# Mammoth Energy Services, Inc. Announces Third Quarter 2021 Operational and Financial Results

OKLAHOMA CITY - November 5, 2021 - Mammoth Energy Services, Inc. ("Mammoth" or the "Company") (NASDAQ: TUSK) today reported financial and operational results for the third quarter ended September 30, 2021.

# Financial Overview for the Third Quarter 2021:

Total revenue was \$57.5 million for the third quarter of 2021, as compared to \$70.5 million for the same quarter last year and \$47.4 million for the second quarter of 2021.

Net loss for the third quarter of 2021 was \$40.9 million, or a \$0.88 loss per share, as compared to net income of \$3.4 million, or a \$0.07 income per share, for the same quarter last year, and a net loss of \$34.8 million, or a \$0.75 loss per share, for the second quarter of 2021.

Adjusted EBITDA (as defined and reconciled below) was (\$29.7) million for the third quarter of 2021, as compared to \$22.1 million for the same quarter last year and (\$5.5) million for the second quarter of 2021. During the third quarter of 2021, Mammoth recognized expense of \$32.6 million related to its settlement with Gulfport Energy Corporation. Excluding this non-recurring expense, adjusted EBITDA was \$2.9 million for the third quarter of 2021.

Arty Straehla, Chief Executive Officer of Mammoth commented, "We are pleased with the positive trajectory throughout our business segments during the third quarter compared to the second quarter, which led to higher revenue and an improved bottom line. We are also encouraged by the positive trends in our infrastructure business in the third quarter, including increased storm work relative to the second quarter, a new fiber maintenance and installation contract and increased bidding activity, as well as internal personnel changes that are gaining traction in this segment. Funding for projects in the infrastructure space remains strong with the added opportunity of a new federal infrastructure bill, which we are optimistic will be passed in the near future. While this is a sector impacted by near-term seasonality, we remain focused on improving results as we continue migrating the Company further into the infrastructure space to enhance long-term growth and sustainability."

"In our oilfield businesses, improved commodities pricing continues to contribute to positive industry movement and increased equipment utilization as we ramped up a second hydraulic fracturing fleet during the quarter. In our sand business, we continue to see increased market activity."

Straehla continued, "Lastly, as documented in several recent press releases, we are continuing to pursue numerous avenues in our efforts to collect our receivable from PREPA for work performed by our subsidiary Cobra Acquisitions LLC in Puerto Rico. We believe that published documentation to date continues to show that our team performed a difficult job in a difficult environment to save lives and aid the people of Puerto Rico in their time of need."

#### **Infrastructure Services**

Mammoth's infrastructure services division contributed revenue of \$23.5 million, or approximately 41% of Mammoth's total revenue, for the third quarter of 2021, as compared to \$43.6 million for the same quarter last year and \$17.2 million for the second quarter of 2021. The decrease in revenue compared to the same quarter of 2020 is primarily due to a decline in storm activity, resulting in lower storm restoration revenue, as well as management and crew turnover.

#### **Well Completion Services**

Mammoth's well completion services division contributed revenue (inclusive of inter-segment revenue) of \$22.7 million on 688 stages for the third quarter of 2021, as compared to \$15.8 million on 449 stages for the same quarter last year and \$17.4 million on 520 stages for the second quarter of 2021. On average, 1.2 of the Company's fleets were active for the third quarter, compared to an average utilization of 0.9 fleets during the same quarter last year and during the second quarter of 2021.

# **Natural Sand Proppant Services**

Mammoth's natural sand proppant services division contributed revenue (inclusive of inter-segment revenue) of \$8.4 million for the third quarter of 2021, as compared to \$6.0 million for the same quarter last year and \$6.9 million for the second quarter of 2021. In the third quarter of 2021, the Company sold approximately 315,000 tons of sand at an average sales price of \$16.58 per ton, as compared to sales of approximately 68,000 tons of sand at an average sales price of \$15.59 per ton during the same quarter last year. In the second quarter of 2021, sales were approximately 255,000 tons of sand at an average price of \$15.80 per ton.

#### **Drilling Services**

Mammoth's drilling services division contributed revenue (inclusive of inter-segment revenue) of \$1.2 million for the third quarter of 2021, as compared to \$1.2 million for the same quarter last year and \$1.1 million for the second quarter of 2021.

As a result of market conditions, the Company temporarily shut down its contract land drilling operations beginning in December 2019 and its rig hauling operations beginning in April 2020.

# **Other Services**

Mammoth's other services, including aviation, coil tubing, pressure control, equipment rentals, crude oil hauling, full-service transportation, remote accommodations, equipment manufacturing and infrastructure engineering and design services, contributed revenue (inclusive of inter-segment revenue) of \$6.2 million for the third quarter of 2021, as compared to \$4.7 million for the same quarter last year and \$5.5 million for the second quarter of 2021.

As a result of market conditions, the Company temporarily shut down its cementing and acidizing operations as well as its flowback operations beginning in July 2019, its coil tubing and full-service transportation operations beginning in July 2020 and its crude oil hauling operations beginning in July 2021.

# Selling, General and Administrative Expenses

Selling, general and administrative ("SG&A") expenses were \$41.9 million for the third quarter of 2021, as compared to \$12.2 million for the same quarter last year and \$12.0 million for the second quarter of 2021.

SG&A expenses, as a percentage of total revenue, were 73% for the third quarter of 2021, as compared to 17% for the same quarter last year and 25% for the second quarter of 2021.

#### Liquidity

As of September 30, 2021, Mammoth had cash on hand of \$8.0 million, outstanding borrowings under its revolving credit facility of \$77.0 million and \$43.2 million of available borrowing capacity under its revolving credit facility, after giving effect to \$9.0 million of outstanding letters of credit. As of September 30, 2021, Mammoth had total liquidity of \$51.2 million.

On November 3, 2021, Mammoth entered into a third amendment to its revolving credit facility, providing, among other things, for a limited waiver and suspension of the leverage ratio and fixed charges coverage ratio covenants for the quarters ending September 30, 2021 and December 31, 2021 and permanently reducing the maximum revolving advance amount under its revolving credit facility from \$130 million to \$120 million. As of November 3, 2021, Mammoth had cash on hand of \$6.5 million, outstanding borrowings under its revolving credit facility of \$76.1 million and \$24.1 million of available borrowing capacity under its revolving credit facility, after giving effect to \$9.0 million of outstanding letters of credit, the \$10 million reduction in the borrowing base and the requirement to maintain a \$10 million reserve out of the available borrowing capacity during the limited waiver period, which will end on May 15, 2022, but may terminate earlier upon the occurrence of certain events.

#### Forward-Looking Statements and Cautionary Statements

This news release (and any oral statements made regarding the subjects of this release, including on the conference call announced herein) contains certain statements and information that may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts that address activities, events or developments that Mammoth expects, believes or anticipates will or may occur in the future are forward-looking statements. The words "anticipate," "believe," "ensure," "expect," "if," "intend," "plan," "estimate," "project," "forecasts," "predict," "outlook," "aim," "will," "could," "should," "potential," "would," "may," "probable," "likely" and similar expressions, and the negative thereof, are intended to identify forward-looking statements. Without limiting the generality of the foregoing, forward-looking statements contained in this press release specifically include statements, estimates and projections regarding the Company's business outlook and plans, future financial position, liquidity and capital resources, operations, performance, acquisitions, returns, capital expenditure budgets, costs and other guidance regarding future developments. Forward-looking statements are not assurances of future performance. These forward-looking statements are based on management's current expectations and beliefs, forecasts for the Company's existing operations, experience and perception of historical trends, current conditions, anticipated future developments and their effect on Mammoth, and other factors believed to be appropriate. Although management believes that the expectations and assumptions reflected in these forward-looking statements are reasonable as and when made, no assurance can be given that these assumptions are accurate or that any of these expectations will be achieved (in full or at all). Moreover, the Company's forward-looking statements are subject to significant risks and uncertainties, including those described in its Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings it makes with the SEC, including those relating to the Company's acquisitions and contracts, many of which are beyond the Company's control, which may cause actual results to differ materially from historical experience and present expectations or projections which are implied or expressed by the forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to: the severity and duration of the COVID-19 pandemic, related global and national health concerns and economic repercussions and the resulting negative impact on demand for our services; the volatility of oil and natural gas prices and actions by OPEC members and other exporting nations affecting commodities prices and production levels; operational challenges relating to the COVID-19 pandemic and efforts to mitigate the spread of the virus, including logistical challenges, protecting the health and wellbeing of our employees, remote work arrangements, performance of contracts and supply chain disruptions; the failure to receive or delays in receiving governmental authorizations, approvals and/or payments; the outcome of ongoing government investigations and other legal proceedings,

including those relating to the contracts awarded to the Company's subsidiary Cobra Acquisitions LLC by the Puerto Rico Electric Power Authority; the Company's inability to replace the prior levels of work in its business segments, including its infrastructure and well completion services segments; risks relating to economic conditions; whether a federal infrastructure bill is implemented and the terms thereof; the loss of or interruption in operations of one or more of Mammoth's significant suppliers or customers; the loss of management and/or crews; the outcome or settlement of our litigation matters, including the adverse impact of the recent settlements with Gulfport Energy Corporation and MasTec Renewables Puerto Rico, LLC, and the effect on our financial condition and results of operations; the effects of government regulation, permitting and other legal requirements; operating risks; the adequacy of capital resources and liquidity; Mammoth's ability to regain compliance with certain financial covenants and comply with other terms and conditions under our recently amended revolving credit facility; weather; natural disasters; litigation; volatility in commodity markets; competition in the oil and natural gas and infrastructure industries; and costs and availability of resources.

Investors are cautioned not to place undue reliance on any forward-looking statement which speaks only as of the date on which such statement is made. We undertake no obligation to correct, revise or update any forward-looking statement after the date such statement is made, whether as a result of new information, future events or otherwise, except as required by applicable law.

Mammoth changed the name of its pressure pumping segment to the well completion segment during the fourth quarter of 2020.

#### RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

# Adjusted EBITDA

Adjusted EBITDA is a supplemental non-GAAP financial measure that is used by management and external users of the Company's financial statements, such as industry analysts, investors, lenders and rating agencies. Mammoth defines Adjusted EBITDA as net income (loss) before depreciation, depletion, amortization and accretion expense, impairment of goodwill, impairment of other long-lived assets, public offering costs, stock based compensation, interest expense, net, other (income) expense, net (which is comprised of the (gain) or loss on disposal of long-lived assets and interest on trade accounts receivable) and provision (benefit) for income taxes, further adjusted to add back interest on trade accounts receivable. The Company excludes the items listed above from net income (loss) in arriving at Adjusted EBITDA because these amounts can vary substantially from company to company within the energy service industry depending upon accounting methods and book values of assets, capital structures and the method by which the assets were acquired. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income (loss) or cash flows from operating activities as determined in accordance with GAAP or as an indicator of Mammoth's operating performance or liquidity. Certain items excluded from Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets. Mammoth's computations of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. The Company believes that Adjusted EBITDA is a widely followed measure of operating performance and may also be used by investors to measure its ability to meet debt service requirements.

The following tables provide a reconciliation of Adjusted EBITDA to the GAAP financial measure of net income (loss) on a consolidated basis and for each of the Company's segments (in thousands):

# RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

# Adjusted Net (Loss) Income and Adjusted (Loss) Income per Share

Adjusted net (loss) income and adjusted basic and diluted (loss) income per share are supplemental non-GAAP financial measures that are used by management to evaluate the Company's operating and financial performance. Management believes these measures provide meaningful information about the Company's performance by excluding certain non-cash charges, such as impairment of goodwill and impairment of other long-lived assets, that may not be indicative of the Company's ongoing operating results. Adjusted net loss and adjusted loss per share should not be considered in isolation or as a substitute for net loss and loss per share prepared in accordance with GAAP and may not be comparable to other similarly titled measures of other companies. The following tables provide a reconciliation of adjusted net loss and adjusted loss per share to the GAAP financial measures of net loss and loss per share for the periods specified.
