Mammoth Energy Services, Inc. Announces Second Quarter 2020 Operational and Financial Results

OKLAHOMA CITY, OKLAHOMA, July 30, 2020 - Mammoth Energy Services, Inc. ("Mammoth" or the "Company") (NASDAQ: TUSK) today reported financial and operational results for the second quarter ended June 30, 2020.

Financial Highlights for the Second Quarter 2020:

Total revenue was \$60.1 million for the three months ended June 30, 2020, down 38% from \$97.4 million for the three months ended March 31, 2020 and down 67% from \$181.8 million for the three months ended June 30, 2019.

Net loss for the three months ended June 30, 2020 was \$15.2 million, or \$0.33 per fully diluted share, as compared to net loss of \$84.0 million, or \$1.85 per fully diluted share, for the three months ended March 31, 2020 and net loss of \$10.9 million, or \$0.24 per fully diluted share, for the three months ended June 30, 2019.

Adjusted EBITDA (as defined and reconciled below) was \$6.9 million for the three months ended June 30, 2020, as compared to \$13.5 million for the three months ended March 31, 2020 and \$8.6 million for the three months ended June 30, 2019.

Arty Straehla, Mammoth's Chief Executive Officer, stated, "The second quarter of 2020 saw the release of a very important report prepared by the Rand Corporation for the U.S. Department of Homeland Security. The report was prepared at the request of the Federal Emergency Management Agency to assess the reasonableness of our subsidiary Cobra's Master Service Agreement with the Puerto Rico Electric Power Authority ("PREPA") for repairs to PREPA's electrical grid following Hurricane Maria. This detailed 77-page report found, among other things, that the selection of Cobra was reasonable, that PREPA adhered to procurement statutes and policies in awarding the contract to Cobra and that Cobra's rates were reasonable. We believe these are important data points as we continue to pursue payment from PREPA for the quality work performed by our team."

"In looking at our financial results, it is clear that our infrastructure services segment has turned a corner with gross margin increasing to 17% during the second quarter of 2020 and Adjusted EBITDA in this segment growing nearly 50% quarter-over-quarter for the last two consecutive quarters. The initiatives taken by our infrastructure management team have laid a solid foundation for growth."

"While the oilfield portion of our service offerings have experienced significant challenges as of late given the current industry and macroeconomic environment, we continue to maintain our oilfield equipment and plan to be ready to ramp up our service lines once demand returns," concluded Straehla.

Infrastructure Services

Mammoth's infrastructure services division contributed revenue of \$30.6 million for the three months ended June 30, 2020, an increase of 19% from \$25.7 million for the three months ended March 31, 2020 and a decrease of 27% from \$41.8 million for the three months ended June 30, 2019.

As of June 30, 2020, Mammoth had approximately 120 crews operating in the continental United States.

Pressure Pumping Services

Mammoth's pressure pumping services division contributed revenue (inclusive of inter-segment revenue) of \$16.6 million on 658 stages for the three months ended June 30, 2020, a decrease of 62% from \$43.6 million on 1,482 stages for the three months ended March 31, 2020 and a decrease of 80% from \$84.6 million on 1,717 stages for the three months ended June 30, 2019. On average, 1.9 of the Company's fleets were active for the three months ended June 30, 2020, compared to average utilization of 2.7 fleets during the three months ended March 31, 2020 and an average utilization of 2.7 fleets during the three months ended June 30, 2019.

Natural Sand Proppant Services

Mammoth's natural sand proppant services division contributed revenue (inclusive of inter-segment revenue) of \$6.2 million for the three months ended June 30, 2020, a decrease of 39% from \$10.2 million for the three months ended March 31, 2020 and a decrease of 85% from \$40.4 million for the three months ended June 30, 2019. The Company sold approximately 82,000 tons of sand during the three months ended June 30, 2020, a decrease of 66% from approximately 239,000 tons sold during the three months ended March 31, 2020 and a decrease of 90% from approximately 813,000 tons sold during the three months ended June 30, 2019. The Company's average sales price for the sand sold during the three months ended June 30, 2020 was \$15.18 per ton, an increase from the \$13.67 per ton average sales price during the three months ended March 31, 2020 and a decrease from the \$30.09 per ton average sales price during the three months ended June 30, 2019.

Drilling Services

Mammoth's drilling services division contributed revenue (inclusive of inter-segment revenue) of \$1.3 million for the three months ended June 30, 2020, a decrease of 73% from \$4.8 million for the three months ended March 31, 2020 and a decrease of 83% from \$7.7 million for the three months ended June 30, 2019. The decline is primarily due to reduced utilization. As a result of market conditions, the Company has temporarily shut down its contract land drilling operations beginning in December 2019 and its rig hauling operations beginning in April 2020.

Other Services

Mammoth's other services, including coil tubing, pressure control, flowback, cementing, acidizing, equipment rentals, crude oil hauling, full service transportation, remote accommodations, oilfield equipment manufacturing and infrastructure engineering and design services, contributed revenue (inclusive of inter-segment revenue) of \$6.5 million for the three months ended June 30, 2020, a decrease of 56% from \$14.9 million for the three months ended March 31, 2020 and a decrease of 69% from \$21.0 million for the three months ended June 30, 2019.

Selling, General and Administrative Expenses

Selling, general and administrative ("SG&A") expenses were \$13.7 million for the three months ended June 30, 2020, as compared to \$10.8 million for the three months ended March 31, 2020 and \$9.5 million for the three months ended June 30, 2019.

Forward-Looking Statements and Cautionary Statements

This news release (and any oral statements made regarding the subjects of this release, including on the conference call announced herein) contains certain statements and information that may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts that address activities, events or developments that Mammoth expects, believes or anticipates will or may occur in the future are forward-looking statements. The words "anticipate," "believe," "ensure," "expect," "if," "intend," "plan," "estimate," "project," "forecasts," "predict," "outlook," "aim," "will," "could," "should," "potential," "would," "may," "probable," "likely" and similar expressions, and the negative thereof, are intended to identify forward-looking statements. Without limiting the generality of the foregoing, forward-looking statements contained in this press release specifically include statements, estimates and projections regarding the Company's business outlook and plans, future financial position, liquidity and capital resources, operations, performance, acquisitions, returns, capital expenditure budgets, costs and other guidance regarding future developments. Forward-looking statements are not assurances of future performance. These forward-looking statements are based on management's current expectations and beliefs, forecasts for the Company's existing operations, experience and perception of historical trends, current conditions, anticipated future developments and their effect on Mammoth, and other factors believed to be appropriate. Although management believes that the expectations and assumptions reflected in these

forward-looking statements are reasonable as and when made, no assurance can be given that these assumptions are accurate or that any of these expectations will be achieved (in full or at all). Moreover, the Company's forward-looking statements are subject to significant risks and uncertainties, including those described in its Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings it makes with the SEC, including those relating to the Company's acquisitions and contracts, many of which are beyond the Company's control, which may cause actual results to differ materially from historical experience and present expectations or projections which are implied or expressed by the forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to: the severity and duration of the COVID-19 pandemic, related global and national health concerns and economic repercussions and the resulting negative impact on demand for our services; the current significant surplus in the supply of oil and the ability of the OPEC+ countries to agree on and comply with supply limitations; the duration and magnitude of the unprecedented disruption in the oil and gas industry currently resulting from the impact of the foregoing factors, which is negatively impacting our business; operational challenges relating to the COVID-19 pandemic and efforts to mitigate the spread of the virus, including logistical challenges, protecting the health and well-being of our employees, remote work arrangements, performance of contracts and supply chain disruptions; the failure to receive or delays in receiving governmental authorizations, approvals and/or payments; the outcome of ongoing government investigations and other legal proceedings, including those relating to the contracts awarded to the Company's subsidiary Cobra Acquisitions LLC by the Puerto Rico Electric Power Authority; the Company's inability to replace the prior levels of work in its business segments, including its infrastructure and pressure pumping segments; risks relating to economic conditions; the loss of or interruption in operations of one or more key suppliers or customers; the effects of government regulation, permitting and other legal requirements; operating risks; the adequacy of capital resources and liquidity; weather; natural disasters; litigation; competition in the oil and natural gas and infrastructure industries; and costs and availability of resources.

Investors are cautioned not to place undue reliance on any forward-looking statement which speaks only as of the date on which such statement is made. We undertake no obligation to correct, revise or update any forward-looking statement after the date such statement is made, whether as a result of new information, future events or otherwise, except as required by applicable law.

MAMMOTH ENERGY SERVICES, INC.
RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

Adjusted EBITDA

Adjusted EBITDA is a supplemental non-GAAP financial measure that is used by management and external users of the Company's financial statements, such as industry analysts, investors, lenders and rating agencies. Mammoth defines Adjusted EBITDA as net (loss) income before depreciation, depletion, amortization and accretion expense, impairment of goodwill, impairment of other long-lived assets, acquisition related costs, stock based compensation, interest expense, net, other (income) expense, net (which is comprised of the (gain) or loss on disposal of long-lived assets) and provision (benefit) for income taxes, further adjusted to add back interest on trade accounts receivable. The Company excludes the items listed above from net (loss) income in arriving at Adjusted EBITDA because these amounts can vary substantially from company to company within the energy service industry depending upon accounting methods and book values of assets, capital structures and the method by which the assets were acquired. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net (loss) income or cash flows from operating activities as determined in accordance with GAAP or as an indicator of Mammoth's operating performance or liquidity. Certain items excluded from Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets. Mammoth's computations of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. The Company believes that Adjusted EBITDA is a widely followed measure of operating performance and may also be used by investors to measure its ability to meet debt service requirements.

The following tables provide a reconciliation of Adjusted EBITDA to the GAAP financial measure of net (loss) income on a consolidated basis and for each of the Company's segments (in thousands):

Adjusted Net (Loss) Income and Adjusted (Loss) Earnings per Share

Adjusted net (loss) income and adjusted basic and diluted (loss) earnings per share are supplemental non-GAAP financial measures that are used by management to evaluate the Company's operating and financial performance. Management believes these measures provide meaningful information about the Company's performance by excluding certain non-cash charges, such as impairment of goodwill and impairment of other long-lived assets, that may not be indicative of the Company's ongoing operating results. Adjusted net (loss) income and adjusted (loss) earnings per share should not be considered in isolation or as a substitute for net (loss) income and (loss) earnings per share prepared in accordance with GAAP and may not be comparable to other similarly titled measures of other companies. The following tables provide a reconciliation of adjusted net (loss) income and adjusted (loss) earnings per share to the GAAP financial measures of net (loss) income and (loss) earnings per share for the periods specified.
