normal wear and tear excepted, Company shall pay the lesser of its replacement cost or the cost of repairs. Company further agrees that if any of the Contractor Group equipment, tools, or instruments sustains damage due to internal abrasion occasioned by well eluents, Company shall reimburse Contractor Group for the lesser of the repair or replacement cost incurred. In cases where it is necessary to fish for any Contractor Group instruments or equipment, Company assumes the entire responsibility for such operations. If Company desires, Contractor Group personnel will, without the assumption of responsibility or liability, assist in an advisory capacity in the recovery of such equipment. Notwithstanding anything in this Section, Company and Contractor agree that all potential costs and expenses of Company and Contractor herein this Section shall be allocated and payable as mutually agreed upon by the parties based upon contributory negligence of all parties.

(e) *Anti-Indemnity Statutes*. In the event this Contract is subject to the indemnity limitations of any state anti-indemnity statute (including, but not by way of limitation, Chapter 127 of the Texas Civil Practices and Remedies Code or any successor statute), and so long as such limitations are in force, each Party covenants and agrees to support the mutual indemnity obligations contained in this Section 14 by carrying insurance (or qualified self-insurance) of the types and in the amounts not less than those specified in Exhibit D to this Contract, for the benefit of the other Party. In the event this Contract is subject to the indemnity limitations of Wyoming (including, but not by way of

limitation, Wyo. Stat. §§ 30-1-131, et seq. or any successor statute), this Section 14 shall be interpreted to give the fullest effect to its terms not inconsistent with the provisions of those limitations.

(f) *Enforcement of this Contract.* Nothing in this Section 14 shall be construed to prevent either Party from enforcing their rights under the terms of this Contract.

15. **Insurance.**

(a) *Contractor's Insurance.* Contractor shall carry insurance (with insurance companies with a minimum Bests Rating of A-, X or its equivalent from other professional rating companies satisfactory to Company) in the amounts set forth in Exhibit D effective prior to the commencement of any Work under this Contract, and such insurance shall be maintained in full force and effect at all times Work is performed and/or this Contract is in effect. In each such policy, except Worker Compensation and Employers Liability, to the extent of the liabilities agreed to be assumed by Contractor, Contractor shall cause (i) the insurer to waive all rights of subrogation against Company Group, (ii) Company Group to be listed as additional insureds and (iii) such policy to be primary as to any other policy of Company Group or otherwise. Before engaging in any Work hereunder, Contractor shall furnish Company an executed Certificate of Insurance (in form satisfactory to Company) evidencing the foregoing insurance. Contractor shall cause each insurer to agree to give Company at least thirty (30) days written notice of cancellation or expiration of any such policies or of any other changes that would materially reduce the limits or coverage (or increase the costs to Company) of such policies. Notwithstanding any provision herein to the contrary, failure to secure the insurance coverage, the failure to comply fully with any of the insurance provisions of this Contract, or the failure to secure such endorsements on the policies as may be necessary to carry out the terms and provisions of this Contract, (x) shall in no way act to relieve Contractor from the obligations of this Contract, and (y) shall constitute grounds for the immediate termination of this Contract by Company (in addition to any other rights or remedies available to Company).

(b) *Waiver of Subrogation.* Company and Contractor each hereby waives any and all rights of recovery against the other Group, as defined above, for loss of or damage to such waiving Party or its property or the property of others under its control, where such loss or damage is insured under any insurance policy in force at the time of such loss or damage. Company and Contractor shall, upon obtaining the policies of insurance required hereunder, give notice to the insurance carrier or carriers that the foregoing mutual waiver of subrogation is contained in this Contract.

16. **Incident Report.** Contractor shall immediately notify Company in the event of any incident resulting in injury to any person or property damage in excess of \$500.00 and arising out of the Work. Contractor shall prepare and furnish Company a copy of all incident report within ten (10) calendar days thereof, and when requested, shall furnish Company with a copy of all reports made by Contractor to Contractor's insurers with respect thereto.

Revision Date: 7/26/13

17. **Independent Contractor.** Contractor shall be an independent contractor with respect to the performance of all Work, and neither Contractor nor anyone employed by Contractor shall be deemed for any purpose to be the employee, agent, servant, borrowed servant or representative of Company in the performance of any Work. Company shall have no direction or control of Contractor or its employees, agents, representatives or subcontractors, except in the results to be obtained. However, the foregoing shall in no way affect or preclude the right of the Company Group to assert any statutory employer defense or other defense which may exist. The Work contemplated herein shall meet the approval of Company and be subject to the general right of inspection of Company to secure the satisfactory completion thereof. The actual performance and supervision of all Work shall be by Contractor, but Company or its representatives shall have full and complete access to the Work site to determine whether the Work is being performed by Contractor in accordance with all provisions of this Contract and applicable Orders and for reasons otherwise stated in this Contract. No provisions herein shall be construed as creating a partnership), joint venture or other association whereby the Company and Contractor would be jointly liable or liable as partners or co-venturers.

18. **Protection from Liens.** Contractor shall timely pay and discharge all claims to third party vendors or service providers for Goods and Services furnished to Company hereunder and to allow no lien or charge to become fixed upon any property of Company or any property under the management or control of Company, including any property for which Company is providing goods or services. Contractor shall defend, indemnify and hold harmless Company against any and all such claims or liens. In the event of any such claim or lien, Company shall have the right to withhold payment from Contractor of an amount sufficient to satisfy any such claim or lien together with all expenses, costs or legal fees related thereto. All requests for payment by Contractor shall be accompanied by proof satisfactory to Company that there are no unsatisfied claims for such third party Goods or Services. Contractor hereby waives, and releases Company and all its successors and assigns from, all claims, demands, liens, security interests and other rights of every kind and character, whether constitutional, statutory, contractual, tortious or equitable, that Contractor now holds or may acquire in, on or against the property of the Company, now owned or hereafter acquired or any property now or in the future under the management or control of Company, provided however that nothing herein shall be interpreted to prevent Contractor from claiming, filing or enforcing any liens when the rights thereto arise directly from Company's failure to pay Contractor in breach of this Contract.

19. **Restoration of Work Site.** Upon completion of any Work performed hereunder, Contractor shall remove its surplus material and equipment from the Work site, shall clean up the Work site in a diligent, good and workmanlike manner and dispose of its own waste and trash in a lawful manner.

20. **Conflict of Interest.** Except as otherwise expressly provided herein, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall give to or receive from any director, employee, or agent of Company any gift, entertainment or other favor of significant value, or any commission, fee or rebate. Likewise, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall, without prior written notification thereof to Company, enter into any business relationship with any director, employee, or agent of Company or any affiliate, unless such person is acting for and on behalf of Company. Contractor shall promptly notify Company of any violation of this Section and any

Revision Date: 7/26/13

consideration received as a result of such violation shall be paid over or credited to Company. In the event of any violation of this Section, including any violation occurring prior to the date of this Contract, resulting directly or indirectly in Company's issuance of Orders to Contractor, Company may at Company's sole option terminate this Contract and notwithstanding any other provision of this Contract, pay Contractor only that amount earned prior to the date of termination. Any designated representative for Company may audit any and all records of Contractor Group for the purpose of confirming compliance with this Section.

21. ***Precedence of Agreements and Conflict of Provisions*** In the event there should be any conflict or ambiguity created between the provision of this Contract and any Order, Contractor's work ticket, invoice, statement, published rate schedule or any other type of memoranda, whether written or oral, between Company and Contractor, or subsequent agreements between the Parties dealing with the subject matter as this Contract, the provisions of this Contract shall control unless modified pursuant to the strict application of Section 23 below.

22. ***Assignment of Contract/Subcontracts***. Contractor agrees not to subcontract or assign this Contract or any Work to be furnished hereunder without the prior written consent of Company, and the assignment of this Contract or the subcontracting of any Work to be performed hereunder, if so permitted by Company, shall not relieve Contractor of its duties or obligations hereunder. If Contractor attempts to subcontract or assign this Contract or any Work to be furnished hereunder without such consent, such attempted assignment and subcontracting shall be void and this Contract may be immediately terminated at the option of the Company notwithstanding Section 2 above. All subcontractors shall have the minimum insurance prescribed herein and otherwise comply with the terms of this Contract.

23. ***Modification of Contract***. No change, modification, extension, renewal, ratification, revision, discharge, abandonment or waiver of this Contract or any of the provisions hereof or any representation, promise or condition relating to this Contract shall be binding upon the Parties unless made in writing, executed by both Parties, and specifically referencing this Section 23 of this Contract, provided that such reference shall be initialed by the representative of each Party, and provided further that such representatives must be at a management or officer position within the respective party equal to or greater than the representative executing this Contract.

24. ***Termination***. Company, in its sole discretion, may terminate for any reason and at any time the Work being performed by Contractor hereunder whether such Work commenced under oral or written Orders. The termination of any such Work shall not cancel this contract and Contractor shall receive its normal compensation pursuant to Section 9 of this Contract prorated to the actual hour of termination for Services completed and Goods delivered.

25. ***Attorney's Fees***. In the event that either Party institutes suit to enforce any right or obligation against the other Party arising from or incidental to this Contract, then the prevailing Party shall be entitled to recover reasonable attorney's fees and court costs.

26. ***Notices***. All notices to be given with respect to this Contract shall be considered as given to Company and to the Contractor, respectively, if given in writing and delivered personally or sent by registered or certified mail, return receipt requested, courier service with evidence of receipt or by confirmed facsimile, telex or other form of telecommunication. General

Revision Date: 7/26/13

correspondence pertaining to this Contract and applicable Work or Orders may be sent by regular mail. Such notices shall be effective when delivered if delivered personally or when placed in the mail if mailed in the manner provided above to the addresses shown below.

The address of notice for Company shall be:

14301 Caliber Drive, Suite 300
Oklahoma City, OK 73134
Fax Number: (405) 286-5920
Attn: Chief Financial Officer

The address of notice for Contractor shall be:

10600 West Reno
Oklahoma City, OK 73099
Fax Number: (405) 896-9299
Attn: President

The addresses given herein may be changed by either Party advising the other in writing of its new address.

27. **Severability.** If any term or provision of this Contract is held by a court or agency of competent jurisdiction to be inconsistent with or contrary to any applicable federal, state or local law, rule or regulation, said term or provision shall be deemed to be modified to the extent required to comply with said law, rule or regulation, and as so modified said provision and this Contract shall continue in full force and effect.

28. **Integration.** This Contract supersedes any and all other agreements, either oral or in writing, between the Parties with respect to the subject matter hereof and contains all of the covenants and agreements between the Parties with respect to the subject matter.

29. **Waiver.** The failure of either Party to exercise any of its rights or remedies hereunder shall not act as a waiver of such rights or remedies nor shall such failure excuse the other Party from any of its obligations hereunder.

30. **Third Party Beneficiaries.** Except as provided in Section 14 with regard to Contractor Group and Company Group, nothing herein shall be construed to confer any benefit on any third party not a party to this Contract nor to provide any rights to such third parties to enforce the provisions hereof.

31. **Choice of Law.** The Parties expressly agree that, since this Contract may include performance at various locations, the obligations and liabilities assumed by the Parties hereunder should not be subject to variation in interpretation by reasons of the geographical locale of Work site. The Parties therefore agree that this Contract, and the enforcement, interpretation and construction thereof shall, to the maximum extent allowed, be governed solely by the laws of the State of Texas, without regard to any conflicts of law principles of said jurisdiction that might require the application of the laws of another jurisdiction.

Revision Date: 7/26/13

32. ***Survival.*** The representations and warranties by Contractor, and the indemnities in this Contract shall survive the completion of any Work performed hereunder by Contractor and the termination of this Contract.

33. ***Headings for Convenience.*** Sections of this Contract have been labeled for the convenience of the Parties and such headings are not to be utilized for the purpose of construing the meaning of any provision of this Contract.

34. ***Multiple Counterparts.*** This contract may be executed in multiple counterparts, each of which shall be deemed an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract effective as of the date first written above.

EXHIBIT A

DRUG AND ALCOHOL POLICY

Prohibition of Drugs and Alcohol Contractor agrees to be responsible for ascertaining, maintaining, and monitoring the alcohol and drug free status of its and its subcontractors' employees who are employed on Company's property and, to that end, agrees to the following minimum requirements:

(a) Company reserves the right to ban from its property any of Contractor's or its subcontractors' employees who cannot establish that they are drug and alcohol free to Company's satisfaction.

(b) Contractor's and its subcontractors' employees shall not be permitted to perform Work on Company's property without first consenting to undergo periodic drug or alcohol screening tests.

(c) If the performance of any of Contractor's and its subcontractors' employees on Company's property appears erratic or impaired or after any accident or safety violation where, in Company's sole opinion, such employee's actions indicate that the accident or violation could reasonably have been caused by alcohol or drug use, Company may direct Contractor to remove such employee from Company's property at Contractor's sole cost. No employee so removed shall be permitted to return to Company's property without first undergoing a medical examination that establishes to Company's satisfaction that the condition was not drug or alcohol related.

(d) Company reserves the right to undertake a search of Contractor's and its subcontractors' employees personal effects that are located on Company's property at any time during the performance of the Work to ascertain whether such employees have in their possession drugs, alcohol or any other controlled dangerous substance and the unexcused possession of such will constitute cause for Company to immediately seek replacement of such employees.

(e) Notwithstanding any compliance by Contractor with the requirements set forth herein, and notwithstanding Company's satisfaction with Contractor's means of demonstrating compliance herewith, Contractor shall be and remain fully responsible for any and all failures, and the consequences thereof, to ensure that its and its subcontractors' employees are drug and alcohol free in transit while working on Company's property.

EXHIBIT B

ENVIRONMENTAL LAWS

1. **Compliance with Environmental Laws.** Contractor shall give all notices and otherwise fully comply with all laws, statutes, regulations, ordinances, rules, standards, orders or determinations of any local, state or federal governmental authority (including related determinations, interpretations, orders or opinions by any judicial or administrative authority) that has jurisdiction over the Contractor, the Work or the Work site pertaining to protection or conservation of the air, land, water, human health, industrial hygiene or other aspects of the environment, including, without limitation, the following statutes, as supplemented and amended from time to time: the Clean Air Act, the Comprehensive Environmental Response, Compensation and Liability Act, the Federal Water Pollution Control Act, the Solid Waste Disposal Act, the Resource Conservation and Recovery Act, the Safe Drinking Water Act, the Toxic Substances Control Act, the Hazardous Materials Transportation Act, the Federal Oil Pollution Act of 1990 and comparable state and local statutes and implementing rules or regulations ("Environmental Laws").

2. **Hazardous Materials.** Contractor represents and warrants to Company that upon delivery or performance of the Work, the Work will not contain or otherwise have incorporated into it any chemical, material or other substance defined as or included in the definition of "hazardous substance," "hazardous material," "hazardous chemical," "hazardous chemical substance," "hazardous waste," or "toxic substance" or words of similar meaning and regulatory effect, as such terms are defined under any Environmental Laws, any broader definition of such terms that is used by a state or locality that has jurisdiction over the Work, or the site or any interpretation by administrative or judicial authorities, or any other chemical, material or substance, exposure to which is prohibited, limited or regulated by any governmental authority or which may or could pose a hazard to human health and safety including, without limitation, asbestos in any form and polychlorinated biphenyls.

3. **Notice of Spills.** Contractor shall notify Company as soon as possible after discovery or containment (and in no event later than 1 hour) following any accident or spill involving the release of any chemical, material or other substance described in 2 above.

Revision Date: 7/26/13

EXHIBIT C

FEDERAL CONTRACT PROVISIONS

If applicable, Contractor shall fully comply with the following statutes and executive orders as well as the regulations, orders and rules promulgated thereunder, where required by law, and such statutes and executive orders are hereby incorporated in this Contract by reference as if fully set out: (1) Equal Opportunity Clause (Applicable to all Short Forms for amounts in excess of \$10,000, 41 CFR 60-1.4); (2) Affirmative Action Compliance Programs (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.40); (3) Equal Employment Opportunity Reporting Requirements (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.7); (4) Employment of the Handicapped (Applicable to Short Forms for amounts of \$2,500 or more, 41 CFR 60-741); (5) Employment of Disabled Veterans and Veterans of the Vietnam Era (Applicable to Short Forms for amounts of \$10,000 or more, 41 CFR 60-250); (6) Utilization of Small Business Concerns and Small Disadvantaged Business Concerns (Applicable to Short Forms for amounts of \$10,000 or more, 48 CFR 52.219-8); (7) Utilization of Woman-Owned Business concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-8); (8) Utilization of Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-1 to 52.219-21); (9) Small Business and Small Disadvantaged Business Concerns and Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$500,000 or more, 48 CFR 52.219-9); (10) Clean Air and Water (Applicable to Short Forms for amounts of \$100,000 or more, 48 CFR (ch. 1) 23.104; 48 CFR (Ch. 1) 52.223-2); and (11) Hazardous Material Indemnification and Material Safety Data (Applicable when it is contemplated that the Short Form will require delivery of hazardous materials as defined in 29 USC 651, et seq.; 29 CFR 1901, et seq.).

Contractor certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. It certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments and that it will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The Contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause. As used in this certification the term "segregated facilities" means but is not limited to any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom or otherwise. It further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause; that it will retain such certification in its files; and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certificates for specific time periods):

"NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES.

Revision Date: 7/26/13

A Certification of Nonsegregated Facilities must be submitted prior to the award of any subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity Clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually or annually).” Note that the penalty for making false statements is prescribed in 18 U.S.C. 1001.

EXHIBIT D

REQUIRED INSURANCE

A. WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY insurance covering employees engaged in operations hereunder in compliance with all applicable' state and federal laws. Coverage to include:

- (i) Workers' Compensation statutory benefits for those states where operations are conducted. A rejection of the Workers' Compensation Act in Wyoming will not be considered valid compliance with this provision. (Owners, who are sole proprietors, may provide valid proof of Health/Medical Insurance coverage to comply with the requirements of the Worker's Compensation Act.)
- (ii) Employer's Liability limits of \$1,000,000 each employee, \$1,000,000 each employee/disease, and \$1,000,000 policy limit.
- (iii) Endorsements providing coverage under Voluntary Compensation, and for Alternate Employers, where applicable.
- (iv) Policy to be endorsed to provide that a claim brought "in rem" shall be treated as a claim brought against the insured.

B. COMMERCIAL GENERAL LIABILITY insurance with a limit of \$1,000,000 per occurrence, subject to a \$1,000,000 General Aggregate and including the following:

- (i) Separate Aggregate limit of at least \$1,000,000 for claims under the Products and Completed Operations hazard.
- (ii) Contractual liability coverage covering all operations without regard to any limitations set forth in this Contract.
- (iii) Sudden and Accidental Pollution Liability coverage of at least \$1,000,000.

C. BUSINESS AUTOMOBILE insurance covering all Owned, Hired and Non-Owned vehicles with a combined single limit for bodily injury and property damage liability of \$1,000,000 tier accident or occurrence.

For all coverages shown above, the territorial limits of the policies shall extend to any area of the world in which the Work is to be conducted.

The Certificate of Insurance required under Paragraph 15 Insurance of the Master Service Contract shall list Diamondback E&P LLC as certificate holder and additional named insured.

DRILLING OPERATIONS

CONTRACTOR RESPONSIBILITY AND EQUIPMENT REQUIREMENT

I) **Responsibility for loss or damage:**

1. **Contractor's Surface Equipment:** Contractor shall assume liability at all times, regardless of whether the Work is being performed on a footage basis or daywork basis, for damage to or destruction of Contractor's surface equipment, regardless of when or how such damage or destruction occurs, except for such loss or damage as provided in Paragraph 4. below, and Contractor shall release Company of any liability for such loss.
2. **Contractor's In-Hole Equipment - Footage Basis:** Contractor shall assume liability at all times while Work is being performed on a footage basis for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool joints, and Contractor shall release Company of any liability for any such loss, except as provided for in Paragraph 4. below.
3. **Contractor's In-Hole Equipment - Daywork Basis** In the event the hole should be lost or damaged while Contractor is performing Work on a Daywork Basis, Company shall assume liability for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool joints, and Company shall reimburse Contractor for the value of any such loss or damage; the value to be determined by agreement between Contractor and Company as current repair or replacement cost of such equipment delivered to the wellsite.
4. **Company's Equipment - Environmental Loss or Damage** Notwithstanding the provision of Paragraph 1. above, Company shall assume liability at all times for damage to or destruction of Contractor's equipment caused by exposure to highly corrosive or otherwise destructive elements, including those introduced into the drilling fluid.
5. **Downtime due to Inclement Weather:** Company shall not pay standby for equipment not working due to bad weather or site conditions which do not allow access to Work site.

Revision Date: 7/26/13

**FIRST AMENDMENT TO
MASTER FIELD SERVICES AGREEMENT**

THIS FIRST AMENDMENT TO MASTER FIELD SERVICES AGREEMENT (this "Amendment") is made and entered into as of February 21, 2013, by and between DIAMONDBACK E&P LLC ("Operator") and BISON DRILLING AND FIELD SERVICES LLC ("Contractor").

RECITALS:

A. Operator and Contractor are parties to that certain Master Field Services Agreement dated January 1, 2013 (the "Agreement").

B. The parties desire to amend the Agreement in the manner hereinafter set forth.

NOW, THEREFORE, in consideration of the premises, covenants and conditions herein, and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Operator and Contractor hereby agree as follows:

1. Compensation. Exhibit "C" (Rate Schedule - Trailers, Forklifts and Well Spudders Only) of the Agreement is hereby deleted in its entirety and replaced with Exhibit "C" attached hereto.

2. Entire Agreement. All prior understandings and agreements between the parties with respect to the subject matter of this Amendment are merged within this Amendment, which alone fully and completely sets forth the understanding of the parties with respect thereto. This Amendment may not be changed or modified nor may any of its provisions be waived orally or in any manner other than by a writing signed by the party against whom enforcement of the change, modification or waiver is sought.

3. Agreement. Except as herein provided, the Agreement and all off its terms, covenants and conditions remain in full force and effect.

4. Execution Counterparts. This Amendment may be executed in any number of counterparts, and each such counterpart hereof shall be deemed to be an original instrument. All such counterparts together shall constitute for all purposes one agreement.

(signature page following)

IN WITNESS WHEREOF, Operator and Contractor have executed this Amendment as of the day and year first written above.

MASTER FIELD SERVICES AGREEMENT

THIS MASTER FIELD SERVICES AGREEMENT (this "Agreement") is made and entered into to be effective as of January 1, 2013, by and between DIAMONDBACK E&P LLC ("Operator") and BISON DRILLING AND FIELD SERVICES LLC ("Contractor").

RECITALS:

A. Operator is employed in numerous business activities, including, but not limited to, the exploration, development, production, treatment, storage, and marketing of oil, gas, coal bed methane and other minerals for itself and for the account of others.

B. Operator desires, from time to time, to (i) employ the services of Contractor or (ii) purchase or lease goods, equipment or facilities from Contractor in connection with Operator's exploration for oil and gas as provided herein.

C. Contractor represents that it has (i) fully trained personnel capable of efficiently performing services as required by Operator and/or (ii) goods, equipment and facilities that are free from defects and capable of satisfying the requirements of Operator as set forth herein.

NOW, THEREFORE, in consideration of the premises, covenants and conditions herein, and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Operator and Contractor hereby agree as follows:

1. Purchase of Work. This Agreement and the Field Services Agreement (as hereinafter defined) shall control and govern any and all (i) performance of services by Contractor for Operator (the "Services") and (ii) purchase or lease of goods, materials, supplies, tools, manufactured articles, equipment or facilities by Operator from Contractor (the "Goods"). The Services performed and the Goods delivered (hereinafter collectively referred to as the "Work") will be as requested by Operator to Contractor and accepted by Contractor (subject to any mutually agreed upon modifications) and will be defined by separate orders (either verbal or written) (each an "Order"). This Agreement and the Field Services Agreement shall be deemed to be incorporated in full in every Order effective upon the giving of such Order if verbal or the receipt of such Order by Contractor if written. Operator shall endeavor to provide written confirmation of any oral Orders within ten (10) working days after same are given, but the failure to do so shall not invalidate the Order or the obligations of the parties arising hereunder by reason of such Order.

2. Field Services Agreement. The terms and conditions pursuant to which Contractor shall provide the Work shall be as set forth in the Field Services Agreement attached hereto as Exhibit "A" (the "Field Services Agreement") and incorporated by reference.

3. Compensation. Operator shall compensate Contractor for the Work in accordance with the rate schedule attached hereto as Exhibit "B", except with respect to trailers, forklifts and well spudders, which shall be subject to the rate schedule attached hereto as Exhibit "C".

4. Term. This Agreement may be terminated at the option of either party by giving the other party written notice to that effect, which termination shall become effective thirty (30)

calendar days after the giving of such written notice; however, neither party hereto shall, by the termination of this Agreement, be relieved of its respective obligations arising from or incident to Work being performed hereunder under an accepted Order not yet fully performed at or prior to the time the termination of this Agreement becomes effective. For the avoidance of doubt, the parties agree that the Field Services Agreement shall have the same term as this Agreement, it being the intent of the parties that this Agreement and the Field Services Agreement shall terminate on the same date.

5. No Obligation to Request/Accept Work. This Agreement does not obligate Operator to issue any Order to Contractor or to accept Contractor's offers in response to a request to perform Work, and it does not obligate Contractor to accept an Order from Operator.

6. Notices. Except as provided otherwise in paragraph 1 above, all notices or other communications hereunder (and the term "notices" as used in this paragraph includes communications) shall be in writing and may be effected by (i) personal delivery, (ii) registered or certified mail, postage prepaid with return receipt requested," (iii) sent and delivered by a nationally recognized overnight delivery service, or (iv) by email with written confirmation promptly thereafter in accordance with clauses (i), (ii) or (iii) or by return email. Mailed notices shall be addressed to the parties at the addresses appearing below, but each party may change its address by written notice to the other party in accordance with this Agreement. Notices delivered personally shall be deemed communicated as of actual receipt; mailed notices shall be deemed communicated upon receipt, refusal or as of the first attempted date of delivery if unclaimed; and email notices shall be deemed communicated as of the date of actual receipt; provided, emails not received between the hours of 8:30 a.m. and 5:00 p.m. local time on a date which is not a Saturday, Sunday, or federal or state holiday (business day), shall be deemed received at 8:30 a.m. on the next business day.

7. Entire Agreement. This Agreement together with the Exhibits hereto constitute the entire agreement between the parties hereto pertaining to the subject matter hereof and supersede all prior agreements, understandings, negotiations, and discussions, whether oral or written, of the parties pertaining to the subject matter hereof.

8. Assignment. Neither party shall assign this Agreement or any part hereof, nor shall either party assign or delegate any of its rights or obligations hereunder, without the prior written consent of the other. Any purported assignment made without such consent shall be void

and of no force and effect. Except as otherwise provided herein, this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective permitted successors, assigns, and legal representatives.

9. Amendment. This Agreement may be amended only by an instrument in writing executed by the parties hereto.

10. Waiver. Any of the terms, covenants, representations, warranties, or conditions hereof may be waived only by a written instrument executed by or on behalf of the party hereto waiving compliance. The failure of any party at any time or times to require performance of any provision hereof shall in no manner affect the right of such party at a later time to enforce the performance of such provision or any other provisions hereof.

11. Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of Texas, excluding any conflicts-of-law rule or principle that might refer construction of such provisions to the laws of another jurisdiction.

12. Execution Counterparts. This Agreement may be executed in any number of counterparts, and each such counterpart hereof shall be deemed to be an original instrument. All such counterparts together shall constitute for all purposes one agreement.

13. Conflict. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of the Field Services Agreement, the terms and provisions of this Agreement shall control.

EXHIBIT "A"

FIELD SERVICES AGREEMENT

THIS FIELD SERVICES AGREEMENT (this "Contract"), effective this 1st day of January, 2013, is by and between BISON DRILLING AND FIELD SERVICES LLC (hereinafter referred to as "Contractor") and DIAMONDBACK E&P LLC (hereinafter referred to as "Company").

WITNESSETH:

WHEREAS, Operator and Contractor have entered into that certain Master Field Services Agreement (the "Master Field Services Agreement") of even date herewith, which provides that any Work provided by Contractor shall be subject to the terms and conditions set forth in this Contract.

NOW, THEREFORE, in consideration of the mutual promises and agreements herein contained, the Parties hereto mutually agree as follows:

1. **Definitions.** Unless otherwise defined in this Contract, any term used in this Contract that is capitalized, but not defined, shall have the same meaning as set forth in the Master Field Services Agreement. Any reference herein to this Contract shall also be deemed a reference to the Master Field Services Agreement and any reference herein to Company shall also be deemed a reference to Operator under the Master Field Services Agreement.
2. **Time for Performance.** Time is expressly declared to be of the essence under this Contract. If Contractor fails to timely perform any Work under this Contract, Company has the option to terminate such Work.
3. **Term.** This Contract shall have the same term as the Master Field Services Agreement, it being the intent of the parties that this Contract and the Master Field Services Agreement shall terminate on the same date.
4. **Acceptance of Work.** Upon Company notifying Contractor of Work desired, and Contractor's acceptance thereof, Contractor will commence the Work at the agreed upon time and place, and continue such Work diligently and without delay, in a good and workmanlike manner, and in strict conformity with the specifications and requirements contained herein and in any related Order.
5. **No Obligation to Request/Accept Work.** This Contract does not obligate Company to issue any Order to Contractor or accept Contractor's offers in response to a request to perform Work, nor does it obligate Contractor to accept an Order from Company.
6. **Contractor Authorized Agent.** Any person employed by Contractor and in charge of either the personnel or equipment of Contractor shall be the authorized agent of Contractor for the purpose of accepting any Order.

7. **Company Designated Representative.** Company shall appoint and provide Contractor written or oral notice of its designated representative for each Work project. No representative shall have authority to change or modify the terms of this Contract unless expressly so authorized in writing by Company.

8. **Confidentiality.** Information, including geological and geophysical information, obtained by Contractor while performing Work, including but not limited to information concerning depth, formations penetrated, proprietary completion or treatment techniques and protocols, and the results of coring, testing and surveying, is proprietary to Company and confidential and shall not be divulged by Contractor or Contractor's employees, agents, representatives or subcontractors to any person or entity other than persons designated by Company in writing. Contractor shall be responsible for the safekeeping and protection of all such information in its (or its employees', representatives', agents' or subcontractors') control and/or custody and Company shall have the general right of inspection to determine whether such information is secure.

9. **Delivery Tickets/Time Sheets and Maintenance of Records.**

(a) Delivery tickets covering any Goods furnished hereunder or in connection with any Services and time sheets covering any Work shall be in a form acceptable to Company and shall be delivered to Company each day at the office of Company or the Work site, as designated by Company. Each delivery ticket and time sheet shall be properly certified by Contractor. Upon receipt of such delivery tickets and time sheets, a representative of Company shall review and approve same (if satisfactory) in writing.

(b) Contractor agrees to retain all books and records (i.e., payroll records, accounting records, payment records, invoices, time reports and travel/entertainment expense reports) relating to Work performed hereunder for a twenty-four (24) month period commencing at the end of the calendar year in which the applicable Work was completed, and for any additional period as may be necessary to permit Company to complete any audit commenced within such period. These records should, at minimum, include rate schedules prevailing during the Contract term, payroll records of individuals performing Work under the Contract, invoices for purchases for Company's account and any expense reports including reports for travel and entertainment of Company's employees or representatives. Representatives and auditors of Company shall have access at any time during normal working hours to the books and records maintained by Contractor relating to this Contract and any of the Work performed hereunder, and shall have the right to copy and audit such books and records.

10. **Terms of Payment.**

(a) Company will pay Contractor for Work satisfactorily rendered hereunder (i) in accordance with Contractor's rate schedule set forth in the Master Field Services Agreement or (ii) at such other rates and/or prices as are agreed to by Contractor and Company in the applicable Order.

(b) Prior to acceptance of any Order, Contractor shall deliver to Company a copy of any revisions to the rate and price schedule in effect on the date of this Contract. No such revisions shall be effective until approved by Company and in no event sooner than ten (10) days after such notice is received by Company unless otherwise agreed to by Contractor and Company.

(c) The rates to be paid to Contractor by Company for the actual performance of the Work shall be in lieu of any other charges for materials or supplies furnished by Contractor for use in the Work or any separate charges for transportation of tools, equipment and labor or time required to transport tools, equipment and labor to and from the location of such Work, unless otherwise specified in the scheduled rates.

(d) No stand-by rate or other rates shall apply for personnel or equipment when such personnel or equipment is not at Company's disposal.

(e) The Parties expressly agree that, except as expressly provided herein to the contrary, the rates agreed to be paid to Contractor by Company shall be inclusive of (i) insurance premiums paid by Contractor in acquiring and maintaining the insurance required by this Contract, and (ii) taxes, fees, licenses and permits required pursuant to Section 13 hereof. Contractor represents to Company that all rate schedules of Contractor provided to Company include the foregoing matters.

11. *Time of Payment.*

(a) Contractor shall provide Company an invoice in a form acceptable to Company at Company's address set forth in the Master Field Services Agreement, in accordance with instructions provided at the time of the issuance of the applicable Order, or if no such instructions were given, at the end of each month during the course of the Work. Payment shall be made by Company within sixty (60) days of receipt of Contractor's invoice for Work performed to Company's satisfaction.

(b) If Company disputes any item billed, Company shall, within sixty (60) days of receipt of Contractor's invoice, notify Contractor of the item disputed and specify Company's complaint. Payment of such item shall be withheld until settlement of the dispute; however, any undisputed portion shall be paid within the time period specified. Invoices received in a form unacceptable to Company or not in accordance with this Contract shall be returned by Company to Contractor unpaid within sixty (60) days of receipt by Company.

12. *Standard of Performance.*

(a) Contractor warrants (i) that all Work shall be performed in compliance with all applicable laws, rules and regulations (including all safety codes, statutes, regulations, precautions, and procedures) and utilizing all necessary or desirable personal protective equipment and devices, whether suggested or required by safety associations, government agencies, municipalities or otherwise; (ii) that all Work shall be done with the utmost skill, care and diligence, in a good and workmanlike manner, in accordance with the terms hereof and good industry standards of performance and in a timely manner

and shall conform to all terms and specifications set forth in the applicable Order and/or this Contract and any other written instructions applicable to the Work; (iii) that all Goods and Contractor's tools, machinery and equipment shall be the best quality for their purposes, maintained to be free from defect, meet all engineering standards and specifications provided by Company, have been prepared, tested and shipped in accordance with the provisions hereof and in all applicable Orders and shall be free and clear of any liens, encumbrances or security interests; and (iv) that Contractor, its subcontractors and their employees are sufficiently experienced and suitably trained to perform the Work.

(b) Contractor shall obtain, and assign to Company, to the maximum extent reasonably possible, manufacturer, vendor and supplier warranties with respect to Goods, materials, supplies, tools, machinery and equipment obtained or used by Contractor in the performance of the Work.

(c) Any portion of the Work found defective or unsuitable shall be promptly removed, replaced or corrected by Contractor without additional charge to Company.

(d) Contractor shall comply with the terms and conditions regarding drugs and alcohol set forth in Exhibit A hereto.

(e) If Company shall have reason to be dissatisfied with the conduct of Contractor's employees or representatives employed on Company's premises, Contractor shall, on receiving particulars of the complaint, promptly investigate and, if necessary, make a change in the appointment or practices required to provide the Work contracted for. Contractor shall not employ in connection with any Work any employee whose employment violates applicable labor laws.

(f) Unless otherwise specified in the Order, Contractor shall deliver (or cause to be delivered) all Goods F.O.B. the location specified in the Order.

(g) Re-Performance of the Work or alterations, repairs or replacements necessary to meet the standard of care and warranties in this Section 12 shall not constitute Company's exclusive remedy with respect to the applicable Order or this Contract. Company's failure to make an inspection or test or to discover defective workmanship, Services or Goods shall not relieve Contractor from any responsibility under the applicable Order, and payment of any funds by Company shall not constitute a waiver of such defects.

13. *Compliance with Laws.*

(a) Contractor shall obtain all permits and licenses required for it to perform the Work and shall otherwise comply with all laws, rules, regulations, ordinances, judgments, orders and other official acts of all federal, state, municipal, foreign and other agencies or regulatory bodies ("Governmental Authorities") that are now or may, in the future, become applicable to Contractor and Contractor's business, equipment and personnel engaged in the performance of the Work or this Contract, or arising out of or incident to such performance. Specifically, Contractor shall comply, where required by law, with the Environmental Laws set forth in Exhibit B hereto and the Federal Contract Provisions set forth in Exhibit C hereto.

(b) Contractor further agrees to pay all taxes, charges and fees levied or assessed on Contractor by any Governmental Authority in connection with or incident to the performance of the Work or this Contract, including but not limited to unemployment insurance, withholding taxes, social security taxes, old age benefits and other social security benefits and taxes upon wages of Contractor, its agents, employees and representatives. Contractor agrees to reimburse Company on demand for all such taxes, fees, licenses and charges that Company may be required or deem it necessary to pay on account of the agents, employees and representative of Contractor or its subcontractors.

14. **Force Majeure.** Under the terms of this Contract, "Force Majeure" shall mean acts of God, strikes, lockouts, other industrial disturbances, acts of the public enemy, laws and regulations, wars or war-like action, arrests or other restraints of governments (civil or military), blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, hurricanes, fires, storms, floods, washouts, civil disturbances, confiscation or seizure by any government or public authority, and any other similar causes, that are not reasonably within the control of the Party claiming a Force Majeure and that by the exercise of due diligence such Party shall not have been able to avoid or overcome. Except as specifically provided otherwise in this Contract, if either Party is rendered unable, wholly or in material part, by reason of Force Majeure to carry out any of its obligations hereunder, then on such Party's giving notice and reasonably full particulars of such Force Majeure in writing to the other Party within five (5) days after the occurrence of the cause relied on, such obligation of the Party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuation of any inability so caused and such cause shall, as far as practicable, be remedied with all reasonable dispatch by such party; provided, this Section shall not be construed to require a Party to settle or overcome labor disputes or strikes, except on terms satisfactory to the affected Party in its sole discretion.

15. **Indemnity Obligations.**

(a) *Definitions.* The following terms shall have the designated definitions.

"Company Group" shall mean, individually or in any combination, Company, the Company's parent, affiliates, subsidiaries, joint venturers, joint interest owners, partners, co-owners, co-lessees, contractors (other than Contractor) and subcontractors and each of their respective directors, officers, agents, representatives, employees and invitees.

"Contractor Group" shall mean, individually or in any combination, Contractor, the Contractor's parent, affiliates, subsidiaries and subcontractors, and each of their respective directors, officers, agents, representatives, employees and invitees.

"Defend" shall mean the obligation of the indemnitor at the indemnitees' election (i) to defend the indemnitees at its sole expense or (ii) to reimburse the indemnitees' reasonable expenses incurred in defending themselves. Notwithstanding the indemnitee's election of option (i) above, the indemnitee shall be entitled to participate in its defense.

"Claims" shall mean all claims, demands, causes of action, liabilities, damages, judgments, fines, penalties, awards, losses, costs, expenses (including, without limitation, attorneys' fees and costs of litigation) of any kind or character arising out of, or related to, the performance of or subject matter of this Contract or any work, including, without limitation, property loss, destruction or damage, personal or bodily injury, sickness, disease or death, loss of services and/or wages, or loss of consortium or society.

(b) *GENERAL INDEMNITY.* CONTRACTOR SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS COMPANY GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF ANY PERSON OR ENTITY, INCLUDING, BUT NOT LIMITED TO, CONTRACTOR'S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF COMPANY GROUP. COMPANY SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS CONTRACTOR GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF COMPANY'S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF CONTRACTOR GROUP.

(c) *INDIRECT OR CONSEQUENTIAL DAMAGES.* IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY'S GROUP (AS DEFINED ABOVE) FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATED TO OR IN CONNECTION WITH THIS CONTRACT, THE SERVICES OR ANY EQUIPMENT, INCLUDING BUT NOT LIMITED TO ANY CLAIMS IN CONNECTION WITH INJURY, LOSS OR DAMAGE TO ANY PROPERTY, ANY LOSS OF PROFITS OR BUSINESS OPPORTUNITY, AND ANY LOSS OF USE OF THE EQUIPMENT, IRRESPECTIVE OF THE REASON OR CAUSE OF SUCH DAMAGES, WHETHER ANY OF SUCH DAMAGES OCCUR DURING OR AFTER THE PERIOD OF THIS CONTRACT, OR THAT THE CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHER THEORY OF ANY NATURE WHATSOEVER.

(d) *INTELLECTUAL PROPERTY INDEMNITY.* CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM ANY AND ALL LOSSES FOR INFRINGEMENT OF A PATENT OR

PATENTS, COPYRIGHTS, TRADEMARKS OR ANY OTHER INTELLECTUAL PROPERTY RIGHT OR TRADE SECRETS MISAPPROPRIATION GROWING OUT OF OR INCIDENT TO THE WORK OR THE EQUIPMENT OR MATERIALS FURNISHED BY CONTRACTOR IN ITS PERFORMANCE OF THE WORK.

(e) *Anti-Indemnity Statutes.* In the event this Contract is subject to the indemnity limitations of any state anti-indemnity statute (including, but not by way of limitation, Chapter 127 of the Texas Civil Practices and Remedies Code or any successor statute), and so long as such limitations are in force, each Party covenants and agrees to support the mutual indemnity obligations contained in this Section 15 by carrying insurance (or qualified self-insurance) of the types and in the amounts not less than those specified in Exhibit D to this Contract, for the benefit of the other Party. In the event this Contract is subject to the indemnity limitations of Wyoming (including, but not by way of limitation, Wyo. Stat. §§ 30-1-131, et seq. or any successor statute), this Section 15 shall be interpreted to give the fullest effect to its terms not inconsistent with the provisions of those limitations.

(f) *Enforcement of this Contract.* Nothing in this Section 15 shall be construed to prevent either Party from enforcing their rights under the terms of this Contract.

16. Insurance.

(a) *Contractor's Insurance.* Contractor shall carry insurance (with insurance companies with a minimum Bests Rating of A-, X or its equivalent from other professional rating companies satisfactory to Company) in the amounts set forth in Exhibit D effective prior to the commencement of any Work under this Contract, and such insurance shall be maintained in full force and effect at all times Work is performed and/or this Contract is in effect. In each such policy, except Worker Compensation and Employers Liability, to the extent of the liabilities agreed to be assumed by Contractor, Contractor shall cause (i) the insurer to waive all rights of subrogation against Company Group, (ii) Company Group to be listed as additional insureds and (iii) such policy to be primary as to any other policy of Company Group or otherwise. Before engaging in any Work hereunder, Contractor shall furnish Company an executed Certificate of Insurance (in form satisfactory to Company) evidencing the foregoing insurance. Contractor shall cause each insurer to agree to give Company at least thirty (30) days written notice of cancellation or expiration of any such policies or of any other changes that would materially reduce the limits or coverage (or increase the costs to Company) of such policies. Notwithstanding any provision herein to the contrary, failure to secure the insurance coverage, the failure to comply fully with any of the insurance provisions of this Contract, or the failure to secure such endorsements on the policies as may be necessary to carry out the terms and provisions of this Contract, (x) shall in no way act to relieve Contractor from the obligations of this Contract, and (y) shall constitute grounds for the immediate termination of this Contract by Company (in addition to any other rights or remedies available to Company).

(b) *Waiver of Subrogation.* Company and Contractor each hereby waives any and all rights of recovery against the other Group, as defined above, for loss of or damage to such waiving Party or its property or the property of others under its control, where such loss or damage is insured under any insurance policy in force at the time of such loss or damage. Company and Contractor shall, upon obtaining the policies of insurance required hereunder, give notice to the insurance carrier or carriers that the foregoing mutual waiver of subrogation is contained in this Contract.

17. **Incident Reports.** Contractor shall immediately notify Company in the event of any incident resulting in injury to any person or property damage in excess of \$500.00 and arising out of the Work. Contractor shall prepare and furnish Company a copy of an incident report within ten (10) calendar days thereof, and when requested, shall furnish Company with a copy of all reports made by Contractor to Contractor's insurers with respect thereto.

18. **Independent Contractor.** Contractor shall be an independent contractor with respect to the performance of all Work, and neither Contractor nor anyone employed by Contractor shall be deemed for any purpose to be the employee, agent, servant, borrowed servant or representative of Company in the performance of any Work. Company shall have no direction or control of Contractor or its employees, agents, representatives or subcontractors, except in the results to be obtained. However, the foregoing shall in no way affect or preclude the right of the Company Group to assert any statutory employer defense or other defense which may exist. The Work contemplated herein shall meet the approval of Company and be subject to the general right of inspection of Company to secure the satisfactory completion thereof. The actual performance and supervision of all Work shall be by Contractor, but Company or its representatives shall have full and complete access to the Work site to determine whether the Work is being performed by Contractor in accordance with all provisions of this Contract and applicable Orders and for reasons otherwise stated in this Contract. No provisions herein shall be construed as creating a partnership, joint venture or other association whereby the Company and Contractor would be jointly liable or liable as partners or co-venturers.

19. **Protection from Liens.** Contractor shall timely pay and discharge all claims to third party vendors or service providers for Goods and Services furnished to Company hereunder and to allow no lien or charge to become fixed upon any property of Company or any property under the management or control of Company, including any property for which Company is providing goods or services. Contractor shall defend, indemnify and hold harmless Company against any and all such claims or liens. In the event of any such claim or lien, Company shall have the right to withhold payment from Contractor of an amount sufficient to satisfy any such claim or lien together with all expenses, costs or legal fees related thereto. All requests for payment by Contractor shall be accompanied by proof satisfactory to Company that there are no unsatisfied claims for such third party Goods or Services. Contractor hereby waives, and releases Company and all its successors and assigns from, all claims, demands, liens, security interests and other rights of every kind and character, whether constitutional, statutory, contractual, tortious or equitable, that Contractor now holds or may acquire in, on or against the property of the Company, now owned or hereafter acquired or any property now or in the future under the management or control of Company; provided however that nothing herein shall be interpreted to prevent Contractor from claiming, filing or enforcing any liens when the rights thereto arise directly from Company's failure to pay Contractor in breach of this Contract.

20. **Restoration of Work Site.** Upon completion of any Work performed hereunder, Contractor shall remove its surplus material and equipment from the Work site, shall clean up the Work site in a diligent, good and workmanlike manner and dispose of its own waste and trash in a lawful manner.

21. **Conflicts of Interest.** Except as otherwise expressly provided herein, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall give to or receive from any director, employee, or agent of Company any gift, entertainment or other favor of significant value, or any commission, fee or rebate. Likewise, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall, without prior written notification thereof to Company, enter into any business relationship with any director, employee, or agent of Company or any affiliate, unless such person is acting for and on behalf of Company. Contractor shall promptly notify Company of any violation of this Section and any consideration received as a result of such violation shall be paid over or credited to Company. In the event of any violation of this Section, including any violation occurring prior to the date of this Contract, resulting directly or indirectly in Company's issuance of Orders to Contractor, Company may at Company's sole option terminate this Contract and notwithstanding any other provision of this Contract, pay Contractor only that amount earned prior to the date of termination. Any designated representative for Company may audit any and all records of Contractor Group for the purpose of confirming compliance with this Section.

22. **Precedence of Agreements and Conflict of Provisions** In the event there should be any conflict or ambiguity created between the provision of this Contract and any Order, Contractor's work ticket, invoice, statement, published rate schedule or any other type of memoranda, whether written or oral, between Company and Contractor, or subsequent agreements between the Parties dealing with the subject matter as this Contract, the provisions of this Contract shall control unless modified pursuant to the strict application of Section 24 below.

23. **Assignment of Contract/Subcontracts.** Contractor agrees not to subcontract or assign this Contract or any Work to be furnished hereunder without the prior written consent of Company, and the assignment of this Contract or the subcontracting of any Work to be performed hereunder, if so permitted by Company, shall not relieve Contractor of its duties or obligations hereunder. If Contractor attempts to subcontract or assign this Contract or any Work to be furnished hereunder without such consent, such attempted assignment and subcontracting shall be void and this Contract may be immediately terminated at the option of the Company. All subcontractors shall have the minimum insurance prescribed herein and otherwise comply with the terms of this Contract.

24. **Modification of Contract.** No change, modification, extension, renewal, ratification, revision, discharge, abandonment or waiver of this Contract or any of the provisions hereof or any representation, promise or condition relating to this Contract shall be binding upon Parties unless made in writing, executed by both Parties, and specifically referencing this Section 24 of this Contract, provided that such reference shall be initialed by the representative of each Party, and provided further that such representatives must be at a management or officer position within the respective party equal to or greater than the representative executing this Contract.

25. **Termination.** Company, in its sole discretion, may terminate for any reason and at any time the Work being performed by Contractor hereunder whether such Work commenced under oral or written Orders. The termination of any such Work shall not cancel this Contract and Contractor shall receive its normal compensation pursuant to Section 10 of this Contract prorated to the actual hour of termination for Services completed and Goods delivered.

26. **Attorney's Fees.** In the event that either Party institutes suit to enforce any right or obligation against the other Party arising from or incidental to this Contract, then the prevailing Party shall be entitled to recover reasonable attorney's fees and court costs.

27. **Notices.** All notices or other communications hereunder (and the term "notices" as used in this paragraph includes communications) shall be in writing and may be effected by (i) personal delivery, (ii) registered or certified mail, postage prepaid with return receipt requested, (iii) sent and delivered by a nationally recognized overnight delivery service, or (iv) by email with written confirmation promptly thereafter in accordance with clauses (i), (ii) or (iii) or by return email. Mailed notices shall be addressed to the parties at the addresses appearing below, but each party may change its address by written notice to the other party in accordance with this Agreement. Notices delivered personally shall be deemed communicated as of actual receipt; mailed notices shall be deemed communicated upon receipt, refusal or as of the first attempted date of delivery if unclaimed; and email notices shall be deemed communicated as of the date of actual receipt; provided, emails not received between the hours of 8:30 a.m. and 5:00 p.m. local time on a date which is not a Saturday, Sunday, or federal or state holiday (business day), shall be deemed received at 8:30 a.m. on the next business day.

28. **Severability.** If any term or provision of this Contract is held by a court or agency of competent jurisdiction to be inconsistent with or contrary to any applicable federal, state or local law, rule or regulation, said term or provision shall be deemed to be modified to the extent required to comply with said law, rule or regulation, and as so modified said provision and this Contract shall continue in full force and effect.

29. **Integration.** This Contract supersedes any and all other agreements, either oral or in writing, between the Parties with respect to the subject matter hereof and contains all of the covenants and agreements between the Parties with respect to the subject matter.

30. **Waiver.** The failure of either Party to exercise any of its rights or remedies hereunder shall not act as a waiver of such rights or remedies nor shall such failure excuse the other Party from any of its obligations hereunder.

31. **Third Party Beneficiaries.** Except as provided in Section 15 with regard to Contractor Group and Company Group, nothing herein shall be construed to confer any benefit on any third party not a party to this Contract nor to provide any rights to such third parties to enforce the provisions hereof.

32. **Choice of Law.** The Parties expressly agree that, since this Contract may include performance at various locations, the obligations and liabilities assumed by the Parties hereunder should not be subject to variation in interpretation by reasons of the geographical locale of Work site. The Parties therefore agree that this Contract, and the enforcement, interpretation and construction thereof shall, to the maximum extent allowed, be governed solely by the laws of the State of Texas, without regard to any conflicts of law principles of said jurisdiction that might require the application of the laws of another jurisdiction.

33. **Survival.** The representations and warranties by Contractor, and the indemnities in this Contract shall survive the completion of any Work performed hereunder by Contractor and the termination of this Contract.

34. **Headings for Convenience.** Sections of this Contract have been labeled for the convenience of the Parties and such headings are not to be utilized for the purpose of construing the meaning of any provision of this Contract.

35. **Multiple Counterparts.** This contract may be executed in multiple counterparts, each of which shall be deemed an original and all of which shall constitute but one and the same instrument.

EXHIBIT A

DRUG AND ALCOHOL POLICY

Prohibition of Drugs and Alcohol Contractor agrees to be responsible for ascertaining, maintaining, and monitoring the alcohol and drug free status of its and its subcontractors' employees who are employed on Company's property and, to that end, agrees to the following minimum requirements:

(a) Company reserves the right to ban from its property any of Contractor's or its subcontractors' employees who cannot establish that they are drug and alcohol free to Company's satisfaction.

(b) Contractor's and its subcontractors' employees shall not be permitted to perform Work on Company's property without first consenting to undergo periodic drug or alcohol screening tests.

(c) If the performance of any of Contractor's and its subcontractors' employees on Company's property appears erratic or impaired or after any accident or safety violation where, in Company's sole opinion, such employee's actions indicate that the accident or violation could reasonably have been caused by alcohol or drug use, Company may direct Contractor to remove such employee from Company's property at Contractor's sole cost. No employee so removed shall be permitted to return to Company's property without first undergoing a medical examination that establishes to Company's satisfaction that the condition was not drug or alcohol related.

(d) Company reserves the right to undertake a search of Contractor's and its subcontractors' employees personal effects that are located on Company's property at any time during the performance of the Work to ascertain whether such employees have in their possession drugs, alcohol or any other controlled dangerous substance and the unexcused possession of such will constitute cause for Company to immediately seek replacement of such employees.

(e) Notwithstanding any compliance by Contractor with the requirements set forth herein, and notwithstanding Company's satisfaction with Contractor's means of demonstrating compliance herewith, Contractor shall be and remain fully responsible for any and all failures, and the consequences thereof, to ensure that its and its subcontractors' employees are drug and alcohol free in transit while working on Company's property.

EXHIBIT B

ENVIRONMENTAL LAWS

1. ***Compliance with Environmental Laws.*** Contractor shall give all notices and otherwise fully comply with all laws, statutes, regulations, ordinances, rules, standards, orders or determinations of any local, state or federal governmental authority (including related determinations, interpretations, orders or opinions by any judicial or administrative authority) that has jurisdiction over the Contractor, the Work or the Work site pertaining to protection or conservation of the air, land, water, human health, industrial hygiene or other aspects of the environment, including, without limitation, the following statutes, as supplemented and amended from time to time: the Clean Air Act, the Comprehensive Environmental Response, Compensation and Liability Act, the Federal Water Pollution Control Act, the Solid Waste Disposal Act, the Resource Conservation and Recovery Act, the Safe Drinking Water Act, the Toxic Substances Control Act, the Hazardous Materials Transportation Act, the Federal Oil Pollution Act of 1990 and comparable state and local statutes and implementing rules or regulations (“*Environmental Laws*”).

2. ***Hazardous Materials.*** Contractor represents and warrants to Company that upon delivery or performance of the Work, the Work will not contain or otherwise have incorporated into it any chemical, material or other substance defined as or included in the definition of “hazardous substance,” “hazardous material,” “hazardous chemical,” “hazardous chemical substance,” “hazardous waste,” or “toxic substance” or words of similar meaning and regulatory effect, as such terms are defined under any Environmental Laws, any broader definition of such terms that is used by a state or locality that has jurisdiction over the Work, or the site or any interpretation by administrative or judicial authorities, or any other chemical, material or substance, exposure to which is prohibited, limited or regulated by any governmental authority or which may or could pose a hazard to human health and safety including, without limitation, asbestos in any form and polychlorinated biphenyls.

3. ***Notice of Spills.*** Contractor shall notify Company as soon as possible after discovery or containment (and in no event later than 1 hour) following any accident or spill involving the release of any chemical, material or other substance described in 2 above.

EXHIBIT C

FEDERAL CONTRACT PROVISIONS

Contractor shall fully comply with the following statutes and executive orders as well as the regulations, orders and rules promulgated thereunder, where required by law, and such statutes and executive orders are hereby incorporated in this Contract by reference as if fully set out: (1) Equal Opportunity Clause (Applicable to all Short Forms for amounts in excess of \$10,000, 41 CFR 60-1.4); (2) Affirmative Action Compliance Programs (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.40); (3) Equal Employment Opportunity Reporting Requirements (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.7); (4) Employment of the Handicapped (Applicable to Short Forms for amounts of \$2,500 or more, 41 CFR 60-741); (5) Employment of Disabled Veterans and Veterans of the Vietnam Era (Applicable to Short Forms for amounts of \$10,000 or more, 41 CFR 60-250); (6) Utilization of Small Business Concerns and Small Disadvantaged Business Concerns (Applicable to Short Forms for amounts of \$10,000 or more, 48 CFR 52.219-8); (7) Utilization of Women-Owned Business concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-8); (8) Utilization of Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-1 to 52-219-21); (9) Small Business and Small Disadvantaged Business Concerns and Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$500,000 or more, 48 CFR 52.219-9); (10) Clean Air and Water (Applicable to Short Forms for amounts of \$100,000 or more, 48 CFR (ch. 1) 23.104; 48 CFR (Ch. 1) 52.223-2); and (11) Hazardous Material Indemnification and Material Safety Data (Applicable when it is contemplated that the Short Form will require delivery of hazardous materials as defined in 29 USC 651, et seq.; 29 CFR 1901, et seq.).

Contractor certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. It certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments and that it will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The Contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause. As used in this certification, the term “*segregated facilities*” means but is not limited to any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom or otherwise. It further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause; that it will retain such certification in its files; and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certificates for specific time periods):

“NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES.

A Certification of Nonsegregated Facilities must be submitted prior to the award of any subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity Clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually or annually).” Note that the penalty for making false statements is prescribed in 18 U.S.C. 1001.

EXHIBIT D

REQUIRED INSURANCE

A. **WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY** insurance covering employees engaged in operations hereunder in compliance with all applicable state and federal laws. Coverage to include:

- (i) Workers' Compensation statutory benefits for those states where operations are conducted. A rejection of the Workers' Compensation Act in Wyoming will not be considered valid compliance with this provision. (Owners, who are sole proprietors, may provide valid proof of Health/Medical Insurance coverage to comply with the requirements of the Worker's Compensation Act.)
- (ii) Employer's Liability limits of \$1,000,000 each employee, \$1,000,000 each employee/disease, and \$1,000,000 policy limit.
- (iii) Endorsements providing coverage under Voluntary Compensation, and for Alternate Employers, where applicable.
- (iv) Policy to be endorsed to provide that a claim brought "in rem" shall be treated as a claim brought against the insured.

B. **COMMERCIAL GENERAL LIABILITY** insurance with a limit of \$1,000,000 per occurrence, subject to a \$1,000,000 General Aggregate and including the following:

- (i) Separate Aggregate limit of at least \$1,000,000 for claims under the Products and Completed Operations hazard.
- (ii) Contractual liability coverage covering all operations without regard to any limitations set forth in this Contract.
- (iii) Sudden and Accidental Pollution Liability coverage of at least \$1,000,000.

C. **BUSINESS AUTOMOBILE** insurance covering all Owned, Hired and Non-Owned vehicles with a combined single limit for bodily injury and property damage liability of \$1,000,000 per accident or occurrence.

For all coverages shown above, the territorial limits of the policies shall extend to any area of the world in which the Work is to be conducted.

The Certificate of Insurance required under Paragraph 16 Insurance of this Contract shall list Diamondback E&P LLC as certificate holder.

MASTER DRILLING AGREEMENT

THIS MASTER DRILLING AGREEMENT (this "Agreement") is made and entered into to be effective as of the 1st day of January 2013, by and between DIAMONDBACK E&P LLC ("Operator") and BISON DRILLING AND FIELD SERVICES LLC ("Contractor").

RECITALS:

A. Contractor is the owner of certain drilling rigs located in the Permian Basin (referred to as the "Rigs"); and

B. Subject to the limitations provided in paragraph 4 below, Operator desires to use the Rigs in connection with Contractor's exploration for oil and gas in the Permian Basin and as provided herein, and Contractor desires to provide Rigs for such purposes.

NOW, THEREFORE, in consideration of the premises, covenants and conditions herein, and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Operator and Contractor hereby agree as follows:

1. Form of Drilling Agreement. The terms and conditions pursuant to which each of the Rigs shall be used and operated shall be as set forth in the Drilling Bid Proposal and Daywork Drilling Contract (i) attached hereto as Exhibit "A" for a vertical well and (ii) attached hereto as Exhibit "B" for a horizontal well (in either event, the "Drilling Contract"). A separate Drilling Contract shall be deemed to apply to each well drilled under this Agreement.

2. Term. This Agreement may be terminated at the option of either party by giving the other party written notice to that effect, which termination shall become effective thirty (30) calendar days after the giving of such written notice; however, neither party hereto shall, by the termination of this Agreement, be relieved of its respective obligations arising from or incident to a Drilling Contract then in effect hereunder and not yet fully performed at or prior to the time the termination of this Agreement becomes effective.

3. Purchase of Services. This Agreement and the applicable Drilling Contract shall control and govern any and all use of the Rigs by Contractor for Operator (the "Drilling Services"). Drilling Services will be as requested by Operator to Contractor and will be defined by separate orders (either verbal or written) from Operator to Contractor (each an "Order"). This Agreement and the applicable Drilling Contract shall be deemed to be incorporated in full in every Order effective upon the giving of such Order if verbal or the receipt of such Order by Contractor if written. Operator shall endeavor to provide written confirmation of any oral Orders within ten (10) working days after same are given, but the failure to do so shall not invalidate the Order or the obligations of the parties arising hereunder by reason of such Order.

4. Obligation to Request/Accept Work. Except as otherwise provided in this paragraph 4, Operator shall be obligated to order from Contractor Drilling Services required by Operator within the Permian Basin, and Contractor shall be obligated to provide such Drilling Services to Operator; provided, the requirement of the preceding sentence shall apply only to the extent of two Rigs for vertical wells; provided further, that Operator may require from time-to-time, in its sole discretion, that one of the Rigs be for horizontal wells. The provision of Drilling

Services in addition to the foregoing limitation is voluntary with both Operator and Contractor. For avoidance of doubt, this Agreement does not obligate Operator to issue any Order to Contractor for Drilling Services and it does not obligate Contractor to accept an Order from Operator for Drilling Services for a Rig if two Rigs are then obligated to perform Drilling Services hereunder and such Drilling Services have not been completed. Further, the parties shall be relieved of the obligation as to the use of a Rig during the period of time when total loss, destruction or breakdown causes the Rig to be unavailable for commencement of operations under a Drilling Contract.

5. Notices. Except as provided otherwise in paragraph 3 above, all notices or other communications hereunder (and the term "notices" as used in this paragraph includes communications) shall be in writing and may be effected by (i) personal delivery, (ii) registered or certified mail, postage prepaid with return receipt requested, (iii) sent and delivered by a nationally recognized overnight delivery service, or (iv) by email with written confirmation promptly thereafter in accordance with clauses (i), (ii) or (iii) or by return email. Mailed notices shall be addressed to the parties at the addresses appearing below, but each party may change its address by written notice to the other party in accordance with this Agreement. Notices delivered personally shall be deemed communicated as of actual receipt; mailed notices shall be deemed communicated upon receipt, refusal or as of the first attempted date of delivery if unclaimed; and email notices shall be deemed communicated as of the date of actual receipt; provided, emails not received between the hours of 8:30 a.m. and 5:00 p.m. local time on a date which is not a Saturday, Sunday, or federal or state holiday (business day), shall be deemed received at 8:30 a.m. on the next business day.

If to Contractor:	Bison Drilling and Field Services LLC 11800 HWY 191 Midland, Texas 79707 Attention: Kaes Van't Hof Email: kvanthof@bisonenergyservices.com

6. Entire Agreement. This Agreement together with the Exhibits hereto constitute the entire agreement between the parties hereto pertaining to the subject matter hereof and supersede all prior agreements, understandings, negotiations, and discussions, whether oral or written, of the parties pertaining to the subject matter hereof.

7. Assignment. Neither party shall assign this Agreement or a Drilling Contract or any part hereof or thereof, nor shall either party assign or delegate any of its rights or obligations hereunder or thereunder, without the prior written consent of the other. Any purported assignment made without such consent shall be void and of no force and effect. Except as otherwise provided herein, this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective permitted successors, assigns, and legal representatives.

8. Amendment. This Agreement may be amended only by an instrument in writing executed by the parties hereto.

9. Waiver. Any of the terms, covenants, representations, warranties, or conditions hereof may be waived only by a written instrument executed by or on behalf of the party hereto waiving compliance. The failure of any party at any time or times to require performance of any provision hereof shall in no manner affect the right of such party at a later time to enforce the performance of such provision or any other provisions hereof.

10. Governing Law. This Agreement shall be governed and construed in accordance with the laws of the State of Texas, excluding any conflicts-of-law rule or principle that might refer governance or construction of such provisions to the laws of another jurisdiction.

11. Execution Counterparts. This Agreement may be executed in any number of counterparts, and each such counterpart hereof shall be deemed to be an original instrument. All such counterparts together shall constitute for all purposes one agreement.

12. Conflict. In the event of a conflict between the terms and provisions of this Agreement and the terms and provisions of a Drilling Contract, the terms and provisions of this Agreement shall control.

IN WITNESS WHEREOF, Operator and Contractor have executed this Agreement as of this day of January, 2013, to be effective as of the day and year first written above.

Using Operator's drill pipe \$ per day.

The rate will begin when the drilling unit is rigged up at the drilling location, or positioned over the location during marine work, and ready to commence operations; and will cease when the rig and pits are cleaned & wellhead is installed.

If under the above column "With Drill Pipe" no rates are specified, (he rate per twenty-four hour day when drill pipe is in use shall be the applicable rate specified in the column "Without Drill Pipe" plus compensation for any drill pipe actually used at the rates specified below, computed on the basis of the maximum drill pipe in use at any time during each twenty-four hour day.

DRILL PIPE RATE PER 24-HOUR DAY

Straight Hole			Directional or Uncontrollable Deviated Hole		
	Size	Grade		Size	Grade
\$ per ft.	---	---	\$ per ft.	---	---
\$ per ft.	---	---	\$ per ft.	---	---
\$ per ft.	---	---	\$ per ft.	---	---

Directional or uncontrolled deviated hole will be deemed to exist when deviation exceeds 6 degrees or when the change of angle exceeds 3 degrees per one hundred feet.

Drill pipe shall be considered in use not only when in actual use but also while it is being picked up or laid down. When drill pipe is standing in the derrick, it shall not be considered in use, provided, however, that if Contractor furnishes special strings of drill pipe, drill collars, and handling tools as provided for in Exhibit "A", the same shall be considered in use at all times when on location or until released by Operator. In no event shall fractions of an hour be considered in computing the amount of time drill pipe is in use but such time shall be computed to the nearest hour, with thirty minutes or more being considered a full hour and less than thirty minutes not to be counted.

4.5 Repair Time: In the event it is necessary to shut down Contractor's rig for repairs, excluding routine rig servicing, Contractor shall be allowed compensation at the applicable rate for such shut down time up to a maximum of 4 hours for any one rig repair job, but not to exceed 24 hours of such compensation for any calendar month. Thereafter, Contractor shall be compensated at a rate of \$0 per twenty-four (24) hour day. Routine rig servicing shall include, but not be limited to, cutting and slipping drilling line, changing pump or swivel expendables, testing BOP equipment, lubricating rig, and

4.6 Standby Time Rate: \$11,000 per twenty-four (24) day, Standby time shall be defined to include time when the rig is shut down although in readiness to begin or resume operations but Contractor is waiting on orders of Operator or on materials, services or other items to be furnished by Operator.

4.7 Drilling Fluid Rates: When drilling fluids of a type and characteristic that increases Contractor's cost of performance hereunder, including, but not limited to, oil-based mud or potassium chloride, are in use, Operator shall pay Contractor in addition to the operating rate specified above:

- (a) \$30 per man per day for Contractor's rig-site personnel.
- (b) \$N/ A per day additional operating rate; and
- (c) Cost of all labor, material and services plus 24 hours operating rate to clean rig and related equipment.

4.8 Force Majeure Rate: \$12,400 per twenty-four (24) hour day for any continuous period that normal operations are suspended or cannot be carried on due to conditions of Force Majeure as defined in Paragraph 17 hereof. It is, however, understood that subject to Subparagraph 6.3 below, Operator can release the rig in accordance with Operator's right to direct stoppage of the work, effective when conditions will permit the rig to be moved from the location.

4.9 Reimbursable Costs: Operator shall reimburse Contractor for the costs of material, equipment, work or services which are to be furnished by Operator as provided for herein but which for convenience are actually furnished by Contractor at Operator's request, plus 5 percent for such cost of handling. **When, at Operator's request and with Contractor's agreement, the Contractor furnishes or subcontracts for certain items or services which Operator is required herein to provide, for purposes of the indemnity and release provisions of this Contract, said items or services shall be deemed to be Operator furnished items or services. Any subcontractors so hired shall be deemed to be Operator's contractor, and Operator shall not be relieved of any of its liabilities in connection therewith.**

4.10 Revision In Rates: The rates and/or payments herein set forth due to Contractor from Operator shall be revised to reflect the change in costs if the costs of any of the items hereinafter listed shall vary by more than 15 percent from the costs thereof on the date of this Contract or by the same percent after the date of any revision pursuant to this Subparagraph:

- (a) Labor costs, including all benefits, of Contractor's personnel;
- (b) Contractor's cost of insurance premiums;
- (c) Contractor's cost of fuel, including all taxes and fees; the cost per gallon/MCF being \$;
- (d) Contractor's cost of catering, when applicable;
- (e) If Operator requires Contractor to increase or decrease the number of Contractor's personnel;

(f) Contractor's cost of spare parts and supplies with the understanding that such spare parts and supplies constitute percent of the operating rate and that the parties shall use the U.S. Bureau of Labor Statistics Oil Field and Gas Field Drilling Machinery Producer Price Index (Series ID WPU119102) to determine to what extent a price variance has occurred in said spare parts and supplies;

(g) If there is any change in legislation or regulations in the area in which Contractor is working or other unforeseen, unusual event that alters Contractor's financial burden.

5. TIME OF PAYMENT

Payment is due by Operator to Contractor as follows:

5.1 Payment for mobilization, drilling and other work performed at applicable rates, and all other applicable charges shall be due, upon presentation of invoice therefor, upon completion of mobilization, demobilization, rig release or at the end of the month in which such work was performed or other charges are incurred, whichever shall first occur. All invoices may be mailed to Operator at the address hereinabove shown, unless Operator does hereby designate that such invoices shall be mailed as follows: N/A.

5.2 Disputed Invoices and Late Payment: Operator shall pay all invoices within 45 days after receipt except that if Operator disputes an invoice or any part thereof, Operator shall, within fifteen days after receipt of the invoice, notify Contractor of the item disputed, specifying the reason, therefor, and payment of the disputed item may be withheld until settlement of the dispute, but timely payment shall be made of any undisputed portion. Any sums (including amounts ultimately paid with respect to a disputed invoice) not paid within the above specified days shall bear interest at the rate of percent or the maximum legal rate, whichever is less, per month from the due date until paid. If Operator does not pay undisputed items within the above stated time. Contractor may suspend operations or terminate this Contract as specified under Subparagraph 6.3.

6. TERM:

6.1 Duration of Contract: This Contract shall remain in full force and effect until drilling operations are completed on the well or wells specified in Paragraph 1 above, or for a term of 1 YEAR commencing on the date specified in Paragraph 2 above.

6.2 Extension of Term: Operator may extend the term of this Contract for MULTIPLE well(s) or for a period of 1 YEAR by giving notice to Contractor at least 15 days prior to completion of the well then being drilled or by

6.3 Early Termination:

(a) **By Either Party:** Upon giving of written notice, either party may terminate this Contract when total loss or destruction of the rig, or a major breakdown with indefinite repair time necessitate stopping operations hereunder.

(b) **By Operator:** Notwithstanding the provisions of Paragraph 3 with respect to the depth to be drilled, Operator shall have the right to direct the stoppage of the work to be performed by Contractor hereunder at any time prior to reaching the specified depth, and even though Contractor has made no default hereunder. In such event, Operator shall reimburse Contractor as set forth in Subparagraph 6.4 hereof.

(c) **By Contractor:** Notwithstanding the provisions of Paragraph 3 with respect to the depth to be drilled, in the event Operator shall become insolvent, or be adjudicated a bankrupt, or file, by way of petition or answer, a debtor's petition or other pleading seeking adjustment of Operator's debts, under any bankruptcy or debtor's relief laws now or hereafter prevailing, or if any such be filed against Operator, or in case a receiver be appointed of Operator or Operator's property, or any part thereof, or Operator's affairs be placed in the hands of a Creditor's Committee, or, following three business days prior written notice to Operator if Operator does not pay Contractor within the time specified in Subparagraph 5.2 all undisputed items due and owing, Contractor may, at its option, (1) elect to terminate further performance of any work under this Contract and Contractor's right to compensation shall be as set forth in Subparagraph 6.4 hereof, or (2) suspend operations until payment is made by Operator in which event the standby time rate contained in Subparagraph 4.6 shall apply until payment is made by Operator and operations are resumed. In addition to Contractor's rights to suspend operations or terminate performance under this Paragraph, Operator hereby expressly agrees to protect, defend and indemnify Contractor from and against any claims, demands and causes of action, including all costs of defense, in favor of Operator, Operator's co-venturers, co-lessees and joint owners, or any other parties arising out of any drilling commitments or obligations contained in any lease, farmout agreement or other agreement, which may be affected by such suspension of operations or termination of performance hereunder.

6.4 Early Termination Compensation:

(a) **Prior to Commencement:** In the event Operator terminates this Contract prior to commencement of operations hereunder. Operator shall pay Contractor as liquidated damages and not as a penalty a sum equal to the standby time rate (Subparagraph 4.6) for a period of 0 days or a lump sum of \$0.

(b) **Prior to Spudding:** If such termination occurs after commencement of operations but prior to the spudding of the well, Operator shall pay to Contractor the sum of the following: (1) all expenses reasonably and necessarily incurred and to be incurred by Contractor by reason of the Contract and by reason of the premature termination of the work, including the expense of drilling or other crew members and supervision directly assigned to the rig; (2) ten percent (10%) of the amount of such reimbursable expenses; and (3) a sum calculated at the standby time rate for all time from the date upon which Contractor commences any operations hereunder down to such date subsequent to the date of termination as will afford Contractor reasonable time to dismantle its rig and equipment provided, however, if this Contract is for a term of more than one well or for a period of time, Operator shall pay Contractor, in addition to the above, the Force Majeure Rate, less any unnecessary labor, from that date subsequent to termination upon which Contractor completes dismantling its rig and equipment until the end of the term or

(c) **Subsequent to spudding:** If such termination occurs after the spudding of the well, Operator shall pay Contractor (1) the amount for all applicable rates and all other charges and reimbursements due to Contractor; but in no event shall such sum, exclusive of reimbursements due, be less than would have been earned for N/A days at the applicable rate "Without Drill Pipe" and the actual amount due for drill pipe used in accordance with the above rates; or (2) at the election of Contractor and in lieu of the foregoing, Operator shall pay

Contractor for all expenses reasonably and necessarily incurred and to be incurred by reason of this Contract and by reason of such premature termination plus a lump sum of \$ N/ A provided, however, if this Contract is for a term of more than one well or for a period of time. Operator shall pay Contractor, in addition to the above, the Force Majeure Rate less any unnecessary labor from the date of termination until the end of the term or

7. CASING PROGRAM

Operator shall have the right to designate the points at which casing will be set and the manner of setting, cementing and testing. Operator may modify the casing program, however, any such modification which materially increases Contractor's hazards or costs can only be made by mutual consent of Operator and Contractor and upon agreement as to the additional compensation to be paid Contractor as a result thereof.

8. DRILLING METHODS AND PRACTICES:

8.1 Contractor shall maintain well control equipment in good condition at all times and shall use all reasonable means to prevent and control fires and blowouts and to protect the hole.

8.2 Subject to the terms hereof, and at Operator's cost, at all times during the drilling of the well, Operator shall have the right to control the mud program, and the drilling fluid must be of a type and have characteristics and be maintained by Contractor in accordance with the specifications shown in Exhibit "A".

8.3 Each party hereto agrees to comply with all laws, rules, and regulations of any federal, state or local governmental authority which are now or may become applicable to that party's operations covered by or arising out of the performance of this Contract. When required by law, the terms of Exhibit "B" shall apply to this Contract. In the event any provision of this Contract is inconsistent with or contrary to any applicable federal, state or local law, rule or regulation, said provision shall be deemed to be modified to the extent required to comply with said law, rule or regulation, and as so modified said provision and this Contract shall continue in full force and effect.

8.4 Contractor shall keep and furnish to Operator an accurate record of the work performed and formations drilled on the IADC-API Daily Drilling Report Form or other form acceptable to Operator. A legible copy of said form shall be furnished by Contractor to Operator.

8.5 If requested by Operator, Contractor shall furnish Operator with a copy of delivery tickets covering any material or supplies provided by Operator and received by Contractor.

9. INGRESS, EGRESS, AND LOCATION:

Operator hereby assigns to Contractor all necessary rights of ingress and egress with respect to the tract on which the well is to be located for the performance by Contractor of all work contemplated by this Contract, Should Contractor be denied free access to the location for

any reason not reasonably within Contractor's control, any time lost by Contractor as a result of such denial shall be paid for at the standby time rate. Operator agrees at all times to maintain the road and location in such a condition that will allow free access and movement to and from the drilling site in an ordinarily equipped highway type vehicle. If Contractor is required to use bulldozers, tractors, four-wheel drive vehicles, or any other specialized transportation equipment for the movement of necessary personnel, machinery, or equipment over access roads or on the drilling location, Operator shall furnish the same at its expense and without cost to Contractor. The actual cost of repairs to any transportation equipment furnished by Contractor or its personnel damaged as a result of improperly maintained access roads or location will be charged to Operator, Operator shall reimburse Contractor for all amounts reasonably expended by Contractor for repairs and/or reinforcement of roads, bridges and related or similar facilities (public and private) required as a direct result of a rig move pursuant to performance hereunder. Operator shall be responsible for any costs associated with leveling the rig because of location settling.

10. SOUND LOCATION:

Operator shall prepare a sound location adequate in size and capable of properly supporting the drilling rig, and shall be responsible for a casing and cementing program adequate to prevent soil and subsoil wash out. It is recognized that Operator has superior knowledge of the location and access routes to the location, and must advise Contractor of any subsurface conditions, or obstructions (including, but not limited to, mines, caverns, sink holes, streams, pipelines, power lines and communication lines) which Contractor might encounter while en route to the location or during operations hereunder. In the event subsurface conditions cause a cratering or shifting of the location surface, or if seabed conditions prove unsatisfactory to properly support the rig during marine operations hereunder, and loss or damage to the rig or its associated equipment results therefrom, Operator shall, without regard to other provisions of this Contract, including Subparagraph 14.1 hereof, reimburse Contractor for all such loss or damage including removal of debris and payment of Force Majeure Rate during repair and/or demobilization if applicable.

11. EQUIPMENT CAPACITY

Operations shall not be attempted under any conditions which exceed the capacity of the equipment specified to be used hereunder or where canal or water depths are in excess of N/A feet. Without prejudice to the provisions of Paragraph 14 hereunder, Contractor shall have the right to make the final decision as to when an operation or attempted operation would exceed the capacity of specified equipment.

12. TERMINATION OF LOCATION LIABILITY:

When Contractor has concluded operations at the well location, Operator shall thereafter be liable for damage to property, personal injury or death of any person which occurs as a result of conditions of the location and Contractor shall be relieved of such liability; provided, however, if Contractor shall subsequently reenter upon the location for any reason, including removal of the rig, any term of the Contract relating to such reentry activity shall become applicable during such period.

13. INSURANCE

During the life of this Contract, Contractor shall at Contractor's expense maintain, with an insurance company or companies authorized to do business in the state where the work is to be performed or through a self-insurance program, insurance coverages of the kind and in the amount set forth in Exhibit "A", insuring the liabilities specifically assumed by Contractor in Paragraph 14 of this Contract. Contractor shall procure from the company or companies writing said insurance a certificate or certificates that said insurance is in full force and effect and that the same shall not be canceled or materially changed without ten (10) days prior written notice to Operator. For liabilities assumed hereunder by Contractor, its insurance shall be endorsed to provide that the underwriters waive their right of subrogation against Operator. Operator will, as well, cause its insurer to waive subrogation against Contractor for liability it assumes and shall maintain, at Operator's expense, or shall self-insure, insurance coverage as set forth in Exhibit "A" of the same kind and in the same amount as is required of Contractor, insuring the liabilities specifically assumed by Operator in Paragraph 14 of this Contract. Operator shall procure from the company or companies writing said insurance a certificate or certificates that said insurance is in full force and effect and that the same shall not be canceled or materially changed without ten (10) days prior written notice to Contractor. Operator and Contractor shall cause their respective underwriters to name the other additionally insured but only to the extent of the indemnification obligations assumed herein.

14. RESPONSIBILITY FOR LOSS OR DAMAGE, INDEMNITY, RELEASE OF LIABILITY AND ALLOCATION OF RISK:

14.1 Contractor's Surface Equipment: Contractor shall assume liability at all times for damage to or destruction of Contractor's surface equipment, regardless of when or how such damage or destruction occurs, and Contractor shall release Operator of any liability for any such loss, except loss or damage under the provisions of Paragraph 10 or Subparagraph 14.3.

14.2 Contractor's In-Hole Equipment: Operator shall assume liability at all times for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool Joints, and Operator shall reimburse Contractor for the value of any such loss or damage; the value to be determined by agreement between Contractor and Operator as current repair costs or 100 percent of current like kind replacement cost of such equipment delivered to the well site.

14.3 Contractor's Equipment - Environmental Loss or Damage: Notwithstanding the provisions of Subparagraph 14.1 above, Operator shall assume liability at all times for damage to or destruction of Contractor's equipment resulting from the presence of H₂S, CO₂ or other corrosive elements that enter the drilling fluids from subsurface formations or the use of corrosive, destructive or abrasive additives in the drilling fluids.

14.4 Operator's Equipment: Operator shall assume liability at all times for damage to or destruction of Operator's or its co-venturers', co-lessees' or joint owners' equipment, including, but not limited to, casing, tubing, well head equipment, and platform if applicable, regardless of when or how such damage or destruction occurs, and Operator shall release Contractor of any liability for any such loss or damage.

14.5 The Hole: In the event the hole should be lost or damaged, Operator shall be solely responsible for such damage to or loss of the hole, including the casing therein. Operator shall release Contractor and its suppliers, contractors and subcontractors of any tier of any liability for damage to or loss of the hole, and shall protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against any and all claims, liability, and expense relating to such damage to or loss of the hole.

14.6 Underground Damage: Operator shall release Contractor and its suppliers, contractors and subcontractors of any tier of any liability for, and shall protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against any and all claims, liability, and expense resulting from operations under this Contract on account of injury to, destruction of, or loss or impairment of any property right in or to oil, gas, or other mineral substance or water, if at the time of the act or omission causing such injury, destruction, loss, or impairment, said substance had not been reduced to physical possession above the surface of the earth, and for any loss or damage to any formation, strata, or reservoir beneath the surface of the earth.

14.7 Inspection of Materials Furnished by Operator: Contractor agrees to visually inspect all materials furnished by Operator before using same and to notify Operator of any apparent defects therein. Contractor shall not be liable for any loss or damage resulting from the use of materials furnished by Operator, and Operator shall release Contractor from, and shall protect, defend and indemnify Contractor from and against, any such liability.

14.8 Contractor's Indemnification of Operator: Contractor shall release Operator of any liability for, and shall protect, defend and indemnify Operator from and against all claims, demands, and causes of action of every kind and character, without limit and without regard to the cause or causes thereof or the negligence of any party or parties, arising in connection herewith in favor of Contractor's employees or Contractor's subcontractors of any tier (inclusive of any agent or consultant engaged by Contractor) or their employees, or Contractor's invitees, on account of bodily injury, death or damage to property. Contractor's indemnity under this Paragraph shall be without regard to and without any right to contribution from any insurance maintained by Operator pursuant to Paragraph 13. If it is judicially determined that the monetary limits of insurance required hereunder or of the indemnities voluntarily assumed under Subparagraph 14.8 (which Contractor and Operator hereby agree will be supported either by available liability insurance, under which the insurer has no right of subrogation against the indemnities, or voluntarily self-insured, in part or whole) exceed the maximum limits permitted under applicable law, it is agreed that said insurance requirements or indemnities shall automatically be amended to conform to the maximum monetary limits permitted under such law.

14.9 Operator's Indemnification of Contractor: Operator shall release Contractor of any liability for, and shall protect, defend and indemnify Contractor from and against all claims, demands, and causes of action of every kind and character, without limit and without regard to the cause or causes thereof or the negligence of any party or parties, arising in connection herewith in favor of Operator's employees or Operator's contractors of any tier (inclusive of any agent, consultant or subcontractor engaged by Operator) or their employees, or Operator's invitees, other than those parties identified in Subparagraph 14.8 on account of bodily

injury, death or damage to property. Operator's indemnity under this Paragraph shall be without regard to and without any right to contribution from any insurance maintained by Contractor pursuant to Paragraph 13, if it is judicially determined that the monetary limits of insurance required hereunder or of the indemnities voluntarily assumed under Subparagraph 14.9 (which Contractor and Operator hereby agree will be supported either by available liability insurance, under which the insurer has no right of subrogation against the indemnitees, or voluntarily self-insured, in part or whole) exceed the maximum limits permitted under applicable law, it is agreed that said insurance requirements or indemnities shall automatically be amended to conform to the maximum monetary limits permitted under such law.

14.10 Liability for Wild Well: Operator shall be liable for the cost of regaining control of any wild well, as well as for cost of removal of any debris and cost of property remediation and restoration, and Operator shall release, protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against any liability for such cost.

14.11 Pollution or Contamination: Notwithstanding anything to the contrary contained herein, except the provisions of Paragraphs 10 and 12, it is understood and agreed by and between Contractor and Operator that the responsibility for pollution or contamination shall be as follows:

(a) Contractor shall assume all responsibility for, including control and removal of, and shall protect, defend and indemnify Operator from and against all claims, demands and causes of action of every kind and character arising from pollution or contamination, which originates above the surface of the land or water from spills of fuels, lubricants, motor oils, pipe dope, paints, solvents, ballast, bilge and garbage, except unavoidable pollution from reserve pits, wholly in Contractor's possession and control and directly associated with Contractor's equipment and facilities.

(b) Operator shall assume all responsibility for, including control and removal of, and shall protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against all claims, demands, and causes of action of every kind and character arising directly or indirectly from all other pollution or contamination which may occur during the conduct of operations hereunder, including, but not limited to, that which may result from fire, blowout, cratering, seepage or any other uncontrolled flow of oil, gas, water or other substance, as well as the use or disposition of all drilling fluids, including, but not limited to, oil emulsion, oil base or chemically treated drilling fluids, contaminated cuttings or cavings, lost circulation and fish recovery materials and fluids. Operator shall release Contractor and its suppliers, contractors and subcontractors of any tier of any liability for the foregoing.

(c) In the event a third party commits an act or omission which results in pollution or contamination for which either Contractor or Operator, for whom such party is performing work, is held to be legally liable, the responsibility therefor shall be considered, as between Contractor and Operator, to be the same as if the party for whom the work was performed had performed the same and all of the obligations respecting protection, defense, indemnity and limitation of responsibility and liability, as set forth in (a) and (b) above, shall be specifically applied.

14.12 Consequential Damages: Subject to and without affecting the provisions of this Contract regarding the payment rights and obligations of the parties or the risk of loss, release and indemnity rights and obligations of the parties, each party shall at all times be responsible for and hold harmless and indemnify the other party from and against its own special, indirect or consequential damages, and the parties agree that special, indirect or consequential damages shall be deemed to include, without limitation, the following: loss of profit or revenue; costs and expenses resulting from business interruptions; loss of or delay in production; loss of or damage to the leasehold; loss of or delay in drilling or operating rights; cost of or loss of use of property, equipment, materials and services, including without limitation those provided by contractors or subcontractors of every tier or by third parties. Operator shall at all times be responsible for and hold harmless and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against all claims, demands and causes of action of every kind and character in connection with such special, indirect or consequential damages suffered by Operator's co-owners, co-venturers, co-lessees, farmors, farmees, partners and joint owners.

14.13 Indemnity Obligation: Except as otherwise expressly limited in this Contract, it is the intent of parties hereto that all releases, indemnity obligations and/or liabilities assumed by such parties under terms of this Contract, including, without limitation, Subparagraphs 4.9 and 6.3(c), Paragraphs 10 and 12, and Subparagraphs 14.1 through 14.12 hereof, be without limit and without regard to the cause or causes thereof, including, but not limited to, pre-existing conditions, defect or ruin of premises or equipment, strict liability, regulatory or statutory liability, products liability, breach of representation or warranty (express or implied), breach of duty (whether statutory, contractual or otherwise) any theory of tort, breach of contract, fault, the negligence of any degree or character (regardless of whether such negligence is sole, Joint or concurrent, active, passive or gross) of any party or parties, including the party seeking the benefit of the release, indemnity or assumption of liability, or any other theory of legal liability. The indemnities, and releases and assumptions of liability extended by the parties hereto under the provisions of Subparagraphs 4.9 and 6.3 and Paragraphs 10, 12 and 14 shall inure to the benefit of such parties, their co-venturers, co-lessees, joint owners, their parent, holding and affiliated companies and the officers, directors, stockholders, partners, managers, representatives, employees, consultants, agents, servants and insurers of each. Except as otherwise provided herein, such indemnification and assumptions of liability shall not be deemed to create any rights to indemnification in any person or entity not a party to this Contract, either as a third party beneficiary or by reason of any agreement of indemnity between one of the parties hereto and another person or entity not a party to this Contract.

15. AUDIT

If any payment provided for hereunder is made on the basis of Contractor's costs, Operator shall have the right to audit Contractor's books and records relating to such costs. Contractor agrees to maintain such books and records for a period of two (2) years from the date such costs were incurred and to make such books and records readily available to Operator at any reasonable time or times within the period.

16. NO WAIVER EXCEPT IN WRITING

It is fully understood and agreed that none of the requirements of this Contract shall be considered as waived by either party unless the same is done in writing, and then only by the persons executing this Contract, or other duly authorized agent or representative of the party.

17. FORCE MAJEURE

Except as provided in this Paragraph 17 and without prejudice to the risk of loss, release and indemnity obligations under this Contract, each party to this Contract shall be excused from complying with the terms of this Contract, except for the payment of monies when due, if and for so long as such compliance is hindered or prevented by a Force Majeure Event. As used in this Contract, "Force Majeure Event" includes: acts of God, action of the elements, wars (declared or undeclared), insurrection, revolution, rebellions or civil strife, piracy, civil war or hostile action, terrorist acts, riots, strikes, differences with workmen, acts of public enemies, federal or state laws, rules, regulations dispositions or orders of any governmental authorities having jurisdiction in the premises or of any other group, organization or informal association (whether or not formally recognized as a government), inability to procure material, equipment, fuel or necessary labor in the open market, acute and unusual labor or material, equipment or fuel shortages, or any other causes (except financial) beyond the control of either party. Neither Operator nor Contractor shall be required against its will to adjust any labor or similar disputes except in accordance with applicable law. In the event that either party hereto is rendered unable, wholly or in part, by any of these causes to carry out its obligation under this Contract, it is agreed that such party shall give notice and details of Force Majeure in writing to the other party as promptly as possible after its occurrence. In such cases, the obligations of the party giving the notice shall be suspended during the continuance of any inability so caused except that Operator shall be obligated to pay to Contractor the Force Majeure Rate provided for in Subparagraph 4.8 above.

18. GOVERNING LAW:

This Contract shall be construed, governed, interpreted, enforced and litigated, and the relations between the parties determined in accordance with the laws of TEXAS.

19. INFORMATION CONFIDENTIAL:

Upon written request by Operator, information obtained by Contractor in the conduct of drilling operations on this well, including, but not limited to, depth, formations penetrated, the results of coring, testing and surveying, shall be considered confidential and shall not be divulged by Contractor or its employees, to any person, firm, or corporation other than Operator's designated representatives.

20. SUBCONTRACTS:

Either party may employ other contractors to perform any of the operations or services to be provided or performed by it according to Exhibit "A".

21. ATTORNEY'S FEES

If this Contract is placed in the hands of an attorney for collection of any sums due hereunder, or suit is brought on same, or sums due hereunder are collected through bankruptcy or arbitration proceedings, then the prevailing party shall be entitled to recover reasonable attorney's fees and costs.

22. CLAIMS AND LIENS:

Contractor agrees to pay all valid claims for labor, material, services, and supplies to be furnished by Contractor hereunder, and agrees to allow no lien by such third parties to be fixed upon the lease, the well, or other property of the Operator or the land upon which said well is located.

23. ASSIGNMENT:

Neither party may assign this Contract without the prior written consent of the other, and prompt notice of any such intent to assign shall be given to the other party. In the event of such assignment, the assigning party shall remain liable to the other party as a guarantor of the performance by the assignee of the terms of this Contract, if any assignment is made that materially alters Contractor's financial burden, Contractor's compensation shall be adjusted to give effect to any increase or decrease in Contractor's operating costs.

24. NOTICES AND PLACE OF PAYMENT:

Notices, reports, and other communications required or permitted by this Contract to be given or sent by one party to the other shall be delivered by hand, mailed, digitally transmitted or telecopied to the address hereinabove shown. All sums payable hereunder to Contractor shall be payable at its address hereinabove shown unless otherwise specified herein.

25. CONTINUING OBLIGATIONS:

Notwithstanding the termination of this Contract, the parties shall continue to be bound by the provisions of this Contract that reasonably require some action or forbearance after such termination.

26. ENTIRE AGREEMENT:

This Contract constitutes the full understanding of the parties, and a complete and exclusive statement of the terms of their agreement, and shall, exclusively, control and govern all work performed hereunder. All representations, offers, and undertakings of the parties made prior to the effective date hereof, whether oral or in writing, are merged herein, and no other contracts, agreements or work orders, executed prior to the execution of this Contract, shall in any way modify, amend, alter or change any of the terms or conditions set out herein.

27. SPECIAL PROVISIONS:

28. ACCEPTANCE OF CONTRACT:

The foregoing Contract, including the provisions relating to Indemnity, release of liability and allocation of risk of Subparagraphs 4.9 and 6.3(c), Paragraphs 10 and 12, and Subparagraphs 14.1 through 14.12, is acknowledged, agreed to and accepted by Operator this day of , 20 .

**INTERNATIONAL ASSOCIATION OF DRILLING CONTRACTORS
DRILLING BID PROPOSAL
AND
DAYWORK DRILLING CONTRACT - U.S.**

TO: DIAMONDBACK E&P, LLC

Please submit bid on this drilling contract form for performing the work outlined below, upon the terms and for the consideration set forth, with the understanding that if the bid is accepted by DIAMONDBACK E&P, LLC this Instrument will constitute a Contract between us. Your bid should be mailed or delivered not later than P.M. on , 20 , to the following address: 500 W TEXAS AVE, STE 1226, MIDLAND TX 79701.

**THIS CONTRACT CONTAINS PROVISIONS RELATING TO INDEMNITY,
RELEASE OF LIABILITY, AND ALLOCATION OF RISK -
SEE PARAGRAPHS 4.9, 6.3(c), 10, 12, AND 14**

This Contract is made and entered into on the date hereinafter set forth by and between the parties herein designated as "Operator" and "Contractor."

OPERATOR:	DIAMONDBACK E&P, LLC
Address:	500 W TEXAS AVE, STE 1225 MIDLAND TX 79701
CONTRACTOR:	BISON DRILLING & FIELD SERVICES
Address:	11800 HWY 191 MIDLAND TX 79707

IN CONSIDERATION of the mutual promises, conditions and agreements herein contained and the specifications and special provisions set forth in Exhibit "A" and Exhibit "B" attached hereto and made a part hereof (the "Contract"), Operator engages Contractor as an independent contractor to drill the hereinafter designated well or wells in search of oil or gas on a Daywork Basis.

For purposes hereof, the term "Daywork" or "Daywork Basis" means Contractor shall furnish equipment, labor, and perform services as herein provided, for a specified sum per day under the direction, supervision and control of Operator (inclusive of any employee, agent, consultant or subcontractor engaged by Operator to direct drilling operations). When operating on a Daywork Basis, Contractor shall be fully paid at the applicable rates of payment and assumes only the obligations and liabilities stated herein. Except for such obligations and liabilities specifically assumed by Contractor, Operator shall be solely responsible and assumes liability for all consequences of operations by both parties while on a Daywork Basis, including results and all other risks or liabilities incurred in or incident to such operations.

1. LOCATION OF WELL:

Well Name and Number: TO BE DESIGNATED
Parish/ Field
County: State: Name:
Well location and land description: TO BE DESIGNATED

1.1 Additional Well Locations or Areas: TO BE DESIGNATED

Locations described above are for well and Contract identification only and Contractor assumes no liability whatsoever for a proper survey or location stake on Operator's lease.

2. COMMENCEMENT DATE:

Contractor agrees to use reasonable efforts to commence operations for the drilling of the well by the day of , 20 , or

3. DEPTH:

3.1 Well Depth: The well(s) shall be drilled to a depth of approximately 15,000 feet, or to the formation, whichever is deeper, but the Contractor shall not be required hereunder to drill said well(s) below a maximum depth of feet, unless Contractor and Operator mutually agree to drill to a greater depth.

4. DAYWORK RATES:

Contractor shall be paid at the following rates for the work performed hereunder.

4.1 Mobilization: Operator shall pay Contractor a mobilization fee of \$N/A or a mobilization day rate of \$14,000 per day. This sum shall be due and payable in full at the time the rig is rigged up or positioned at the well site ready to spud. Mobilization shall include: OPERATOR TO PAY TRUCKING, CRANES, & MANLIFT IF REQUIRED

4.2 Demobilization: Operator shall pay Contractor a demobilization fee of \$N/A or a demobilization day rate during tear down of \$ per day, provided however that no demobilization fee shall be payable if the Contract is terminated due to the total loss or destruction of the rig. Demobilization shall include:

4.3 Moving Rate: During the time the rig is in transit to or from a drill site, or between drill sites, commencing on SPUD, Operator shall pay Contractor a sum of \$14,000 per twenty-four (24) hour day.

4.4 Operating Day Rate: For work performed per twenty-four (24) hour day with 5 man crew the operating day rate shall be:

Depth Intervals		Without Drill Pipe	With Drill Pipe
From	To		
0	15,000±	\$ 17,500 per day	\$ 17,500 per day
_____	_____	_____	_____
_____	_____	_____	_____

Using Operator's drill pipe \$ _____ per day.

The rate will begin when the drilling unit is rigged up at the drilling location, or positioned over the location during marine work, and ready to commence operations; and will cease when the rig and pits are cleaned & wellhead is installed.

If under the above column "With Drill Pipe" no rates are specified, (he rate per twenty-four hour day when drill pipe is in use shall be the applicable rate specified in the column "Without Drill Pipe" plus compensation for any drill pipe actually used at the rates specified below, computed on the basis of the maximum drill pipe in use at any time during each twenty-four hour day.

DRILL PIPE RATE PER 24-HOUR DAY

Straight Hole		Size	Grade	Directional or Uncontrollable Deviated Hole		Size	Grade
\$	per ft.	_____	_____	\$	per ft.	_____	_____
\$	per ft.	_____	_____	\$	per ft.	_____	_____
\$	per ft.	_____	_____	\$	per ft.	_____	_____

Directional or uncontrolled deviated hole will be deemed to exist when deviation exceeds 6 degrees or when the change of angle exceeds 3 degrees per one hundred feet.

Drill pipe shall be considered in use not only when in actual use but also while it is being picked up or laid down. When drill pipe is standing in the derrick, it shall not be considered in use, provided, however, that if Contractor furnishes special strings of drill pipe, drill collars, and handling tools as provided for in Exhibit "A", the same shall be considered in use at all times when on location or until released by Operator. In no event shall fractions of an hour be considered in computing the amount of time drill pipe is in use but such time shall be computed to the nearest hour, with thirty minutes or more being considered a full hour and less than thirty minutes not to be counted.

4.5 Repair Time: In the event it is necessary to shut down Contractor's rig for repairs, excluding routine rig servicing, Contractor shall be allowed compensation at the applicable rate for such shut down time up to a maximum of 4 hours for any one rig repair job,

but not to exceed 24 hours of such compensation for any calendar month. Thereafter, Contractor shall be compensated at a rate of \$0 per twenty-four (24) hour day. Routine rig servicing shall include, but not be limited to, cutting and slipping drilling line, changing pump or swivel expendables, testing BOP equipment, lubricating rig, and

4.6 Standby Time Rate: \$11,000 per twenty-four (24) day, Standby time shall be defined to include time when the rig is shut down although in readiness to begin or resume operations but Contractor is waiting on orders of Operator or on materials, services or other items to be furnished by Operator.

4.7 Drilling Fluid Rates: When drilling fluids of a type and characteristic that increases Contractor's cost of performance hereunder, including, but not limited to, oil-based mud or potassium chloride, are in use. Operator shall pay Contractor in addition to the operating rate specified above:

- (a) \$30 per man per day for Contractor's rig-site personnel.
- (b) \$N/A per day additional operating rate; and
- (c) Cost of all labor, material and services plus 24 hours operating rate to clean rig and related equipment.

4.8 Force Majeure Rate: \$14,000 per twenty-four (24) hour day for any continuous period that normal operations are suspended or cannot be carried on due to conditions of Force Majeure as defined in Paragraph 17 hereof. It is, however, understood that subject to Subparagraph 6.3 below, Operator can release the rig in accordance with Operator's right to direct stoppage of the work, effective when conditions will permit the rig to be moved from the location.

4.9 Reimbursable Costs: Operator shall reimburse Contractor for the costs of material, equipment, work or services which are to be furnished by Operator as provided for herein but which for convenience are actually furnished by Contractor at Operator's request, plus 5 percent for such cost of handling. When, at Operator's request and with Contractor's agreement, the Contractor furnishes or subcontracts for certain items or services which Operator is required herein to provide, for purposes of the indemnity and release provisions of this Contract, said items or services shall be deemed to be Operator furnished items or services. Any subcontractors so hired shall be deemed to be Operator's contractor, and Operator shall not be relieved of any of its liabilities in connection therewith.

4.10 Revision In Rates: The rates and/or payments herein set forth due to Contractor from Operator shall be revised to reflect the change in costs if the costs of any of the items hereinafter listed shall vary by more than 15 percent from the costs thereof on the date of this Contract or by the same percent after the date of any revision pursuant to this Subparagraph:

- (a) Labor costs, including all benefits, of Contractor's personnel;
- (b) Contractor's cost of insurance premiums;
- (c) Contractor's cost of fuel, including all taxes and fees; the cost per gallon/MCF being \$;
- (d) Contractor's cost of catering, when applicable;

(e) If Operator requires Contractor to increase or decrease the number of Contractor's personnel;

(f) Contractor's cost of spare parts and supplies with the understanding that such spare parts and supplies constitute percent of the operating rate and that the parties shall use the U.S. Bureau of Labor Statistics Oil Field and Gas Field Drilling Machinery Producer Price Index (Series ID WPU119102) to determine to what extent a price variance has occurred in said spare parts and supplies;

(g) If there is any change in legislation or regulations in the area in which Contractor is working or other unforeseen, unusual event that alters Contractor's financial burden.

5. TIME OF PAYMENT

Payment is due by Operator to Contractor as follows:

5.1 Payment for mobilization, drilling and other work performed at applicable rates, and all other applicable charges shall be due, upon presentation of invoice therefor, upon completion of mobilization, demobilization, rig release or at the end of the month in which such work was performed or other charges are incurred, whichever shall first occur. All invoices may be mailed to Operator at the address hereinabove shown, unless Operator does hereby designate that such invoices shall be mailed as follows: N/A.

5.2 Disputed Invoices and Late Payment Operator shall pay all invoices within 45 days after receipt except that if Operator disputes an invoice or any part thereof, Operator shall, within fifteen days after receipt of the invoice, notify Contractor of the item disputed, specifying the reason, therefor, and payment of the disputed item may be withheld until settlement of the dispute, but timely payment shall be made of any undisputed portion. Any sums (including amounts ultimately paid with respect to a disputed invoice) not paid within the above specified days shall bear interest at the rate of 0 percent or the maximum legal rate, whichever is less, per month from the due date until paid. If Operator does not pay undisputed items within the above stated time, Contractor may suspend operations or terminate this Contract as specified under Subparagraph 6.3.

6. TERM:

6.1 Duration of Contract: This Contract shall remain in full force and effect until drilling operations are completed on the well or wells specified in Paragraph 1 above, or for a term of 1 YEAR commencing on the date specified in Paragraph 2 above.

6.2 Extension of Term: Operator may extend the term of this Contract for MULTIPLE well(s) or for a period of 1 YEAR by giving notice to Contractor at least 15 days prior to completion of the well then being drilled or by

6.3 Early Termination:

(a) **By Either Party:** Upon giving of written notice, either party may terminate this Contract when total loss or destruction of the rig, or a major breakdown with indefinite repair time necessitate stopping operations hereunder.

(b) **By Operator:** Notwithstanding the provisions of Paragraph 3 with respect to the depth to be drilled, Operator shall have the right to direct the stoppage of the work to be performed by Contractor hereunder at any time prior to reaching the specified depth, and even though Contractor has made no default hereunder. In such event, Operator shall reimburse Contractor as set forth in Subparagraph 6.4 hereof.

(c) **By Contractor:** Notwithstanding the provisions of Paragraph 3 with respect to the depth to be drilled, in the event Operator shall become insolvent, or be adjudicated a bankrupt, or file, by way of petition or answer, a debtor's petition or other pleading seeking adjustment of Operator's debts, under any bankruptcy or debtor's relief laws now or hereafter prevailing, or if any such be filed against Operator, or in case a receiver be appointed of Operator or Operator's property, or any part thereof, or Operator's affairs be placed in the hands of a Creditor's Committee, or, following three business days prior written notice to Operator if Operator does not pay Contractor within the time specified in Subparagraph 5.2 all undisputed items due and owing, Contractor may, at its option, (1) elect to terminate further performance of any work under this Contract and Contractor's right to compensation shall be as set forth in Subparagraph 6.4 hereof, or (2) suspend operations until payment is made by Operator in which event the standby time rate contained in Subparagraph 4.6 shall apply until payment is made by Operator and operations are resumed. In addition to Contractor's rights to suspend operations or terminate performance under this Paragraph, Operator hereby expressly agrees to protect, defend and indemnify Contractor from and against any claims, demands and causes of action, including all costs of defense, in favor of Operator, Operator's co-venturers, co-lessees and joint owners, or any other parties arising out of any drilling commitments or obligations contained in any lease, farmout agreement or other agreement, which may be affected by such suspension of operations or termination of performance hereunder.

6.4 Early Termination Compensation:

(a) **Prior to Commencement:** In the event Operator terminates this Contract prior to commencement of operations hereunder. Operator shall pay Contractor as liquidated damages and not as a penalty a sum equal to the standby time rate (Subparagraph 4.6) for a period of 0 days or a lump sum of \$0.

(b) **Prior to Spudding:** If such termination occurs after commencement of operations but prior to the spudding of the well, Operator shall pay to Contractor the sum of the following: (1) all expenses reasonably and necessarily incurred and to be incurred by Contractor by reason of the Contract and by reason of the premature termination of the work, including the expense of drilling or other crew members and supervision directly assigned to the rig; (2) ten percent (10%) of the amount of such reimbursable expenses; and (3) a sum calculated at the standby time rate for all time from the date upon which Contractor commences any operations hereunder down to such date subsequent to the date of termination as will afford Contractor reasonable time to dismantle its rig and equipment provided, however, if this Contract is for a term of more than one well or for a period of time, Operator shall pay Contractor, in addition to the above, the Force Majeure Rate, less any unnecessary labor, from that date subsequent to termination upon which Contractor completes dismantling its rig and equipment until the end of the term or

(c) **Subsequent to spudding:** If such termination occurs after the spudding of the well, Operator shall pay Contractor (1) the amount for all applicable rates and all other charges and reimbursements due to Contractor; but in no event shall such sum, exclusive of reimbursements due, be less than would have been earned for N/A days at the applicable rate "Without Drill Pipe" and the actual amount due for drill pipe used in accordance with the above rates; or (2) at the election of Contractor and in lieu of the foregoing, Operator shall pay Contractor for all expenses reasonably and necessarily incurred and to be incurred by reason of this Contract and by reason of such premature termination plus a lump sum of \$N/A provided, however, if this Contract is for a term of more than one well or for a period of time. Operator shall pay Contractor, in addition to the above, the Force Majeure Rate less any unnecessary labor from the date of termination until the end of the term or

7. CASING PROGRAM

Operator shall have the right to designate the points at which casing will be set and the manner of setting, cementing and testing. Operator may modify the casing program, however, any such modification which materially increases Contractor's hazards or costs can only be made by mutual consent of Operator and Contractor and upon agreement as to the additional compensation to be paid Contractor as a result thereof.

8. DRILLING METHODS AND PRACTICES:

8.1 Contractor shall maintain well control equipment in good condition at all times and shall use all reasonable means to prevent and control fires and blowouts and to protect the hole.

8.2 Subject to the terms hereof, and at Operator's cost, at all times during the drilling of the well, Operator shall have the right to control the mud program, and the drilling fluid must be of a type and have characteristics and be maintained by Contractor in accordance with the specifications shown in Exhibit "A".

8.3 Each party hereto agrees to comply with all laws, rules, and regulations of any federal, state or local governmental authority which are now or may become applicable to that party's operations covered by or arising out of the performance of this Contract. When required by law, the terms of Exhibit "B" shall apply to this Contract. In the event any provision of this Contract is inconsistent with or contrary to any applicable federal, state or local law, rule or regulation, said provision shall be deemed to be modified to the extent required to comply with said law, rule or regulation, and as so modified said provision and this Contract shall continue in full force and effect.

8.4 Contractor shall keep and furnish to Operator an accurate record of the work performed and formations drilled on the IADC-API Daily Drilling Report Form or other form acceptable to Operator. A legible copy of said form shall be furnished by Contractor to Operator.

8.5 If requested by Operator, Contractor shall furnish Operator with a copy of delivery tickets covering any material or supplies provided by Operator and received by Contractor.

9. INGRESS, EGRESS, AND LOCATION:

Operator hereby assigns to Contractor all necessary rights of ingress and egress with respect to the tract on which the well is to be located for the performance by Contractor of all work contemplated by this Contract. Should Contractor be denied free access to the location for any reason not reasonably within Contractor's control, any time lost by Contractor as a result of such denial shall be paid for at the standby time rate. Operator agrees at all times to maintain the road and location in such a condition that will allow free access and movement to and from the drilling site in an ordinarily equipped highway type vehicle. If Contractor is required to use bulldozers, tractors, four-wheel drive vehicles, or any other specialized transportation equipment for the movement of necessary personnel, machinery, or equipment over access roads or on the drilling location, Operator shall furnish the same at its expense and without cost to Contractor. The actual cost of repairs to any transportation equipment furnished by Contractor or its personnel damaged as a result of improperly maintained access roads or location will be charged to Operator. Operator shall reimburse Contractor for all amounts reasonably expended by Contractor for repairs and/or reinforcement of roads, bridges and related or similar facilities (public and private) required as a direct result of a rig move pursuant to performance hereunder. Operator shall be responsible for any costs associated with leveling the rig because of location settling.

10. SOUND LOCATION:

Operator shall prepare a sound location adequate in size and capable of properly supporting the drilling rig, and shall be responsible for a casing and cementing program adequate to prevent soil and subsoil wash out. It is recognized that Operator has superior knowledge of the location and access routes to the location, and must advise Contractor of any subsurface conditions, or obstructions (including, but not limited to, mines, caverns, sink holes, streams, pipelines, power lines and communication lines) which Contractor might encounter while en route to the location or during operations hereunder. In the event subsurface conditions cause a cratering or shifting of the location surface, or if seabed conditions prove unsatisfactory to properly support the rig during marine operations hereunder, and loss or damage to the rig or its associated equipment results therefrom, Operator shall, without regard to other provisions of this Contract, including Subparagraph 14.1 hereof, reimburse Contractor for all such loss or damage including removal of debris and payment of Force Majeure Rate during repair and/or demobilization if applicable.

11. EQUIPMENT CAPACITY

Operations shall not be attempted under any conditions which exceed the capacity of the equipment specified to be used hereunder or where canal or water depths are in excess of N/A feet. Without prejudice to the provisions of Paragraph 14 hereunder, Contractor shall have the right to make the final decision as to when an operation or attempted operation would exceed the capacity of specified equipment.

12. TERMINATION OF LOCATION LIABILITY:

When Contractor has concluded operations at the well location, Operator shall thereafter be liable for damage to property, personal injury or death of any person which occurs as a result of conditions of the location and Contractor shall be relieved of such liability; provided, however, if Contractor shall subsequently reenter upon the location for any reason, including removal of the rig, any term of the Contract relating to such reentry activity shall become applicable during such period.

13. INSURANCE

During the life of this Contract, Contractor shall at Contractor's expense maintain, with an insurance company or companies authorized to do business in the state where the work is to be performed or through a self-insurance program, insurance coverages of the kind and in the amount set forth in Exhibit "A", insuring the liabilities specifically assumed by Contractor in Paragraph 14 of this Contract. Contractor shall procure from the company or companies writing said insurance a certificate or certificates that said insurance is in full force and effect and that the same shall not be canceled or materially changed without ten (10) days prior written notice to Operator. For liabilities assumed hereunder by Contractor, its insurance shall be endorsed to provide that the underwriters waive their right of subrogation against Operator. Operator will, as well, cause its insurer to waive subrogation against Contractor for liability it assumes and shall maintain, at Operator's expense, or shall self-insure, insurance coverage as set forth in Exhibit "A" of the same kind and in the same amount as is required of Contractor, insuring the liabilities specifically assumed by Operator in Paragraph 14 of this Contract. Operator shall procure from the company or companies writing said insurance a certificate or certificates that said insurance is in full force and effect and that the same shall not be canceled or materially changed without ten (10) days prior written notice to Contractor. Operator and Contractor shall cause their respective underwriters to name the other additionally insured but only to the extent of the indemnification obligations assumed herein.

14. RESPONSIBILITY FOR LOSS OR DAMAGE, INDEMNITY, RELEASE OF LIABILITY AND ALLOCATION OF RISK:

14.1 Contractor's Surface Equipment: Contractor shall assume liability at all times for damage to or destruction of Contractor's surface equipment, regardless of when or how such damage or destruction occurs, and Contractor shall release Operator of any liability for any such loss, except loss or damage under the provisions of Paragraph 10 or Subparagraph 14.3.

14.2 Contractor's In-Hole Equipment: Operator shall assume liability at all times for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool Joints, and Operator shall reimburse Contractor for the value of any such loss or damage; the value to be determined by agreement between Contractor and Operator as current repair costs or 100 percent of current like kind replacement cost of such equipment delivered to the well site.

14.3 Contractor's Equipment - Environmental Loss or Damage Notwithstanding the provisions of Subparagraph 14.1 above, Operator shall assume liability at all times for damage to or destruction of Contractor's equipment resulting from the presence of H₂S, CO₂ or other corrosive elements that enter the drilling fluids from subsurface formations or the use of corrosive, destructive or abrasive additives in the drilling fluids.

14.4 Operator's Equipment: Operator shall assume liability at all times for damage to or destruction of Operator's or its co-venturers', co-lessees' or joint owners' equipment, including, but not limited to, casing, tubing, well head equipment, and platform if applicable, regardless of when or how such damage or destruction occurs, and Operator shall release Contractor of any liability for any such loss or damage.

14.5 The Hole: In the event the hole should be lost or damaged, Operator shall be solely responsible for such damage to or loss of the hole, including the casing therein. Operator shall release Contractor and its suppliers, contractors and subcontractors of any tier of any liability for damage to or loss of the hole, and shall protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against any and all claims, liability, and expense relating to such damage to or loss of the hole.

14.6 Underground Damage: Operator shall release Contractor and its suppliers, contractors and subcontractors of any tier of any liability for, and shall protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against any and all claims, liability, and expense resulting from operations under this Contract on account of injury to, destruction of, or loss or impairment of any property right in or to oil, gas, or other mineral substance or water, if at the time of the act or omission causing such injury, destruction, loss, or impairment, said substance had not been reduced to physical possession above the surface of the earth, and for any loss or damage to any formation, strata, or reservoir beneath the surface of the earth.

14.7 Inspection of Materials Furnished by Operator: Contractor agrees to visually inspect all materials furnished by Operator before using same and to notify Operator of any apparent defects therein. Contractor shall not be liable for any loss or damage resulting from the use of materials furnished by Operator, and Operator shall release Contractor from, and shall protect, defend and indemnify Contractor from and against, any such liability.

14.8 Contractor's Indemnification of Operator: Contractor shall release Operator of any liability for, and shall protect, defend and indemnify Operator from and against all claims, demands, and causes of action of every kind and character, without limit and without regard to the cause or causes thereof or the negligence of any party or parties, arising in connection herewith in favor of Contractor's employees or Contractor's subcontractors of any tier (inclusive of any agent or consultant engaged by Contractor) or their employees, or Contractor's invitees, on account of bodily injury, death or damage to property. Contractor's indemnity under this Paragraph shall be without regard to and without any right to contribution from any insurance maintained by Operator pursuant to Paragraph 13. If it is judicially determined that the monetary limits of insurance required hereunder or of the indemnities voluntarily assumed under Subparagraph 14.8 (which Contractor and Operator hereby agree will be supported either by available liability insurance, under which the insurer has no right of subrogation against the indemnities, or voluntarily self-insured, in part or whole) exceed the maximum limits permitted under applicable law, it is agreed that said insurance requirements or indemnities shall automatically be amended to conform to the maximum monetary limits permitted under such law.

14.9 Operator's Indemnification of Contractor: Operator shall release Contractor of any liability for, and shall protect, defend and indemnify Contractor from and against all claims, demands, and causes of action of every kind and character, without limit and without regard to the cause or causes thereof or the negligence of any party or parties, arising in connection herewith in favor of Operator's employees or Operator's contractors of any tier (inclusive of any agent, consultant or subcontractor engaged by Operator) or their employees, or Operator's invitees, other than those parties identified in Subparagraph 14.8 on account of bodily injury, death or damage to property. Operator's indemnity under this Paragraph shall be without regard to and without any right to contribution from any insurance maintained by Contractor pursuant to Paragraph 13. If it is judicially determined that the monetary limits of insurance required hereunder or of the indemnities voluntarily assumed under Subparagraph 14.9 (which Contractor and Operator hereby agree will be supported either by available liability insurance, under which the insurer has no right of subrogation against the indemnitees, or voluntarily self-insured, in part or whole) exceed the maximum limits permitted under applicable law, it is agreed that said insurance requirements or indemnities shall automatically be amended to conform to the maximum monetary limits permitted under such law.

14.10 Liability for Wild Well: Operator shall be liable for the cost of regaining control of any wild well, as well as for cost of removal of any debris and cost of property remediation and restoration, and Operator shall release, protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against any liability for such cost.

14.11 Pollution or Contamination: Notwithstanding anything to the contrary contained herein, except the provisions of Paragraphs 10 and 12, it is understood and agreed by and between Contractor and Operator that the responsibility for pollution or contamination shall be as follows:

(a) Contractor shall assume all responsibility for, including control and removal of, and shall protect, defend and indemnify Operator from and against all claims, demands and causes of action of every kind and character arising from pollution or contamination, which originates above the surface of the land or water from spills of fuels, lubricants, motor oils, pipe dope, paints, solvents, ballast, bilge and garbage, except unavoidable pollution from reserve pits, wholly in Contractor's possession and control and directly associated with Contractor's equipment and facilities.

(b) Operator shall assume all responsibility for, including control and removal of, and shall protect, defend and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against all claims, demands, and causes of action of every kind and character arising directly or indirectly from all other pollution or contamination which may occur during the conduct of operations hereunder, including, but not limited to, that which may result from fire, blowout, cratering, seepage or any other uncontrolled flow of oil, gas, water or other substance, as well as the use or disposition of all drilling fluids, including, but not limited to, oil emulsion, oil base or chemically treated drilling fluids, contaminated cuttings or cavings, lost circulation and fish recovery materials and fluids. Operator shall release Contractor and its suppliers, contractors and subcontractors of any tier of any liability for the foregoing.

(c) In the event a third party commits an act or omission which results in pollution or contamination for which either Contractor or Operator, for whom such party is performing work, is held to be legally liable, the responsibility therefor shall be considered, as between Contractor and Operator, to be the same as if the party for whom the work was performed had performed the same and all of the obligations respecting protection, defense, indemnity and limitation of responsibility and liability, as set forth in (a) and (b) above, shall be specifically applied.

14.12 Consequential Damages: Subject to and without affecting the provisions of this Contract regarding the payment rights and obligations of the parties or the risk of loss, release and indemnity rights and obligations of the parties, each party shall at all times be responsible for and hold harmless and indemnify the other party from and against its own special, indirect or consequential damages, and the parties agree that special, indirect or consequential damages shall be deemed to include, without limitation, the following: loss of profit or revenue; costs and expenses resulting from business interruptions; loss of or delay in production; loss of or damage to the leasehold; loss of or delay in drilling or operating rights; cost of or loss of use of property, equipment, materials and services, including without limitation those provided by contractors or subcontractors of every tier or by third parties. Operator shall at all times be responsible for and hold harmless and indemnify Contractor and its suppliers, contractors and subcontractors of any tier from and against all claims, demands and causes of action of every kind and character in connection with such special, indirect or consequential damages suffered by Operator's co-owners, co-venturers, co-lessees, farmors, farmees, partners and joint owners.

14.13 Indemnity Obligation: Except as otherwise expressly limited in this Contract, it is the intent of parties hereto that all releases, indemnity obligations and/or liabilities assumed by such parties under terms of this Contract, including, without limitation, Subparagraphs 4.9 and 6.3(c), Paragraphs 10 and 12, and Subparagraphs 14.1 through 14.12 hereof, be without limit and without regard to the cause or causes thereof, including, but not limited to, pre-existing conditions, defect or ruin of premises or equipment, strict liability, regulatory or statutory liability, products liability, breach of representation or warranty (express or implied), breach of duty (whether statutory, contractual or otherwise) any theory of tort, breach of contract, fault, the negligence of any degree or character (regardless of whether such negligence is sole, Joint or concurrent, active, passive or gross) of any party or parties, including the party seeking the benefit of the release, indemnity or assumption of liability, or any other theory of legal liability. The indemnities, and releases and assumptions of liability extended by the parties hereto under the provisions of Subparagraphs 4.9 and 6.3 and Paragraphs 10, 12 and 14 shall inure to the benefit of such parties, their co-venturers, co-lessees, joint owners, their parent, holding and affiliated companies and the officers, directors, stockholders, partners, managers, representatives, employees, consultants, agents, servants and insurers of each. Except as otherwise provided herein, such indemnification and assumptions of liability shall not be deemed to create any rights to indemnification in any person or entity not a party to this Contract, either as a third party beneficiary or by reason of any agreement of indemnity between one of the parties hereto and another person or entity not a party to this Contract.

15. AUDIT

If any payment provided for hereunder is made on the basis of Contractor's costs, Operator shall have the right to audit Contractor's books and records relating to such costs. Contractor agrees to maintain such books and records for a period of two (2) years from the date such costs were incurred and to make such books and records readily available to Operator at any reasonable time or times within the period.

16. NO WAIVER EXCEPT IN WRITING

It is fully understood and agreed that none of the requirements of this Contract shall be considered as waived by either party unless the same is done in writing, and then only by the persons executing this Contract, or other duly authorized agent or representative of the party.

17. FORCE MAJEURE

Except as provided in this Paragraph 17 and without prejudice to the risk of loss, release and indemnity obligations under this Contract, each party to this Contract shall be excused from complying with the terms of this Contract, except for the payment of monies when due, if and for so long as such compliance is hindered or prevented by a Force Majeure Event. As used in this Contract, "Force Majeure Event" includes: acts of God, action of the elements, wars (declared or undeclared), insurrection, revolution, rebellions or civil strife, piracy, civil war or hostile action, terrorist acts, riots, strikes, differences with workmen, acts of public enemies, federal or state laws, rules, regulations dispositions or orders of any governmental authorities having jurisdiction in the premises or of any other group, organization or informal association (whether or not formally recognized as a government), inability to procure material, equipment, fuel or necessary labor in the open market, acute and unusual labor or material, equipment or fuel shortages, or any other causes (except financial) beyond the control of either party. Neither Operator nor Contractor shall be required against its will to adjust any labor or similar disputes except in accordance with applicable law. In the event that either party hereto is rendered unable, wholly or in part, by any of these causes to carry out its obligation under this Contract, it is agreed that such party shall give notice and details of Force Majeure in writing to the other party as promptly as possible after its occurrence. In such cases, the obligations of the party giving the notice shall be suspended during the continuance of any inability so caused except that Operator shall be obligated to pay to Contractor the Force Majeure Rate provided for in Subparagraph 4.8 above.

18. GOVERNING LAW:

This Contract shall be construed, governed, interpreted, enforced and litigated, and the relations between the parties determined in accordance with the laws of TEXAS.

19. INFORMATION CONFIDENTIAL:

Upon written request by Operator, information obtained by Contractor in the conduct of drilling operations on this well, including, but not limited to, depth, formations penetrated, the results of coring, testing and surveying, shall be considered confidential and shall not be divulged by Contractor or its employees, to any person, firm, or corporation other than Operator's designated representatives.

20. SUBCONTRACTS:

Either party may employ other contractors to perform any of the operations or services to be provided or performed by it according to Exhibit "A".

21. ATTORNEY'S FEES

If this Contract is placed in the hands of an attorney for collection of any sums due hereunder, or suit is brought on same, or sums due hereunder are collected through bankruptcy or arbitration proceedings, then the prevailing party shall be entitled to recover reasonable attorney's fees and costs.

22. CLAIMS AND LIENS:

Contractor agrees to pay all valid claims for labor, material, services, and supplies to be furnished by Contractor hereunder, and agrees to allow no lien by such third parties to be fixed upon the lease, the well, or other property of the Operator or the land upon which said well is located.

23. ASSIGNMENT:

Neither party may assign this Contract without the prior written consent of the other, and prompt notice of any such intent to assign shall be given to the other party. In the event of such assignment, the assigning party shall remain liable to the other party as a guarantor of the performance by the assignee of the terms of this Contract, if any assignment is made that materially alters Contractor's financial burden, Contractor's compensation shall be adjusted to give effect to any increase or decrease in Contractor's operating costs.

24. NOTICES AND PLACE OF PAYMENT:

Notices, reports, and other communications required or permitted by this Contract to be given or sent by one party to the other shall be delivered by hand, mailed, digitally transmitted or telecopied to the address hereinabove shown. All sums payable hereunder to Contractor shall be payable at its address hereinabove shown unless otherwise specified herein.

25. CONTINUING OBLIGATIONS:

Notwithstanding the termination of this Contract, the parties shall continue to be bound by the provisions of this Contract that reasonably require some action or forbearance after such termination.

26. ENTIRE AGREEMENT:

This Contract constitutes the full understanding of the parties, and a complete and exclusive statement of the terms of their agreement, and shall, exclusively, control and govern all work performed hereunder. All representations, offers, and undertakings of the parties made prior to the effective date hereof, whether oral or in writing, are merged herein, and no other contracts, agreements or work orders, executed prior to the execution of this Contract, shall in any way modify, amend, alter or change any of the terms or conditions set out herein.

27. SPECIAL PROVISIONS:

28. ACCEPTANCE OF CONTRACT:

The foregoing Contract, including the provisions relating to Indemnity, release of liability and allocation of risk of Subparagraphs 4.9 and 6.3(c), Paragraphs 10 and 12, and Subparagraphs 14.1 through 14.12, is acknowledged, agreed to and accepted by Operator this day of , 20 .

GULFPORT ENERGY CORPORATION

MASTER SERVICE AGREEMENT

NOTE: THIS AGREEMENT CONTAINS INDEMNITY AND RELEASE PROVISIONS

This MASTER SERVICE AGREEMENT ("Agreement") is made and entered into this 11 day of June, 2012, by and between:

and Gulfport Energy Corporation
14313 N. May Ave., Suite 100
Oklahoma City, Oklahoma 73134 ("Company")

Redback Energy Services
10701 NW 2nd St.
Oklahoma City, OK 73099 ("Contractor")

Company and Contractor may sometimes herein be referred to individually as a "Party" or collectively as the "Parties".

In consideration of the covenants and promises made by each with the other, Contractor and Company covenant and agree as follows:

1. TERM

This Agreement is effective as of the above-referenced date, and continues for a term of one (1) year; and from year-to-year thereafter until terminated as provided in Section 20 hereof.

2. SCOPE

This Agreement is applicable to any and all services, goods, and/or equipment provided by Contractor to Company in connection with the construction and/or operation of properties and/or facilities for the exploration for, development of, and/or production of oil, gas, and/or other minerals anywhere Company conducts such oil and/or gas exploration and development operations.

3. WORK

This Agreement shall control and govern any and all goods, facilities, and/or services performed by Contractor to Company under oral or written job orders at any time during the term of this Agreement. Unless the Parties specifically agree otherwise, in a written document which specifically refers to this Agreement, any goods, facilities, and/or services requested by Company and agreed to be performed and/or provided by Contractor shall be performed and/or provided pursuant to the terms of this Agreement. In the event that any conflict exists between the provisions of this Agreement and the terms and conditions set forth in any job order, statement, purchase order, published rate schedule, delivery ticket or any other type of memoranda, whether written or oral, between Company and Contractor pertaining to the subject matter hereof, the provisions of this Agreement shall control.

4. INDEPENDENT CONTRACTOR RELATIONSHIP

- a) Contractor shall be an independent contractor with respect to performance of all Work hereunder. Except as specifically provided in sub-paragraph (c) hereto, neither Contractor nor anyone employed by Contractor shall be deemed for any purpose to be the employee, agent, servant, or representative of Company in the performance of any Work or any part thereof pursuant to this Agreement. Company shall have no direction or control of the details of the Work, Contractor, or Contractor's employees, agents, and/or subcontractors - Company being interested only in the results obtained.
- b) Notwithstanding the above, the Work contemplated herein must meet the approval of Company and shall be subject to Company's general right of inspection, including unlimited access to the Work premises, to the extent necessary to determine that the Work is being performed and/or completed in accordance with the job order. Any portion of the Work found defective or unsuitable shall be removed, replaced, or corrected without additional costs or risks to Company.

- c) Despite the provisions of this Section 4, in all cases where employees of Contractor Group (which includes the direct, borrowed, special or statutory employees of Contractor Group as defined in Section 10) are covered by the Louisiana Worker's Compensation Act, La. R.S. 23:1021 et seq., Company and Contractor agree that all Work and operations performed by Contractor Group and its employees pursuant to this Agreement are an integral part of and are essential to the ability of Company to generate Company's goods, products and/or services for purposes of La. R.S. 23:1061 (A)(1). Furthermore, Company and Contractor agree that Company is the principal or statutory employer of Contractor Group's employees for the purposes of La. R.S. 23:1061(A)(3). Irrespective of Company's status as the principal or statutory employer (as defined in La. R.S. 23:1031(c)) of Contractor Group's employees, Contractor shall remain primarily responsible for the payment of Louisiana Worker's Compensation benefits to Contractor's and Contractor Group's employees, and shall not be entitled to seek contribution for any such payments from Company.

5. CONTRACTOR'S WORKERS AND EQUIPMENT

- a) All workers furnished by Contractor or Contractor's subcontractor(s) shall be experienced and qualified for their respective task(s). Contractor, at its own cost and expense, shall provide: 1) the labor and/or services necessary and appropriate to the performance of the Work in good, safe, and workmanlike manner in accordance with good oilfield servicing practices; and/or 2) the equipment, consumable materials, supplies, tools, and appliances necessary and appropriate to the performance of the Work free from defect. Contractor shall be solely responsible for any loss and/or damage to such equipment, materials, supplies or tools.
- b) In the event that Contractor employs subcontractor(s) in either the performance of the Work or provision of equipment, Contractor is obligated to inform Company of such use. Company further reserves the right to approve all such subcontractor(s). If Company consents to such subcontracting, Contractor agrees to require all such subcontractor(s) to comply with all provisions of this Agreement. Contractor further agrees to not charge Company for any materials and/or equipment not owned by Contractor, such as that rented from third parties, used in the Work without Company's prior written consent.

6. PERFORMANCE OF WORK

- a) Nothing contained herein shall obligate Company to call upon Contractor for the performance of any Work whatsoever. Similarly, Contractor shall not be obligated to accept any Company Work request(s). Further, the designation of any Work to be performed, and the cessation of such Work, shall be at the sole discretion of Company.
- b) Contractor shall provide continuous adequate protection of the Work and Company property as well as take all necessary precautions to insure the safety of all persons and/or employees on the Work site, including Company Group, as defined in Section 10.
- c) Contractor is responsible for initiating, maintaining and supervising all necessary Safety and Drug Testing Policies and Procedures (copies of which are to be provided to Company upon request) in connection with the performance of the Work and comply and cause Contractor's employees, agents, subcontractors, and others entering on Company's premises in the performance of the Work, or in connection therewith, to comply with all applicable laws, rules, ordinances, and/or regulations, whether federal, state, municipal or foreign, which are now or may, in the future, become applicable to the Work.
- d) Contractor shall examine all items furnished by Company which are to be employed in connection with the Work and immediately notify Company of any and all defects sufficient to make the use of any such items unsuitable or unsafe. If Contractor fails to make such examination or fails to report such defect, Contractor shall be deemed to have assumed all risk and liability for any mishap which may occur by failure of, or defects in, such items.

7. PRICES

- a) The price(s) charged by Contractor for goods, facilities, and/or services provided to Company shall be the lowest of (i) the prices stated on Contractor's published schedule of rates and prices,

as such rates and prices are in effect on the date on which the services are rendered or the goods or equipment are ordered, (ii) any prices negotiated between Company and Contractor at the time the Work is provided, or (iii) any prices submitted by Contractor in a bid. Prior to the Parties agreeing on a particular price, Company shall have the right at any time to request and negotiate for prices lower than Contractor's published prices and/or to request bids from Contractor and others.

- b) When Contractor's rate is calculated on a daily basis, twelve (12) hours shall constitute one (1) "day" unless the Parties agree otherwise in writing. When less than a full twelve (12) hour "day" is worked, Contractor shall be paid only that proportionate part of the rate per "day" which the number of hours worked, computed to the nearest one-half hour, bears to the full twelve (12) hour "day."
- c) Charges for transportation of goods and/or services to and from the Work location shall be calculated from the nearest competitive point to the Work location unless otherwise agreed upon in writing.

8. TERMS OF PAYMENT AND BILLING INSTRUCTIONS

- a) All Contractor invoices shall identify (i) the items related to the charges and provide appropriate documentation supporting such charges (including, but not limited to, receipts, time sheets, dates, hours, rate, labor classifications, and material charges, all with appropriate approvals of Company personnel), (ii) whether prices are the published, negotiated, or bid prices, (iii) charges by, as applicable, block name and number, lease number and name, or platform name and number, and well number. If Company separately agrees to pay for travel time, Contractor shall identify such time on its invoices separately from other time billed.
- b) All invoices shall be directed to the following address unless otherwise specified by Company:

Gulfport Energy Corporation
14313 N. May Ave., Suite 100
Oklahoma City, Oklahoma 73134
Attention: Hien Nguyen
- c) Contractor shall submit invoices only after the invoiced Work is completed unless Company approves other invoicing arrangements at the time it requests the Work. Separate invoices should be submitted for each project whether drilling, production, or otherwise. Single invoices for multi-wells or multi-projects are not acceptable. Company normally will not make partial payments on invoices. Therefore, if part of an invoice is in error, including any omission of, or error in information required to be in the invoice (as described above), or is disputed by Company, said invoice will be returned for correction.
- d) Unless Company disputes an item in an invoice or requires any information provided for herein, or the invoice is submitted in improper form, Company shall pay Contractor the full amount of an invoice within sixty (60) days after its receipt, less any cash discount. Any payment shall be made by Company's check or draft payable to the order of Contractor, and shall be delivered or mailed to Contractor at Contractor's address for the delivery of notices as provided herein. Payment by Company of Contractor's invoices shall be without prejudice to Company's rights to subsequently challenge the correctness thereof.
- e) Notwithstanding the approval for payment of any invoices submitted, Company shall have the right to withhold any payments thereon until Contractor shall have furnished (i) verification satisfactory to Company of Work performed, (ii) verification of satisfactory performance of all goods, equipment, and facilities to which such payment relates, (iii) proof that all claims against Contractor by its suppliers and subcontractors for labor, goods, equipment, and facilities of any kind furnished in connection with Contractor's obligations under this Agreement have been fully paid and satisfied, and (iv) proof that all liens, claims and privileges of Contractor's suppliers and subcontractors, and claims for injuries to persons or property not covered by insurance, arising out of Work performed or goods, equipment, or facilities furnished in connection with Contractor's obligations under this Agreement have been fully released or satisfied.

9. **INSURANCE**

- a) Company and Contractor agree that the indemnity and insurance obligations contained in this Agreement are separate and apart from each other, such that failure to fulfill the indemnity obligations does not alter or eliminate the insurance obligations or vice versa. Company and Contractor further agree that the insurance obligations shall support but shall not in any way limit the defense and indemnity obligations or liabilities set forth herein. At all times during the term of this Agreement and at its own cost and expense (including all premiums and deductibles), Contractor shall carry with an insurance company or companies, satisfactory to Company and authorized to do business in all areas of transportation and operation of this Agreement, insurance coverage of the types and in the minimum amounts provided in Exhibit "A", attached hereto.
- b) All of Contractor's insurance policies (whether above specified or not) shall be endorsed to provide that the underwriters waive subrogation (whether by loan receipt, equitable assignment, or otherwise) against members of Company Group, as defined in Section 10, who shall also be named as additional insured(s) under such policies [except those described as Worker's Compensation Insurance and Employer's Liability Insurance in Exhibit "A" attached hereto] to the full extent of the release, defense and indemnity obligations assumed by Contractor in this Agreement.
- c) Prior to performing Work or services and prior to providing goods, equipment, and/or facilities hereunder, Contractor shall furnish Company with Certificates of Insurance satisfactory to Company, which shall evidence that the coverages specified in Exhibit "A" attached hereto are in full force and effect and provide that such insurance policies shall not be cancelled, reduced, or materially changed without thirty (30) days prior written notice to Company. Current Certificates of Insurance shall be provided by Contractor to Company on an ongoing basis without the necessity of Company requesting same. Failure of Company to object to Contractor's delay or failure to furnish such Certificates of Insurance or to object to any defect therein shall not be deemed a waiver of Contractor's obligation to furnish the Certificates of Insurance or the insurance coverage described in Exhibit "A" attached hereto. However, such failure by Contractor shall allow Company to cancel any Work order or to terminate this Agreement per Section 20 of this Agreement.
- d) Contractor shall require all of its subcontractors to provide such of the coverage provided for in Exhibit "A", as well as any other coverage, that Contractor considers necessary. However, the fact that any subcontractor provides any of the coverage provided for in Exhibit "A" or any other coverage that Contractor considers necessary shall not itself relieve Contractor of its obligations to provide such coverage.

10. **INDEMNITY**

- a) Company and Contractor recognize that in connection with the operations contemplated by this Agreement, accidents and events may occur in which property is lost, damaged or destroyed and/or in which persons may be killed or injured or become ill. Company and Contractor further recognize that certain of such risks may be covered by insurance as provided in this Agreement. However, Company and Contractor agree that the indemnity and insurance obligations contained in this Agreement are separate and apart from each other, such that failure to fulfill the indemnity obligations does not alter or eliminate the insurance obligations or vice versa. The insurance obligations under Section 9 hereof shall not in any way limit the defense and indemnity obligations of Company and Contractor, as allocated in this Agreement.
- b) For purposes of this Agreement, the "Company Group" shall mean any and all of Company, its owners, affiliates, partners, joint venturers, and contractors and subcontractors of any tier (except Contractor Group) and each of their officers, directors, employees, representatives, and invitees.

CONTRACTOR AGREES TO RELEASE, DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, CAUSES OF ACTION, SUITS, LOSSES, DAMAGES, AND LIABILITIES OF EVERY KIND AND CHARACTER ARISING DIRECTLY OR INDIRECTLY IN CONNECTION HEREWITH FOR INJURY TO, OR ILLNESS OF, DEATH OF CONTRACTOR'S EMPLOYEES (INCLUDING, BUT NOT LIMITED TO, EMPLOYEES OF CONTRACTOR WHO ARE DEEMED TO BE COMPANY'S STATUTORY EMPLOYEES OR BORROWED EMPLOYEES UNDER ANY LAW OR JURISPRUDENCE OR UNDER THE WORKER'S COMPENSATION STATUTES OF ANY JURISDICTION) OR DAMAGE TO PROPERTY OF CONTRACTOR.

- c) For the purposes of this Agreement "Contractor Group" shall mean any and all of Contractor and its subcontractors of any tier, and each of their officers, directors, employees, representatives, and invitees.
- COMPANY AGREES TO RELEASE, DEFEND, INDEMNIFY AND HOLD HARMLESS CONTRACTOR GROUP FROM AND AGAINST ANY AND ALL CLAIMS, DEMANDS, CAUSES OF ACTION, SUITS, LOSSES, DAMAGES, AND LIABILITIES OF EVERY KIND AND CHARACTER ARISING DIRECTLY OR INDIRECTLY IN CONNECTION HEREWITH FOR INJURY TO, OR ILLNESS OF, OR DEATH OF COMPANY'S EMPLOYEES (WHICH DOES NOT INCLUDE EMPLOYEES OF CONTRACTOR WHO ARE DEEMED TO BE COMPANY'S STATUTORY EMPLOYEES OR BORROWED EMPLOYEES UNDER ANY LAW OR JURISPRUDENCE OR UNDER THE WORKER'S COMPENSATION STATUTES OF ANY JURISDICTION) OR DAMAGE TO PROPERTY OF COMPANY.
- d) CONTRACTOR SHALL ASSUME FULL RESPONSIBILITY FOR AND SHALL DEFEND AND INDEMNIFY COMPANY GROUP FROM AND AGAINST ANY LOSS, DAMAGE, EXPENSE, CLAIM, FINE OR PENALTY, DEMAND, OR LIABILITY, FOR POLLUTION OR CONTAMINATION, INCLUDING CONTROL AND REMOVAL THEREOF (COLLECTIVELY, "POLLUTION CLAIMS"), ORIGINATING FROM SPILLS, LEAKS, OR DISCHARGES OF FUELS, LUBRICANTS, MOTOR OILS, PIPE DOPE, PAINTS, SOLVENTS, BALLAST, BILGE, SLUDGE, GARBAGE, OR ANY OTHER LIQUID OR SOLID WHATSOEVER IN POSSESSION OR CONTROL OF CONTRACTOR GROUP WITHOUT REGARD TO ANY NEGLIGENCE OR FAULT OF ANY PARTY OR PARTIES. FOR POLLUTION FROM ANY OTHER SOURCES, CONTRACTOR SHALL BE RESPONSIBLE "AT LAW" TO THE EXTENT OF CONTRACTOR'S NEGLIGENCE UP TO \$1,000,000 PER OCCURRENCE, AND COMPANY SHALL PROTECT, DEFEND, INDEMNIFY, SAVE, AND HOLD HARMLESS CONTRACTOR FROM AND AGAINST ANY POLLUTION CLAIMS OVER \$1,000,000 PER OCCURRENCE. INITIATION OF CLEANUP OPERATIONS BY EITHER PARTY SHALL NOT BE AN ADMISSION OR ASSUMPTION OF LIABILITY BY SUCH PARTY.
- e) If it is judicially determined that the monetary limits of insurance required hereunder or of the indemnities voluntarily and mutually assumed under this Section 10 (which shall be supported either by equal amounts of available liability insurance, under which the insurer has no right of subrogation against the indemnities, or voluntarily self-insured in part or whole) exceed the maximum limits permitted under applicable law, the insurance requirements and indemnities shall automatically be amended to conform to the maximum monetary limits permitted under the law.
- f) NOTWITHSTANDING ANY OTHER PROVISION IN THIS CONTRACT, (I) ANY PUNITIVE DAMAGE AWARD SHALL BE THE SOLE AND EXCLUSIVE OBLIGATION OF THE PARTY AGAINST WHOM THE AWARD IS ISSUED AND, (II) GROSS NEGLIGENCE OR WILLFUL MISCONDUCT SHALL BE THE SOLE AND EXCLUSIVE RESPONSIBILITY OF THE ACTOR. NOTWITHSTANDING SUCH FACT, AN ALLEGATION OF PUNITIVE DAMAGES OWING BY, OR GROSS NEGLIGENCE OR WILLFUL MISCONDUCT ON THE PART OF AN INDEMNIFIED PARTY, SHALL NOT DIMINISH THE INDEMNITY OR DEFENSE OBLIGATIONS OF THE INDEMNIFYING PARTY; PROVIDED HOWEVER, THAT ANY DAMAGE AWARDS, TO THE EXTENT CONSISTING OF PUNITIVE DAMAGES AGAINST, OR ARISING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE INDEMNIFIED PARTY, SHALL BE THE RESPONSIBILITY OF THE INDEMNIFIED PARTY AND EXCLUDED FROM THE INDEMNITOR'S INDEMNITY OBLIGATIONS HEREUNDER.
- g) IN THE EVENT THAT AN OTHERWISE INDEMNIFIABLE CLAIM UNDER THIS AGREEMENT IS FOUND BY A COURT OF COMPETENT JURISDICTION TO BE SUBJECT TO THE INDEMNITY LIMITATIONS IN THE LOUISIANA OILFIELD ANTI-INDEMNITY ACT, LA. REV. STAT. ANN. SECTION 9:2780, AS AMENDED, AND FOR SO LONG AS THAT ACT IS IN FORCE, THEN IT IS AGREED THAT THE ABOVE OBLIGATIONS TO INDEMNIFY APPLICABLE TO SUCH INDEMNIFIABLE CLAIM ARE LIMITED TO THE EXTENT OF INDEMNITOR'S COMPARATIVE NEGLIGENCE OR STRICT LIABILITY.

11. INDEMNITY OBLIGATION WITHOUT LIMITATION

EXCEPT AS OTHERWISE EXPRESSLY STATED, IT IS THE INTENT OF THE PARTIES HERETO THAT ALL RELEASE, DEFENSE AND INDEMNITY OBLIGATIONS ASSUMED BY THE PARTIES UNDER THE TERMS OF THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, SECTIONS 10 AND 11 HEREOF, IN THEIR ENTIRETY, BE WITHOUT MONETARY LIMIT AND WITHOUT REGARD TO THE CAUSE OR CAUSES THEREOF (INCLUDING PRE-EXISTING CONDITIONS OR DEFECTS), THE UNSEAWORTHINESS OF ANY VESSEL OR VESSELS, THE NEGLIGENCE OF ANY PARTY OR PARTIES (WHETHER THE NEGLIGENCE BE SOLE, JOINT, OR

CONCURRENT, ACTIVE, OR PASSIVE), THE BREACH BY ANY PARTY OR PARTIES OF ANY CONTRACT, OR ANY STATUTE, RULE, OR THEORY OF LAW (INCLUDING, BUT NOT LIMITED TO, STRICT LIABILITY). THIS AGREEMENT SHALL CREATE NO RIGHT OF ACTION IN ANY PERSON NOT A PARTY HEREUNDER OR NOT SPECIFICALLY IDENTIFIED AS AN INDEMNITEE HERETO. THE PARTY ASSUMING LIABILITY UNDER THIS AGREEMENT AGREES AT ITS SOLE EXPENSE TO INVESTIGATE AND DEFEND (AND/OR SETTLE) ANY CLAIM OR SUIT FOR WHICH IT IS OBLIGATED TO PROVIDE INDEMNIFICATION HEREUNDER, TO BEAR ALL COSTS AND EXPENSES RELATED THERETO (INCLUDING, BUT NOT LIMITED TO, COURT COSTS AND ATTORNEY'S FEES), TO REIMBURSE THE INDEMNIFIED PARTY FOR ITS COSTS AND EXPENSES AS THEY ARE INCURRED, AND TO SATISFY ANY JUDGMENTS OR DECREES WHICH MAY BE ENTERED THEREIN.

CONTRACTOR'S DEFENSE AND INDEMNITY OBLIGATIONS TO COMPANY GROUP SHALL NOT INCLUDE COMPANY GROUP'S CONTRACTUAL DEFENSE AND INDEMNITY OBLIGATIONS TO OTHERS. COMPANY'S DEFENSE AND INDEMNITY OBLIGATIONS TO CONTRACTOR GROUP SHALL NOT INCLUDE CONTRACTOR GROUP'S CONTRACTUAL DEFENSE AND INDEMNITY OBLIGATIONS TO OTHERS. HOWEVER, IF BOTH CONTRACTOR AND COMPANY OWE DEFENSE AND INDEMNITY TO THE SAME ENTITY OR PERSON, CONTRACTOR WILL SATISFY AND PERFORM CONTRACTOR'S SAID OBLIGATIONS WITHOUT CONTRACTOR OR CONTRACTOR'S INSURERS SEEKING SHARING, RECOUPMENT OR RECOVERY FROM COMPANY WITH RESPECT TO SAID OBLIGATIONS.

12. TAXES AND CLAIMS

- a) Contractor shall pay all taxes, licenses, and fees levied or assessed on Contractor in connection with or incident to the performance of this Agreement by any governmental agency for unemployment compensation insurance, old age benefits, Social Security, or any other taxes upon the wages or salaries paid by Contractor, its agents, employees, and representatives. Contractor agrees to require the same agreements, and to be liable for any breach thereof, by any of its subcontractors.
- b) Contractor shall reimburse Company on demand for all taxes or governmental charges, state or federal, which Company may be required, or deem necessary, to pay on account of Contractor Group. Contractor agrees to furnish Company with the information required to enable it to make the necessary reports and to pay the taxes or charges. At its election, Company is authorized to deduct all sums so paid for taxes and governmental charges from any money due Contractor hereunder.
- c) Contractor shall pay all claims for labor, materials, services, and supplies furnished by Contractor hereunder and agrees to allow no lien or charge to be fixed upon the lease, well, land, equipment, or other property of Company Group. Contractor shall defend and indemnify Company Group from and against all such claims and liens. If Contractor shall fail or refuse to pay any claim or indebtedness incurred by Contractor under this Agreement, Company, in addition to any other remedies it may have, shall have the right to pay the claim or indebtedness out of any money due to Contractor hereunder. No assignment or transfer by Contractor of rights to monies due Contractor hereunder shall have any force or effect on Company's rights hereunder until all the claims and indebtedness by Contractor shall have been completely liquidated and discharged.

13. PATENTS, COPYRIGHTS, AND TRADE SECRETS

Contractor shall defend and indemnify Company Group from and against any and all liabilities, claims, suits, judgments, injury, cost, expense, including attorney's fees, damages, and losses arising directly or indirectly from any infringement or violation, or alleged infringement or violation, of any patent, patent rights, trade secrets, trademarks, copyrights, or other proprietary rights covering any equipment, machine, tool, appliance, article, substance, device, software, or design used or supplied by Contractor, or any process, operation, or method of operation or design, furnished, used or practiced by Contractor, in the performance of this Agreement.

14. REPORTS TO BE FURNISHED BY CONTRACTOR

- a) Contractor shall keep and furnish to Company a daily report showing data as required by Company. The daily report shall include, without limitation, (i) delivery tickets covering any material or supplies furnished by Contractor or chargeable to Company, which delivery tickets shall be confirmed by Contractor's representative as to quantity, description, and condition, and (ii) daily time sheets indicating starting and stopping times for people engaged in the Work contracted for hereunder, which time sheets must be signed by authorized Company personnel.

- b) In the event Contractor Group is involved in an accident or occurrence resulting in injury or damage on Company's premises, or if such accident or occurrence involves Company Group's or Contractor Group's property, equipment, or personnel, or if such accident or occurrence involves any third party in any manner whatsoever while Contractor Group is performing any duties within the scope of this Agreement, Contractor shall immediately report such accident or occurrence to Company and Contractor's insurer. The reporting of any accident or occurrence will not imply any admission of liability on the part of Company Group or Contractor Group. Contractor shall cooperate with Company in any investigation Company shall make of such accident or occurrence. Contractor shall promptly furnish Company with a copy of all reports of any such accidents and occurrences made by Contractor to its insurer, a government agency, or others.
- c) Contractor shall turn in with the daily report delivery tickets, as received, covering any materials or supplies delivered to the Work location by Company or furnished by vendors for which Company is obligated to reimburse Contractor. The quantity, description, and condition of materials and supplies so furnished shall be verified and checked by Contractor, and the delivery shall be properly certified as to receipt by Contractor's representative.
- d) Contractor shall in a timely manner make all reports required by law relating to its performance under this Agreement, and copies shall be delivered to Company as soon as practical.

15. AUDIT

An authorized representative of Company may at any time during Contractor's usual business hours audit any and all records of Contractor relating to the Work performed hereunder. Contractor shall retain for a minimum period of two (2) years complete and accurate records of all of Contractor's costs and documentation of items that are chargeable to Company under this Agreement, which records shall include (without limitation): (i) payroll records, including social security numbers and labor classifications, accounting for total time distribution of Contractor's employees working full or part time on the Work, as well as cancelled payroll checks or signed receipts for payroll payments in cash, (ii) invoices for purchases, receiving and issuing documents, and all other unit inventory records for Contractor's stocks or capital items, and (iii) paid invoices and cancelled checks for materials purchased and for any and all subcontractor and other third party charges.

16. CONFIDENTIALITY

All information obtained by Contractor in the performance of Work under this Agreement, other than information which is common knowledge or within the public domain, shall be considered confidential and shall not be divulged by Contractor except to duly authorized representatives of Company or as otherwise duly authorized by Company in writing, or used by Contractor for any purpose other than the provision of goods, facilities or services to Company pursuant to this Agreement. These provisions shall remain binding obligations on Contractor after the completion, expiration or termination of this Agreement until Company reasonably determines that the confidential information referred to herein has become part of the public domain other than by the divulgence prohibited herein, or until the date five (5) years after completion of the Work, whichever occurs first.

17. WARRANTIES

- a) Contractor shall perform all services with due diligence, in a good and workmanlike manner, and in accordance with this Agreement, the Work order, and any design specifications. Contractor warrants that all goods and materials provided or incorporated in the Work shall be new, unless otherwise approved by Company, and shall be of good quality. Services may be reviewed and tested by Company's representative and are subject to its approval and acceptance. Contractor shall have adequate equipment in good working order and fully trained personnel capable of efficiently operating such equipment and performing services hereunder in a safe, proper, and workmanlike manner.
- b) Contractor warrants that the goods delivered under this Agreement will conform to the specifications given by Company and that the goods will be merchantable, of good workmanship and material, and free from defect. Contractor agrees that all guarantees or warranties of items furnished to Contractor and its subcontractors by a manufacturer shall be for the benefit and Company. The warranties provided by Contractor shall survive this Agreement and any inspection, test, or acceptance.

18. ASSIGNMENTS

Contractor may not assign this Agreement in whole or in part without the prior written consent of Company, and no assignment shall relieve Contractor of its obligations under this Agreement.

19. CESSATION OF WORK

Company may, without any liability to Contractor countermand any Work order given to Contractor at any time before that Work is commenced by Contractor. Company may order the cessation of the Work at any time, being liable to Contractor for only the value of the Work performed prior to the cessation order.

20. TERMINATION

This Agreement may be terminated by Contractor by giving written notice to Company at any time prior to the receipt by Contractor of notification by Company to perform Work hereunder. Upon receipt and acceptance by Contractor of such notice of Work, however, Contractor shall be bound by all of the terms and provisions hereof with respect to the Work specified in the notice. This Agreement may be terminated by Company at any time by giving written notice to Contractor.

21. REMEDIES

Except as otherwise provided in Sections 10 and 11 on indemnity, in the event of default under this Agreement by either Party, the other Party shall have all rights and remedies available under the law.

22. FORCE MAJEURE

Neither Company nor Contractor shall be liable to the other for any delay, damage, or failure to act due to, or occasioned or caused by laws, orders, rules, or regulations or by strikes, unusually severe actions of the elements, fires, explosions, or other unusually restrictive causes beyond the reasonable control and not reasonably within the contemplation of the Parties. Any delay due to any of the above causes shall not be deemed to be a breach of or failure to perform under this Agreement: provided, however, that the Party rendered unable, in whole or part, to carry out its obligations under this Agreement shall promptly give notice and full particulars of the cause of such delay, damage, or failure to act in writing to the other Party after such occurrence. Unless otherwise agreed by the Parties, Contractor shall not be entitled to payment for services suspended during periods of Force Majeure, and after seven days of Force Majeure conditions Company shall have the right to cancel the pertinent oral or written Work order without consequences.

23. NOTICES

All notices under this Agreement, other than billing, shall be in writing and shall be hand delivered or deposited in the U.S. mail, postage prepaid, addressed as follows:

24. MISCELLANEOUS

- a) The Parties agree that time is of the essence under this Agreement.
- b) The section and paragraph headings in this Agreement are for convenience only, and they shall not be employed to construe or interpret the provisions of this Agreement.
- c) The rights herein given to either Party hereto may be exercised from time to time, singularly or in combination, and the waiver of one or more of such rights shall not be deemed to be a waiver of such right in the future, or of any one or more of the other rights which the exercising Party may

have. No waiver of any breach of a term, provision or condition of this Agreement by one Party shall be deemed to have been made by the other Party hereto, unless such waiver is expressed in writing and signed by an authorized representative of such Party. The failure of either Party to insist upon the strict performance of any term, provision or condition of this Agreement, or to exercise any option herein given, shall not be construed as a waiver or relinquishment in the future of the same or any other term, provision, condition or option.

- d) If Company consents to any subcontracting of the Work or services to be performed, Contractor agrees to have the subcontractors comply with all provisions of this Agreement. Notwithstanding anything in this Agreement to the contrary, Contractor's subcontractors shall be bound by and subject to the terms and provisions of this Agreement (including, but not limited to, the insurance obligations and release, defense and indemnity provisions), and Contractor shall be liable to Company for any breach thereof by any of its subcontractors or their employees or agents as if such breach had been committed by Contractor.
- e) If any one or more of the provisions of this Agreement shall for any reason be held by a court of competent jurisdiction to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect the remaining provisions of this Agreement, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been a part hereof.
- f) If any litigation is commenced between the Parties concerning this Agreement, the Party prevailing in such litigation shall be entitled to the reasonable attorneys' fees and expenses of counsel, courts costs and other litigation expenses incurred by reason of such litigation.
- g) This Agreement will enure to the benefit of and be binding upon the Parties hereto and their respective successors and permitted assigns.

25. GOVERNING LAW AND VENUE

THIS AGREEMENT SHALL BE CONSTRUED AND THE RELATIONS BETWEEN THE PARTIES DETERMINED IN ACCORDANCE WITH, TO THE EXTENT APPLICABLE, THE GENERAL MARITIME LAW OF THE UNITED STATES OF AMERICA, AND TO THE EXTENT SUCH GENERAL MARITIME LAW IS NOT APPLICABLE, THE LAWS OF THE STATE OF OKLAHOMA, NOT INCLUDING, HOWEVER, IN EITHER SITUATION ANY CONFLICTS OF LAW RULES OR PROVISIONS WHICH WOULD DIRECT OR REFER TO THE LAWS OF ANOTHER JURISDICTION.

26. ENTIRE AGREEMENT

The foregoing provisions contain the entire agreement between Contractor and Company and supersede all previous communications, representations, or agreements, either oral or written, with respect to the subject matter, and no agreement or understanding varying or extending the terms hereof will be binding on either Party unless written and duly executed by an authorized representative of each Party; provided, however, that if the Work hereunder includes the supply of anything for which Company issues a purchase order, the terms of the purchase order shall be effective solely to the extent that they are not inconsistent with and do not conflict with the terms of this Agreement. The execution by any Company employee of any receipt or similar document prepared by Contractor and containing any contrary or additional terms shall not modify or add to the terms of this Agreement or create a new agreement.

IN WITNESS WHEREOF, this Agreement, which may be executed in multiple counterparts, is hereby executed by duly authorized representatives of each Party as of the date first above written.

Worker's Compensation Insurance

Worker's Compensation Insurance in accordance with all applicable state and federal laws and regulations, including occupational disease coverage. If the performance of this Agreement requires the use of watercraft or is performed over water, Contractor shall provide insurance coverage, with territorial limits extended to include areas of transportation and operation under this Agreement, for liability under the U.S. Longshoreman and Harbor Worker's Compensation Act, the Outer Continental Shelf Lands Act, Death on the High Seas Act, and liability for admiralty benefits and damages under the Jones Act and general maritime law, with Marine and Voluntary Compensation Endorsement for transportation, maintenance, wage, and cure, and with limits of not less than \$500,000 per person and \$1,000,000 per occurrence. Such coverage shall further provide that a claim "in rem" shall be treated as a claim "in personam," and shall include an alternate employer and/or borrowed servant endorsement in favor of Company Group, as defined in Section 10.

Employer's Liability Insurance

Employer's Liability Insurance with minimum limits of \$1,000,000 per occurrence, covering injury or death to any employee which may be outside the scope of Worker's Compensation statute of the state in which the Work is performed or outside the scope of similar federal statutes if the Work is performed outside state jurisdiction, and Maritime Employer's Liability Insurance with limits of \$1,000,000 per person and \$1,000,000 per occurrence, both with alternate employer and/or borrowed servant endorsements in favor of Company Group, as defined in Section 10.

Maritime operations policies shall be endorsed specifically to include the following coverages: U.S. Longshore and Harbor Workers' Compensation Act, including the Outer Continental Shelf Lands Act, full maritime endorsement, including Jones Act, Unseaworthiness, Death on the High Seas Act, and the General Maritime Law for all employees. Including coverage for transportation, wages, maintenance, and cure.

General Liability Insurance

General Liability Insurance, including contractual liability insuring the indemnity agreement as set out in this Agreement and Contractor's Protective Liability covering Work sublet, with minimum limits of \$1,000,000 applicable to bodily injury, sickness or death in any one occurrence and \$1,000,000 for loss or damage to property in any one occurrence. Such insurance shall also include (1) coverage for property damage due to blasting and explosion, structural property damage, underground property damage, and surface from blowout and cratering, (2) Completed Operations and/or Products Liability coverage, and (3) an endorsement to the policies stating that a claim "in rem" shall be treated as a claim "in personam."

Comprehensive Automobile Liability Insurance

Comprehensive Automobile Liability Insurance covering owned, non-owned and hired vehicles used by Contractor with minimum limits of (1) \$250,000 applicable to bodily injury, sickness, or death of any one person, (2) \$500,000 for more than one person in any one occurrence, and (3) \$250,000 for damage to property in any one occurrence.

Offshore Projects

If the performance of this Agreement requires the use of watercraft, Contractor shall carry or require the owners of the watercraft to carry: (1) Hull and Machinery insurance (including Collision Liability) in an amount not less than the market value of the watercraft or (combined single limit) per occurrence of \$1,000,000, whichever is greater on the American Institute Hull clauses (June 2, 1977) Form or equivalent, and (2) Protection and Indemnity Insurance in an amount not less than the market value of the watercraft or \$1,000,000, whichever is greater. Both of such insurance coverages shall provide adequate navigation limits to cover the Work to be performed hereunder and shall have the Charterer's and/or Owner's Limitation Clause deleted.

Such policy shall be endorsed to provide as follows: Chartered Vessel; Members of the Crew; Marine Contractual Liability; Tower's Liability; In Rem Liability; Collision Liability; Waiver of Subrogation in favor of Company; Removal of "other than Owner" limitation clauses as respects Company; Removal of the "as Owner of the vessel named herein" clauses as respects Company.

CONTRACTOR SHALL ALSO MAINTAIN EXCESS AND/OR UMBRELLA COVERAGES OVER THE ABOVE DESCRIBED COVERAGES SUCH THAT THERE IS IN PLACE A MINIMUM LIMIT OF \$10,000,000 INSURANCE COVERAGE ON EACH OCCURRENCE.

IN THE EVENT CONTRACTOR IS A SELF-INSURER AND COMPANY HAS CONSENTED TO CONTRACTOR BEING A SELF-INSURER AS TO ANY ONE OF THE RISKS TO WHICH COVERAGE IS HEREIN REQUIRED, EVIDENCE OF SUCH CONSENT MUST BE IN WRITING AND APPROVED BY A REPRESENTATIVE OF COMPANY AUTHORIZED TO ENTER INTO SUCH CONSENT AGREEMENT.

MASTER SERVICE CONTRACT

THIS MASTER SERVICE CONTRACT (hereinafter referred to as "Contract"), effective this 17th day of October, 2013, is by and between BISON TRUCKING LLC (hereinafter referred to as ("Contractor")) and DIAMONDBACK E&P LLC (hereinafter referred to as "Company").

WITNESSETH:

WHEREAS, Company is employed in numerous business activities, including but not limited to, the exploration, development, production, treatment, storage, and marketing of oil, gas, coal bed methane and other minerals for itself and for the account of others; and

WHEREAS, Company desires to, from time to time, (i) employ the services of Contractor or (ii) purchase or lease goods, equipment or facilities from Contractor in connection with Company's business activities; and

WHEREAS, Contractor represents that it has (i) fully trained personnel capable of efficiently performing services as required by Company and/or (ii) goods, equipment and facilities that are free from defects and capable of satisfying the requirements of Company as set out herein.

NOW, THEREFORE, in consideration of the mutual promises and agreements herein contained, the Parties hereto mutually agree as follows:

1. *Employment of Contractor – Purchase of Services and/or Goods.*

(a) This Contract shall control and govern any and all (i) performance of services by Contractor for Company (the "Services"), and (ii) purchase or lease of goods, materials, supplies, tools, manufactured articles, equipment, or facilities by Company from Contractor (the "Goods"). The Services performed and the Goods delivered (hereinafter collectively referred to as the "Work") will be as requested by Company and directed by Contractor and will be defined by separate work orders or purchase orders (either verbal or written) (collectively, "Orders"). This Contract shall be deemed to be incorporated in full in every Order. Company shall endeavor to provide written confirmation of any oral Orders within ten (10) working days after same are given, but the failure to do so shall not invalidate the Order or the obligations of the Parties.

(b) Time is expressly declared to be of the essence under this Contract. If Contractor fails to timely perform any Work under this Contract, Company has the option to terminate such Work.

(c) If Contractor is performing drilling operations, Exhibit E (Drilling Operations) is incorporated and made a part hereof; otherwise it shall be deemed stricken.

2. *Term.* This Contract may be terminated at the option of either Party by giving the other Party thirty (30) calendar days written notice to that effect, but neither Party hereto shall, by the termination of this Contract, be relieved of its respective liability arising from or incident to Work performed hereunder prior to the time this Contract is terminated or its obligations under Sections 7, 14, 19 and 26.

3. **Acceptance of Work.** Upon Company notifying Contractor of Work desired, and Contractor's acceptance thereof, Contractor will commence the Work at the agreed upon time and place, and continue such Work diligently and without delay, in a good and workmanlike manner, and in strict conformity with the specifications and requirements contained herein and in any related Order.

4. **No Obligation to Request/Accept Work.** This Contract does not obligate Company to issue any Order to Contractor or accept Contractor's offers in response to a request to perform Work, nor does it obligate Contractor to accept an Order from Company.

5. **Contractor Authorized Agent.** Any person employed by Contractor and in charge of either the personnel or equipment of Contractor shall be the authorized agent of Contractor for the purpose of accepting any Order.

6. **Company Designated Representative.** Company shall appoint and provide Contractor written or oral notice of its designated representative for each Work project. No representative shall have authority to change or modify the terms of this Contract unless expressly so authorized in writing by Company.

7. **Confidentiality.** Information, including geological and geophysical information, obtained by Contractor while performing Work, including but not limited to information concerning depth, formations penetrated, proprietary completion or treatment techniques and protocols, and the results of coring, testing and surveying, is proprietary to Company and confidential and shall not be divulged by Contractor or Contractor's employees, agents, representatives or subcontractors to any person or entity other than persons designated by Company in writing. Contractor shall be responsible for the safekeeping and protection of all such information in its (or its employees', representatives', agents' or subcontractors') control and/or custody and Company shall have the general right of inspection to determine whether such information is secure.

8. **Delivery Tickets/Time Sheets and Maintenance of Records.**

(a) Delivery tickets covering any Goods furnished hereunder or in connection with any Services and time sheets covering any Work shall be in a form acceptable to Company and shall be delivered to Company each day at the office of Company or the Work site, as designated by Company. Each delivery ticket and time sheet shall be properly certified by Contractor. Upon receipt of such delivery tickets and time sheets, a representative of Company shall review and approve same (if satisfactory) in writing.

(b) Contractor agrees to retain all books and records (i.e., payroll records, accounting records, payment records, invoices, time reports and travel/entertainment expense reports) relating to Work performed hereunder for a twenty-four (24) month period commencing at the end of the calendar year in which the applicable Work was completed, and for any additional period as may be necessary to permit Company to complete any audit commenced within such period. These records should, at minimum, include rate schedules prevailing during the Contract term, payroll records of individuals performing Work under the Contract, invoices for purchases for Company's account and

any expense reports including reports for travel and entertainment of Company's employees or representatives, Representatives and auditors of Company shall have access at any time during normal working hours to the books and records maintained by Contractor relating to this Contract and any of the Work performed hereunder, and shall have the right to copy and audit such books and records.

9. Terms of Payment.

(a) Company will pay Contractor for Work satisfactorily rendered hereunder (i) in accordance with Contractor's published schedule of rates and/or prices, as such rates and/or prices are in effect on the date of the Order after application of published or agreed discounts and credits or (ii) at such other rates and/or prices as are agreed to by Contractor and Company in the applicable Order.

(b) Prior to acceptance of any Order, Contractor shall deliver to Company a copy of any revisions to the rate and price schedule in effect on the date of this Contract. No such revisions shall be effective until approved by Company and in no event sooner than ten (10) days after such notice is received by Company unless otherwise agreed to by Contractor and Company.

(c) The rates to be paid to Contractor by Company for the actual performance of the Work shall be in lieu of any other charges for materials or supplies furnished by Contractor for use in the Work or any separate charges for transportation of tools, equipment and labor or time required to transport tools, equipment and labor to and from the location of such Work, unless otherwise specified in the scheduled rates.

(d) No stand-by rate or other rates shall apply for personnel or equipment when such personnel or equipment is not at Company's disposal.

(e) The Parties expressly agree that, except as expressly provided herein to the contrary, the rates agreed to be paid to Contractor by Company shall be inclusive of (i) insurance premiums paid by Contractor in acquiring and maintaining the insurance required by this Contract, and (ii) taxes, fees, licenses and permits required pursuant to Section 12 hereof. Contractor represents to Company that all rate schedules of Contractor provided to Company include the foregoing matters.

10. Time of Payment.

(a) Contractor shall provide Company an invoice in a form acceptable to Company at Company's address set forth herein, in accordance with instructions provided at the time of the issuance of the applicable Order, or if no such instructions were given, at the end of each month during the course of the Work. Payment shall be made by Company within sixty (60) days of receipt of Contractor's invoice for Work performed to Company's satisfaction.

(b) If Company disputes any item billed; Company shall, within sixty (60) days of receipt of Contractor's invoice, notify Contractor of the item disputed and specify Company's complaint. Payment of such item shall be withheld until settlement of the

dispute; however, any undisputed portion shall be paid within the time period specified. Invoices received in a form unacceptable to Company or not in accordance with this Contract shall be returned by Company to Contractor unpaid within sixty (60) days of receipt by Company.

11. *Standard of Performance.*

(a) Contractor warrants (i) that all Work shall be performed in compliance with all applicable laws, rules and regulations (including all safety codes, statutes, regulations, precautions, and procedures) and utilizing all necessary or desirable personal protective equipment and devices whether suggested or required by safety associations, government agencies, municipalities or otherwise; (ii) that all Work shall be done with the utmost skill, care and diligence, in a good and workmanlike manner, in accordance with the terms hereof and good industry standards of performance and in a timely manner and shall conform to all terms and specifications set forth in the applicable Order and/or this Contract and any other written instructions applicable to the Work; (iii) that all Goods and Contractor's tools, machinery and equipment shall be the best quality for their purposes, maintained to be free from defect, meet all engineering standards and specifications provided by Company, have been prepared, tested and shipped in accordance with the provisions hereof and in all applicable Orders and shall be free and clear of any liens, encumbrances or security interests; and (iv) that Contractor, its subcontractors and their employees are sufficiently experienced and suitably trained to perform the Work.

(b) Contractor shall obtain, and assign to Company, to the maximum extent reasonably possible, manufacturer, vendor and supplier warranties with respect to Goods, materials, supplies, tools, machinery and equipment obtained or used by Contractor in the performance of the Work.

(c) Any portion of the Work found defective or unsuitable shall be promptly removed, replaced or corrected by Contractor without additional charge to Company.

(d) Contractor shall comply with the terms and conditions regarding drugs and alcohol set forth in Exhibit A hereto.

(e) If Company shall have reason to be dissatisfied with the conduct of Contractor's employees or representatives employed on Company's premises, Contractor shall, on receiving particulars of the complaint, promptly investigate and, if necessary, make a change in the appointment or practices required to provide the Work contracted for. Contractor shall not employ in connection with any Work any employee whose employment violates applicable labor laws.

(f) Unless otherwise specified in the Order, Contractor shall deliver (or cause to be delivered) all Goods F.O.B. the location specified in the Order.

(g) Re-Performance of the Work or alterations, repairs or replacements necessary to meet the standard of care and warranties in this Section 11 shall not constitute Company's exclusive remedy with respect to the applicable Order or this

Contract. Company's failure to make an inspection or test or to discover defective workmanship, Services or Goods shall not relieve Contractor from any responsibility under the applicable Order, and payment of any funds by Company shall not constitute a waiver of such defects.

12. Compliance with Laws.

(a) Contractor shall obtain all permits and licenses required for it to perform the Work and shall otherwise comply with all laws, rules, regulations, ordinances, judgments, orders and other official acts of all federal, state, municipal, foreign and other agencies or regulatory bodies ("Governmental Authorities") that are now or may, in the future, become applicable to Contractor and Contractor's business, equipment and personnel engaged in the performance of the Work or this Contract, or arising out of or incident to such performance. Specifically, Contractor shall comply, where required by law, with the Environmental Laws set forth in Exhibit B hereto and the Federal Contract Provisions set forth in Exhibit C hereto.

(b) Contractor further agrees to pay all taxes, charges and fees levied or assessed on Contractor by any Governmental Authority in connection with or incident to the performance of the Work or this Contract, including but not limited to unemployment insurance, withholding taxes, social security taxes, old age benefits and other social security benefits and taxes upon wages of Contractor, its agents, employees and representatives. Contractor agrees to reimburse Company on demand for all such taxes, fees, licenses and charges that Company may be required or deem it necessary to pay on account of the agents, employees and representative of Contractor or its subcontractors.

13. Force Majeure. Under the terms of this Contract, "Force Majeure" shall mean acts of God, strikes, lockouts, other industrial disturbances, acts of the public enemy, laws and regulations, wars or war-like action, arrests or other restraints of governments (civil or military), blockades, insurrections, riots, epidemics, landslides, lightning, earthquakes, hurricanes, fires, storms, floods, washouts, civil disturbances, confiscation or seizure by any government or public authority, and any other similar causes, that are not reasonably within the control of the Party claiming a Force Majeure and that by the exercise of due diligence such Party shall not have been able to avoid or overcome. Except as specifically provided otherwise in this Contract, if either Party is rendered unable, wholly or in material part, by reason of Force Majeure to carry out any of its obligations hereunder, then on such Party's giving notice and reasonably full particulars of such Force Majeure in writing to the other Party within five (5) days after the occurrence of the cause relied on, such obligation of the Party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuation of any inability so caused and such cause shall, as far as practicable, be remedied with all reasonable dispatch by such party; provided, this Section shall not be construed to require a Party to settle or overcome labor disputes or strikes, except on terms satisfactory to the affected Party in its sole discretion.

14. Indemnity Obligations.

(a) Definitions. The following terms shall have the designated definitions.

“Company Group” shall mean, individually or in any combination, Company, the Company’s parent, affiliates, subsidiaries, joint venturers, joint interest owners, partners, co-owners, co-lessees, contractors (other than Contractor) and subcontractors and each of their respective directors, officers, agents, representatives, employees and invitees.

“Contractor Group” shall mean, individually or in any combination, Contractor, the Contractor’s parent, affiliates, subsidiaries and subcontractors, and each of their respective directors, officers, agents, representatives, employees and invitees.

“Defend” shall mean the obligation of the indemnitor at the indemnitees’ election (i) to defend the indemnitees at its sole expense or (ii) to reimburse the indemnitees’ reasonable expenses incurred in defending themselves. Notwithstanding the indemnitee’s election of option (i) above, the indemnitee shall be entitled to participate in its defense.

“Claims” shall mean all claims, demands, causes of action, liabilities, damages, judgments, fines, penalties, awards, losses, costs, expenses (including, without limitation, attorneys’ fees and costs of litigation) of any kind or character arising out of, or related to, the performance of or subject matter of this Contract or any work, including, without limitation, property loss, destruction or damage, personal or bodily injury, sickness, disease or death, loss of services and/or wages, or loss of consortium or society.

(b) *GENERAL INDEMNITY.* CONTRACTOR SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS COMPANY GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF ANY PERSON OR ENTITY, INCLUDING, BUT NOT LIMITED TO, CONTRACTOR’S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF COMPANY GROUP. COMPANY SHALL RELEASE, DEFEND, INDEMNIFY, AND HOLD HARMLESS CONTRACTOR GROUP FROM AND AGAINST ANY AND ALL CLAIMS ARISING IN FAVOR OF COMPANY’S SUBCONTRACTORS, REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES (OR THEIR REPRESENTATIVES, EMPLOYEES, AGENTS, OR INVITEES) EXCEPT AS MAY RESULT FROM THE SOLE OR CONCURRENT NEGLIGENCE (THAT IS, TO THE EXTENT OF THE PERCENTAGE OF THE NEGLIGENCE) OF CONTRACTOR GROUP.

(c) *INDIRECT OR CONSEQUENTIAL DAMAGES* IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY’S GROUP (AS DEFINED ABOVE) FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES RELATED TO OR IN CONNECTION WITH THIS CONTRACT, THE SERVICES OR ANY EQUIPMENT, INCLUDING BUT NOT LIMITED TO ANY

CLAIMS IN CONNECTION WITH INJURY, LOSS OR DAMAGE TO ANY PROPERTY, ANY LOSS OF PROFITS OR BUSINESS OPPORTUNITY, AND ANY LOSS OF USE OF THE EQUIPMENT, IRRESPECTIVE OF THE REASON OR CAUSE OF SUCH DAMAGES, WHETHER ANY OF SUCH DAMAGES OCCUR DURING OR AFTER THE PERIOD OF THIS CONTRACT, OR THAT THE CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHER THEORY OF ANY NATURE WHATSOEVER.

(d) *INTELLECTUAL PROPERTY INDEMNITY.* CONTRACTOR SHALL DEFEND, INDEMNIFY AND HOLD HARMLESS COMPANY GROUP FROM ANY AND ALL LOSSES FOR INFRINGEMENT OF A PATENT OR PATENTS, COPYRIGHTS, TRADEMARKS OR ANY OTHER INTELLECTUAL PROPERTY RIGHT OR TRADE SECRETS MISAPPROPRIATION GROWING OUT OF OR INCIDENT TO THE WORK OR THE EQUIPMENT OR MATERIALS FURNISHED BY CONTRACTOR IN ITS PERFORMANCE OF THE WORK.

(e) *Anti-Indemnity Statutes.* In the event this Contract is subject to the indemnity limitations of any state anti-indemnity statute (including, but not by way of limitation, Chapter 127 of the Texas Civil Practices and Remedies Code or any successor statute), and so long as such limitations are in force, each Party covenants and agrees to support the mutual indemnity obligations contained in this Section 14 by carrying insurance (or qualified self-insurance) of the types and in the amounts not less than those specified in Exhibit D to this Contract, for the benefit of the other Party. In the event this Contract is subject to the indemnity limitations of Wyoming (including, but not by way of limitation, Wyo. Stat. §§ 30-1-131, et seq. or any successor statute), this Section 14 shall be interpreted to give the fullest effect to its terms not inconsistent with the provisions of those limitations.

(f) *Enforcement of this Contract.* Nothing in this Section 14 shall be construed to prevent either Party from enforcing their rights under the terms of this Contract.

15. **Insurance.**

(a) *Contractor's Insurance.* Contractor shall carry insurance (with insurance companies with a minimum Bests Rating of A-, X or its equivalent from other professional rating companies satisfactory to Company) in the amounts set forth in Exhibit D effective prior to the commencement of any Work under this Contract, and such insurance shall be maintained in full force and effect at all times Work is performed and/or this Contract is in effect. In each such policy, except Worker Compensation and Employers Liability, to the extent of the liabilities agreed to be assumed by Contractor, Contractor shall cause (i) the insurer to waive all rights of subrogation against Company Group, (ii) Company Group to be listed as additional insureds and (iii) such policy to be primary as to any other policy of Company Group or otherwise. Before engaging in any Work hereunder, Contractor shall furnish Company an executed Certificate of Insurance (in form satisfactory to Company) evidencing the foregoing insurance. Contractor shall

cause each insurer to agree to give Company at least thirty (30) days written notice of cancellation or expiration of any such policies or of any other changes that would materially reduce the limits or coverage (or increase the costs to Company) of such policies. Notwithstanding any provision herein to the contrary, failure to secure the insurance coverage, the failure to comply fully with any of the insurance provisions of this Contract, or the failure to secure such endorsements on the policies as may be necessary to carry out the terms and provisions of this Contract, (x) shall in no way act to relieve Contractor from the obligations of this Contract, and (y) shall constitute grounds for the immediate termination of this Contract by Company (in addition to any other rights or remedies available to Company).

(b) *Waiver of Subrogation.* Company and Contractor each hereby waives any and all rights of recovery against the other Group, as defined above, for loss of or damage to such waiving Party or its property or the property of others under its control, where such loss or damage is insured under any insurance policy in force at the time of such loss or damage. Company and Contractor shall, upon obtaining the policies of insurance required hereunder, give notice to the insurance carrier or carriers that the foregoing mutual waiver of subrogation is contained in this Contract.

16. ***Incident Report.*** Contractor shall immediately notify Company in the event of any incident resulting in injury to any person or property damage in excess of \$500.00 and arising out of the Work. Contractor shall prepare and furnish Company a copy of all incident report within ten (10) calendar days thereof, and when requested, shall furnish Company with a copy of all reports made by Contractor to Contractor's insurers with respect thereto.

17. ***Independent Contractor.*** Contractor shall be an independent contractor with respect to the performance of all Work, and neither Contractor nor anyone employed by Contractor shall be deemed for any purpose to be the employee, agent, servant, borrowed servant or representative of Company in the performance of any Work. Company shall have no direction or control of Contractor or its employees, agents, representatives or subcontractors, except in the results to be obtained. However, the foregoing shall in no way affect or preclude the right of the Company Group to assert any statutory employer defense or other defense which may exist. The Work contemplated herein shall meet the approval of Company and be subject to the general right of inspection of Company to secure the satisfactory completion thereof. The actual performance and supervision of all Work shall be by Contractor, but Company or its representatives shall have full and complete access to the Work site to determine whether the Work is being performed by Contractor in accordance with all provisions of this Contract and applicable Orders and for reasons otherwise stated in this Contract. No provisions herein shall be construed as creating a partnership), joint venture or other association whereby the Company and Contractor would be jointly liable or liable as partners or co-venturers.

18. ***Protection from Liens.*** Contractor shall timely pay and discharge all claims to third party vendors or service providers for Goods and Services furnished to Company hereunder and to allow no lien or charge to become fixed upon any property of Company or any property under the management or control of Company, including any property for which Company is providing goods or services. Contractor shall defend, indemnify and hold harmless Company against any and all such claims or liens. In the event of any such claim or lien, Company shall have the right

to withhold payment from Contractor of an amount sufficient to satisfy any such claim or lien together with all expenses, costs or legal fees related thereto. All requests for payment by Contractor shall be accompanied by proof satisfactory to Company that there are no unsatisfied claims for such third party Goods or Services. Contractor hereby waives, and releases Company and all its successors and assigns from, all claims, demands, liens, security interests and other rights of every kind and character, whether constitutional, statutory, contractual, tortious or equitable, that Contractor now holds or may acquire in, on or against the property of the Company, now owned or hereafter acquired or any property now or in the future under the management or control of Company, provided however that nothing herein shall be interpreted to prevent Contractor from claiming, filing or enforcing any liens when the rights thereto arise directly from Company's failure to pay Contractor in breach of this Contract.

19. **Restoration of Work Site.** Upon completion of any Work performed hereunder, Contractor shall remove its surplus material and equipment from the Work site, shall clean up the Work site in a diligent, good and workmanlike manner and dispose of its own waste and trash in a lawful manner.

20. **Conflict of Interest.** Except as otherwise expressly provided herein, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall give to or receive from any director, employee, or agent of Company any gift, entertainment or other favor of significant value, or any commission, fee or rebate. Likewise, neither Contractor nor any director, employee, or agent of Contractor or its subcontractors or vendors shall, without prior written notification thereof to Company, enter into any business relationship with any director, employee, or agent of Company or any affiliate, unless such person is acting for and on behalf of Company. Contractor shall promptly notify Company of any violation of this Section and any consideration received as a result of such violation shall be paid over or credited to Company. In the event of any violation of this Section, including any violation occurring prior to the date of this Contract, resulting directly or indirectly in Company's issuance of Orders to Contractor, Company may at Company's sole option terminate this Contract and notwithstanding any other provision of this Contract, pay Contractor only that amount earned prior to the date of termination. Any designated representative for Company may audit any and all records of Contractor Group for the purpose of confirming compliance with this Section.

21. **Precedence of Agreements and Conflict of Provisions** In the event there should be any conflict or ambiguity created between the provision of this Contract and any Order, Contractor's work ticket, invoice, statement, published rate schedule or any other type of memoranda, whether written or oral, between Company and Contractor, or subsequent agreements between the Parties dealing with the subject matter as this Contract, the provisions of this Contract shall control unless modified pursuant to the strict application of Section 23 below.

22. **Assignment of Contract/Subcontracts.** Contractor agrees not to subcontract or assign this Contract or any Work to be furnished hereunder without the prior written consent of Company, and the assignment of this Contract or the subcontracting of any Work to be performed hereunder, if so permitted by Company, shall not relieve Contractor of its duties or obligations hereunder. If Contractor attempts to subcontract or assign this Contract or any Work to be furnished hereunder without such consent, such attempted assignment and subcontracting shall be void and this Contract may be immediately terminated at the option of the Company notwithstanding Section 2 above. All subcontractors shall have the minimum insurance prescribed herein and otherwise comply with the terms of this Contract.

23. **Modification of Contract.** No change, modification, extension, renewal, ratification, revision, discharge, abandonment or waiver of this Contract or any of the provisions hereof or any representation, promise or condition relating to this Contract shall be binding upon the Parties unless made in writing, executed by both Parties, and specifically referencing this Section 23 of this Contract, provided that such reference shall be initialed by the representative of each Party, and provided further that such representatives must be at a management or officer position within the respective party equal to or greater than the representative executing this Contract.

24. **Termination.** Company, in its sole discretion, may terminate for any reason and at any time the Work being performed by Contractor hereunder whether such Work commenced under oral or written Orders. The termination of any such Work shall not cancel this Contract and Contractor shall receive its normal compensation pursuant to Section 9 of this Contract prorated to the actual hour of termination for Services completed and Goods delivered.

25. **Attorney's Fees.** In the event that either Party institutes suit to enforce any right or obligation against the other Party arising from or incidental to this Contract, then the prevailing Party shall be entitled to recover reasonable attorney's fees and court costs.

26. **Notices.** All notices to be given with respect to this Contract shall be considered as given to Company and to the Contractor, respectively, if given in writing and delivered personally or sent by registered or certified mail, return receipt requested, courier service with evidence of receipt or by confirmed facsimile, telex or other form of telecommunication. General correspondence pertaining to this Contract and applicable Work or Orders may be sent by regular mail. Such notices shall be effective when delivered if delivered personally or when placed in the mail if mailed in the manner provided above to the addresses shown below.

The address of notice for Company shall be:

14301 Caliber Drive, Suite 300
Oklahoma City, OK 73134
Fax Number: (405) 286-5920
Attn: Chief Financial Officer

The address of notice for Contractor shall be:

Bison Trucking LLC
P.O. Box 61727
Midland, TX 79711
Attn: Patty Reid

The addresses given herein may be changed by either Party advising the other in writing of its new address.

27. **Severability.** If any term or provision of this Contract is held by a court or agency of competent jurisdiction to be inconsistent with or contrary to any applicable federal, state or local

law, rule or regulation, said term or provision shall be deemed to be modified to the extent required to comply with said law, rule or regulation, and as so modified said provision and this Contract shall continue in full force and effect.

28. **Integration.** This Contract supersedes any and all other agreements, either oral or in writing, between the Parties with respect to the subject matter hereof and contains all of the covenants and agreements between the Parties with respect to the subject matter.

29. **Waiver.** The failure of either Party to exercise any of its rights or remedies hereunder shall not act as a waiver of such rights or remedies nor shall such failure excuse the other Party from any of its obligations hereunder.

30. **Third Party Beneficiaries.** Except as provided in Section 14 with regard to Contractor Group and Company Group, nothing herein shall be construed to confer any benefit on any third party not a party to this Contract nor to provide any rights to such third parties to enforce the provisions hereof.

31. **Choice of Law.** The Parties expressly agree that, since this Contract may include performance at various locations, the obligations and liabilities assumed by the Parties hereunder should not be subject to variation in interpretation by reasons of the geographical locale of Work site. The Parties therefore agree that this Contract, and the enforcement, interpretation and construction thereof shall, to the maximum extent allowed, be governed solely by the laws of the State of Texas, without regard to any conflicts of law principles of said jurisdiction that might require the application of the laws of another jurisdiction.

32. **Survival.** The representations and warranties by Contractor, and the indemnities in this Contract shall survive the completion of any Work performed hereunder by Contractor and the termination of this Contract.

33. **Headings for Convenience.** Sections of this Contract have been labeled for the convenience of the Parties and such headings are not to be utilized for the purpose of construing the meaning of any provision of this Contract.

34. **Multiple Counterparts.** This contract may be executed in multiple counterparts, each of which shall be deemed an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract effective as of the date first written above.

EXHIBIT A

DRUG AND ALCOHOL POLICY

Prohibition of Drugs and Alcohol. Contractor agrees to be responsible for ascertaining, maintaining, and monitoring the alcohol and drug free status of its and its subcontractors' employees who are employed on Company's property and, to that end, agrees to the following minimum requirements:

(a) Company reserves the right to ban from its property any of Contractor's or its subcontractors' employees who cannot establish that they are drug and alcohol free to Company's satisfaction.

(b) Contractor's and its subcontractors' employees shall not be permitted to perform Work on Company's property without first consenting to undergo periodic drug or alcohol screening tests.

(c) If the performance of any of Contractor's and its subcontractors' employees on Company's property appears erratic or impaired or after any accident or safety violation where, in Company's sole opinion, such employee's actions indicate that the accident or violation could reasonably have been caused by alcohol or drug use, Company may direct Contractor to remove such employee from Company's property at Contractor's sole cost. No employee so removed shall be permitted to return to Company's property without first undergoing a medical examination that establishes to Company's satisfaction that the condition was not drug or alcohol related.

(d) Company reserves the right to undertake a search of Contractor's and its subcontractors' employees personal effects that are located on Company's property at any time during the performance of the Work to ascertain whether such employees have in their possession drugs, alcohol or any other controlled dangerous substance and the unexcused possession of such will constitute cause for Company to immediately seek replacement of such employees.

(e) Notwithstanding any compliance by Contractor with the requirements set forth herein, and notwithstanding Company's satisfaction with Contractor's means of demonstrating compliance herewith, Contractor shall be and remain fully responsible for any and all failures, and the consequences thereof, to ensure that its and its subcontractors' employees are drug and alcohol free in transit while working on Company's property.

EXHIBIT B

ENVIRONMENTAL LAWS

1. ***Compliance with Environmental Laws.*** Contractor shall give all notices and otherwise fully comply with all laws, statutes, regulations, ordinances, rules, standards, orders or determinations of any local, state or federal governmental authority (including related determinations, interpretations, orders or opinions by any judicial or administrative authority) that has jurisdiction over the Contractor, the Work or the Work site pertaining to protection or conservation of the air, land, water, human health, industrial hygiene or other aspects of the environment, including, without limitation, the following statutes, as supplemented and amended from time to time: the Clean Air Act, the Comprehensive Environmental Response, Compensation and Liability Act, the Federal Water Pollution Control Act, the Solid Waste Disposal Act, the Resource Conservation and Recovery Act, the Safe Drinking Water Act, the Toxic Substances Control Act, the Hazardous Materials Transportation Act, the Federal Oil Pollution Act of 1990 and comparable state and local statutes and implementing rules or regulations ("Environmental Laws").

2. ***Hazardous Materials.*** Contractor represents and warrants to Company that upon delivery or performance of the Work, the Work will not contain or otherwise have incorporated into it any chemical, material or other substance defined as or included in the definition of "hazardous substance," "hazardous material," "hazardous chemical," "hazardous chemical substance," "hazardous waste," or "toxic substance" or words of similar meaning and regulatory effect, as such terms are defined under any Environmental Laws, any broader definition of such terms that is used by a state or locality that has jurisdiction over the Work, or the site or any interpretation by administrative or judicial authorities, or any other chemical, material or substance, exposure to which is prohibited, limited or regulated by any governmental authority or which may or could pose a hazard to human health and safety including, without limitation, asbestos in any form and polychlorinated biphenyls.

3. ***Notice of Spills.*** Contractor shall notify Company as soon as possible after discovery or containment (and in no event later than 1 hour) following any accident or spill involving the release of any chemical, material or other substance described in 2 above.

EXHIBIT C

FEDERAL CONTRACT PROVISIONS

Contractor shall fully comply with the following statutes and executive orders as well as the regulations, orders and rules promulgated thereunder, where required by law, and such statutes and executive orders are hereby incorporated in this Contract by reference as if fully set out: (1) Equal Opportunity Clause (Applicable to all Short Forms for amounts in excess of \$10,000, 41 CFR 60-1.4); (2) Affirmative Action Compliance Programs (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.40); (3) Equal Employment Opportunity Reporting Requirements (Applicable to Short Forms for amounts of \$50,000 or more and if Owner has 50 or more employees, 41 CFR 60-1.7); (4) Employment of the Handicapped (Applicable to Short Forms for amounts of \$2,500 or more, 41 CFR 60-741); (5) Employment of Disabled Veterans and Veterans of the Vietnam Era (Applicable to Short Forms for amounts of \$10,000 or more, 41 CFR 60-250); (6) Utilization of Small Business Concerns and Small Disadvantaged Business Concerns (Applicable to Short Forms for amounts of \$10,000 or more, 48 CFR 52.219-8); (7) Utilization of Women-Owned Business concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-8); (8) Utilization of Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$25,000 or more, 48 CFR 52.219-1 to 52.219-21); (9) Small Business and Small Disadvantaged Business Concerns and Labor Surplus Area Concerns (Applicable to Short Forms for amounts of \$500,000 or more, 48 CFR 52.219-9); (10) Clean Air and Water (Applicable to Short Forms for amounts of \$100,000 or more, 48 CFR (ch. 1) 23.104; 48 CFR (Ch. 1) 52.223-2); and (11) Hazardous Material Indemnification and Material Safety Data (Applicable when it is contemplated that the Short Form will require delivery of hazardous materials as defined in 29 USC 651, et seq.; 29 CFR 1901, et seq.).

Contractor certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. It certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments and that it will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The Contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause. As used in this certification, the term "segregated facilities" means but is not limited to any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin, because of habit, local custom or otherwise. It further agrees that (except where it has obtained identical certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause; that it will retain such certification in its files; and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certificates for specific time periods):

“NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATIONS OF NONSEGREGATED FACILITIES.

A Certification of Nonsegregated Facilities must be submitted prior to the award of any subcontract exceeding \$10,000 which is not exempt from the provisions of the Equal Opportunity Clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e. quarterly, semiannually or annually).” Note that the penalty for making false statements is prescribed in 18 U.S.C. 1001.

EXHIBIT D
REQUIRED INSURANCE

A. WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY insurance covering employees engaged in operations hereunder in compliance with all applicable state and federal laws. Coverage to include:

- (i) Workers' Compensation statutory benefits for those states where operations are conducted. A rejection of the Workers' Compensation Act in Wyoming will not be considered valid compliance with this provision. (Owners, who are sole proprietors, may provide valid proof of Health/Medical Insurance coverage to comply with the requirements of the Worker's Compensation Act.)
- (ii) Employer's Liability limits of \$1,000,000 each employee, \$1,000,000 each employee/disease, and \$1,000,000 policy limit.
- (iii) Endorsements providing coverage under Voluntary Compensation, and for Alternate Employers, where applicable.
- (iv) Policy to be endorsed to provide that a claim brought "in rem" shall be treated as a claim brought against the insured.

B. COMMERCIAL GENERAL LIABILITY insurance with a limit of \$1,000,000 per occurrence, subject to a \$1,000,000 General Aggregate and including the following:

- (i) Separate Aggregate limit of at least \$1,000,000 for claims under the Products and Completed Operations hazard.
- (ii) Contractual liability coverage covering all operations without regard to any limitations set forth in this Contract.
- (iii) Sudden and Accidental Pollution Liability coverage of at least \$1,000,000.

C. BUSINESS AUTOMOBILE insurance covering all Owned, Hired and Non-Owned vehicles with a combined single limit for bodily injury and property damage liability of \$1,000,000 per accident or occurrence.

For all coverages shown above, the territorial limits of the policies shall extend to any area of the world in which the Work is to be conducted.

The Certificate of Insurance required under Paragraph 15 Insurance of the Master Service Contract shall list Diamondback E&P LLC as certificate holder and additional named insured.

EXHIBIT E

DRILLING OPERATIONS

CONTRACTOR RESPONSIBILITY AND EQUIPMENT REQUIREMENT

1) Responsibility for loss or damage:

1. **Contractor's Surface Equipment:** Contractor shall assume liability at all times, regardless of whether the Work is being performed on a footage basis or daywork basis, for damage to or destruction of Contractor's surface equipment, regardless of when or how such damage or destruction occurs, except for such loss or damage as provided in Paragraph 4. below, and Contractor shall release Company of any liability for such loss.
2. **Contractor's In-Hole Equipment - Footage Basis:** Contractor shall assume liability at all times while Work is being performed on a footage basis for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool joints, and Contractor shall release Company of any liability for any such loss, except as provided for in Paragraph 4. below.
3. **Contractor's In-Hole Equipment - Daywork Basis:** In the event the hole should be lost or damaged while Contractor is performing Work on a Daywork Basis, Company shall assume liability for damage to or destruction of Contractor's in-hole equipment, including, but not limited to, drill pipe, drill collars, and tool joints, and Company shall reimburse Contractor for the value of any such loss or damage; the value to be determined by agreement between Contractor and Company as current repair cost of such equipment delivered to the wellsite, but in no event not to exceed 100% of depreciated value of equipment lost.
4. **Company's Equipment - Environmental Loss or Damage:** Notwithstanding the provision of Paragraph 1. above, Company shall assume liability at all times for damage to or destruction of Contractor's equipment caused by exposure to highly corrosive or otherwise destructive elements, including those introduced into the drilling fluid.
5. **Downtime due to Inclement Weather:** Company shall not pay standby for equipment not working due to bad weather or site conditions which do not allow access to Work site.

2) Equipment Required to Drill and Complete:

1. Contractor shall supply drilling rig of sufficient rating to safely handle drill string and casing weights.
2. Contractor shall supply a mud pump adequately sized to effectively circulate the drill hole with sufficient volume and pressure rating with relationship to given hole size, depth, drill string, and drilling fluid type.
3. Contractor shall supply an air compressor and air foam injector pump with minimum acceptable rating of 250-psi discharge pressure with 750 cubic feet per minute volume.

-
4. Contractor shall supply a water truck with vacuum pump or pressure pump capable of handling a minimum of 60 barrels (42 gallons per barrel) of water. Truck must be capable of and equipped for off-road travel in adverse weather conditions.
 5. Contractor shall furnish a Washington diverter, or Company approved equivalent, with 6" valve and 6" diameter vent line of sufficient length to meet BLM and/or WOGCC requirements.
 6. Contractor shall provide API drill pipe and drill collars in well-maintained condition.
 7. Contractor may furnish an underreamer sized to be run through 7" OD 20# casing into 6-1/4" pilot hole to provide 12" diameter hole with cutter arms extended.
 8. Contractor may furnish backhoe at the site. Company will furnish earth pits at each drill site for drill fluids and cuttings.

CONFIDENTIAL TREATMENT REQUESTED

**AMENDED & RESTATED MASTER SERVICES AGREEMENT FOR
PRESSURE PUMPING SERVICES AGREEMENT¹**

THIS AMENDED & RESTATED MASTER SERVICE AGREEMENT FOR PRESSURE PUMPING SERVICES(this “**Agreement**”) is made and entered into effective October 1, 2014 (the “**Effective Date**”) between Gulfport Energy Corporation (“**Company**”), and Stingray Pressure Pumping LLC (“**Contractor**”). Contractor and Company are individually referred to as a “**Party**” and collectively as the “**Parties**.”

RECITALS:

- A. Contractor and Company are parties to a Master Services Agreement dated as of December 3, 2012 (the “MSA”).
- B. Contractor provides hydraulic fracturing, stimulation and related completion and rework services for oil and gas exploration wells and other ancillary services (as more specifically described in Exhibit A and applicable Work Orders, the “**Services**”).
- C. Company desires to retain Contractor to provide the Services in the Utica shale formations located in Ohio (the “**Service Area**”).
- D. The Parties desire to enter into this Agreement to amend and restate the MSA with respect to the Services and to set forth the terms and conditions under which the Services shall be provided to Company by Contractor.
- E. The MSA shall not apply to the Services, but shall remain in full force and effect with respect to services to be provided by Contractor to Company other than the Services.

NOW THEREFORE, for and in consideration of the mutual promises hereinafter set forth, Contractor and Company hereby agree as follows:

1. Term of Agreement.

(a) The initial term of this Agreement will commence on the Effective Date and will continue through and including September 30, 2018, unless earlier terminated in accordance with this Agreement (the “**Initial Term**”).

(b) The Initial Term of this Agreement may be extended by the mutual agreement of the Parties in a written amendment of this Agreement executed by both Parties. Neither Party shall be obligated to extend this Agreement. The Initial Term and any extensions thereof are collectively referred to as the “**Term**.”

¹ The appearance of [*] denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

2. Provision of the Services.

(a) Contractor will perform hydraulic fracturing, stimulation and related completion services for Company's wells in the Service Area utilizing the Dedicated Frac Spreads described below). Company shall designate individual well locations and specific well requirements from time to time in a mutually agreed written work order (each a "**Work Order**"). Contractor will use commercially reasonable efforts to meet the particular scheduling and operational requirements requested from time to time by Company subject to the availability of, and the operational capacity and limitations of, the Dedicated Frac Spread. The location of each well at which services will be performed is referred to as a "**Site**."

(b) During the Initial Term, Contractor will dedicate two (2) frac spreads (each as more specifically described in Exhibit A, and together with related equipment for a spread, is referred to as a "**Dedicated Frac Spread**" and collectively referred to as the "**Dedicated Frac Spreads**") for the performance of the Services for Company in the Service Area. Each Dedicated Frac Spread will be available for the provision of Services commencing on the In-Service Date set forth with respect thereto on Exhibit A. In connection with the provision of the Services, Contractor shall be responsible for and shall select and provide all necessary equipment and supplies for the performance of the Services except as specifically noted in this Agreement or the applicable Work Order to be provided by Company (the Dedicated Frac Spreads and equipment and supplies provided by Contractor, including any substitutions and replacements thereof, are referred to as the "**Equipment**"). Contractor may determine when and if any Equipment can be demobilized or if additional equipment is needed; provided that any changes to the Equipment will be done after consultation with Company and any replacement equipment must be capable of providing the Services. Company shall not have any right to restrict Contractor from demobilizing or replacing any Equipment from a Site.

(c) Contractor will be solely responsible for the operation of the Equipment, and the Equipment shall remain under the control of Contractor at all times. Contractor will provide trained and qualified personnel to perform the Services. If required by a Work Order, Contractor will provide the Services on a 24 hour per day, 7 days per week basis, subject to the availability and operational readiness of the Equipment (which may be affected by scheduled and unscheduled maintenance) or interruptions due to limitations at the Site beyond the control of Contractor (e.g., shortage of sand or chemicals) or Force Majeure events.

(d) Contractor shall be responsible for (i) transportation of the Equipment to and from the Site, (ii) unloading and placing the Equipment at the Site, and (iii) supervision of the connection and disconnection of the Equipment to manifolds or piping provided by Company or its contractors.

(e) Contractor will provide chemicals as set forth on a Work Order and in accordance with the specifications and requirements designated by Company in the applicable Work Order for an individual well completion or rework.

(f) Contractor will transport, or arrange for the transport, of proppant purchased by Company to a Site for use in the Services, subject to local transportation restrictions and adequate access to the Site.

(g) Contractor will provide such other services, chemicals and materials as may be set forth in a mutually agreed written Work Order.

3. Company's Obligations. In order to facilitate Contractor's provision of the Services hereunder, unless otherwise expressly provided in a Work Order, Company agrees as follows:

(a) Company represents and warrants that it possesses the right to use each Site at which Services are to be performed (by virtue of ownership, leasehold interest, easement or other enforceable legal right) and the right to provide Contractor with access to each Site so that Contractor can perform the Services. Company agrees to provide Contractor with evidence of such rights upon Contractor's request.

(b) Company shall provide Contractor with authorized ingress and egress to and from each Site at all times (24 hours a day, seven days a week) in accordance with applicable road use maintenance agreements ("RUMA") so that Contractor can provide the Services at that Site and operate, inspect and maintain the Equipment. Company acknowledges that it has superior knowledge of each relevant Site and access routes to such Site, and consequently Company agrees to advise Contractor of any conditions or obstructions which Contractor might encounter while en route to, or while operating on, the relevant Site. Contractor agrees to follow all applicable RUMA routes as to which it has received notice.

(c) Company agrees to maintain each Site in such a condition that will allow free access and movement by Contractor and its representatives to and from the Equipment, including maintaining a road on each Site from the property entrance to the location of each Site and to the Equipment. Company shall prepare a sound location at each Site that is adequate in size and capable of properly supporting the Services and any Equipment to be used by Contractor in connection with the provision of Services.

(d) Company shall provide (i) all of the water requirements for the Services and (ii) a properly functioning waste discharge system for the Equipment (including an outlet connection from the all pipes connections) in accordance with applicable law and applicable environmental licenses and permits.

(e) In the event of any pollution, contamination or release related to or in connection with the Services, Company shall coordinate with Contractor within twenty-four (24) hours of discovery to determine which Party is legally responsible for notifying appropriate regulatory authorities. Company will provide to Contractor any analysis or event incident investigation reports prepared by Company as soon as they are available, and Contractor shall have the right to use such analysis and/or reports and to include such analysis and/or reports in any filings that it makes with any regulatory authority or third party. If requested by Contractor, Company will certify that it prepared such analysis and/or report and has authorized Contractor to provide it to such regulatory authority or third party. If it is later determined that the Party who initially reported the incident to the regulatory authority was not the appropriate reporting party, then the Parties will correct or withdraw such filing(s) and the responsible Party will make all necessary filings with respect to such incident. Subject to the terms of Section 18.(a), each Party agrees to pay for the cost and expense of removal and clean up of any pollution, contamination or release caused by or attributable to such Party.

(f) Company will furnish any equipment, supplies and services that are listed as "Additional Company Responsibilities" in the applicable Work Order.

4. Service Fees and Reimbursements.

(a) Company will pay Contractor the Service Fees and reimbursable expenses set forth in Exhibit B.

(b) All Service Fees are exclusive of applicable sales and use tax.

(c) The Services provided under this Agreement are based on the applicable laws and regulations existing at the time of the execution of this Agreement. Any changes in applicable laws or regulations, changes in governmental enforcement practices, or any new applicable laws or regulations (including those related to taxes, permits, fees and duties) that have the effect of increasing Contractor's costs, potential or actual liability or risks, or obligations with respect to the provision of the Services, shall entitle Contractor to fair and equitable modifications to this Agreement (including changes in Services and Service Fees), which modifications the Parties agree to negotiate in good faith and in a timely fashion.

5. Payment Terms.

(a) All Service Fees shall be due and payable by Company to Contractor within thirty (30) days of the date of the invoice therefor. Company shall pay Contractor via ACH or wire transfer to the account designated by Contractor from time to time.

(b) All Service Fees shall be made without abatement, reduction or set off of any nature, including any thereof arising out of any present or future claim Company may have against Contractor under any other Work Order, this Agreement, or any other agreement between the Parties or their affiliates.

(c) If Company fails to pay to Contractor any Service Fees or other charges when due, Company also shall pay to Contractor interest thereon from the due date thereof to the date of payment at a rate equal to the lesser of: (a) [*]¹ per month or (b) the maximum rate permitted by applicable law.

(d) All stated fees and other charges set forth in this Agreement or any Work Order are exclusive of applicable sales and use taxes, and Company shall be responsible for the payment of any and all such taxes.

(e) In addition to any other rights or remedies of Contractor, upon any payment default by Company under any Work Order or this Agreement (even if subsequently

cured), or if in Contractor's reasonable discretion Company's creditworthiness has significantly declined from the Effective Date of this Agreement, Contractor shall have the right and option to require, for each Work Order then outstanding and any new Work Orders, advance payment for Services on a monthly basis and/or to require other cash advances or other credit enhancements for Company's obligations hereunder as reasonably determined by Contractor.

6. Title and Risk of Loss of Equipment; Personal Property; No Encumbrances.

(a) Contractor shall be solely responsible for the Equipment and shall bear the risk of loss of or casualty to the Equipment, except as otherwise provided in Section 15(b) below.

(b) Company agrees and acknowledges that: (i) all Equipment is and shall remain the personal property of Contractor (or if applicable Contractor's lessor); Company shall not have any rights or interest in the Equipment; and Company shall not take any action that is inconsistent with the foregoing; (ii) the Equipment shall be and remain personal property and shall not be, or be deemed to be, a fixture or a part of any realty; (iii) any Equipment at a Site shall not be removed from any Site by Company, nor shall Company allow the removal of the Equipment by any third party from any Site; (iv) Company expressly subordinates to any lender or lessor of Contractor any liens or other rights that Company may have at law or in equity in or with respect to any of the Equipment; and (v) Company will not damage, obscure, change or remove any insignia, serial number or lettering on the Equipment or nameplates.

7. Licenses, Permits and Compliance with Laws.

(a) Except as expressly provided in a Work Order, Company shall obtain and maintain all licenses and permits required in relation to the operations at the Site. Upon request Company will provide copies of such licenses and permits to Contractor prior to the commencement of the Services. Company shall release, defend, indemnify, and hold harmless Contractor from and against any and all Claims related to or resulting from any failure by Company to obtain and/or maintain such licenses or permits in accordance with this Section 7(a).

(b) Contractor agrees to comply with applicable laws related to the provision of the Services and with applicable licenses and permits related to the provision of the Services and the operation of the Equipment, provided that Company has provided Contractor with copies of such licenses and permits.

8. Limited Warranties.

(a) Contractor warrants that the Services will be provided in a good and workmanlike manner and in accordance with good oilfield practices.

(b) CONTRACTOR MAKES NO OTHER REPRESENTATIONS AND DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY.

(c) If any portion of the Services fails to meet the warranties set forth in Section 8(a), Contractor shall re-perform or correct such deficient Services without additional cost to Company. ***Such re-performance or correction shall be Company's sole and exclusive remedy with respect to any breach of such warranties.***

9. Records.

(a) Contractor agrees to keep and maintain records reflecting the Direct Costs associated with each Dedicated Frac Spread and related Services for two years and shall make such records available for examination, audit, review and inspection by Company (or any agent on its behalf) at Company's expense and at reasonable times during normal business hours upon request by Distributor at least once per quarter per calendar year.

(b) If, pursuant to its right to audit or inspect or otherwise, Company discovers that any amount paid to Contractor exceeds the amount Contractor is entitled to receive based on the pricing methodology set forth in Section 1 above, then Company shall promptly notify Contractor in writing of such excess and Contractor and Company shall work in good faith to resolve such dispute.

(c) If Contractor and Company agree that the amount paid to Contractor exceeds the applicable pricing based on Section 1 above, Contractor shall be responsible for repayment of the excess. If such amount exceeds seven and one-half percent (7.5%) of the total amounts due for the Services during the periods reviewed by Company, then Contractor shall be further responsible to reimburse Company for all reasonable expenses of such audit or inspection.

10. Confidentiality.

(a) Each Party undertakes to treat as confidential all information in any medium or format (whether marked "confidential" or not) which that Party (the "**Receiving Party**") receives during the term of this Agreement and for the purposes of this Agreement from the other Party (the "**Disclosing Party**"), either directly or from any person, firm, company or organization associated with the Disclosing Party (the "**Confidential Information**").

(b) The Receiving Party may use the Confidential Information of the Disclosing Party for the purposes of this Agreement, and the Receiving Party may provide its employees, directors, suppliers, agents, subcontractors and professional advisers with access to such Confidential Information. Each Party shall ensure that its employees, agents and subcontractors comply with its obligations of confidence. Where such recipient is not an employee or director of the relevant Receiving Party, the Receiving Party shall provide the Confidential Information to such permitted persons subject to reasonable and appropriate obligations of confidence. For the avoidance of doubt, the Receiving Party shall be responsible for any breach of the provisions of this Section 10 by its employees, directors, suppliers, agents, subcontractors or professional advisers.

(c) The provisions of this Section 10 shall not apply to any information which (i) enters the public domain other than as a result of a breach of this Section 10, (ii) is received from a third party which is under no confidentiality obligations, (iii) is independently developed by a Party without use of the other Party's Confidential Information or (iv) was previously known to a Party. In addition, the Receiving Party may disclose the Confidential Information of

the Disclosing Party where required to do so by law or by any competent regulatory authority; provided that the Receiving Party shall give the Disclosing Party prompt advance written notice of the disclosures (where lawful and practical to do so) so that the Disclosing Party has sufficient opportunity (where reasonably possible) to prevent or control the manner of disclosure by appropriate legal means.

(d) Except to the extent required under this Agreement or required for purposes of complying with applicable law, including environmental, health and safety laws and reporting provisions thereunder, all Confidential Information, in written or other tangible media, shall be returned to the Disclosing Party within thirty (30) days following the expiration, termination or cancellation of this Agreement, and all electronic Confidential Information shall be deleted from the Receiving Party's systems.

(e) The provisions of this Section 10 shall survive the expiration, termination or cancellation of this Agreement.

11. Non-Solicitation. During the Term and for a period of one year after the end of the Term, a Party shall not, directly or indirectly, knowingly solicit for employment, offer employment to or employ or retain (whether as an employee, officer, agent, consultant, advisor or in any other capacity) any employee of the other Party, unless otherwise agreed by the other Party in writing; *provided, however*, the foregoing shall not prohibit solicitations through general public advertising or other publications of general public circulation or general solicitations by an employment agency not specifically targeting the other Party's employees, or the hiring of any employee of the other Party who contacts the hiring Party as a result of such general advertising, publications or solicitations.

12. Contractor's Safety Responsibilities.

(a) Contractor shall be responsible for the safety of the agents, employees and representatives of Contractor or its subcontractors, and for the invitees and guests of Contractor or its subcontractors. Company shall provide Contractor with any information related to the activities at a Site and to any safety rules applicable to a Site and will provide Contractor with training materials for safety that it provides to its agents, employees and representatives or to any invitees and guests of Contractor or its subcontractors at the Site.

(b) Subject to any limitations related to confidentiality or attorney client privilege, Contractor agrees to provide Company, upon request, with copies of all work-related injury and/or accident reports prepared or obtained by Contractor relating to accidents occurring on premises where Contractor is working pursuant to this Agreement, as well as documentation, upon request, which reflects work-related injury and/or accident frequency rates and applicable employee training.

(c) Notwithstanding the provisions of this Section 12 or Section 15(a), the Parties acknowledge and agree that Company (i) shall be solely responsible for the condition of the Site, (ii) shall ensure that the conditions at the Site are at all times sufficient for the provision of the Services in a safe manner and (iii) shall release, defend, indemnify, and hold harmless Contractor and its Group from and against any and all Claims for any personal injury to any of Contractor's agents, employees, representatives, subcontractors, invitees and guests arising out of or resulting from any unsafe conditions at the Site.

13. Insurance. Company and Contractor shall each maintain in full force and effect during the term of this Agreement, at its sole cost and expense, the insurance described below:

(a) Commercial General Liability, including bodily injury, property damage, independent Contractor, products/completed operations, contractual and personal injury liability, with a combined single limit of \$2,000,000 per occurrence and \$4,000,000 annual aggregate.

(b) State Worker's Compensation insurance with statutory limits.

(c) Employer's Liability insurance with limits of not less than \$1,000,000 per occurrence and aggregate for disease.

(d) Commercial Automobile Liability insurance covering owned, non-owned and hired vehicles for a combined single limit of \$1,000,000 per occurrence.

(e) Excess Liability Insurance over that required in Sections 13(a)(i), (iii) and (iv) above, which shall provide coverage at least as broad as the underlying policies, with minimum limits and annual aggregate of \$1,000,000, and specifically including contractual liability.

(f) The policies required pursuant to Section 13(a) are referred to as the **'Required Policies'**. Each Party's Group (as defined in Section 15(a)) shall be named as additional insureds on the Required Policies (except the Worker's Compensation and Employer's Liability policies) and provided a waiver of subrogation with respect to the Required Policies by the other Party, but such naming and waiving obligations both shall be only to the extent of the release, defense and indemnity obligations expressly assumed by the named insured Party under this Agreement. To that same extent only, the Required Policies shall be primary as to any other existing, valid and collectible insurance otherwise available to the non-procuring/additional insured Party's Group. The obligations of each Party, with respect to the maintenance of insurance under this Agreement, are in support of, but separate and apart from, each Party's respective indemnification obligations under this Agreement, and such indemnification obligations shall not be limited in amount or scope to coverages provided by the insurance required by this Section 13.

(g) Evidence of this insurance coverage shall be provided through a Certificate of Insurance prepared by each Party's insurance representative and shall note that the insurance policy must provide for notice, in accordance with the provisions of such policy, of any termination or cancellation of the terms of such insurance material to the other Party or Parties. Each Party shall provide the other Party with a Certificate of Insurance prior to commencing the Services, or upon request.

(h) Any and all deductibles and/or self-insured retentions shall be at the sole risk of, and borne fully by, the named insured.

14. Force Majeure.

(a) If the performance of any part of this Agreement by either Party is prevented, hindered or delayed by a reason of Force Majeure, other than the obligation to pay money hereunder, then such Party's performance so far as it is affected by such Force Majeure shall be excused during the continuation of the Force Majeure event. The Party rendered unable to perform hereunder, in full or in material part, promptly shall provide written notice to the other Party of the Force Majeure event and shall, as far as practicable, remedy the cause for the Force Majeure with all reasonable dispatch.

(b) "**Force Majeure**" means a circumstance or event beyond the reasonable control of a Party, including acts of God or a public enemy; accidents, failure or breakdown of any equipment, fires, floods or droughts; strikes, work stoppages, shortage of materials, cars, fuel, electric power or labor; road closures, rail car shortages or other delays in transportation; plant closure; compliance with any governmental order or regulation; or the curtailment or suspension of activities to remedy or avoid an actual or alleged, present or prospective enforcement of federal, state or local environmental standards.

(c) In the event that a Force Majeure suspension continues for thirty (30) consecutive days, Company may request that the Services be provided at an alternate location and Contractor shall use commercially reasonable efforts to provide such Services at such alternate location until such event of Force Majeure has been remedied.

15. Indemnities.

(a) In General. Except as otherwise provided in this Agreement, each Party agrees to release, defend, indemnify, and hold harmless the other Party and its respective group from and against any and all claims, damages, liabilities, losses, demands, liens, encumbrances, causes of action of any kind, costs and expenses (including reasonable attorneys' fees), judgments, interest, and awards, whether created by law, equity, contract, tort, or otherwise (collectively, "**Claims**") for (i) any personal injury to any of the indemnifying Party's Group and/or (ii) property loss or damage relating to the facilities and equipment of the indemnifying Party's Group. For purposes of the foregoing, a Party's "**Group**" means that Party and its contractors (except that Company's Group excludes Contractor and its subcontractors), subcontractors, co-interest owners, joint venturers, co-lessees, and invitees, and their respective affiliates, shareholders, officers, directors, employees, agents, consultants, and servants.

(b) Liability for Contractor's Equipment. Notwithstanding any provision to the contrary in this Agreement, to the maximum extent allowed by applicable law, Company shall release, defend, indemnify and hold Contractor harmless from and against, any and all Claims related to the damage to or loss of any of the Equipment that is caused by or arises as a result of (i) any operating conditions that are outside normal operating conditions or the particular specifications set forth in the applicable Work Order, or (ii) the negligence or willful misconduct of Company or its employees, agents or contractors.

(c) Liability for Environmental Matters. Notwithstanding anything contained in this Agreement to the contrary, and to the maximum extent permitted by applicable law,

Company shall release, defend, indemnify and hold the Contractor Group harmless from and against any and all Claims resulting from any hazardous substance, hazardous material, oil and constituents thereof, or hazardous waste regulated by any applicable law, and from any pollution or contamination of any kind or any cleanup or remediation thereof, other than surface spillage of fuels or chemicals directly emanating from the Equipment that is solely attributable to the negligence of Contractor.

(d) Liability for Underground Property Matters. Notwithstanding anything contained in this Agreement to the contrary, and to the maximum extent permitted by applicable law, Company shall release, defend, indemnify and hold the Contractor Group harmless from and against any and all Claims related to any injury to, destruction of, or loss of or impairment of, any property right in or to the oil, gas, or other mineral substance or water, or to any loss of or damage to any formation, strata or reservoir beneath the surface of the Site ground.

(e) Scope of Indemnification. The obligations of each Party to indemnify the other Party under this Section 15 shall apply **EVEN IF SUCH CLAIMS ARE CONTRIBUTED TO OR CAUSED BY THE SOLE, JOINT, COMPARATIVE, CONCURRENT, ACTIVE OR PASSIVE NEGLIGENCE OF THE INDEMNIFIED PARTY OR ANY MEMBER OF ITS GROUP, STRICT LIABILITY, IMPERFECTION OF MATERIAL, DEFECT OR FAILURE OF EQUIPMENT, BREACH OF REPRESENTATION OR WARRANTY (EXPRESS OR IMPLIED), ULTRA-HAZARDOUS ACTIVITY, TORT, BREACH OF CONTRACT, BREACH OF STATUTORY DUTY, BREACH OF ANY SAFETY REQUIREMENT OR REGULATION, OR OTHER FAULT OF THE INDEMNIFIED PARTY OR ANY MEMBER OF ITS GROUP.** However such indemnification obligations shall not apply in the event of the gross negligence or willful misconduct of the indemnified Party.

(f) Indemnification: Saving Clauses. The indemnities in this Agreement shall only be effective to the maximum extent permitted by the applicable law. If any law is enacted in any state that limits in any way the extent of which indemnification may be provided to an indemnitee and such law is applicable to a particular Services Contract, then that Services Contract shall automatically be amended to provide that the indemnification provided hereunder shall extend only to the maximum extent permitted by the applicable law, but shall extend to such maximum extent.

(g) Indemnity Not Altered by Third Party Obligations. All indemnities in this Agreement shall apply even though an insurer or other person or entity is required to pay for any Claim or to make a contribution to such Claim. Even though insurance may be arranged or other persons or entities may have certain liabilities or obligations, each Party remains responsible for its indemnity and other obligations under this Agreement, even if such insurer or such other person or entity, for any reason, does not pay.

16. Defaults; Remedies.

(a) In General. Except as provided in Section 16(b), a Party shall be in default under this Agreement (i) if such Party fails to fully and timely perform any of its covenants or agreements in this Agreement or any Work Order and such failure has not been

excused or cured within forty five (45) days of its receipt of written notice from the other Party that specifically describes such failure; or (ii) if such Party dissolves or otherwise terminates its existence or becomes insolvent (however evidenced) or bankrupt, commits any act of bankruptcy, makes an assignment for the benefit of creditors, suspends the transaction of its usual business, or consents to the appointment of a trustee or receiver, or a trustee or a receiver has been appointed for such Party or for a substantial part of its property, or if bankruptcy, reorganization, insolvency, or similar proceedings shall be instituted by or against such Party. In the event of such a default by a Party, then in addition to any other rights or remedies that the non-defaulting Party may have at law or in equity, the non-defaulting Party may by written notice to the defaulting Party: (x) immediately terminate this Agreement and/or the applicable Work Order; and/or (y) enforce performance by the defaulting Party of the applicable covenants of this Agreement and/or to recover damages for the breach thereof (subject to the limitations set forth in this Agreement).

(b) Payment Default by Company. If Company fails to make any payment when due of Service Fees or other charges payable under a Services Contract, and such failure has not been cured within ten (10) business days of such due date, then in addition to any other rights or remedies that Contractor may have at law or in equity, Contractor may by written notice to Company: (i) immediately suspend all Services under this Agreement and all then-outstanding Work Orders, provided in such event Company shall remain liable for and shall continue to be obligated to pay any Service Fees under this Agreement and such Work Orders as they accrue; (ii) immediately terminate the applicable Work Order, and Company's rights thereunder, or terminate the applicable Work Order at any time during any such suspension period; and/or (iii) immediately terminate any or all Work Orders entered into by Company under this Agreement or terminate any or all of the Work Orders in effect at any time during any such suspension period.

17. Effect of Termination of this Agreement.

(a) Upon the termination of this Agreement, Company shall remain liable for all Service Fees and other charges for Services performed under this Agreement through the date of termination and for all costs and expenses of demobilization of Contractor's Equipment.

(b) In connection with Contractor's demobilization of the Equipment, Company will provide Contractor with full ingress and egress access to the applicable well locations. Company shall be responsible for any removal of any foundations, buried pipelines or equipment and any and all site remediation.

(c) Sections 3, 4, 5, 6, 8, 9, 10, 11, 15, 17, 18 and 19 shall survive the termination of this Agreement.

18. Limitation of Liability; Waiver of Consequential Damages.

(a) Notwithstanding anything contained herein, the aggregate liability of Contractor for Claims made by Company in respect of loss or damage arising out of or in connection with the provision of the Services or any breach of Contractor's obligations under any Services Contract, whether arising for breach of contract, tort, negligence or otherwise, shall not exceed the total amount paid by Company to Contractor under this Agreement and the applicable Work Orders in the previous ninety (90) days from the date on which such claim arose.

(b) Notwithstanding anything in this Agreement to the contrary, **NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY FOR SPECIAL, INDIRECT OR CONSEQUENTIAL, PUNITIVE, INCIDENTAL, SPECIAL OR EXEMPLARY DAMAGES RESULTING FROM OR ARISING OUT OF THIS AGREEMENT OR ANY WORK ORDER, OR FROM ANY LOSS OF USE, LOSS OF DATA, LOSS OF ASSETS, LOSS OF BUSINESS, LOSS OF PROFIT OR BUSINESS INTERRUPTIONS, HOWEVER SAME MAY BE CAUSED AND REGARDLESS OF THE SOLE OR CONCURRENT NEGLIGENCE OF THE OTHER PARTY, EVEN IF SUCH PARTY HAS BEEN ADVISED OF, OR OTHERWISE COULD HAVE ANTICIPATED THE POSSIBILITY OF, SUCH DAMAGES OR LIABILITIES IN ADVANCE.**

(c) Neither Party may assert against the other Party any claim through mediation, arbitration or litigation for breach or nonperformance in connection with this Agreement unless the asserting Party has given the other Party written notice of the Claim within two (2) years after the asserting Party first knew or reasonably should have known of the underlying facts giving rise to such Claim.

19. General Provisions.

(a) In connection with this Agreement, each Party is an independent contractor. This Agreement establishes and will only be construed as establishing a contract for the provision and purchase of certain services and does not and will not be deemed to create a joint venture, partnership, fiduciary or agency relationship between the Parties for any purpose. Each of the Parties understands and agrees that this Agreement does not create an exclusive dealings arrangement and that each of Company and Contractor may enter into similar arrangements with others to provide or be provided the same or similar services. With respect to its own personnel, each Party is independently responsible for all obligations incumbent upon an employer.

(b) Neither Party may assign its rights or obligations under this Agreement without the prior written consent of the other Party, which consent will not be unreasonably withheld; except that either Party may assign its rights and delegate its duties under this Agreement (i) by way of merger or sale of all or substantially all of the ownership interests or assets of Contractor in one or a series of related transactions; (ii) to a subsidiary or an affiliate of Contractor upon notice to Company together with an assumption of this Agreement by such subsidiary or affiliate; or (iii) in connection with any financing. Contractor may also assign any Service Fees or other charges due under this Agreement or any Work Order to any third party, and Company, on receiving notice of any such assignment, shall abide thereby and make payment as may therein be directed. In the event of any permitted assignment of this Agreement by either Party, the designated assignee shall assume, in writing, the rights and obligations of the assigning Party under this Agreement; provided that the assigning Party shall not be released from any of its liabilities or obligations arising under this Agreement prior to such assignment.

(c) Any notice provided or permitted to be given under this Agreement shall be in writing, and may be served by personal delivery, by registered or certified U.S. mail, addressed to the party to be notified, postage prepaid, return receipt requested; or by nationally recognized delivery service. Notice deposited in the mail in the manner hereinabove described shall be deemed to have been given and received on the date of the delivery as shown on the return receipt. Notice served in any other manner shall be deemed to have been given and received only if and when actually received by the addressee. All notices shall be addressed as follows:

If to Contractor:

If to Company:

Any party may, by written notice so delivered to the other party, change the address or individual to which delivery shall thereafter be made.

(d) Notices sent by facsimile or email transmission will not be effective for any purpose under this Agreement; and while in the course of normal contract administration the Parties may choose to use email transmissions for convenience, all notices of a legal nature or required under the terms of this Agreement (such as, but not limited to, a notice of termination of this Agreement, dispute, claim, indemnification, default, or breach or failure to make payment) must be given in accordance with Section 19(c) above. Except as otherwise set forth in Section 19(m), the Parties do not consent to conduct any of the transactions contemplated by this Agreement by electronic means, and electronic notices and signatures shall not be effective except as provided in Section 19(m).

(e) This Agreement and all Work Orders and other instruments executed in accordance herewith governed by and construed in accordance with the laws of the State of Delaware (except to the extent that mandatory provisions of federal law govern), without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of Delaware.

(f) THE PARTIES HERETO IRREVOCABLY SUBMIT TO THE JURISDICTION OF THE COURT OF CHANCERY OF THE STATE OF DELAWARE (OR, IF THE COURT OF CHANCERY OF THE STATE OF DELAWARE OR THE DELAWARE SUPREME COURT DETERMINES THAT, NOTWITHSTANDING SECTION 111 OF THE DELAWARE GENERAL CORPORATION LAW, THE COURT OF CHANCERY DOES NOT HAVE OR SHOULD NOT EXERCISE SUBJECT MATTER JURISDICTION OVER SUCH MATTER, THE SUPERIOR COURT OF THE STATE OF DELAWARE) AND THE FEDERAL COURTS OF THE UNITED STATES OF AMERICA LOCATED IN THE STATE OF DELAWARE IN RESPECT OF THE INTERPRETATION AND ENFORCEMENT OF THE PROVISIONS OF THIS AGREEMENT AND ANY AND ALL WORK ORDERS AND OTHER INSTRUMENTS EXECUTED IN ACCORDANCE HEREWITH, AND HEREBY

WAIVE, AND AGREE NOT TO ASSERT, AS A DEFENSE IN ANY PROCEEDING FOR INTERPRETATION OR ENFORCEMENT HEREOF OR ANY SUCH DOCUMENT THAT IS NOT SUBJECT THERETO OR THAT SUCH PROCEEDING MAY NOT BE BROUGHT OR IS NOT MAINTAINABLE IN SAID COURTS OR THAT VENUE THEREOF MAY NOT BE APPROPRIATE OR THAT THIS AGREEMENT OR ANY SUCH DOCUMENT MAY NOT BE ENFORCED IN OR BY SUCH COURTS, AND THE PARTIES HERETO IRREVOCABLY AGREE THAT ALL CLAIMS WITH RESPECT TO SUCH PROCEEDING SHALL BE HEARD AND DETERMINED EXCLUSIVELY BY SUCH A DELAWARE STATE OR FEDERAL COURT. THE PARTIES HEREBY CONSENT TO AND GRANT ANY SUCH COURT JURISDICTION OVER THE PERSON OF SUCH PARTIES AND OVER THE SUBJECT MATTER OF SUCH DISPUTE AND AGREE THAT MAILING OF PROCESS OR OTHER PAPERS IN CONNECTION WITH SUCH PROCEEDING IN THE MANNER PROVIDED IN SECTION 19(C) OR IN SUCH OTHER MANNER AS MAY BE PERMITTED BY LAW SHALL BE VALID AND SUFFICIENT SERVICE THEREOF.

(g) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT OR ANY WORK ORDERS OR OTHER INSTRUMENTS EXECUTED IN ACCORDANCE HERewith IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY WORK ORDERS OR ANY OTHER INSTRUMENTS EXECUTED IN ACCORDANCE HERewith. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (i) NO REPRESENTATIVE OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER; (ii) SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THE FOREGOING WAIVER; (iii) SUCH PARTY MAKES THE FOREGOING WAIVER VOLUNTARILY, AND (iv) SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT, EACH WORK ORDER AND EACH OTHER INSTRUMENT EXECUTED IN ACCORDANCE HERewith BY, AMONG OTHER THINGS, THE MUTUAL WAIVER AND CERTIFICATIONS IN THIS SECTION 19(G).

(h) NOTWITHSTANDING ANY VERBAL OR WRITTEN WORK ORDERS, DELIVERY TICKETS OR OTHER INSTRUMENTS USED BY THE PARTIES IN CONNECTION WITH THE SERVICES, THE TERMS AND PROVISIONS OF THIS AGREEMENT SHALL CONTROL AND GOVERN ALL SERVICES.

(i) This Agreement, including its appendices, exhibits and schedules, (a) constitutes the entire Agreement between the Parties with respect to the subject matter hereof, (b) supersedes any existing agreements between them whether oral or written and (c) shall control and govern all transactions between the Parties with respect to the provision of the Services. The terms of this Agreement shall only be amended, modified or supplemented as set forth herein or in a writing signed by or on behalf of both of the Parties, which writing must specifically reference and identify the provision of this Agreement to be modified and the intention to modify this Agreement must be explicitly stated. Acceptance of an Order is insufficient to amend this Agreement unless a separate writing is duly executed by all the Parties specifically amending this Agreement.

(j) No failure or delay by either Party in exercising any of its rights under this Agreement shall be deemed to be waiver of that right, and no waiver by either Party of a breach of any provision of this Agreement shall be deemed to be a waiver of any subsequent breach of the same or any other provision.

(k) If any term or other provision of this Agreement is found to be invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

(l) Any Party who substantially prevails (giving due consideration to all relevant circumstances and not merely to which party obtains a judgment or recovery in its favor) in asserting or defending a claim or suit arising out of a transaction covered by this Agreement shall be awarded, in addition to all other damages allowed under law, its costs, fees and expenses, including reasonable attorneys' fees and costs.

(m) This Agreement, any amendment to this Agreement or any Work Order may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument. The exchange of copies of this Agreement, any amendment to this Agreement or any Work Order and of signature pages by facsimile transmission (whether directly from one facsimile device to another by means of a dial-up connection or whether otherwise transmitted via electronic transmission), by electronic mail in "portable document format" (".pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, or by a combination of such means, shall constitute effective execution and delivery of this Agreement, such amendment to this Agreement or such Work Order, as applicable, as to the Parties and may be used in lieu of an original thereof for all purposes. Signatures of the Parties transmitted by facsimile or other electronic transmission shall be deemed to be original signatures for all purposes. Minor variations in the form of signature pages of this Agreement, any amendment to this Agreement or any Work Order, including footers from earlier versions thereof, shall be disregarded in determining a Party's intent or the effectiveness of such signature.

IN WITNESS WHEREOF, this Agreement has been duly executed by and on behalf of the Parties hereto as of the Effective Date.

EXHIBIT A

DESCRIPTION OF THE SERVICES

1. Description of Services.

(a) Dedicated Frac Spread and Related Services.

(i) Contractor will make available to Company two Dedicated Frac Spreads for the provision of hydraulic fracturing, stimulation and related completion services for Company's wells in the Services Area, the first of which shall be available to Company commencing on October 1, 2014 and the second of which shall be available to Company commencing on November 1, 2014 (which respect to each Dedicated Frac Spread, the "**In-Service Date**"), and during each month during the Term, Contractor shall perform, as requested by Company, up to [*]¹ stages per month with each Dedicated Frac Spread.

(ii) Each Dedicated Frac Spread shall be comprised of [*]¹ of Contractor's standard pressure pumping units (together with any ancillary equipment to be provided by Contractor, the "**Equipment**").

(iii) Contractor shall be responsible for selecting all Equipment which will be used to provide the Services and may, at any time during the Term and at its cost, install or substitute Equipment to be utilized by Contractor in the performance of the Services, provided that Contractor will provide Company with a performance calculation for such Equipment that demonstrates such Equipment will satisfy the applicable operating conditions. Company shall not have any right to restrict Contractor from removing any Equipment from the Site.

(b) Scheduled Maintenance. Contractor shall perform all scheduled maintenance on the Equipment pursuant to a schedule established by Contractor and provided to Company on a quarterly basis not to exceed [*]¹ between rig up and rig down between jobs except as a result of a Force Majeure event. Contractor will use commercially reasonable efforts to stage the scheduled maintenance on the Equipment to minimize any interruptions of Service to Company. During any periods of scheduled maintenance, Company shall continue to pay Contractor the applicable Service Fee.

(c) Unscheduled Maintenance. Contractor shall perform all unscheduled maintenance on the Equipment using commercially reasonable efforts to minimize any interruptions of Service to Company. Periods of unscheduled maintenance are not to exceed [*]¹ per job except as a result of a Force Majeure event. During any periods of unscheduled maintenance, Company shall continue to pay Contractor the applicable Service Fee.

(d) Availability. Contractor is providing Equipment that provides for a certain amount of redundancy of pumping units and other key equipment to enable it to provide the Services as required by Company except as a result of a Force Majeure event.

EXHIBIT B

SERVICE FEES AND REIMBURSABLE EXPENSES

1. Service Fees and Reimbursable Expenses.

(a) Company will pay service fees for each Dedicated Frac Spread, commencing, with respect to each Dedicated Frac Spread (which for clarity includes all related Equipment), on the In-Service Date set forth in Exhibit A with respect to such Dedicated Frac Spread, equal to the “Direct Costs” of providing such Services plus a monthly fee of \$[*]¹ (which amount shall be subject to annual CPI adjustment as set forth in Section 1(e) below).

(b) “**Direct Cost**” means, for Services related to each Dedicated Frac Spread, all of Contractor’s fully-burdened, standard costs of producing the Services, as determined in accordance Contractor’s normal and customary accounting practices, including without duplication the following costs and expenses used in the performance of the Services with such Dedicated Frac Spread:

- (i) All personnel related expenses, including:
 - (A) all wages, salaries, bonuses, benefits (including all overtime) for Contractor’s field crews and QA/QC personnel providing the Services related to such Dedicated Frac Spread, and including without duplication the fully-burdened costs for all of the Dedicated Crew for such Dedicated Frac Spread (whether or not such Dedicated Crew is providing the Services or idle waiting Work Orders from Company, unless such idle time is solely related to Contractor’s failure to provide the Equipment or labor at a Site pursuant to a mutually agreed Work Order);
 - (B) all drug screens or tests incidental to meeting any of Company’s onsite personnel policies related to the Services at a Site; and
 - (C) all meals and travel expenses incurred by any Contractor personnel providing any of the Services at a Site, pursuant to Contractor’s standard reimbursement policy for such expenses; and
- (ii) All expenses incurred at a Site to perform any of the Services, including:
 - (A) any fuel used by Contractor;
 - (B) any insurance related to the performance of the Services, or casualty insurance for the Dedicated Frac Spread;
 - (C) all tools and safety supplies;

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

-
- (D) all rental expenses for Equipment used at a Site that is not owned by Contractor;
 - (E) all testing and sampling of chemicals, materials and proppants; and
 - (F) all utilities and communications used by Contractor; and
- (iii) all chemicals and other materials used by Contractor (subject to Company's right to specify the brand or supplier of such chemicals and other materials, and further subject to the reasonable availability of such brand or from such supplier), provided, however, if Contractor performs more than 80 Stages per month with a Dedicated Frac Spread, any chemicals and other materials used or consumed for such excess Stages will be invoiced based on Contractor's standard price list less a [*]¹ discount rather than at Contractor's "standard cost" of such chemicals and materials; and
- (iv) All expenses incurred for the planned and unplanned repair and maintenance of the Dedicated Frac Spread (whether treated as a capital expense or a normal operating expense), including:
- (A) all replacement parts and consumable items used in such repair and maintenance, including Contractor's internal costs of loading, unloading, storing and handling any such parts or items;
 - (B) all labor costs used in such repair and maintenance at Contractor's fully burdened rates; and
 - (C) a facility use charge based on Contractor's normal practices; and
- (v) A fixed SG&A amount of \$[*]¹ per month (which amount shall be subject to annual CPI adjustment as set forth in Section 1(e) below);
- (vi) All expenses incurred for the transportation of the Equipment, proppant, chemicals and other materials to or from a Site, including:
- (A) all highway permits and licenses required for the transportation of such materials to or from a Site;
 - (B) all expenses incurred with any third party carriers with respect to the transportation of such materials to or from a Site;
- (vii) Contractor's actual expenses incurred with any subcontractor related to the performance of any Services; and

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

-
- (viii) Any other reasonable and customary out-of-pocket costs incurred by Supplier in connection with the provision of the Services at a Site or the storage of the Equipment, proppant, chemicals or other materials at a Site; and

(c) Contractor's Direct Cost will be determined by Contractor on a monthly basis in accordance with its normal and customary accounting practices, except that the repair and maintenance costs of the Equipment shall be billed based on a fixed monthly amount of \$[*]¹ per Dedicated Frac Spread and reconciled quarterly to reflect Contractor's actual repair and maintenance costs; provided, however, that in no event will Company be obligated to pay for such costs in excess of \$[*]¹ per Dedicated Frac Spread per month.

(d) An example of the calculation of Direct Cost is set forth in Exhibit B-1.

(e) The fixed fees noted above in Sections 1(a) and 1(b)(iv) shall be subject to annual inflation adjustment based on changes to the Consumer Price Index (US City Average, All Items).

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

CONFIDENTIAL TREATMENT REQUESTED

AMENDMENT TO AMENDED & RESTATED MASTER SERVICES AGREEMENT
FOR PRESSURE PUMPING SERVICES AGREEMENT¹

This Amendment to Amended and Restated Master Services Agreement for Pressure Pumping Services Agreement (this "**Amendment**") is made and entered into this 18th day of February, 2016 to be effective as of January 1, 2016 (the "**Effective Date**"), by and between Gulfport Energy Corporation ("**Company**") and Stingray Pressure Pumping LLC ("**Contractor**"). Company and Contractor are sometimes individually referred to herein as a "**Party**", or collectively referred to as the "**Parties**".

WHEREAS, Company and Contractor entered into that certain Master Services Agreement dated December 3, 2012 (the "**Original MSA Agreement**"), pursuant to which Contractor would provide hydraulic fracturing, stimulation and related completion and rework services for oil and gas exploration wells and other ancillary services (the "**Services**") to Company, subject to the terms and conditions contained in the Original MSA Agreement;

WHEREAS, Company and Contractor subsequently entered into the Amended and Restated Master Services Agreement for Pressure Pumping Services Agreement dated as of October 1, 2014 (the "**A&R MSA Agreement**"), pursuant to which the Original MSA Agreement was amended and restated in its entirety;

WHEREAS, the A&R MSA Agreement provided for prices with respect to the Services and reimbursable expenses as set forth in Exhibit B – Service Fees and Reimbursable Expenses of the A&R MSA Agreement; and

WHEREAS, the Company desires to suspend the Services during the period commencing on January 1, 2016 and ending on March 31, 2016 (the "**Suspension Period**") and, in connection therewith, the Parties now desire to amend the A&R MSA Agreement in order to adjust the amount of Service Fees (as defined in the A&R MSA Agreement) payable with respect to the Services during the Suspension Period and the timing of the payment of such Service Fees.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and intending to be legally bound, the Parties agree as follows:

1. **Defined Terms.** Capitalized terms used but not defined herein shall have the same meanings given to such terms in the A&R MSA Agreement.
2. **Recitals.** The foregoing recitals are incorporated into and made a part of this Amendment.
3. **Amendment Exhibit B – Service Fees and Reimbursable Expenses of the A&R MSA Agreement.** Effective as of the Effective Date, the Parties agree that Exhibit B – Service Fees and Reimbursable Expenses of the A&R MSA Agreement ("**Exhibit B**") shall be, and hereby is, amended and supplemented as set forth on Schedule 3 attached hereto.
4. **Counterparts.** This Amendment may be executed in a number of identical counterparts, including, without limitation, facsimile or email execution copies. If so executed, each counterpart is to be deemed an original for all purposes, and all such counterparts shall, collectively, constitute one agreement.
5. **Enforceability of Agreement; Governing Law.** Except as expressly modified and amended hereby, the A&R MSA Agreement shall remain in full force and effect and is hereby ratified and affirmed by each of the Parties. This Amendment shall be binding on the Parties and their respective permitted successor and assigns. This Amendment shall be governed by and construed in accordance with the laws of the State of Delaware without giving effect to the conflict of law provisions thereof.

¹ The appearance of [*] denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 24b-2 of the Securities Exchange Act of 1934, as amended.

6. Effectiveness of Amendment. This Amendment shall become effective as of the Effective Date.

[Signature Page Follows]

IN WITNESS WHEREOF, this Amendment has been duly executed by each Party as of the date first written above.

Schedule 3

**SERVICE FEES AND REIMBURSABLE
EXPENSES DURING SUSPENSION PERIOD**

Suspension of Services During the Period January 1, 2016 through March 31, 2016 (the "Suspension Period").

Notwithstanding anything contained in the A/R MSA Agreement or Exhibit B to the contrary, during the Suspension Period, Company intends to reduce its completion activities, including the Services provided by Contractor; and consequently Company and Contractor have agreed to suspend any Services under the A/R MSA Agreement during the Suspension Period on the following terms:

(a) Suspension of Services. The Parties hereby agree that during the Suspension Period, (i) Contractor shall not provide any Services to Company under the A/R MSA Agreement, and (ii) Contractor may use the Dedicated Frac Spreads for other customers (but is under no obligation to do so). As a consequence of such suspension of Services, the Parties agree to revise the Service Fees and Reimbursable Expenses that would otherwise be due by Company during the Suspension Period in accordance with the following terms of this Schedule.

(b) Payment of Monthly Deposits. Each calendar month during the Suspension Period Company will pay to Contractor a non-refundable deposit equal to \$[*]¹ (each "Monthly Deposit Amount", in the aggregate the "Deposit"). The Monthly Deposit Amounts for January and February will be due February 22, 2016, and the Monthly Deposit Amount for each subsequent month during the Suspension Period shall be due within ten (10) days of the beginning of each such month. Except with respect to January and February 2016, Contractor shall submit a written invoice to Company for the Monthly Deposit Amounts payable with respect to each calendar month prior to the beginning thereof. Commencing on April 1, 2016 and continuing through September 30, 2016 (the "Catch-up Period"), Contractor shall apply \$[*]¹ of the Deposit per calendar month towards the fixed monthly service fees due and payable by Company to Contractor pursuant to Exhibit B (as amended by Section 1(c) below).

(c) Revisions to Fixed Monthly Fee. The Parties agree that during the Suspension Period the monthly fee of \$[*] per Dedicated Frac Spread (which is part of the Services Fees) shall be \$[*]¹, and that the monthly fee for the Catch-up Period shall be \$[*] per Dedicated Frac Spread to \$[*]¹ per Dedicated Frac Spread. After the end of the Catch-up Period, the fixed monthly fee will be \$[*]¹ per Dedicated Frac Spread plus any applicable CPI adjustment, as provided in Exhibit B.

(d) Revision to Direct Costs Payable During the Suspension Period. The Parties agree that all of the "Direct Costs" (as defined in Exhibit B) incurred by Contractor during the Suspension Period will be abated and paid ratably over the Catch-up Period, subject to the following provisions:

(i) Notwithstanding the provisions of Exhibit B, for the Suspension Period the Parties agree that the total repair and maintenance under Exhibit B shall be fixed at \$[*]¹, in the aggregate, and shall not be based on or reconciled to actual costs for repair and maintenance of the Dedicated Frac Spreads. The other Direct Costs incurred by Contractor during the Suspension Period shall be determined in accordance with Exhibit B.

(ii) If Contractor uses either or both Dedicated Frac Spreads for other customers during the Suspension Period, then to the extent that Contractor is paid for any of the personnel related expenses that are included in the Direct Costs by such other customer, such amounts (as reasonably determined by Contractor in accordance with its normal accounting practices) shall directly reduce the corresponding Direct Costs to be paid by Company during the Catch-up Period, under subsection (iii) below.

¹ The appearance of [*] denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 24b-2 of the Securities Exchange Act of 1934, as amended.

(iii) Within ten (10) days after the end of the Suspension Period, Contractor will provide to Company a statement of all of the Direct Costs that were abated during the Suspension Period as described above and not otherwise offset in accordance with subsection (ii) above (the "Total Abated Amount"). Company shall pay Contractor the Total Abated Amount in [*]¹ equal monthly installments, which shall be billed and paid in conjunction with Contractor's regular invoices for those months in the Catch-up Period. Upon Company's tender of the final installment in connection with the Total Abated Amount, the Parties agree that Company will have fulfilled all of its obligations to Contractor for the Suspension Period under the A&R MSA Agreement and this Amendment. By way of example, if the Total Abated Amount was \$[*]¹ (comprised of \$[*]¹ in repair and maintenance and \$[*]¹ of other Direct Costs incurred during the Suspension Period and not offset under subsection (ii)), the quotient of \$[*]¹ divided by [*]¹ would be \$[*]¹. Therefore under this example, Contractor would include an itemized charge of \$[*]¹ on each of its [*]¹ regular monthly invoices directed to Company during the Catch-up Period.

(iv) If the A/R MSA Agreement is terminated for any reason prior to the end of the Catch-up Period, then any unpaid portion of the Total Abated Amount shall be immediately due and payable by Company, and any unused portion of the Deposit shall be forfeited and shall be retained by Contractor without any offset or reduction to any other amounts owed by Company under the A/R MSA Agreement.

¹ The appearance of [*] denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 24b-2 of the Securities Exchange Act of 1934, as amended.

AMENDMENT TO MASTER SERVICE AGREEMENT

This Amendment to Master Service Agreement (this “**Amendment**”) is made this 7th day of July, 2016 by and among Gulfport Energy Corporation LLC; Gulfport Buckeye LLC; and Stingray Pressure Pumping LLC (“**Contractor**”). The parties to this Amendment are sometimes individually referred to as a “**Party**”, or collectively as the “**Parties**”.

WHEREAS, Gulfport Energy Corporation and Contractor entered into that certain Master Service Agreement, dated December 3, 2012; thereafter said parties entered into an Amended and Restated Master Service Agreement, dated October 1, 2014, (collectively referred to as the “**MSA**”), to govern the contractual obligations related to services, goods, facilities and/or equipment provided by Contractor to Gulfport Energy Corporation.

WHEREAS, Gulfport Energy Corporation acquired Paloma Partners III, LLC on or about August 31, 2015 (the “**Effective Date**”).

WHEREAS, on September 28, 2015, Gulfport Energy Corporation filed a Certificate of Amendment with the State of Delaware Secretary of State changing the name of Paloma Partners III, LLC to Gulfport Buckeye LLC.

WHEREAS, the Parties desire to amend the MSA to add Gulfport Buckeye LLC as a party to the MSA as set forth below.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and intending to be legally bound, the Parties agree as follows:

1. **Defined Terms**. Capitalized terms used but not defined herein shall have the same meanings given to such terms in the MSA.
2. **Recitals**. The foregoing recitals are incorporated into and made a part of this Amendment.
3. **Company**. The Parties agree that the term “Company” shall be amended in the MSA to include both Gulfport Energy Corporation and Gulfport Buckeye, LLC.
4. **Applicability of Amendment**. The MSA, as amended, shall apply to any services, goods, facilities and/or equipment provided by Contractor to Gulfport Buckeye, LLC on or after the Effective Date.
5. **Counterparts**. This Amendment may be executed in a number of identical counterparts, including, without limitation, facsimile or email execution copies. If so executed, each counterpart is to be deemed an original for all purposes, and all such counterparts shall, collectively constitute one agreement.
6. **Binding Effect**. This Amendment shall be binding upon and shall inure to the benefit of the Parties hereto and their respective legal representatives and successors.

7. Authority. The execution, delivery, and performance of this Amendment have been duly and validly authorized by all requisite action, corporate or otherwise, on the part of each Party.

8. Entire Agreement. This Amendment and the MSA, together with their respective exhibits, constitute the entire understanding between the Parties with respect to the subject matter hereof, superseding all related negotiations, prior discussions and prior MSA and understandings. No amendment hereto shall be binding unless mutually agreed to in a written instrument specifically made subject to the MSA, as modified by this Amendment.

CONFIDENTIAL TREATMENT REQUESTED

SAND SUPPLY AGREEMENT¹

This SAND SUPPLY AGREEMENT (this “**Agreement**”) is effective as of October 1, 2014 (the “**Effective Date**”), between Muskie Proppant LLC, a Delaware limited liability company (“**Supplier**”), and Gulfport Energy Corporation, a Delaware corporation (“**Customer**”). Supplier and Customer are individually referred to as a “**Party**” and collectively as the “**Parties**”).

RECITALS

- A. Customer’s primary business is the exploration and production of oil and natural gas. Customer requires high quality sand for use as a proppant in connection with its operations.
- B. Supplier desires to sell such sand and is able to provide the proppant sand to Customer.
- C. Customer desires to purchase 40/70 proppant sand (as described below, the “**Product**”) from Supplier under the terms and conditions set forth in this Agreement.
- D. Supplier is willing to undertake the supply of the Product for Customer under the terms of this Agreement.

NOW, THEREFORE, in consideration of the premises and the respective covenants and agreements contained herein, the Parties agree as follows:

ARTICLE I
TERM

1.1 Initial Term. Unless otherwise terminated as provided herein, this Agreement shall be effective as of the Effective Date and will remain in effect through and including September 30, 2018, unless earlier terminated in accordance with the terms of this Agreement (such period, the “**Initial Term**”).

1.2 Extensions. The Initial Term of this Agreement may be extended by the mutual agreement of the Parties in a written amendment of this Agreement executed by both Parties. Neither Party shall be obligated to extend this Agreement. The Initial Term and any extensions thereof are collectively referred to as the “**Term**.”

¹ The appearance of [*] denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

ARTICLE II
SUPPLY COMMITMENTS

2.1 Sale of Product.

(a) Subject to the terms of this Agreement, Supplier agrees to sell and deliver to Customer, and Customer agrees to purchase and take delivery from Supplier of an aggregate of [*]¹ tons of Product during each Contract Year (the “**Maximum Annual Purchase Amount**”). Customer agrees to purchase and take delivery of Product on a Ratable Basis during each calendar month.

(b) Supplier shall be under no obligation to supply or sell, and Customer shall not have the right to buy, Product in excess of (a) the Maximum Annual Purchase Amount in any Contract Year, or (b) [*]¹ tons of Product in each half of a calendar month (in each case, such excess amounts of Product, “**Excess Volumes**”). Sales of Excess Volumes shall be done at Supplier’s sole discretion.

(c) Supplier will make commercially reasonable efforts to deliver Product in accordance with the provisions of this Section 2.1 Supplier will not contract more Product in excess of its estimated production capacity.

2.2 Rolling Forecast. On or before the tenth (10th) day of each month, Customer shall provide to Supplier a non-binding 120 day rolling forecast of its anticipated purchases of Product in each of month covered by such forecast (each a “**Forecast**”).

2.3 Orders.

(a) From time to time during a month, Customer will submit written orders to Supplier specifying the quantity of Product to be purchased and the requested delivery date, which delivery date shall be consistent with the Standard Order Lead Time applicable to such order. Unless otherwise agreed by Supplier, only an order that is consistent with the then-current Forecast and that (i) does not exceed [*]¹ tons of Product for deliveries in that month, (ii) is consistent with the requirement to take delivery of the Product on a Ratable Basis, and (iii) does not exceed [*]¹ tons of Product for deliveries in such Contract Year, shall be effective and binding on Supplier (any such binding order is referred to as an “**Order**”).

(b) The terms of this Agreement shall prevail over the terms in any Order in the event of a conflict unless specific reference and identification is made to the provision of this Agreement to be modified and the intention to modify is explicitly stated and signed by both Parties. Such changes shall be effective for that Order only. Printed terms and conditions contained in any order or documents issued to Customer by Supplier or from Customer to Supplier with respect to the Product shall be of no force and effect and shall be superseded by the terms and conditions contained in this Agreement.

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

2.4 Minimum Purchase Requirement

(a) Commencing on November 1, 2014 and subject to Section 2.1, Supplier agrees to sell, and Customer shall be required to take delivery of, for each calendar month during each Contract Year (each calendar month is referred to as a “**Supply Period**”) an aggregate of [*]¹ tons of Product (such amount, as adjusted pursuant to Section 2.4(b), is referred to as the “**Monthly Minimum Requirement**”).

(b) If Supplier (i) fails to deliver (or tender for delivery) any quantity of Product as required under any Order, whether as a result of Force Majeure or otherwise, or (ii) is unable or unwilling to supply any Product pursuant to a binding Order, the Monthly Minimum Requirement for the calendar month in which such failure occurred shall be reduced by such quantity of Product that was not so delivered.

2.5 Alternate Sources of Supply. For the avoidance of doubt, Supplier may, in its discretion, source Product from third Persons so long as such Product complies with the Quality Standards and Supplier is otherwise in compliance with the other provisions of this Agreement and the applicable Order.

ARTICLE III COMMERCIAL TERMS

3.1 Delivery Terms

(a) All Product shall be delivered FOB to a transload facility located within a seventy-five (75) mile radius of St. Clairsville, Ohio, as designated by Supplier in the Pick-Up Availability Notice (each a “**Designated Transload Facility**”). All risk of loss and title shall transfer to Customer upon delivery of the Product at the applicable Designated Transload Facility.

(b) Customer acknowledges and agrees that if Supplier’s shipment or delivery of the Product is delayed due to a shortage or inability to acquire rail cars, Supplier will not be deemed to be in default under this Agreement, and Supplier’s shipment or delivery deadlines set forth herein shall be extended accordingly.

3.2 Product Pricing

(a) The purchase price for the Product shall be the sum of (i) \$[*] per ton (as adjusted pursuant to Section 3.1(b), the “**Product Price**”), plus (ii) all costs and expenses incurred by Supplier for handling and transporting from Supplier’s source of origin to the Designated Transload Facility, including all rail cost, railcar cost and destination transload fees, where “source of origin” means the origination location of Supplier’s rail shipment.

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

(b) The Product Price shall be subject to annual inflation adjustment based on changes to the Consumer Price Index (US City Average, All Items).

3.3 Shortfall Payment; Credit in Subsequent Month

(a) In the event that Customer fails to purchase and take delivery of the Monthly Minimum Requirement during any calendar month, or Supplier fails to supply and deliver the Monthly Minimum Requirement during any calendar month other than as a result of a Force Majeur (any such month a “**Default Supply Period**”), then Customer hereby agrees to pay to Supplier in the case of Customer’s failure), or Supplier agrees to pay to Customer (in the case of Supplier’s failure), as liquidated damages and not as a penalty, an amount equal to \$[*]¹ times the difference between the Monthly Minimum Requirement for such month and the amount of Product actually purchased by Customer during such month (in the case of Customer’s failure) or the amount of Product actually delivered by Supplier during such month (in the case of Supplier’s failure) (a “**Shortfall Payment**”). Such Shortfall Payment shall be included on the invoice for Product sold during such month. Notwithstanding the foregoing, Supplier shall have no obligation to deliver, and shall not be responsible for a Shortfall Payment as a result of a failure to deliver, any product not identified by Customer in a Forecast.

(b) If Customer is liable for any Shortfall Payment for any month, it shall have the right, to order Excess Volumes of Product during the three calendar months immediately following any Default Supply Period (such period is referred to as a “**Make-Up Supply Period**”) subject to Supplier’s ability to deliver such Excess Volumes. Customer will receive, as a credit towards the purchase of such Excess Volumes, \$[*]¹ per ton of such Excess Volume, but in no event more than the amount of the Shortfall Payment payable by Customer for such month. If Supplier is liable for any Shortfall Payment for any month, it shall have the right to deliver, and Customer agrees to purchase Excess Volumes of Product during the three calendar months immediately following such Default Supply Period, and Supplier shall receive, as a credit against such Shortfall Payment, \$[*]¹ per ton of such Excess Volume, but in no event more than the amount of the Shortfall Payment payable by Supplier for such month. For the avoidance of doubt, Supplier shall not be obligated to deliver to Customer during such Make-Up Supply Period any quantities of Product in excess of the Monthly Minimum Requirement; and, *provided further*, following such Make-Up Supply Period, neither Customer nor Supplier shall be entitled to any additional credits with respect to any portion of the Shortfall Payment that was not credited during such Make-Up Supply Period.

3.4 Demurrage Expenses

(a) Supplier shall provide notice to Customer when Product will be available for pick-up at the Designated Transload Facility (such notice, a **Pick-Up Availability Notice**). Supplier is responsible for accepting delivery of the Product on the date specified in the Pick-Up Availability Notice.

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

(b) If Customer fails to pick-up the Product at the Designated Transload Facility on the date of such Pick-Up Availability Notice, then Customer shall pay to Supplier a demurrage fee equal to \$[*]¹ per day per rail car (the “**Daily Demurrage Fee**”) beginning on the fifth day following the date of such Pick-Up Availability Notice through the date on which Customer actually accepts delivery of such Product.

3.5 Weights and Measures; Shortages. The quantity of Product delivered shall be determined at the load point in accordance with the Supplier’s standard methods and procedures applicable to deliveries of the Product. Supplier’s weights and quantities shall govern, absent clear and manifest error. Claims for shortages must be reported within ten (10) days of receipt of the Product by Customer to Supplier. Customer waives all claims therefor unless made in writing and delivered to Supplier within ten (10) days after receipt of the Product.

3.6 Title. Supplier warrants clear title to the Product at the time title to the Product passes to Customer, free from any and all liens or other encumbrances.

3.7 Limited Warranty.

(a) Supplier warrants to Customer that all Product supplied by Supplier pursuant to this Agreement shall comply with the Quality Standards in all material respects. Supplier’s product tests described in Section 3.8 shall be used to determine whether any Product meets the Quality Standards, absent manifest error.

(b) EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, SUPPLIER EXPRESSLY DISCLAIMS ANY WARRANTIES, EXPRESS OR IMPLIED, RELATED TO THE PRODUCT, INCLUDING ANY WARRANTY AS TO THE QUALITY OF THE PRODUCT, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR SUITABILITY, ANY IMPLIED WARRANTY THAT ANY OF THE PRODUCT ARE FIT FOR A PARTICULAR PURPOSE, OR ANY WARRANTY CREATED BY THE PROVISION OF ANY SAMPLES. ANY COURSE OF DEALING OR INDUSTRY PRACTICE SHALL NOT IMPLY ANY ADDITIONAL WARRANTIES BY SUPPLIER.

(c) Exclusive Remedies. In the event that any Product fails to meet the limited warranty set forth in Section 3.7(a), Supplier shall, at Supplier’s option, either (a) replace such Product at its sole cost with conforming Product, which replacement Product shall be made available to Customer at the Designated Transload Facility, or (b) refund to Customer the Product Price for such nonconforming Product. The remedies contained in this Section 3.7(c) are the sole and exclusive remedies of Customer in connection with any breach of Supplier’s warranty in Section 3.7(a).

¹ Denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 406 of the Securities Act of 1933, as amended.

3.8 Inspection: Samples.

(a) Supplier shall permit representatives of Customer, at any reasonable time and upon reasonable prior notice, to inspect the Product manufactured by Supplier at Supplier's facilities prior to the time of delivery of Product to Customer.

(b) Upon receipt of a written request by Customer, Supplier shall provide to Customer a production sample of Product for any Order. A "production sample" is defined as [one hundred (100) grams of the actual production run and/or lot number of the delivered Product]. Such production sample shall be retained by Supplier and provided to Customer up to sixty (60) days from the date of the applicable Order. Supplier shall also, upon receipt of a written request by Customer, provide multiple-sieve analysis of Product at Supplier's facility for inspection/confirmation by Customer.

(c) Customer shall be entitled to reject any Product that does not comply with Section 3.7(a); *provided that* any Product not rejected prior to the time of delivery of such Product to the carrier shall be deemed accepted by Customer, unless testing of the applicable production sample by an independent third party laboratory conclusively determines that Product previously accepted by Customer do not comply with Section 3.7(a) (in which case Customer may reject such previously accepted Product upon such determination by the independent third party laboratory, so long as such testing is completed by and such rejection is made within thirty (30) days of Customer's receipt of the Product).

ARTICLE IV INVOICING AND PAYMENT

4.1 Invoicing and Payment Terms. Subject to any special terms agreed in writing from time to time between Customer and Supplier:

(a) Supplier shall invoice Customer on a monthly basis in respect of all Product purchased and delivered under this Agreement during the prior month. Payment shall be due no later than the thirtieth (30th) day after the date of the invoice.

(b) Payments thirty (30) days or more past due shall bear interest at the lower of (i) the Wall Street Journal prime rate plus eight hundred basis points, or (ii) the highest interest rate permitted by applicable law, from (and including) the date on which the applicable payment was due to (but excluding) the date on which the applicable payment is paid in full. The accrual of interest as provided in the preceding sentence shall not limit any other remedies of Supplier, which shall include the right to terminate this Agreement in accordance with Article VII.

4.2 Taxes. Any severance, added value, manufacture, excise, or sales or use taxes that may be applicable to the sales made under this Agreement are for Customer's account, and Customer hereby agrees to pay such taxes. Any increase in current or new federal, state or local taxes, including but not limited to severance, added value, manufacture, excise or sales or use taxes, which shall become due by reason of the severance, manufacture, sale or delivery of the Product by Supplier to Customer shall be reimbursed to Supplier by Customer, and such taxes shall be separately listed on each monthly invoice to Customer. All other charges, including but

not limited to those relating to state and federal environmental and energy laws and regulations, assessed by any governmental entity relating to the severance, manufacture, sale or delivery of the Product shall be for Customer's account, and Customer hereby agrees to pay such other charges. The provisions of this Section shall continue after termination of this Agreement.

ARTICLE V CONFIDENTIALITY; NON-SOLICITATION

5.1 Confidentiality.

(a) Each Party undertakes to treat as confidential all information in any medium or format (whether marked "confidential" or not) which that Party (the "**Receiving Party**") receives during the term of this Agreement and for the purposes of this Agreement from the other Party (the "**Disclosing Party**"), either directly or from any person, firm, company or organization associated with the Disclosing Party (the "**Confidential Information**").

(b) The Receiving Party may use the Confidential Information of the Disclosing Party for the purposes of this Agreement, and the Receiving Party may provide its employees, directors, suppliers, agents, subcontractors and professional advisers with access to such Confidential Information. Each Party shall ensure that its employees, agents and subcontractors comply with its obligations of confidence. Where such recipient is not an employee or director of the relevant Receiving Party, the Receiving Party shall provide the Confidential Information to such permitted persons subject to reasonable and appropriate obligations of confidence. For the avoidance of doubt, the Receiving Party shall be responsible for any breach of the provisions of this Section 5.1 by its employees, directors, suppliers, agents, subcontractors or professional advisers.

(c) The provisions of this Section 5.1 shall not apply to any information which (i) enters the public domain other than as a result of a breach of this Section 5.1, (ii) is received from a third party which is under no confidentiality obligations, (iii) is independently developed by a Party without use of the other Party's Confidential Information or (iv) was previously known to a Party. In addition, the Receiving Party may disclose the Confidential Information of the Disclosing Party where required to do so by law or by any competent regulatory authority; provided that the Receiving Party shall give the Disclosing Party prompt advance written notice of the disclosures (where lawful and practical to do so) so that the Disclosing Party has sufficient opportunity (where reasonably possible) to prevent or control the manner of disclosure by appropriate legal means.

(d) Except to the extent required under this Agreement or required for purposes of complying with applicable law, including environmental, health and safety laws and reporting provisions thereunder, all Confidential Information, in written or other tangible media, shall be returned to the Disclosing Party within thirty (30) days following the expiration, termination or cancellation of this Agreement, and all electronic Confidential Information shall be deleted from the Receiving Party's systems.

(e) The provisions of this Section 5.1 shall survive the expiration, termination or cancellation of this Agreement for a period of two years.

5.2 Non-Solicitation. During the Term, Customer shall not, directly or indirectly, knowingly solicit for employment, offer employment to or employ or retain (whether as an employee, officer, agent, consultant, advisor or in any other capacity) any employee of Supplier, unless otherwise agreed by Supplier in writing; *provided, however*, the foregoing shall not prohibit solicitations through general public advertising or other publications of general public circulation or general solicitations by an employment agency not specifically targeting Supplier's employees, or the hiring of any employee of Supplier who contacts Customer as a result of such general advertising, publications or solicitations.

ARTICLE VI FORCE MAJEURE

6.1 Force Majeure. If Supplier is affected by Force Majeure it shall promptly notify the Customer of the nature and extent of the circumstances in question. Supplier shall not be deemed to be in breach of this Agreement, or otherwise be liable to Customer, for any delay in performance or the non-performance of any of its obligations under this Agreement or any Order, to the extent that the delay or non-performance is due to any Force Majeure, and the time for performance of that obligation shall be extended accordingly; *provided that* if the Force Majeure in question prevails for a continuous period in excess of sixty (60) days, the Parties shall enter into discussions with a view to alleviating its effects, or to agreeing upon such alternative arrangements as the Parties mutually agree.

ARTICLE VII DEFAULT AND TERMINATION

7.1 Default by Supplier. If Supplier fails to produce and deliver Product that meets the Quality Standards during three (3) consecutive Supply Periods and Customer has timely provided notices of such failures to Supplier in accordance with Sections 3.8 and 3.9, then, Supplier shall be deemed to be in default, and, at any time during the thirty (30) day period following such third (3rd) consecutive Supply Period, Customer shall have the option, at its sole discretion, to terminate this Agreement by giving written notice of termination to Supplier; failure to exercise such termination right within such 30-day period shall constitute a waiver of such termination right. No such termination by Customer shall constitute or be construed as a waiver or any right or remedy of Customer for breach of contract resulting from the facts and circumstances forming the basis of such termination.

7.2 Customer Payment Default. If Customer fails to pay to Supplier any sums due under this Agreement, and the failure continues for a period of fifteen (15) days after Customer's receipt of a written notice of such failure, then in addition to Supplier's rights at law or in equity, Supplier may suspend deliveries hereunder until such failure has been cured, and/or terminate this Agreement in its entirety.

7.3 Other Defaults. If either Party fails to fully perform any material obligation under this Agreement (other than obligations that are the subject of Sections 7.1 and 7.2) and (a) such failure continues for a period of forty-five (45) days after delivery to the defaulting Party of written notice of such non-performance, and (b) after such forty-five (45) day period, the defaulting Party is not undertaking commercially reasonable efforts to cure such failure to

perform, then the non-defaulting Party shall have the right to specifically enforce the terms of this Agreement and seek damages for any breach, terminate this Agreement in its entirety and otherwise pursue the remedies available to the non-defaulting Party at law or in equity.

7.4 Survival of Orders. If any Orders are outstanding on the date this Agreement terminates or expires, then such Orders will not terminate on such date but will survive and continue in full force and effect in accordance with the terms of this Agreement until such Orders terminate or expire in accordance with their terms and . Notwithstanding the foregoing, if (a) Customer terminates this Agreement in accordance with Section 7.1, Customer may in its sole discretion terminate any or all outstanding Orders for Product not yet delivered to Customer; or (b) Supplier terminates this Agreement in accordance with Section 7.2, Supplier may in its sole discretion terminate any or all outstanding Orders for Product not yet delivered to Customer.

7.5 Survival. Upon expiration of this Agreement or the termination of this Agreement for any reason, all obligations of the Parties hereunder shall terminate, except for any obligations that are expressly stated to survive the expiration of the Term or termination of this Agreement and any obligations that remain executory (other than minimum purchase obligations), which obligations, to the extent they remain executory, shall remain in full force and effect until fully performed by the obligated Party as stated in this Agreement. The respective Parties' obligations under Section 3.7 Article IV, Section 5.1, this Section 7.5, Articles VIII and Article X shall survive the expiration of the Term or termination of this Agreement. Neither expiration nor termination of this Agreement shall relieve any Party of liability for breaches of this Agreement prior to such expiration or termination.

ARTICLE VIII INDEMNIFICATION; LIMITS OF LIABILITY

8.1 Indemnification by Customer. Notwithstanding anything else contained in this Agreement, Customer shall release, defend, protect, indemnify, and hold harmless Supplier and each of its Affiliates (other than Customer), and each of its and their, officers, directors, shareholders, agents, employees, successors-in-interest, and assignees from and against any and all damages for, arising out of, resulting from or relating to any damages, injuries or other casualties of whatever kind, or by whosoever caused, to any Person or third party arising out of or resulting from the use of the Product, the suitability of the Product for use in Customer's operations or the migration of the Product to any underground formation, strata or water table, **regardless of whether such claims are attributable to or arise from the joint or concurrent negligence, strict liability or other fault or responsibility of Customer or any other indemnified party**, except where such fine, loss, damage, injury, liability or claim is the direct result of the willful misconduct or sole or gross negligence of Customer.

8.2 Waiver of Consequential Damages. *Notwithstanding any provision of this Agreement to the contrary, neither Party shall be liable to the other Party for special, indirect or consequential, punitive, incidental, or exemplary damages resulting from or arising out of this Agreement, or from any loss of use, loss of data, loss of assets, loss of business, loss of production, loss of profit or business interruptions, however same may be caused and regardless of the sole or concurrent negligence of the other Party, even if such Party has been advised of, or otherwise could have anticipated the possibility of, such damages or liabilities in advance. The foregoing limitation is not intended and shall not limit any damages incurred by any third party and covered under any indemnity hereunder.*

8.3 Limitation of Liability. IN NO EVENT SHALL SUPPLIER'S TOTAL LIABILITY FOR ANY AND ALL LOSSES AND DAMAGES ARISING OUT OF THIS AGREEMENT OR ANY ORDER, DUE TO ANY CAUSE WHATSOEVER (WHETHER SUCH CAUSE BE BASED ON NEGLIGENCE, STRICT LIABILITY OR OTHERWISE), EXCEED THE PRODUCT PRICE OF THE PRODUCT IN RESPECT TO WHICH SUCH CAUSE ARISES.

8.4 Compliance with Law. Subject to the limitations of this Agreement, it is agreed that in the performance of this Agreement all matters shall be conducted in full compliance with any and all Applicable Laws. Any performance obligation arising under this Agreement is contingent on the prior receipt of all necessary government authorizations. If either Party is required to pay any fine or penalty or is subject to a claim from the other Party's failure to comply with Applicable Law, the Party failing to comply shall defend, indemnify and hold harmless the other Party for all damages, fees and/or fines for such failure to comply to the extent of the indemnifying Party's allocable share of the failure to comply.

ARTICLE IX DEFINITIONS; CONSTRUCTION

9.1 Defined Terms. Capitalized terms used throughout this Agreement shall have the meanings set forth below, unless otherwise specifically defined herein.

(a) "**Applicable Law**" means any applicable statute, law, regulation, ordinance, rule, determination, judgment, rule of law, order, decree, permit, approval, concession, grant, franchise, license, requirement, or any similar form of decision of, or any provision or condition of any permit, license or other operating authorization issued by any Governmental Authority having or asserting jurisdiction over the matter or matters in question, whether now or hereafter in effect.

(b) "**Affiliate**" or "**affiliate**" in relation to either Party means any corporation, limited liability company, partnership, proprietorship, joint venture or other entity directly or indirectly controlled by, controlling, or under common control with that Party.

(c) "**Business Day**" means any day other than a Saturday, Sunday, or other day on which commercial banks in the state of Ohio are authorized or required by law to close.

(d) "**Confidential Information**" means all confidential, proprietary or non-public information of a Party, whether set forth in writing, orally or in any other manner, including all non-public information and material of such Party that another Party obtains knowledge of or access to, including non-public information regarding products, processes, business strategies and plans, customer lists, research and development programs, computer programs, hardware configuration information, technical drawings, algorithms, know-how, formulas, processes, ideas, inventions (whether patentable or not), trade secrets, schematics and other technical, business, marketing and product development plans, revenues, expenses, earnings projections, forecasts, strategies, and other non-public business, technological, and financial information.

(e) **“Contract Year”** means the twelve-month period starting on the Effective Date, and each successive period of twelve (12) calendar months during the Term.

(f) **“Damages”** means any and all liabilities, losses, damages, demands, assessments, claims, costs and expenses, whether known or unknown, now existing or hereafter arising, contingent or liquidated (including interest, awards, judgments, penalties, settlements, fines, out-of-pocket costs and expenses incurred in connection with investigating and defending any claims or causes of action (including, without limitation, reasonable attorneys’ fees and expenses and all reasonable fees and expenses of consultants and other professionals)). The term “Damages” shall not include consequential, incidental, special, exemplary or punitive damages.

(g) **“Force Majeure”** means any circumstances beyond the reasonable control of Supplier, including war (whether declared or undeclared), acts of God, including fire, flood, storms and earthquakes, embargoes, riots, civil disturbances, insurrections, sabotages, events or occurrences adversely impacting Supplier’s facilities, transportation interruptions, delays, strikes or capacity limitations, lock-outs or other similar acts of Supplier’s employees, or government actions such as the necessity for compliance with any court order, law, statute, ordinance, regulation, or policy having the effect of law promulgated by a governmental authority having jurisdiction.

(h) **“Governmental Authority”** means any federal, state, local or foreign government or any provincial, departmental or other political subdivision thereof, or any entity, body or authority exercising executive, legislative, judicial, regulatory, administrative or other governmental functions or any court, department, commission, board, bureau, agency, instrumentality or administrative body of any of the foregoing.

(i) **“Person”** or **“person”** means any entity, including any partnership, corporation, limited liability company or governmental entity, and any natural person.

(j) **“Product”** means generally, whether singular or plural, Supplier’s standard grade of 40/70 proppant sand, as described in Exhibit A.

(k) **“Quality Standard”** means a manufacturing standard that conforms to ISO 13503-2, Proppant Specifications.

(l) **“Ratable Basis”** means the purchase by Customer of one half of the Monthly Minimum Requirement during each half of each Supply Period.

(m) **“Standard Order Lead Time”** means, with respect to any Order, fourteen (14) days from the date of such Order, or such other period as Supplier may establish from time to time based on the time required to have the Product moved to the Designated Transload Facility.

9.2 Other Terms. Other capitalized terms may be defined elsewhere in the text of this Agreement and shall have the meaning indicated throughout this Agreement.

9.3 General Terms. Unless the context requires otherwise: (a) any pronoun used in this Agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns, pronouns and verbs shall include the plural, and vice-versa; (b) the gender (or lack of gender) of all words used in this Agreement includes the masculine, feminine and neuter; (c) references to Articles and Sections refer to Articles and Sections of this Agreement; (d) references to Exhibits or Schedules refer to the Exhibits or Schedules attached to this Agreement, each of which is made a part hereof for all purposes; (e) references to Applicable Laws refer to such Applicable Laws as they may be amended from time to time, and references to particular provisions of a Applicable Law include any corresponding provisions of any succeeding Applicable Law; (f) the term “include”, “includes”, “including” or words of like report shall be deemed to be followed by the words “without limitation”; (g) the terms “hereof”, “herein” or “hereunder” refer to this Agreement as a whole and not to any particular provision of this Agreement; (h) references to money refer to legal currency of the United States of America; and (i) when calculating the period of time before which, within which or following which any act is to be done or step taken pursuant to this Agreement, the date that is the reference date in calculating such period shall be excluded. The headings contained in this Agreement are for reference purposes only, and shall not affect in any way the meaning or interpretation of this Agreement.

ARTICLE X OTHER PROVISIONS

10.1 Assignment. Neither Party shall transfer or assign its interest in this Agreement, in whole or in part, directly or indirectly, without the prior written consent of the other Party which consent will not be unreasonably withheld; except that Supplier may assign its rights and delegate its duties under this Agreement (i) by way of merger or sale of all or substantially all of the ownership interests or assets of Supplier in one or a series of related transactions; (ii) to a subsidiary or an affiliate of Supplier upon notice to Customer together with an assumption of this Agreement by such subsidiary or affiliate; or (iii) in connection with any financing. Supplier may also assign the right to receive any payments hereunder or under any Order to any third party, and Customer, on receiving notice of any such assignment, shall abide thereby and make payment as may therein be directed. In the event of any permitted assignment of this Agreement by either Party, the designated assignee shall assume, in writing, the rights and obligations of the assigning Party under this Agreement; provided that the assigning Party shall not be released from any of its liabilities or obligations arising under this Agreement prior to such assignment.

10.2 Relationship. In connection with this Agreement, each Party is an independent contractor. This Agreement establishes and will only be construed as establishing a contract for the provision and purchase of certain products and does not and will not be deemed to create a joint venture, partnership, fiduciary or agency relationship between the Parties for any purpose. Each of the Parties understands and agrees that this Agreement does not create an exclusive dealings arrangement and that each of Customer and Supplier may enter into similar arrangements with others with respect to similar or the same products. With respect to its own personnel, each Party is independently responsible for all obligations incumbent upon an employer.

10.3 Entire Agreement; Amendment. This Agreement, including its appendices, exhibits and schedules, (a) constitutes the entire Agreement between the Parties with respect to the subject matter hereof, (b) supersedes any existing agreements between them whether oral or written and (c) shall control and govern all transactions between the Parties with respect to the sales and purchases of Product. The terms of this Agreement shall only be amended, modified or supplemented as set forth herein or in a writing signed by or on behalf of both of the Parties, which writing must specifically reference and identify the provision of this Agreement to be modified and the intention to modify this Agreement must be explicitly stated. Acceptance of an Order is insufficient to amend this Agreement unless a separate writing is duly executed by all the Parties specifically amending this Agreement.

10.4 Reformation. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby are not affected in any manner materially adverse to any Party. Upon the determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the extent possible.

10.5 Notices. Any notice provided or permitted to be given under this Agreement shall be in writing, and may be served by personal delivery, by registered or certified U.S. mail, addressed to the party to be notified, postage prepaid, return receipt requested; or by nationally recognized delivery service. Notice deposited in the mail in the manner hereinabove described shall be deemed to have been given and received on the date of the delivery as shown on the return receipt. Notice served in any other manner shall be deemed to have been given and received only if and when actually received by the addressee. All notices shall be addressed as follows:

If to Supplier:

If to Customer:

Any party may, by written notice so delivered to the other party, change the address or individual to which delivery shall thereafter be made.

10.6 Electronic Transmissions. Notices sent by facsimile or email transmission will not be effective for any purpose under this Agreement; and while in the course of normal contract administration the Parties may choose to use email transmissions for convenience, all notices of a legal nature or required under the terms of this Agreement (such as, but not limited to, a notice of termination of this Agreement, dispute, claim, indemnification, default, or breach or failure to make payment) must be given in accordance with Section 10.5 above. Except as otherwise set forth in Section 10.9, the Parties do not consent to conduct any of the transactions contemplated by this Agreement by electronic means, and electronic notices and signatures shall not be effective except as provided in Section 10.9.

10.7 Waiver. No failure or delay by either Party in exercising any of its rights under this Agreement shall be deemed to be waiver of that right, and no waiver by either Party of a breach of any provision of this Agreement shall be deemed to be a waiver of any subsequent breach of the same or any other provision.

10.8 Governing Law; Venue; Waiver of Jury Trial.

(a) This Agreement and all Orders and other instruments executed in accordance herewith governed by and construed in accordance with the laws of the State of Delaware (except to the extent that mandatory provisions of federal law govern), without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of Delaware.

(b) THE PARTIES HERETO IRREVOCABLY SUBMIT TO THE JURISDICTION OF THE COURT OF CHANCERY OF THE STATE OF DELAWARE (OR, IF THE COURT OF CHANCERY OF THE STATE OF DELAWARE OR THE DELAWARE SUPREME COURT DETERMINES THAT, NOTWITHSTANDING SECTION 111 OF THE DELAWARE GENERAL CORPORATION LAW, THE COURT OF CHANCERY DOES NOT HAVE OR SHOULD NOT EXERCISE SUBJECT MATTER JURISDICTION OVER SUCH MATTER, THE SUPERIOR COURT OF THE STATE OF DELAWARE) AND THE FEDERAL COURTS OF THE UNITED STATES OF AMERICA LOCATED IN THE STATE OF DELAWARE IN RESPECT OF THE INTERPRETATION AND ENFORCEMENT OF THE PROVISIONS OF THIS AGREEMENT AND ANY AND ALL ORDERS AND OTHER INSTRUMENTS EXECUTED IN ACCORDANCE HEREWITH, AND HEREBY WAIVE, AND AGREE NOT TO ASSERT, AS A DEFENSE IN ANY PROCEEDING FOR INTERPRETATION OR ENFORCEMENT HEREOF OR ANY SUCH DOCUMENT THAT IS NOT SUBJECT THERETO OR THAT SUCH PROCEEDING MAY NOT BE BROUGHT OR IS NOT MAINTAINABLE IN SAID COURTS OR THAT VENUE THEREOF MAY NOT BE APPROPRIATE OR THAT THIS AGREEMENT OR ANY SUCH DOCUMENT MAY NOT BE ENFORCED IN OR BY SUCH COURTS, AND THE PARTIES HERETO IRREVOCABLY AGREE THAT ALL CLAIMS WITH RESPECT TO SUCH PROCEEDING SHALL BE HEARD AND DETERMINED EXCLUSIVELY BY SUCH A DELAWARE STATE OR FEDERAL COURT. THE PARTIES HEREBY CONSENT TO AND GRANT ANY SUCH COURT JURISDICTION OVER THE PERSON OF SUCH PARTIES AND OVER THE SUBJECT MATTER OF SUCH DISPUTE AND AGREE THAT MAILING OF PROCESS OR OTHER PAPERS IN CONNECTION WITH SUCH PROCEEDING IN THE MANNER PROVIDED IN SECTION 10.5 OR IN SUCH OTHER MANNER AS MAY BE PERMITTED BY LAW SHALL BE VALID AND SUFFICIENT SERVICE THEREOF.

(c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT OR ANY ORDERS OR OTHER INSTRUMENTS EXECUTED IN ACCORDANCE HEREWITH IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH SUCH

PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT, ANY ORDERS OR ANY OTHER INSTRUMENTS EXECUTED IN ACCORDANCE HERewith. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (i) NO REPRESENTATIVE OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER; (ii) SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THE FOREGOING WAIVER; (iii) SUCH PARTY MAKES THE FOREGOING WAIVER VOLUNTARILY, AND (iv) SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT, EACH ORDER AND EACH OTHER INSTRUMENT EXECUTED IN ACCORDANCE HERewith BY, AMONG OTHER THINGS, THE MUTUAL WAIVER AND CERTIFICATIONS IN THIS SECTION 10.8(C).

(d) Any Party who substantially prevails (giving due consideration to all relevant circumstances and not merely to which party obtains a judgment or recovery in its favor) in asserting or defending a claim or suit arising out of a transaction covered by this Agreement shall be awarded, in addition to all other damages allowed under law, its costs, fees and expenses, including reasonable attorneys' fees and costs.

10.9 Counterparts. This Agreement, any amendment to this Agreement or any Order may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original and all of which shall constitute the same instrument. The exchange of copies of this Agreement, any amendment to this Agreement or any Order and of signature pages by facsimile transmission (whether directly from one facsimile device to another by means of a dial-up connection or whether otherwise transmitted via electronic transmission), by electronic mail in "portable document format" (".pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, or by a combination of such means, shall constitute effective execution and delivery of this Agreement, such amendment to this Agreement or such Order, as applicable, as to the Parties and may be used in lieu of an original thereof for all purposes. Signatures of the Parties transmitted by facsimile or other electronic transmission shall be deemed to be original signatures for all purposes. Minor variations in the form of signature pages of this Agreement, any amendment to this Agreement or any Order, including footers from earlier versions thereof, shall be disregarded in determining a Party's intent or the effectiveness of such signature.

CONFIDENTIAL TREATMENT REQUESTED

AMENDMENT TO SAND SUPPLY AGREEMENT¹

This Amendment to Sand Supply Agreement (this “**Amendment**”) is made this 3rd day of November, 2015 (the “**Execution Date**”) by and between Muskie Proppant LLC, a Delaware limited liability company, (“**Supplier**”); and Gulfport Energy Corporation, a Delaware corporation, (“**Customer**”). Supplier and Customer are sometimes individually referred to as a “**Party**”, or collectively referred to as the “**Parties**”.

WHEREAS, Supplier and Customer entered into that certain Sand Supply Agreement dated October 1, 2014 (the “**Agreement**”), pursuant to which Supplier agreed to sell sand to Customer, more particularly 40/70 proppant sand (the “**Product**”), subject to the terms and conditions in the Agreement.

WHEREAS, the Agreement provided for Product pricing in a manner set forth in Article III of the Agreement.

WHEREAS, Supplier and Customer desire to amend the Agreement to modify certain Product pricing terms.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, and intending to be legally bound, the Parties agree as follows:

1. Defined Terms. Capitalized terms used but not defined herein shall have the same meanings given to such terms in the Agreement.
2. Recitals. The foregoing recitals are incorporated into and made a part of this Amendment.
3. Product Price. Effective as of September 1, 2015, Section 3.2(a) of the Agreement shall be replaced in its entirety by the following language:

“(i) The Parties agree that the purchase price for the Product (the “**Product Price**”) shall be determined by the equation below (the “**Product Price Calculation**”). The Product Price shall be subject to an adjustment at the end of each calendar quarter, in order to calculate the Product Price for the upcoming calendar quarter. The Parties also agree to use [*]¹ for purposes of calculating the Product Price for the subsequent calendar quarter, provided that the average price for any calendar quarter shall not exceed the Escalation Index Ceiling.

Product Price = Base Sand Price + Floating Sand Price

Floating Sand Price = (1 + (([*] – Escalation Index Floor) / (Escalation Index Floor)) * Floating Sand Price Floor

where:

- a. Base Sand Price = [*]¹ Dollars (\$[*]¹) per ton (take or pay cost)
- b. Floating Sand Price Floor = [*]¹ (\$[*]¹) per ton
- c. Escalation Index Floor = [*]¹ Dollars and [*]¹ Cents (\$[*]¹) / [*]¹
- d. Floating Sand Price Ceiling = [*]¹ Dollars (\$[*]¹) per ton
- e. Escalation Index Ceiling = [*]¹ Dollars (\$[*]¹) / [*]¹

As an example, assume [*] for the First Quarter of 2016. Then, the Second Quarter Product Price shall be as follows:

Product Price = \$[*] + (1 + ((\$[*] – \$[*]) / \$[*]) * \$[*] = \$[*]

¹ The appearance of [*] denotes confidential information that has been omitted from this exhibit and filed separately with the Securities and Exchange Commission pursuant to a confidential treatment request under Rule 24b-2 of the Securities Exchange Act of 1934, as amended.

Notwithstanding anything herein to the contrary, the Parties agree that the Product Price shall never be lower than \$[*] per ton nor exceed \$[*]¹ per ton.”

“(ii) In addition to the Product Price for the Product, Customer will pay Supplier for all costs and expenses incurred by Supplier for handling and transporting from Supplier’s source of origin to the Designated Transload Facility, including all rail cost, railcar cost and destination transload fees, where “source of origin” means the origination location of Supplier’s rail shipment; however, Parties agree that any and all costs for rail car use fees and/or rail car lease fees necessary to supply Customer with Product shall not be included as a cost or expense for handling and transporting under this Section.”

4. Section 3.2(b). The Parties agree that Section 3.2(b) of the Agreement shall be deleted in its entirety.

5. Counterparts. This Amendment may be executed in a number of identical counterparts, including, without limitation, facsimile or email execution copies. If so executed, each counterpart is to be deemed an original for all purposes, and all such counterparts shall, collectively, constitute one agreement.

6. Binding Effect. This Amendment shall be binding upon and shall inure to the benefit of the Parties hereto and their respective legal representatives, successors and assigns.

7. Entire Agreement. This Amendment and the Agreement, together with their respective exhibits, constitute the entire understanding between the Parties with respect to the subject matter hereof, superseding all related negotiations, prior discussions and prior agreements and understandings. No amendment hereto shall be binding unless mutually agreed to in a written instrument specifically made subject to the Agreement, as modified by this Amendment.

IN CONSIDERATION of the mutual covenants and undertakings herein contained, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Borrowers, Lenders and Agent hereby agree as follows:

I. DEFINITIONS.

1.1. Accounting Terms. As used in this Agreement, the Other Documents or any certificate, report or other document made or delivered pursuant to this Agreement, accounting terms not defined in Section 1.2 or elsewhere in this Agreement and accounting terms partly defined in Section 1.2 to the extent not defined shall have the respective meanings given to them under GAAP; provided, however that, whenever such accounting terms are used for the purposes of determining compliance with financial covenants in this Agreement, such accounting terms shall be defined in accordance with GAAP as consistently applied in preparation of the audited financial statements of Borrowers for the fiscal year ended December 31, 2014. If there occurs after the Closing Date any change in GAAP that affects in any respect the calculation of any covenant contained in this Agreement or the definition of any term defined under GAAP used in such calculations, Agent, Lenders and Borrowers shall negotiate in good faith to amend the provisions of this Agreement that relate to the calculation of such covenants with the intent of

having the respective positions of Agent, Lenders and Borrowers after such change in GAAP conform as nearly as possible to their respective positions as of the Closing Date; provided, that, until any such amendments have been agreed upon, the covenants in this Agreement shall be calculated as if no such change in GAAP had occurred and Borrowers shall provide additional financial statements or supplements thereto, attachments to Compliance Certificates and/or calculations regarding financial covenants as Agent may reasonably require in order to provide the appropriate financial information required hereunder with respect to Borrowers both reflecting any applicable changes in GAAP and as necessary to demonstrate compliance with the financial covenants before giving effect to the applicable changes in GAAP.

1.2. General Terms. For purposes of this Agreement the following terms shall have the following meanings:

“Accordion Increase” shall mean an increase to the Maximum Revolving Advance Amount effectuated pursuant to the terms of Section 2.24 hereof.

“Accountants” shall have the meaning set forth in Section 9.7 hereof.

“Acquisition” shall mean a transaction or series of transactions resulting, directly or indirectly, in (a) acquisition of a business, division, or substantially all assets of a Person; (b) record or beneficial ownership of 50% or more of the Equity Interests of a Person; or (c) merger, consolidation or combination of a Credit Party or any Subsidiary thereof with another Person that is not a Credit Party.

“Adjusted EBITDA” shall mean for any period the sum of (i) EBITDA, *plus* (ii) the following to the extent deducted in the calculation of net income (or loss) of Borrowing Agent and its Subsidiaries on a Consolidated Basis for such period (without duplication): (A) all fees and expenses paid or payable under the Management Agreements; (B) all amounts incurred and payable for all fees, commissions and charges under this Agreement and the Other Documents and with respect to any Advances, or other Indebtedness for borrowed money, including any amendment, modification, or supplement hereof or thereof; (C) all non-cash losses or expenses; *plus* (D) any extraordinary charges or losses determined in accordance with GAAP, *plus* (E) non-capitalized fees and expenses paid during such period which were incurred in connection with the closing of the Transactions in an aggregate amount not to exceed \$15,000,000 and paid within 180 days of the Closing Date, *plus* (F) all non-capitalized fees and expenses paid in connection with each Permitted Acquisition and each Permitted Joint Venture Investment whether or not successful, not to exceed three percent (3%) of the aggregate cash consideration paid in connection therewith, and in each case, paid within 180 days of the applicable closing date of such Permitted Acquisition or Permitted Joint Venture Investment, (G) all non-capitalized fees and expenses paid in connection with the consummation of any Qualified IPO, in each case, as evidenced by supporting documentation as Agent may require in its Permitted Discretion.

“Advance Rates” shall have the meaning set forth in Section 2.1(a)(v)(v) hereof.

“Advances” shall mean and include the Revolving Advances, Letters of Credit and Swing Loans.

“Affected Lender” shall have the meaning set forth in Section 3.11 hereof.

“Affiliate” of any Person shall mean (a) any Person which, directly or indirectly, is in control of, is controlled by, or is under common control with such Person, or (b) any Person who is a director, manager, member, managing member, general partner or officer (i) of such Person, (ii) of any Subsidiary of such Person or (iii) of any Person described in clause (a) above. For purposes of this definition, control of a Person shall mean the power, direct or indirect, (x) to vote fifteen percent (15%) or more of the Equity Interests having ordinary voting power for the election of directors of such Person or other Persons performing similar functions for any such Person, or (y) to direct or cause the direction of the management and policies of such Person whether by ownership of Equity Interests, contract or otherwise.

“Agent” shall have the meaning set forth in the preamble to this Agreement and shall include its successors and assigns.

“Agreement” shall mean this Revolving Credit and Security Agreement, as the same may be amended, amended and restated, replaced and restated, extended, supplemented and/or otherwise modified from time to time.

“Alternate Base Rate” shall mean, for any day, a rate per annum equal to the highest of (a) the Base Rate in effect on such day, (b) the sum of the Federal Funds Open Rate in effect on such day plus one half of one percent (0.5%), and (c) the sum of the Daily LIBOR Rate in effect on such day plus one percent (1.0%), so long as a Daily LIBOR Rate is offered, ascertainable and not unlawful.

“Alternate Source” shall have the meaning set forth in the definition of Federal Funds Open Rate.

“Anti-Terrorism Laws” shall mean any Laws relating to terrorism, trade sanctions programs and embargoes, import/export licensing, money laundering or bribery, and any regulation, order, or directive promulgated, issued or enforced pursuant to such Laws, all as amended, supplemented or replaced from time to time.

“Applicable Law” shall mean all laws, rules and regulations applicable to the Person, conduct, transaction, covenant, Other Document or contract in question, including all applicable common law and equitable principles, all provisions of all applicable state, provincial, federal and foreign constitutions, statutes, rules, regulations, treaties, directives and orders of any Governmental Body, and all orders, judgments and decrees of all courts and arbitrators.

“Applicable Margin” shall mean as of the Closing Date and through and including the date on which Agent receives the financial statements and Compliance Certificate for the fiscal quarter ending on December 31, 2014 as required under Section 9.8 hereof, (i) an amount equal to two percent (2.0%) for Advances consisting of Domestic Rate Loans and (ii) an amount equal to three percent (3.0%) for Advances consisting of LIBOR Rate Loans.

Thereafter, effective as of the date on which the quarterly financial statements of Borrowers on a Consolidated Basis and related Compliance Certificate required under Section 9.8

for the most recently completed fiscal quarter are due to be delivered, (each day on which such delivery is due, an “Adjustment Date”), the Applicable Margin for each type of Advance shall be adjusted, if necessary, to the applicable percent per annum set forth in the pricing table below corresponding to the Excess Availability as of the last day of the most recently completed fiscal quarter prior to the applicable Adjustment Date:

EXCESS AVAILABILITY	APPLICABLE MARGINS FOR LIBOR RATE LOANS	APPLICABLE MARGINS FOR DOMESTIC RATE LOANS
If Excess Availability is greater than 66% of the Maximum Available Credit	250	150
If Excess Availability is greater than 33% but equal to or less than 66% of the Maximum Available Credit	275	175
If Excess Availability is equal to or less than 33% of the Maximum Available Credit	300	200

If Borrowers shall fail to deliver the financial statements, certificates and/or other information required under Section 9.8 by the dates required pursuant to such section, each Applicable Margin shall be conclusively presumed to equal the highest Applicable Margin specified in the pricing table set forth above until the date of delivery of such financial statements, certificates and/or other information, at which time the rate will be adjusted based upon the Excess Availability reflected in such statements. Any increase in interest rates payable by Borrowers under this Agreement and the Other Documents pursuant to the provisions of the foregoing sentence shall be in addition to and independent of any increase in such interest rates resulting from the occurrence of any Event of Default (including, if applicable, any Event of Default arising from a breach of Section 9.8 hereof) and/or the effectiveness of the Default Rate provisions of Section 3.1 hereof or the default fee rate provisions of Section 3.2 hereof.

If, as a result of any restatement of, or other adjustment to, the financial statements of Borrowers on a Consolidated Basis or for any other reason, Agent reasonably determines that (a) the Excess Availability as previously calculated as of any applicable date for any applicable period was inaccurate, and (b) a proper calculation of the Excess Availability for any such period would have resulted in different pricing for such period, then (i) if the proper calculation of the Excess Availability would have resulted in a higher interest rate for such period, automatically and immediately without the necessity of any demand or notice by Agent or any other affirmative act of any party, the interest accrued on the applicable outstanding Advances for such period under the provisions of this Agreement and the Other Documents shall be deemed to be retroactively increased by, and Borrowers shall be obligated to immediately pay to Agent for the

ratable benefit of Lenders an amount equal to the excess of the amount of interest that should have been paid for such period over the amount of interest actually paid for such period; and (ii) if the proper calculation of the Excess Availability would have resulted in a lower interest rate for such period, then the interest accrued on the applicable outstanding Advances for such period under the provisions of this Agreement and the Other Documents shall be deemed to remain unchanged, and Agent and Lenders shall have no obligation to repay interest to the Borrowers; provided, that, if as a result of any restatement or other event or other determination by Agent a proper calculation of the Excess Availability would have resulted in a higher interest rate for one or more periods and a lower interest rate for one or more other periods (due to the shifting of income or expenses from one period to another period or any other reason), then the amount payable by Borrowers pursuant to clause (i) above shall be based upon the excess, if any, of the amount of interest that should have been paid for all applicable periods over the amounts of interest actually paid for such periods.

“Application Date” shall have the meaning set forth in Section 2.8(b) hereof.

“Approved Electronic Communication” shall mean each notice, demand, communication, information, document and other material transmitted, posted or otherwise made or communicated by e-mail, E-Fax, the StuckyNet System®, or any other equivalent electronic service agreed to by Agent, whether owned, operated or hosted by Agent, any Lender, any of their Affiliates or any other Person, that any party is obligated to, or otherwise chooses to, provide to Agent pursuant to this Agreement or any Other Document, including any financial statement, financial and other report, notice, request, certificate and other information material; provided that Approved Electronic Communications shall not include any notice, demand, communication, information, document or other material that Agent specifically instructs a Person in writing to deliver in physical form.

“Authorized Officer” of any Person shall mean the Chairman, Chief Financial Officer, Chief Executive Officer, Vice President, or other authorized officer of such Person designated by Borrowing Agent.

“Base Rate” shall mean the base commercial lending rate of PNC for U.S. Dollar Loans as publicly announced to be in effect from time to time, such rate to be adjusted automatically, without notice, on the effective date of any change in such rate. This rate of interest is determined from time to time by PNC as a means of pricing some loans to its customers and is neither tied to any external rate of interest or index nor does it necessarily reflect the lowest rate of interest actually charged by PNC to any particular class or category of customers of PNC.

“Benefited Lender” shall have the meaning set forth in Section 2.6(e) hereof.

“Blocked Account Bank” shall have the meaning set forth in Section 4.8(h) hereof.

“Blocked Accounts” shall have the meaning set forth in Section 4.8(h) hereof.

“Borrower” or “Borrowers” shall have the meaning set forth in the preamble to this Agreement and shall extend to all permitted successors and assigns of such Persons.

“Borrowers on a Consolidated Basis” shall mean the consolidation in accordance with GAAP of the accounts or other items of Borrowers and their respective Subsidiaries.

“Borrowers’ Account” shall have the meaning set forth in Section 2.10 hereof.

“Borrowing Agent” shall mean Mammoth.

“Borrowing Base Certificate” shall mean a certificate in substantially the form of Exhibit 1.2 duly executed by an Authorized Officer of the Borrowing Agent and delivered to the Agent, appropriately completed, by which such officer shall certify to Agent the Formula Amount and calculation thereof as of the date of such certificate.

“Business Day” shall mean any day other than Saturday or Sunday or a legal holiday on which commercial banks are authorized or required by law to be closed for business in East Brunswick, New Jersey and, solely with respect to Sand Tiger, including Alberta, Canada and, if the applicable Business Day relates to any LIBOR Rate Loans, such day must also be a day on which dealings are carried on in the London interbank market.

“Canadian Benefit Plan” shall mean any plan, fund, program, or policy, whether oral or written, formal or informal, funded or unfunded, insured or uninsured, providing material employee benefits, including medical, hospital care, dental, sickness, accident, disability, life insurance, pension, retirement or savings benefits, under which any Borrower has any liability with respect to any employee or former employee, but excluding any Canadian Pension Plans.

“Canadian Pension Plan” shall mean each pension plan required to be registered under Canadian federal or provincial law that is maintained or contributed to by a Borrower for its employees or former employees, but does not include the Canada Pension Plan as maintained by the Government of Canada.

“Canadian Pension Termination Event” shall mean (a) the voluntary full or partial wind up of a Canadian Pension Plan that is a registered pension plan by a Borrower; (b) the institution of proceedings by any Governmental Body to terminate in whole or in part or have a trustee appointed to administer such a plan; or (c) any other event or condition which might constitute grounds for the termination of, winding up or partial termination of, winding up or the appointment of trustee to administer, any such plan.

“Capital Expenditures” shall mean expenditures made or liabilities incurred for the acquisition of any fixed assets or improvements (or of any replacements or substitutions thereof or additions thereto) which have a useful life of more than one (1) year and which, in accordance with GAAP, would be classified as capital expenditures; excluding, without duplication, any such expenditures or liabilities to the extent constituting (i) expenditures of insurance proceeds to acquire or repair any asset, (ii) leasehold improvements for which a Borrower or a Subsidiary is reimbursed by the lessor, sublessor or sublessee, (iii) expenditures made with the proceeds of any amount reinvested pursuant to Section 7.1(b), or (iv) consideration for Permitted Acquisitions. Capital Expenditures shall include the total principal portion of Capitalized Lease Obligations.

“Capital Stock” shall mean (i) in the case of a corporation, capital stock, (ii) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of capital stock, (iii) in the case of a partnership, partnership interests (whether general or limited), (iv) in the case of a limited liability company, membership interests and (v) any other equity interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person.

“Capitalized Lease Obligation” shall mean any Indebtedness of any Borrower represented by obligations under a lease that is required to be capitalized for financial reporting purposes in accordance with GAAP.

“Cash Management Products and Services” shall mean agreements or other arrangements under which Agent or any Lender or any Affiliate of Agent or a Lender provides any of the following products or services to any Borrower: (a) credit cards; (b) credit card processing services; (c) debit cards and stored value cards; (d) commercial cards; (e) ACH transactions; and (f) cash management and treasury management services and products, including without limitation controlled disbursement accounts or services, lockboxes, automated clearinghouse transactions, overdrafts, interstate depository network services. The indebtedness, obligations and liabilities of any Borrower to the provider of any Cash Management Products and Services (including all obligations and liabilities owing to such provider in respect of any returned items deposited with such provider) (the “Cash Management Liabilities”) shall be “Obligations” hereunder, guaranteed obligations under the Guaranty and secured obligations under any Guarantor Security Agreement, as applicable, and otherwise treated as Obligations for purposes of each of the Other Documents. The Liens securing the Cash Management Products and Services shall be pari passu with the Liens securing all other Obligations under this Agreement and the Other Documents, subject to the express provisions of Section 11.5.

“Cash Management Liabilities” shall have the meaning provided in the definition of “Cash Management Products and Services.”

“CEA” shall mean the Commodity Exchange Act (7 U.S.C. §1 et seq.), as amended from time to time, and any successor statute.

“CFTC” shall mean the Commodity Futures Trading Commission.

“CERCLA” shall mean the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, 42 U.S.C. §§9601 et seq.

“Change in Law” shall mean the occurrence, after the Closing Date, of any of the following: (a) the adoption or taking effect of any Applicable Law; (b) any change in any Applicable Law or in the administration, implementation, interpretation or application thereof by any Governmental Body; or (c) the making or issuance of any request, rule, guideline or directive (whether or not having the force of law) by any Governmental Body; provided that notwithstanding anything herein to the contrary, (x) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, regulations, guidelines, interpretations or directives thereunder or issued in connection therewith (whether or not having the force of Applicable Law) and (y) all requests, rules, regulations, guidelines, interpretations or directives

promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities (whether or not having the force of law), in each case pursuant to Basel III, shall in each case be deemed to be a Change in Law regardless of the date enacted, adopted, issued, promulgated or implemented.

“Change of Control” shall mean: (a) any Person or “group” (within the meaning of Rules 13d-3 and 13d-5 under the Exchange Act) (other than any Permitted Holder) shall have acquired (i) beneficial ownership of 50% or more on a fully diluted basis of the voting Equity Interests of General Partner in the aggregate, or (ii) the power (whether or not exercised) to elect a majority of the members of the board of directors (or similar governing body) of the General Partner; (b) except as permitted by Section 7.1, Mammoth shall cease to beneficially own and control, directly or indirectly, 100%, on a fully diluted basis, of the economic and voting interest in the Equity Interests of each other Borrower; or (c) General Partner shall cease to have the right to direct the day-to-day activities and management of Mammoth.

“Charges” shall mean all Taxes, charges, fees, imposts, levies or other assessments, including all net income, gross income, gross receipts, sales, use, ad valorem, value added, transfer, franchise, profits, inventory, capital stock, license, withholding, payroll, employment, social security, unemployment, excise, severance, stamp, occupation and property Taxes, custom duties, fees, assessments, liens, claims and charges of any kind whatsoever, together with any interest and any penalties, additions to Tax or additional amounts, imposed by any taxing or other authority, domestic or foreign (including the PBGC, or any other like applicable Canadian authority in any applicable jurisdiction or any environmental agency or superfund), upon the Collateral, any Borrower or any of its Affiliates.

“CIP Regulations” shall have the meaning set forth in Section 14.12 hereof.

“Closing Date” shall mean the date of the funding of the initial Advances under this Agreement.

“Code” shall mean the Internal Revenue Code of 1986 and, with respect to Sand Tiger, Income Tax Act (Canada), as the same may be amended or supplemented from time to time, and any successor statute of similar import, and the rules and regulations thereunder, as from time to time in effect.

“Collateral” shall mean and include all right, title and interest of each Borrower in all of the property and assets of such Borrower, in each case whether now existing or hereafter arising or created and whether now owned or hereafter acquired and wherever located, including, without limitation:

- (a) all Receivables and all supporting obligations relating thereto;
- (b) all equipment and fixtures;
- (c) all general intangibles and Intellectual Property (including all payment intangibles and all software) and all supporting obligations related thereto;

(d) all Inventory;

(e) all Subsidiary Stock, securities, investment property, and financial assets;

(f) [Reserved];

(g) [Reserved];

(h) all contract rights, rights of payment which have been earned under a contract rights, chattel paper (including electronic chattel paper and tangible chattel paper), commercial tort claims (whether now existing or hereafter arising); documents (including all warehouse receipts and bills of lading), deposit accounts, goods, instruments (including promissory notes), letters of credit (whether or not the respective letter of credit is evidenced by a writing) and letter-of-credit rights, cash, certificates of deposit, insurance proceeds (including hazard, flood and credit insurance), security agreements, eminent domain proceeds, condemnation proceeds, tort claim proceeds and all supporting obligations;

(i) all ledger sheets, ledger cards, files, correspondence, records, books of account, business papers, computers, computer software (owned by any Borrower or in which it has an interest), computer programs, tapes, disks and documents, including all of such property relating to the property described in clauses (a) through (h) of this definition; and

(j) all proceeds and products of the property described in clauses (a) through (i) of this definition, in whatever form. It is the intention of the parties that if Agent shall fail to have a perfected Lien in any particular property or assets of any Borrower for any reason whatsoever, but the provisions of this Agreement and/or of the Other Documents, together with all financing statements and other public filings relating to Liens filed or recorded by Agent against Borrowers, would be sufficient to create a perfected Lien in any property or assets that such Borrower may receive upon the sale, lease, license, exchange, transfer or disposition of such particular property or assets, then all such "proceeds" of such particular property or assets shall be included in the Collateral as original collateral that is the subject of a direct and original grant of a security interest as provided for herein and in the Other Documents (and not merely as proceeds (as defined in Article 9 of the Uniform Commercial Code) in which a security interest is created or arises solely pursuant to Section 9-315 of the Uniform Commercial Code or the PPSA).

Notwithstanding the forgoing, Collateral shall not include any Excluded Property.

"Commitment" shall mean, as to any Lender, the obligation of such Lender (if applicable), to make Revolving Advances and participate in Swing Loans and Letters of Credit, in an aggregate principal and/or face amount not to exceed the Commitment Amount (if any) of such Lender.

“Default” shall mean an event, circumstance or condition which, with the giving of notice or passage of time or both, would constitute an Event of Default.

“Default Rate” shall have the meaning set forth in Section 3.1 hereof.

“Defaulting Lender” shall mean any Lender that: (a) has failed, within two (2) Business Days of the date required to be funded or paid, to (i) fund any portion of its Commitment Percentage of Advances, (ii) if applicable, fund any portion of its Participation Commitment in Letters of Credit or Swing Loans or (iii) pay over to Agent, Issuer, Swing Loan Lender or any Lender any other amount required to be paid by it hereunder, unless, in the case of clause (i) above, such Lender notifies Agent in writing that such failure is the result of such Lender’s good faith determination that a condition precedent to funding (specifically identified and including a particular Default or Event of Default, if any) has not been satisfied; (b) has notified Borrowers or Agent in writing, or has made a public statement to the effect, that it does not intend or expect to comply with any of its funding obligations under this Agreement (unless such writing or public statement indicates that such position is based on such Lender’s good faith determination that a condition precedent (specifically identified and including a particular Default or Event of Default, if any) to funding a loan under this Agreement cannot be satisfied) or generally under other agreements in which it commits to extend credit; (c) has failed, within two (2) Business Days after request by Agent, acting in good faith, to provide a certification in writing from an authorized officer of such Lender that it will comply with its obligations (and is financially able to meet such obligations) to fund prospective Advances and, if applicable, participations in then outstanding Letters of Credit and Swing Loans under this Agreement, provided that such Lender shall cease to be a Defaulting Lender pursuant to this clause (c) upon Agent’s receipt of such certification in form and substance satisfactory to the Agent; (d) has become the subject of an Insolvency Event; or (e) has failed at any time to comply with the provisions of Section 2.6(e) with respect to purchasing participations from the other Lenders, whereby such Lender’s share of any payment received, whether by setoff or otherwise, is in excess of its pro rata share of such payments due and payable to all of the Lenders.

“Deposit Account Control Agreements” shall mean the deposit account control agreements or blocked account agreements to be executed by each institution maintaining a deposit account or securities account for any of the Credit Parties, in favor of Agent, for the benefit of Secured Parties, as security for the Obligations to the extent required by Section 4.8(h) or any other provision of this Agreement or any Other Document.

“Depository Accounts” shall have the meaning set forth in Section 4.8(h) hereof.

“Designated Lender” shall have the meaning set forth in Section 16.2(d) hereof.

“Document” shall have the meaning given to the term “document” in the Uniform Commercial Code.

“Dollar” and the sign “\$” shall mean lawful money of the United States of America.

“Domestic Rate Loan” shall mean any Advance that bears interest based upon the Alternate Base Rate.

“Domestic Subsidiaries” shall mean, with respect to any Person, any Subsidiary of such Person which is incorporated or organized under the laws of any state of the United States or the District of Columbia other than any such Subsidiary that is owned directly or indirectly by an entity that is not incorporated or organized under the laws of any state of the United States or the District of Columbia.

“Drawing Date” shall have the meaning set forth in Section 2.14(b) hereof.

“EBITDA” shall mean for any period with respect to Borrowers on a Consolidated Basis, the sum of (a) net income (or loss) for such period (excluding extraordinary gains and losses), plus (b) all interest expense for such period, plus (c) all charges against income for such period for federal, state and local taxes, plus (d) depreciation expenses for such period, plus (e) amortization expenses for such period. The parties agree that for purposes of this Agreement, EBITDA shall be annualized for the following periods as follows: (i) EBITDA (on a pro forma consolidated basis for all Borrowers) for the fiscal quarter ending September 30, 2014 shall be multiplied by 4; (ii) EBITDA (on a pro forma consolidated basis for all Borrowers) for the two fiscal quarters ending December 31, 2014 shall be multiplied by 2; and (iii) EBITDA (on a pro forma consolidated basis for all Borrowers) for the three fiscal quarters ending March 31, 2015 shall be multiplied by 4/3.

“Effective Date” means the date indicated in a document or agreement to be the date on which such document or agreement becomes effective, or, if there is no such indication, the date of execution and delivery of such document or agreement.

“Eligibility Date” shall mean, with respect to each Credit Party and each Swap, the date on which this Agreement or any Other Document becomes effective with respect to such Swap (for the avoidance of doubt, the Eligibility Date shall be the date of the execution of such Swap if this Agreement or any Other Document is then in effect with respect to such Credit Party, and otherwise it shall be the date of execution and delivery of this Agreement and/or such Other Document(s) to which such Credit Party is a party).

“Eligible Contract Participant” shall mean an “eligible contract participant” as defined in the CEA and regulations thereunder.

“Eligible Equipment” shall mean and include with respect to each Borrower, all such equipment owned and held by such Borrower at one of Borrower’s locations in the continental United States or Canada, and that (i) Agent, in its Permitted Discretion, does not deem to be ineligible based on any credit or collateral considerations as agent deems reasonable and appropriate from time to time and (ii) is subject to a perfected, first priority security interest in favor of Agent, free of all Liens of any Person other than Permitted Encumbrances.

“Eligible Equipment Sublimit” shall mean (i) for the period from the Closing Date through and including December 31, 2014, an amount equal to the Equipment Advance Rate times the appraised net orderly liquidation value percentage of Eligible Equipment as set forth in the NOLV Appraisal most recently accepted by Agent (the “Initial Equipment Sublimit Amount”) and (ii) for each quarterly period thereafter until such amount ceases to be greater than \$0, effective as of the first day of such quarter, an amount equal to (x) the amount applicable for the immediately preceding quarter, minus (y) 1.25% of the Initial Equipment Sublimit Amount; provided, however, in the event that Borrower sells, transfers or otherwise disposes of any Eligible Equipment included in the calculation of clause (iv) of Section 2.1(a)(y) or any such

Eligible Equipment is subject to a casualty event after the Closing Date, the Eligible Equipment Sublimit shall mean: (a) for the remainder of any quarter following such sale, transfer, disposition or casualty event, the Eligible Equipment Sublimit for the immediately preceding quarter, minus an amount equal to an amount equal to the Equipment Advance Rate times the net orderly liquidation value of such asset pursuant to the most recent NOLV Appraisal and (b) for each quarterly period thereafter until such amount ceases to be greater than \$0, effective as of the first day of such calendar quarter, an amount equal to (A) the amount applicable for the immediately preceding quarter minus (B) 1.25% of the Initial Equipment Sublimit Amount; provided, further, however, following Agent's acceptance of an NOLV Appraisal after the Closing Date, the Initial Equipment Sublimit Amount shall be reset as of the first day of the first fiscal quarter immediately following such acceptance to an amount equal to the Equipment Advance Rate times the appraised net orderly liquidation value percentage of Eligible Equipment as set forth in such NOLV Appraisal.

"Eligible In-Transit Inventory" shall mean all Eligible Inventory of a Borrower consisting of sand (a) which is in-transit to a facility of a Borrower, in the domestic U.S. or Canada or in transit or stored for sale in the domestic U.S. or Canada, (b) for which a Borrower, has retained title or title has passed to a Borrower, (c) which is insured to the full value thereof, (d) with respect to which either (i) Agent has established a reserve against the Formula Amount for the processing, transportation or other bailee fees or costs related to such Inventory or (ii) a Lien Waiver Agreement has been received with from the applicable processor, transporter or other bailee in possession of such Inventory, and (e) if such Inventory has been acquired pursuant to a Permitted Acquisition, Agent has completed its due diligence with respect to such Inventory, the results of which are satisfactory to it in its Permitted Discretion.

"Eligible Inventory" shall mean and include sand Inventory with respect to each Borrower, valued at the lower of cost (on a weighted average basis for Inventory consisting of fuel and otherwise on a first-in first-out basis) or current market value, which is not obsolete, slow moving or unmerchantable and which Agent, in its Permitted Discretion, shall not deem ineligible Inventory, based on such considerations as Agent may from time to time deem appropriate including whether (a) the Inventory is subject to a perfected, first priority security interest in favor of Agent and no other Lien (other than a Permitted Encumbrance) and (b) the Agent has completed due diligence satisfactory to it in its Permitted Discretion with respect to any new Inventory acquired pursuant to a Permitted Acquisition. In addition, Inventory shall not be Eligible Inventory if it (i) does not conform in all material respects to all standards imposed by any Governmental Body which has regulatory authority over such goods or the use, transport or sale thereof; (ii) except for Eligible In-Transit Inventory, is in transit; (iii) is located outside the continental United States (other than Canada) or at a location that is not otherwise in compliance with this Agreement; (iv) constitutes Consigned Inventory; (v) is subject to an agreement that limits, conditions or restricts any Borrower's or Agent's right to sell or otherwise dispose of such Inventory; (vi) is created pursuant to, or the sale thereof is otherwise subject to, a License Agreement unless Agent has received a duly executed Licensor/Agent Agreement with respect thereto; or (vii) is situated at a location not owned by a Borrower or Sand Tiger, as applicable unless (A) the owner or occupier of such location has executed in favor of Agent a Lien Waiver Agreement, or (B) Agent has established reserves for Inventory situated at each such location satisfactory to Agent.

“Eligible Receivables” shall mean and include with respect to each Borrower, each Receivable of such Borrower (other than Eligible Unbilled Receivables), as applicable, arising in the ordinary course of business. A Receivable shall not be deemed eligible unless such Receivable is subject to Agent’s first priority perfected security interest and no other Lien (other than Permitted Encumbrances), and is evidenced by an invoice or other documentary evidence satisfactory to Agent in its Permitted Discretion. In addition, no Receivable shall be an Eligible Receivable if:

(a) it arises out of a sale made by any Borrower, to an Affiliate of any Borrower, or to a Person controlled by an Affiliate of any Borrower, (other than any operating portfolio company of any holder of Equity Interests in Mammoth or Gulfport Energy Corporation and its Subsidiaries);

(b) it is due or unpaid more than ninety (90) days after the original invoice date or sixty (60) days after the original due date;

(c) fifty percent (50%) or more of the Receivables from such Customer are not deemed Eligible Receivables or Eligible Unbilled Receivables by virtue of clause (b) hereunder;

(d) any covenant, representation or warranty contained in this Agreement with respect to such Receivable has been breached in any material respect;

(e) an Insolvency Event shall have occurred with respect to such Customer;

(f) the sale is not payable in Dollars or Canadian Dollars or is to a Customer outside the United States of America or a province of Canada (other than Quebec or any other province or territory thereof that has not adopted the PPSA), unless the sale is on letter of credit, guaranty or acceptance terms, in each case acceptable to Agent in its Permitted Discretion;

(g) the sale to the Customer is on a bill-and-hold, guaranteed sale, sale-and-return, sale on approval, consignment or any other repurchase or return basis or is evidenced by chattel paper;

(h) [reserved];

(i) the Customer is the United States of America, federal government of Canada any state, province or territory thereof or any department, agency or instrumentality of any of them, unless the applicable Borrower assigns its right to payment, if the Receivable is subject to such an assignment, of such Receivable to Agent pursuant to the Assignment of Claims Act of 1940, as amended (31 U.S.C. Sub-Section 3727 et seq. and 41 U.S.C. Sub-Section 15 et seq.) or has fully complied with or is exempt under the Financial Administration Act (Canada) to Agent’s satisfaction or has otherwise complied with other similar applicable statutes or ordinances, but only to the extent the aggregate amount of all such Receivables not subject to such an assignment exceeds 10% of the Formula Amount as of any date of determination;

(j) the goods giving rise to such Receivable have not been delivered to and accepted by the Customer or the services giving rise to such Receivable have not been performed by the applicable Borrower and accepted by the Customer or the Receivable otherwise does not represent a final sale;

(k) the aggregate amount of outstanding Receivables (i) with respect to any Customer other than Gulfport Energy Corporation, which exceed twenty-five (25%) of all Eligible Receivables and (ii) with respect to Gulfport Energy Corporation and its Subsidiaries, (a) thirty percent (30%) of all Eligible Receivables so long as Gulfport Energy Corporation maintains at least a "B-" credit rating by Moody's Investors Service, Inc. ("Moody's"), and (b) thirty-five percent (35%) of all Eligible Receivables so long as Gulfport Energy Corporation maintains a "B+" credit rating or better by Moody's, in each case, to the extent such Receivable exceeds such limit;

(l) the Receivable is subject to any offset, deduction, defense, dispute or counterclaim or is contingent in any respect (including by virtue of the Customer also being a creditor or supplier of Borrower) with respect to the Receivable, but only to the extent of the maximum potential amount of such offset, deduction, defense, dispute, counterclaim or contingency against the applicable Receivable;

(m) the applicable Borrower, has made any agreement with any Customer for any deduction therefrom, except for discounts, deductions, allowances or sales rebates made in the ordinary course of business for prompt payment, all of which discounts or allowances or sales rebates are reflected in the calculation of the face value of each respective invoice related thereto, but, with respect to a Receivable subject to discounts, deductions, allowances or sales rebates, only to the extent of the maximum potential amount of such discount or allowance against the applicable Receivables are reflected in Borrowers' calculation of the Formula Amount;

(n) any return, rejection or repossession of the merchandise has occurred or the rendition of services has been disputed;

(o) such Receivable is not payable to the applicable Borrower, as applicable; or

(p) such Receivable is not otherwise satisfactory to Agent as determined in good faith by Agent in the exercise of its Permitted Discretion.

"Eligible Unbilled Receivables" shall mean and include with respect to any Borrower, each Receivable of such Borrower (other than Eligible Receivables) arising in the Ordinary Course of Business (i) representing services previously performed by such Borrower and accepted by the Customer, (ii) which in accordance with such Borrower's written agreement with the Customer, has not yet been fully invoiced and billed to the Customer and (iii) that would otherwise constitute an Eligible Receivable but for the fact that the full amount of such Receivable has not been invoiced and billed to the Customer. A Receivable shall not be deemed an Eligible Unbilled Receivable unless such Receivable is subject to Agent's first priority perfected security interest and no other Lien (other than Permitted Encumbrances), and is

evidenced by documentation satisfactory to Agent in its Permitted Discretion and has been verified to Agent's reasonable satisfaction pursuant to field examination and other verifications from time to time performed on behalf of Agent pursuant to the terms of this Agreement. In addition, no Receivable shall be an Eligible Unbilled Receivable if:

(q) it has not been invoiced and billed to the Customer within thirty (30) days of the applicable and corresponding work completion date;

(r) with respect to any Receivable generated after the Closing Date, Agent shall not have received, upon request, a true, correct and complete copy of the written agreement between such Borrower and Customer in respect thereof; or

(s) any representation, circumstance or requirement set forth in the definition of Eligible Receivables (other than clauses (b), (c) and (j) (with respect to the provision of services only) thereof) is not true or otherwise satisfied with respect to the applicable Receivable.

"Environmental Complaint" shall have the meaning set forth in Section 9.3(b) hereof.

"Environmental Laws" shall mean all applicable federal, state, provincial and local environmental, land use, chemical use, safety and sanitation laws, statutes, ordinances and codes relating to the protection of the environment and/or governing the use, storage, treatment, generation, transportation, processing, handling, production or disposal of Hazardous Substances and the rules, regulations, legally binding policies, guidelines, or interpretations, decisions, orders and legally binding directives of federal, state, provincial and local governmental agencies and authorities with respect thereto, including, without limitation, the Environmental Protection Act.

"Equity Interests" shall mean, with respect to any Person, any and all shares, rights to purchase, options, warrants, general, limited or limited liability partnership interests, member interests, participation or other equivalents of or interest in (regardless of how designated) equity of such Person, whether voting or nonvoting, including common stock, preferred stock, convertible securities or any other "equity security" (as such term is defined in Rule 3a11-1 of the General Rules and Regulations promulgated by the SEC under the Exchange Act), including in each case all of the following rights relating to such Equity Interests, whether arising under the Organizational Documents of the Person issuing such Equity Interests (the "issuer") or under the Applicable Laws of such issuer's jurisdiction of organization relating to the formation, existence and governance of corporations, limited or unlimited liability companies or partnerships or business trusts or other legal entities, as the case may be: (i) all economic rights (including all rights to receive dividends and distributions) relating to such Equity Interests; (ii) all voting rights and rights to consent to any particular action(s) by the applicable issuer; (iii) all management rights with respect to such issuer; (iv) in the case of any Equity Interests consisting of a general partner interest in a partnership, all powers and rights as a general partner with respect to the management, operations and control of the business and affairs of the applicable issuer; (v) in the case of any Equity Interests consisting of the membership/limited liability

company interests of a managing member in a limited liability company, all powers and rights as a managing member with respect to the management, operations and control of the business and affairs of the applicable issuer; (vi) all rights to designate or appoint or vote for or remove any officers, directors, manager(s), general partner(s) or managing member(s) of such issuer and/or any members of any board of members/managers/partners/directors that may at any time have any rights to manage and direct the business and affairs of the applicable issuer under its Organizational Documents as in effect from time to time or under Applicable Law; (vii) all rights to amend the Organizational Documents of such issuer, (viii) in the case of any Equity Interests in a partnership or limited liability company, the status of the holder of such Equity Interests as a “partner”, general or limited, or “member” (as applicable) under the applicable Organizational Documents and/or Applicable Law; and (ix) all certificates evidencing such Equity Interests.

“ERISA” shall mean the Employee Retirement Income Security Act of 1974, as amended from time to time and the rules and regulations promulgated thereunder.

“Event of Default” shall have the meaning set forth in Article X hereof.

“Excess Availability” at a particular date shall mean an amount equal to (a) the lesser of (i) the Formula Amount or (ii) the Maximum Revolving Advance Amount minus the Maximum Undrawn Amount of all outstanding Letters of Credit minus (b) the outstanding amount of Advances (other than Letters of Credit).

“Exchange Act” shall mean the Securities Exchange Act of 1934 or any other similar applicable legislation in any applicable jurisdiction, as amended.

“Excluded Deposit Accounts” shall mean (a) those deposit accounts identified as “Excluded Deposit Accounts” on Schedule 5.30 and any other deposit accounts established after the Closing Date, so long as (i) at any time the balance in any such “Excluded Deposit Account” or other deposit account established after the Closing Date does not exceed \$200,000 and the aggregate balance in all such “Excluded Deposit Accounts” or other deposit accounts does not exceed \$1,000,000 and (ii) such deposit account does not receive remittances from Customers or other proceeds of Receivables and is not an operating account; (b) other deposit accounts established solely as payroll, employee benefits, health care reimbursement and other zero balance accounts; and (c) deposit accounts maintained in bank accounts outside of the United States for Foreign Subsidiaries (other than Sand Tiger).

“Excluded Hedge Liability or Liabilities” shall mean, with respect to each Credit Party, each of its Swap Obligations if, and to the extent that, all or any portion of this Agreement or any Other Document that relates to such Swap Obligation (or the guaranty of such Swap Obligation, or the grant by such Credit Party of a security interest in the Collateral to secure such Swap Obligation) is or becomes illegal under the CEA, or any rule, regulation or order of the CFTC, by virtue of such Credit Party’s failure to qualify as an Eligible Contract Participant on the Eligibility Date for such Swap. Notwithstanding anything to the contrary contained in the foregoing or in any other provision of this Agreement or any Other Document, the foregoing is subject to the following provisos: (a) if a Swap Obligation arises under a master agreement governing more than one Swap, this definition shall only include the portion of such Swap Obligation that is attributable to Swaps for which such guaranty or security interest is or

becomes illegal as a result of the failure by such Credit Party for any reason to qualify as an Eligible Contract Participant on the Eligibility Date for such Swap; (b) if a guarantee of a Swap Obligation would cause such obligation to be an Excluded Hedge Liability but the grant of a security interest would not cause such obligation to be an Excluded Hedge Liability, such Swap Obligation shall constitute an Excluded Hedge Liability for purposes of the guaranty but not for purposes of the grant of the security interest; and (c) if there is more than one Credit Party executing this Agreement or the Other Documents and a Swap Obligation would be an Excluded Hedge Liability with respect to one or more of such Persons, but not all of them, the definition of Excluded Hedge Liability or Liabilities with respect to each such Person shall only be deemed applicable to (i) the particular Swap Obligations that constitute Excluded Hedge Liabilities with respect to such Person and (ii) the particular Person with respect to which such Swap Obligations constitute Excluded Hedge Liabilities.

“Excluded Property” shall mean any (i) lease, license, contract or agreement to which any Borrower is a party, and any of its rights or interests thereunder, if and to the extent that a security interest therein is prohibited by or in violation of (x) any Applicable Law, or (y) a term, provision or condition of any such lease, license, contract or agreement (unless in each case, such Applicable Law, term, provision or condition would be rendered ineffective with respect to the creation of such security interest pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other Applicable Law or principles of equity) (ii) equipment owned by any Loan Party that is subject to a purchase money lien or a capital lease obligation if (but only to the extent that and only for so long as such purchase money Indebtedness or capital lease restricts the granting of a Lien therein to Agent) the grant of a security interest therein would constitute a violation of a valid and enforceable restriction in favor of a third party, unless any required consents shall have been obtained, (iii) Excluded Deposit Accounts, (iv) Collateral for which the benefits of obtaining such Collateral are outweighed by the costs or burdens of providing the same in Agent’s discretion, (v) Real Property (except to the extent required pursuant to Section 6.16), or (vi) monies, checks, securities or other items on deposit or otherwise held in deposit accounts or trust accounts specifically and exclusively used for payroll, payroll taxes, deferred compensation and other employee wage and benefit payments to or for the direct benefit of such Loan Party’s employees, provided, however, that the foregoing shall cease to be treated as “Excluded Property” (and shall constitute Collateral) immediately at such time as the contractual or legal prohibition shall no longer be applicable and to the extent severable, such security interest shall attach immediately to any portion of such lease, license, contract or agreement not subject to the prohibitions specified in (x) or (y) above, provided, that Excluded Property shall not include any proceeds of any such lease, license, contract, property, equipment or agreement or any goodwill of Borrowers’ business associated therewith or attributable thereto.

“Excluded Taxes” shall mean, with respect to any Recipient, any of the following Taxes imposed on with respect to any payment to be made to such Recipient by or on account of any Obligations, (a) Taxes imposed on or measured by its net income (however denominated), franchise Taxes and branch profits Taxes, in each case, (i) imposed on it by the jurisdiction (or any political subdivision thereof) under the laws of which such Recipient is organized or in which its principal office is or applicable lending office is located or, in the case of any Lender, Participant, Swing Loan Lender or Issuer, in which its applicable lending office is located or (ii)

that are Other Connection Taxes, (b) any withholding Tax that is imposed on amounts payable to such Recipient at the time such Recipient becomes a party hereto or acquires a participation (or designates a new lending office), except to the extent that such Recipient (or its assignor or seller of a participation, if any) was entitled, at the time of designation of a new lending office (or assignment or sale of a participation), to receive additional amounts from the Borrowers with respect to such withholding Tax pursuant to Section 3.10(a), (c) Taxes attributable to such Recipient's failure to comply with Section 3.10(e), or (d) any Taxes imposed under FATCA.

"Supermajority Lenders" shall mean Lenders (not including the Swing Loan Lender (in its capacity as such Swing Loan Lender) or any Defaulting Lender) holding no less than 66 2/3% of either (a) the aggregate of the Commitment Amounts of all Lenders (excluding any Defaulting Lender), or (b) after the termination of all commitments of the Lenders hereunder, the sum of (x) the outstanding Revolving Advances and (y) (i) the aggregate of the Maximum Undrawn Amount of all outstanding Letters of Credit and outstanding Swing Loans multiplied by (ii) the Commitments of all Lenders as most recently in effect excluding any Defaulting Lender.

"Swap" shall mean any "swap" as defined in Section 1a(47) of the CEA and regulations thereunder other than (a) a swap entered into on, or subject to the rules of, a board of trade designated as a contract market under Section 5 of the CEA, or (b) a commodity option entered into pursuant to CFTC Regulation 32.3(a).

"Swap Obligation" means any obligation to pay or perform under any agreement, contract or transaction that constitutes a Swap which is also a Lender-Provided Hedge.

"Swing Loan Lender" shall mean PNC, in its capacity as lender of the Swing Loans.

"Swing Loan Note" shall mean the promissory note described in Section 2.4(a) hereof.

"Swing Loans" shall mean the Advances made pursuant to Section 2.4 hereof.

"Taxes" shall mean all present or future taxes, levies, imposts, duties, deductions, withholdings, assessments, fees or other charges imposed by any Governmental Body, including any interest, additions to tax or penalties applicable thereto.

"Term" shall have the meaning set forth in Section 13.1 hereof.

"Termination Date" shall mean the date on which (a) all of the Obligations (including any required repayment or cash collateralization thereof, but excluding contingent indemnification obligations with respect to which no claims have been made) have been paid in full in cash, (b) all Commitments have been terminated and (c) all agreements under which Cash Management Products and Services or Lender-Provided Hedges are provided have been terminated unless, at the option of the Secured Party providing such Obligations, either cash collateralized pursuant to clause (a) above or other arrangements satisfactory to such Secured Party have been made; provided, however, if at any time, any payment, or any part thereof, made in respect of any of the Obligations, is rescinded or must otherwise be restored or returned by any Lender upon the insolvency, bankruptcy or reorganization of any of Borrowers, or otherwise, the Termination Date shall be deemed to have not occurred.

"Termination Event" shall mean: (i) a Reportable Event with respect to any Pension Benefit Plan; (ii) the withdrawal of any Credit Party or any member of the Controlled Group from a Pension Benefit Plan during a plan year in which such Person was a "substantial employer" as defined in Section 4001(a)(2) of ERISA or a cessation of operations that is treated as such a withdrawal under Section 4062(e) of ERISA; (iii) the providing of notice of intent to terminate a Pension Benefit Plan in a distress termination described in Section 4041(c) of ERISA or any termination under Section 4042 of ERISA, or of the appointment of a trustee to administer

a Pension Benefit Plan, and with respect to which any Credit Party has liability (including liability in its capacity as a member of the Controlled Group of another entity); (iv) the termination of a Multiemployer Plan pursuant to Section 4041A or 4042 of ERISA, which termination could reasonably result in material liability to any Credit Party (including liability in its capacity as a member of the Controlled Group of another entity); (v) the partial or complete withdrawal within the meaning of Section 4203 or 4205 of ERISA, of any Credit Party or any member of the Controlled Group from a Multiemployer Plan, which withdrawal could reasonably result in liability of any Credit Party (including liability in its capacity as a member of the Controlled Group of another entity); (vi) notice that a Multiemployer Plan is subject to Section 4245 of ERISA; or (vii) the imposition of any liability under Title IV of ERISA, other than for PBGC premiums due but not delinquent, upon any Borrower or any member of the Controlled Group.

“Toxic Substance” shall mean and include any material present on the Real Property which has been shown to have significant adverse effect on human health or which is subject to regulation under the Toxic Substances Control Act (TSCA), 15 U.S.C. §§ 2601 et seq., or any other Applicable Laws now in force or hereafter enacted that regulate toxic substances. “Toxic Substance” includes but is not limited to asbestos, polychlorinated biphenyls (PCBs) and lead-based paints.

“Transactions” shall have the meaning set forth in Section 5.5(a) hereof.

“Transaction Document” shall mean the Contribution Agreements and the Management Agreement.

“Transferee” shall have the meaning set forth in Section 16.3(d) hereof.

“Trigger Event” shall mean, as of any date of determination occurring after one hundred twenty (120) days after the Closing Date, (a) an Event of Default has occurred and is continuing and Agent or the Required Lenders have elected, in their sole discretion, to commence a Trigger Period, or (b) Excess Availability on any Business Day was less than 20% of the Maximum Available Credit.

“Trigger Period” shall mean each period commencing upon the occurrence of a Trigger Event and ending on the first date thereafter on which either (a) if such Trigger Event was the occurrence of an Event of Default, such Event of Default has been waived in writing in accordance with the terms of this Agreement or (b) in all other cases, Borrowers’ average Excess Availability for sixty (60) consecutive days following the occurrence (or re-occurrence) of any event described in clause (b) of the definition of Trigger Event, is greater than 20% of the Maximum Available Credit.

“Unbilled Receivables Advance Rate” shall have the meaning set forth in Section 2.1(a)(y)(ii).

“Unfinanced Capital Expenditures” shall mean all Capital Expenditures of Borrowing Agent and its consolidated Restricted Subsidiaries other than those made (i) utilizing Permitted Purchase Money Indebtedness, (ii) utilizing net cash proceeds of the issuance of Equity Interests

of Borrowing Agent, (iii) utilizing the proceeds of insurance or asset sales, as permitted under this Agreement, in order to replace the assets giving rise to such proceeds, (iv) by way of a trade-in of existing assets or (v) as part of a Permitted Acquisition. For the avoidance of doubt, Capital Expenditures made by any applicable Person with proceeds of Revolving Advances shall be deemed Unfinanced Capital Expenditures.

“Uniform Commercial Code” shall have the meaning set forth in Section 1.3 hereof.

“Unrestricted Subsidiaries” shall mean (a) any Subsidiary of any Credit Party formed or acquired or created after the Closing Date and designated by such Credit Party as an Unrestricted Subsidiary hereunder by written notice to the Agent and (b) any Subsidiary of an Unrestricted Subsidiary; *provided*, that, in each instance of clauses (a) or (b): (x) no Unrestricted Subsidiary may be formed or acquired during the existence of a Default or an Event of Default; (y) no investment by any Credit Party or Restricted Subsidiary thereof in such Unrestricted Subsidiary may be made except to the extent made with proceeds of the issuance of Equity Interests of Mammoth, and (z) all Unrestricted Subsidiaries in the aggregate shall not exceed five percent (5%) of the total assets or total revenue of Mammoth and its Subsidiaries, to be measured at the time of capitalization and two (2) times per year thereafter.

“USA PATRIOT Act” shall mean the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001, Public Law 107-56, as the same has been, or shall hereafter be, renewed, extended, amended or replaced.

1.3. Uniform Commercial Code Terms. All terms used herein and defined in the Uniform Commercial Code as adopted in the State of New York from time to time (the “Uniform Commercial Code”) shall have the meaning given therein unless otherwise defined herein. Without limiting the foregoing, the terms “accounts”, “chattel paper” (and “electronic chattel paper” and “tangible chattel paper”), “commercial tort claims”, “deposit accounts”, “documents”, “equipment”, “financial asset”, “fixtures”, “general intangibles”, “goods”, “instruments”, “inventory”, “investment property”, “letter-of-credit rights”, “payment intangibles”, “proceeds”, “promissory note” “securities”, “software” and “supporting obligations” as and when used in the description of Collateral shall have the meanings given to such terms in Articles 8 or 9 of the Uniform Commercial Code. To the extent the definition of any category or type of collateral is expanded by any amendment, modification or revision to the Uniform Commercial Code, such expanded definition will apply automatically as of the date of such amendment, modification or revision. In addition, without limiting the foregoing, the terms “accounts”, “chattel paper”, “goods”, “instruments”, “intangibles”, “proceeds”, “securities”, “investment property”, “document of title”, “inventory” and “equipment”, as and when used in the description of Collateral located in Canada shall have the meanings given to such terms in the PPSA.

1.4. Certain Matters of Construction. The terms “herein”, “hereof” and “hereunder” and other words of similar import refer to this Agreement as a whole and not to any particular section, paragraph or subdivision. All references herein to Articles, Sections, Exhibits and Schedules shall be construed to refer to Articles and Sections of, and Exhibits and Schedules to, this Agreement. Any pronoun used shall be deemed to cover all genders. Wherever appropriate in the context, terms used herein in the singular also include the plural and vice versa. All

references to Laws shall include any amendments of same and any successor Laws. Unless otherwise provided, all references to any instruments or agreements, including references to this Agreement or any of the Other Documents, shall include any and all modifications, or amendments thereto and any and all extensions or renewals thereof. All references herein to the time of day shall mean the time in New York, New York. Unless otherwise provided, all financial calculations shall be performed with Inventory valued on a first-in, first-out basis. Whenever the words “including” or “include” shall be used, such words shall be understood to mean “including, without limitation” or “include, without limitation”. A Default or an Event of Default shall be deemed to exist at all times during the period commencing on the date that such Default or Event of Default occurs to the date on which such Default or Event of Default is waived in writing pursuant to this Agreement or, in the case of a Default, is cured within any period of cure expressly provided for in this Agreement; and an Event of Default shall “continue” or be “continuing” until such Event of Default has been waived in writing by Required Lenders. Any Lien referred to in this Agreement or any of the Other Documents as having been created in favor of Agent, any agreement entered into by Agent pursuant to this Agreement or any of the Other Documents, any payment made by or to or funds received by Agent pursuant to or as contemplated by this Agreement or any of the Other Documents, or any act taken or omitted to be taken by Agent, shall, unless otherwise expressly provided, be created, entered into, made or received, or taken or omitted, for the benefit or account of Agent and Lenders. Wherever the phrase “to the best of Borrowers’ knowledge” or words of similar import relating to the knowledge or the awareness of any Borrower are used in this Agreement or Other Documents, such phrase shall mean and refer to (i) the actual knowledge of an Authorized Officer of any Borrower or (ii) the knowledge that an Authorized Officer would have obtained if he/she had engaged in good faith and diligent performance of his/her duties, including the making of such reasonably specific inquiries as may be necessary of the employees or agents of such Borrower and a good faith attempt to ascertain the existence or accuracy of the matter to which such phrase relates. All covenants hereunder shall be given independent effect so that if a particular action or condition is not permitted by any of such covenants, the fact that it would be permitted by an exception to, or otherwise within the limitations of, another covenant shall not avoid the occurrence of a default if such action is taken or condition exists. In addition, all representations and warranties hereunder shall be given independent effect so that if a particular representation or warranty proves to be incorrect or is breached, the fact that another representation or warranty concerning the same or similar subject matter is correct or is not breached will not affect the incorrectness of a breach of a representation or warranty hereunder.

1.5. Currency Matters. Unless otherwise stated, all calculations, comparisons, measurements or determinations under this Agreement shall be made in Dollars. All of the property and assets of the Borrowers, including, without limitation, its Receivables, Equipment and Inventory, shall be valued in, and converted into, Dollars in accordance with PNC’s customary banking and conversion practices and procedures.

1.6. Permitted Encumbrances. The inclusion of Permitted Encumbrances in this Agreement is not intended to subordinate and shall not subordinate any Lien created by any of the security contemplated by this Agreement and the Other Documents to any Permitted Encumbrances.

II. ADVANCES, PAYMENTS.

2.1. Revolving Advances.

(a) Amount of Revolving Advances. Subject to the terms and conditions set forth in this Agreement specifically including Section 2.1(a) below regarding Sand Tiger and Section 2.1(b), each Lender, severally and not jointly, will make Revolving Advances to Borrowers in aggregate amounts outstanding at any time equal to such Lender's Commitment Percentage of the lesser of (x) the Maximum Revolving Advance Amount, less the outstanding amount of Swing Loans, less the aggregate Maximum Undrawn Amount of all outstanding Letters of Credit or (y) an amount equal to the sum of:

(i) up to eighty-five percent (85%) (the "Receivables Advance Rate") of Eligible Receivables, plus

(ii) up to the lesser of (A) up to eighty-five percent (85%), subject to the provisions of Section 2.1(b), of Eligible Unbilled Receivables or (B) \$10,000,000 ("Unbilled Receivables Advance Rate"; plus

(iii) up to the lesser of (A) up to seventy-five percent (75%), subject to the provisions of Section 2.1(b) hereof (the "Sand Inventory Advance Rate"), of the value of Eligible Inventory, (B) up to eighty-five percent (85%), subject to the provisions of Section 2.1(b) hereof (the "NOLV Advance Rate"), of the net orderly liquidation value percentage (as evidenced by the most recent appraisal accepted by Agent in its Permitted Discretion, each, an "NOLV Appraisal") of Eligible Inventory, or (C) \$10,000,000 less amounts included in the calculation of the Formula Amount attributable to clause iv below; plus

(iv) the lowest of (A) the Sand Inventory Advance Rate of the value of Eligible In-Transit Inventory, (B) the NOLV Advance Rate of the net orderly liquidation value percentage (as evidenced by the most recent NOLV Appraisal) of Eligible In-Transit Inventory or (C) \$10,000,000 less amounts included in the calculation of the Formula Amount attributable to clause iii above; plus

(v) up to the least of (A) up to eighty percent (80%) (the "Equipment Advance Rate", and together with the Receivables Advance Rate, the Sand Inventory Advance Rate, the NOLV Advance Rate, the Equipment Advance Rate and the Unbilled Receivables Advance Rate, the "Advance Rates") of the appraised net orderly liquidation value percentage of Eligible Equipment as set forth in the NOLV Appraisal most recently accepted by Agent, (B) the Eligible Equipment Sublimit or (C) up to eighty percent (80%) of the Maximum Revolving Advance Amount; minus

(vi) the aggregate Maximum Undrawn Amount of all outstanding Letters of Credit, minus

(vii) such reserves as Agent may reasonably deem proper and necessary from time to time in the exercise of its Permitted Discretion, including in respect of Priority Payables relating to Sand Tiger.

The amount derived from the sum of (x) Sections 2.1(a)(y)(i), (ii), (iii), (iv) and (v) minus (y) Sections 2.1(a)(y)(vi) and (vii) at any time and from time to time shall be referred to as the "Formula Amount". Notwithstanding the foregoing, the parties agree that not more than \$15,000,000 of the proceeds of direct Revolving Advances may be made available and remain outstanding on any day during the Term to Sand Tiger and which value of the Formula amount shall indirectly be advanced to, and constitute Indebtedness of, Sand Tiger (such Indebtedness, the "Sand Tiger Obligations"). The Revolving Advances shall be evidenced by one or more secured promissory notes (collectively, the "Revolving Credit Note") substantially in the form attached hereto as Exhibit 2.1(a). Notwithstanding anything to the contrary contained in the foregoing or otherwise in this Agreement, the outstanding aggregate principal amount of Swing Loans and the Revolving Advances at any one time outstanding shall not exceed an amount equal to the lesser of (i) the Maximum Revolving Advance Amount less the Maximum Undrawn Amount of all outstanding Letters of Credit or (ii) the Formula Amount.

(b) Discretionary Rights. The Advance Rates may be increased or decreased by Agent at any time and from time to time in the exercise of its Permitted Discretion. Each Borrower consents to any such increases or decreases and acknowledges that decreasing the Advance Rates or increasing or imposing reserves may limit or restrict Advances requested by Borrowing Agent. Prior to the occurrence and continuance of an Event of Default or Default, Agent shall give Borrowing Agent five (5) days prior written notice of its intention to decrease the Advance Rates. The rights of Agent under this subsection are subject to the provisions of Section 16.2(b).

2.2. Procedures for Requesting Revolving Advances; Procedures for Selection of Applicable Interest Rates for All Advances.

(a) Borrowing Agent on behalf of any Borrower may notify Agent prior to 1:00 p.m. on a Business Day of a Borrower's request to incur, on that day, a Revolving Advance hereunder. Should any amount required to be paid as interest hereunder, or as fees or other charges under this Agreement or any other agreement with Agent or Lenders, or with respect to any other Obligation under this Agreement, become due, same shall be deemed a request for a Revolving Advance maintained as a Domestic Rate Loan as of the date such payment is due, in the amount required to pay in full such interest, fee, charge or Obligation, and such request shall be irrevocable.

(b) Notwithstanding the provisions of subsection (a) above, in the event any Borrower desires to obtain a LIBOR Rate Loan for any Advance (other than a Swing Loan), Borrowing Agent shall give Agent written notice by no later than 1:00 p.m. on the day which is three (3) Business Days prior to the date such LIBOR Rate Loan is to be borrowed, specifying (i) the date of the proposed borrowing (which shall be a Business Day), (ii) the type of borrowing and the amount of such Advance to be borrowed, which amount shall be in a minimum amount of \$500,000 and in integral multiples of \$100,000 thereafter, and (iii) the duration of the first Interest Period therefor. Interest Periods for LIBOR Rate Loans shall be for one (1), two (2), three (3) or six (6) months; provided that, if an Interest Period would end on a day that is not a Business Day, it shall end on the next succeeding Business Day unless such day falls in the next succeeding calendar month in which case the Interest Period shall end on the next preceding Business Day. No LIBOR Rate Loan shall be made available to any Borrower during the

continuance of a Default or an Event of Default. After giving effect to each requested LIBOR Rate Loan, including those which are converted from a Domestic Rate Loan under Section 2.2(c), there shall not be outstanding more than six (6) LIBOR Rate Loans, in the aggregate.

(c) Each Period of a LIBOR Rate Loan shall commence on the date such LIBOR Rate Loan is made and shall end on such date as Borrowing Agent may elect as set forth in subsection (b)(iii) above, provided that the exact length of each Interest Period shall be determined in accordance with the practice of the interbank market for offshore Dollar deposits and no Interest Period shall end after the last day of the Term.

(d) Borrowing Agent shall elect the initial Interest Period applicable to a LIBOR Rate Loan by its notice of borrowing given to Agent pursuant to Section 2.2(b) or by its notice of conversion given to Agent pursuant to Section 2.2(e), as the case may be. Borrowing Agent shall elect the duration of each succeeding Interest Period by giving irrevocable written notice to Agent of such duration not later than 1:00 p.m. on the day which is three (3) Business Days prior to the last day of the then current Interest Period applicable to such LIBOR Rate Loan. If Agent does not receive timely notice of the Interest Period elected by Borrowing Agent, Borrowing Agent shall be deemed to have elected to convert such LIBOR Rate Loan to a Domestic Rate Loan subject to Section 2.2(e) below.

(e) Provided that no Default or Event of Default shall have occurred and be continuing, Borrowing Agent may, on the last Business Day of the then current Interest Period applicable to any outstanding LIBOR Rate Loan, or on any Business Day with respect to Domestic Rate Loans, convert any such loan into a loan of another type in the same aggregate principal amount provided that any conversion of a LIBOR Rate Loan shall be made only on the last Business Day of the then current Interest Period applicable to such LIBOR Rate Loan. If Borrowing Agent desires to convert a loan, Borrowing Agent shall give Agent written notice by no later than 1:00 p.m. (i) on the day which is three (3) Business Days prior to the date on which such conversion is to occur with respect to a conversion from a Domestic Rate Loan to a LIBOR Rate Loan, or (ii) on the day which is one (1) Business Day prior to the date on which such conversion is to occur (which date shall be the last Business Day of the Interest Period for the applicable LIBOR Rate Loan) with respect to a conversion from a LIBOR Rate Loan to a Domestic Rate Loan, specifying, in each case, the date of such conversion, the loans to be converted and if the conversion is to a LIBOR Rate Loan, the duration of the first Interest Period therefor.

(f) At its option and upon written notice given prior to 1:00 p.m. at least three (3) Business Days prior to the date of such prepayment, any Borrower (other than Sand Tiger) may, subject to Section 2.2(g) hereof, prepay the LIBOR Rate Loans in whole at any time or in part from time to time with accrued interest on the principal being prepaid to the date of such repayment. Such Borrower shall specify the date of prepayment of Advances which are LIBOR Rate Loans and the amount of such prepayment. In the event that any prepayment of a LIBOR Rate Loan is required or permitted on a date other than the last Business Day of the then current Interest Period with respect thereto, such Borrower shall indemnify Agent and Lenders therefor in accordance with Section 2.2(g) hereof.

(g) Each Borrower (other than Sand Tiger) shall indemnify Agent and Lenders and hold Agent and Lenders harmless from and against any and all losses or expenses that Agent and Lenders may sustain or incur as a consequence of any prepayment, conversion of or any default by any Borrower (other than Sand Tiger) in the payment of the principal of or interest on any LIBOR Rate Loan or failure by any such Borrower to complete a borrowing of, a prepayment of or conversion of or to a LIBOR Rate Loan after notice thereof has been given, including, but not limited to, any interest payable by Agent or Lenders to lenders of funds obtained by it in order to make or maintain its LIBOR Rate Loans hereunder. A certificate as to any additional amounts payable pursuant to the foregoing sentence submitted by Agent or any Lender to Borrowing Agent shall be conclusive absent manifest error.

(h) Notwithstanding any other provision hereof, if any Applicable Law, treaty, regulation or directive, or any change therein or in the interpretation or application thereof, including without limitation any Change in Law, shall make it unlawful for Lenders or any Lender (for purposes of this subsection (h), the term “Lender” shall include any Lender and the office or branch where any Lender or any Person controlling such Lender makes or maintains any LIBOR Rate Loans) to make or maintain its LIBOR Rate Loans, the obligation of Lenders (or such affected Lender) to make LIBOR Rate Loans hereunder shall forthwith be cancelled and Borrowers shall, if any affected LIBOR Rate Loans are then outstanding, promptly upon request from Agent, either pay all such affected LIBOR Rate Loans or convert such affected LIBOR Rate Loans into loans of another type. If any such payment or conversion of any LIBOR Rate Loan is made on a day that is not the last day of the Interest Period applicable to such LIBOR Rate Loan, Borrowers shall pay Agent, upon Agent’s request, such amount or amounts set forth in clause (g) above. A certificate as to any additional amounts payable pursuant to the foregoing sentence submitted by Lenders to Borrowing Agent shall be conclusive absent manifest error.

2.3. [Reserved]

2.4. Swing Loans.

(a) Subject to the terms and conditions set forth in this Agreement, and in order to minimize the transfer of funds between Lenders and Agent for administrative convenience, Agent, Lenders holding Commitments and Swing Loan Lender agree that in order to facilitate the administration of this Agreement, Swing Loan Lender may, at its election and option made in its sole discretion cancelable at any time for any reason whatsoever, make swing loan advances (“Swing Loans”) available to Borrowers as provided for in this Section 2.4 at any time or from time to time after the date hereof to, but not including, the expiration of the Term, in an aggregate principal amount up to but not in excess of the Maximum Swing Loan Advance Amount, provided that the outstanding aggregate principal amount of Swing Loans and the Revolving Advances at any one time outstanding shall not exceed an amount equal to the lesser of (i) the Maximum Revolving Advance Amount less the Maximum Undrawn Amount of all outstanding Letters of Credit or (ii) the Formula Amount and shall be subject to the sublimits in Section 2.1(a). All Swing Loans shall be Domestic Rate Loans only. Borrowers may borrow (at the option and election of Swing Loan Lender), repay and reborrow (at the option and election of Swing Loan Lender) Swing Loans and Swing Loan Lender may make Swing Loans as provided in this Section 2.4 during the period between Settlement Dates. All Swing Loans shall be evidenced by a secured promissory note (the “Swing Loan Note”) substantially in the form

attached hereto as Exhibit 2.4(a). Swing Loan Lender's agreement to make Swing Loans under this Agreement is cancelable at any time for any reason whatsoever and the making of Swing Loans by Swing Loan Lender from time to time shall not create any duty or obligation, or establish any course of conduct, pursuant to which Swing Loan Lender shall thereafter be obligated to make Swing Loans in the future

(b) Upon either (i) any request by Borrowing Agent for a Revolving Advance made pursuant to Section 2.2(a) hereof or (ii) the occurrence of any deemed request by Borrowers for a Revolving Advance pursuant to the provisions of the last sentence of Section 2.2(a) hereof, Swing Loan Lender may elect, in its sole discretion, to have such request or deemed request treated as a request for a Swing Loan, and may advance same day funds to Borrowers as a Swing Loan; provided that notwithstanding anything to the contrary provided for herein, Swing Loan Lender may not make Swing Loan Advances if Swing Loan Lender has been notified by Agent or by Required Lenders that one or more of the applicable conditions set forth in Section 8.2 of this Agreement have not been satisfied or the Commitments have been terminated for any reason.

(c) Upon the making of a Swing Loan (whether before or after the occurrence of a Default or an Event of Default and regardless of whether a Settlement has been requested with respect to such Swing Loan), each Lender holding a Commitment shall be deemed, without further action by any party hereto, to have unconditionally and irrevocably purchased from Swing Loan Lender, without recourse or warranty, an undivided interest and participation in such Swing Loan in proportion to its Commitment Percentage. Swing Loan Lender or Agent may, at any time, require the Lenders holding Commitments to fund such participations by means of a Settlement as provided for in Section 2.6(d) below. From and after the date, if any, on which any Lender holding a Commitment is required to fund, and funds, its participation in any Swing Loans purchased hereunder, Agent shall promptly distribute to such Lender its Commitment Percentage of all payments of principal and interest and all proceeds of Collateral received by Agent in respect of such Swing Loan; provided that no Lender holding a Commitment shall be obligated in any event to make Revolving Advances in an amount in excess of its Commitment Amount minus its Participation Commitment (taking into account any reallocations under Section 2.22) of the Maximum Undrawn Amount of all outstanding Letters of Credit.

2.5. Disbursement of Advance Proceeds. All Advances shall be disbursed from whichever office or other place Agent may designate from time to time and, together with any and all other Obligations of Borrowers to Agent or Lenders, shall be charged to Borrowers' Account or Sand Tiger's Account, as applicable, on Agent's books. The proceeds of each Revolving Advance or Swing Loan requested by Borrowing Agent on behalf of any Borrower or deemed to have been requested by any Borrower under Sections 2.2(a), 2.6(b) or 2.14 hereof shall, (i) with respect to requested Revolving Advances, to the extent Lenders make such Revolving Advances in accordance with Section 2.2(a), 2.6(b) or 2.14 hereof, and with respect to Swing Loans made upon any request by Borrowing Agent for a Revolving Advance to the extent Swing Loan Lender makes such Swing Loan in accordance with Section 2.4(b) hereof, be made available to the applicable Borrower on the day so requested by way of credit to such Borrower's operating account at PNC, or such other bank as Borrowing Agent may designate following

notification to Agent, in immediately available federal funds or other immediately available funds or, (ii) with respect to Revolving Advances deemed to have been requested by any Borrower or Swing Loans made upon any deemed request for a Revolving Advance by any Borrower, be disbursed to Agent to be applied to the outstanding Obligations giving rise to such deemed request. During the Term, Borrowers may use the Revolving Advances and Swing Loans by borrowing, prepaying and reborrowing, all in accordance with the terms and conditions hereof.

2.6. Making and Settlement of Advances

(a) Each borrowing of Revolving Advances shall be advanced according to the applicable Commitment Percentages of Lenders holding the Commitments (subject to any contrary terms of Section 2.22). Each borrowing of Swing Loans shall be advanced by Swing Loan Lender alone.

(b) Promptly after receipt by Agent of a request or a deemed request for a Revolving Advance pursuant to Section 2.2(a) and, with respect to Revolving Advances, to the extent Agent elects not to provide a Swing Loan or the making of a Swing Loan would result in the aggregate amount of all outstanding Swing Loans exceeding the maximum amount permitted in Section 2.4(a), Agent shall notify Lenders holding the Commitments of its receipt of such request specifying the information provided by Borrowing Agent and the apportionment among Lenders of the requested Revolving Advance as determined by Agent in accordance with the terms hereof. Each Lender shall remit the principal amount of each Revolving Advance to Agent such that Agent is able to, and Agent shall, to the extent the applicable Lenders have made funds available to it for such purpose and subject to Section 8.2, fund such Revolving Advance to Borrowers in U.S. Dollars and immediately available funds at the Payment Office prior to the close of business, on the applicable borrowing date; provided that if any applicable Lender fails to remit such funds to Agent in a timely manner, Agent may elect in its sole discretion to fund with its own funds the Revolving Advance of such Lender on such borrowing date, and such Lender shall be subject to the repayment obligation in Section 2.6(c) hereof.

(c) Unless Agent shall have been notified by telephone, confirmed in writing, by any Lender holding a Commitment that such Lender will not make the amount which would constitute its applicable Commitment Percentage of the requested Revolving Advance available to Agent, Agent may (but shall not be obligated to) assume that such Lender has made such amount available to Agent on such date in accordance with Section 2.6(b) and may, in reliance upon such assumption, make available to Borrowers a corresponding amount. Agent will promptly notify Borrowing Agent of its receipt of any such notice from a Lender. In such event, if a Lender has not in fact made its applicable Commitment Percentage of the requested Revolving Advance available to Agent, then the applicable Lender and Borrowers severally agree to pay to Agent on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to Borrowers through but excluding the date of payment to Agent, at (i) in the case of a payment to be made by such Lender, the greater of (A) (x) the daily average Federal Funds Effective Rate (computed on the basis of a year of 360 days) during such period as quoted by Agent, times (y) such amount or (B) a rate determined by Agent in accordance with banking industry rules on interbank compensation, and (ii) in the case of a payment to be made by Borrowers, the Revolving Interest Rate for Revolving

Advances that are Domestic Rate Loans. If such Lender pays its share of the applicable Revolving Advance to Agent, then the amount so paid shall constitute such Lender's Revolving Advance. Any payment by Borrowers shall be without prejudice to any claim Borrowers may have against a Lender holding a Commitment that shall have failed to make such payment to Agent. A certificate of Agent submitted to any Lender or Borrowers with respect to any amounts owing under this paragraph (c) shall be conclusive, in the absence of manifest error.

(d) Agent, on behalf of Swing Loan Lender, shall demand settlement (a "Settlement") of all or any Swing Loans with Lenders holding the Commitments on at least a weekly basis, or on any more frequent date that Agent elects or that Swing Loan Lender at its option exercisable for any reason whatsoever may request, by notifying Lenders holding the Commitments of such requested Settlement by facsimile, telephonic or electronic transmission no later than 3:00 p.m. on the date of such requested Settlement (the "Settlement Date"). Subject to any contrary provisions of Section 2.22, each Lender holding a Commitment shall transfer the amount of such Lender's Commitment Percentage of the outstanding principal amount (plus interest accrued thereon to the extent requested by Agent) of the applicable Swing Loan with respect to which Settlement is requested by Agent, to such account of Agent as Agent may designate not later than 5:00 p.m. on such Settlement Date if requested by Agent by 3:00 p.m., otherwise not later than 5:00 p.m. on the next Business Day. Settlements may occur at any time notwithstanding that the conditions precedent to making Revolving Advances set forth in Section 8.2 have not been satisfied or the Commitments shall have otherwise been terminated at such time. All amounts so transferred to Agent shall be applied against the amount of outstanding Swing Loans and, when so applied shall constitute Revolving Advances of such Lenders accruing interest as Domestic Rate Loans. If any such amount is not transferred to Agent by any Lender holding a Commitment on such Settlement Date, Agent shall be entitled to recover such amount on demand from such Lender together with interest thereon as specified in Section 2.6(c).

(e) If any Lender or Participant (a "Benefited Lender") shall at any time receive any payment of all or part of its Advances, or interest thereon, or receive any Collateral in respect thereof (whether voluntarily or involuntarily or by set-off) in a greater proportion than any such payment to and Collateral received by any other Lender, if any, in respect of such other Lender's Advances, or interest thereon, and such greater proportionate payment or receipt of Collateral is not expressly permitted hereunder, such Benefited Lender shall purchase for cash from the other Lenders a participation in such portion of each such other Lender's Advances, or shall provide such other Lender with the benefits of any such Collateral, or the proceeds thereof, as shall be necessary to cause such Benefited Lender to share the excess payment or benefits of such Collateral or proceeds ratably with each of the other Lenders; provided, however, that if all or any portion of such excess payment or benefits is thereafter recovered from such Benefited Lender, such purchase shall be rescinded, and the purchase price and benefits returned, to the extent of such recovery, but without interest. Each Borrower consents to the foregoing and agrees, to the extent it may effectively do so under Applicable Law, that each Lender so purchasing a portion of another Lender's Advances may exercise all rights of payment (including rights of set-off) with respect to such portion as fully as if such Lender were the direct holder of such portion, and the obligations owing to each such purchasing Lender in respect of such participation and such purchased portion of any other Lender's Advances shall be part of the

Obligations secured by the Collateral, and the obligations owing to each such purchasing Lender in respect of such participation and such purchased portion of any other Lender's Advances shall be part of the Obligations secured by the Collateral.

2.7. Maximum Advances. The aggregate balance of Revolving Advances plus Swing Loans outstanding at any time shall not exceed the lesser of (a) the Maximum Revolving Advance Amount less the aggregate Maximum Undrawn Amount of all issued and outstanding Letters of Credit or (b) the Formula Amount.

2.8. Manner and Repayment of Advances

(a) The Revolving Advances and Swing Loans shall be due and payable in full on the last day of the Term subject to earlier prepayment as herein provided. Notwithstanding the foregoing, all Advances shall be subject to earlier repayment upon (x) acceleration upon the occurrence and continuance of an Event of Default under this Agreement or (y) termination of this Agreement by the Borrowing Agent. Each payment (including each prepayment) by any Borrower (other than Sand Tiger) on account of the principal of and interest on the Advances shall be applied, first to the outstanding Swing Loans and next, pro rata according to the applicable Commitment Percentages of Lenders, to the outstanding Advances (subject to any contrary provisions of Section 2.22). Each payment (including each prepayment) by Sand Tiger on account of the principal of and interest on the Advances in respect of Sand Tiger shall be applied, first to the outstanding Swing Loans made in respect of Sand Tiger and next, pro rata according to the applicable Commitment Percentages of Lenders, to the outstanding Advances made in respect of Sand Tiger (subject to any contrary provisions of Section 2.22).

(b) Each Borrower recognizes that the amounts evidenced by checks, notes, drafts or any other items of payment relating to and/or proceeds of Collateral may not be collectible by Agent on the date received by Agent. Agent shall conditionally credit Borrowers' Account for each item of payment on the next Business Day after the Business Day on which such item of payment is received by Agent (and the Business Day on which each such item of payment is so credited shall be referred to, with respect to such item, as the "Application Date"). Agent is not, however, required to credit the applicable Borrowers' Account for the amount of any item of payment which is unsatisfactory to Agent and Agent may charge Borrowers' Account for the amount of any item of payment which is returned, for any reason whatsoever, to Agent unpaid. Subject to the foregoing, Borrowers agree that for purposes of computing the interest charges under this Agreement, each item of payment received by Agent shall be deemed applied by Agent on account of the Obligations on its respective Application Date. All proceeds received by Agent during a Trigger Period shall be applied to the Obligations in accordance with Section 4.8(h).

(c) All payments of principal, interest and other amounts payable hereunder, or under any of the Other Documents shall be made to Agent at the Payment Office not later than 1:00 p.m. on the due date therefor in Dollars in federal funds or other funds immediately available to Agent. Agent shall have the right to effectuate payment of any and all Obligations due and owing hereunder by charging the applicable Borrowers' Account or by making Advances as provided in Section 2.2 hereof.

(d) Except as expressly provided herein, all payments (including prepayments) to be made by any Borrower on account of principal, interest, fees and other amounts payable hereunder shall be made without deduction, setoff or counterclaim and shall be made to Agent on behalf of Lenders to the Payment Office, in each case on or prior to 1:00 p.m., in Dollars and in immediately available funds.

2.9. Repayment of Excess Advances. If at any time the aggregate balance of outstanding Revolving Advances, Swing Loans, and/or Advances taken as a whole exceeds the maximum amount of such type of Advances and/or Advances taken as a whole (as applicable) permitted hereunder, such excess Advances shall be immediately due and payable without the necessity of any demand, at the Payment Office, whether or not a Default or an Event of Default has occurred.

2.10. Statement of Account. Agent shall maintain, in accordance with its customary procedures, loan accounts ("Borrowers' Accounts"), one in the names of Borrowers other than Sand Tiger and one in the name of Sand Tiger for loans made to it, in which shall be recorded the date and amount of each Advance made by Agent or Lenders and the date and amount of each payment in respect thereof; provided, however, the failure by Agent to record the date and amount of any Advance shall not adversely affect Agent or any Lender. Each month, Agent shall send to Borrowing Agent a statement showing the accounting for the Advances made, payments made or credited in respect thereof, and other transactions between Agent, Lenders and Borrowers during such month. The monthly statements shall be deemed correct and binding upon Borrowers in the absence of manifest error and shall constitute an account stated between Lenders and Borrowers unless Agent receives a written statement of Borrowers' specific exceptions thereto within thirty (30) days after such statement is received by Borrowing Agent. The records of Agent with respect to the Borrowers' Accounts shall be conclusive evidence absent manifest error of the amounts of Advances and other charges thereto and of payments applicable thereto.

2.11. Letters of Credit.

(a) Subject to the terms and conditions hereof, Issuer shall issue or cause the issuance of standby and/or trade letters of credit denominated in Dollars ("Letters of Credit") for the account of any Borrower except to the extent that the issuance thereof would then cause the sum of (i) the outstanding Revolving Advances plus (ii) the outstanding Swing Loans, plus (iii) the Maximum Undrawn Amount of all outstanding Letters of Credit, plus (iv) the Maximum Undrawn Amount of the Letter of Credit to be issued to exceed the lesser of (x) the Maximum Revolving Advance Amount or (y) the Formula Amount (calculated without giving effect to the deductions provided for in Section 2.1(a)(y)(vi)). The Maximum Undrawn Amount of all outstanding Letters of Credit shall not exceed in the aggregate at any time the Letter of Credit Sublimit. All disbursements or payments related to Letters of Credit shall be deemed to be Domestic Rate Loans consisting of Revolving Advances and shall bear interest at the Revolving Interest Rate for Domestic Rate Loans. Letters of Credit that have not been drawn upon shall not bear interest (but fees shall accrue in respect of outstanding Letters of Credit as provided in Section 3.2 hereof).

(b) Notwithstanding any provision of this Agreement, Issuer shall not be under any obligation to issue any Letter of Credit if (i) any order, judgment or decree of any Governmental Body or arbitrator shall by its terms purport to enjoin or restrain Issuer from issuing any Letter of Credit, or any Law applicable to Issuer or any request or directive (whether or not having the force of law) from any Governmental Body with jurisdiction over Issuer shall prohibit, or request that Issuer refrain from, the issuance of letters of credit generally or the Letter of Credit in particular or shall impose upon Issuer with respect to the Letter of Credit any restriction, reserve or capital requirement (for which Issuer is not otherwise compensated hereunder) not in effect on the date of this Agreement, or shall impose upon Issuer any unreimbursed loss, cost or expense which was not applicable on the date of this Agreement, and which Issuer in good faith deems material to it, or (ii) the issuance of the Letter of Credit would violate one or more policies of Issuer applicable to letters of credit generally.

2.12. Issuance of Letters of Credit

(a) Borrowing Agent, on behalf of any Borrower, may request Issuer to issue or cause the issuance of a Letter of Credit by delivering to Issuer, with a copy to Agent at the Payment Office, prior to 1:00 p.m., at least five (5) Business Days prior to the proposed date of issuance, such Issuer's form of Letter of Credit Application (the "Letter of Credit Application") completed to the satisfaction of Agent and Issuer; and, such other certificates, documents and other papers and information as Agent or Issuer may reasonably request. Issuer shall not issue any requested Letter of Credit if such Issuer has received notice from Agent or any Lender that one or more of the applicable conditions set forth in Section 8.2 of this Agreement have not been satisfied or the commitments of Lenders to make Revolving Advances hereunder have been terminated for any reason.

(b) Each Letter of Credit shall, among other things, (i) provide for the payment of sight drafts, other written demands for payment, or acceptances of usance drafts when presented for honor thereunder in accordance with the terms thereof and when accompanied by the documents described therein and (ii) have an expiry date not later than twelve (12) months after such Letter of Credit's date of issuance and any automatic renewals thereof and in no event later than the last day of the Term. Each standby Letter of Credit shall be subject either to the Uniform Customs and Practice for Documentary Credits as most recently published by the International Chamber of Commerce at the time a Letter of Credit is issued (the "UCP") or the International Standby Practices (ISP98-International Chamber of Commerce Publication Number 590) (the "ISP98 Rules"), or any subsequent revision thereof at the time a standby Letter of Credit is issued, as determined by Issuer, and each trade Letter of Credit shall be subject to the UCP. In addition, no trade Letter of Credit may permit the presentation of an ocean bill of lading that includes a condition that the original bill of lading is not required to claim the goods shipped thereunder.

(c) Agent shall use its reasonable efforts to notify Lenders of the request by Borrowing Agent for a Letter of Credit hereunder.

2.13. Requirements For Issuance of Letters of Credit

(a) Borrowing Agent shall authorize and direct any Issuer to name the applicable Borrower as the “Applicant” or “Account Party” of each Letter of Credit. If Agent is not the Issuer of any Letter of Credit, Borrowing Agent shall authorize and direct the Issuer to deliver to Agent all instruments, documents, and other writings and property received by the Issuer pursuant to the Letter of Credit and to accept and rely upon Agent’s instructions and agreements with respect to all matters arising in connection with the Letter of Credit or the application therefor.

(b) In connection with all trade Letters of Credit issued or caused to be issued by Issuer under this Agreement, each Borrower hereby appoints Issuer, or its designee, as its attorney, with full power and authority if an Event of Default shall have occurred and continues: (i) to sign and/or endorse such Borrower’s name upon any warehouse or other receipts, and acceptances; (ii) to sign such Borrower’s name on bills of lading; (iii) to clear Inventory through the United States of America Customs Department or Canada Border Services Agency, as applicable, (“Customs”) in the name of such Borrower or Issuer or Issuer’s designee, and to sign and deliver to Customs officials powers of attorney in the name of such Borrower for such purpose; and (iv) to complete in such Borrower’s name or Issuer’s, or in the name of Issuer’s designee, any order, sale or transaction, obtain the necessary documents in connection therewith, and collect the proceeds thereof. Neither Agent, Issuer nor their attorneys will be liable for any acts or omissions nor for any error of judgment or mistakes of fact or law, except for Agent’s, Issuer’s or their respective attorney’s gross negligence or willful misconduct. This power, being coupled with an interest, is irrevocable as long as any Letters of Credit remain outstanding.

2.14. Disbursements, Reimbursement

(a) Immediately upon the issuance of each Letter of Credit, each Lender holding a Commitment shall be deemed to, and hereby irrevocably and unconditionally agrees to, purchase from Issuer a participation in each Letter of Credit and each drawing thereunder in an amount equal to such Lender’s Commitment Percentage of the Maximum Undrawn Amount of such Letter of Credit (as in effect from time to time) and the amount of such drawing, respectively.

(b) In the event of any request for a drawing under a Letter of Credit by the beneficiary or transferee thereof, Issuer will promptly notify Agent and Borrowing Agent. Regardless of whether Borrowing Agent shall have received such notice, Borrowers shall reimburse (such obligation to reimburse Issuer shall sometimes be referred to as a “Reimbursement Obligation”) Issuer prior to 12:00 Noon, on each date that an amount is paid by Issuer under any Letter of Credit (each such date, a “Drawing Date”) in an amount equal to the amount so paid by Issuer. In the event Borrowers fail to reimburse Issuer for the full amount of any drawing under any Letter of Credit by 12:00 Noon, on the Drawing Date, Issuer will promptly notify Agent and each Lender holding a Commitment thereof, and Borrowers shall be automatically deemed to have requested that a Revolving Advance maintained as a Domestic Rate Loan be made by Lenders to be disbursed on the Drawing Date under such Letter of Credit, and Lenders holding the Commitments shall be unconditionally obligated to fund such Revolving Advance (all whether or not the conditions specified in Section 8.2 are then satisfied

or the commitments of Lenders to make Revolving Advances hereunder have been terminated for any reason) as provided for in Section 2.14(c) immediately below. Any notice given by Issuer pursuant to this Section 2.14(b) may be oral if promptly confirmed in writing; provided that the lack of such a confirmation shall not affect the conclusiveness or binding effect of such notice.

(c) Each Lender holding a Commitment shall upon any notice pursuant to Section 2.14(b) make available to Issuer through Agent at the Payment Office an amount in immediately available funds equal to its Commitment Percentage (subject to any contrary provisions of Section 2.22) of the amount of the drawing, whereupon the participating Lenders shall (subject to Section 2.14(d)) each be deemed to have made a Revolving Advance maintained as a Domestic Rate Loan to Borrowers in that amount. If any Lender holding a Commitment so notified fails to make available to Agent, for the benefit of Issuer, the amount of such Lender's Commitment Percentage of such amount by 2:00 p.m. on the Drawing Date, then interest shall accrue on such Lender's obligation to make such payment, from the Drawing Date to the date on which such Lender makes such payment (i) at a rate per annum equal to the Federal Funds Effective Rate during the first three (3) days following the Drawing Date and (ii) at a rate per annum equal to the rate applicable to Revolving Advances maintained as a Domestic Rate Loan on and after the fourth day following the Drawing Date. Agent and Issuer will promptly give notice of the occurrence of the Drawing Date, but failure of Agent or Issuer to give any such notice on the Drawing Date or in sufficient time to enable any Lender holding a Commitment to effect such payment on such date shall not relieve such Lender from its obligations under this Section 2.14(c), provided that such Lender shall not be obligated to pay interest as provided in Section 2.14(c)(i) and (ii) until and commencing from the date of receipt of notice from Agent or Issuer of a drawing.

(d) With respect to any unreimbursed drawing that is not converted into a Revolving Advance maintained as a Domestic Rate Loan to Borrowers in whole or in part as contemplated by Section 2.14(b), because of Borrowers' failure to satisfy the conditions set forth in Section 8.2 hereof (other than any notice requirements) or for any other reason, Borrowers shall be deemed to have incurred from Agent, subject to Section 16.19, a borrowing (each a "Letter of Credit Borrowing") in the amount of such drawing. Such Letter of Credit Borrowing shall be due and payable on demand (together with interest) and shall bear interest at the rate per annum applicable to a Revolving Advance maintained as a Domestic Rate Loan. Each applicable Lender's payment to Agent pursuant to Section 2.14(c) shall be deemed to be a payment in respect of its participation in such Letter of Credit Borrowing and shall constitute a "Participation Advance" from such Lender in satisfaction of its Participation Commitment in respect of the applicable Letter of Credit under this Section 2.14.

(e) Each applicable Lender's Participation Commitment in respect of the Letters of Credit shall continue until the last to occur of any of the following events: (x) Issuer ceases to be obligated to issue or cause to be issued Letters of Credit hereunder; (y) no Letter of Credit issued or created hereunder remains outstanding and uncanceled; and (z) all Persons (other than Borrowers) have been fully reimbursed for all payments made under or relating to Letters of Credit.

2.15. Repayment of Participation Advances

(a) Upon (and only upon) receipt by Agent for the account of Issuer of immediately available funds from Borrowers (i) in reimbursement of any payment made by Issuer or Agent under the Letter of Credit with respect to which any Lender has made a Participation Advance to Agent, or (ii) in payment of interest on such a payment made by Issuer or Agent under such a Letter of Credit, Agent will pay to each Lender holding a Commitment, in the same funds as those received by Agent, the amount of such Lender's Commitment Percentage of such funds, except Agent shall retain the amount of the Commitment Percentage of such funds of any Lender holding a Commitment that did not make a Participation Advance in respect of such payment by Agent (and, to the extent that any of the other Lender(s) holding the Commitment have funded any portion such Defaulting Lender's Participation Advance in accordance with the provisions of Section 2.22, Agent will pay over to such Non-Defaulting Lenders a pro rata portion of the funds so withheld from such Defaulting Lender).

(b) If Issuer or Agent is required at any time to return to any Borrower, or to a trustee, receiver, liquidator, monitor, custodian, or any official in any insolvency proceeding, any portion of the payments made by Borrowers to Issuer or Agent pursuant to Section 2.15(a) in reimbursement of a payment made under the Letter of Credit or interest or fee thereon, each applicable Lender shall, on demand of Agent, forthwith return to Issuer or Agent the amount of its Commitment Percentage of any amounts so returned by Issuer or Agent plus interest at the Federal Funds Effective Rate.

2.16. Documentation. Each Borrower agrees to be bound by the terms of the Letter of Credit Application and by Issuer's interpretations of any Letter of Credit issued on behalf of such Borrower and by Issuer's written regulations and customary practices relating to letters of credit, though Issuer's interpretations may be different from such Borrower's own. In the event of a conflict between the Letter of Credit Application and this Agreement, this Agreement shall govern. It is understood and agreed that, except in the case of gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final non-appealable judgment), Issuer shall not be liable for any error, negligence and/or mistakes, whether of omission or commission, in following Borrowing Agent's or any Borrower's instructions or those contained in the Letters of Credit or any modifications, amendments or supplements thereto.

2.17. Determination to Honor Drawing Request. In determining whether to honor any request for drawing under any Letter of Credit by the beneficiary thereof, Issuer shall be responsible only to determine that the documents and certificates required to be delivered under such Letter of Credit have been delivered and that they comply on their face with the requirements of such Letter of Credit and that any other drawing condition appearing on the face of such Letter of Credit has been satisfied in the manner so set forth.

2.18. Nature of Participation and Reimbursement Obligations The obligation of each Lender holding a Commitment in accordance with this Agreement to make the Revolving Advances or Participation Advances as a result of a drawing under a Letter of Credit, and the obligations of Borrowers to reimburse Issuer upon a draw under a Letter of Credit, shall be absolute, unconditional and irrevocable, and shall be performed strictly in accordance with the terms of this Section 2.18 under all circumstances, including the following circumstances:

(i) any set-off, counterclaim, recoupment, defense or other right which such Lender or any Borrower, as the case may be, may have against Issuer, Agent, any Borrower or Lender, as the case may be, or any other Person for any reason whatsoever;

(ii) the failure of any Borrower or any other Person to comply, in connection with a Letter of Credit Borrowing, with the conditions set forth in this Agreement for the making of a Revolving Advance, it being acknowledged that such conditions are not required for the making of a Letter of Credit Borrowing and the obligation of Lenders to make Participation Advances under Section 2.14;

(iii) any lack of validity or enforceability of any Letter of Credit;

(iv) any claim of breach of warranty that might be made by any Borrower, Agent, Issuer or any Lender against the beneficiary of a Letter of Credit, or the existence of any claim, set-off, recoupment, counterclaim, cross-claim, defense or other right which any Borrower, Agent, Issuer or any Lender may have at any time against a beneficiary, any successor beneficiary or any transferee of any Letter of Credit or assignee of the proceeds thereof (or any Persons for whom any such transferee or assignee may be acting), Issuer, Agent or any Lender or any other Person, whether in connection with this Agreement, the transactions contemplated herein or any unrelated transaction (including any underlying transaction between any Borrower or any Subsidiaries of such Borrower and the beneficiary for which any Letter of Credit was procured);

(v) the lack of power or authority of any signer of (or any defect in or forgery of any signature or endorsement on) or the form of or lack of validity, accuracy, enforceability or genuineness of any draft, demand, instrument, certificate or other document presented under or in connection with any Letter of Credit, or any fraud or alleged fraud in connection with any Letter of Credit, or the transport of any property or provision of services relating to a Letter of Credit, in each case even if Issuer or any of Issuer's Affiliates has been notified thereof;

(vi) payment by Issuer under any Letter of Credit against presentation of a demand, draft or certificate or other document which is forged or does not fully comply with the terms of such Letter of Credit (provided that the foregoing shall not excuse Issuer from any obligation under the terms of any applicable Letter of Credit to require the presentation of documents that on their face appear to satisfy any applicable requirements for drawing under such Letter of Credit prior to honoring or paying any such draw);

(vii) the solvency of, or any acts or omissions by, any beneficiary of any Letter of Credit, or any other Person having a role in any transaction or obligation relating to a Letter of Credit, or the existence, nature, quality, quantity, condition, value or other characteristic of any property or services relating to a Letter of Credit;

(viii) any failure by Issuer or any of Issuer's Affiliates to issue any Letter of Credit in the form requested by Borrowing Agent, unless Agent and Issuer have each received written notice from Borrowing Agent of such failure within three (3) Business Days after Issuer shall have furnished Agent and Borrowing Agent a copy of such Letter of Credit and such error is material and no drawing has been made thereon prior to receipt of such notice;

(ix) the occurrence of any Material Adverse Effect;

(x) any breach of this Agreement or any Other Document by any party thereto;

(xi) the occurrence or continuance of an insolvency proceeding with respect to any Borrower or any Guarantor;

(xii) the fact that a Default or an Event of Default shall have occurred and be continuing; and

(xiii) the fact that the Term shall have expired or this Agreement or the obligations of Lenders to make Advances have been terminated.

2.19. Liability for Acts and Omissions.

(a) As between Borrowers and Issuer, Swing Loan Lender, Agent and Lenders, each Borrower assumes all risks of the acts and omissions of, or misuse of the Letters of Credit by, the respective beneficiaries of such Letters of Credit, other than the gross negligence or willful misconduct of the Agent as determined by a final and non-appealable judgment of a court of competent jurisdiction. In furtherance and not in limitation of the foregoing, Issuer shall not be responsible for: (i) the form, validity, accuracy, genuineness or legal effect of any document submitted by any party in connection with the application for an issuance of any such Letter of Credit, even if it should in fact prove to be in any or all respects invalid, insufficient, inaccurate, fraudulent or forged (even if Issuer or any of its Affiliates shall have been notified thereof); (ii) the validity or sufficiency of any instrument transferring or assigning or purporting to transfer or assign any such Letter of Credit or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason; (iii) the failure of the beneficiary of any such Letter of Credit, or any other party to which such Letter of Credit may be transferred, to comply fully with any conditions required in order to draw upon such Letter of Credit or any other claim of any Borrower against any beneficiary of such Letter of Credit, or any such transferee, or any dispute between or among any Borrower and any beneficiary of any Letter of Credit or any such transferee; (iv) errors, omissions, interruptions or delays in transmission or delivery of any messages, by mail, cable, facsimile, telex or otherwise, whether or not they be in cipher; (v) errors in interpretation of technical terms; (vi) any loss or delay in the transmission or otherwise of any document required in order to make a drawing under any such Letter of Credit or of the proceeds thereof; (vii) the misapplication by the beneficiary of any such Letter of Credit of the proceeds of any drawing under such Letter of Credit; or (viii) any consequences arising from causes beyond the control of Issuer, including any Governmental Acts, and none of the above shall affect or impair, or prevent the vesting of, any of Issuer's rights or powers hereunder. Nothing in the preceding sentence

shall relieve Issuer from liability for Issuer's gross negligence or willful misconduct (as determined by a court of competent jurisdiction in a final non-appealable judgment) in connection with actions or omissions described in such clauses (i) through (viii) of such sentence. In no event shall Issuer or Issuer's Affiliates be liable to any Borrower for any indirect, consequential, incidental, punitive, exemplary or special damages or expenses (including without limitation attorneys' fees), or for any damages resulting from any change in the value of any property relating to a Letter of Credit.

(b) Without limiting the generality of the foregoing, Issuer and each of its Affiliates: (i) may rely on any oral or other communication believed in good faith by Issuer or such Affiliate to have been authorized or given by or on behalf of the applicant for a Letter of Credit; (ii) may honor any presentation if the documents presented appear on their face substantially to comply with the terms and conditions of the relevant Letter of Credit; (iii) may honor a previously dishonored presentation under a Letter of Credit, whether such dishonor was pursuant to a court order, to settle or compromise any claim of wrongful dishonor, or otherwise, and shall be entitled to reimbursement to the same extent as if such presentation had initially been honored, together with any interest paid by Issuer or its Affiliates; (iv) may honor any drawing that is payable upon presentation of a statement advising negotiation or payment, upon receipt of such statement (even if such statement indicates that a draft or other document is being delivered separately), and shall not be liable for any failure of any such draft or other document to arrive, or to conform in any way with the relevant Letter of Credit; (v) may pay any paying or negotiating bank claiming that it rightfully honored under the laws or practices of the place where such bank is located; and (vi) may settle or adjust any claim or demand made on Issuer or its Affiliate in any way related to any order issued at the applicant's request to an air carrier, a letter of guarantee or of indemnity issued to a steamship agent or carrier or any document or instrument of like import (each an "Order") and honor any drawing in connection with any Letter of Credit that is the subject of such Order, notwithstanding that any drafts or other documents presented in connection with such Letter of Credit fail to conform in any way with such Letter of Credit.

(c) In furtherance and extension and not in limitation of the specific provisions set forth above, any action taken or omitted by Issuer under or in connection with the Letters of Credit issued by it or any documents and certificates delivered thereunder, if taken or omitted in good faith and without gross negligence (as determined by a court of competent jurisdiction in a final non-appealable judgment), shall not put Issuer under any resulting liability to any Borrower, Agent or any Lender.

2.20. Mandatory Prepayments.

(a) Subject to Section 7.1 hereof, when any Borrower sells or otherwise disposes of any Collateral other than Inventory in the ordinary course of business or as otherwise permitted under this Agreement, each applicable Borrower shall repay the Advances made for its benefit and/or made directly or indirectly to it in an amount equal to the net proceeds of such sale (i.e., gross proceeds less the reasonable direct costs of such sales or other dispositions) if such net proceeds are in excess of \$1,000,000, such repayments to be made promptly but in no event more than one (1) Business Day following receipt of such net proceeds, and until the date of payment, such proceeds shall be and shall be deemed to be held in trust exclusively for Agent.

The foregoing shall not be deemed to be implied consent to any such sale otherwise prohibited by the terms and conditions hereof. Such repayments shall be applied to the remaining Advances made for its benefit and/or made directly or indirectly to it (including cash collateralization of all Obligations relating to any outstanding Letters of Credit (issued in the case of Sand Tiger on its behalf only) in accordance with the provisions of Section 3.2(b); provided however that if no Default or Event of Default has occurred and is continuing, such repayments shall be applied to cash collateralize any Obligations related to outstanding Letters of Credit last) in such order as Agent may determine, subject to Borrowers' ability to reborrow Revolving Advances in accordance with the terms hereof or (ii) if the Collateral disposed of is equipment other than as set forth in (i) above or other Collateral, to the remaining Advances made for its benefit and/or made directly or indirectly to it (including cash collateralization of all Obligations relating to any outstanding Letters of Credit in accordance with the provisions of Section 3.2(b), provided however that if no Default or Event of Default has occurred and is continuing, such repayments shall be applied to cash collateralize any Obligations related to outstanding Letters of Credit last) in such order as Agent may determine, subject to Borrowers' ability to reborrow Revolving Advances in accordance with the terms hereof. Any such repayment shall not reduce the Maximum Revolving Advance Amount.

(b) Upon the consummation of any Qualified IPO, each applicable Borrower shall repay the Advances made for its benefit and/or made directly or indirectly to it in an amount necessary to cause Borrowers' Excess Availability to at least equal to \$75,000,000 after giving effect to such repayment, such repayments to be made promptly but in no event more than one (1) Business Day following receipt of such net proceeds, and until the date of payment, such proceeds shall be held in trust for Agent. Any such repayment shall not reduce the Maximum Revolving Advance Amount.

(c) During any Trigger Period, in the event of any issuance or other incurrence of Indebtedness (other than Indebtedness described in clause (i) of the definition of Permitted Indebtedness) by Borrowers, each applicable Borrower shall, no later than one (1) Business Day after the receipt by Borrowers of the cash proceeds from any such issuance or incurrence of Indebtedness, repay the Advances made for its benefit and/or made directly or indirectly to it in an amount equal to one hundred percent (100%) of such cash proceeds of such incurrence or issuance of Indebtedness. Any such repayment shall not reduce the Maximum Revolving Advance Amount.

(d) During any Trigger Period, all proceeds received by Borrowers or Agent (i) under any insurance policy on account of damage or destruction of any assets or property of any Borrowers, or (ii) as a result of any taking or condemnation of any assets or property shall be applied in accordance with Section 6.6 hereof.

2.21. Use of Proceeds.

(a) Borrowers shall apply the proceeds of Advances to (i) repay existing indebtedness of the Borrowers on the Closing Date, (ii) pay fees and expenses relating to the Transactions, and (iii) provide for the Borrowers' general business purposes, including working capital requirements, making Capital Expenditures, making Permitted Acquisitions, making debt payments (but not prepayments on debt other than Advances) when due and making distributions and dividends, in each case, to the extent not prohibited under this Agreement.

(b) Without limiting the generality of Section 2.21(a) above, neither the Borrowers, the Guarantors nor any other Person which may in the future become party to this Agreement or the Other Documents as a Borrower or Guarantor, intends to use nor shall they use any portion of the proceeds of the Advances, directly or indirectly, for any purpose in violation of Applicable Law.

2.22. Defaulting Lender.

(a) Notwithstanding anything to the contrary contained herein, in the event any Lender is a Defaulting Lender, all rights and obligations hereunder of such Defaulting Lender and of the other parties hereto shall be modified to the extent of the express provisions of this Section 2.22 so long as such Lender is a Defaulting Lender.

(b) (i) except as otherwise expressly provided for in this Section 2.22, Revolving Advances shall be made pro rata from Lenders holding Commitments which are not Defaulting Lenders based on their respective Commitment Percentages, and no Commitment Percentage of any Lender or any pro rata share of any Revolving Advances required to be advanced by any Lender shall be increased as a result of any Lender being a Defaulting Lender. Amounts received in respect of principal of any type of Revolving Advances shall be applied to reduce such type of Revolving Advances of each Lender (other than any Defaulting Lender) holding a Commitment in accordance with their Commitment Percentages; provided, that, Agent shall not be obligated to transfer to a Defaulting Lender any payments received by Agent for Defaulting Lender's benefit, nor shall a Defaulting Lender be entitled to the sharing of any payments hereunder (including any principal, interest or fees). Amounts payable to a Defaulting Lender shall instead be paid to or retained by Agent. Agent may hold and, in its discretion, re-lend to a Borrower the amount of such payments received or retained by it for the account of such Defaulting Lender.

(ii) fees pursuant to Section 3.3 hereof shall cease to accrue in favor of such Defaulting Lender.

(iii) if any Swing Loans are outstanding or any Letters of Credit (or drawings under any Letter of Credit for which Issuer has not been reimbursed) are outstanding or exist at the time any such Lender holding a Commitment becomes a Defaulting Lender, then:

(A) Defaulting Lender's Participation Commitment in the outstanding Swing Loans and of the Maximum Undrawn Amount of all outstanding Letters of Credit shall be reallocated among Non-Defaulting Lenders holding Commitments in proportion to the respective Commitment Percentages of such Non-Defaulting Lenders to the extent (but only to the extent) that (x) such reallocation does not cause the aggregate sum of outstanding Revolving Advances made by any such Non-Defaulting Lender holding a Commitment plus such Lender's reallocated Participation Commitment in the outstanding Swing Loans plus such Lender's reallocated Participation Commitment in the aggregate Maximum Undrawn Amount of all outstanding Letters of Credit to exceed the Commitment Amount of any such Non-Defaulting Lender, and (y) no Default or Event of Default has occurred and is continuing at such time;

(B) if the reallocation described in clause (A) above cannot, or can only partially, be effected, Borrowers shall within one Business Day following notice by Agent (x) first, prepay any outstanding Swing Loans that cannot be reallocated, and (y) second, cash collateralize for the benefit of Issuer, Borrowers' obligations corresponding to such Defaulting Lender's Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit (after giving effect to any partial reallocation pursuant to clause (A) above) in accordance with Section 3.2(b) for so long as such Obligations are outstanding;

(C) if Borrowers cash collateralize any portion of such Defaulting Lender's Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit pursuant to clause (B) above, Borrowers shall not be required to pay any fees to such Defaulting Lender pursuant to Section 3.2(a) with respect to such Defaulting Lender's Commitment Percentage of Maximum Undrawn Amount of all Letters of Credit during the period such Defaulting Lender's Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit are cash collateralized;

(D) if Defaulting Lender's Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit is reallocated pursuant to clause (A) above, then the fees payable to Lenders holding Commitments pursuant to Section 3.2(a) shall be adjusted and reallocated to Non-Defaulting Lenders holding Commitments in accordance with such reallocation; and

(E) if all or any portion of such Defaulting Lender's Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit is neither reallocated nor cash collateralized pursuant to clauses (A) or (B) above, then, without prejudice to any rights or remedies of Issuer or any other Lender hereunder, all Letter of Credit Fees payable under Section 3.2(a) with respect to such Defaulting Lender's Commitment Percentage of the Maximum Undrawn Amount of all Letters of Credit shall be payable to the Issuer (and not to such Defaulting Lender) until (and then only to the extent that) such Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit is reallocated and/or cash collateralized; and

(iv) so long as any Lender holding a Commitment is a Defaulting Lender, Swing Loan Lender shall not be required to fund any Swing Loans and Issuer shall not be required to issue, amend or increase any Letter of Credit, unless such Issuer is satisfied that the related exposure and Defaulting Lender's Participation Commitment in the Maximum Undrawn Amount of all Letters of Credit and all Swing Loans (after giving effect to any such issuance, amendment, increase or funding) will be fully allocated to Non-Defaulting Lenders holding Commitments and/or cash collateral for such Letters of Credit will be provided by Borrowers in accordance with clause (A) and (B) above, and participating interests in any newly made Swing Loan or any newly issued or increased Letter of Credit shall be allocated among Non-Defaulting Lenders in a manner consistent with Section 2.22(b)(iii)(A) above (and such Defaulting Lender shall not participate therein).

(c) A Defaulting Lender shall not be entitled to give instructions to Agent or to approve, disapprove, consent to or vote on any matters relating to this Agreement and the Other Documents, and all amendments, waivers and other modifications of this Agreement and the Other Documents may be made without regard to a Defaulting Lender and, for purposes of the definition of "Required Lenders", a Defaulting Lender shall not be deemed to be a Lender, to have any outstanding Advances or a Commitment Percentage provided, that this clause (c) shall not apply to the vote of a Defaulting Lender in the case of an amendment, waiver or other modification described in clauses (i) or (ii) of Section 16.2(b).

(d) Other than as expressly set forth in this Section 2.22, the rights and obligations of a Defaulting Lender (including the obligation to indemnify Agent) and the other parties hereto shall remain unchanged. Nothing in this Section 2.22 shall be deemed to release any Defaulting Lender from its obligations under this Agreement and the Other Documents, shall alter such obligations, shall operate as a waiver of any default by such Defaulting Lender hereunder, or shall prejudice any rights which any Borrower, Agent or any Lender may have against any Defaulting Lender as a result of any default by such Defaulting Lender hereunder.

(e) In the event that Agent, Borrowers, Swing Loan Lender and Issuer agree in writing that a Defaulting Lender has adequately remedied all matters that caused such Lender to be a Defaulting Lender, then Agent will so notify the parties hereto, and, if such cured Defaulting Lender is a Lender holding a Commitment, then Participation Commitments of Lenders holding Commitments (including such cured Defaulting Lender) of the Swing Loans and Maximum Undrawn Amount of all outstanding Letters of Credit shall be reallocated to reflect the inclusion of such Lender's Commitment, and on such date such Lender shall purchase at par such of the Revolving Advances of the other Lenders as Agent shall determine may be necessary in order for such Lender to hold such Revolving Advances in accordance with its Commitment Percentage.

(f) If Swing Loan Lender or Issuer has a good faith belief that any Lender holding a Commitment has defaulted in fulfilling its obligations under one or more other agreements in which such Lender commits to extend credit, Swing Loan Lender shall not be required to fund any Swing Loans and Issuer shall not be required to issue, amend or increase any Letter of Credit, unless Swing Loan Lender or Issuer, as the case may be, shall have entered into arrangements with Borrowers or such Lender, satisfactory to Swing Loan Lender or Issuer, as the case may be, to defease any risk to it in respect of such Lender hereunder.

2.23. Payment of Obligations. Agent may charge to Borrowers' Account or Sand Tiger's Account, as applicable, a Revolving Advance or, at the discretion of Swing Loan Lender, as a Swing Loan (i) all payments with respect to any of the Obligations or Obligations of Sand Tiger, as applicable, required hereunder (including without limitation principal payments, payments of interest, payments of Letter of Credit Fees and all other fees provided for hereunder and payments under Sections 16.5 and 16.9) as and when each such payment shall become due and payable (whether as regularly scheduled, upon or after acceleration, upon maturity or otherwise), (ii) without limiting the generality of the foregoing clause (i), (a) all amounts expended by Agent or any Lender pursuant to Sections 4.2 or 4.3 hereof and (b) all respective expenses which Agent incurs in connection with the forwarding of Advance proceeds and the establishment and maintenance of any Blocked Accounts or Depository Accounts as provided for

in Section 4.8(h), and (iii) any sums expended by Agent or any Lender due to any Borrower's failure to perform or comply with its obligations under this Agreement or any Other Document including any Borrower's obligations under Sections 3.3, 3.4, 4.3, 4.6, 6.4, 6.6, 6.7 and 6.8 hereof, and all amounts so charged shall be added to the Obligations or Obligations of Sand Tiger, as applicable, and shall be secured by the Collateral securing the applicable Obligations. To the extent Revolving Advances are not actually funded by the other Lenders in respect of any such amounts so charged, all such amounts so charged shall be deemed to be Revolving Advances made by and owing to Agent and Agent shall be entitled to all rights (including accrual of interest) and remedies of a Lender under this Agreement and the Other Documents with respect to such Revolving Advances.

2.24. Increase in Maximum Revolving Advance Amount

(a) Borrowers may request that the Maximum Revolving Advance Amount be increased by (1) one or more of the current Lenders increasing their Commitment Amount (any current Lender which elects to increase its Commitment Amount shall be referred to as an "Increasing Lender") or (2) one or more new lenders (each a "New Lender") joining this Agreement and providing a Commitment Amount hereunder, subject to the following terms and conditions:

(i) No current Lender shall be obligated to increase its Commitment Amount and any increase in the Commitment Amount by any current Lender shall be in the sole discretion of such current Lender;

(ii) There shall exist no Event of Default or Default on the effective date of such increase after giving effect to such increase;

(iii) After giving effect to such increase, the Maximum Revolving Advance Amount shall not exceed \$250,000,000;

(iv) Borrowers may not request an increase in the Maximum Revolving Advance Amount under this Section 2.24 more than three (3) times during the Term, and no single such increase in the Maximum Revolving Advance Amount shall be for an amount less than \$20,000,000, and all such increases in the Maximum Revolving Advance Amount shall not exceed \$80,000,000 in the aggregate;

(v) Borrowers shall deliver to Agent on or before the effective date of such increase the following documents in form and substance satisfactory to Agent: (1) certifications of their corporate secretaries with attached resolutions certifying that the increase in the Commitment Amounts has been approved by such Borrowers, (2) certificate dated as of the effective date of such increase certifying that no Default or Event of Default shall have occurred and be continuing and certifying that the representations and warranties made by each Borrower herein and in the Other Documents are true and correct in all material respects (or, if such representation and warranty is, by its terms, limited by materiality (including a Material Adverse Effect), then such representation and warranty shall be true in all respects) on and as of such date as if made on and as of such date (except to the extent any such representation or warranty specifically relates to a certain prior date), (3) such other agreements,

instruments and information (including supplements or modifications to this Agreement and/or the Other Documents executed by Borrowers as Agent reasonably deems necessary in order to document the increase to the Maximum Revolving Advance Amount and to protect, preserve and continue the perfection and priority of the liens, security interests, rights and remedies of Agent and Lenders hereunder and under the Other Documents in light of such increase, and (4) an opinion of counsel in form and substance satisfactory to Agent which shall cover such matters related to such increase as Agent may reasonably require and each Borrower hereby authorizes and directs such counsel to deliver such opinions to Agent and Lenders;

(vi) Borrowers shall execute and deliver (1) to each Increasing Lender a replacement Note or Notes reflecting the new amount of such Increasing Lender's Commitment Amount after giving effect to the increase (and the prior Note or Notes issued to such Increasing Lender shall be deemed to be cancelled) and (2) to each New Lender a Note or Notes reflecting the amount of such New Lender's Commitment Amount;

(vii) Any New Lender shall be subject to the reasonable satisfaction of the Agent;

(viii) Each Increasing Lender shall confirm its agreement to increase its Commitment Amount pursuant to an acknowledgement in a form reasonably acceptable to Agent, signed by it and each Borrower and delivered to Agent at least five (5) days before the effective date of such increase; and

(ix) Each New Lender shall execute a lender joinder in substantially the form of Exhibit 2.24 pursuant to which such New Lender shall join and become a party to this Agreement and the Other Documents with a Commitment Amount as set forth in such lender joinder.

(b) On the effective date of such increase, (i) Borrowers shall repay all Revolving Advances then outstanding, subject to Borrowers' obligations under Sections 3.7, 3.9, or 3.10; provided that subject to the other conditions of this Agreement, the Borrowing Agent may request new Revolving Advances on such date and (ii) the Commitment Percentages of Lenders holding a Commitment (including each Increasing Lender and/or New Lender) shall be recalculated such that each such Lender's Commitment Percentage is equal to (x) the Commitment Amount of such Lender divided by (y) the aggregate of the Commitment Amounts of all Lenders. Each Lender shall participate in any new Revolving Advances made on or after such date in accordance with its Commitment Percentage after giving effect to the increase in the Maximum Revolving Advance Amount and recalculation of the Commitment Percentages contemplated by this Section 2.24.

(c) On the effective date of such increase, each Increasing Lender shall be deemed to have purchased an additional/increased participation in, and each New Lender will be deemed to have purchased a new participation in, each then outstanding Letter of Credit and each drawing thereunder and each then outstanding Swing Loan in an amount equal to such Lender's Commitment Percentage (as calculated pursuant to Section 2.24(b) above) of the Maximum Undrawn Amount of each such Letter of Credit (as in effect from time to time) and the amount of each drawing and of each such Swing Loan, respectively. As necessary to effectuate the

foregoing, each existing Lender holding a Commitment Percentage that is not an Increasing Lender shall be deemed to have sold to each applicable Increasing Lender and/or New Lender, as necessary, a portion of such existing Lender's participations in such outstanding Letters of Credit and drawings and such outstanding Swing Loans such that, after giving effect to all such purchases and sales, each Lender holding a Commitment (including each Increasing Lender and/or New Lender) shall hold a participation in all Letters of Credit (and drawings thereunder) and all Swing Loans in accordance with their respective Commitment Percentages (as calculated pursuant to Section 2.24(b) above).

(d) On the effective date of such increase, Borrowers shall pay all reasonable out-of-pocket costs and expenses incurred by Agent and by each Increasing Lender and New Lender in connection with the negotiations regarding, and the preparation, negotiation, execution and delivery of all agreements and instruments executed and delivered by any of Agent, Borrowers and/or Increasing Lenders and New Lenders in connection with, such increase (including all fees for any supplemental or additional public filings of any Other Documents necessary to protect, preserve and continue the perfection and priority of the liens, security interests, rights and remedies of Agent and Lenders hereunder and under the Other Documents in light of such increase).

(e) Each of the parties hereto hereby agrees that, upon the effectiveness of any increase to the Commitments provided for under this Section 2.24, this Agreement shall be amended to the extent (but only to the extent) necessary to reflect the existence of such increase and the Advances provided for in connection therewith, and any such amendment may, without the consent of the other Lenders, effect such amendments to this Agreement and the Other Documents as may be necessary or appropriate, in the reasonable opinion of the Agent and Borrowers, to effectuate the provisions of this Section 2.24 and, for the avoidance of doubt, this Section 2.24(e) shall supersede any contrary provisions in Section 16.2.

2.25. Reduction of Maximum Revolving Advance Amount. Borrowing Agent may no more than once during each period of twelve months, on at least three (3) Business Days' prior written notice received by Agent (which shall promptly advise each Lender thereof) permanently reduce the Maximum Revolving Advance Amount, minimum increments of \$10,000,000 to an amount not less than the amount of the then outstanding Advances. All reductions of the Maximum Revolving Advance Amount shall be applied ratably among the Lenders according to their respective Commitment Amounts. For the avoidance of doubt, voluntary prepayments on the unutilized portion of the Maximum Revolving Advance Amount coupled with any permanent reduction of the Maximum Revolving Advance Amount effected pursuant to the immediately preceding sentence will be subject to (x) payment of (i) if such permanent reduction is effective prior to the first anniversary of the Closing Date, fees contemplated in Section 13.1 hereof and (ii) breakage costs in the case of a prepayment of LIBOR Rate Loans other than on the last day of the relevant Interest Period, and (y) any other provisions contained in this Agreement.

III. INTEREST AND FEES.

3.1. Interest. Interest on Advances shall be payable in arrears on the first day of each month with respect to Domestic Rate Loans and, with respect to LIBOR Rate Loans, at (a) the end of each Interest Period or (b) for LIBOR Rate Loans with an interest period in excess of

three months, at the end of each three month period during such Interest Period, provided further that all accrued and unpaid interest shall be due and payable at the end of the Term. Interest charges shall be computed on the actual principal amount of Advances outstanding during the month at a rate per annum equal to (i) with respect to Revolving Advances, the Revolving Interest Rate and (ii) with respect to Swing Loans, the Revolving Interest Rate for Domestic Rate Loans. Except as expressly provided otherwise in this Agreement, any Obligations other than the Advances that are not paid when due shall accrue interest at the Revolving Interest Rate for Domestic Rate Loans, subject to the provision of the final sentence of this Section 3.1 regarding the Default Rate. Whenever, subsequent to the date of this Agreement, the Alternate Base Rate is increased or decreased, the Revolving Interest Rate for Domestic Rate Loans shall be similarly changed without notice or demand of any kind by an amount equal to the amount of such change in the Alternate Base Rate during the time such change or changes remain in effect. The LIBOR Rate shall be adjusted with respect to LIBOR Rate Loans without notice or demand of any kind on the effective date of any change in the Reserve Percentage as of such effective date. Upon and after the occurrence of an Event of Default, and during the continuation thereof, at the option of Agent or at the direction of Required Lenders (or, in the case of any Event of Default under Section 10.7, immediately and automatically upon the occurrence of any such Event of Default without the requirement of any affirmative action by any party), the Obligations shall bear interest at the applicable Revolving Interest Rate plus two percent (2%) per annum (the "Default Rate").

3.2. Letter of Credit Fees.

(a) Each applicable Borrower shall pay (x) to Agent, for the ratable benefit of Lenders holding Commitments, fees for each Letter of Credit for the period from and excluding the date of issuance of same to and including the date of expiration or termination, equal to the average daily face amount of each outstanding Letter of Credit multiplied by the Applicable Margin for Revolving Advances consisting of LIBOR Rate Loans, such fees to be calculated on the basis of a 360-day year for the actual number of days elapsed and to be payable quarterly in arrears on the first day of each calendar quarter and on the last day of the Term, and (y) to Issuer, a fronting fee of one quarter of one percent (0.25%) per annum times the average daily face amount of each outstanding Letter of Credit for the period from and excluding the date of issuance of same to and including the date of expiration or termination, to be payable quarterly in arrears on the first day of each calendar quarter and on the last day of the Term. (all of the foregoing fees, the "Letter of Credit Fees"). In addition, Borrowers shall pay to Agent, for the benefit of Issuer, any and all applicable administrative, issuance, amendment, payment and negotiation charges with respect to Letters of Credit and all fees and expenses as agreed upon by Issuer and the Borrowing Agent in connection with any Letter of Credit, including in connection with the opening, amendment or renewal of any such Letter of Credit and any acceptances created thereunder, all such charges, fees and expenses, if any, to be payable on demand. All such charges shall be deemed earned in full on the date when the same are due and payable hereunder and shall not be subject to rebate or pro-ration upon the termination of this Agreement for any reason. Any such charge in effect at the time of a particular transaction shall be the charge for that transaction, notwithstanding any subsequent change in Issuer's prevailing charges for that type of transaction. Upon and after the occurrence of an Event of Default, and during the continuation thereof, at the option of Agent or at the direction of Required Lenders (or, in the

case of any Event of Default under Section 10.7, immediately and automatically upon the occurrence of any such Event of Default without the requirement of any affirmative action by any party), the Letter of Credit Fees described in clause (x) of this Section 3.2(a) shall be increased by an additional two percent (2.0%) per annum.

(b) At any time following the occurrence and during the continuance of an Event of Default, at the option of Agent or at the direction of Required Lenders (or, in the case of any Event of Default under Section 10.7, immediately and automatically upon the occurrence of such Event of Default, without the requirement of any affirmative action by any party), or upon the expiration of the Term or any other termination of this Agreement (and also, if applicable, in connection with any mandatory prepayment under Section 2.20), Borrowers will cause cash to be deposited and maintained in an account with Agent, as cash collateral, in an amount equal to one hundred and five percent (105%) of the Maximum Undrawn Amount of their respective outstanding Letters of Credit, and each Borrower hereby irrevocably authorizes Agent, in its discretion, on such Borrower's behalf and in such Borrower's name, to open such an account and to make and maintain deposits therein, or in an account opened by such Borrower, in the amounts required to be made by such Borrower, out of the proceeds of Receivables or other Collateral or out of any other funds of such Borrower coming into any Lender's possession at any time. Agent may, in its discretion, invest such cash collateral (less applicable reserves) in such short-term money-market items as to which Agent and such Borrower mutually agree (or, in the absence of such agreement, as Agent may reasonably select) and the net return on such investments shall be credited to such account and constitute additional cash collateral, or Agent may (notwithstanding the foregoing) establish the account provided for under this Section 3.2(b) as a non-interest bearing account and in such case Agent shall have no obligation (and Borrowers hereby waive any claim) under Article 9 of the Uniform Commercial Code or PPSA or under any other Applicable Law to pay interest on such cash collateral being held by Agent. No Borrower may withdraw amounts credited to any such account except upon the occurrence of all of the following: (x) payment and performance in full of all Obligations; (y) expiration of all Letters of Credit; and (z) termination of this Agreement. Borrowers hereby assign, pledge and grant to Agent, for its benefit and the ratable benefit of Issuer, Lenders and each other Secured Party, a continuing security interest in and to and Lien on any such cash collateral and any right, title and interest of Borrowers in any deposit account, securities account or investment account into which such cash collateral may be deposited from time to time to secure the Obligations or Sand Tiger's Obligations, as applicable, specifically including all Obligations with respect to any Letters of Credit. Borrowers agree that upon the coming due of any Reimbursement Obligations (or any other Obligations, including Obligations for Letter of Credit Fees) with respect to the Letters of Credit, Agent may, subject to Section 16.19, use such cash collateral to pay and satisfy such Obligations.

3.3. Facility Fee. If, for any calendar quarter during the Term, the average daily unpaid balance of the sum of Revolving Advances (for purposes of this computation, Swing Loans shall be deemed to be Revolving Advances made by PNC as a Lender) plus Swing Loans plus the Maximum Undrawn Amount of all outstanding Letters of Credit for each day of such calendar quarter does not equal the Maximum Revolving Advance Amount, then Borrowers shall pay to Agent, for the ratable benefit of Lenders holding the Commitments based on their Commitment Percentages, a fee at a rate equal to three-eighths of one percent (0.375%) per

annum on the amount by which the Maximum Revolving Advance Amount exceeds such average daily unpaid balance (the "Facility Fee"). Such Facility Fee shall be payable to Agent in arrears on the first day of each calendar quarter with respect to the previous calendar quarter.

3.4. Fee Letter.

(a) Borrowers (other than Sand Tiger) shall pay the amounts required to be paid in the Fee Letter in the manner and at the times required by the Fee Letter.

(b) All of the fees and reasonable out-of-pocket costs and expenses of any appraisals conducted pursuant to Section 4.7 hereof shall be paid for when due, in full and without deduction, off-set or counterclaim by Borrowers.

3.5. Computation of Interest and. Interest and fees hereunder shall be computed on the basis of a year of 365 days or 366 days, as applicable (360 days with respect to LIBOR Rate Loans), with respect to Base Rate Loans and for the actual number of days elapsed. If any payment to be made hereunder becomes due and payable on a day other than a Business Day, the due date thereof shall be extended to the next succeeding Business Day and interest thereon shall be payable at the Revolving Interest Rate for Domestic Rate Loans during such extension. For purposes of the Interest Act (Canada): (i) whenever any interest or fee under this Agreement is calculated on the basis of a period of time other than a calendar year, such rate used in such calculation, when expressed as an annual rate, is equivalent to (x) such rate, multiplied by (y) the actual number of days in the calendar year in which the period for which such interest or fee is calculated ends, and divided by (z) the number of days in such period of time; (ii) the principle of deemed reinvestment of interest shall not apply to any interest calculation under this Agreement; and (iii) the rates of interest stipulated in this Agreement are intended to be nominal rates and not effective rates or yields.

3.6. Maximum Charges. In no event whatsoever shall interest and other charges charged hereunder exceed the highest rate permissible under Applicable Law. In the event interest and other charges as computed hereunder would otherwise exceed the highest rate permitted under Applicable Law: (i) the interest rates hereunder will be reduced to the maximum rate permitted under Applicable Law; (ii) such excess amount shall be first applied to any unpaid principal balance owed by Borrowers; and (iii) if the then remaining excess amount is greater than the previously unpaid principal balance, Lenders shall promptly refund such excess amount to Borrowers and the provisions hereof shall be deemed amended to provide for such permissible rate. Notwithstanding anything to the contrary contained in this Agreement or in any Other Document, all agreements which either now are or which shall become agreements among Credit Parties, Agent and Lenders are hereby limited so that in no contingency or event whatsoever shall the total liability for payments in the nature of interest, additional interest and other charges exceed the applicable limits imposed by any applicable usury laws. If any payments in the nature of interest, additional interest and other charges made under this Agreement or any Other Document are held to be in excess of the limits imposed by any applicable usury laws, it is agreed that any such amount held to be in excess shall be considered payment of principal hereunder, and the indebtedness evidenced hereby shall be reduced by such amount so that the total liability for payments in the nature of interest, additional interest and other charges shall not exceed the applicable limits imposed by any applicable usury laws, in compliance with the

desires of Credit Parties and Agent. The foregoing provisions shall never be superseded or waived and shall control every other provision of this Agreement or any Other Document and all agreements among Borrowers and Agent and Lenders, or their respective successors and assigns. If the applicable state or federal law is amended in the future to allow a greater rate of interest to be charged under this Agreement than is presently allowed by applicable state or federal law, then the limitation of interest hereunder shall be increased to the maximum rate of interest allowed by applicable state or federal law as amended, which increase shall be effective hereunder on the effective date of such amendment, and all interest charges owing to Lender by reason thereof shall be payable in accordance with Section 3.1 of this Agreement. If by operation of this provision, Borrowers would be entitled to a refund of interest paid pursuant to this Agreement, each Lender agrees that it shall pay to Borrowers upon Agent's request such Lender's Commitment Percentage, of such interest to be refunded, as determined by Agent. If any provision of this Agreement or Other Documents would oblige any Borrower to make any payment of interest or other amount payable to any Lender in an amount or calculated at a rate which would be prohibited by law or would result in a receipt by that Lender of "interest" at a "criminal rate" (as such terms are construed under the Criminal Code (Canada)), then, notwithstanding such provision, such amount or rate shall be deemed to have been adjusted with retroactive effect to the maximum amount or rate of interest, as the case may be, as would not be so prohibited by Applicable Law or so result in a receipt by that Lender of "interest" at a "criminal rate", such adjustment to be effected, to the extent necessary (but only to the extent necessary), as follows: first, by reducing the amount or rate of interest, and, thereafter, by reducing any fees, commissions, costs, expenses, premiums and other amounts required to be paid to the affected Lender which would constitute interest for purposes of section 347 of the Criminal Code (Canada).

3.7. Increased Costs. In the event that any Applicable Law or any Change in Law or compliance by any Lender (for purposes of this Section 3.7, the term "Lender" shall include Agent, Swing Loan Lender, any Issuer or Lender and any corporation or bank controlling Agent, Swing Loan Lender, any Lender or Issuer and the office or branch where Agent, Swing Loan Lender, any Lender or Issuer (as so defined) makes or maintains any LIBOR Rate Loans) with any request or directive (whether or not having the force of law) from any central bank or other financial, monetary or other authority, shall:

(a) subject Agent, Swing Loan Lender, any Lender or Issuer to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit, any participation in a Letter of Credit or any LIBOR Rate Loan, or change the basis of taxation of payments to Agent, Swing Loan Lender, such Lender or Issuer in respect thereof (except for Indemnified Taxes or Other Taxes covered by Section 3.10 and the imposition of, or any change in the rate of, any Excluded Tax payable by Agent, Swing Loan Lender, such Lender or the Issuer);

(b) impose, modify or deem applicable any reserve, special deposit, assessment, special deposit, compulsory loan, insurance charge or similar requirement against assets held by, or deposits in or for the account of, advances or loans by, or other credit extended by, any office of Agent, Swing Loan Lender, Issuer or any Lender, including pursuant to Regulation D of the Board of Governors of the Federal Reserve System; or

(c) impose on Agent, Swing Loan Lender, any Lender or Issuer or the London interbank LIBOR market any other condition, loss or expense (other than Taxes) affecting this Agreement or any Other Document or any Advance made by any Lender, or any Letter of Credit or participation therein;

and the result of any of the foregoing is to increase the cost to Agent, Swing Loan Lender, any Lender or Issuer of making, converting to, continuing, renewing or maintaining its Advances hereunder or to reduce the amount of any payment (whether of principal, interest or otherwise) in respect of any of the Advances, then, in any case Borrowers shall promptly pay Agent, Swing Loan Lender, such Lender or Issuer, upon its demand, such additional amount as will compensate Agent, Swing Loan Lender or such Lender or Issuer for such additional cost or such reduction, as the case may be, provided that the foregoing shall not apply to increased costs which are reflected in the LIBOR Rate, as the case may be (provided, that Sand Tiger shall only be liable for any such costs or expenses attributable to Sand Tiger's Obligations). Agent, Swing Loan Lender, such Lender or Issuer shall certify the amount of such additional cost or reduced amount to Borrowing Agent within three hundred sixty (360) days of the occurrence thereof, and such certification shall be conclusive absent manifest error.

3.8. Basis For Determining Interest Rate Inadequate or Unfair. In the event that Agent or any Lender shall have determined that:

(a) reasonable means do not exist for ascertaining the LIBOR Rate applicable pursuant to Section 2.2 hereof for any Interest Period; or

(b) Dollar deposits in the relevant amount and for the relevant maturity are not available in the London interbank LIBOR market, with respect to an outstanding LIBOR Rate Loan, a proposed LIBOR Rate Loan, or a proposed conversion of a Domestic Rate Loan into a LIBOR Rate Loan; or

(c) the making, maintenance or funding of any LIBOR Rate Loan has been made impracticable or unlawful by compliance by Agent or such Lender in good faith with any Applicable Law or any interpretation or application thereof by any Governmental Body or with any request or directive of any such Governmental Body (whether or not having the force of law),

then Agent shall give Borrowing Agent prompt written or telephonic notice of such determination. If such notice is given, (i) any such requested LIBOR Rate Loan shall be made as a Domestic Rate Loan, unless Borrowing Agent shall notify Agent no later than 1:00 p.m. two (2) Business Days prior to the date of such proposed borrowing, that its request for such borrowing shall be cancelled or made as an unaffected type of LIBOR Rate Loan, (ii) any Domestic Rate Loan or LIBOR Rate Loan which was to have been converted to an affected type of LIBOR Rate Loan shall be continued as or converted into a Domestic Rate Loan, or, if Borrowing Agent shall notify Agent, no later than 1:00 p.m. two (2) Business Days prior to the proposed conversion, shall be maintained as an unaffected type of LIBOR Rate Loan, and (iii) any outstanding affected LIBOR Rate Loans shall be converted into a Domestic Rate Loan, or, if Borrowing Agent shall notify Agent, no later than 1:00 p.m. two (2) Business Days prior to the last Business Day of the then current Interest Period applicable to such affected LIBOR Rate

Loan, shall be converted into an unaffected type of LIBOR Rate Loan, on the last Business Day of the then current Interest Period for such affected LIBOR Rate Loans (or sooner, if any Lender cannot continue to lawfully maintain such affected LIBOR Rate Loan). Until such notice has been withdrawn, Lenders shall have no obligation to make an affected type of LIBOR Rate Loan or maintain outstanding affected LIBOR Rate Loans and no Borrower shall have the right to convert a Domestic Rate Loan or an unaffected type of LIBOR Rate Loan into an affected type of LIBOR Rate Loan.

3.9. Capital Adequacy.

(a) In the event that Agent, Swing Loan Lender or any Lender shall have determined that any Applicable Law or guideline regarding capital adequacy or liquidity requirements, or any Change in Law or any change in the interpretation or administration thereof by any Governmental Body, central bank or comparable agency charged with the interpretation or administration thereof, or compliance by Agent, Swing Loan Lender, Issuer or any Lender (for purposes of this Section 3.9, the term "Lender" shall include Agent, Swing Loan Lender, Issuer or any Lender and any corporation or bank controlling Agent, Swing Loan Lender or any Lender and the office or branch where Agent, Swing Loan Lender or any Lender (as so defined) makes or maintains any LIBOR Rate Loans) with any request or directive regarding capital adequacy or liquidity requirements (whether or not having the force of law) of any such authority, central bank or comparable agency, has or would have the effect of reducing the rate of return on Agent within three hundred sixty (360) days after such request or directive, Swing Loan Lender or any Lender's capital as a consequence of its obligations hereunder (including the making of any Swing Loans) to a level below that which Agent, Swing Loan Lender or such Lender could have achieved but for such adoption, change or compliance (taking into consideration Agent's, Swing Loan Lender's and each Lender's policies with respect to capital adequacy), then, from time to time, Borrowers shall pay upon demand to Agent, Swing Loan Lender or such Lender such additional amount or amounts as will compensate Agent, Swing Loan Lender or such Lender for such reduction (provided, that Sand Tiger shall only be liable for any such amounts attributable to Sand Tiger's Obligations). In determining such amount or amounts, Agent, Swing Loan Lender or such Lender may use any reasonable averaging or attribution methods. The protection of this Section 3.9 shall be available to Agent, Swing Loan Lender and each Lender regardless of any possible contention of invalidity or inapplicability with respect to the Applicable Law, rule, regulation, guideline or condition.

(b) A certificate of Agent, Swing Loan Lender or such Lender setting forth such amount or amounts as shall be necessary to compensate Agent, Swing Loan Lender or such Lender with respect to Section 3.9(a) hereof when delivered to Borrowing Agent shall be conclusive absent manifest error.

3.10. Taxes.

(a) Any and all payments by or on account of any Obligations hereunder or under any Other Document shall be made free and clear of and without reduction or withholding for any Taxes except to the extent required by Applicable Law; provided that if the Borrowers shall be required by Applicable Law to deduct any Taxes from such payments, then (i) if such Taxes are Indemnified Taxes, the sum payable shall be increased as necessary so that after

making all required deductions for Indemnified Taxes (including deductions for Indemnified Taxes applicable to additional sums payable under this Section 3.10) the Recipient receives an amount equal to the sum it would have received had no such deductions for Indemnified Taxes been made, (ii) the Borrowers or other applicable withholding agent shall make such deductions and (iii) the Borrowers or other applicable withholding agent shall timely pay the full amount deducted to the relevant Governmental Body in accordance with Applicable Law.

(b) Without limiting the provisions of Section 3.10(a) above, Borrowers shall timely pay any Other Taxes to the relevant Governmental Body in accordance with Applicable Law.

(c) The Borrowers shall indemnify each Recipient, within ten (10) days after demand therefor, for the full amount of any Indemnified Taxes or Other Taxes (including Indemnified Taxes or Other Taxes imposed or asserted on or attributable to amounts payable under this Section 3.10) paid by such Recipient, and any penalties, interest and reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes or Other Taxes were correctly or legally imposed or asserted by the relevant Governmental Body. A certificate as to the amount of such payment or liability delivered to the Borrowers by any Recipient (with a copy to Agent) shall be conclusive absent manifest error (provided, Sand Tiger shall only be liable for any such Taxes attributable to Sand Tiger's Obligations).

(d) As soon as practicable after any payment of Indemnified Taxes or Other Taxes by any Borrower to a Governmental Body, the Borrowers shall deliver to Agent the original or a certified copy of a receipt issued by such Governmental Body evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to Agent.

(e) Any Recipient that is entitled to an exemption from or reduction of any withholding Tax under the law of the jurisdiction in which any Borrower is resident for Tax purposes, or under any treaty to which such jurisdiction is a party, with respect to payments hereunder or under any Other Document shall deliver to the Borrowers (with a copy to Agent), at the time or times prescribed by Applicable Law or reasonably requested by the Borrowers or Agent, such properly completed and executed documentation prescribed by Applicable Law as will permit such payments to be made without withholding or at a reduced rate of withholding. Notwithstanding the submission of such documentation claiming a reduced rate of or exemption from U.S. withholding Tax, Agent shall be entitled to withhold United States federal income Taxes at the full 30% withholding rate if in its reasonable judgment it is required to do so under the due diligence requirements imposed upon a withholding agent under § 1.1441-7(b) of the United States Income Tax Regulations or other Applicable Law. Further, Agent is indemnified under § 1.1461-1(e) of the United States Income Tax Regulations against any claims and demands of any Recipient for the amount of any Tax it deducts and withholds in accordance with regulations under § 1441 of the Code. In addition, any Recipient, if requested by the Borrowers or Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrowers or Agent as will enable the Borrowers or Agent to determine whether or not such Recipient is subject to backup withholding or information reporting requirements. Without limiting the generality of the foregoing, each Recipient shall deliver to the Borrowers and Agent (in such number of copies as shall be requested by the recipient) on or

prior to the date on which such Recipient becomes a Recipient under this Agreement (and from time to time thereafter upon the request of the Borrowers or the Agent, but only if such Recipient is legally entitled to do so), whichever of the following is applicable:

(i) in the case of a Foreign Lender claiming the benefits of an income tax treaty to which the United States is a party, (x) with respect to payments of interest under this Agreement or any Other Document, two (2) duly completed valid originals of IRS Form W-8BEN establishing an exemption from, or reduction of, United States federal withholding Tax pursuant to the “interest” article of such tax treaty and (y) with respect to any other applicable payments under this Agreement or any Other Document, IRS Form W-8BEN establishing an exemption from, or reduction of, United States federal withholding Tax pursuant to the “business profits” or “other income” article of such tax treaty,

(ii) two (2) duly completed valid originals of IRS Form W-8ECI,

(iii) in the case of a Foreign Lender claiming the benefits of the exemption for portfolio interest under section 881(c) of the Code, (x) a certificate substantially in the form of Exhibit 3.10-1 to the effect that such Foreign Lender is not (A) a “bank” within the meaning of section 881(c)(3)(A) of the Code, (B) a “10 percent shareholder” of the Borrowers within the meaning of section 881(c)(3)(B) of the Code, or (C) a “controlled foreign corporation” described in section 881(c)(3)(C) of the Code and (y) two duly completed valid originals of IRS Form W-8BEN,

(iv) to the extent a Foreign Lender is not the beneficial owner, executed originals of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN, a certificate substantially in the form of Exhibit 3.10-2 or Exhibit 3.10-3, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Foreign Lender is a partnership and one or more direct or indirect partners of such Foreign Lender are claiming the portfolio interest exemption, such Foreign Lender may provide a certificate substantially in the form of Exhibit 3.10-4 on behalf of each such direct and indirect partner,

(v) any other form prescribed by Applicable Law as a basis for claiming exemption from or a reduction in United States Federal withholding tax duly completed together with such supplementary documentation as may be prescribed by Applicable Law to permit the Borrowers to determine the withholding or deduction required to be made, or

(vi) in the case of a Recipient that is a United States person within the meaning of section 7701(a)(30) of the Code, two duly completed valid (2) originals of an IRS Form W-9 or any other form prescribed by Applicable Law certifying that such Recipient is exempt from United States federal backup withholding tax.

(f) If a payment made to a Recipient under this Agreement or any Other Document would be subject to U.S. Federal withholding Tax imposed by FATCA if such Person fails to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Recipient shall deliver to the Agent (in the case of Swing Loan Lender, a Lender, Participant or Issuer) and the Borrowers (i) a

certification signed by the chief financial officer, principal accounting officer, treasurer or controller of such Person, and (i) such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such other documentation reasonably requested by the Agent or any Borrower sufficient for Agent and the Borrowers to comply with their obligations under FATCA and to determine that such Recipient has complied with its obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this clause (f), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(c) Subject to Section 16.5, each Recipient agrees that if any form or certification it previously delivered pursuant to clauses (e) or (f) above expires or becomes inaccurate in any respect, or if Borrowing Agent or Agent should request an updated form or certification, it shall update such form or certification or promptly notify the Borrowing Agent and the Agent in writing of its legal inability to so.

(d) If Agent, Swing Loan Lender, a Lender, a Participant or Issuer determines, in its sole discretion, that it has received a refund of any Indemnified Taxes or Other Taxes as to which it has been indemnified by Borrowers or with respect to which Borrowers have paid additional amounts pursuant to this Section, it shall pay to Borrowers an amount equal to such refund (but only to the extent of indemnity payments made, or additional amounts paid, by Borrowers under this Section with respect to the Indemnified Taxes or Other Taxes giving rise to such refund); net of all out-of-pocket expenses of the Agent, Swing Loan Lender, such Lender, Participant, or the Issuer, as the case may be, and without interest (other than any interest paid by the relevant Governmental Body with respect to such refund), provided that Borrowers, upon the request of Agent, Swing Loan Lender, such Lender, Participant, or Issuer, agrees to repay the amount paid over to Borrowers (plus any penalties, interest or other charges imposed by the relevant Governmental Body) to Agent, Swing Loan Lender, such Lender, Participant or the Issuer in the event Agent, Swing Loan Lender, such Lender, Participant or the Issuer is required to repay such refund to such Governmental Body. This Section shall not be construed to require Agent, Swing Loan Lender, any Lender, Participant, or Issuer to make available its tax returns (or any other information relating to its taxes that it deems confidential) to Borrowers or any other Person.

3.11. Replacement of Lenders. If any Lender (an "Affected Lender") (a) makes demand upon Borrowers for (or if Borrowers are otherwise required to pay) amounts pursuant to Section 3.7, 3.9 or 3.10 hereof, (b) is unable to make or maintain LIBOR Rate Loans as a result of a condition described in Section 2.2(h) hereof, (c) is a Defaulting Lender, or (d) denies any consent requested by the Agent pursuant to Section 16.2(b) hereof, Borrowers may, within forty-five (45) days of receipt of such demand, notice (or the occurrence of such other event causing Borrowers to be required to pay such compensation or causing Section 2.2(h) hereof to be applicable), or such Lender becoming a Defaulting Lender or denial of a request by the Agent pursuant to Section 16.2(b) hereof, as the case may be, by notice (a "Replacement Notice") in writing to the Agent and such Affected Lender (i) request the Affected Lender to cooperate with Borrowers in obtaining a replacement Lender satisfactory to the Agent and Borrowers (the "Replacement Lender"); (ii) request the non-Affected Lenders to acquire and assume all of the Affected Lender's Advances and its Commitment Percentage, as provided herein, but none of

such Lenders shall be under any obligation to do so; or (iii) propose a Replacement Lender subject to approval by the Agent in its good faith business judgment; provided, (x) in the case of any such replacement resulting from a claim for compensation under Section 3.7, 3.9 or 3.10 hereof, such replacement will result in a reduction of such compensation from the Replacement Lender at the time of such replacement; and (y) such replacement does not conflict with applicable law. If any satisfactory Replacement Lender shall be obtained, and/or if any one or more of the non-Affected Lenders shall agree to acquire and assume all of the Affected Lender's Advances and its Commitment Percentage, then such Affected Lender shall assign, in accordance with Section 16.3 hereof, all of its Advances and its Commitment Percentage, and other rights and obligations under this Loan Agreement and the Other Documents to such Replacement Lender or non-Affected Lenders, as the case may be, in exchange for payment of the principal amount so assigned and all interest and fees accrued on the amount so assigned, *plus* all other Obligations then due and payable to the Affected Lender. If any Affected Lender does not execute an assignment in accordance with Section 16.3 within five (5) Business Days after receipt of notice to do so by Agent or Borrowing Agent, then Agent shall be entitled (but not obligated) to execute such assignment on behalf of such Affected Lender, which shall be effective for purposes of Section 16.3 and this Agreement.

IV. COLLATERAL: GENERAL TERMS

4.1. Security Interest in the Collateral. To secure the prompt payment and performance to Agent, Issuer and each Lender (and each other holder of any Obligations) of the Obligations, each Borrower hereby assigns, pledges and grants to Agent for its benefit and for the ratable benefit of each Lender, Issuer and each other Secured Party, a continuing security interest in and to and Lien on all of its Collateral, whether now owned or existing or hereafter created, acquired or arising and wheresoever located; provided, however, anything contained herein or in any other document to the contrary notwithstanding, the Lien granted by Sand Tiger pursuant to this Section 4.1 shall only secure (or be deemed to secure) the Sand Tiger Obligations. Each Borrower shall mark its books and records as may be necessary or appropriate to evidence, protect and perfect Agent's security interest and shall cause its financial statements to reflect such security interest. Each Borrower shall provide Agent with written notice of all commercial tort claims promptly upon the occurrence of any events giving rise to any such claim(s) (regardless of whether legal proceedings have yet been commenced), such notice to contain a brief description of the claim(s), the events out of which such claim(s) arose and the parties against which such claims may be asserted and, if applicable in any case where legal proceedings regarding such claim(s) have been commenced, the case title together with the applicable court and docket number. Upon delivery of each such notice, such Borrower shall be deemed to thereby grant to Agent a security interest and lien in and to such commercial tort claims described therein and all proceeds thereof. Each Borrower shall provide Agent with written notice promptly upon becoming the beneficiary under any letter of credit or otherwise obtaining any right, title or interest in any letter of credit rights, and at Agent's request shall take such actions as Agent may reasonably request for the perfection of Agent's security interest therein.

4.2. Perfection of Security Interest. Except for any Collateral disposed of in accordance with Section 7.1, each Borrower shall take all action that may be necessary that

Agent may request, so as at all times to maintain the validity, perfection, enforceability and priority of Agent's security interest in and Lien on the Collateral or to enable Agent to protect, exercise or enforce its rights hereunder and in the Collateral, including, but not limited to, (i) promptly discharging all Liens other than Permitted Encumbrances, (ii) obtaining Lien Waiver Agreements required under this Agreement, (iii) delivering to Agent, endorsed or accompanied by such instruments of assignment as Agent may specify, and stamping or marking, in such manner as Agent may specify, any and all chattel paper, instruments, letters of credits and advices thereof and documents evidencing or forming a part of the Collateral, (iv) entering into warehousing, lockbox, customs and freight agreements and other custodial arrangements satisfactory to Agent, and (v) executing and delivering financing statements, control agreements, instruments of pledge, mortgages, notices and assignments, in each case in form and substance satisfactory to Agent, relating to the creation, validity, perfection, maintenance or continuation of Agent's security interest and Lien under the Uniform Commercial Code, PPSA or other Applicable Law. By its signature hereto, each Borrower hereby authorizes Agent to file against such Borrower, one or more financing, continuation or amendment statements pursuant to the Uniform Commercial Code or PPSA in form and substance satisfactory to Agent (which statements may have a description of collateral which is broader than that set forth herein, including without limitation a description of Collateral as "all assets" and/or "all personal property" of any Borrower). All reasonable out-of-pocket charges, expenses and fees Agent may incur in doing any of the foregoing, and any local taxes relating thereto, shall be charged to Borrowers' Account or Sand Tiger's Account, as applicable, as a Revolving Advance of a Domestic Rate Loan and added to the Obligations, or, at Agent's option, shall be paid by the applicable Borrowers to Agent for its benefit and for the ratable benefit of Lenders immediately upon demand.

4.3. Preservation of Collateral. Each Borrower will safeguard and protect all Collateral for Agent's general account. In addition to the rights and remedies set forth in Section 11.1 hereof, Agent: (a) may at any time take such steps as Agent deems necessary in the exercise of its Permitted Discretion to protect Agent's interest in and to preserve the Collateral, including after the occurrence and during the continuance of an Event of Default, the hiring of such security guards or the placing of other security protection measures as Agent may deem appropriate; (b) after the occurrence and during the continuance of an Event of Default, may employ and maintain at any of each Borrower's premises a custodian who shall have full authority to do all acts necessary to protect Agent's interests in the Collateral; (c) after the occurrence and during the continuance of a Default or Event of Default, may lease warehouse facilities to which Agent may move all or part of the Collateral; (d) after the occurrence and during the continuance of an Event of Default, may use any Borrower's owned or leased lifts, hoists, trucks and other facilities or equipment for handling or removing the Collateral; and (e) subject to Section 4.10 hereof, shall have, and is hereby granted, a right of ingress and egress to the places where the Collateral is located, and may proceed over and through any of Borrowers' owned or leased property, subject to the rights of the landlords of any leased Real Property and, if applicable, the terms of any applicable Lien Waiver Agreement. Subject to the other provisions of this Agreement regarding Borrowers' maintenance of Collateral, each Borrower shall cooperate with all of Agent's efforts to preserve the Collateral and will take such actions to preserve the Collateral as Agent may direct in its Permitted Discretion. Subject to Section 16.9 and Section 6.19, all of Agent's reasonable out-of-pocket expenses of preserving the Collateral,

including any such expenses relating to the bonding of a custodian, shall be charged to Borrowers' Account or Sand Tiger's Account, as applicable, as a Revolving Advance maintained as a Domestic Rate Loan and added to the Obligations.

4.4. Ownership and Location of Collateral.

(a) With respect to the Collateral, at the time the Collateral becomes subject to Agent's security interest: (i) each Borrower is, and shall remain the sole owner of and fully authorized and able to sell, transfer, pledge and/or grant a first priority security interest (subject only to Permitted Encumbrances that have priority as a matter of Applicable Law) in each and every item of its respective Collateral; (ii) except for Permitted Encumbrances the Collateral shall be free and clear of all Liens; and (iii) each Borrower's Equipment and Inventory shall be located as set forth on Schedule 4.4 (as updated from time to time pursuant to each Compliance Certificate delivered pursuant to Section 9.3) and shall not be removed from such location(s) without the prior written consent of Agent, except (1) as may be moved from one location on such schedule to another location on such schedule, (2) Equipment and Inventory in-transit, (3) Equipment out in the ordinary course of business (4) the sale, transfer or disposition of assets permitted under this Agreement and (5) as may be located at locations not set forth on Schedule 4.4 to the extent the aggregate value of Equipment and Inventory at such locations does not exceed \$1,000,000 for any one location.

(b) (i) Schedule 4.4 hereto contains a correct and complete list, as of the Closing Date, of the legal names and addresses of each warehouse at which Inventory having a value in excess of \$1,000,000 of any Borrower is stored; none of the receipts received by any Borrower from any warehouse states that the goods covered thereby are to be delivered to bearer or to the order of a named Person or to a named Person and such named Person's assigns; (ii) Schedule 4.4 hereto sets forth a correct and complete list as of the Closing Date of (A) each place of business of each Borrower and (B) the chief executive office of each Borrower; and (iii) Schedule 4.4 hereto sets forth a correct and complete list as of the Closing Date of the location, by state and street address, of all Real Property owned or leased by each Borrower, together with the names of any landlords.

4.5. Defense of Agent's and Lenders' Interests. Until (a) payment and performance in full of all of the Obligations (including, without limitation, the cash collateralization of all issued and outstanding Letters of Credit, but excluding contingent indemnification Obligations for which no claim giving rise thereto has been asserted) and (b) termination of this Agreement and the Other Documents, Agent's security interests in the Collateral shall continue in full force and effect except to the extent released pursuant to the terms of this Agreement. Each Borrower shall use all commercially reasonable efforts to defend Agent's interests in the Collateral against any and all Persons whatsoever. At any time following demand by Agent for payment of all Obligations after the occurrence of and during the continuance of an Event of Default, Agent shall have the right to take possession of the indicia of the Collateral and the Collateral in whatever physical form contained, including: labels, stationery, documents, instruments and advertising materials. If Agent exercises this right to take possession of the Collateral, after the occurrence of and during the continuance of an Event of Default, Borrowers shall, upon demand, assemble it in the best manner possible and make it available to Agent at a place reasonably convenient to Agent. In addition, with respect to all Collateral, Agent and Lenders shall be

entitled to all of the rights and remedies set forth herein and further provided by the Uniform Commercial Code, PPSA or other Applicable Law. Each Borrower shall, and Agent may, at its option after the occurrence and during the continuance of an Event of Default, instruct all suppliers, carriers, forwarders, warehousemen or others receiving or holding cash, checks, Inventory, documents or instruments in which Agent holds a security interest to deliver same to Agent and/or subject to Agent's order and if they shall come into any Borrower's possession, they, and each of them, shall be held by such Borrower in trust as Agent's trustee, and such Borrower will immediately deliver them to Agent in their original form together with any necessary endorsement.

4.6. Inspection of Premises. At all reasonable times and from time to time as often as Agent shall elect in its sole discretion, Agent and each Lender shall have full access to and the right to audit, check, inspect and make abstracts and copies from each Borrower's books, records, audits, correspondence and all other papers relating to the Collateral and the operation of each Borrower's business. Agent, any Lender and their agents may enter upon any premises of any Borrower at any time during business hours and at any other reasonable time, and, if an Event of Default exists, from time to time as often as Agent shall elect in its sole discretion, for the purpose of inspecting the Collateral and any and all records pertaining thereto and the operation of such Borrower's business.

4.7. Appraisals. Agent may, in its sole discretion, exercised in a commercially reasonable manner, up to twice during any fiscal year after the Closing Date and from time to time, engage the services of an independent appraisal firm or firms of reputable standing, satisfactory to Agent, for the purpose of appraising the then current values of Borrowers' assets which will be identified by Borrowers to be included in the calculation of the Formula Amount. Absent the occurrence and continuance of an Event of Default at such time, Agent shall consult with Borrowers as to the identity of any such firm. In the event the value of Borrowers' Inventory or Eligible Equipment, as so determined pursuant to such appraisal, is less than anticipated by Agent or Lenders, such that the Revolving Advances are in excess of such Advances permitted hereunder, then, promptly upon Agent's demand for same, Borrowers shall make mandatory prepayments of the then outstanding Revolving Advances so as to eliminate the excess Advances.

4.8. Receivables: Deposit Accounts and Securities Accounts

(a) Nature of Receivables. Each of the Receivables at any time reported to Agent (whether pursuant to Section 9.2 or otherwise) shall, except as noted therein, be a bona fide and valid account representing a bona fide indebtedness incurred by the Customer therein named, for a fixed sum (subject to customary discounts or reductions permitted in the ordinary course of business and in accordance with past practices) as set forth in the invoice relating thereto (provided immaterial or unintentional invoice errors shall not be deemed to be a breach hereof) with respect to an absolute sale or lease and delivery of goods upon stated terms of a Borrower, or work, labor or services theretofore rendered by a Borrower as of the date each Receivable is created. Same shall be due and owing in accordance with the applicable Borrower's standard terms of sale without dispute, setoff or counterclaim except as may be stated on the accounts receivable schedules delivered by Borrowers to Agent.

(b) Each Customer, to the best of each Borrower's knowledge, as of the date each Receivable is created, is and will be solvent and able to pay all Receivables on which the Customer is obligated in full when due. With respect to such Customers of any Borrower who are not solvent, such Borrower has set up on its books and in its financial records bad debt reserves adequate to cover such Receivables.

(c) Each Borrower's chief executive office is located as set forth on Schedule 4.4. Until written notice is given to Agent by Borrowing Agent of any other office at which any Borrower keeps its records pertaining to Receivables, all such records shall be kept at such executive office.

(d) Borrowers shall instruct their Customers to deliver all remittances upon Receivables (whether paid by check or by wire transfer of funds) to such Blocked Account(s) and/or Depository Accounts (and any associated lockboxes) as Agent shall designate from time to time as contemplated by Section 4.8(h) or as otherwise agreed to from time to time by Agent. Notwithstanding the foregoing, to the extent any Borrower directly receives any remittances upon Receivables, such Borrower shall, at such Borrower's sole cost and expense, but on Agent's behalf and for Agent's account, collect as Agent's property and in trust for Agent all amounts received on Receivables, and shall not commingle such collections with any Borrower's funds or use the same except to pay Obligations, and shall as soon as possible and in any event no later than one (1) Business Day after the receipt thereof (i) in the case of remittances paid by check, deposit all such remittances in their original form (after supplying any necessary endorsements) and (ii) in the case of remittances paid by wire transfer of funds, transfer all such remittances, in each case, into such Blocked Accounts(s) and/or Depository Account(s). Each Borrower shall deposit in the applicable Blocked Account and/or Depository Account or, upon request by Agent during a Trigger Period, deliver to Agent, in original form and on the date of receipt thereof, all checks, drafts, notes, money orders, acceptances, cash and other evidences of Indebtedness.

(e) At any time following the occurrence, and during the continuance of, an Event of Default or a Default, Agent shall have the right to send notice of the assignment of, and Agent's security interest in and Lien on, the Receivables to any and all Customers or any third party holding or otherwise concerned with any of the Collateral. At any time after the occurrence and during the continuance of an Event of Default, Agent shall have the sole right to collect the Receivables, take possession of the Collateral, or both. Agent's actual collection expenses, including, but not limited to, stationery and postage, telephone, facsimile, telegraph, secretarial and clerical expenses and the salaries of any collection personnel used for collection, may be charged to Borrowers' Account and added to the Obligations.

(f) Power of Agent to Act on Borrowers' Behalf. Upon and during the continuance of an Event of Default (except to the extent otherwise agreed in any treasury management agreement between any Borrower and Agent), Agent shall have the right to receive, endorse, assign and/or deliver in the name of Agent or any Borrower any and all checks, drafts and other instruments for the payment of money relating to the Receivables, and each Borrower hereby waives notice of presentment, protest and non-payment of any instrument so endorsed. Each Borrower hereby constitutes Agent or Agent's designee as such Borrower's attorney with power (i) to endorse such Borrower's name upon any notes, acceptances, checks, drafts, money

orders or other evidences of payment or Collateral upon and during the continuance of an Event of Default (except to the extent otherwise agreed in treasury management agreement between any Borrower and Agent); (ii) to sign such Borrower's name on any invoice or bill of lading relating to any of the Receivables, drafts against Customers, and assignments of Receivables, upon and during the continuance of an Event of Default; (iii) to send verifications of Receivables to any Customer (*provided*, that, so long as no Event of Default has occurred and is continuing, Agent shall only conduct verifications of Receivables over the phone with participation from Borrowers or with Borrowers being present); (iv) to sign such Borrower's name on any documents or instruments deemed necessary or appropriate by Agent to preserve, protect, or perfect Agent's interest in the Collateral and to file same upon and during the continuance of an Event of Default; (v) to demand payment of the Receivables upon and during the continuance of an Event of Default; (vi) to enforce payment of the Receivables by legal proceedings or otherwise upon and during the continuance of an Event of Default; (vii) to exercise all of such Borrower's rights and remedies with respect to the collection of the Receivables and any other Collateral upon and during the continuance of an Event of Default; (viii) to settle, adjust, compromise, extend or renew the Receivables upon and during the continuance of an Event of Default; (ix) to settle, adjust or compromise any legal proceedings brought to collect Receivables upon and during the continuance of an Event of Default; (x) to prepare, file and sign such Borrower's name on a proof of claim in bankruptcy or similar document against any Customer upon and during the continuance of an Event of Default; (xi) to prepare, file and sign such Borrower's name on any notice of Lien, assignment or satisfaction of Lien or similar document in connection with the Receivables upon and during the continuance of an Event of Default; (xii) to receive, open and dispose of all mail addressed to any Borrower to the extent such actions are taken in connection with operation and administration of Borrowers' lockboxes or otherwise in connection with treasury management services; and (xiii) upon and during the continuance of an Event of Default, to do all other acts and things necessary to carry out this Agreement. All acts of said attorney or designee are hereby ratified and approved, and said attorney or designee shall not be liable for any acts of omission or commission nor for any error of judgment or mistake of fact or of law, unless constituting willful misconduct or gross negligence (as determined by a court of competent jurisdiction in a final non-appealable judgment); this power being coupled with an interest is irrevocable while any of the Obligations remain unpaid. Agent shall have the right at any time following the occurrence and during the continuation of an Event of Default, to change the address for delivery of mail addressed to any Borrower to such address as Agent may designate and to receive, open and dispose of all mail addressed to any Borrower.

(g) No Liability. Neither Agent nor any Lender shall, under any circumstances or in any event whatsoever, have any liability for any error or omission or delay of any kind occurring in the settlement, collection or payment of any of the Receivables or any instrument received in payment thereof, or for any damage resulting therefrom, except for the gross negligence or willful misconduct of the Agent as determined by a final and non-appealable judgment of a court of competent jurisdiction. Following the occurrence and during the continuance of an Event of Default, Agent may, without notice or consent from any Borrower, sue upon or otherwise collect, extend the time of payment of, compromise or settle for cash, credit or upon any terms any of the Receivables or any other securities, instruments or insurance applicable thereto and/or release any obligor thereof. Agent is authorized and empowered to accept, following the occurrence and during the continuance of an Event of Default, the return of the goods represented by any of the Receivables, without notice to or consent by any Borrower, all without discharging or in any way affecting any Borrower's liability hereunder

(h) Cash Management.

(i) All proceeds of assets of the Borrowers and any other amounts payable to any Borrower at any time, shall be deposited by such Borrowers into either (A) during the period prior to the one hundred twentieth (120th) day after the Closing Date, a collection account designated as such on Schedule 5.30 established at a bank reasonably satisfactory to Agent (each such bank, a “Blocked Account Bank”) pursuant to an arrangement with such Blocked Account Bank as may be selected by Borrowers and be acceptable to Agent or (B) a collection account established at PNC for the deposit of such proceeds (all such accounts in clauses (A) and (B), the “Collection Accounts”). Each Borrower shall deliver to Agent a Deposit Account Control Agreement, in form and substance satisfactory to Agent in its Permitted Discretion, with respect to each Collection Account other than any Excluded Deposit Account which shall be in “springing” form permitting Borrowers to access and use such Collection Accounts unless and until a “notice of sole control” (such notice, or any similar notice described in any applicable control agreement an “Activation Notice”) is issued by Agent to the bank at which such Collection Account is maintained; provided, that, Agent shall not issue such an Activation Notice except after the occurrence and during the continuance of a Trigger Event and shall revoke such Activation Notice if, subsequent thereto, the Trigger Period commenced by such Trigger Event shall have ended. Upon issuance of an Activation Notice, such Deposit Account Control Agreements shall provide that all available funds in each Collection Account will be transferred, on each Business Day, to Agent, either to any account maintained by Agent at such bank or by wire transfer to appropriate account(s) of Agent, and otherwise be in form and substance (including as to the extent of offset and statutory lien rights) reasonably satisfactory to Agent. All funds deposited in such Collection Accounts during the effectiveness of a Trigger Period shall immediately become the property of Agent and be applied to the outstanding Advances or Sand Tiger, as applicable. Neither Agent nor any Lender assumes any responsibility for such collection account arrangement, including any claim of accord and satisfaction or release with respect to deposits accepted by any bank maintaining a Collection Account.

(ii) Notwithstanding anything to the contrary herein or in any Other Document, Borrowers shall ensure that Agent does not receive, whether by deposit to the Collection Accounts or otherwise, any funds from any Customer located in a Sanctioned Country.

(iii) The parties hereto hereby acknowledge, confirm and agree that the implementation of the cash management arrangements contemplated herein is a contractual right provided to the Agent and the Lenders hereunder in order for the Agent and the Lenders to manage and monitor their collateral position and not a proceeding for enforcement or recovery of a claim, or pursuant to, or an enforcement of, any security or remedies whatsoever, the cash management arrangements contemplated herein are critical to the structure of the lending arrangements contemplated herein, the Agent and

Lenders are relying on the Credit Parties' acknowledgement, confirmation and agreement with respect to such cash management arrangements in making accommodations of credit available to them and in particular that any accommodations of credit are being provided by the Agent and Lenders strictly on the basis of a borrowing base calculation to fully support and collateralize any such accommodations of credit hereunder.

(i) Adjustments. No Borrower will, without Agent's consent, compromise or adjust any material amount of the Receivables (or extend the time for payment thereof) or accept any material returns of merchandise or grant any additional discounts, allowances or credits thereon except for those compromises, adjustments, returns, discounts, credits and allowances as have been granted in the ordinary course of business of such Borrower.

(j) All deposit accounts (including all Blocked Accounts and Depository Accounts), securities accounts and investment accounts of each Borrower and its Subsidiaries as of the Closing Date are set forth on Schedule 4.8(j). No Borrower shall open any new deposit account, securities account or investment account unless (i) Borrowers shall have given at least ten (10) days prior written notice to Agent and (ii) if such account is to be maintained with a bank, depository institution or securities intermediary that is not the Agent, such bank, depository institution or securities intermediary, each applicable Borrower and Agent shall first have entered into an account control agreement in form and substance satisfactory to Agent sufficient to give Agent "control" (for purposes of Articles 8 and 9 of the Uniform Commercial Code) over such account other than with respect to any Excluded Deposit Account.

4.9. Inventory. To the extent Inventory held for sale or lease has been produced by any Borrower, it has been and will be produced by such Borrower in accordance with the Federal Fair Labor Standards Act of 1938, as amended, and all rules, regulations and orders thereunder.

4.10. Maintenance of Equipment. The Equipment necessary to Borrowers' business shall be maintained in good operating condition and repair (reasonable wear and tear and casualty excepted) and all necessary replacements of and repairs thereto shall be made so that the value and operating efficiency of the Equipment shall be maintained and preserved consistent with industry standards; *provided* that the same shall not be required if not necessary for the continued operation of the Borrowers' business. No Borrower shall use or operate the Equipment in violation of any law, statute, ordinance, code, rule or regulation to the extent such use or operation could reasonably be expected to materially and adversely affect the operation of its business as currently conducted.

4.11. Exculpation of Liability. Nothing herein contained shall be construed to constitute Agent or any Lender as any Borrower's agent for any purpose whatsoever, nor shall Agent or any Lender be responsible or liable for any shortage, discrepancy, damage, loss or destruction of any part of the Collateral wherever the same may be located and regardless of the cause thereof, except for the gross negligence or willful misconduct of the Agent as determined by a final and non-appealable judgment of a court of competent jurisdiction. Neither Agent nor any Lender, whether by anything herein or in any assignment or otherwise, assume any of any Borrower's obligations under any contract or agreement assigned to Agent or such Lender, and neither Agent nor any Lender shall be responsible in any way for the performance by any Borrower of any of the terms and conditions thereof.

4.12. Financing Statements. Except as respects the financing statements filed by Agent, financing statements described on Schedule 1.2, and financing statements filed in connection with Permitted Encumbrances, no financing statement covering any of the Collateral or any proceeds thereof is or will be on file in any public office.

V. REPRESENTATIONS AND WARRANTIES.

Each Borrower represents and warrants as follows:

5.1. Authority. Such Credit Party has full power, authority and legal right to enter into this Agreement and the Other Documents and to perform all its respective Obligations hereunder and thereunder. This Agreement and the Other Documents to which any Credit Party is a party have been duly executed and delivered by the Credit Parties party thereto, and this Agreement and the Other Documents constitute the legal, valid and binding obligation of the Credit Parties party thereto enforceable in accordance with their terms, except as such enforceability may be limited by any applicable bankruptcy, insolvency, moratorium or similar laws affecting creditors' rights generally. The execution, delivery and performance of this Agreement and of the Other Documents to which any Credit Party is party (a) are within each Credit Party's corporate, limited liability company, limited partnership, partnership or other applicable powers, have been duly authorized by all necessary corporate, limited liability company, limited partnership, partnership or other applicable action, are not in contravention of the terms of each Credit Party's Organizational Documents or other applicable documents relating to such Credit Party's formation or to the conduct of such Credit Party's business, (b) will not conflict with or violate (i) any Applicable Law, except to the extent such conflict or violation could not reasonably be expected to have a Material Adverse Effect or (ii) any Material Contract, (c) will not require the Consent of any Governmental Body or any other Person as of the Closing Date, all of which will have been duly obtained, made or compiled prior to the Closing Date to the extent such Consents are required to be in force on the Closing Date and which are in full force and effect and (d) will not result in the creation of any Lien except Permitted Encumbrances upon any asset of such Credit Party under the provisions of any Applicable Law, Organizational Document or Material Contract to which such Credit Party is a party or by which it or its property is a party or by which it may be bound.

5.2. Formation and Qualification.

(a) On the Closing Date, each Credit Party is duly incorporated or formed, as applicable and in good standing under the laws of the state or province, as applicable, listed on Schedule 5.2(a) and is qualified to do business and is in good standing in the states or provinces, as applicable, listed on Schedule 5.2(a). Each Credit Party is in good standing and is qualified to do business in the states in which qualification and good standing are necessary for such Credit Party to conduct its business and own its property and where the failure to so qualify could reasonably be expected to have a material adverse effect on such Credit Party's ability to conduct its business as currently conducted or its ability to perform the terms of this Agreement or any Other Document.

(b) As of the Closing Date, all of the Subsidiaries of Mammoth are listed on Schedule 5.2(b). As of the Closing Date, the Persons identified on Schedule 5.2(b) are the record

and beneficial owners of all of the shares of Capital Stock of each of the Subsidiaries listed on Schedule 5.2(b) as being owned thereby, there are no proxies, irrevocable or otherwise, with respect to such shares, and no equity securities of any of such Persons are or may become required to be issued by reason of any options, warrants, scrip, rights to subscribe to, calls or commitments of any character whatsoever relating to, or securities or rights convertible into or exchangeable for, shares of any Capital Stock of any such Person, and there are no contracts, commitments, understandings or arrangements by which any such Person is or may become bound to issue additional shares of its Capital Stock or securities convertible into or exchangeable for such shares. All of the shares owned by the Credit Parties are owned free and clear of any Liens other than Permitted Encumbrances.

(c) All accrued but unpaid dividends owing on account of the Equity Interests of each Borrower as of the Closing Date are set forth on Schedule 5.2(c).

5.3. Survival of Representations and Warranties. All representations and warranties of the Credit Parties contained in this Agreement and the Other Documents shall, at the time of such Credit Party's execution of this Agreement and the Other Documents, be true and correct in all material respects (or, if such representation and warranty is, by its terms, limited by materiality (including a Material Adverse Effect), then such representation and warranty shall be true in all respects) and shall survive the execution, delivery and acceptance thereof by the parties thereto and the closing of the transactions described therein or related thereto.

5.4. Tax Returns. The federal taxpayer identification number or Canadian equivalent of each Credit Party that is a Credit Party as of the Closing Date is set forth on Schedule 5.4. The Credit Parties have filed all federal, state, provincial, municipal and local Tax returns and other reports they are required by law to file and have paid all Taxes that are due and payable, except to the extent failure to do so would not reasonably be expected to result in an Event of Default, result in material liability to any Credit Party or have a Material Adverse Effect. The provision for Taxes on the books of the Credit Parties have been made in accordance with GAAP and the Credit Parties have no knowledge of any deficiency or additional assessment in connection therewith not provided for on its books.

5.5. Financial Statements.

(a) The pro forma balance sheet of Mammoth and its Subsidiaries (the "Pro Forma Balance Sheet") furnished to Agent on the Closing Date reflects the consummation of the transactions contemplated by this Agreement (collectively, the "Transactions") and is accurate, complete and correct and fairly reflects the financial condition of Mammoth and its Subsidiaries as of the Closing Date after giving effect to the Transactions. The Pro Forma Balance Sheet has been certified as fairly reflecting the financial condition of Mammoth and its Subsidiaries as of the Closing Date after giving effect to the Transactions by the Chief Financial Officer of Mammoth. All financial statements referred to in this subsection 5.5(a), including the related schedules and notes thereto, have been prepared in accordance with GAAP, except as may be disclosed in such financial statements and subject to normal year-end audit adjustments and the absence of footnotes and other presentation items.

(b) The cash flow projections of Mammoth and its Subsidiaries for the five year period following the Closing Date (on a monthly basis for the first twelve months), copies of which are annexed to the Financial Condition Certificate (the "Projections") were prepared by or under the supervision of the Chief Financial Officer of Mammoth, based upon good faith estimates and stated assumptions believed to be reasonable and fair as of the date made in light of conditions and facts then known and, as of such date, reflect good faith, reasonable and fair estimates of the information projected for the periods set forth therein; it being understood that (i) actual results may vary from such projections and that such variances may be material and (ii) no representation is made with respect to information of an industry specific or general economic nature. The cash flow Projections together with the Pro Forma Balance Sheet are referred to as the "Pro Forma Financial Statements"

(c) The combined and combining balance sheets of Redback Energy, Redback Coil, Muskie, Panther, Bison Drilling, Bison Trucking and White Wing, and the non-combined balance sheets of Stingray Pressure and Stingray Logistics, as of June 30, 2014, and the related statements of income, changes in stockholder's equity, and changes in cash flow for the period ended on such date, copies of which have been delivered to Agent, have been prepared in accordance with GAAP, consistently applied and present fairly in all material respects the financial position of such Borrowers at such date and the results of their operations for such period. Since December 31, 2013, there has been no change, occurrence or development which could reasonably be expected to have a Material Adverse Effect

5.6. Entity Names. As of the Closing Date, except as set forth on Schedule 5.6, no Credit Party (i) has been known by any other corporate name in the past five years, (ii) sells Inventory under any other name nor (iii) has been the surviving corporation or company of a merger or consolidation or acquired all or substantially all of the assets of any Person during the preceding five (5) years.

5.7. O.S.H.A. Environmental Compliance; Flood Insurance. In relation to all of the properties located in the United States, except as set forth on Schedule 5.7 hereto:

(a) The Credit Parties have duly complied in all material respects with, and their facilities, business, assets, property, leaseholds, Real Property and Equipment are in compliance in all material respects with, the provisions of the Federal Occupational Safety and Health Act, RCRA and all other Environmental Laws (in effect at the time of the representation); and there have been no outstanding citations, notices or orders of non-compliance issued to any Credit Party or relating to its business, assets, property, leaseholds or Equipment under any such laws, rules or regulations within the last five (5) years.

(b) The Credit Parties have been issued or obtained all required federal, state and local licenses, certificates or permits relating to all applicable Environmental Laws (in effect at the time of the representation), except to the extent failure to obtain such licenses, certificates or permits would not reasonably be expected to cause a Material Adverse Effect.

(c) (i) To any Credit Party's knowledge, there are no visible signs of material releases, spills, discharges, leaks or disposal (collectively referred to as "Releases") of Hazardous Substances (as defined at the time of the representation) at, upon, under or within any

Real Property, except as authorized by any permit or certificate issued pursuant to Environmental Law; (ii) there are no underground storage tanks or polychlorinated biphenyls on the Real Property except those kept in amounts and under circumstances in material compliance with Environmental Laws (in effect at the time of the representation); (iii) to any Credit Party's knowledge, the Real Property has never been used as a treatment, storage or disposal facility of Hazardous Waste (as defined at the time of the representation), except as previously disclosed to Agent; and (iv) no Hazardous Substances (as defined at the time of the representation) are handled or stored on the Real Property, excepting such quantities as are handled in accordance with all applicable governmental regulations and in proper storage containers as required by Environmental Laws and as are necessary for the operation of the business of any Credit Party or of its tenants.

(d) All Real Property owned by Credit Parties is insured pursuant to policies and other bonds which are valid and in full force and effect and which provide adequate and commercially standard coverage from reputable and financially sound insurers in amounts sufficient to insure the assets and risks of each such Credit Party in accordance with commercially prudent business practice in the industry of such Credit Party. Each Credit Party has taken all actions required under the Flood Laws and/or requested by Agent to assist in ensuring that each Lender is in compliance with the Flood Laws applicable to the Collateral (if any), including, but not limited to, to the extent required, obtaining flood insurance for such property, structures and contents prior to such property, structures and contents becoming Collateral.

5.8. Solvency; No Litigation, Violation, Indebtedness or Default; ERISA Compliance.

(a) Taking into account rights of contribution and subrogation under Applicable Laws, (x) each Credit Party is, and after giving effect to the Transactions, each Borrower will be solvent, able to pay its debts as they mature, has, and after giving effect to the Transactions, will have capital sufficient to carry on its business and all businesses in which it is about to engage and (y) the fair present saleable value of its assets, calculated on a going concern basis, is in excess of the amount of its liabilities and will continue to be in excess of the amount of its liabilities.

(b) No Credit Party has (i) any pending against, or to the knowledge of the Credit Parties, threatened litigation, arbitration, actions or proceedings which could reasonably be expected to have a Material Adverse Effect, and (ii) any liabilities or indebtedness for borrowed money other than the Obligations and Indebtedness permitted by Section 7.8.

(c) No Credit Party is in violation of any applicable statute, law, rule, regulation or ordinance in any respect which could reasonably be expected to have a Material Adverse Effect, nor is any Credit Party in violation of any order of any court, Governmental Body or arbitration board or tribunal which could reasonably be expected to have a Material Adverse Effect.

(d) No Credit Party or any member of the Controlled Group maintains or is required to contribute to any Plan other than those listed on Schedule 5.8(d) hereto with respect to which any Credit Party or any member of the Controlled Group has incurred or may incur any

material liability. Each Plan has been established and administered in compliance in all material respects with the applicable provisions of ERISA, the Code and other Applicable Law. Except as could not reasonably result in Material Adverse Effect or an Event of Default or result in material liability to any Credit Party: (i) each Borrower and each member of the Controlled Group has met all applicable minimum funding requirements under Section 302 of ERISA and Section 412 of the Code in respect of each Plan and each Pension Benefit Plan is in compliance with Sections 412, 430 and 436 of the Code and Sections 206(g), 302 and 303 of ERISA, without regard to waivers and variances; (ii) each Plan which is intended to be a qualified plan under Section 401(a) of the Code as currently in effect has been determined by the Internal Revenue Service to be qualified under Section 401(a) of the Code and the trust related thereto determined to be exempt from federal income Tax under Section 501(a) of the Code or an application for such a determination is currently being processed by the IRS; (iii) neither any Credit Party nor any member of the Controlled Group has incurred any liability to the PBGC other than for the payment of premiums, and there are no premium payments which have become due which are unpaid; (iv) no Pension Benefit Plan or Multiemployer Plan has been terminated by the plan administrator thereof nor by the PBGC, and, to the best of Borrowers' knowledge, there is no occurrence which would reasonably be expected to cause the PBGC to institute proceedings under Title IV of ERISA to terminate any Plan; (v) the current value of the assets of each Pension Benefit Plan exceeds the present value of the accrued benefits and other liabilities of such Plan and neither any Credit Party nor any member of the Controlled Group knows of any facts or circumstances (other than day-to-day fluctuations in market value) which would change the value of such assets and accrued benefits and other liabilities; (vi) neither any Credit Party nor any member of the Controlled Group has breached any of the responsibilities, obligations or duties imposed on it by ERISA with respect to any Plan; (vii) neither any Credit Party nor any member of the Controlled Group has incurred any liability for any excise Tax arising under Section 4971, 4972 or 4980B of the Code, and, to the best of Borrowers' knowledge, no fact exists which could give rise to any such liability; (viii) neither any Credit Party nor any member of the Controlled Group nor, to the best of Borrowers' knowledge, any fiduciary of or any trustee to, any Plan, has engaged in a "prohibited transaction" described in Section 406 of ERISA or Section 4975 of the Code nor taken any action which would constitute or result in a Termination Event with respect to any such Plan which is subject to ERISA; (ix) no Termination Event has occurred or is reasonably expected to occur; (x) neither any Credit Party nor any member of the Controlled Group has engaged in a transaction that could be subject to Section 4069 or 4212(c) of ERISA; (xi) neither any Credit Party nor any member of the Controlled Group maintains or is required to contribute to any Plan which provides health, accident or life insurance benefits to former employees, their spouses or dependents, other than in accordance with Part 6 of Subtitle B of Title I of ERISA or Section 4980B of the Code; (xii) neither any Credit Party nor any member of the Controlled Group has withdrawn, completely or partially, within the meaning of Section 4203 or 4205 of ERISA, from any Multiemployer Plan so as to incur liability under the Multiemployer Pension Plan Amendments Act of 1980 and, to the best of Borrowers' knowledge, there exists no fact which would reasonably be expected to result in any such liability; and (xiii) no Plan fiduciary (as defined in Section 3(21) of ERISA) has any liability for breach of fiduciary duty or for any failure in connection with the administration or investment of the assets of a Plan. As of the Closing Date, no Borrower nor any of its Subsidiaries maintains, sponsors, administers, contributes to, participates in or has any liability in respect of any Specified Canadian Pension Plan, nor has any such Person ever maintained, sponsored,

administered, contributed or participated in any Specified Canadian Pension Plan. Except as, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect, (a) the Canadian Pension Plans are duly registered under the Income Tax Act (Canada) and any other Applicable Laws which require registration, have been administered in accordance with the Income Tax Act (Canada) and such other applicable law and no event has occurred which could cause the loss of such registered status, (b) all obligations of the Borrowers and their Subsidiaries (including fiduciary, funding, investment and administration obligations) required to be performed in connection with the Canadian Pension Plans and the funding agreements relating thereto have been performed on a timely basis, and (c) all contributions or premiums required to be made or paid by the Borrowers and their Subsidiaries to the Canadian Pension Plans have been made on a timely basis in accordance with the terms of such plans and all Applicable Laws.

5.9. Patents, Trademarks, Copyrights and Licenses. All Intellectual Property owned or utilized by any Borrower: (i) is set forth on Schedule 5.9; (ii) is valid and has been duly registered or filed with all appropriate Governmental Bodies; and (iii) constitutes all of the intellectual property rights which are necessary for the operation of its business. There is no objection to, pending challenge to the validity of, or proceeding by any Governmental Body to suspend, revoke, terminate or adversely modify, any Intellectual Property necessary for the Borrowers' business and no Borrower is aware of any grounds for any challenge or proceedings, except as set forth in Schedule 5.9 hereto. All Intellectual Property owned or held by any Borrower consists of original material or property developed by such Borrower or was lawfully acquired by such Borrower from the proper and lawful owner thereof. Each of such items has been maintained so as to preserve the value thereof from the date of creation or acquisition thereof.

5.10. Licenses and Permits. Except as set forth in Schedule 5.10, each Credit Party (a) is in compliance with and (b) has procured and is now in possession of, all material licenses or permits required by any applicable federal, state or local law, rule or regulation for the operation of its business in each jurisdiction wherein it is now conducting or propose to conduct business, except, in the cases of both (a) and (b) where the failure to procure such licenses or permits would reasonably be expected to have a Material Adverse Effect.

5.11. Default of Indebtedness. After giving effect to the Transactions contemplated hereby, no Borrower is or will be, as applicable, in default in the payment of the principal of or interest on any Indebtedness or under any instrument or agreement under or subject to which any Indebtedness has been issued and no event has occurred under the provisions of any such instrument or agreement which with or without the lapse of time or the giving of notice, or both, constitutes or would constitute an event of default thereunder.

5.12. No Default. No Borrower is in default in the payment or performance of any contractual obligations where such default could reasonably be expected to result in a Material Adverse Effect and no Default or Event of Default has occurred.

5.13. No Burdensome Restrictions. No Credit Party is a party to any contract or agreement the performance of which could reasonably be expected to have a Material Adverse Effect or materially and adversely affect such Credit Party's ability to comply with the terms of

this Agreement. All Material Contracts are set forth on Schedule 5.13 as of the Closing Date, and the Credit Parties have heretofore delivered to Agent true and complete copies of all such Material Contracts to which any of them are a party or to which any of them or any of their properties is subject. No Credit Party has agreed or consented to cause or permit in the future (upon the happening of a contingency or otherwise) any of its property, whether now owned or hereafter acquired, to be subject to a Lien which is not a Permitted Encumbrance.

5.14. No Labor Disputes. No Credit Party is involved in any labor dispute; there are no strikes or walkouts or union organization of any Credit Party's employees threatened or in existence and no labor contract is scheduled to expire during the Term other than as set forth on Schedule 5.14 hereto, which, in each case, could reasonably be expected to result in a Material Adverse Effect.

5.15. Margin Regulations. No Borrower is engaged, nor will it engage, principally or as one of its important activities, in the business of extending credit for the purpose of "purchasing" or "carrying" any "margin stock" within the respective meanings of each of the quoted terms under Regulation U of the Board of Governors of the Federal Reserve System as now and from time to time hereafter in effect. No part of the proceeds of any Advance will be used for "purchasing" or "carrying" "margin stock" as defined in Regulation U of such Board of Governors.

5.16. Investment Company Act. No Borrower is an "investment company" registered or required to be registered under the Investment Company Act of 1940, as amended, nor is it controlled by such a company.

5.17. Disclosure. No representation or warranty made by any Credit Party in this Agreement or in any financial statement, report, certificate or any other document furnished in connection herewith or therewith, taken as a whole, contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements herein or therein not materially misleading in light of the circumstances under which the statements were made. There is no fact known to any Credit Party or which reasonably should be known to such Credit Party which such Credit Party has not disclosed to Agent in writing with respect to the Transactions which could reasonably be expected to have a Material Adverse Effect.

5.18. [Reserved].

5.19. [Reserved].

5.20. Swaps. No Credit Party is a party to, nor will it be a party to, any swap agreement whereby such Credit Party has agreed or will agree to swap interest rates or currencies unless same provides that damages upon termination following an event of default thereunder are payable by the party that is out-of-the-money on a mark-to-market basis without regard to whether or not such party is the defaulting party.

5.21. Conflicting Agreements. No provision of any Material Contract, judgment, decree or order binding on any Credit Party or affecting the Collateral requires any Consent which has not already been obtained to, or would in any way prevent the execution, delivery or performance of, the terms of this Agreement or the Other Documents.

5.22. Application of Certain Laws and Regulations Neither any Credit Party nor any Subsidiary of any Credit Party is subject to any Law which regulates the incurrence of any Indebtedness, including Laws relative to common or interstate carriers or to the sale of electricity, gas, steam, water, telephone, telegraph or other public utility services.

5.23. Business and Property of Credit Parties Upon and after the Closing Date, the Credit Parties do not propose to engage in any business other than those described in the Registration Statement and reasonable extensions thereof.

5.24. Ineligible Securities The Credit Parties do not intend to use and shall not use any portion of the proceeds of the Advances, directly or indirectly, to purchase during the underwriting period, or for 30 days thereafter, Ineligible Securities being underwritten by a securities Affiliate of Agent or any Lender.

5.25. No Brokers or Agents No Credit Party or Subsidiary thereof uses any brokers or other agents acting in any capacity for such Credit Party or Subsidiary in connection with the Obligations.

5.26. [Reserved].

5.27. Equity Interests The authorized and outstanding Equity Interests of each Borrower as of the Closing Date and on any other date when requested by Agent prior to the occurrence of the Qualified IPO, and each legal and beneficial holder thereof as of the Closing Date, are as set forth on Schedule 5.27(a) hereto. All of the Equity Interests of each Borrower have been duly and validly authorized and issued and are fully paid and non-assessable and have been sold and delivered to the holders hereof in compliance with, or under valid exemption from, all federal, state and provincial laws and the rules and regulations of each Governmental Body governing the sale and delivery of securities. Except for the rights and obligations set forth on Schedule 5.27(b), there are no subscriptions, warrants, options, calls, commitments, rights or agreement by which any Borrower or any of the shareholders of any Borrower is bound relating to the issuance, transfer, voting or redemption of shares of its Equity Interests or any pre-emptive rights held by any Person with respect to the Equity Interests of Borrowers. Except as set forth on Schedule 5.27(c), Borrowers have not issued any securities convertible into or exchangeable for shares of its Equity Interests or any options, warrants or other rights to acquire such shares or securities convertible into or exchangeable for such shares.

5.28. Commercial Tort Claims To the knowledge of an Authorized Officer of any Credit Party, none of the Credit Parties has any commercial tort claims in excess of \$1,000,000 as of the Closing Date, except as set forth on Schedule 5.28 hereto.

5.29. Letter of Credit Rights As of the Closing Date, no Credit Party has any letter of credit rights in excess of \$1,000,000, except as set forth on Schedule 5.29 hereto.

5.30. Deposit Accounts. All deposit accounts and securities accounts of the Credit Parties are set forth on Schedule 5.30 (as such schedule may be updated from time to time).

5.31. Perfection of Security Interest in Collateral. The provisions of this Agreement and of each other applicable Other Document are effective to create in favor of the Agent, for the benefit of itself and the Secured Parties, a legal, valid and enforceable first priority security interest in all right, title and interest of the Credit Parties in each item of Collateral, except (i) in the case of any Permitted Encumbrances, to the extent that any such Permitted Encumbrance would have priority over the security interest in favor of Agent pursuant to any Applicable Law and (ii) Liens perfected only by possession or control to the extent Agent has not obtained or does not maintain possession or control of such Collateral.

VI. AFFIRMATIVE COVENANTS.

Credit Parties (or Borrowers if otherwise indicated) shall, and shall cause their Restricted Subsidiaries (or, if indicated, all of their Subsidiaries) to, until the Termination Date:

6.1. Compliance with Laws. Comply in all material respects with all Applicable Laws with respect to the Collateral or any part thereof or to the operation of such Borrower's business the non-compliance with which could reasonably be expected to have a Material Adverse Effect (except to the extent any separate provision of this Agreement shall expressly require compliance with any particular Applicable Law(s) pursuant to another standard). Each Borrower may, however, contest or dispute any Applicable Laws in any reasonable manner, provided that any related Lien is inchoate or stayed and sufficient reserves are established to the reasonable satisfaction of Agent to protect Agent's Lien on or security interest in the Collateral.

6.2. Conduct of Business and Maintenance of Existence and Assets. (a) Conduct continuously and operate actively its business according to good business practices and maintain all of its properties useful or necessary in its business in good working order and condition (reasonable wear and tear excepted and except as may be disposed of in accordance with the terms of this Agreement), including all Intellectual Property necessary for the Borrowers' business and take all actions necessary to enforce and protect the validity of any intellectual property right or other right included in the Collateral; (b) keep in full force and effect its existence and comply in all material respects with the laws and regulations governing the conduct of its business where the failure to do so could reasonably be expected to have a Material Adverse Effect; and (c) make all such reports and pay all such franchise and other taxes and license fees and do all such other acts and things as may be lawfully required to maintain its rights, licenses, leases, powers and franchises under the laws of the United States or any political subdivision thereof where the failure to do so could reasonably be expected to have a Material Adverse Effect.

6.3. Books and Records. Keep proper books of record and account in which full, true and correct entries will be made of all dealings or transactions of or in relation to its business and affairs (including without limitation accruals for taxes, assessments, Charges, levies and claims, allowances against doubtful Receivables and accruals for depreciation, obsolescence or amortization of assets), all in accordance with, or as required by, GAAP consistently applied in the opinion of such independent public accountant as shall then be regularly engaged by Borrowers.

6.4. Payment of Taxes; Priority Payables. Pay, when due, all Priority Payables and all taxes, assessments and other Charges lawfully levied or assessed upon such Borrower or any of the Collateral, including real and personal property taxes, municipal and business taxes, assessments and charges and all franchise, income, employment, social security benefits, withholding, and sales taxes except to the extent any such tax is being contested in good faith. If any tax by any Governmental Body is or may be imposed on or as a result of any transaction between any Borrower and Agent or any Lender which Agent or any Lender may be required to withhold or pay or if any taxes, assessments, or other Charges remain unpaid after the date fixed for their payment, or if any claim shall be made which, in Agent's or any Lender's opinion, may possibly create a valid Lien on the Collateral, Agent may without notice to Borrowers pay the taxes, assessments or other Charges and each Borrower hereby indemnifies and holds Agent and each Lender harmless in respect thereof. Agent will not pay any taxes, assessments or Charges to the extent that any applicable Borrower has Properly Contested those taxes, assessments or Charges. The amount of any payment by Agent under this Section 6.4 shall be charged to Borrowers' Account as a Revolving Advance maintained as a Domestic Rate Loan and added to the Obligations and, until Borrowers shall furnish Agent with an indemnity therefor (or supply Agent with evidence satisfactory to Agent that due provision for the payment thereof has been made), Agent may hold without interest any balance standing to Borrowers' credit and Agent shall retain its security interest in and Lien on any and all Collateral held by Agent.

6.5. Financial Covenants.

(a) Interest Coverage Ratio. Cause to be maintained as of the last day of each fiscal quarter beginning with the fiscal quarter ending December 31, 2014, for the four fiscal quarter period then ending, an Interest Coverage Ratio of not less than 3.00 to 1.00, measured as of the last day of the most recently ended fiscal quarter for the twelve month period then ended.

(b) Leverage Ratio. Maintain as of the last day of each fiscal quarter, for the four fiscal quarter period then ending beginning with the fiscal quarter ending December 31, 2014, a ratio of Funded Debt to EBITDA (the "Leverage Ratio") of not greater than 4.0 to 1.00; provided, however, that Borrowers shall maintain a ratio of Funded Debt to EBITDA of not greater than 4.25 to 1.00 as of the end of each of the two fiscal quarters following any Permitted Acquisition, in each case, for the four fiscal quarters then ending.

(c) Minimum Excess Availability. At all times prior to the Qualified IPO, Borrowers shall maintain Excess Availability of not less than the greater of (i) \$10,000,000 or (ii) 6.7% of the Maximum Revolving Advance Amount.

6.6. Insurance.

(a) (i) Keep all its insurable properties and properties in which such Borrower has an interest insured against the hazards of fire, flood, sprinkler leakage, those hazards covered by extended coverage insurance and such other hazards, and for such amounts, as is customary in the case of the Borrower's properties or companies engaged in businesses similar to such

Borrower's including business interruption insurance; (ii) maintain a bond in such amounts as is customary in the case of companies engaged in businesses similar to such Borrower insuring against larceny, embezzlement or other criminal misappropriation of insured's officers and employees who may either singly or jointly with others at any time have access to the assets or funds of such Borrower either directly or through authority to draw upon such funds or to direct generally the disposition of such assets; (iii) maintain public and product liability insurance against claims for personal injury, death or property damage suffered by others as is customary in the case of the Borrower's properties or companies engaged in businesses similar to such Borrower's; (iv) maintain all such worker's compensation or similar insurance as may be required under the laws of any state or jurisdiction in which such Borrower is engaged in business; (v) furnish Agent with (A) copies of all policies and evidence of the maintenance of such policies by the renewal thereof at least thirty (30) days before any expiration date, and (B) appropriate loss payable endorsements in form and substance satisfactory to Agent, naming Agent as an additional insured and mortgagee and/or lender loss payee (as applicable) as its interests may appear with respect to all insurance coverage referred to in clauses (i), and (iii) above, and providing (I) that, during any Trigger Period, all proceeds thereunder shall be payable to Agent, (II) no such insurance shall be affected by any act or neglect of the insured or owner of the property described in such policy, and (III) that such policy and loss payable clauses may not be cancelled, amended or terminated unless at least thirty (30) days prior written notice is given to Agent (or in the case of non-payment, at least ten (10) days prior written notice). In the event of any loss thereunder, during any Trigger Period, the carriers named therein hereby are directed by Agent and the applicable Borrower to make payment for such loss to Agent and not to such Borrower and Agent jointly. If any insurance losses are paid by check, draft or other instrument payable to any Borrower and Agent jointly, Agent may endorse such Borrower's name thereon and do such other things as Agent may deem advisable to reduce the same to cash.

(b) Each Borrower shall take all actions required under the Flood Laws and/or requested by Agent to assist in ensuring that each Lender is in compliance with the Flood Laws applicable to the Collateral, including, but not limited to, providing Agent with the address and/or GPS coordinates of each structure on any real property that will be subject to a mortgage in favor of Agent, for the benefit of Lenders, and, to the extent required, obtaining flood insurance for such property, structures and contents prior to such property, structures and contents becoming Collateral, and thereafter maintaining such flood insurance in full force and effect for so long as required by the Flood Laws.

(c) Agent is hereby authorized to adjust and compromise claims under insurance coverage referred to in Sections 6.6(a)(i) and (iii) and 6.6(b) above. During any Trigger Period, all loss recoveries shall be payable to Agent and all loss recoveries received by Agent under any such insurance may be applied to the Obligations, in such order as Agent in its sole discretion shall determine. Any surplus shall be paid by Agent to Borrowers or applied as may be otherwise required by law. During any Trigger Period, any deficiency thereon shall be paid by Borrowers to Agent, on demand. Anything hereinabove to the contrary notwithstanding, and subject to the fulfillment of the conditions set forth below, Agent shall remit to Borrowing Agent insurance proceeds received by Agent during any calendar year under insurance policies procured and maintained by Borrowers which insure Borrowers' insurable properties to the extent such insurance proceeds do not exceed \$10,000,000 in the aggregate during such calendar

year or \$1,000,000 per occurrence. In the event the amount of insurance proceeds received by Agent for any occurrence exceeds \$1,000,000, then Agent shall not be obligated to remit the insurance proceeds to Borrowing Agent unless Borrowing Agent shall provide Agent with evidence reasonably satisfactory to Agent that the insurance proceeds will be used by Borrowers to repair, replace or restore the insured property which was the subject of the insurable loss. In the event Borrowing Agent has previously received (or, after giving effect to any proposed remittance by Agent to Borrowing Agent would receive) insurance proceeds which equal or exceed \$10,000,000 in the aggregate during any calendar year, then Agent may, in its sole discretion, either remit the insurance proceeds to Borrowing Agent upon Borrowing Agent providing Agent with evidence reasonably satisfactory to Agent that the insurance proceeds will be used by Borrowers to repair, replace or restore the insured property which was the subject of the insurable loss, or apply the proceeds to the Obligations, as aforesaid. The agreement of Agent to remit insurance proceeds in the manner above provided shall be subject in each instance to satisfaction of each of the following conditions: (x) No Event of Default or Default shall then have occurred and be continuing, (y) Borrowers shall use such insurance proceeds promptly to repair, replace or restore the insurable property which was the subject of the insurable loss and for no other purpose, and (z) such remittances shall be made under such procedures as Agent may establish. If any Borrower fails to obtain insurance as hereinabove provided, or to keep the same in force, Agent, if Agent so elects, may obtain such insurance and pay the premium therefor on behalf of such Borrower, which payments shall be charged to Borrowers' Account or Sand Tiger's Account, as applicable, and constitute part of the obligations.

6.7. Payment of Indebtedness and Leasehold Obligations. Pay, discharge or otherwise satisfy (i) at or before maturity (subject, where applicable, to specified grace periods) all its Indebtedness, except when the failure to do so could not reasonably be expected to have a Material Adverse Effect or when the amount or validity thereof is currently being Properly Contested, subject at all times to any applicable subordination arrangement in favor of Lenders and (ii) when due its rental obligations under all leases under which it is a tenant, and shall otherwise comply, in all material respects, with all other terms of such leases and keep them in full force and effect.

6.8. Environmental Matters.

(a) Use commercially reasonable efforts to ensure that the Real Property and all operations and businesses conducted thereon are in material compliance and remain in material compliance with all Environmental Laws and it shall manage any and all Hazardous Substances on any Real Property in material compliance with Environmental Laws.

(b) Establish and maintain an environmental management and compliance system to assure and monitor continued compliance with all applicable Environmental Laws which system shall include periodic environmental compliance audits to be conducted by knowledgeable environmental professionals. All potential violations and violations of Environmental Laws shall be reviewed with legal counsel to determine any required reporting to applicable Governmental Bodies and any required corrective actions to address such potential violations or violations.

(c) Respond promptly to any Hazardous Discharge or Environmental Complaint known to a Borrower and take all necessary action in order to safeguard the health of any Person and to avoid subjecting a material portion of the Collateral or Real Property to any Lien. If any Borrower shall fail to respond promptly to any Hazardous Discharge or Environmental Complaint or any Borrower shall fail to comply with any of the requirements of any Environmental Laws, and such failure results in an Event of Default, Agent on behalf of Lenders may, but without the obligation to do so, for the sole purpose of protecting Agent's interest in the Collateral: (i) give such notices or (ii) enter onto the Real Property (or authorize third parties to enter onto the Real Property) and take such actions as Agent (or such third parties as directed by Agent) deem reasonably necessary, to remediate, remove, mitigate or otherwise manage with any such Hazardous Discharge or Environmental Complaint. All reasonable out-of-pocket costs and expenses incurred by Agent and Lenders (or such third parties) in the exercise of any such rights, including any sums paid in connection with any judicial or administrative investigation or proceedings, fines and penalties, together with interest thereon from the date expended at the Default Rate for Domestic Rate Loans constituting Revolving Advances shall be paid upon demand by Borrowers (other than Sand Tiger) or Sand Tiger, as applicable, and until paid shall be added to and become a part of the Obligations secured by the Liens created by the terms of this Agreement or any other agreement between Agent, any Lender and any Borrower.

(d) Promptly upon the written reasonable request of Agent from time to time, Borrowers shall provide Agent, at Borrowers' expense once every three (3) years (or at any time following the occurrence of and during the continuance of an Event of Default or if there exists any known Hazardous Discharge or Environmental Complaint), with an environmental site assessment or environmental compliance audit report prepared by an environmental engineering firm acceptable in the reasonable opinion of Agent, to assess with a reasonable degree of certainty the existence of a Hazardous Discharge and the potential costs in connection with abatement, remediation and removal of any Hazardous Substances found on, under, at or within the Real Property. Any report or investigation of such Hazardous Discharge proposed and acceptable to the responsible Governmental Body shall be acceptable to Agent. If such estimates, individually or in the aggregate, exceed \$500,000, Agent shall have the right to require Borrowers to post a bond, letter of credit or other security reasonably satisfactory to Agent to secure payment of these costs and expenses.

6.9. [Reserved].

6.10. Federal Securities Laws. Promptly notify Agent in writing if, except in connection with any Qualified IPO, any Borrower or any Restricted Subsidiary of any Credit Party (i) is required to file periodic reports under the Exchange Act, (ii) registers any securities under the Exchange Act or (iii) files a registration statement under the Securities Act.

6.11. Execution of Supplemental Instruments. Execute and deliver to Agent from time to time, upon demand, such supplemental agreements, statements, assignments and transfers, or instructions or documents relating to the Collateral, and such other instruments as Agent may request, in order that the full intent of this Agreement may be carried into effect.

6.12. [Reserved].

6.13. Government Receivables. Take all steps necessary to protect Agent's interest in the Collateral under the Federal Assignment of Claims Act, the Financial Administration Act (Canada), the Uniform Commercial Code, PPSA and all other applicable state, provincial or local statutes or ordinances and deliver to Agent appropriately endorsed, any instrument or chattel paper connected with any Receivable arising out of any contract between any Borrower and the United States, Canada, any state, provincial or any department, agency or instrumentality of any of them.

6.14. Membership / Partnership Interests. Designate and shall cause all of their Subsidiaries to designate (a) their limited liability company membership interests or partnership interests as the case may be, as securities as contemplated by the definition of "security" in Section 8-102(15) and Section 8-103 of Article 8 of the Uniform Commercial Code, and (b) certificate such limited liability company membership interests and partnership interests, as applicable.

6.15. Keepwell. If it is a Qualified ECP Credit Party, then jointly and severally, together with each other Qualified ECP Credit Party, hereby absolutely unconditionally and irrevocably (a) guarantees the prompt payment and performance of all Swap Obligations owing by each Non-Qualifying Party (it being understood and agreed that this guarantee is a guaranty of payment and not of collection), and (b) undertakes to provide such funds or other support as may be needed from time to time by any Non-Qualifying Party to honor all of such Non-Qualifying Party's obligations under this Agreement or any Other Document in respect of Swap Obligations (provided, however, that each Qualified ECP Credit Party shall only be liable under this Section 6.15 for the maximum amount of such liability that can be hereby incurred without rendering its obligations under this Section 6.15, or otherwise under this Agreement or any Other Document, voidable under applicable law, including applicable law relating to fraudulent conveyance or fraudulent transfer, and not for any greater amount). The obligations of each Qualified ECP Credit Party under this Section 6.15 shall remain in full force and effect until payment in full of the Obligations and termination of this Agreement and the Other Documents. Each Qualified ECP Credit Party intends that this Section 6.15 constitute, and this Section 6.15 shall be deemed to constitute a "keepwell, support, or other agreement" for the benefit of each other Credit Party for all purposes of Section 1a(18(A)(v)(II) of the CEA.

6.16. Negative Pledge Agreements. Borrowers shall deliver a Negative Pledge Agreement with respect to each parcel of Real Property which is not included in the Collateral as of the Closing Date and, upon the occurrence of a Default or an Event of Default, at Agent's request, Borrowers shall execute such security agreements as are necessary under law or otherwise requested by Agent to create, in favor of Agent, a perfected security interest in or lien upon such Real Property.

6.17. Post-Closing Obligations. Borrowers shall cause the conditions set forth on Schedule 6.17 hereto to be satisfied in full, on or before the date specified for each such condition, time being of the essence.

VII. NEGATIVE COVENANTS.

No Borrower shall, until satisfaction in full of the Obligations and termination of this Agreement:

7.1. Merger, Consolidation, Acquisition and Sale of Assets

(a) Enter into any merger, consolidation or other reorganization with or into any other Person or acquire all or a substantial portion of the assets or Equity Interests of any Person or permit any other Person to consolidate with or merge with it, except (i) any Credit Party may merge, consolidate or reorganize with another Credit Party or acquire the assets or Equity Interest of another Credit Party so long as such Credit Party provides Agent with ten (10) days prior written notice of such merger, consolidation or reorganization and delivers all of the relevant documents evidencing such merger, consolidation or reorganization, (ii) Permitted Acquisitions; (iii) Permitted Joint Venture Investments; and (iv) in connection with any Qualified IPO, a Qualified IPO Permitted Acquisition.

(b) Sell, lease, transfer or otherwise dispose of any of its properties or assets, except (i) (a) the sale of Inventory in the ordinary course of business and (b) the disposition or transfer of obsolete and worn-out equipment in the ordinary course of business; (ii) any other sales or dispositions expressly permitted by this Agreement; ; (iii) a disposition of oil and gas properties in connection with tax credit transactions complying with Section 45K or any successor or analogous provisions of the Code; (iv) a Permitted Investment; (v) a disposition of all or substantially all the assets of any Borrower in accordance with this Agreement; (vi) a disposition in any single transaction or series of related transactions of assets with a value of less than \$2,500,000 individually or \$15,000,000 in the aggregate during any calendar year; (vii) a disposition of cash; (viii) the creation of a Lien (but not the sale or other disposition of the property subject to such Lien); (ix) the trade or exchange by any Credit Party of any mineral property or any related assets or other assets commonly used in the oil and gas business owned or held by any Credit Party, or any Capital Stock of a Person all or substantially all of whose assets consist of one or more of such types of assets, for (A) assets of such types owned or held by another Person or (B) the Capital Stock of another Person all or substantially all of whose assets consist of assets of the types described in clause (A) and any cash or cash equivalents necessary in order to achieve an exchange of equivalent value; provided, however, that the fair market value of the property or Capital Stock received by any Credit Party in such trade or exchange (including any cash or cash equivalents) is substantially equal to the fair market value of the property (including any cash or cash equivalents) so traded or exchanged; (x) surrender or waiver of contract rights or the settlement, release or surrender of contract, tort or other claims of any kind; or (xi) any disposition of defaulted receivables that arose in the ordinary course of business for collection, so long as excluded from the calculation of the Formula Amount.

7.2. Creation of Liens. Create or suffer to exist any Lien or transfer upon or against any of its property or assets now owned or hereafter created or acquired, except Permitted Encumbrances.

7.3. Guarantees. Except as otherwise agreed to in writing in advance by Agent, become liable upon the obligations or liabilities of any Person by assumption, endorsement or

guarantee thereof or otherwise (other than to Lenders) except (a) guarantees of Indebtedness or other obligations of another Credit Party or its Restricted Subsidiaries which Indebtedness is permitted or other obligation is not prohibited by this Agreement, (b) the endorsement of checks or documents in the ordinary course of business, and (c) guarantees of Indebtedness permitted by Section 7.8.

7.4. Investments. Purchase or acquire obligations or Equity Interests of, or any other interest in, any Person, other than Permitted Investments.

7.5. Loans. Make advances, loans or extensions of credit to any Person, including any Parent, Subsidiary or Affiliate other than Permitted Loans.

7.6. Hedges. Incur or suffer to exist, or permit any other Credit Party to incur or suffer to exist, any speculative Hedge. Except to the extent provided pursuant to this Agreement or any Other Document, in no event shall any Hedge contain any requirement, agreement or covenant for a Credit Party to post collateral or margin to secure such Credit Party's obligations under such Hedge or to cover market exposures.

7.7. Dividends. (i) Prior to the consummation of the Qualified IPO, declare, pay or make any dividend or distribution on any Equity Interests of any Borrower (other than dividends or distributions payable in its stock, or split-ups or reclassifications of its stock or distributions to its members in an aggregate amount equal to the Increased Tax Burden of its members) or apply any of its funds, property or assets to the purchase, redemption or other retirement of any Equity Interest, or of any options to purchase or acquire any Equity Interest of any Borrower and (ii) after the consummation of the Qualified IPO, declare, pay or make any dividend or distribution on any Equity Interests of any Borrower (other than dividends or distributions payable in its stock, or split-ups or reclassifications of its stock or distributions to its members in an aggregate amount equal to the Increased Tax Burden of its members) or apply any of its funds, property or assets to the purchase, redemption or other retirement of any Equity Interest, or of any options to purchase or acquire any Equity Interest of any Borrower, other than Permitted Dividends.

7.8. Indebtedness. Create, incur, assume or suffer to exist any Indebtedness other than Permitted Indebtedness.

7.9. Nature of Business. Substantially change the nature of the business in which it is presently engaged, nor except as specifically permitted hereby purchase or invest, directly or indirectly, in any assets or property other than in the ordinary course of business for assets or property which are useful in, necessary for and are to be used in its oil and gas business, any business in which any Credit Party or any Person in which any Credit Party had an investment was engaged on the Closing Date, and any business related, ancillary or complementary to any of the foregoing, as presently conducted.

7.10. Transactions with Affiliates. Directly or indirectly, purchase, acquire or lease any property from, or sell, transfer or lease any property to, make any payment (including payments of management or consulting fees) to, or enter into any transaction or arrangement with, or otherwise deal with, any Affiliate, except, in each case to the extent not otherwise prohibited under this Agreement or any Other Document: (a) transactions which are in the ordinary course

of business, on an arm's-length basis on terms and conditions no less favorable than terms and conditions which would have been obtainable from a Person other than an Affiliate, (b) transactions among Credit Parties not involving any other Affiliates, (c) dividends or distributions permitted by Section 7.7, investments permitted by Section 7.4 and loans permitted by 7.5, (d) any issuance of Capital Stock of Mammoth; (e) transactions provided for in or contemplated by the Transaction Documents, (f) arrangements with respect to the procurement of services of directors, officers, independent contractors, consultants or employees in the ordinary course of business and the payment of customary compensation (including bonuses) and other benefits (including retirement, health, stock option and other benefit plans) and reasonable reimbursement arrangements in connection therewith, (g) the payment of fees, expenses and indemnities to directors, officers, consultants and employees of the General Partner, Mammoth and the Restricted Subsidiaries in the ordinary course of business and otherwise permitted by Section 7.19; (h) the payment of fees and expenses relating to the Transactions within five (5) Business Days of the Closing Date; (i) transactions with any Affiliate in its capacity as a holder of Indebtedness or Capital Stock of Mammoth; provided that such Affiliate is treated the same as other such holders of Indebtedness or Capital Stock; (j) transactions for which Mammoth or any Restricted Subsidiary, as the case may be, obtains a favorable written opinion from a nationally recognized investment banking firm as to the fairness of the transaction to Mammoth and its Restricted Subsidiaries from a financial point of view; and (k) transactions provided for in or contemplated by the Management Agreement. Notwithstanding the foregoing, the parties agree that not more than \$15,000,000 may be distributed, advanced or otherwise made available from any Borrower to Sand Tiger at any one time including as proceeds of Advances hereunder.

7.11. [Reserved].

7.12. Subsidiaries.

(a) Form or acquire any Restricted Subsidiary unless within twenty (20) Business Days (or such longer period as Agent may consent to) after formation (i) if such Restricted Subsidiary is a Domestic Subsidiary either (as determined by Agent in its Permitted Discretion) (A) such Domestic Subsidiary expressly joins in this Agreement as a "Borrower" and becomes jointly and severally liable for the Obligations hereunder or Sand Tiger's Obligations, if the Restricted Subsidiary is a Subsidiary of Sand Tiger, under the Notes, and under any other agreement among any Borrower, Agent or Lenders or (B) becomes a "Guarantor" by executing a Guaranty, or (ii) if such Restricted Subsidiary is a first-tier Foreign Subsidiary, its Equity Interests are pledged to Agent to the extent set forth in the definition of "Subsidiary Stock" and, in the case of clauses (i) and (ii) Agent shall have received all documents, including, without limitation, legal opinions and appraisals, it may reasonably require in connection therewith.

(b) Enter into any partnership, joint venture or similar arrangement, other than any Permitted Joint Venture Investment or any such arrangement, which in each case, is (i) on terms and conditions satisfactory to Agent in its Permitted Discretion or (ii) an investment permitted under Section 7.4.

7.13. Fiscal Year and Accounting Changes. Change its fiscal year from December 31 or make any significant change (i) in financial accounting treatment and reporting except as required by GAAP or (ii) in Tax accounting method except as required by Applicable Law.

7.14. Pledge of Credit Now or hereafter pledge Agent's or any Lender's credit on any purchases, commitments or contracts or for any purpose whatsoever.

7.15. Amendment of Certain Documents Amend, modify or waive any term or provision of its Organizational Documents, the Transaction Documents, the Midwest Frac Agreement, the Contribution Agreements or any Material Contract in a manner material and adverse to Agent, unless (a) required by Applicable Law or consented to by Agent and (b) a copy of such amendment, modification or waiver has been provided to Agent (for the avoidance of doubt, any amendment, modification or other change in the Partnership Agreement relating to dividends or distributions payable thereunder is hereby deemed material); provided, however, a Credit Party may amend its Organizational Documents to change its legal name so long as Agent has received (x) 10 Business Days prior written notice thereof and (y) upon the effectiveness of such amendment, a copy of such amendment as filed with the applicable officer of the jurisdiction of formation of such Credit Party and any other documents or instruments requested by Agent to maintain the perfection of Agent's Liens on the Collateral.

7.16. Compliance with ERISA. (i) (x) Maintain, or permit any member of the Controlled Group to maintain, or (y) become obligated to contribute, or permit any member of the Controlled Group to become obligated to contribute, to any Plan, other than those Plans disclosed on Schedule 5.8(d) for which there could reasonably be material liability, which may be updated from time to time with the consent of the Agent, which consent shall not be unreasonably withheld, (ii) engage, or permit any member of the Controlled Group to engage, in any non-exempt "prohibited transaction", as that term is defined in Section 406 of ERISA or Section 4975 of the Code, (iii) terminate, or permit any member of the Controlled Group to terminate, any Plan where such event could result in any material liability of any Credit Party or any member of the Controlled Group or the imposition of a lien on the property of any Credit Party or any member of the Controlled Group pursuant to Section 4068 of ERISA, (iv) incur, or permit any member of the Controlled Group to incur, any material withdrawal liability to any Multiemployer Plan; (v) fail promptly to notify Agent of the occurrence of any Termination Event, (vi) fail to comply, or permit a member of the Controlled Group to fail to comply, with the requirements of ERISA or the Code or other Applicable Laws in respect of any Plan and such failure to comply could reasonably result in material liability to any Credit Party or any members of the Controlled Group, (vii) fail to meet, permit any member of the Controlled Group to fail to meet, or permit any Plan to fail to meet all minimum funding requirements under ERISA and the Code, without regard to any waivers or variances, or postpone or delay or allow any member of the Controlled Group to postpone or delay any funding requirement with respect to any Plan, or (viii) cause, or permit any member of the Controlled Group to cause, a representation or warranty in Section 5.8(d) to cease to be true and correct. No Borrower shall (i) permit its unfunded pension fund obligations and liabilities under any Canadian Pension Plan to remain unfunded other than in accordance with Applicable Law; or (ii) maintain, sponsor, administer, contribute to, participate in or assume or incur any liability in respect of any Specified Canadian Pension Plan, or acquire an interest in any Person if such Person sponsors, administers, contributes to, participates in or has any liability in respect of, any Specified Canadian Pension Plan.

For each existing, or hereafter adopted, Canadian Benefit Plan, each Borrower shall in a timely fashion comply with and perform in all material respects all of its obligations under and in respect of such Canadian Benefit Plan and all applicable laws (including any fiduciary, funding, investment and administration obligations). All employer or employee payments, contributions or premiums required to be remitted, paid to or in respect of each Canadian Benefit Plan shall be paid or remitted by each Borrower in a timely fashion in accordance with the terms thereof, any funding agreements and all applicable laws.

7.17. Prepayment of Indebtedness. If a Trigger Event has occurred, at any time, directly or indirectly, prepay any Indebtedness (other than to Lenders), or repurchase, redeem, retire or otherwise acquire any Indebtedness of any Borrower.

7.18. Management Fees. Except for amounts paid pursuant to the Management Agreement or the Partnership Agreement which are otherwise permitted under this Agreement, pay, or permit any of its respective Subsidiaries to pay, any management, consulting, service or other such fees to any Affiliates of any Credit Party; provided, however, that Mammoth may pay management fees as provided in the Management Agreement as of the Closing Date in an amount not to exceed \$500,000 for any calendar year plus any such fees that are outstanding since the Closing Date; provided, that at the time of and after giving pro forma effect to the making of such payments, (i) no Default or Event of Default then exists or will result therefrom; (ii) Borrowers have sufficient excess cash flow to make such payments (and such payments are not funded with the proceeds of an Advance); and (iii) after giving effect to the payment of such dividend or distributions contemplated by the declaration, pro forma Excess Availability would be no less than 17.5% of the Maximum Available Credit. Notwithstanding the foregoing, no management fees shall be paid, pursuant to the Management Agreement prior to the consummation of the Qualified IPO.

7.19. Bank Accounts. Establish or otherwise acquire any deposit accounts or securities accounts, other than Excluded Deposit Accounts, without first providing to Agent an updated Schedule 5.30 and a Deposit Account Control Agreement with respect thereto in form and substance satisfactory to Agent in its Permitted Discretion.

VIII. CONDITIONS PRECEDENT.

8.1. Conditions to Initial Advances. The agreement of Lenders to make the initial Advances requested to be made on the Closing Date is subject to the satisfaction, or waiver by Agent, immediately prior to or concurrently with the making of such Advances, of the following conditions precedent:

(a) Note. Agent shall have received the Notes duly executed and delivered by an Authorized Officer of each Borrower or of Sand Tiger, as applicable;

(b) Other Documents. Agent shall have received each of the executed Other Documents, as applicable, that are required to be executed and delivered on the Closing Date;

(c) Contribution Agreements. Borrowers shall have consummated the transactions contemplated by the Contribution Agreements;

(d) [Reserved].

(e) Environmental Reports. Agent shall have received all environmental studies and reports prepared by independent environmental engineering firms with respect to all Real Property owned or leased by any Borrower;

(f) Financial Condition Certificates. Agent shall have received an executed Financial Condition Certificate in the form of Exhibit 8.1(f).

(g) Closing Certificate. Agent shall have received a closing certificate signed by the Chief Financial Officer of each Borrower dated as of the date hereof, stating that (i) all representations and warranties set forth in this Agreement and the Other Documents are true and correct on and as of such date, and (ii) on such date no Default or Event of Default has occurred or is continuing;

(h) Borrowing Base. Agent shall have received evidence from Borrowers that the aggregate amount of Eligible Receivables, Eligible Equipment, Eligible Inventory, Eligible In-Transit Inventory and Eligible Unbilled Receivables is sufficient in value and amount to support Advances in the amount requested by Borrowers on the Closing Date;

(i) Minimum Availability. After giving effect to the initial Advances hereunder, the sum of Excess Availability plus Free Cash shall total at least \$30,000,000;

(j) Blocked Accounts. Borrowers shall have opened the Depository Accounts with Agent or Agent shall have received duly executed agreements establishing the Blocked Accounts with financial institutions acceptable to Agent for the collection or servicing of the Receivables and proceeds of the Collateral and Agent shall have entered into control agreements with the applicable financial institutions in form and substance satisfactory to Agent with respect to such Blocked Accounts;

(k) Filings, Registrations and Recordings. Each document (including any Uniform Commercial Code or PPSA financing statement) required by this Agreement, any related agreement or under law or reasonably requested by Agent to be filed, registered or recorded in order to create, in favor of Agent, a perfected security interest in or Lien upon the Collateral shall have been properly filed, registered or recorded in each jurisdiction in which the filing, registration or recordation thereof is so required or requested, and Agent shall have received an acknowledgment copy, or other evidence satisfactory to it, of each such filing, registration or recordation and satisfactory evidence of the payment of any necessary fee, tax or expense relating thereto;

(l) Lien Waiver Agreements. Agent shall have received Lien Waiver Agreements with respect to all locations or places at which Inventory, Equipment and books and records are located;

(m) Secretary's Certificates, Authorizing Resolutions and Good Standings of Borrowers. Agent shall have received a certificate of the Secretary or Assistant Secretary (or other equivalent officer, partner or manager) of each Borrower in form and substance satisfactory

to Agent dated as of the Closing Date which shall certify (i) copies of resolutions in form and substance reasonably satisfactory to Agent, of the board of directors (or other equivalent governing body, member or partner) of such Borrower authorizing (x) the execution, delivery and performance of this Agreement, the Notes and each Other Document to which such Borrower is a party (including authorization of the incurrence of indebtedness, borrowing of Revolving Advances and Swing Loans and requesting of Letters of Credit on a joint and several basis with all Borrowers as provided for herein), and (y) the granting by such Borrower of the security interests in and liens upon the Collateral to secure all of the joint and several Obligations of Borrowers or Sand Tiger's Obligations, as applicable, (and such certificate shall state that such resolutions have not been amended, modified, revoked or rescinded as of the date of such certificate), (ii) the incumbency and signature of the officers of such Borrower authorized to execute this Agreement and the Other Documents, (iii) copies of the Organizational Documents of such Borrower as in effect on such date, complete with all amendments thereto, and (iv) the good standing (or equivalent status) of such Borrower in its jurisdiction of organization and each applicable jurisdiction where the conduct of such Borrower's business activities or the ownership of its properties necessitates qualification, as evidenced by good standing certificate(s) (or the equivalent thereof issued by any applicable jurisdiction) dated not more than 10 days prior to the Closing Date, issued by the Secretary of State or other appropriate official of each such jurisdiction;

(n) Secretary's Certificates, Authorizing Resolutions and Good Standings of Guarantors Agent shall have received a certificate of the Secretary or Assistant Secretary (or other equivalent officer, partner or manager) of each Guarantor in form and substance satisfactory to Agent dated as of the Closing Date which shall certify (i) copies of resolutions in form and substance reasonably satisfactory to Agent, of the board of directors (or other equivalent governing body, member or partner) of each Guarantor authorizing (x) the execution, delivery and performance of such Guarantor's Guaranty and each Other Document to which such Guarantor is a party and (y) the granting by such Guarantor of the security interests in and liens upon the Collateral to secure its obligations under its Guaranty (and such certificate shall state that such resolutions have not been amended, modified, revoked or rescinded as of the date of such certificate), (ii) the incumbency and signature of the officers of such Guarantor authorized to execute this Agreement and the Other Documents, (iii) copies of the Organizational Documents of such Guarantor as in effect on such date, complete with all amendments thereto, and (iv) the good standing (or equivalent status) of such Guarantor in its jurisdiction of organization and each applicable jurisdiction where the conduct of such Guarantor's business activities or the ownership of its properties necessitates qualification, as evidenced by good standing certificate(s) (or the equivalent thereof issued by any applicable jurisdiction) dated not more than 10 days prior to the Closing Date, issued by the Secretary of State or other appropriate official of each such jurisdiction;

(o) Legal Opinion. Agent shall have received the executed legal opinion of Akin, Gump, Strauss, Hauer & Feld, LLP and Borrower's Canadian counsel in form and substance satisfactory to Agent which shall cover such matters incident to the transactions contemplated by this Agreement, the Notes, the Other Documents, and related agreements as Agent may reasonably require and each Borrower hereby authorizes and directs such counsel to deliver such opinions to Agent and Lenders;

(p) No Litigation. (i) No litigation, investigation or proceeding before or by any arbitrator or Governmental Body shall be continuing, or to the knowledge of the Credit Parties, threatened against any Credit Party or against the officers or directors of any Credit Party (A) in connection with this Agreement, the Other Documents or any of the Transactions which is in excess of \$2,000,000 in the aggregate or (B) which would reasonably be expected to have, in the reasonable opinion of Agent, a Material Adverse Effect, result in an Event of Default, result in material liability to such Credit Party or materially and adversely affect such Credit Party's ability to conduct its business as currently conducted; and (ii) no injunction, writ, restraining order or other order of any nature materially adverse to the Credit Parties as a whole or the conduct of their business or inconsistent with the due consummation of the Transactions shall have been issued by any Governmental Body;

(q) Collateral Examination. Agent shall have completed Collateral examinations and received appraisals, the results of which shall be satisfactory in form and substance to Agent, of the Receivables, Inventory, General Intangibles, Real Property, Leasehold Interest and equipment of each Borrower and all books and records in connection therewith which will be identified by Borrowers to be included in the calculation of the Formula Amount;

(r) Fees. Agent shall have received all fees payable to Agent and Lenders on or prior to the Closing Date hereunder, including pursuant to Article III hereof and the Fee Letter;

(s) Pro Forma Financial Statements. Agent shall have received a copy of the Pro Forma Financial Statements which shall be satisfactory in all respects to Agent;

(t) Insurance. Agent shall have received in form and substance satisfactory to Agent, (i) evidence that adequate insurance, including without limitation, casualty and liability insurance, required to be maintained under this Agreement is in full force and effect, (ii) insurance certificates issued by Borrowers' insurance broker containing such information regarding Borrowers' casualty and liability insurance policies as Agent shall request and naming Agent as an additional insured, lenders loss payee and/or mortgagee, as applicable, and (iii) loss payable endorsements issued by Borrowers' insurer naming Agent as lenders loss payee and mortgagee, as applicable;

(u) Flood Insurance. Evidence that adequate flood insurance required to be maintained under this Agreement is in full force and effect, with additional insured, mortgagee and lender loss payable special endorsements attached thereto in form and substance satisfactory to Agent and its counsel naming Agent as additional insured, mortgagee and lender loss payee, as applicable, and evidence that Borrowers have taken all actions required under the Flood Laws and/or requested by Agent to assist in ensuring that each Lender is in compliance with the Flood Laws applicable to the Collateral, including, but not limited to, providing Agent with the address and/or GPS coordinates of each structure on any Real Property that will be subject to a Mortgage in favor of Agent, for the benefit of Lenders, and, to the extent required, obtaining flood insurance for such property, structures and contents prior to such property, structures and contents becoming Collateral;

(v) Prior Indebtedness. A payoff letter from the existing lenders set forth on Schedule 8.1(v), in form and substance satisfactory to Agent, together with such Uniform Commercial Code and other applicable termination statements, releases of mortgage Liens and other instruments, documents and/or agreements necessary or appropriate to terminate any Liens in favor of the existing lenders set forth on Schedule 8.1(v) securing the prior indebtedness which is to be indefeasibly paid in full on or prior to the Closing Date, as Agent may request, duly executed and in recordable form, if applicable, and otherwise in form and substance satisfactory to Agent;

(w) Payment Instructions. Agent shall have received written instructions from Borrowing Agent directing the application of proceeds of the initial Advances made pursuant to this Agreement;

(x) Consents. Agent shall have received any and all Consents necessary to permit the effectuation of the transactions contemplated by this Agreement and the Other Documents; and, Agent shall have received such Consents and waivers of such third parties as might assert claims with respect to the Collateral, as Agent and its counsel shall deem necessary;

(y) No Adverse Material Change. (i) Since December 31, 2013, there shall not have occurred any event, condition or state of facts which could reasonably be expected to have a Material Adverse Effect and (ii) no representations made or information supplied to Agent or Lenders shall have been proven to be inaccurate or misleading in any material respect;

(z) Contract Review. Agent shall have received and reviewed all Material Contracts of Borrowers and such contracts and agreements shall be satisfactory in all respects to Agent;

(aa) Compliance with Laws. Agent shall be reasonably satisfied that each Borrower is in compliance with Applicable Laws, including those with respect to the Federal Occupational Safety and Health Act, Environmental Laws, ERISA, Canadian Pension Plans and the Anti-Terrorism Laws including Canadian "AML Legislation"; and

(bb) Other. All corporate and other proceedings, and all documents, instruments and other legal matters in connection with the Transactions shall be satisfactory in form and substance to Agent and its counsel.

8.2. Conditions to Each Advance. The agreement of Lenders to make any Advance requested to be made on any date (including the initial Advance), is subject to the satisfaction of the following conditions precedent as of the date such Advance is made:

(a) Representations and Warranties. Each of the representations and warranties made by any Borrower in or pursuant to this Agreement, the Other Documents and any related agreements to which it is a party, and each of the representations and warranties contained in any certificate, document or financial or other statement furnished at any time under or in connection with this Agreement, the Other Documents or any related agreement shall be true and correct in all material respects (without duplication of any materiality or Material Adverse Effect qualifiers) on and as of such date as if made on and as of such date (except to the extent any such representation or warranty expressly relates only to any earlier and/or specified date);

(b) No Default. No Event of Default or Default shall have occurred and be continuing on such date, or would exist after giving effect to the Advances requested to be made, on such date; provided, however that Agent, in its sole discretion, may continue to make Advances notwithstanding the existence of an Event of Default or Default and that any Advances so made shall not be deemed a waiver of any such Event of Default or Default; and

(c) Maximum Advances. In the case of any type of Advance requested to be made, after giving effect thereto, the aggregate amount of such type of Advance shall not exceed the maximum amount of such type of Advance permitted under this Agreement.

Each request for an Advance by any Borrower hereunder shall constitute a representation and warranty by each Borrower as of the date of such Advance that the conditions contained in this Section shall have been satisfied.

IX. INFORMATION AS TO BORROWERS.

Each Credit Party shall, or (except with respect to Section 9.11) shall cause Borrowing Agent on its behalf to, until satisfaction in full of the Obligations (other than continuing future indemnities or other contingent obligations for which no claim has then been made) and the termination of this Agreement:

9.1. Disclosure of Material Matters. Promptly, following an Authorized Officer of any Borrower obtaining knowledge, report to Agent all matters could reasonably be expected to result in a Material Adverse Effect.

9.2. Schedules. Deliver to Agent on or before the twentieth (20th) day of each month as and for the prior month (a) accounts receivable ageings inclusive of reconciliations to the general ledger, (b) accounts payable schedules inclusive of reconciliations to the general ledger and all Priority Payables, (c) Inventory reports, (d) progress billings, (e) utilization reports, (f) Equipment reports; and (g) a Borrowing Base Certificate for the U.S. Borrowers and for Sand Tiger in form and substance reasonably satisfactory to Agent (which shall be calculated as of the last day of the prior month and which shall not be binding upon Agent or restrictive of Agent's rights under this Agreement); provided, however, that during any Trigger Period, Borrower shall deliver all Borrowing Base Certificates in form and substance reasonable satisfactory to Agent weekly (which shall be calculated as of the last day of the prior week and which shall not be binding upon Agent or restrictive of Agent's rights under this Agreement). In addition, if requested by Agent, each Borrower will deliver to Agent at such intervals as Agent may reasonably require: (i) confirmatory assignment schedules; (ii) copies of Customer's invoices; (iii) evidence of shipment or delivery; and (iv) such further schedules, documents and/or information regarding the Collateral as Agent may require including trial balances and test verifications. After the occurrence and during the continuance of an Event of Default, Agent shall have the right to confirm and verify all Receivables by any manner and through any medium it considers advisable and do whatever it may deem reasonably necessary to protect its interests hereunder. The items to be provided under this Section are to be in form reasonably

satisfactory to Agent and executed by each Borrower and delivered to Agent from time to time solely for Agent's convenience in maintaining records of the Collateral, and any Borrower's failure to deliver any of such items to Agent shall not affect, terminate, modify or otherwise limit Agent's Lien with respect to the Collateral. Unless otherwise agreed to by Agent, the items to be provided under this Section 9.2 shall be delivered to Agent by the specific method of Approved Electronic Communication designated by Agent.

9.3. Environmental Reports.

(a) Furnish Agent, concurrently with the delivery of the financial statements referred to in Sections 9.7 and 9.8, with a certificate signed by the President of Borrowing Agent stating, to the best of his knowledge, that each Borrower is in compliance in all material respects with all applicable Environmental Laws. To the extent any Borrower is not in compliance with the foregoing laws, the certificate shall set forth with specificity all areas of non-compliance and the proposed action such Borrower will implement in order to achieve full compliance.

(b) In the event any Borrower obtains, gives or receives notice of any Release or threat of Release of a reportable quantity of any Hazardous Substance at the Real Property (any such event being hereinafter referred to as a "Hazardous Discharge") or receives any written notice of violation, request for information or notification that it is potentially responsible for investigation or cleanup of environmental conditions at the Real Property, demand letter or complaint, order, citation, or other written notice with regard to any Hazardous Discharge or violation of Environmental Laws affecting the Real Property or any Borrower's interest therein or the operations or the business (any of the foregoing is referred to herein as an "Environmental Complaint") from any Person, including any Governmental Body, then Borrowing Agent shall, within five (5) Business Days, give written notice of same to Agent detailing facts and circumstances of which any Borrower is aware giving rise to the Hazardous Discharge or Environmental Complaint. Such information is to be provided to allow Agent to protect its security interest in and Lien on the Collateral and is not intended to create nor shall it create any obligation upon Agent or any Lender with respect thereto.

(c) Borrowing Agent shall promptly forward to Agent copies of any request for information, notification of potential liability, demand letter relating to potential responsibility with respect to the investigation or cleanup of Hazardous Substances at any other site owned, operated or used by any Borrower to manage Hazardous Substances and shall continue to forward copies of correspondence between any Borrower and the Governmental Body regarding such claims to Agent until the claim is resolved. Borrowing Agent shall promptly forward to Agent copies of all documents and reports concerning a Hazardous Discharge or Environmental Complaint at the Real Property, operations or business that any Borrower is required to file under any Environmental Laws. Such information is to be provided solely to allow Agent to protect Agent's security interest in and Lien on the Collateral.

9.4. Litigation. Promptly notify Agent in writing of any claim, litigation, suit or administrative proceeding affecting any Borrower, whether or not the claim is covered by insurance, and of any litigation, suit or administrative proceeding, which in any such case affects the Collateral in any material and adverse respect or which could reasonably be expected to have a Material Adverse Effect.

9.5. Material Occurrences. Immediately notify Agent in writing upon the occurrence of: (a) any Event of Default or Default; (b) any event, development or circumstance whereby any financial statements or other reports furnished to Agent fail in any material respect to present fairly, in accordance with GAAP consistently applied, the financial condition or operating results of any Borrower as of the date of such statements; (c) any accumulated retirement plan funding deficiency which, if such deficiency continued for two plan years and was not corrected as provided in Section 4971 of the Code, could subject any Borrower to a tax imposed by Section 4971 of the Code; (d) each and every default by any Borrower which might result in the acceleration of the maturity of any Indebtedness, including the names and addresses of the holders of such Indebtedness with respect to which there is a default existing or with respect to which the maturity has been or could be accelerated, and the amount of such Indebtedness; and (e) any other development in the business or affairs of any Borrower or any Guarantor, which could reasonably be expected to have a Material Adverse Effect; in each case describing the nature thereof and the action Borrowers propose to take with respect thereto.

9.6. Government Receivables. Notify Agent immediately if any of its Receivables arise out of contracts between any Borrower and the United States or Canada, any state, or province or any department, agency or instrumentality of any of them.

9.7. Annual Financial Statements. Furnish Agent within one hundred twenty (120) days after the end of each fiscal year of Borrowers, financial statements of Borrowers on a consolidating and consolidated basis including, but not limited to, statements of income and stockholders' equity and cash flow from the beginning of the current fiscal year to the end of such fiscal year and the balance sheet as at the end of such fiscal year, all prepared in accordance with GAAP applied on a basis consistent with prior practices, and in reasonable detail and, with respect to such consolidated financial statements, reported upon without qualification as to the scope of the audit by an independent certified public accounting firm selected by Borrowers and reasonably satisfactory to Agent; provided that Grant Thornton LLP is deemed reasonably satisfactory to Agent (the "Accountants"). In addition, the reports shall be accompanied by a Compliance Certificate.

9.8. Quarterly Compliance. Furnish Agent within forty-five (45) days after the end of each fiscal quarter, a Compliance Certificate, including all calculations of the financial covenants set forth in Section 6.5.

9.9. Monthly Financial Statements. Furnish Agent within thirty (30) days after the end of each month, an unaudited balance sheet of Borrowers on a consolidated and consolidating basis and unaudited statements of income and stockholders' equity and cash flow of such Borrowers on a consolidated and consolidating basis reflecting results of operations from the beginning of the fiscal year to the end of such month and for such month, prepared on a basis consistent with prior practices and complete and correct in all material respects, subject to normal and recurring year-end adjustments that individually and in the aggregate are not material to Borrowers' business operations and setting forth in comparative form the respective financial statements for the corresponding date and period in the previous fiscal year. The reports shall be accompanied by a Compliance Certificate.

9.10. Other Reports. At Agent's request, furnish Agent as soon as available, but in any event within ten (10) days after the issuance thereof, with copies of such financial statements, reports and returns as each Borrower shall send to its members or general partner.

9.11. Additional Information. Furnish Agent with such additional information as Agent shall reasonably request in order to enable Agent to determine whether the terms, covenants, provisions and conditions of this Agreement and the Notes have been complied with by Borrowers including, without the necessity of any request by Agent, (a) copies of all environmental audits and reviews, (b) at least ten (10) days prior thereto, notice of any Borrower's opening of any new office or place of business or any Borrower's closing of any existing office or place of business, and (c) promptly upon any Borrower's learning thereof, notice of any labor dispute to which any Borrower may become a party, any strikes or walkouts relating to any of its plants or other facilities, and the expiration of any labor contract to which any Borrower is a party or by which any Borrower is bound.

9.12. Projected Operating Budget. Furnish Agent and Lenders, no later than thirty (30) days following the beginning of each Borrower's fiscal years commencing with fiscal year 2015, a month by month projected operating budget and cash flow of Borrowers on a consolidated and consolidating basis for such fiscal year (including an income statement for each month and a balance sheet as at the end of the last month in each fiscal quarter), such projections to be accompanied by a certificate signed by the President or Chief Financial Officer of each Borrower to the effect that such projections have been prepared on the basis of sound financial planning practice consistent with past budgets and financial statements and that such officer has no reason to question the reasonableness of any material assumptions on which such projections were prepared that could reasonably be expected to result in a Material Adverse Effect.

9.13. Variances From Operating Budget. At Agent's request, furnish Agent, concurrently with the delivery of the financial statements referred to in Sections 9.7 and 9.9, a written report summarizing all material variances from budgets submitted by Borrowers pursuant to Section 9.12 and a discussion and analysis by management with respect to such variances.

9.14. Notice of Suits, Adverse Events. Furnish Agent with prompt written notice of (i) any lapse or other termination of any Consent issued to any Borrower by any Governmental Body or any other Person that is material to the operation of any Borrower's business, (ii) any refusal by any Governmental Body or any other Person to renew or extend any such Consent; and (iii) copies of any periodic or special reports filed by any Borrower or any Guarantor with any Governmental Body or Person, if such reports indicate any material change in the business, operations, affairs or condition of any Borrower or any Guarantor, or if copies thereof are requested by Lender, and (iv) copies of any material notices and other communications from any Governmental Body or Person which specifically relate to any Borrower or any Guarantor.

9.15. ERISA Notices and Requests. Furnish Agent with immediate written notice in the event that (i) any Borrower or any member of the Controlled Group knows or has reason to know that a Termination Event has occurred, together with a written statement describing such Termination Event and the action, if any, which such Borrower or any member of the Controlled Group has taken, is taking, or proposes to take with respect thereto and, when known, any action taken or threatened by the Internal Revenue Service, Department of Labor or PBGC with respect

thereto, (ii) any Borrower or any member of the Controlled Group knows or has reason to know that a prohibited transaction (as defined in Sections 406 of ERISA and 4975 of the Code) has occurred together with a written statement describing such transaction and the action which such Borrower or any member of the Controlled Group has taken, is taking or proposes to take with respect thereto, (iii) a funding waiver request has been filed with respect to any Plan together with all communications received by any Borrower or any member of the Controlled Group with respect to such request, (iv) any increase in the benefits of any existing Plan or the establishment of any new Plan or the commencement of contributions to any Plan to which any Borrower or any member of the Controlled Group was not previously contributing shall occur, (v) any Borrower or any member of the Controlled Group shall receive from the PBGC a notice of intention to terminate a Plan or to have a trustee appointed to administer a Plan, together with copies of each such notice, (vi) any Borrower or any member of the Controlled Group shall receive any favorable or unfavorable determination letter from the Internal Revenue Service regarding the qualification of a Plan under Section 401(a) of the Code, together with copies of each such letter; (vii) any Borrower or any member of the Controlled Group shall receive a notice regarding the imposition of withdrawal liability, together with copies of each such notice; (viii) any Borrower or any member of the Controlled Group shall fail to make a required installment or any other required payment under the Code or ERISA on or before the due date for such installment or payment; or (ix) any Borrower or any member of the Controlled Group knows that (a) a Multiemployer Plan has been terminated, (b) the administrator or plan sponsor of a Multiemployer Plan intends to terminate a Multiemployer Plan, (c) the PBGC has instituted or will institute proceedings under Section 4042 of ERISA to terminate a Multiemployer Plan or (d) a Multiemployer Plan is subject to Section 432 of the Code or Section 305 of ERISA. Promptly after any Borrower or any Subsidiary or any Affiliate knows or has reason to know of the occurrence of (i) any violation or asserted violation of any Applicable Law (including any applicable provincial pension benefits legislation) in any material respect with respect to any Canadian Pension Plan or; (ii) any Canadian Pension Termination Event, the applicable Canadian Borrower will deliver to the Agent a certificate of a senior officer of the applicable Canadian Borrower setting forth details as to such occurrence and the action, if any, that such Canadian Borrower, such Subsidiary or Affiliate is required or proposes to take, together with any notices (required, proposed or otherwise) given to or filed with or by such Canadian Borrower, such Subsidiary, such Affiliate, FSCO, a Canadian Pension Plan participant (other than notices relating to an individual participant's benefits) or the Canadian Pension Plan administrator with respect thereto.

9.16. Additional Documents. Execute and deliver to Agent, upon request, such documents and agreements as Agent may, from time to time, reasonably request to carry out the purposes, terms or conditions of this Agreement.

9.17. Updates to Certain Schedules. Deliver to Agent promptly as shall be required to maintain the related representations and warranties as true and correct in all material respects, updates to Schedules 4.4 (Locations of equipment and Inventory), 5.9 (Intellectual Property, Source Code Escrow Agreements), 5.24 (Equity Interests), 5.25 (Commercial Tort Claims), and 5.26 (Letter-of-Credit Rights); provided, that absent the occurrence and continuance of any Event of Default, Borrowers shall only be required to provide such updates on a monthly basis in connection with delivery of a Compliance Certificate with respect to the applicable month. Any

such updated Schedules delivered by Borrowers to Agent in accordance with this Section 9.17 shall automatically and immediately be deemed to amend and restate the prior version of such Schedule previously delivered to Agent and attached to and made part of this Agreement.

9.18. [Reserved].

9.19. Appraisals and Field Examinations. Permit Agent or Agent's representatives to (i) perform the appraisals on Collateral which will be identified by Borrowers to be included in the calculation of the Formula Amount, described in Section 4.7 hereof at Borrowers' cost and expense as Agent deems appropriate in Agent's sole discretion, in no event more frequently than twice in any fiscal year (and once for machinery and equipment appraisals); provided, however, if a Default or Event of Default exists, Agent may conduct such additional appraisals (whether as to Real Property, Inventory or Equipment) as Agent may determine, at any time, which, if an Event of Default shall then exist, shall be at the cost and expense of the Borrowers, and (ii) conduct field examinations at Borrowers' cost and expense as Agent deems appropriate in Agent's sole discretion; provided, however, so long as no Default or Event of Default exists, no more than two (2) such field exams shall be at Borrowers' expense during any fiscal year.

9.20. Notice of Leases. Furnish Agent, within 5 Business Days of the effectiveness thereof, copies of (a) any new Capital Lease pursuant to which payments of more than \$5,000,000 in the aggregate over its term are payable by any Credit Party and (b) any new lease for real property upon which any Inventory is to be located or any material books and records of a Borrower are to be located.

X. EVENTS OF DEFAULT.

The occurrence of any one or more of the following events shall constitute an "Event of Default":

10.1. Nonpayment. Failure by any Borrower to pay (a) when due, any principal or premium, if any, on the Obligations (including without limitation pursuant to Section 2.9 but expressly excluding Cash Management Liabilities or Hedge Liabilities), (b) within three (3) days of when due, any interest on the Obligations or (c) within twenty (20) days of when due, any other fee, charge, amount or liability (other than Cash Management Liabilities or Hedge Liabilities) provided for herein or in any Other Document, in each case whether at maturity, by reason of acceleration pursuant to the terms of this Agreement, by notice of intention to prepay or by required prepayment.

10.2. Breach of Representation. Any representation or warranty made or deemed made by any Borrower or any Guarantor in this Agreement, any Other Document or any related agreement or in any certificate, document or financial or other statement furnished at any time in connection herewith or therewith shall prove to have been incorrect or misleading in any material respect on the date when made or deemed to have been made;

10.3. Financial Information. Failure by any Borrower to (i) furnish financial information when due or within five (5) days after requested, or (ii) permit the inspection of its books or records or access to its premises for audits and appraisals in accordance with the terms hereof;

10.4. Judicial Actions. Issuance of any Lien, levy, assessment, injunction or attachment against any Borrower's Equipment, Inventory or Receivables with a value in excess of \$5,000,000 or against a material portion of any Borrower's other property that is not a Permitted Encumbrance which is not stayed or lifted within sixty (60) days;

10.5. Noncompliance. Except as otherwise provided for in Sections 10.1, 10.3, 10.10 or 10.14: (i) except as set forth in Section 10.5(iii) below, failure or neglect of any Credit Party to perform, keep or observe any term, provision, condition, covenant contained in Article IV, Article VI, Article VII, Section 9.1 or Section 9.5(a) of this Agreement, (ii) failure or neglect of any Credit Party to perform, keep or observe any term, provision, condition, covenant contained in any Other Document (other than this Agreement) which is not cured within twenty (20) days from the earlier of (A) receipt by Borrowing Agent of written notice from Agent or the Required Lenders of such failure or neglect and (B) the time at which an Authorized Officer had actual knowledge of such failure or neglect, or (iii) failure or neglect of (A) any Credit Party to perform, keep or observe any term, provision, condition or covenant, contained in Sections 4.5, 4.6, 4.7, 6.3, 6.4, 6.11, or 7.12 hereof or (B) any other term, provision, condition or covenant of this Agreement to the extent not addressed in clause (i) hereof, in each case, which is not cured within twenty (20) days from the earlier of (X) receipt by Borrowing Agent of written notice from Agent or the Lenders of such failure or neglect and (Y) the time at which an Authorized Officer had knowledge of such failure or neglect;

10.6. Judgments. Any judgment or judgments are rendered against any Credit Party for an aggregate amount in excess of \$5,000,000, in each case to the extent not fully covered by a third party insurer and (i) enforcement proceedings shall have been commenced by a creditor upon such judgment, (ii) there shall be any period of thirty (30) consecutive days during which a stay of enforcement of such judgment, by reason of a pending appeal or otherwise, shall not be in effect, or (iii) any such judgment results in the creation of a Lien upon any of the Collateral (other than a Permitted Encumbrance);

10.7. Bankruptcy. Any Credit Party shall (i) apply for, consent to or suffer the appointment of, or the taking of possession by, a receiver, custodian, trustee, liquidator, monitor, receiver and manager or similar fiduciary of itself or of all or a substantial part of its property, (ii) make a general assignment for the benefit of creditors, (iii) commence a voluntary case under any state, provincial or federal bankruptcy or insolvency/arrangement laws (as now or hereafter in effect), (iv) be adjudicated a bankrupt or insolvent, (v) file a petition seeking to take advantage of any other law providing for the relief of debtors, (vi) acquiesce to, or fail to have dismissed, within sixty (60) days, any petition filed against it in any involuntary case under such bankruptcy laws, or (vii) take any action for the purpose of effecting any of the foregoing;

10.8. Inability to Pay. Any Credit Party shall admit in writing its inability, or be generally unable, to pay its debts as they become due or cease operations of its present business;

10.9. Material Adverse Effect. The occurrence of any event or development which has a Material Adverse Effect;

10.10. Cash Management Liabilities and Hedge Liabilities. Any default or event of default under any documents or agreements governing Cash Management Products and Services or Lender-Provided Hedges which results in monetary liability to any Credit Party (or Credit parties) in excess of \$5,000,000 in the aggregate;

10.11. Lien Priority. Any Lien on assets in excess of \$5,000,000 created hereunder or provided for hereby or under any related agreement for any reason ceases to be or is not a valid and perfected first priority Lien (subject to only to Permitted Encumbrances);

10.12. [Reserved].

10.13. Cross Default. Any “event of default” under any Indebtedness (other than the Obligations) of any Credit Party with a then-outstanding principal balance or, in the case of any Hedge Termination Value (or, in the case of any other Indebtedness not so denominated, with a then-outstanding total obligation amount) of \$5,000,000 or more, or any other event or circumstance which would permit the holder of any such Indebtedness to accelerate such Indebtedness (and/or the obligations of any Credit party thereunder) prior to the scheduled maturity or termination thereof, shall occur (regardless of whether the holder of such Indebtedness shall actually accelerate, terminate or otherwise exercise any rights or remedies with respect to such Indebtedness);

10.14. Breach of Guaranty or Pledge Agreement. Termination of any Guaranty, Security Agreement, Pledge Agreement or similar agreement executed and delivered to Agent in connection with the Obligations of any Borrower, or if any Guarantor attempts to terminate, challenges in writing the validity of, or its liability under, any such Guaranty, Security Agreement Pledge Agreement or similar agreement or if any breach of the terms of any such agreement occurs which is not remedied within twenty (20) days after the occurrence thereof;

10.15. Change of Control. Any Change of Control shall occur;

10.16. Invalidity. Any material provision of this Agreement or any Other Document shall, for any reason, cease to be valid and binding on any Credit Party and any Credit Party shall so claim in writing to Agent or any Lender;

10.17. Licenses. Any Governmental Body shall revoke, terminate, suspend or adversely modify any material license, permit, patent, trademark or tradename of any Credit Party or Restricted Subsidiary that is material to a Borrower’s business and such revocation, termination, suspension or modification would reasonably be expected to have a Material Adverse Effect;

10.18. Seizures. Any portion of the Collateral (excluding books and records of any Borrower) with a value in excess of \$5,000,000 or any books and records of any Borrower shall be seized or taken by a Governmental Body (other than any condemnation);

10.19. Operations. The operations of 50% or more of the Borrowers’ operating facilities are interrupted (other than in connection with any regularly scheduled shutdown for employee vacations and/or maintenance in the ordinary course of business) at any time for more than thirty (30) consecutive days, unless the applicable Borrowers shall (i) be entitled to receive for such

period of interruption, proceeds of business interruption insurance sufficient to assure that its per diem cash needs during such period is at least equal to its average per diem cash needs for the consecutive three month period immediately preceding the initial date of interruption and (ii) receive such proceeds in the amount described in clause (i) preceding not later than thirty (30) days following the initial date of any such interruption; *provided, however*, that notwithstanding the provisions of clauses (i) and (ii) of this section, an Event of Default shall be deemed to have occurred if such Borrower shall be receiving the proceeds of business interruption insurance for a period of thirty (30) consecutive days;

10.20. Pension Plans. A Canadian Pension Termination Event or breach of any covenant herein with respect to any Canadian Pension Plan or any event or condition specified in Section 7.16 or Section 9.16 hereof shall occur or exist with respect to any Plan and, as a result of such event or condition, together with all other such events or conditions, any Borrower or any member of the Controlled Group shall incur liability (including liability of any Borrower in its capacity as a member of a Controlled Group) to a Plan or the PBGC (or both) which, in the reasonable judgment of Agent, would have a Material Adverse Effect or result in material liability to any Credit Party; or

10.21. Reportable Compliance Event. The occurrence of any Reportable Compliance Event, or any Credit Party's failure to immediately report a Reportable Compliance Event in accordance with Section 16.18 hereof.

XI. LENDERS' RIGHTS AND REMEDIES AFTER DEFAULT.

11.1. Rights and Remedies.

(a) Upon the occurrence and continuance of: (i) an Event of Default pursuant to Section 10.7 all Obligations shall be immediately due and payable and this Agreement and the obligation of Lenders to make Advances shall be deemed terminated; and, (ii) any of the other Events of Default and at any time thereafter, at the option of Required Lenders all Obligations shall be immediately due and payable and Lenders shall have the right to terminate this Agreement and to terminate the obligation of Lenders to make Advances; and (iii) a filing of a petition against any Borrower in any involuntary case under any state or federal bankruptcy laws, all Obligations shall be immediately due and payable and the obligation of Lenders to make Advances hereunder shall be terminated other than as may be required by an appropriate order of the bankruptcy court having jurisdiction over such Borrower. Upon the occurrence and during the continuation of any Event of Default, subject to Applicable Law, Agent shall have the right to exercise any and all rights and remedies provided for herein, under the Other Documents, under the Uniform Commercial Code, PPSA and at law or equity generally, including the right to foreclose the security interests granted herein and to realize upon any Collateral by any available judicial procedure and/or to take possession of and sell any or all of the Collateral with or without judicial process. Agent may enter any of any Borrower's premises or other premises without legal process and without incurring liability to any Borrower therefor, and Agent may thereupon, or at any time thereafter, in its discretion without notice or demand, take the Collateral and remove the same to such place as Agent may deem advisable and Agent may require Borrowers to make the Collateral available to Agent at a convenient place. With or without having the Collateral at the time or place of sale, Agent may sell the Collateral, or any

part thereof, at public or private sale, at any time or place, in one or more sales, at such price or prices, and upon such terms, either for cash, credit or future delivery, as Agent may elect. Except as to that part of the Collateral which is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, Agent shall give Borrowers reasonable notification of such sale or sales, it being agreed that in all events written notice mailed to Borrowing Agent at least ten (10) days prior to such sale or sales is reasonable notification. At any public sale Agent or any Lender may bid for and become the purchaser, and Agent, any Lender or any other purchaser at any such sale thereafter shall hold the Collateral sold absolutely free from any claim or right of whatsoever kind, including any equity of redemption and all such claims, rights and equities are hereby expressly waived and released by each Borrower. In connection with the exercise of the foregoing remedies, including the sale of Inventory, Agent is granted a perpetual nonrevocable, royalty free, nonexclusive license and Agent is granted permission to use all of each Borrower's (a) trademarks, trade styles, trade names, trade name applications, domain names, domain name applications, patents, patent applications, copyrights, service marks, licenses, franchises and other proprietary rights which are used or useful in connection with Inventory for the purpose of marketing, advertising for sale and selling or otherwise disposing of such Inventory and (b) Equipment for the purpose of completing the manufacture of unfinished goods. The cash proceeds realized from the sale of any Collateral shall be applied to the Obligations in the order set forth in Section 11.5 hereof unless required otherwise by Applicable Law. Noncash proceeds will only be applied to the Obligations as they are converted into cash. If any deficiency shall arise, Borrowers shall remain liable to Agent and Lenders therefor.

(b) To the extent that Applicable Law imposes duties on Agent to exercise remedies in a commercially reasonable manner, each Borrower acknowledges and agrees that it is not commercially unreasonable for Agent: (i) to fail to incur expenses reasonably deemed significant by Agent to prepare Collateral for disposition or otherwise to complete raw material or work in process into finished goods or other finished products for disposition; (ii) to fail to obtain third party consents for access to Collateral to be disposed of, or to obtain or, if not required by other law, to fail to obtain governmental or third party consents for the collection or disposition of Collateral to be collected or disposed of; (iii) to fail to exercise collection remedies against Customers or other Persons obligated on Collateral or to remove Liens on or any adverse claims against Collateral; (iv) to exercise collection remedies against Customers and other Persons obligated on Collateral directly or through the use of collection agencies and other collection specialists; (v) to advertise dispositions of Collateral through publications or media of general circulation, whether or not the Collateral is of a specialized nature; (vi) to contact other Persons, whether or not in the same business as any Borrower, for expressions of interest in acquiring all or any portion of such Collateral; (vii) to hire one or more professional auctioneers to assist in the disposition of Collateral, whether or not the Collateral is of a specialized nature; (viii) to dispose of Collateral by utilizing internet sites that provide for the auction of assets of the types included in the Collateral or that have the reasonable capacity of doing so, or that match buyers and sellers of assets; (ix) to dispose of assets in wholesale rather than retail markets; (x) to disclaim disposition warranties, such as title, possession or quiet enjoyment, (xi) to purchase insurance or credit enhancements to insure Agent against risks of loss, collection or disposition of Collateral or to provide to Agent a guaranteed return from the collection or disposition of Collateral; or (xii) to the extent deemed appropriate by the Agent, to obtain the

services of other brokers, investment bankers, consultants and other professionals to assist Agent in the collection or disposition of any of the Collateral. Each Borrower acknowledges that the purpose of this Section 11.1(b) is to provide non-exhaustive indications of what actions or omissions by Agent would not be commercially unreasonable in Agent's exercise of remedies against the Collateral and that other actions or omissions by Agent shall not be deemed commercially unreasonable solely on account of not being indicated in this Section 11.1(b). Without limitation upon the foregoing, nothing contained in this Section 11.1(b) shall be construed to grant any rights to any Borrower or to impose any duties on Agent that would not have been granted or imposed by this Agreement or by Applicable Law in the absence of this Section 11.1(b).

(c) Upon the occurrence of an Event of Default which is continuing, Agent may seek the appointment of a receiver, receiver-manager, monitor or keeper (a "Receiver") under the laws of Canada or any Province thereof including to take possession of all or any portion of the Collateral of Credit Parties or to operate same and, to the maximum extent permitted by law, may seek the appointment of such a receiver without the requirement of prior notice or a hearing. Any such Receiver shall, so far as concerns responsibility for his/her acts, be deemed agent of Credit Parties and not Agent and the Lenders, and Agent and the Lenders shall not be in any way responsible for any misconduct, negligence or non-feasance on the part of any such Receiver, his/her servants or employees. Subject to the provisions of the instrument appointing him/her, any such Receiver shall have power to take possession of Collateral of the Credit Parties, to preserve Collateral of the Credit Parties or its value, to carry on or concur in carrying on all or any part of the business of the Credit Parties and to sell, lease, license or otherwise dispose of or concur in selling, leasing, licensing or otherwise disposing of Collateral of the Credit Parties. To facilitate the foregoing powers, any such Receiver may, to the exclusion of all others, including the Credit Parties, enter upon, use and occupy all premises owned or occupied by the Credit Parties wherein Collateral of the Credit Parties may be situated, maintain Collateral of the Credit Parties upon such premises, borrow money on a secured or unsecured basis and use Collateral of the Credit Parties directly in carrying on the Credit Parties' business or as security for loans or advances to enable the Receiver to carry on the Credit Parties' business or otherwise, as such Receiver shall, in its discretion, determine. Except as may be otherwise directed by Agent, all money received from time to time by such Receiver in carrying out his/her appointment shall be received in trust for and paid over to Agent. Every such Receiver may, in the discretion of Agent, be vested with all or any of the rights and powers of Agent and the Lenders. Agent may, either directly or through its nominees, exercise any or all powers and rights given to a Receiver by virtue of the foregoing provisions of this paragraph.

11.2. Agent's Discretion. Agent shall have the right in its sole discretion to determine which rights, Liens, security interests or remedies Agent may at any time pursue, relinquish, subordinate, or modify, which procedures, timing and methodologies to employ, and what any other action to take with respect to any or all of the Collateral and in what order, thereto and such determination will not in any way modify or affect any of Agent's or Lenders' rights hereunder as against Borrowers or each other.

11.3. Setoff.

(a) Subject to Section 14.13, in addition to any other rights which Agent or any Lender may have under Applicable Law, upon the occurrence and during the continuance of an Event of Default hereunder, Agent and such Lender shall have a right, immediately and without notice of any kind, to apply any Borrower's or Sand Tiger's (as applicable) property held by Agent and such Lender or any of their Affiliates to reduce the Obligations or Sand Tiger's Obligations, in the case of Sand Tiger, and to exercise any and all rights of setoff which may be available to Agent and such Lender with respect to any deposits held by Agent or such Lender.

(b) If any Lender shall, by exercising any right of setoff or counterclaim or otherwise, obtain payment in respect of any principal of any of the Advances made by it resulting in such Lender's receiving payment of a proportion of the aggregate amount of such Advances, greater than its pro rata share thereof as provided herein, then the Lender receiving such greater proportion shall (a) notify the Agent in writing of such fact, and (b) purchase (for cash at face value) a pro rata portion of the outstanding Advances (and participation interests in Letters of Credit) of each of the other Lenders (and such Lenders hereby agree to sell and to take all such further action to effectuate such sale) such that each Lender shall hold its pro rata share of the outstanding Advances (and participation interests) after giving effect to such purchase.

(c) Each Borrower consents to the foregoing and agrees, to the extent it may effectively do so under applicable Law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against such Borrower rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of such Borrower in the amount of such participation.

11.4. Rights and Remedies not Exclusive. The enumeration of the foregoing rights and remedies is not intended to be exhaustive and the exercise of any rights or remedy shall not preclude the exercise of any other right or remedies provided for herein or otherwise provided by law, all of which shall be cumulative and not alternative.

11.5. Allocation of Payments After Event of Default. Notwithstanding any other provisions of this Agreement to the contrary, after the occurrence and during the continuance of an Event of Default, all amounts collected or received by Agent on account of the Obligations (including without limitation any amounts on account of any of Cash Management Liabilities or Hedge Liabilities), or in respect of the Collateral may, at Agent's discretion, be paid over or delivered as follows:

FIRST, to the payment of all reasonable out-of-pocket costs and expenses (including reasonable attorneys' fees) of Agent in connection with enforcing its rights and the rights of Lenders under this Agreement and the Other Documents, and any Out-of-Formula Loans and Protective Advances funded by Agent with respect to the Collateral under or pursuant to the terms of this Agreement;

SECOND, to payment of any fees owed to Agent;

THIRD, to the payment of all reasonable out-of-pocket costs and expenses (including reasonable attorneys' fees) of each of the Lenders to the extent owing to such Lender pursuant to the terms of this Agreement;

FOURTH, to the payment of all of the Obligations consisting of accrued interest on account of the Swing Loans;

FIFTH, to the payment of the outstanding principal amount of the Obligations consisting of Swing Loans;

SIXTH, to the payment of all Obligations arising under this Agreement and the Other Documents consisting of accrued fees and interest (other than interest in respect of Swing Loans paid pursuant to clause FOURTH above);

SEVENTH, to the payment of the outstanding principal amount of the Obligations (other than principal in respect of Swing Loans paid pursuant to clause FIFTH above) arising under this Agreement (other than Cash Management Liabilities and Hedge Liabilities) (including the payment or cash collateralization of any outstanding Letters of Credit in accordance with Section 3.2(b) hereof).

EIGHTH, to all other Obligations arising under this Agreement (other than Cash Management Liabilities and Hedge Liabilities) which shall have become due and payable (hereunder, under the Other Documents or otherwise) and not repaid pursuant to clauses "FIRST" through "SEVENTH" above;

NINTH, to any Cash Management Liabilities and Hedge Liabilities which shall have become due and payable or otherwise and not repaid pursuant to Clauses "FIRST" through "EIGHTH" above; and

TENTH, to all other Obligations which shall have become due and payable and not repaid pursuant to clauses "FIRST" through "NINTH"; and

ELEVENTH, to the payment of the surplus, if any, to whoever may be lawfully entitled to receive such surplus.

In carrying out the foregoing, (i) amounts received shall be applied in the numerical order provided until exhausted prior to application to the next succeeding category; (ii) each of the Lenders shall receive (so long as it is not a Defaulting Lender) an amount equal to its pro rata share (based on the proportion that the then outstanding Advances held by such Lender bears to the aggregate then outstanding Advances) of amounts available to be applied pursuant to clauses "SIXTH", "SEVENTH", "EIGHTH" and "TENTH" above; and, with respect to clause "NINTH" above, an amount equal to its pro rata share (based on the proportion that the then outstanding Cash Management Liabilities and Hedge Liabilities held by such Lender bears to the aggregate then outstanding Cash Management Liabilities and Hedge Liabilities; and (iii) notwithstanding anything to the contrary in this Section 11.5, no Swap Obligations of any Non-Qualifying Party shall be paid with amounts received from such Non-Qualifying Party under its Guaranty (including sums received as a result of the exercise of remedies with respect to such Guaranty) or from the proceeds of such Non-Qualifying Party's Collateral if such Swap Obligations would constitute Excluded Hedge Liabilities, provided, however, that to the extent possible appropriate adjustments shall be made with respect to payments and/or the proceeds of Collateral from other Borrowers and/or Guarantors that are Eligible Contract Participants with respect to such Swap

Obligations to preserve the allocation to Obligations otherwise set forth above in this Section 11.5; and (iv) to the extent that any amounts available for distribution pursuant to clause "SEVENTH" above are attributable to the issued but undrawn amount of outstanding Letters of Credit, such amounts shall be held by Agent as cash collateral for the Letters of Credit pursuant to Section 3.2(b) hereof and applied (A) first, to reimburse Issuer from time to time for any drawings under such Letters of Credit and (B) then, following the expiration of all Letters of Credit, to all other obligations of the types described in clauses "SEVENTH," "EIGHTH," "NINTH", and "TENTH" above in the manner provided in this Section 11.5. Notwithstanding the foregoing, the assets of Sand Tiger shall only be applied to pay down Sand Tiger's Obligations.

XII. WAIVERS AND JUDICIAL PROCEEDINGS.

12.1. Waiver of Notice. To the fullest extent permitted by Applicable Law, each Borrower hereby waives notice of non-payment of any of the Receivables, demand, presentment, protest and notice thereof with respect to any and all instruments, notice of acceptance hereof, notice of loans or advances made, credit extended, Collateral received or delivered, or any other action taken in reliance hereon, and all other demands and notices of any description, except such as are expressly provided for herein.

12.2. Delay. No delay or omission on Agent's or any Lender's part in exercising any right, remedy or option shall operate as a waiver of such or any other right, remedy or option or of any Default or Event of Default.

12.3. Jury Waiver. EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, COUNTERCLAIM, DEMAND, ACTION OR CAUSE OF ACTION (A) ARISING UNDER THIS AGREEMENT, ANY OTHER DOCUMENT OR ANY OTHER INSTRUMENT, DOCUMENT OR AGREEMENT EXECUTED OR DELIVERED IN CONNECTION HERewith, OR (B) IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO THIS AGREEMENT, ANY OTHER DOCUMENT OR ANY OTHER INSTRUMENT, DOCUMENT OR AGREEMENT EXECUTED OR DELIVERED IN CONNECTION HERewith, OR THE TRANSACTIONS RELATED HERETO OR THERETO IN EACH CASE WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT OR TORT OR OTHERWISE AND EACH PARTY HEREBY CONSENTS THAT ANY SUCH CLAIM, COUNTERCLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY, AND THAT ANY PARTY TO THIS AGREEMENT MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS SECTION WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENTS OF THE PARTIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY.

XIII. EFFECTIVE DATE AND TERMINATION.

13.1. Term. This Agreement, which shall inure to the benefit of and shall be binding upon the respective successors and permitted assigns of each Borrower, Agent and each Lender, shall become effective on the date hereof and shall continue in full force and effect until

November 25, 2019 (the “Term”) unless sooner terminated as herein provided. Borrowers may terminate this Agreement at any time upon five (5) Business Days prior written notice to Agent upon payment in full of the Obligations (other than contingent indemnity claims not yet asserted or threatened). Each notice delivered by the Borrowing Agent under this Section 13.1 may state that such notice is conditioned upon the effectiveness of other credit facilities, in which case such notice may be revoked by the Borrowers (by notice to the Agent on or prior to the specified effective date) if such condition is not satisfied. In the event that the Maximum Revolving Advance Amount (whether voluntarily or involuntarily) is permanently reduced or terminated on or prior to the date immediately preceding the first anniversary of the Closing Date, Borrowers (other than Sand Tiger) shall concurrently pay to the Agent, for the benefit of Lenders on a pro rata basis, a termination or reduction fee in an amount equal to one percent (1%) of the amount that the Maximum Revolving Advance Amount is so reduced or terminated below \$170,000,000.

13.2. Termination. The termination of the Agreement shall not affect Agent’s or any Lender’s rights, or any of the Obligations having their inception prior to the effective date of such termination or any Obligations which pursuant to the terms hereof continue to accrue after such date, and the provisions hereof shall continue to be fully operative until all transactions entered into, rights or interests created and Obligations have been fully and indefeasibly paid, disposed of, concluded or liquidated. The security interests, Liens and rights granted to Agent and Lenders hereunder and the financing statements filed hereunder shall continue in full force and effect, notwithstanding the termination of this Agreement or the fact that Borrowers’ Accounts may from time to time be temporarily in a zero or credit position, until all of the Obligations of each Borrower have been indefeasibly paid and performed in full after the termination of this Agreement or each Borrower has furnished Agent and Lenders with an indemnification satisfactory to Agent and Lenders with respect thereto. Accordingly, each Borrower waives any rights which it may have under the Uniform Commercial Code or PPSA to demand the filing of termination statements with respect to the Collateral, and Agent shall not be required to send such termination statements to each Borrower, or to file them with any filing office, unless and until this Agreement shall have been terminated in accordance with its terms and all Obligations have been indefeasibly paid in full in immediately available funds. All representations, warranties, covenants, waivers and agreements contained herein shall survive termination hereof until all Obligations are indefeasibly paid and performed in full.

XIV. REGARDING AGENT.

14.1. Appointment. Each Lender hereby designates PNC to act as Agent for such Lender under this Agreement and the Other Documents. Each Lender hereby irrevocably authorizes Agent to take such action on its behalf under the provisions of this Agreement and the Other Documents and to exercise such powers and to perform such duties hereunder and thereunder as are specifically delegated to or required of Agent by the terms hereof and thereof and such other powers as are reasonably incidental thereto and Agent shall hold all Collateral, payments of principal and interest, fees (except the fees set forth in Sections 2.8(b) and the Fee Letter), charges and collections received pursuant to this Agreement, for the ratable benefit of Lenders. Agent may perform any of its duties hereunder by or through its agents or employees. As to any matters not expressly provided for by this Agreement (including collection of the Note) Agent shall not be required to exercise any discretion or take any action, but shall be

required to act or to refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the instructions of Required Lenders, and such instructions shall be binding; provided, however, that Agent shall not be required to take any action which, in Agent's discretion, exposes Agent to liability or which is contrary to this Agreement or the Other Documents or Applicable Law unless Agent is furnished with an indemnification reasonably satisfactory to Agent with respect thereto.

14.2. Nature of Duties. Agent shall have no duties or responsibilities except those expressly set forth in this Agreement and the Other Documents. Neither Agent nor any of its officers, directors, employees or agents shall be (i) liable for any action taken or omitted by them as such hereunder or in connection herewith, unless caused by their gross (not mere) negligence or willful misconduct (as determined by a court of competent jurisdiction in a final non-appealable judgment), or (ii) responsible in any manner for any recitals, statements, representations or warranties made by any Borrower or any officer thereof contained in this Agreement, or in any of the Other Documents or in any certificate, report, statement or other document referred to or provided for in, or received by Agent under or in connection with, this Agreement or any of the Other Documents or for the value, validity, effectiveness, genuineness, due execution, enforceability or sufficiency of this Agreement, or any of the Other Documents or for any failure of any Borrower to perform its obligations hereunder or under any Other Document. Agent shall not be under any obligation to any Lender to ascertain or to inquire as to the observance or performance of any of the agreements contained in, or conditions of, this Agreement or any of the Other Documents, or to inspect the properties, books or records of any Borrower. The duties of Agent as respects the Advances to Borrowers shall be mechanical and administrative in nature; Agent shall not have by reason of this Agreement a fiduciary relationship in respect of any Lender; and nothing in this Agreement, expressed or implied, is intended to or shall be so construed as to impose upon Agent any obligations in respect of this Agreement or the transactions described herein except as expressly set forth herein.

Without limiting the foregoing, the Agent shall not be required to act hereunder or to advance its own funds or otherwise incur any financial liability in the performance of its duties or the exercise of its rights hereunder and under any Other Document, and shall in all cases be fully justified in failing or refusing to act hereunder unless it shall receive further assurances to its satisfaction from the Lenders of their indemnification obligations under and in accordance with the provisions of Section 14.7 against any and all liability and expense that may be incurred by it by reason of taking or continuing to take or refraining from taking any such action. The Agent shall be fully justified in requesting direction from the Required Lenders in the event this Agreement or any Other Document is silent or vague with respect to Agent's duties, rights or obligations. The Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders or (ii) in the absence of its own gross negligence or willful misconduct, as determined by a court of competent jurisdiction in a final and non-appealable decision. In no instance shall the Agent have any liability for special, consequential or indirect damages or penalties (including lost profits) even if it has been advised of the likelihood of the same. Without prejudice to the generality of the foregoing, the Agent shall not be liable for any damage or loss resulting from or caused by events or circumstances beyond the Agent's reasonable control, including nationalization, expropriation, currency restrictions, the interruption, disruption or suspension of the normal procedures and practices of

any securities market, power, mechanical, communications or other technological failures or interruptions, computer viruses or the like, acts of war or terrorism, riots, revolution, acts of God, work stoppages, strikes, national disasters of any kind, or other similar events or acts.

14.3. Lack of Reliance on Agent. Independently and without reliance upon Agent or any other Lender, each Lender has made and shall continue to make (i) its own independent investigation of the financial condition and affairs of each Credit Party in connection with the making and the continuance of the Advances hereunder and the taking or not taking of any action in connection herewith, and (ii) its own appraisal of the creditworthiness of each Credit Party. Agent shall have no duty or responsibility, either initially or on a continuing basis, to provide any Lender with any credit or other information with respect thereto, whether coming into its possession before making of the Advances or at any time or times thereafter except as shall be provided by any Credit Party pursuant to the terms hereof. Agent shall not be responsible to any Lender for any recitals, statements, information, representations or warranties herein or in any agreement, document, certificate or a statement delivered in connection with or for the execution, effectiveness, genuineness, validity, enforceability, collectability, sufficiency or value of this Agreement or any Other Document or any other instrument or document furnished pursuant hereto or thereto, or of the financial condition of any Credit Party, or be required to make any inquiry concerning either the performance or observance of any of the terms, provisions or conditions of this Agreement, the Note, the Other Documents or the financial condition of any Borrower, or the existence of any Event of Default or any Default.

14.4. Resignation of Agent; Successor Agent. Agent may resign on sixty (60) days written notice to each Lender and Borrowing Agent and upon such resignation, Required Lenders will promptly designate a successor Agent reasonably satisfactory to Borrowers (provided that no such approval by Borrowers shall be required (i) in any case where the successor Agent is one of the Lenders or (ii) after the occurrence and during the continuance of any Event of Default). Any such successor Agent shall succeed to the rights, powers and duties of Agent, and shall in particular succeed to all of Agent's right, title and interest in and to all of the Liens in the Collateral securing the Obligations created hereunder or any Other Document (including the Pledge Agreement and all account control agreements), and the term "Agent" shall mean such successor agent effective upon its appointment, and the former Agent's rights, powers and duties as Agent shall be terminated, without any other or further act or deed on the part of such former Agent. However, notwithstanding the foregoing, if at the time of the effectiveness of the new Agent's appointment, any further actions need to be taken in order to provide for the legally binding and valid transfer of any Liens in the Collateral from former Agent to new Agent and/or for the perfection of any Liens in the Collateral as held by new Agent or it is otherwise not then possible for new Agent to become the holder of a fully valid, enforceable and perfected Lien as to any of the Collateral, former Agent shall continue to hold such Liens solely as agent for perfection of such Liens on behalf of new Agent until such time as new Agent can obtain a fully valid, enforceable and perfected Lien on all Collateral, provided that Agent shall not be required to or have any liability or responsibility to take any further actions after such date as such agent for perfection to continue the perfection of any such Liens (other than to forego from taking any affirmative action to release any such Liens). After any Agent's resignation as Agent, the provisions of this Article XIV, and any indemnification rights under this Agreement, including without limitation, rights arising under Section 16.5 hereof, shall inure to its benefit as

to any actions taken or omitted to be taken by it while it was Agent under this Agreement (and in the event resigning Agent continues to hold any Liens pursuant to the provisions of the immediately preceding sentence, the provisions of this Article XIV and any indemnification rights under this Agreement, including without limitation, rights arising under Section 16.5 hereof, shall inure to its benefit as to any actions taken or omitted to be taken by it in connection with such Liens).

14.5. Certain Rights of Agent. If Agent shall request instructions from Lenders with respect to any act or action (including failure to act) in connection with this Agreement or any Other Document, Agent shall be entitled to refrain from such act or taking such action unless and until Agent shall have received instructions from Required Lenders; and Agent shall not incur liability to any Person by reason of so refraining. Without limiting the foregoing, Lenders shall not have any right of action whatsoever against Agent as a result of its acting or refraining from acting hereunder in accordance with the instructions of Required Lenders.

14.6. Reliance. Agent shall be entitled to rely, and shall be fully protected in relying, upon any note, writing, resolution, notice, statement, certificate, telex, teletype or telecopier message, cablegram, order or other document or telephone message believed by it to be genuine and correct and to have been signed, sent or made by the proper person or entity, and, with respect to all legal matters pertaining to this Agreement and the Other Documents and its duties hereunder, upon advice of counsel selected by it. Agent may employ agents and attorneys-in-fact and shall not be liable for the acts, omissions, negligence or misconduct of any such agents or attorneys-in-fact selected by Agent with reasonable care. In determining compliance with any condition hereunder, the Agent shall be entitled to receive, and shall not incur any liability for relying upon, a certificate of an Authorized Officer or an opinion of counsel or both certifying as to compliance with such condition. The Agent may consult with legal counsel (who may be counsel for the Credit Parties or any Lender), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

14.7. Notice of Default. Agent shall not be deemed to have knowledge or notice of the occurrence of any Default or Event of Default hereunder or under the Other Documents, unless Agent has received notice from a Lender or Borrowing Agent referring to this Agreement or the Other Documents, describing such Default or Event of Default and stating that such notice is a "notice of default". In the event that Agent receives such a notice, Agent shall give notice thereof to Lenders. Agent shall take such action with respect to such Default or Event of Default as shall be reasonably directed by Required Lenders; provided, that, unless and until Agent shall have received such directions, Agent may (but shall not be obligated to) take such action, or refrain from taking such action, with respect to such Default or Event of Default as it shall deem advisable in the best interests of Lenders.

14.8. Indemnification. To the extent Agent is not reimbursed and indemnified by Borrowers, each Lender will reimburse and indemnify Agent in proportion to its respective portion of the outstanding Advances and its respective Participation Commitments in the outstanding Letters of Credit and outstanding Swing Loans (or, if no Advances are outstanding, pro rata according to the percentage that its Commitment Amount constitutes of the total aggregate Commitment Amounts), from and against any and all liabilities, obligations, losses,

damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever which may be imposed on, incurred by or asserted against Agent in performing its duties hereunder, or in any way relating to or arising out of this Agreement or any Other Document; provided that Lenders shall not be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from Agent's gross (not mere) negligence or willful misconduct (as determined by a court of competent jurisdiction in a final non-appealable judgment).

14.9. Agent in its Individual Capacity. With respect to the obligation of Agent to lend under this Agreement, the Advances made by it shall have the same rights and powers hereunder as any other Lender and as if it were not performing the duties as Agent specified herein; and the term "Lender" or any similar term shall, unless the context clearly otherwise indicates, include Agent in its individual capacity as a Lender. Agent may engage in business with any Borrower as if it were not performing the duties specified herein, and may accept fees and other consideration from any Borrower for services in connection with this Agreement or otherwise without having to account for the same to Lenders.

14.10. Delivery of Documents. To the extent Agent receives financial statements required under Sections 9.7, 9.8, 9.9, 9.12 and 9.13 or Borrowing Base Certificates from any Borrower pursuant to the terms of this Agreement which any Borrower is not obligated to deliver to each Lender, Agent will promptly furnish such documents and information to Lenders.

14.11. Borrowers' Undertaking to Agent. Without prejudice to their respective obligations to Lenders under the other provisions of this Agreement, each Borrower hereby undertakes with Agent to pay to Agent from time to time on demand all amounts from time to time due and payable by it for the account of Agent or Lenders or any of them pursuant to this Agreement to the extent not already paid. Any payment made pursuant to any such demand shall pro tanto satisfy the relevant Borrower's obligations to make payments for the account of Lenders or the relevant one or more of them pursuant to this Agreement.

14.12. No Reliance on Agent's Customer Identification Program. To the extent the Advances or this Agreement is, or becomes, syndicated in cooperation with other Lenders, each Lender acknowledges and agrees that neither such Lender, nor any of its Affiliates, participants or assignees, may rely on Agent to carry out such Lender's, Affiliate's, participant's or assignee's customer identification program, or other obligations required or imposed under or pursuant to the USA PATRIOT Act or the regulations thereunder, including the regulations contained in 31 CFR 103.121 (as hereafter amended or replaced, the "CIP Regulations"), or any other Anti-Terrorism Law, including any programs involving any of the following items relating to or in connection with any of Borrowers, their Affiliates or their agents, the Other Documents or the transactions hereunder or contemplated hereby: (i) any identity verification procedures, (ii) any recordkeeping, (iii) comparisons with government lists, (iv) customer notices or (v) other procedures required under the CIP Regulations or such Anti-Terrorism Laws.

14.13. Other Agreements. Each of the Lenders agrees that it shall not, without the express consent of Agent, and that it shall, to the extent it is lawfully entitled to do so, upon the request of Agent, set off against the Obligations, any amounts owing by such Lender to any Borrower or any deposit accounts of any Borrower now or hereafter maintained with such

Lender. Anything in this Agreement to the contrary notwithstanding, each of the Lenders further agrees that it shall not, unless specifically requested to do so by Agent, take any action to protect or enforce its rights arising out of this Agreement or the Other Documents, it being the intent of Lenders that any such action to protect or enforce rights under this Agreement and the Other Documents shall be taken in concert and at the direction or with the consent of Agent or Required Lenders.

XV. BORROWING AGENCY.

15.1. Borrowing Agency Provisions.

(a) Each Borrower hereby irrevocably designates Borrowing Agent to be its attorney and agent and in such capacity to (i) borrow, (ii) request advances, (iii) request the issuance of Letters of Credit, (iv) sign and endorse notes, (v) execute and deliver all instruments, documents, applications, security agreements, reimbursement agreements and letter of credit agreements for Letters of Credit and all other certificates, notice, writings and further assurances now or hereafter required hereunder, (vi) make elections regarding interest rates, (vii) give instructions regarding Letters of Credit and agree with Issuer upon any amendment, extension or renewal of any Letter of Credit and (viii) otherwise take action under and in connection with this Agreement and the Other Documents, all on behalf of and in the name such Borrower or Borrowers, and hereby authorizes Agent to pay over or credit all loan proceeds hereunder in accordance with the request of Borrowing Agent.

(b) The handling of this credit facility as a co-borrowing facility with a borrowing agent in the manner set forth in this Agreement is solely as an accommodation to Borrowers and at their request. Neither Agent nor any Lender shall incur liability to Borrowers as a result thereof. To induce Agent and Lenders to do so and in consideration thereof, each Borrower hereby indemnifies Agent and each Lender and holds Agent and each Lender harmless from and against any and all liabilities, expenses, losses, damages and claims of damage or injury asserted against Agent or any Lender by any Person arising from or incurred by reason of the handling of the financing arrangements of Borrowers as provided herein, reliance by Agent or any Lender on any request or instruction from Borrowing Agent or any other action taken by Agent or any Lender with respect to this Section 15.1 except due to willful misconduct or gross (not mere) negligence by the indemnified party (as determined by a court of competent jurisdiction in a final and non-appealable judgment), and except that, Sand Tiger shall only be liable for the Sand Tiger Obligations.

(c) All Obligations shall be joint and several (provided, Sand Tiger shall only be liable for the Sand Tiger Obligations), and each Borrower shall make payment upon the maturity of the Obligations by acceleration or otherwise, and such obligation and liability on the part of each Borrower shall in no way be affected by any extensions, renewals and forbearance granted by Agent or any Lender to any Borrower, failure of Agent or any Lender to give any Borrower notice of borrowing or any other notice, any failure of Agent or any Lender to pursue or preserve its rights against any Borrower, the release by Agent or any Lender of any Collateral now or thereafter acquired from any Borrower, and such agreement by each Borrower to pay upon any notice issued pursuant thereto is unconditional and unaffected by prior recourse by Agent or any Lender to the other Borrowers or any Collateral for such Borrower's Obligations or the lack thereof. Each Borrower waives all suretyship defenses.

15.2. Waiver of Subrogation. Each Borrower expressly waives any and all rights of subrogation, reimbursement, indemnity, exoneration, contribution of any other claim which such Borrower may now or hereafter have against any other Borrower or any other Person directly or contingently liable for the Obligations hereunder, or against or with respect to any other Borrowers' property (including, without limitation, any property which is Collateral for the Obligations), arising from the existence or performance of this Agreement, until termination of this Agreement and repayment in full of the Obligations (other than contingent indemnification obligations in respect of which no assertion of liability has been made).

15.3. Common Enterprise. The successful operation and condition of each of the Borrowers (other than Sand Tiger) is dependent on the continued successful performance of the functions of the group of Borrowers as a whole and the successful operation of each Borrower is dependent on the successful performance and operation of each other Borrower. Each of the Borrowers expects to derive benefit (and its board of directors or other governing body has determined that it may reasonably be expected to derive benefit), directly and indirectly, from successful operations of Holdings and each of the other Borrowers. Each Borrower expects to derive benefit (and the boards of directors or other governing body of each such Borrower have determined that it may reasonably be expected to derive benefit), directly and indirectly, from the credit extended by the Lenders to the Borrowers hereunder, both in their separate capacities and as members of the group of companies. Each Borrower has determined that execution, delivery, and performance of this Agreement and any Other Documents to be executed by such Borrower is within its corporate purpose, will be of direct and indirect benefit to such Borrower, and is in its best interest.

XVI. MISCELLANEOUS.

16.1. Governing Law. This Agreement and each Other Document (unless and except to the extent expressly provided otherwise in any such Other Document), and all matters relating hereto or thereto or arising herefrom or therefrom (whether arising under contract law, tort law or otherwise) shall, in accordance with Section 5-1401 of the General Obligations Law of the State of New York, be governed by and construed in accordance with the laws of the State of New York applied to contracts to be performed wholly within the State of New York. Any judicial proceeding brought by or against any Borrower with respect to any of the Obligations, this Agreement, the Other Documents or any related agreement may be brought in any court of competent jurisdiction in the State of New York, United States of America, and, by execution and delivery of this Agreement, each Borrower accepts for itself and in connection with its properties, generally and unconditionally, the non-exclusive jurisdiction of the aforesaid courts, and irrevocably agrees to be bound by any judgment rendered thereby in connection with this Agreement, but with respect to Sand Tiger only, the Agent and Lenders shall not be precluded from initiating any proceeding against it in the courts of the Province of Alberta, Canada in their sole discretion. Each Borrower hereby waives personal service of any and all process upon it and consents that all such service of process may be made by certified or registered mail (return receipt requested) directed to Borrowing Agent at its address set forth in Section 16.6 and service so made shall be deemed completed five (5) days after the same shall have been so deposited in

the mails of the United States of America, or, at Agent's option, by service upon Borrowing Agent which each Borrower irrevocably appoints as such Borrower's Agent for the purpose of accepting service within the State of New York. Nothing herein shall affect the right to serve process in any manner permitted by law or shall limit the right of Agent or any Lender to bring proceedings against any Borrower in the courts of any other jurisdiction. Each Borrower waives any objection to jurisdiction and venue of any action instituted hereunder and shall not assert any defense based on lack of jurisdiction or venue or based upon forum non conveniens. Each Borrower waives the right to remove any judicial proceeding brought against such Borrower in any state court to any federal court. Any judicial proceeding by any Borrower against Agent or any Lender involving, directly or indirectly, any matter or claim in any way arising out of, related to or connected with this Agreement or any related agreement, shall be brought only in a federal or state court located in the County of New York, State of New York (or, with respect to Sand Tiger) the Province of Alberta.

16.2. Entire Understanding.

(a) THIS AGREEMENT AND THE DOCUMENTS EXECUTED CONCURRENTLY HERewith CONTAIN THE ENTIRE UNDERSTANDING BETWEEN EACH BORROWER, AGENT AND EACH LENDER AND SUPERSEDES ALL PRIOR AGREEMENTS AND UNDERSTANDINGS, IF ANY, RELATING TO THE SUBJECT MATTER HEREOF. ANY PROMISES, REPRESENTATIONS, WARRANTIES OR GUARANTEES NOT HEREIN CONTAINED AND HEREINAFTER MADE SHALL HAVE NO FORCE AND EFFECT UNLESS IN WRITING, SIGNED BY EACH BORROWER'S, AGENT'S AND EACH LENDER'S RESPECTIVE OFFICERS. Neither this Agreement nor any portion or provisions hereof may be changed, modified, amended, waived, supplemented, discharged, cancelled or terminated orally or by any course of dealing, or in any manner other than by an agreement in writing, signed by the party to be charged. Notwithstanding the foregoing, Agent may modify this Agreement or any of the Other Documents for the purposes of completing missing content or correcting erroneous content of an administrative nature, without the need for a written amendment, provided that the Agent shall send a copy of any such modification to the Borrowers and each Lender (which copy may be provided by electronic mail). Each Borrower acknowledges that it has been advised by counsel in connection with the execution of this Agreement and Other Documents and is not relying upon oral representations or statements inconsistent with the terms and provisions of this Agreement.

(b) Required Lenders, Agent with the consent in writing of Required Lenders, and Borrowers may, subject to the provisions of this Section 16.2(b), from time to time enter into written supplemental agreements to this Agreement or the Other Documents (other than with respect to Cash Management Products and Services and Lender-Provided Hedges, other similar agreements or the Fee Letter, which shall require only the consent of the parties thereto) executed by the applicable Credit Parties, for the purpose of adding or deleting any provisions or otherwise changing, varying or waiving in any manner the rights of Lenders, Agent or Borrowers thereunder or the conditions, provisions or terms thereof or waiving any Event of Default thereunder, but only to the extent specified in such written agreements; provided, however, that no such supplemental agreement shall:

(i) increase the Commitment Percentage, or the maximum dollar amount of the Commitment Amount of any Lender without the consent of such Lender directly affected thereby;

(ii) whether or not any Advances are outstanding, extend the Term or the time for payment of principal or interest of any Advance (excluding the due date of any mandatory prepayment of an Advance), or any fee payable to any Lender, or reduce the principal amount of or the rate of interest borne by any Advances or reduce any fee payable to any Lender, without the consent of each Lender directly affected thereby (except that Required Lenders may elect to waive or rescind any imposition of the Default Rate under Section 3.1 or of default rates of Letter of Credit fees under Section 3.2 (unless imposed by Agent));

(iii) except in connection with any increase pursuant to Section 2.24 hereof, increase the Maximum Revolving Advance Amount without the consent of each Lender directly affected thereby;

(iv) alter the definition of the term Required Lenders or Supermajority Lenders or alter, amend or modify this Section 16.2(b) without the consent of all Lenders;

(v) alter, amend or modify the provisions of Section 11.5 without the consent of all Lenders directly affected thereby;

(vi) release (x) any Collateral during any calendar year (other than in accordance with the provisions of this Agreement) having an aggregate value in excess of \$5,000,000 without the consent of Supermajority Lenders or (y) all or substantially all Collateral without the consent of all Lenders;

(vii) change the rights and duties of Agent without the consent of Supermajority Lenders;

(viii) subject to clauses (e) and (f) below, voluntarily permit any Revolving Advance (inclusive of amounts outstanding pursuant to ~~clause (f)~~ below) to be made if after giving effect thereto the total of Revolving Advances outstanding hereunder would exceed the Formula Amount for more than thirty (30) consecutive Business Days or exceed the lesser of (x) one hundred and ten percent (110%) of the Formula Amount or (y) the Maximum Revolving Advance Amount, in each case, without the consent of each Lender directly affected thereby;

(ix) increase the Advance Rates above the Advance Rates in effect on the Closing Date without the consent of Supermajority Lenders;

(x) modify the definitions of Eligible Receivables, Eligible Equipment, Eligible Inventory, Eligible In-Transit Inventory, Eligible Unbilled Receivables, Eligible Equipment Sublimit, Letter of Credit Sublimit or the Maximum Swing Loan Advance Amount in effect on the Closing Date without the consent of Supermajority Lenders;

(xi) release any Guarantor or Borrower without the consent of all Lenders; or

(xii) increase the amount of proceeds of direct Revolving Advances that may be made available, and remain outstanding on any day, to Sand Tiger without the consent of each Lender directly affected thereby.

(c) Any such supplemental agreement shall apply equally to each Lender and shall be binding upon Borrowers, Lenders and Agent and all future holders of the Obligations. In the case of any waiver, Borrowers, Agent and Lenders shall be restored to their former positions and rights, and any Event of Default waived shall be deemed to be cured and not continuing, but no waiver of a specific Event of Default shall extend to any subsequent Event of Default (whether or not the subsequent Event of Default is the same as the Event of Default which was waived), or impair any right consequent thereon.

(d) In the event that Agent requests the consent of a Lender pursuant to this Section 16.2 and such consent is denied, then Agent may, at its option, require such Lender to assign its interest in the Advances to Agent or to another Lender or to any other Person designated by Agent (the “Designated Lender”), for a price equal to (i) the then outstanding principal amount thereof plus (ii) accrued and unpaid interest and fees due such Lender, which interest and fees shall be paid when collected from Borrowers. In the event Agent elects to require any Lender to assign its interest to Agent or to the Designated Lender, Agent will so notify such Lender in writing within forty five (45) days following such Lender’s denial, and such Lender will assign its interest to Agent or the Designated Lender no later than five (5) days following receipt of such notice pursuant to a Commitment Transfer Supplement executed by such Lender, Agent or the Designated Lender, as appropriate, and Agent.

(e) Notwithstanding (i) the existence of a Default or an Event of Default, (ii) that any of the other applicable conditions precedent set forth in Section 8.2 hereof have not been satisfied or (iii) any other provision of this Agreement, Agent may at its discretion and without the consent of the Required Lenders, voluntarily permit the outstanding Revolving Advances at any time to exceed the Formula Amount by up to ten percent (10%) of the Formula Amount for up to thirty (30) consecutive Business Days (the “Out-of-Formula Loans”); *provided*, that, such outstanding Advances do not exceed the Maximum Revolving Advance Amount. If Agent is willing in its sole and absolute discretion to make such Out-of-Formula Loans, Lenders holding the Commitments shall be obligated to fund such Out-of-Formula Loans in accordance with their respective Commitment Percentages, and such Out-of-Formula Loans shall be payable on demand and shall bear interest at the Default Rate for Revolving Advances consisting of Domestic Rate Loans; *provided* that, if Agent does permit Out-of-Formula Loans, neither Agent nor Lenders shall be deemed thereby to have changed the limits of Section 2.1(a) nor shall any Lender be obligated to fund Revolving Advances in excess of its Commitment Amount. For purposes of this paragraph, the discretion granted to Agent hereunder shall not preclude involuntary overadvances that may result from time to time due to the fact that the Formula Amount was unintentionally exceeded for any reason, including, but not limited to, Collateral previously deemed to be either “Eligible Receivables”, “Eligible Equipment”, “Eligible Inventory”, “Eligible In-Transit Inventory” or “Eligible Unbilled Receivables”, as applicable, becomes ineligible, collections of Receivables applied to reduce outstanding Revolving

Advances are thereafter returned for insufficient funds or overadvances are made to protect or preserve the Collateral. In the event Agent involuntarily permits the outstanding Revolving Advances to exceed the Formula Amount by more than ten percent (10%), Agent shall use its efforts to have Borrowers decrease such excess in as expeditious a manner as is practicable under the circumstances and not inconsistent with the reason for such excess. Revolving Advances made after Agent has determined the existence of involuntary overadvances shall be deemed to be involuntary overadvances and shall be decreased in accordance with the preceding sentence. To the extent any Out-of-Formula Loans are not actually funded by the other Lenders as provided for in this Section 16.2(e), Agent may elect in its discretion to fund such Out-of-Formula Loans and any such Out-of-Formula Loans so funded by Agent shall be deemed to be Revolving Advances made by and owing to Agent, and Agent shall be entitled to all rights (including accrual of interest) and remedies of a Lender holding a Commitment under this Agreement and the Other Documents with respect to such Revolving Advances.

(f) In addition to (and not in substitution of) the discretionary Revolving Advances permitted above in Section 16.2, the Agent is hereby authorized by Borrowers and the Lenders, at any time in the Agent's sole discretion, regardless of (i) the existence of a Default or an Event of Default, (ii) whether any of the other applicable conditions precedent set forth in Section 8.2 hereof have not been satisfied or the commitments of Lenders to make Revolving Advances hereunder have been terminated for any reason, or (iii) any other contrary provision of this Agreement, to make Revolving Advances ("Protective Advances") to Borrowers, subject to Section 2.1(a), on behalf of the Lenders which Agent, in its reasonable business judgment, deems necessary or desirable (a) to preserve or protect the Collateral, or any portion thereof, (b) to enhance the likelihood of, or maximize the amount of, repayment of the Advances and other Obligations, or (c) to pay any other amount chargeable to Borrowers pursuant to the terms of this Agreement; *provided, that* the Protective Advances made hereunder shall not exceed, in the aggregate, 10% of the Maximum Revolving Advance Amount; and *provided further* that at any time after giving effect to any such Protective Advances, the outstanding Revolving Advances, Swing Loans Maximum Undrawn Amount of all outstanding Letters of Credit do not exceed the Maximum Revolving Advance Amount. The Lenders holding the Commitments shall be obligated to fund such Protective Advances and effect a settlement with Agent therefore upon demand of Agent in accordance with their respective Commitment Percentages. To the extent any Protective Advances are not actually funded by the other Lenders as provided for in this Section 16.2(f), any such Protective Advances funded by Agent shall be deemed to be Revolving Advances made by and owing to Agent, and Agent shall be entitled to all rights (including accrual of interest) and remedies of a Lender holding a Commitment under this Agreement and the Other Documents with respect to such Revolving Advances.

16.3. Successors and Assigns; Participations; New Lenders.

(a) This Agreement shall be binding upon and inure to the benefit of each Borrower, Agent, each Lender, all future holders of the Obligations and their respective successors and permitted assigns, except that Borrowers may not assign or transfer any of their rights or obligations under this Agreement without the prior written consent of Agent and each Lender.

(b) Each Borrower acknowledges that in the regular course of commercial banking business one or more Lenders may at any time and from time to time sell participating interests in the Advances (other than Swing Loans) to other financial institutions (each such transferee or purchaser of a participating interest, a "Participant"). Each Participant may exercise all rights of payment (including rights of set-off to the extent permitted by Applicable Law) with respect to the portion of such Advances (other than Swing Loans) held by it or other Obligations payable hereunder as fully as if such Participant were the direct holder thereof provided that Borrowers shall not be required to pay to any Participant more than the amount which it would have been required to pay to Lender which granted an interest in its Advances or other Obligations payable hereunder to such Participant had such Lender retained such interest in the Advances hereunder or other Obligations payable hereunder and in no event shall Borrowers be required to pay any such amount arising from the same circumstances and with respect to the same Advances or other Obligations payable hereunder to both such Lender and such Participant. Each Participant shall have the benefits of Section 3.10 hereof to the extent it complies with the provisions thereof. Each Borrower hereby grants to any Participant a continuing security interest in any deposits, moneys or other property actually or constructively held by such Participant as security for the Participant's interest in the Advances. No Lenders shall transfer, grant or sell any participation under which the participant shall have the right to approve any amendment or waiver of this Agreement except to the extent such amendment or waiver would require the approval of all Lenders pursuant to Section 16.2(b). Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrowers, maintain a register on which it enters the name and address of each Participant and the principal amounts (and stated interest) of each Participant's interest in the Advances or other obligations under this Agreement and the Other Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under this Agreement or any Other Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations. The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Agent (in its capacity as Agent) shall have no responsibility for maintaining a Participant Register.

(c) Any Lender, with the consent of Agent and so long as no Event of Default then exists, Borrowing Agent (other than with respect to any sale, assignment or transfer from any Lender to any Affiliate of such Lender or to any other Lender or any other Lender's Affiliates), which shall not be unreasonably withheld, conditioned or delayed, may sell, assign or transfer all or any part of its rights and obligations under or relating to Revolving Advances (other than Swing Loans) under this Agreement and the Other Documents to one or more additional banks or financial institutions and one or more additional banks or financial institutions may commit to make Advances hereunder (each a "Purchasing Lender"), in minimum amounts of not less than \$5,000,000, pursuant to a Commitment Transfer Supplement, executed by a Purchasing Lender, the transferor Lender, and Agent and delivered to Agent for recording. Upon such execution, delivery, acceptance and recording, from and after the transfer

effective date determined pursuant to such Commitment Transfer Supplement, (i) Purchasing Lender thereunder shall be a party hereto and, to the extent provided in such Commitment Transfer Supplement, have the rights and obligations of a Lender thereunder with a Commitment Percentage as set forth therein, and (ii) the transferor Lender thereunder shall, to the extent provided in such Commitment Transfer Supplement, be released from its obligations under this Agreement, the Commitment Transfer Supplement creating a novation for that purpose. Such Commitment Transfer Supplement shall be deemed to amend this Agreement to the extent, and only to the extent, necessary to reflect the addition of such Purchasing Lender and the resulting adjustment of the Commitment Percentages arising from the purchase by such Purchasing Lender of all or a portion of the rights and obligations of such transferor Lender under this Agreement and the Other Documents. Each Borrower hereby consents to the addition of such Purchasing Lender and the resulting adjustment of the Commitment Percentages arising from the purchase by such Purchasing Lender of all or a portion of the rights and obligations of such transferor Lender under this Agreement and the Other Documents. Borrowers shall execute and deliver such further documents and do such further acts and things in order to effectuate the foregoing.

(d) Any Lender, with the consent of Agent which shall not be unreasonably withheld or delayed, may directly or indirectly sell, assign or transfer all or any portion of its rights and obligations under or relating to Revolving Advances under this Agreement and the Other Documents to an entity, whether a corporation, partnership, trust, limited liability company or other entity that (i) is engaged in making, purchasing, holding or otherwise investing in bank loans and similar extensions of credit in the ordinary course of its business and (ii) is administered, serviced or managed by the assigning Lender or an Affiliate of such Lender (a "Purchasing CLO") and together with each Participant and Purchasing Lender, each a "Transferee" and collectively the "Transferees"), pursuant to a Commitment Transfer Supplement modified as appropriate to reflect the interest being assigned ("Modified Commitment Transfer Supplement"), executed by any intermediate purchaser, the Purchasing CLO, the transferor Lender, and Agent as appropriate and delivered to Agent for recording. Upon such execution and delivery, from and after the transfer effective date determined pursuant to such Modified Commitment Transfer Supplement, (i) Purchasing CLO thereunder shall be a party hereto and, to the extent provided in such Modified Commitment Transfer Supplement, have the rights and obligations of a Lender thereunder and (ii) the transferor Lender thereunder shall, to the extent provided in such Modified Commitment Transfer Supplement, be released from its obligations under this Agreement, the Modified Commitment Transfer Supplement creating a novation for that purpose. Such Modified Commitment Transfer Supplement shall be deemed to amend this Agreement to the extent, and only to the extent, necessary to reflect the addition of such Purchasing CLO. Each Borrower hereby consents to the addition of such Purchasing CLO. Borrowers shall execute and deliver such further documents and do such further acts and things in order to effectuate the foregoing.

(e) Agent shall maintain at its address a copy of each Commitment Transfer Supplement and Modified Commitment Transfer Supplement delivered to it and a register (the "Register") for the recordation of the names and addresses of each Lender and the outstanding principal, accrued and unpaid interest and other fees due hereunder. The entries in the Register shall be conclusive, in the absence of manifest error, and each Borrower, Agent and Lenders may

treat each Person whose name is recorded in the Register as the owner of the Advance recorded therein for the purposes of this Agreement. The Register shall be available for inspection by any Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice. Agent shall receive a fee in the amount of \$3,500 payable by the applicable Purchasing Lender and/or Purchasing CLO upon the effective date of each transfer or assignment (other than to an intermediate purchaser) to such Purchasing Lender and/or Purchasing CLO.

(f) Each Borrower authorizes each Lender to disclose to any Transferee and any prospective Transferee any and all financial information in such Lender's possession concerning such Borrower which has been delivered to such Lender by or on behalf of such Borrower pursuant to this Agreement or in connection with such Lender's credit evaluation of such Borrower; *provided* that the Transferee or prospective Transferee agrees to be bound by a non-disclosure agreement approved by Borrowers pursuant to which Borrowers are third party beneficiaries.

(g) Notwithstanding anything to the contrary in this Section 16.3: (i) no sale, transfer or assignment of all or any portion of any Lender's rights and obligations under or relating to Loans under this Agreement shall be made to any Credit Party or any of their respective Affiliates.

16.4. Application of Payments. Subject to application of payments and proceeds in accordance with Section 11.5, Agent shall have the continuing and exclusive right to apply or reverse and re-apply any payment and any and all proceeds of Collateral to any portion of the Obligations or Sand Tiger's Obligations, as applicable. To the extent that any Borrower makes a payment or Agent or any Lender receives any payment or proceeds of the Collateral for any Borrower's benefit, which are subsequently invalidated, declared to be fraudulent or preferential, set aside or required to be repaid to a trustee, debtor in possession, receiver, custodian or any other party under any bankruptcy law, common law or equitable cause, then, to such extent, the Obligations or part thereof intended to be satisfied shall be revived and continue as if such payment or proceeds had not been received by Agent or such Lender.

16.5. Indemnity. Each Credit Party shall defend, protect, indemnify, pay and save harmless Agent, Issuer, each Lender and each of their respective officers, directors, Affiliates, attorneys, employees and agents (each an "Indemnified Party") for and from and against any and all claims, demands, liabilities, obligations, losses, damages, penalties, fines, actions, judgments, suits, costs, charges, expenses and disbursements of any kind or nature whatsoever (including reasonable fees and disbursements of counsel (including allocated costs of internal counsel)) (collectively, "Claims") which may be imposed on, incurred by, or asserted against any Indemnified Party provided, Sand Tiger shall only be liable for any indemnification obligations hereunder to the extent related to Sand Tiger's Obligations or attributable to its assets) in, arising out of, or in any way relating to, or as a consequence, direct or indirect, of: (a) this Agreement, the Other Documents, the Advances and other Obligations and/or the transactions contemplated hereby including the Transactions, (b) any action or failure to act or action taken only after delay or the satisfaction of any conditions by any Indemnified Party in connection with and/or relating to the negotiation, execution, delivery or administration of the Agreement and the Other Documents, the credit facilities established hereunder and thereunder and/or the transactions contemplated hereby including the Transactions, (c) any Credit Party's failure to observe,

perform or discharge any of its covenants, obligations, agreements or duties under or breach of any of the representations or warranties made in this Agreement and the Other Documents, (d) the enforcement of any of the rights and remedies of Agent, Issuer or any Lender under the Agreement and the Other Documents, (e) any threatened or actual imposition of fines or penalties, or disgorgement of benefits, for violation of any Anti-Terrorism Law by any Credit Party, any Affiliate or Subsidiary of any Credit Party, (f) any claim, litigation, proceeding or investigation instituted or conducted by any Governmental Body or instrumentality or any other Person with respect to any aspect of, or any transaction contemplated by, or referred to in, or any matter related to, this Agreement or the Other Documents, whether or not brought by any Credit Party, any director, equity holder or creditor thereof, any Indemnified Party or any other Person and whether or not any Indemnified Party is a party thereto and (g) arising from or incurred by reason of the handling of the financing arrangements of Borrowers as provided in Section 15.1, reliance by Agent or any Lender on any request or instruction from Borrowing Agent or any other action taken by Agent or any Lender with respect to Section 15.1; provided, however, notwithstanding anything in this Section 16.5, to the contrary, no Credit Party shall be required to indemnify any Indemnified Party for any Claim which, in each case is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from (x) such Indemnified Party's own gross negligence or willful misconduct or that of its respective Affiliates or each of their respective officers, directors, employees, advisors and agents, (y) a claim brought by Borrower against an Indemnified Party for breach, in bad faith, of such Indemnified Party's obligations to make Advances hereunder, or (z) any dispute solely among Indemnified Parties and not involving a Credit Party or any Subsidiary or Affiliate thereof and not arising out of or in connection with, in each case is found in a final non-appealable judgment by a court of competent jurisdiction, (i) the Agent's or its Affiliates' respective capacities in connection with this Agreement or in fulfilling their roles as Agent, arranger or bookrunner or (ii) any action or inaction of a Credit Party, any of its Subsidiaries or Affiliates. Without limiting the generality of any of the foregoing (but subject to clauses (x)-(z) above), each Credit Party shall defend, protect, indemnify, pay and save harmless each Indemnified Party from (A) any Claims which may be imposed on, incurred by, or asserted against any Indemnified Party arising out of or in any way relating to or as a consequence, direct or indirect, of the issuance of any Letter of Credit hereunder and (B) any Claims which may be imposed on, incurred by, or asserted against any Indemnified Party under any Environmental Laws with respect to or in connection with the Real Property, any Hazardous Discharge, the presence of any Hazardous Substances affecting the Real Property (whether or not the same originates or emerges from the Real Property or any contiguous real estate), including any Claims consisting of or relating to the imposition or assertion of any Lien on any of the Real Property under any Environmental Laws and any loss of value of the Real Property as a result of the foregoing except to the extent such loss, liability, damage and expense is attributable to any Hazardous Discharge resulting from actions on the part of Agent or any Lender. The Credit Parties' obligations under this Section 16.5 shall arise upon the discovery of the presence of any Hazardous Substances in reportable quantities at the Real Property, whether or not any federal, state, or local environmental agency has taken or threatened any action in connection with the presence of any Hazardous Substances, in each such case except to the extent that any of the foregoing arises out of the gross negligence or willful misconduct of the Indemnified Party (as determined by a court of competent jurisdiction in a final and non-appealable judgment). Without limiting the generality of the foregoing (but subject to clauses (x)-(z) above), this indemnity shall extend to any liabilities,

obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses and disbursements of any kind or nature whatsoever (including reasonable fees and disbursements of counsel) asserted against or incurred by any of the Indemnified Parties by any Person under any Environmental Laws or similar laws by reason of any Borrower's or any other Person's failure to comply with laws applicable to solid or hazardous waste materials, including Hazardous Substances and Hazardous Waste, or other Toxic Substances. No Indemnified Person shall be liable for any damage arising from the use by others of information relating to the Credit Parties obtained through electronic, telecommunications or other information systems, except to the extent such damages are found by a final, non-appealable judgment of a court to arise from the gross negligence or willful misconduct of such Indemnified Person. This Section 16.5 shall not apply to Taxes. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THIS INDEMNITY SHALL EXTEND TO ANY LIABILITIES, OBLIGATIONS, LOSSES, DAMAGES, PENALTIES, ACTIONS, JUDGMENTS, SUITS, COSTS, EXPENSES AND DISBURSEMENTS OF ANY KIND OR NATURE WHATSOEVER (INCLUDING FEES AND DISBURSEMENTS OF COUNSEL) ASSERTED AGAINST OR INCURRED BY ANY OF THE INDEMNIFIED PARTIES BY ANY PERSON UNDER ANY ENVIRONMENTAL LAWS OR SIMILAR LAWS BY REASON OF ANY BORROWER'S OR ANY OTHER PERSON'S FAILURE TO COMPLY WITH LAWS APPLICABLE TO SOLID OR HAZARDOUS WASTE MATERIALS, INCLUDING HAZARDOUS SUBSTANCES AND HAZARDOUS WASTE, OR OTHER TOXIC SUBSTANCES. ADDITIONALLY, IF ANY TAXES (EXCLUDING TAXES IMPOSED UPON OR MEASURED SOLELY BY THE NET INCOME OF AGENT AND LENDERS, BUT INCLUDING ANY INTANGIBLES TAXES, STAMP TAX, RECORDING TAX OR FRANCHISE TAX) SHALL BE PAYABLE BY AGENT, LENDERS OR BORROWERS ON ACCOUNT OF THE EXECUTION OR DELIVERY OF THIS AGREEMENT, OR THE EXECUTION, DELIVERY, ISSUANCE OR RECORDING OF ANY OF THE OTHER DOCUMENTS, OR THE CREATION OR REPAYMENT OF ANY OF THE OBLIGATIONS HEREUNDER, BY REASON OF ANY APPLICABLE LAW NOW OR HEREAFTER IN EFFECT, BORROWERS WILL PAY (OR WILL PROMPTLY REIMBURSE AGENT AND LENDERS FOR PAYMENT OF) ALL SUCH TAXES, INCLUDING INTEREST AND PENALTIES THEREON, AND WILL INDEMNIFY AND HOLD THE INDEMNIFIED PARTIES HARMLESS FROM AND AGAINST ALL LIABILITY IN CONNECTION THEREWITH.

16.6. Notice. Any notice or request hereunder to any Credit Party may be given to Borrowing Agent at its address set forth below or at such other address as may hereafter be specified in a notice designated as a notice of change of address under this Section. Any notice or request hereunder to Agent or any Lender at their respective addresses set forth below or at such other address as may hereafter be specified in a notice designated as a notice of change of address under this Section. Any notice, request, demand, direction or other communication (for purposes of this Section 16.6 only, a "Notice") to be given to or made upon any party hereto under any provision of this Agreement shall be given or made by telephone or in writing (which includes by means of electronic transmission (i.e., "e-mail") or facsimile transmission or by setting forth such Notice on a site on the World Wide Web (a "Website Posting") if Notice of such Website Posting (including the information necessary to access such site) has previously been delivered to the applicable parties hereto by another means set forth in this Section 16.6) in accordance with this Section 16.6. Any such Notice must be delivered to the applicable parties

hereto at the addresses and numbers set forth under their respective names in this Section 16.6 hereof or in accordance with any subsequent unrevoked Notice from any such party that is given in accordance with this Section 16.6. Any Notice shall be effective:

(a) In the case of hand-delivery, when delivered;

(b) If given by mail, four (4) days after such Notice is deposited with the United States or Canadian Postal Service, with first-class postage prepaid, return receipt requested;

(c) In the case of a telephonic Notice, when a party is contacted by telephone, if delivery of such telephonic Notice is confirmed no later than the next Business Day by hand delivery, a facsimile or electronic transmission, a Website Posting or an overnight courier delivery of a confirmatory Notice (received at or before noon on such next Business Day);

(d) In the case of a facsimile transmission, when sent to the applicable party's facsimile machine's telephone number, if the party sending such Notice receives confirmation of the delivery thereof from its own facsimile machine;

(e) In the case of electronic transmission, when actually received;

(f) In the case of a Website Posting, upon delivery of a Notice of such posting (including the information necessary to access such site) by another means set forth in this Section 16.6; and

(g) If given by any other means (including by overnight courier), when actually received.

Any Lender giving a Notice to Borrowing Agent or any Borrower shall concurrently send a copy thereof to Agent, and Agent shall promptly notify the other Lenders of its receipt of such Notice.

16.7. Survival. The obligations of Borrowers under Sections 2.2(g), 2.2(h), 3.7, 3.8, 3.9, 3.10, 16.5 and 16.9 and the obligations of Lenders under Sections 2.2, 2.15(b), 2.16, 2.18, 2.19, 14.8 and 16.5, shall survive termination of this Agreement and the Other Documents and payment in full of the Obligations.

16.8. Severability. If any part of this Agreement is contrary to, prohibited by, or deemed invalid under Applicable Laws, such provision shall be inapplicable and deemed omitted to the extent so contrary, prohibited or invalid, but the remainder hereof shall not be invalidated thereby and shall be given effect so far as possible.

16.9. Expenses. All documented out-of-pocket costs and expenses including attorneys' fees (which in the case of clauses (b) and (c) shall be reasonable and which in each case below, includes including the costs and disbursements of one (1) lead counsel for Agent and Lenders

and one (1) additional local counsel in each applicable jurisdiction) incurred by Agent on its behalf or on behalf of Lenders (a) in all efforts made to enforce payment of any Obligation or effect collection of any Collateral or enforcement of this Agreement or any of the Other Documents, (b) in connection with the entering into, syndication, modification, amendment and administration of this Agreement or any of the Other Documents or any consents or waivers hereunder or thereunder and all related agreements, documents and instruments, (c) in instituting, maintaining, preserving, enforcing and foreclosing on Agent's security interest in or Lien on any of the Collateral, or maintaining, preserving or enforcing any of Agent's or any Lender's rights hereunder or under any Other Document, whether through judicial proceedings or otherwise, (d) in defending or prosecuting any actions or proceedings arising out of or relating to Agent's or any Lender's transactions with any Credit Party or any other creditor of a Credit Party, (e) in connection with any advice given to Agent or any Lender with respect to its rights and obligations under this Agreement and the Other Documents, may be charged to Borrowers' Accounts or Sand Tiger's Accounts, as applicable and shall be part of the Obligations or (f) without limiting the foregoing, in ensuring compliance with Article IV and Section 6.6.

16.10. Injunctive Relief. Each Borrower recognizes that, in the event any Borrower fails to perform, observe or discharge any of its obligations or liabilities under this Agreement, or threatens to fail to perform, observe or discharge such obligations or liabilities, any remedy at law may prove to be inadequate relief to Lenders; therefore, Agent, if Agent so requests, shall be entitled to temporary and permanent injunctive relief in any such case without the necessity of proving that actual damages are not an adequate remedy.

16.11. Consequential Damages. Neither Agent nor any Lender, nor any agent or attorney for any of them, shall be liable to any Credit Party (or any Subsidiary of any such Person) for indirect, punitive, exemplary or consequential damages arising from any breach of contract, tort or other wrong relating to the establishment, administration or collection of the Obligations or as a result of any transaction contemplated under this Agreement or any Other Document.

16.12. Captions. The captions at various places in this Agreement are intended for convenience only and do not constitute and shall not be interpreted as part of this Agreement.

16.13. Counterparts; Facsimile Signatures. This Agreement may be executed in any number of and by different parties hereto on separate counterparts, all of which, when so executed, shall be deemed an original, but all such counterparts shall constitute one and the same agreement. Any signature delivered by a party by facsimile or electronic transmission (including email transmission of a PDF image) shall be deemed to be an original signature hereto.

16.14. Construction. The parties acknowledge that each party and its counsel have reviewed this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement or any amendments, schedules or exhibits thereto.

16.15. Confidentiality; Sharing Information. Agent, each Lender and each Transferee shall hold all non-public information obtained by Agent, such Lender or such Transferee pursuant to the requirements of this Agreement in accordance with Agent's, such Lender's and

such Transferee's customary procedures for handling confidential information of this nature; provided, however, Agent, each Lender and each Transferee may disclose such confidential information (a) to its agents, directors, officers, employees, examiners, Affiliates, outside auditors, counsel and other professional advisors, (b) to Agent, any Lender or to any prospective Transferees, and (c) as required or requested by any Governmental Body or representative thereof or pursuant to legal process; provided, further that (i) unless specifically prohibited by Applicable Law, Agent, each Lender and each Transferee shall use its reasonable best efforts prior to disclosure thereof, to notify the applicable Borrower of the applicable request for disclosure of such non-public information (A) by a Governmental Body or representative thereof (other than any such request in connection with an examination of the financial condition of a Lender or a Transferee by such Governmental Body) or (B) pursuant to legal process and (ii) in no event shall Agent, any Lender or any Transferee be obligated to return any materials furnished by any Borrower other than those documents and instruments in possession of Agent or any Lender in order to perfect its Lien on the Collateral once the Obligations have been paid in full and this Agreement has been terminated. Each Borrower acknowledges that from time to time financial advisory, investment banking and other services may be offered or provided to such Borrower or one or more of its Affiliates (in connection with this Agreement or otherwise) by any Lender or by one or more Subsidiaries or Affiliates of such Lender and each Borrower hereby authorizes each Lender to share any information delivered to such Lender by such Borrower and its Subsidiaries pursuant to this Agreement, or in connection with the decision of such Lender to enter into this Agreement, to any such Subsidiary or Affiliate of such Lender, it being understood that any such Subsidiary or Affiliate of any Lender receiving such information shall be bound by the provisions of this Section 16.15 as if it were a Lender hereunder. Such authorization shall survive the repayment of the other Obligations and the termination of this Agreement. Notwithstanding any non-disclosure agreement or similar document executed by Agent in favor of any Borrower or any of any Borrower's affiliates, the provisions of this Agreement shall supersede such agreements.

16.16. Publicity. Each Borrower and each Lender hereby authorizes Agent to make appropriate announcements of the financial arrangement entered into among Borrowers, Agent and Lenders, including announcements which are commonly known as tombstones, in such publications and to such selected parties as Agent shall in its sole and absolute discretion deem appropriate.

16.17. Certifications From Banks and Participants; USA PATRIOT Act

(a) Each Lender or assignee or participant of a Lender that is not incorporated under the Laws of the United States of America or a state thereof (and is not excepted from the certification requirement contained in Section 313 of the USA PATRIOT Act and the applicable regulations because it is both (i) an affiliate of a depository institution or foreign bank that maintains a physical presence in the United States or foreign country, and (ii) subject to supervision by a banking authority regulating such affiliated depository institution or foreign bank) shall deliver to the Agent the certification, or, if applicable, recertification, certifying that such Lender is not a "shell" and certifying to other matters as required by Section 313 of the USA PATRIOT Act and the applicable regulations: (1) within ten (10) days after the Closing Date, and (2) as such other times as are required under the USA PATRIOT Act.

(b) Each Lender that is subject to the PATRIOT Act and Agent (for itself and not on behalf of any Lender) hereby notifies the Borrowers that pursuant to the requirements of the PATRIOT Act, it is required to obtain, verify and record information that identifies the Borrowers, which information includes the name and address of the Borrowers and other information that will allow such Lender or Agent, as applicable, to identify the Borrowers in accordance with the PATRIOT Act. The Borrowers shall, promptly following a request by Agent or any Lender, provide all documentation and other information that Agent or such Lender reasonably requests in order to comply with its ongoing obligations under applicable "know your customer" and anti-money-laundering rules and regulations, including the PATRIOT Act.

16.18. Anti-Terrorism Laws.

(a) Each Borrower represents and warrants that (i) no Covered Entity is a Sanctioned Person and (ii) no Covered Entity, either in its own right or through any third party, (A) has any of its assets in a Sanctioned Country or in the possession, custody or control of a Sanctioned Person in violation of any Anti-Terrorism Law; (B) does business in or with, or derives any of its income from investments in or transactions with, any Sanctioned Country or Sanctioned Person in violation of any Anti-Terrorism Law; or (C) engages in any dealings or transactions prohibited by any Anti-Terrorism Law.

(b) Each Borrower covenants and agrees that (i) no Covered Entity will become a Sanctioned Person, (ii) no Covered Entity, either in its own right or through any third party, will (A) have any of its assets in a Sanctioned Country or in the possession, custody or control of a Sanctioned Person in violation of any Anti-Terrorism Law; (B) do business in or with, or derive any of its income from investments in or transactions with, any Sanctioned Country or Sanctioned Person in violation of any Anti-Terrorism Law; (C) engage in any dealings or transactions prohibited by any Anti-Terrorism Law or (D) use the Advances to fund any operations in, finance any investments or activities in, or, make any payments to, a Sanctioned Country or Sanctioned Person in violation of any Anti-Terrorism Law, (iii) the funds used to repay the Obligations will not be derived from any unlawful activity, (iv) each Covered Entity shall comply with all Anti-Terrorism Laws and (v) the Borrowers shall promptly notify the Agent in writing upon the occurrence of a Reportable Compliance Event.

16.19. Concerning Joint and Several Liability of Borrowers.

(a) Each of Borrowers (other than Sand Tiger) is accepting joint and several liability hereunder in consideration of the financial accommodations to be provided by Lenders under this Agreement, for the mutual benefit, directly and indirectly, of each of Borrowers and in consideration of the undertakings of each of Borrowers (other than Sand Tiger) to accept joint and several liability for the obligations of each of them; provided, however, Sand Tiger shall only be liable for the Sand Tiger Obligations.

(b) Each of Borrowers jointly and severally hereby irrevocably and unconditionally accepts, not merely as a surety but also as a co-debtor and primary obligor, joint and several liability with the other Borrowers with respect to the payment and performance of all of the Obligations, it being the intention of the parties hereto that all the Obligations shall be the joint and several obligations of each of Borrowers without preferences or distinction among them; provided, however, Sand Tiger shall only be liable for the Sand Tiger Obligations.

(c) If and to the extent that any of the Borrowers shall fail to make any payment with respect to any of the Obligations as and when due or to perform any of the Obligations in accordance with the terms thereof, then in each such event, the other Borrowers will make such payment with respect to, or perform, such Obligation; provided, however, that Sand Tiger's liability shall be limited to Sand Tiger's Obligations.

(d) The obligations of each Borrower under the provisions of this Section 16.19 constitute full recourse obligations of such Borrower, enforceable against it to the full extent of its properties and assets, irrespective of the validity, regularity or enforceability of this Agreement or any other circumstances whatsoever.

(e) Except as otherwise expressly provided herein, each Borrower hereby waives notice of acceptance of its joint and several liability, notice of any Advance made under this Agreement, notice of occurrence of any Event of Default, or of any demand for any payment under this Agreement (except as otherwise provided herein), notice of any action at any time taken or omitted by any Lender under or in respect of any of the Obligations, any requirement of diligence and, generally, all demands, notices and other formalities of every kind in connection with this Agreement. Each Borrower hereby assents to, and waives notice of, any extension or postponement of the time for the payment of any of the Obligations, the acceptance of any partial payment thereon, any waiver, consent or other action or acquiescence by any Lender at any time or times in respect of any default by any Borrower in the performance or satisfaction of any term, covenant, condition or provision of this Agreement, any and all other indulgences whatsoever by any Lender in respect of any of the Obligations, and the taking, addition, substitution or release, in whole or in part, at any time or times, of any security for any of the Obligations or in part, at any time or times, of any security for any of the Obligations or the addition, substitution or release, in whole or in part, of any Borrower. Without limiting the generality of the foregoing, each Borrower assents to any other action or delay in acting or failure to act on the part of any Lender, including, without limitation, any failure strictly or diligently to assert any right or to pursue any remedy or to comply fully with the applicable laws or regulations thereunder which might, but for the provisions of this Section 16.19, afford grounds for terminating, discharging or relieving such Borrower, in whole or in part, from any of its obligations under this Section 16.19, it being the intention of each Borrower that, so long as any of the Obligations remain unsatisfied, the obligations of such Borrower under this Section 16.19 shall not be discharged except by performance and then only to the extent of such performance or except as otherwise agreed in writing in accordance with Section 16.2. The Obligations of each Borrower under this Section 16.19 shall not be diminished or rendered unenforceable by any winding up, reorganization, arrangement, liquidation, reconstruction or similar proceeding with respect to any Borrower or any Lender. The joint and several liability of Borrowers hereunder shall continue in full force and effect notwithstanding any absorption, merger, amalgamation or any other change whatsoever in the name, membership, constitution or place of formation of any Borrower or any Lender.

(f) The provisions of this Section 16.19 are made for the benefit of the Lenders and their respective successors and assigns, and may be enforced by any such Person from time to time against any of the Borrowers as often as occasion therefor may arise and without requirement on the part of any Lender first to marshal any of its claims or to exercise any

of its rights against any of the other Borrowers or to exhaust any remedies available to it against any of the other Borrowers or to resort to any other source or means of obtaining payment of any of the Obligations or to elect any other remedy. The provisions of this Section 16.19 shall remain in effect until all the Obligations shall have been paid in full or otherwise fully satisfied. If at any time, any payment, or any part thereof, made in respect of any of the Obligations, is rescinded or must otherwise be restored or returned by any Lender upon the insolvency, bankruptcy or reorganization of any of the Borrowers, or otherwise, the provisions of this Section 16.19 will forthwith be reinstated in effect, as though such payment had not been made.

(g) Notwithstanding any provision to the contrary contained herein or in any other of the Other Documents, to the extent the joint obligations of a Borrower shall be adjudicated to be invalid or unenforceable for any reason (including, without limitation, because of any applicable state or federal law relating to fraudulent conveyances or transfers) then the obligations of each Borrower hereunder shall be limited to the maximum amount that is permissible under Applicable Law (whether federal or state and including, without limitation, any federal or state bankruptcy laws).

(h) Borrowers hereby agree, as among themselves, that if any Borrower shall become an Excess Funding Borrower (as defined below), each other Borrower shall, on demand of such Excess Funding Borrower (but subject to the next sentence hereof and to subsection (B) below), pay to such Excess Funding Borrower an amount equal to such Borrower's Pro Rata Share (as defined below and determined, for this purpose, without reference to the properties, assets, liabilities and debts of such Excess Funding Borrower) of such Excess Payment (as defined below). The payment obligation of any Borrower to any Excess Funding Borrower under this Section 16.19(h) shall be subordinate and subject in right of payment to the prior payment in full of the Obligations of such Borrower under the other provisions of this Agreement, and such Excess Funding Borrower shall not exercise any right or remedy with respect to such excess until payment and satisfaction in full of all of such Obligations. For purposes hereof, (i) "Excess Funding Borrower" shall mean, in respect of any Obligations arising under the other provisions of this Agreement (hereafter, the "Joint Obligations"), a Borrower that has paid an amount in excess of its Pro Rata Share of the Joint Obligations; (ii) "Excess Payment" shall mean, in respect of any Joint Obligations, the amount paid by an Excess Funding Borrower in excess of its Pro Rata Share of such Joint Obligations; and (iii) "Pro Rata Share", for the purposes of this Section 16.19(h), shall mean, for any Borrower, the ratio (expressed as a percentage) of (A) the amount by which the aggregate present fair salable value of all of its assets and properties exceeds the amount of all debts and liabilities of such Borrower (including contingent, subordinated, unmatured, and unliquidated liabilities, but excluding the obligations of such Borrower hereunder) to (B) the amount by which the aggregate present fair salable value of all assets and other properties of such Borrower and all of the other Borrowers exceeds the amount of all of the debts and liabilities (including contingent, subordinated, unmatured, and unliquidated liabilities, but excluding the obligations of such Borrower and the other Borrowers hereunder) of such Borrower and all of the other Borrowers, all as of the Closing Date (if any Borrower becomes a party hereto subsequent to the Closing Date, then for the purposes of this Section 16.19(h) such subsequent Borrower shall be deemed to have been a Borrower as of the Closing Date and the information pertaining to, and only pertaining to, such Borrower as of the date such Borrower became a Borrower shall be deemed true as of the Closing Date)

notwithstanding the payment obligations imposed on Borrowers in this Section, the failure of a Borrower to make any payment to an Excess Funding Borrower as required under this Section shall not constitute an Event of Default.

16.20. No Advisory or Fiduciary Responsibility. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any Other Document), each Borrower acknowledges and agrees, and acknowledges its Affiliates' understanding, that: (a) (i) no fiduciary, advisory or agency relationship between the Borrowers and their Subsidiaries and Agent, any Issuer, any Swing Loan Lender or any Lender is intended to be or has been created in respect of the transactions contemplated hereby or by the Other Documents, irrespective of whether Agent, any Issuer, any Swing Loan Lender or any Lender has advised or is advising the Borrowers or any Subsidiary on other matters, (ii) the arranging and other services regarding this Agreement provided by the Agent, the Issuers, the Swing Loan Lenders and the Lenders are arm's-length commercial transactions between the Borrowers and their Affiliates, on the one hand, and the Agent, the Issuers, the Swing Loan Lenders and the Lenders, on the other hand, (iii) the Borrowers have consulted their own legal, accounting, regulatory and tax advisors to the extent that each has deemed appropriate and (iv) the Borrowers are capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the Other Documents; and (b) (i) the Agent, the Issuers, the Swing Loan Lenders and the Lenders each is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrowers or any of their Affiliates, or any other Person; (ii) none of the Agent, the Issuers, the Swing Loan Lenders and the Lenders has any obligation to the Borrowers or any of their Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the Other Documents; and (iii) the Agent, the Issuers, the Swing Loan Lenders and the Lenders and their respective Affiliates may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those of the Borrowers and their Affiliates, and none of the Agent, the Issuers, the Swing Loan Lenders and the Lenders has any obligation to disclose any of such interests to the Borrowers or their Affiliates. To the fullest extent permitted by Law, each Borrower hereby waives and releases any claims that it may have against the Agent, the Issuers, the Swing Loan Lenders and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

16.21. Canadian Anti-Money Laundering Legislation. Each Borrower acknowledges that, pursuant to the Proceeds of Crime Money Laundering and Terrorist Financing Act (Canada) and other applicable anti-money laundering, anti-terrorist financing, government sanction and "know your client" laws, under the laws of Canada (collectively, including any guidelines or orders thereunder, "AML Legislation"), Agent and Lenders may be required to obtain, verify and record information regarding each Borrower, its respective directors, authorized signing officers, direct or indirect shareholders or other Persons in control of such Borrower, and the transactions contemplated hereby. Borrowing Agent shall promptly provide all such information, including supporting documentation and other evidence, as may be reasonably requested by any Lender or Agent, or any prospective assign or participant of a Lender or Agent, necessary in order to comply with any applicable AML Legislation, whether now or hereafter in existence.

If Agent has ascertained the identity of any Borrower or any authorized signatories of any Borrower for the purposes of applicable AML Legislation, then the Agent:

(a) shall be deemed to have done so as an agent for each Lender, and this Agreement shall constitute a “written agreement” in such regard between each Lender and the Agent within the meaning of applicable AML Legislation; and

(b) shall provide to each Lender copies of all information obtained in such regard without any representation or warranty as to its accuracy or completeness.

Notwithstanding the provisions of this Section and except as may otherwise be agreed in writing, each Lender agrees that Agent has no obligation to ascertain the identity of the Borrowers or any authorized signatories of the Borrowers on behalf of any Lender, or to confirm the completeness or accuracy of any information it obtains from the Borrowers or any such authorized signatory in doing so.
