Mammoth Energy Services, Inc. Announces Second Quarter 2021 Operational and Financial Results

OKLAHOMA CITY - July 30, 2021 - Mammoth Energy Services, Inc. (“Mammoth” or the “Company”) (NASDAQ: TUSK) today reported financial and operational results for the second quarter ended June 30, 2021.

Financial Overview for the Second Quarter 2021:

Total revenue was \$47.4 million for the second quarter of 2021, as compared to \$60.1 million for the same quarter last year and \$66.8 million for the first quarter of 2021.

Net loss for the second quarter of 2021 was \$34.8 million, or a \$0.75 loss per share, as compared to a net loss of \$15.2 million, or a \$0.33 loss per share, for the same quarter last year, and a net loss of \$12.4 million, or a \$0.27 loss per share, for the first quarter of 2021.

Adjusted EBITDA (as defined and reconciled below) was (\$5.5) million for the second quarter of 2021, as compared to \$6.9 million for the same quarter last year and \$6.4 million for the first quarter of 2021.

Arty Straehla, Chief Executive Officer of Mammoth commented, “While second quarter results did not meet expectations, internally we remain focused on improving near-term results as we continue migrating the Company further into the infrastructure space to enhance long-term growth and sustainability. In our energy businesses, improved commodities pricing is generating some positive industry movement and increased equipment utilization as we are ramping up to put a second hydraulic fracturing fleet to work in mid-August. We are also beginning to experience increased market activity in our sand business.”

“In the infrastructure space, improving macro trends related to increased project bidding levels and funding capacity in the sector persists. We continue to pursue opportunities within this sector as we strategically structure our service offerings for growth, both the geographic footprint and depth of projects.”

Straehla continued, “Lastly, we are continuing our efforts to collect our receivable from PREPA for work performed by our subsidiary Cobra in Puerto Rico. We believe that published documentation to date continues to show that our team performed a difficult job in a difficult environment to save lives and aid the people of Puerto Rico in their time of need.”

Infrastructure Services

Mammoth's infrastructure services division contributed revenue (inclusive of inter-segment revenue) of \$17.2 million, or approximately 36% of Mammoth's total revenue, for the second quarter of 2021, as compared to \$30.2 million for the same quarter last year and \$29.3 million for the first quarter of 2021. The decrease in revenue compared to the same quarter of 2020 and first quarter of 2021 is primarily due to management and crew turnover.

Well Completion Services

Mammoth's well completion services division contributed revenue (inclusive of inter-segment revenue) of \$17.4 million on 520 stages for the second quarter of 2021, as compared to \$16.5 million on 658 stages for the same quarter last year and \$23.0 million on 445 stages for the first quarter of 2021. On average, 0.9 of the Company's

fleets were active for the second quarter, compared to an average utilization of 1.9 fleets during the same quarter last year and an average utilization of 0.9 fleets during the first quarter of 2021.

Natural Sand Proppant Services

Mammoth's natural sand proppant services division contributed revenue (inclusive of inter-segment revenue) of \$6.9 million for the second quarter of 2021, as compared to \$6.2 million for the same quarter last year and \$8.7 million for the first quarter of 2021. In the second quarter of 2021, the Company sold approximately 255,000 tons of sand at an average sales price of \$15.80 per ton, as compared to sales of approximately 82,000 tons of sand at an average sales price of \$15.18 per ton during the same quarter last year. In the first quarter of 2021, sales were approximately 171,000 tons of sand at an average price of \$16.83 per ton.

Drilling Services

Mammoth's drilling services division contributed revenue (inclusive of inter-segment revenue) of \$1.1 million for the second quarter of 2021, as compared to \$1.2 million for the same quarter last year and \$0.9 million for the first quarter of 2021.

As a result of market conditions, the Company has temporarily shut down its contract land drilling operations beginning in December 2019 and its rig hauling operations beginning in April 2020.

Other Services

Mammoth's other services, including aviation, coil tubing, pressure control, equipment rentals, crude oil hauling, full service transportation, remote accommodations, equipment manufacturing and infrastructure engineering and design services, contributed revenue (inclusive of inter-segment revenue) of \$5.5 million for the second quarter of 2021, as compared to \$6.8 million for the same quarter last year and \$5.7 million for the first quarter of 2021.

As a result of market conditions, the Company has temporarily shut down its cementing and acidizing operations as well as its flowback operations beginning in July 2019 and its coil tubing and full service transportation operations beginning in July 2020.

Selling, General and Administrative Expenses

Selling, general and administrative ("SG&A") expenses were \$12.0 million for the second quarter of 2021, as compared to \$13.7 million for the same quarter last year and \$20.8 million for the first quarter of 2021.

Following is a breakout of SG&A expense (in thousands):

	Three Months Ended			Six Months Ended	
	June 30,		March 31,	June 30,	
	2021	2020	2021	2021	2020
Cash expenses:					
Compensation and benefits	\$ 3,333	\$ 3,720	\$ 4,694	\$ 8,027	\$ 7,690
Professional services	5,806	6,147	3,405	9,211	9,684
Other ^(a)	2,464	2,100	2,342	4,806	4,409
Total cash SG&A expense	11,603	11,967	10,441	22,044	21,783
Non-cash expenses:					
Bad debt provision	76	1,624	10,125	10,201	1,679
Stock based compensation	304	135	282	586	1,035
Total non-cash SG&A expense	380	1,759	10,407	10,787	2,714
Total SG&A expense	\$ 11,983	\$ 13,726	\$ 20,848	\$ 32,831	\$ 24,497

a. Includes travel-related costs, information technology expenses, rent, utilities and other general and administrative-related costs.

SG&A expenses, as a percentage of total revenue, were 25% for the second quarter of 2021, as compared to 23% for the same quarter last year and 31% for the first quarter of 2021. The bad debt provision for the first quarter of

2021 includes \$10.0 million related to the voluntary petitions for relief filed on November 13, 2020, by Gulfport Energy Corporation and its subsidiaries.

Liquidity

As of June 30, 2021, Mammoth had cash on hand of \$11.0 million, outstanding borrowings under its revolving credit facility of \$60.2 million and \$51.1 million of available borrowing capacity under its revolving credit facility, after giving effect to \$13.0 million of outstanding letters of credit. As of June 30, 2021, Mammoth had total liquidity of \$62.1 million.

As of July 27, 2021, Mammoth had cash on hand of \$13.7 million, outstanding borrowings under its revolving credit facility of \$61.4 million and \$49.8 million of available borrowing capacity under its revolving credit facility, after giving effect to \$13.0 million of outstanding letters of credit.

Capital Expenditures

The following table summarizes Mammoth's capital expenditures by operating division for the periods indicated (in thousands):

	Three Months Ended			Six Months Ended	
	June 30,		March 31,	June 30,	
	2021	2020	2021	2021	2020
Infrastructure services ^(a)	\$ 104	\$ 43	\$ 189	\$ 293	\$ 43
Well completion services ^(b)	388	2,450	412	800	3,054
Natural sand proppant services ^(c)	5	354	408	413	875
Drilling services ^(d)	1	67	37	38	67
Other ^(e)	63	10	102	165	385
Total capital expenditures	\$ 561	\$ 2,924	\$ 1,148	\$ 1,709	\$ 4,424

- a. Capital expenditures primarily for tooling and other equipment for the periods presented.
- b. Capital expenditures primarily for upgrades to our pressure pumping fleet to reduce greenhouse gas emissions and water transfer equipment for the periods presented.
- c. Capital expenditures primarily for maintenance for the periods presented.
- d. Capital expenditures primarily for maintenance for the periods presented.
- e. Capital expenditures primarily for equipment for the Company's rental businesses for the periods presented.

Conference Call Information

Mammoth will host a conference call on Friday, July 30, 2021 at 8:00 a.m. CDT (9:00 a.m. EDT) to discuss its second quarter 2021 financial and operational results. The telephone number to access the conference call is 216-562-0385. The conference call will also be webcast live on <https://ir.mammothenergy.com/events-presentations>.

About Mammoth Energy Services, Inc.

Mammoth is an integrated, growth-oriented energy services company focused on the construction and repair of the electric grid for private utilities, public investor-owned utilities and co-operative utilities through its infrastructure services businesses. The Company also provides products and services to enable the exploration and development of North American onshore unconventional oil and natural gas reserves. Mammoth's suite of services and products include: infrastructure services, well completion services, natural sand and proppant services, drilling services and other energy services. Forward-Looking Statements and Cautionary Statements

This news release (and any oral statements made regarding the subjects of this release, including on the conference call announced herein) contains certain statements and information that may constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts that address activities, events or developments that Mammoth expects, believes or anticipates will or may occur in the future are forward-looking statements. The words “anticipate,” “believe,” “ensure,” “expect,” “if,” “intend,” “plan,” “estimate,” “project,” “forecasts,” “predict,” “outlook,” “aim,” “will,” “could,” “should,” “potential,” “would,” “may,” “probable,” “likely” and similar expressions, and the negative thereof, are intended to identify forward-looking statements. Without limiting the generality of the foregoing, forward-looking statements contained in this press release specifically include statements, estimates and projections regarding the Company's business outlook and plans, future financial position, liquidity and capital resources, operations, performance, acquisitions, returns, capital expenditure budgets, costs and other guidance regarding future developments. Forward-looking statements are not assurances of future performance. These forward-looking statements are based on management's current expectations and beliefs, forecasts for the Company's existing operations, experience and perception of historical trends, current conditions, anticipated future developments and their effect on Mammoth, and other factors believed to be appropriate. Although management believes that the expectations and assumptions reflected in these forward-looking statements are reasonable as and when made, no assurance can be given that these assumptions are accurate or that any of these expectations will be achieved (in full or at all). Moreover, the Company's forward-looking statements are subject to significant risks and uncertainties, including those described in its Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings it makes with the SEC, including those relating to the Company's acquisitions and contracts, many of which are beyond the Company's control, which may cause actual results to differ materially from historical experience and present expectations or projections which are implied or expressed by the forward-looking statements. Important factors that could cause actual results to differ materially from those in the forward-looking statements include, but are not limited to: the severity and duration of the COVID-19 pandemic, related global and national health concerns and economic repercussions and the resulting negative impact on demand for our services; the volatility of oil and natural gas prices and actions by OPEC members and other exporting nations affecting commodities prices and production levels; the duration and magnitude of the unprecedented disruption in the oil and gas industry currently resulting from the impact of the foregoing factors, which is negatively impacting our business; operational challenges relating to the COVID-19 pandemic and efforts to mitigate the spread of the virus, including logistical challenges, protecting the health and well-being of our employees, remote work arrangements, performance of contracts and supply chain disruptions; the failure to receive or delays in receiving governmental authorizations, approvals and/or payments; the outcome of ongoing government investigations and other legal proceedings, including those relating to the contracts awarded to the Company's subsidiary Cobra Acquisitions LLC by the Puerto Rico Electric Power Authority and contracts for our pressure pumping services and natural sand proppant services; the Company's inability to replace the prior levels of work in its business segments, including its infrastructure and well completion services segments; risks relating to economic conditions; the loss of or interruption in operations of one or more of Mammoth's significant suppliers or customers; the outcome or settlement of our litigation matters, including our litigation with Gulfport Energy Corporation and MasTec Renewables Puerto Rico, LLC, and the effect on our financial condition and results of operations ; the effects of government regulation, permitting and other legal requirements; operating risks; the adequacy of capital resources and liquidity; weather; natural disasters; litigation; volatility in commodity markets; competition in the oil and natural gas and infrastructure industries; and costs and availability of resources.

Investors are cautioned not to place undue reliance on any forward-looking statement which speaks only as of the date on which such statement is made. We undertake no obligation to correct, revise or update any forward-looking statement after the date such statement is made, whether as a result of new information, future events or otherwise, except as required by applicable law.

a. Mammoth changed the name of its pressure pumping segment to the well completion segment during the fourth quarter of 2020.

MAMMOTH ENERGY SERVICES, INC.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

Adjusted EBITDA

Adjusted EBITDA is a supplemental non-GAAP financial measure that is used by management and external users of the Company's financial statements, such as industry analysts, investors, lenders and rating agencies. Mammoth defines Adjusted EBITDA as net income (loss) before depreciation, depletion, amortization and accretion expense, impairment of goodwill, impairment of other long-lived assets, public offering costs, stock based compensation, interest expense, net, other (income) expense, net (which is comprised of the (gain) or loss on disposal of long-lived assets and interest on trade accounts receivable) and provision (benefit) for income taxes, further adjusted to add back interest on trade accounts receivable. The Company excludes the items listed above from net income (loss) in arriving at Adjusted EBITDA because these amounts can vary substantially from company to company within the energy service industry depending upon accounting methods and book values of assets, capital structures and the method by which the assets were acquired. Adjusted EBITDA should not be considered as an alternative to, or more meaningful than, net income (loss) or cash flows from operating activities as determined in accordance with GAAP or as an indicator of Mammoth's operating performance or liquidity. Certain items excluded from Adjusted EBITDA are significant components in understanding and assessing a company's financial performance, such as a company's cost of capital and tax structure, as well as the historic costs of depreciable assets. Mammoth's computations of Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. The Company believes that Adjusted EBITDA is a widely followed measure of operating performance and may also be used by investors to measure its ability to meet debt service requirements.

The following tables provide a reconciliation of Adjusted EBITDA to the GAAP financial measure of net income (loss) on a consolidated basis and for each of the Company's segments (in thousands):

Includes results for Mammoth's aviation, coil tubing, pressure control, equipment rentals, crude oil hauling, full service transportation and remote accommodations, equipment manufacturing and infrastructure engineering and design services and corporate related activities. The Company's corporate related activities do not generate revenue.

MAMMOTH ENERGY SERVICES, INC.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES

Adjusted Net Loss and Adjusted Loss per Share

Adjusted net loss and adjusted basic and diluted loss per share are supplemental non-GAAP financial measures that are used by management to evaluate the Company's operating and financial performance. Management believes these measures provide meaningful information about the Company's performance by excluding certain non-cash charges, such as impairment of goodwill and impairment of other long-lived assets, that may not be indicative of the Company's ongoing operating results. Adjusted net loss and adjusted loss per share should not be considered in isolation or as a substitute for net loss and loss per share prepared in accordance with GAAP and may not be comparable to other similarly titled measures of other companies. The following tables provide a reconciliation of adjusted net loss and adjusted loss per share to the GAAP financial measures of net loss and loss per share for the periods specified.
